Class Information:

1. Course information is organized by weeks in BB.
2. Go to **Course Tasks/Weekly Tasks/ Week #** to see all the tasks for the week #.
3. **Weekly Due Dates** table (bottom of document) shows due dates for assignments.
4. To get good grades, you must keep up with the class schedule.
5. You are responsible for reading and **practicing** the book chapter using the given data files.
6. Every week, you will complete and turn in the required documents as shown in assignment coversheets.

Using QB software:

1. For this class you **WILL** need to use QB2015 Pro or Premier or Accountant for PC.
2. Text book comes with **FREE QB 2015** Accountant version (Trial) which will work for 140 days after you register. You cannot use it for personal business.
3. While installing the free QB 2015 program, when you see QuickBooks Setup screen with **Express Setup**, close this window to see **NO COMPANY OPEN** window.
4. After you start using the program, QB will remind you to register the program. You ***MUST register the program otherwise the program will STOP working after 30 days!!*** You will register online after which it will work for 140 days. If necessary, call *Intuit* for registration, just give *you name as company name* and explain that you are using free student version from the text book.
5. The data files given will be in portable format for **QB 2015**. QB Files are NOT backward compatible meaning these **CANNOT** be used with any QB version lower than QB 2015. Example: QB2014, QB2013 etc.
6. If you already have QB2015 PRO or Premier, **do not** install free QB 2015 program and use own program instead. You will be using the data files from BlackBoard, so will not affect any of your personal company files.

Weekly Tasks for the course:

1. Go to **“Weekly Tasks”** link on BlackBoard and complete all the tasks for the current week.

Assignments:

1. Assignments for chapters 1-5 in will be used in this class.
2. Go to the **Course Tasks/Chapter Assignments/ Chapter# Assignments** link. Alternately, go to **Course Tasks/Weekly Tasks/ Week #/ Chapter# Assignment** link; here # is the chapter number in use.
3. Follow instructions.
4. Read the assignment instructions carefully **BEFORE** start working on the chapter. Follow the instruction for what you need to complete and submit.
5. Check Syllabus Weekly Schedule for due date. Please adhere to that schedule.

6. For each chapter you will be completing **Develop Your Skills, Reinforce Your Skills** and **Apply Your Skills** exercises.
7. All the printouts needed for an assignment *MUST be submitted together*. Use *Save as Draft* option instead of *Submit* till you have all the necessary files.
8. Your work will be corrected within a week and you can check your grade in BB. Clicking the score will show you instructor's comments.
9. You will be allowed to correct your mistakes and resubmit.

Communication:

1. Announcements, Email and Discussion Board features of BB will be primarily used for communication.
2. Use Discussion Board Feature of BB if you need help with QB and also try to help your classmates whenever possible.
3. You **MUST** check your Saddleback email regularly. You should forward it to your personal email to make it easy. To send email to instructor use: jchandra@saddleback.edu and Subject: **CIMA223A**.
4. You can **ONLY** send emails from BB, to receive it you must use Saddleback email.

Quizzes, Tests and Final Exam:

1. Chapter Quizzes: Every chapter will have multiple choice concept review quizzes. You will be allowed 15 minutes and five attempts for each quiz. **Average Grade will be used in gradebook.**
2. Tests: These will be project based. You will complete and upload the reports. **No resubmits.**
3. Final Exam: 50 Multiple choice questions. Two hour time and must be completed in one sitting. **One attempt.**

IMC Lab:

1. Computers in IMC lab (room BGS 248) have been set aside for QB students, and you are welcome to use those during the hours the lab is open.
2. When you enter the lab, you **MUST** login to special computer in front on the lab. Use your StudentID and class. When you leave the lab use Logout. This will keep track of time spent in the lab.

WEEKLY SCHEDULE

This semester I am trying a novel concept: *Students can choose due dates* but **MUST** manage self-learning in **SownToGrow** program. I understand that lot of you are trying to juggle various roles, so this should give you flexibility and hopefully less stress.

Here is how it will work:

- First week activities **MUST be completed by 1/24/16.**
- All the assignments and Final Exam **MUST be completed by 3/20/16**
- For majority of students, suggested due dates should work, to stay on track and finish by 3/20/16.
- High achievers, can choose to stay ahead and finish before 3/20/16.
- Students facing life challenges, can choose different due dates if life situations arise, but still need to finish by 3/20/16. **Must use SownToGrow to show self-management.**
