**Session:** Spring 2009 (1/12/09 to 3/22/09)  
**Course Title:** Explorations in K – 12 Education  
**Course Number:** CDES 90  
**Required Textbook:** Becoming a Teacher (7th edition)  
**Authors:** Forrest W. Parkay & Beverly H. Stanford  
**ISBN#:** 0205420311  
**Publisher:** Allyn & Bacon  
**Division:** Social and Behavioral Sciences  
**Department:** Child Development & Educational Studies (CDES)  
**Class Prerequisites:** ENG 200 is recommended.  
**Ticket#:** 16030  
**Units:** 3

**Instructor:** Curt Visca, Associate Faculty  
**E-Mail:** cvisca@saddleback.edu  
**Website:** http://www.saddleback.edu/faculty/cvisca/

**Office Hours:** Since this is an on-line course and Mr. Visca is a full-time elementary principal in a local school district during the day, he will respond to student e-mails within one or two days in the evening during the week, typically from Monday through Thursday.

**Instructor’s Comments:** “If you are interested in the teaching profession, CDES 90 will give you an opportunity to explore and compare a variety of “real” classroom and school settings (of your choosing), while completing instruction on-line through a program called Blackboard at http://socccd.blackboard.com. Students will share their experiences on Blackboard’s Discussion Board during five ‘Teacher Talk Time’ sessions. Please review this syllabus thoroughly so that you can do your very best work in CDES 90. I have over 15 years of experience as an elementary school principal and over 22 years of experience as a public school educator (classroom teacher, mentor teacher, master teacher, middle school summer school principal, etc.) in a unified school district in Orange County.”

**Catalog Description:** Explores careers in the teaching profession in a broad context, both from an academic understanding as well as from experience garnered from focused observations in K-12 classrooms and schools. This course meets new Elementary Subject Matter Preparation requirements for students who are considering a teaching career. Provides for early and frequent opportunities to engage in field experiences that are linked to college and university coursework (formerly CDES 130).

**Meeting Day/Time:** All coursework will be completed by students on a weekly basis on-line through Blackboard.

Lab Activities/Observation Requirements

• Classroom observations must be conducted from 1/12/09 to 3/22/09 and classroom observation information must be completed and posted on Blackboard by 11:55 p.m. on Sunday, 3/22/09, in the following areas:
  • Elementary school (5 total hours)
  • Middle school (5 total hours)
  • High school (5 total hours)
  • Special Education (5 total hours)
  • A total of 20 observation hours are required.
  • One of these experiences must be in a classroom with two or more English language learners (students who speak a language other than English).
  • Each observation must take place in a public or private school with teachers who hold a valid California Teaching Credential (CTC). Some private schools do not require teachers to hold a CTC (please check before setting up an observation).
  • The Special Education observation can be in a Special Day Class (SCD) or other setting, such as a Reading Resource Program (RSP).
  • Some public school districts require all visitors to have a current TB test and to be fingerprinted. Keep this in mind when setting up an observation in a public school district.

Discussion Board: Since we are not meeting in-person in a traditional classroom setting, students in CDES 90 will be expected to contribute to five open forums on Blackboard’s Discussion Board (called Teacher Talk Time) during the course (20 points earned per topic). Topics will range from themes and content from the textbook, to current events and school observation experiences. CDES 90 students must reference the textbook to earn 20 points of full credit for each Teacher Talk Time. Each Teacher Talk Time will be posted on Blackboard for one week, and will then be removed to keep the dialogue current. Students who do not submit comments for the first two Teacher Talk Time Discussion Boards may be dropped from CDES 90 for non-participation.

Netiquette: Students are asked to remember their Netiquette during these discussions. What is Netiquette? Simply stated, it is network etiquette -- that is, the etiquette of cyberspace. And "etiquette" means "the forms required by good breeding or prescribed by authority to be required in social or official life." In other words, Netiquette is a set of rules for behaving properly on-line.

Absence Policy: Since this is an on-line class, students need to check the CDES 90 Blackboard schedule each week on Monday for updates and assignments.

Student Support Services: Please check out Saddleback College’s “Special Services” link at http://www.saddleback.edu/ss/couns/dsp5/ for assistance.

Updated: 11/10/08
Pre & Post Tests: All Saddleback students are required to take a brief pre and post test for each class. CDES 90 students will need to take a timed pre test within the first two weeks of class and a post test within the last two weeks of class. The purpose of the tests is to see the level of overall knowledge growth for students. The pre and post test will not be graded.

Student Learning Outcome (SLO): Students who take this course will be able to create a K-12 activity/lesson plan.

Assessment Method and Criteria for Success: In a specific activity/lesson plan format, 75% of students will be able to accurately complete five categories (content, outcome, process, assessment, and extension) that are based on a California Department of Education (CDE) grade level standard by scoring 80 points out of a possible 100 points.

Policy on Academic Dishonesty & Consequences: CDES 90 students caught using activity/lesson plans or observations from other college classes will receive a 0 for the assignment and may be dropped from the class for dishonest behavior. The expectation is that the principles of truth and honesty will be followed by CDES 90 students in all academic endeavors. This assumes that all work will be done by the person who purports to do the work without unauthorized aids and assistance during the CDES 90 class. When making use of language and some idea not his or her own, whether quoting them directly or paraphrasing them into his or her own words, the student must attribute the source of the material in some standard form, such as naming the source in the text or offering a footnote. Any student who is caught cheating will receive a zero on the assignment, exam, etc. and may be expelled from the class.

Course Syllabus: Students are expected to thoroughly review and understand the CDES 90 course syllabus. Items posted on Blackboard are also considered part of the syllabus. E-mail Mr. Visca at cvisca@saddleback.edu if you have any questions regarding the syllabus or items posted on Blackboard.
