

PERSONAL COLLAGE

Due Date: To Be Announced
If you need to be absent on the due date, e-mail me @ mdesaracho@saddleback.edu to arrange a make-up date

Point Value: This is a major project worth 100 points.

Visual: Minimum 2' X 3' poster board

Presentation: 2 to 3 minute oral presentation to class (You will be timed)

Content:

Your collage is a personal statement about you. You are to display with either pictures, drawings, and/or words anything you feel represents you. Give serious thought to what you want to share with your classmates. In particular, give yourself the opportunity to truly think about your future goals and dreams. Think about where you want to be in life in one, five, & ten years, e.g., your education, career, relationships, etc.

There are three areas on your personal collage and oral presentation that you must include:

1. Your Past
2. Your Present
3. Your Future Goals, Ideas, Dreams, etc.

Feel free to be creative with this assignment. Your collage is a representation of your individuality. Some students display their information in a linear manner with three columns – past, present, & future, while others are abstract and follow no sequential format. Your collage serves as a visual aid and assists you to remember which information you want to share during your oral presentation in front of the classroom.

Please, only share information you feel comfortable disclosing to the class. This assignment allows us to get to know you better and it will also generate interesting class discussion. As a group, we will learn about our diversity, personal / career / academic goals, and future plans.
