South Orange County Community College District
28000 Marguerite Parkway, Mission Viejo, California 92692-3635, 949-582-4999, www.socccd.org

Vision
To be a educational leader in a changing world.

Mission
To provide a dynamic learning environment and diverse opportunities to fostering student success and contributing to the community.

Goals
1. SOCCCD will create a district-wide culture which is characterized by mutual respect and collaboration and which celebrates the uniqueness of each institution.
2. SOCCCD will support innovations that result in quantifiable improvement in student preparedness and success and will facilitate the institutionalization of those innovations across the district.
3. SOCCCD will maintain its technological leadership and will make future advancements which enhance student access and success.
4. SOCCCD will increase the effective use of all resources by developing and implementing a cycle of integrated district-wide planning.
5. SOCCCD will develop, document and implement data-driven district-wide decision-making processes that are collaborative, transparent, efficient and effective.
6. SOCCCD will assess the educational needs of the communities within the district boundaries and will pursue joint venture partnerships with educational institutions and business/industry.

President’s Message

Congratulations on choosing Saddleback College, where our number one priority is the success of all of our students. Whether you are a new student or well into your studies, you’ll find that Saddleback College’s outstanding education and training programs will help you fulfill your goals and aspirations.

Saddleback College’s rigorous and stimulating academic curriculum is taught by a faculty renowned for its expertise and experience. Our students have access to over 300 degree and certificate programs to help them define and reach their educational, professional, and personal goals. For students seeking to transfer to a four-year college or university, our Transfer Center’s success is known statewide and each year we transfer a record number of students to UCLA, USC, San Diego State University, CSU Fullerton, and Arizona State University, and many others across the nation. Our career/technical education programs combine classroom experience with on-the-job training to teach our students the practical skills they need to succeed in the job market.

Did you know that:
- Serving more than 2.5 million students annually, the California Community College system is the largest workforce training provider in the U.S.
- 70 percent of nurses in California received their education from community colleges
- A student who graduates with an associate degree earns an average of $1.6 million in his/her lifetime -- $400,000 more than a student with a high school diploma
- Almost two-thirds of graduates of the California State University system and one-third of the University of California system transferred from a California Community College.

Since Saddleback College first opened its doors to students in 1968, more than half a million students have made us their first choice in higher education, and we’re happy you have too. To find out about all of our academic programs, counseling services, and activities, please visit our website at www.saddleback.edu. We look forward to seeing you on campus and thank you for becoming a member of our Saddleback College family!

Go Gauchos!

Graduation 2012
Vision, Mission, Values and Student Learning Outcomes of Saddleback College

Mission
Saddleback College enriches its students and the south Orange County community by providing a comprehensive array of high-quality courses and programs that foster student learning and success in the attainment of academic degrees and career technical certificates, transfer to four-year institutions, improvement of basic skills, and lifelong learning.

Vision
Saddleback College will be the first choice of students who seek a dynamic, innovative, and student-centered postsecondary education.

Values
Saddleback College embraces:

Commitment
We commit to fulfilling our mission to serve the south Orange County community.

Excellence
We dedicate ourselves to excellence in academics, student support, and community service.

Collegiality
We foster a climate of integrity, honesty, and respect.

Success
We place our highest priority on student learning and delivering comprehensive support for student success.

Partnership
We strive to develop strong and lasting partnerships among students, faculty, staff, and the community.

Innovation
We anticipate and welcome change by encouraging innovation and creativity.

Academic Freedom
We endorse academic freedom and the open exchange of ideas.

Sustainability
We promote environmental sustainability and use our resources responsibly to reduce our ecological impact.

Inclusiveness
We cultivate equity and diversity by embracing all cultures, ideas, and perspectives.

Global Awareness
We recognize the importance of global awareness and prepare our students to live and work in an increasingly interconnected world.

Institutional Student Learning Outcomes:
Students completing a degree or transfer program will be able to demonstrate:

Effective Communication
- Reading Competency
- Written Communication
- Oral Communication

Intellectual and Practical Skills
- Computer Literacy
- Scientific and Quantitative Reasoning
- Information Competency
- Critical and Creative Thinking
- Teamwork and Problem Solving
- Skills for Lifelong Learning

Community/Global Consciousness and Responsibility
- Knowledge of Cultural Diversity
- Interpersonal Skills
- Civic Knowledge and Engagement
- Ethical Reasoning and Action

Breadth of Subject Area Knowledge
- Natural Sciences and Mathematics
- Arts and Humanities
- Social and Behavioral Sciences
Información en español

La información se ha traducido al español para que la comunidad hispanohablante del distrito de Saddleback pueda informarse acerca del proceso de matrícula en la Universidad Comunitaria de Saddleback. Los/as estudiantes que necesiten ayuda o tengan preguntas, favor de llamar a la Oficina de Matrícula y Archivos al 949-582-4555 o a la Oficina de Consejería al 949-582-4572. La Oficina de Matrícula (Admissions and Records) está situada en el Edificio de Servicios para Estudiantes.

