Our Mission: Trustees, Chancellors and Community Leaders Advocating for Community College Students

Orange County Legislative Task Force

Our mission is to advocate for the more than 272,000 students who attend the ten community colleges of Orange County. Enrollments are up due to the economic downturn, but Orange County community colleges faced cuts in excess of \$41 million this year due to the state budget crisis. Our community colleges are the engines driving economic growth and we need your help to communicate the value of continuing the investment in higher education.
