

# PERSONALITY PAPER

**Due Date:** To Be Announced  
If you need to be absent on the due date, e-mail your paper to me at [mdesaracho@saddleback.edu](mailto:mdesaracho@saddleback.edu)

**Point Value:** This is a major project worth 100 points.

**Format:** 2 pages, double-spaced, type written, #12 font

**Content:**

For this written assignment you are to use the results from your Personal Inventory Results sheet. Select one of the results from the inventories taken in class. Indicate which personal inventory you have chosen and describe how your personality profile compares to you. Highlight similarities that best describe you. Focus on the positive skills, talents, strengths, and any other attributes that describe you. Also, discuss some of the differences noted about your personality type. Include possible majors or careers which match your personality type. In particular, list your top three careers you would like to further investigate as a possible career choice.

In the body of your composition, include your personal evaluation of the personality inventory selected. Make sure to measure how accurate this assessment was to you and how helpful it was in understanding yourself. Also indicate whether this assessment was useful in choosing or confirming your choice of a major or career.

Summarize your findings. Do not copy directly from the personal inventory results. Use your own words.
