Quiz 5: Exam 1 Rethink Survey

1. Which of the exam questions were most difficult for you? Why?

2. Correct any incorrect answers on your exam.
   a. For which kinds of questions did you have the most mistakes?
   b. For those questions, describe the types of errors you made.
   c. What are you going to do to prevent these types of mistakes from occurring on future exams?

3. On page 357 of your text, you will find an outline of “Study Strategies” for “Taking Math Tests.” Read this study strategy.

   1 If you did not take the exam, or you have lost your exam, take the practice exam and analyze that instead.
