

How to Register for MLT Boards

Step 1 (your responsibility): You have to register for the LFS/CDPH - CA license AND the ASCP MLT-CA exam.

For LFS/CDPH website use this link: https://secure.cps.ca.gov/cltreg/mlt_faq.asp

For the ASCP MLT-CA exam use this link:

<http://www.ascp.org/FunctionalNavigation/certification/GetStateLicensure/MLT.aspx>

(You need to specify the MLT California exam)

Step 2 (your responsibility): All of your grades MUST be recorded in your transcripts after you have completed ALL of your classes (including the practicum rotations).

After all of your grades have been recorded, request a copy of your transcript from the Saddleback College registrar's office to be sent DIRECTLY to LFS. You are responsible for requesting this to be sent to LFS.

Step 3 (our responsibility): Send Dr. Chu the EXACT dates by email in which you began AND completed each rotation (hem/coag/ua, micro, chem, and immuno). She will verify with your supervisor the dates that you indicated on your email. She will send CDPH a letter that verifies your training at your clinical site with the exact training dates.

You can do Step 1 anytime before you complete your last rotation. You will need to pay fees in both agencies once you register. Steps 2 and 3 documents will have to wait until all of your rotations are done and grades recorded. We will then send the documents afterwards.
