2009-2010

Volume XXXXI

Saddleback College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education.

Saddleback College prohibits discrimination on the basis of race, color, religion, national origin, age, disability, sexual orientation, marital status, or pregnancy in the administration of its educational policies, personnel practices, and college programs. The college, by law, cannot engage in any such discriminatory activity. Grievance procedures exist for students, employees, and job applicants. Information regarding formal complaints is on file in the offices of the Chancellor and the Deputy Chancellor and in the offices of the College President and Vice President for Instruction. The Office of Student Services maintains grievance procedure information for students. Any questions concerning discrimination may be directed to the Saddleback College Vice President for Student Services and Title IX Coordinator, Lise Telson, 949-582-4566. Saddleback College, 28000 Marguerite Parkway, Mission Viejo, CA 92692.

Saddleback College has made every reasonable effort to ensure that the information published in this catalog accurately reflects current legislation, information, policies, and fees. However, these are subject to modification at any time, without notice, in order to accommodate changes in the resources or educational plans of the district, or for reasons deemed appropriate by the college president or designee.

Vision

To be a educational leader in a changing world.

Mission

To provide a dynamic learning environment and diverse opportunities to fostering student success and contributing to the community.

Goals

1. Develop a plan to meet all capital and scheduled maintenance needs.
2. Acquire, develop, and utilize technologies that support data-driven decisions and ongoing accountability.
3. Complete the production and implementation of the Student Information System, including effective training and backup procedures for the registration process.
4. Develop and implement comprehensive emergency preparedness plans and a disaster recovery plan for information technology services.
5. Assess all administrative units and develop and implement action plans to increase efficiency, effectiveness, electronic security, and cost savings.
6. Establish a legacy in environmental sustainability in all areas including instruction, operations, construction, facilities, energy conservation, and stewardship.
7. Enhance online certificate/degree programs and the accompanying online student support services.
8. Assess the degree to which the colleges are aligning educational programs with community needs in order to offer relevant academic and career technical education programs.

Saddleback College

President's Message

Congratulations on choosing Saddleback College, where our number one priority is the success of all of our students. Whether you are a new student or well into your studies, you'll find that Saddleback College's outstanding education and training programs will help you fulfill your goals and aspirations.

Saddleback College's rigorous and stimulating academic programs are taught by a faculty renowned for its expertise and experience. Our students have access to over 300 programs to help them define and reach their educational, professional, and personal goals. For students seeking to transfer to a four-year college or university, our Transfer Center's success is known statewide and each year we transfer a record number of students to UCLA, USC, San Diego State University, CSU Fullerton, and Arizona State University, and many others across the nation.

Our career technical education programs combine classroom experience with on-the-job training to provide our students the practical skills they need to succeed in the job market. We consistently offer new classes to keep up with industry trends, and this year, we are thrilled to introduce programs in ecological restoration and sustainability studies to give our students skills in green technologies that are increasingly sought by employers.

To assist students who are veterans or active military personnel, Saddleback College has established a new Veterans Education and Transition Services (VETS) program that seeks to help students who were in combat become acclimated to the college environment through such services as a special "boots to books" course, an active veterans campus club, assistance with identifying available veterans benefits, and services for students who require special accommodations. We have made veterans services a top priority of Saddleback College and we look forward to the grand opening of our fully-operational Veterans Center this coming fall semester.

Since Saddleback College first opened its doors to students in 1968, more than half a million students have made us their first choice in higher education, and we're happy you have too. To find out about all of our academic programs, counseling services, and activities, please visit our website at www.saddleback.edu. We look forward to seeing you on campus and thank you for becoming a member of our Saddleback College family!

Go Gauchos!
