**WHY** - These workshops are for students who have attended their Matriculation Advisement Session or completed the Online Advisement and need additional assistance from a counselor to choose the classes they will be taking in the Fall semester.

The workshops will consist of a counselor working with 5 students to help each individual student select the correct courses to meet their educational goals.

Please bring your test placement results to the workshop you attend. It is also advised and encouraged to develop your Academic Plan on MAP (My Academic Plan) before attending a follow-up workshop.
