

FIRST ASSIGNMENT

Due: At the beginning of the next class meeting

Worth: 4 bonus points

What:

A. Print 1 copy (unless stated otherwise) of each of the following items from the course website, follow any instructions and bring them ALL to class. Eventually I will send out a test email to which you must reply answering several questions about yourself and these printed materials.

****Note:** You may need to download the most recent version of *Adobe Reader* (follow the instructions on the Saddleback College Physics website) unless your computer already has the latest version of the free download.

1. *Course Outline*
2. *Lab Informal Report* (11 copies)
3. *Lab Table of Contents & Schedule* (follow instructions near bottom)
4. *Lab Information, Homework Information and Homework Assignments* Sheets
5. Lab #1- *The Multimeter*
6. *Density of a Metal Cylinder Lab* and *Density Formal Lab* (if you have them from PH 4A, bring them, they have not changed much!©)
7. All *Chapter 21 Handouts*
8. *Forwarding E-mail* (follow instructions- if you don't regularly check your school email, be sure to reply to your email too!)
9. *Flashcard* (Print it then staple it so the blank sides face each other and fold it in quarters so that a letter shows on each quarter. Bring it to class.)
10. *Math, Science, Engineering Division Policy on Academic Integrity* (This is not on the course website, see syllabus for website address. **Print** this *Policy*, read it and **sign the bottom agreeing that you will abide by it**. Bring the signed copy to class.)

B. Bring:

1. Lab Notebook containing graph/notebook paper and the 14 copies of blank ***Lab Informal Reports***, see ***Lab Information*** sheet)
2. Floppy Disk

C. Read everything you have printed and complete the ***Pre-Lab*** for lab #1.
