3. Update on Strategic Planning Documents

Members approved the following documents with changes as noted below:

District-wide Planning and Decision Making Manual

No substantive changes.

District-wide Function Map

No changes.

ATEP Function Map

Delete parenthetical information on Item #21 and include document in District-wide Planning and Decision Making Manual.

District-wide Integrated Budget Planning Resource Guide

No changes.

Davit Khachatryan reminded members to use site links when creating hyperlinks in the above documents instead of document links to avoid the need to recreate links every time a document is modified. Brandye D'Lena confirmed that it would be appropriate to share the above documents with other districts as requested since the documents appear on the district's public website as well as on SharePoint.

4. District-wide Committee Self-Assessment (list of district-wide committees)

Randy Peebles reminded all district-wide committees to conduct annual self-assessments. He conveyed that Denice Inciong recommended the committee chairs update their committee composition and charge sheets and prepare summaries of their self-assessments, including any recommended changes to committee membership or meeting frequency, and forward to Joyce Bartlomain by January 18 for review/approval at the February 1 DWPC meeting.

5. District-wide Climate Survey

Gary Poertner reported that the climate survey is still in progress and requested council members encourage all employees to complete it by November 16.

6. Environmental Scan Update

Craig Hayward reported that Denice Inciong, Caroline Durdella, and he have identified criteria for the environmental scan process. They plan to finalize the scope of work in November and December, prepare the RFP by January, select a vendor by February, finalize the contract by March, develop the information by June, and finalize the report by July. Caroline Durdella asked that members review the matrix and related documents posted on SharePoint and send input to Denice Inciong. Tod Burnett requested the final report be completed by May 2013 instead so it

may be used to assist with Saddleback College’s planning process; Craig Hayward stated he would meet with Denice Inciong and Caroline Durdella to determine if this would be possible.

7. Annual DWPC Self-Assessment Results

Gary Poertner reviewed the DWPC self-assessment survey results and noted the low rate of council members who completed the survey. Based on survey responses, DWPC meeting agendas and related materials/handouts will now be sent to members one week in advance. On the DWPC committee composition and charge sheet, the council approved the following additional changes: (1) Membership – Change number of deans from “TBD” to “one from each college”; (2) Reporting/Recommending Responsibilities – Delete last sentence; and (3) Decision-Making Process – Add “The council uses consensus as the primary tool for making decisions and recommendations to the chancellor. In the event that consensus cannot be reached, a majority vote will be used to establish a recommendation.” Gary Poertner directed Denice Inciong, Caroline Durdella, and Craig Hayward to analyze the self-assessment survey results, develop action plan recommendations, and present them at the February 1 meeting.

8. Update on Barriers Working Groups

Gary Poertner reported that none of the work groups have met yet and that most are still waiting for names of participants. He directed the working group chairs to schedule the initial meetings now and constituent groups can send representatives based on employee availability for the selected meeting dates and times. Debra Fitzsimons stated she requested that SharePoint sites be created for each barrier working group.

9. Next Meeting: 8:30 – 10:00 a.m., Friday, February 1, 2013, President’s Conference Room (AGB 106), Saddleback College.

10. Adjourn

The meeting adjourned at 9:50 a.m.

Summary of Recommendations/Decisions Made Today:

- Council approved revisions to the District-wide Planning and Decision Making Manual, District-wide Function Map, ATEP Function Map, and District-wide Integrated Budget Planning Resource Guide with changes as noted in Item #3 above.
- In future, District-wide Planning Council meeting agendas and related materials/handouts should be distributed to members at least one week prior.
- Council approved revisions to the District-wide Planning Council composition/charge sheet with changes as noted in Item #7 above.
