Blackboard - FAQ’s: Students may find the following site helpful in getting started and using
Blackboard: http://www.saddleback.edu/de/documents/BBInfoandFAQ.pdf  Be advised that the class
is not on-line and active until the first official day of the term/semester.
The entire class, including this **ON-LINE ORIENTATION**, is carried out by electronic means and thru the Blackboard site for the course. All homework assignments, projects, tasks, quizzes, and other coursework is satisfied electronically and online. Accordingly, there are NO class sessions or meetings held on the Saddleback College campus or any other physical site or location.

This **ON-LINE ORIENTATION** is conscientiously detailed and presented; therefore I do not provide students with personal or one on one explanation’s of its contents. If there is anything you do not understand I suggest you drop the class immediately.

However: during the term please feel free to **contact me** with your inquires concerning; subject matter, course content, lecture/discussion issues, or topic area questions in the class.

This course, Financial Accounting - Accounting 1A, will cover **chapters 1 thru 13** included in the required “**Textbook Package**” for the class. Subject matter from these chapters which will be covered during the term/semester is outlined on page seven of this **Introduction and Orientation**.

The **Course & Lecture Notes** will be extremely valuable, useful and helpful in understanding what is important and meaningful in the class as well as what will be covered on the quizzes.

A high degree of motivation, desire, time and hard work will be expected, this course is similar to the independent study approach used in college level coursework. One’s success and hence your grade in the class will reflect your overall effort.

**Students who travel or are away** at any time during the term are still responsible for completing and submitting homework assignments, quizzes and projects in the time limit required and before the scheduled completion point. **Make-up Graded Chapter Quizzes will not be permitted in the course.** **NO EXCEPTIONS WILL BE MADE CONCERNING THIS POLICY.**

Anyone caught cheating, breaking the rules, or engaging in plagiarism will be **DROPPED** from the class.

During the term, we will cover approximately one chapter per week. Some chapters require more time and some less. The **Assignments** page on the **Blackboard** site for the class specifies how to prepare for each chapter by following these five steps:

1. **Chapter Reading**, Quick Checks, and Demonstration Problem (1-2 days)
2. Course Documents - multiple choice & true/false-**Practice Quizzes** (1 day)
3. Other **Course Documents** - select from those available (1-3 days)
4. Exercises & Problems - thru **Homework Manager** (1-3 days)
5. **Graded Chapter Quizzes** - thru Homework Manager (1 day)

**Specific** preparation and **due dates** for every study lesson, homework assignment, quiz and project, will be announced in the future, as the course progresses.

You will be expected to read the chapter material and complete all chapter assignments when required to do so. Non-completion of any or all homework assignments, quizzes or projects will be sufficient grounds for being **DROPPED** from the course.
Every student is required to use their Saddleback College email address to send and receive all correspondence for the class. When e-mailing your instructor, include the words ACCT 1A and class ticket # as part of your subject field. If you choose to use your personal e-mail address to receive messages you must link/connect to your Saddleback College e-mail address. This can be accomplished by going to the "MySite" link https://www1.socccd.cc.ca.us/portal on the Saddleback home page and completing the following steps:

1. Enter: Login name & password;
2. Click: Email;
3. Click: Web Email;
4. Enter: Username and password;
5. Click: Options;
6. Click: Settings;
7. Enter: Your existing/personal email address in the "Mail Forwarding" box;
8. Click: Save Changes;

Remember to include the words ACCT 1A and class ticket # as part of your subject field of your e-mail when corresponding with your instructor.

Your instructor assumes every individual enrolled in the class possesses strong or advanced computer/internet experience or has completed an online/web based college level course. In addition, students must own and have unlimited access to a relativity new laptop/notebook/desktop PC. This is essential in order to utilize the multifaceted software used in the class during the term/semester. If these requirements are a problem, you should consider enrolling in an Accounting 1A course that is offered in a traditional classroom setting.

Everyone in the class is expected to understand and be proficient at using "MySite" and knowing your login/username and password before enrolling in this course. (See instructions on the Blackboard logon page)

Every student must have your current name and home address on file with the Admissions & Records office; if not immediately initiate the changes with Saddleback College A.S.A.P. Your instructor reserves the right to use all means of communication with those enrolled to promote and accommodate the objectives of the course.

Free tutoring for students taking accounting courses is available through the Learning Assistance Program (LAP). LAP is temporarily located in the “Village” on lower campus, Building 8-05, phone # (949) 582-4519.

Accounting video tapes are available and may be viewed at the Saddleback College Library. The Library is temporarily located in the “Village” on lower campus, Buildings 3 & 4. The video tapes are available at the A.V. Counter (949-582-4874). Due to budgetary constraints, the tapes are not available for checkout and there are no facilities for duplicating. There are a limited number of tapes available for use in the library.

ACCESS & using HOMEWORK MANAGER

Once you are in the Blackboard website for the course, students are required to register with Homework Manager. Use the 20 digit code included with the “Textbook Package” you purchased in order to gain access to Homework Manager+. The link to gain admittance to Homework Manager can be found by going to the Homework Manager link located within the course menu on the left side of the screen on the Blackboard homepage of this class.

