Information About Budget Committee

Discussion

- Erin: There are a few different purposes of the Budget Committee. You are responsible for organizing the scholarships. There's a template for the scholarships, but you can change them around or keep them. During the spring semester, you will begin allocating

the budget for 2012-2013. The basic duty is to set up the budget for next year and to use the budget for this year.

- Collin: We will be creating a new scholarship program for high school students that are serving on their ASBs. You guys will all get to decide how this new program will work.

#### Budget Committee Schedule

#### Discussion

- We will start off meeting every other week. When we get to the spring semester, our meetings will be conducted every week.

#### **Debriefing**

- Collin: We will be meeting in two weeks to discuss a few different projects and tasks.