Remember, Homework Manager is the tool necessary to complete your Graded Questions (Exercises and Problems) as well as the Graded Quizzes. It is wise that the same login/username, password and college email address used to access the Blackboard site for this course be used for Homework Manager. Students will log onto Blackboard to check Announcements as well as entering Homework Manager. After students have registered for Homework Manager, the login procedure is the same for completing problems and exercises as well as completing graded quizzes when using Homework Manager.

GRADED QUESTIONS (EXERCISES & PROBLEMS) using HOMEWORK MANAGER

Questions (Exercises and Problems), are assigned as graded homework. For each chapter, complete these assignments using Homework Manager. These assignments along with the templates and other learning enhancements included in Course Documents expose students to Excel spreadsheet applications as well as completion of the accounting cycle.

ALL coursework and other assignments to prepare for this course are found by clicking on the Assignments link on the home page for the class. The required Homework Manager Questions are the same as the Exercises & Problems at the conclusion of each chapter in the textbook. Homework Manager is the online system used in completing these Questions (Exercises & Problems) and the Graded Chapter Quizzes.

Before the term/semester ends, the Questions (Exercises & Problems), using Homework Manager, must be completed and accurate to earn the points possible. However, it is strongly recommended that these assignments are completed and finished on a regular basis in order to prepare students for the weekly quizzes. In addition, the Questions (Exercises & Problems), using Homework Manager are reworkable until they are correct.

When using Homework Manager, students are required to close an active chapter before the system will allow a second one to be opened and attempted. In other words, students cannot work on more than one chapter at a time. Therefore, close any chapter that is open before trying to open a different chapter.

GRADED CHAPTER QUIZZES using HOMEWORK MANAGER

Of the Graded Chapter Quizzes on Homework Manager (13 chapter quizzes); each student’s two lowest, missed or incomplete quiz score will be omitted when determining your grade in the class. Therefore, each student’s eleven highest/best quiz scores will be used in calculating total quiz points in the class. Be advised, the times given on Homework Manager are East Coast.

The Graded Chapter Quiz for each chapter is accessible only thru Homework Manager. Approximately 70% of a student’s grade in the course is based on graded quiz scores/points and again, be advised there are NO make-up Graded Chapter Quizzes or assignments in the class.
**TEAM/GROUP PROJECT**

Students will form small **teams/groups** with the objective of each group preparing a written analysis and evaluation of a publicly traded corporation (assigned by your instructor). This project will be assigned sometime **after** the halfway point in the term/semester. The project will require internet-based research and study.

Grading on the **team/group project** will be both qualitative and quantitative. The team/group grade earned for the team assignment will be the grade assigned to each student within the group. Students will receive project credit only if they participate with the others in their team/group.

Each **team/group** will be required to prepare and write a paper by accessing the Internet and completing research on the company the team is delegated. Each team’s written paper will present, describe and explain each of the following four **topics**, as they pertain to the company's business operations and practices (**teams will submit one paper containing all four parts**):

1. History and background
2. Products and services
3. Ethical position and practices
4. Uses of Technology

Unless specified otherwise, **Teams/groups** will consist of **four members**; each member of the team will be required to select and write on one of the above four topics. There is no minimum or maximum regarding the length of the paper, however use common sense and good judgment. Papers submitted should “appear” as though one individual wrote it, using **MLA format**, (same type style, font size, and margins, etc.). The due date for this assignment will be announced in the future. On or before the due date, teams will be required to submit their work as an e-mail attachment. Be sure and include the ticket # of the class in the subject field of your e-mail.

When the team/group project is assigned; and you have made several attempts at contacting the other team members and one or more doesn’t respond, continue the project only with the active members of the group. For example, if there are only **three** active members of the team remaining, the group is only responsible for **three** project topics. It is up to the remaining members to choose which of these topics to select.

**PAPERS/PROJECT MUST BE SUBMITTED AS A TEAM/GROUP EFFORT. I DO NOT ACCEPT INDIVIDUAL/ONE TOPIC SUBMISSIONS, I REPEAT; I ONLY ACCEPT ONE PAPER FROM EACH TEAM THAT INCLUDES ALL TOPICS.**

When you complete & submit (grade) the above online homework assignments they are automatically recorded.

The various Homework Manager questions are the same as the Exercises and Problems at the conclusion of each chapter in the textbook. For example in Chapter One: Homework Manager question #1 is Exercise 1-4 in the textbook and Homework Manager question #7 is Problem 1-4A in the textbook. After you complete the homework assignments using Homework Manager, you have finished your homework requirement for the chapter.

As indicated above, Grading is based on a traditional 90, 80, 70, 60% scale, I do not grade on a curve.

For obvious and precautionary reasons, I do not make available answers to questions from the Graded Chapter Quizzes that are completed using Homework Manager. If necessary, the last quiz in the class will include chapters covered following the preceding quiz. It is important to understand there is no traditional mid-term or comprehensive final exam.

Scores and points for all Homework Manager graded chapter quizzes and homework assignments are accrued within the Homework Manager website. Members of the class are required to maintain their individual ongoing point totals throughout the course. Therefore, students are responsible for knowing their own in-progress grade during the term/semester.

There are NO opportunities for extra credit in the class. Your instructor does not believe in assigning extra credit. My philosophy is straightforward; students should devote their time, effort and energy completing the assignments required for the course.

Please bookmark this document under favorites, save it as a file, or print a copy for your records. Remember, this document discloses and explains everything you are responsible for in the course.