Información para matricularse

ELEGIBILIDAD PARA ASISTIR A UNA UNIVERSIDAD COMUNITARIA:

— Tener 18 años de edad o ser graduado/a de la escuela secundaria.
— Estudiantes desde el 9 al 12 año de la escuela secundaria, podrán matricularse en clases recomendadas por el director/a de su escuela (director/a del distrito escolar para los/as estudiantes que aprenden en casa “home schooled”) pero que no excedan 11 unidades. Si desea más información, consulte con la Oficina de Matrícula.

— NO-RESIDENTES: Son personas que han permanecido menos de un año en California antes del inicio del semestre o personas que mantienen visa inmigratoria las cuales impiden establecimiento de residencia. Para mayor información, comuníquense al 949-582-4344 en la Oficina de Residencia.

Debido a la legislación (California AB 540) algunos/as estudiantes que no tengan los documentos de residencia y que se hayan graduado de una escuela secundaria de California, podrían calificar para una “exención” de la matrícula de no-residente. Por favor llame al 949-582-4555 para obtener más información acerca de esta exención.

FECHAS DE INSCRIPCIONES: Las personas que asistan por primera vez deben completar su solicitud antes de que empiece el semestre para asegurarse de que todos sus requisitos estén en orden y listos para empezar el primer día de clases. Fechas de entrega de su solicitud para los siguientes semestres:

1 de abril — otoño (fin de agosto)
1 de octubre — primavera (principios de enero)
1 de abril — verano (fin de mayo)

CÓMO HACER UNA CITA PARA INSCRIBIRSE: Los/as estudiantes que asistan por primera vez a la universidad y los/as que ya hayan asistido y regresan, deben completar una solicitud. La Oficina de Matrícula y Archivos documentará su información y le dará un permiso con la fecha y la hora para que se inscriba a través de la red (Internet). Solamente los/as estudiantes en el programa de Emeritus tienen la opción de inscribirse vía telefónica, en persona, o por la red (Internet). Es muy importante que asista a clases el primer día.

CÓMO ANADIR Y CANCELAR CLASES: Los/as estudiantes pueden añadir clases hasta el día antes de su comienzo. Una vez que la clase haya empezado o que no tenga cupo, los/as estudiantes deberán pedirle permiso al/a la profesor/a para añadir la clase. Si se les da permiso, deberán tener un número llamado (APC), un código que les permitirá matricularse. Lo puede hacer por medio de la red (Internet) o en persona antes de la fecha límite que tenga el código APC. Deberá pagar en el momento que se matricule.

Nota: Es de suma importancia que el/la estudiante lea el horario de clases para informarse de las fechas exactas para dejar clases. Puede usar el internet para dejar una clase.

Cobros

El día en que el/la estudiante se matricule debe pagar por todos los servicios tales como seguro médico, excursiones, estacionamiento, como también por la matrícula.

CIBRO DE INSCRIPCIÓN: Se cobrará lo siguiente:

No residente: $190.00 (por unidad) y en adición $20.00 por unidad.
Al no-residente que es ciudadano/residente extranjero adicionalmente se le cobrará $32.00 por uso de facilidades (por unidad) y $54.00 (sin devolución), para procesar su solicitud al tiempo de solicitar.

Residentes: Al residente de California se le cobrará $46.00 por unidad.

Las clases de inglés como segunda lengua (ESL) que no tienen uni-dates “0 units” son gratuitas. Estos cobros pueden cambiar cada semestre. Para más información llame al 949-582-4555.

CIBRO DE ESTACIONAMIENTO: Para el coche es $30 por semestre, $15 por la sección de verano, o $60 por un permiso anual el cual incluye: el semestre de otoño, la primavera y el verano. Permiso para motos cuesta $10 cada semestre, $10 por la sección de verano o $30 por un permiso anual. El permiso anual solamente se puede comprar durante la matrícula en el otoño. Siempre hay que colocar su permiso dentro de su coche, colgándolo en el espejo retrovisor.

CIBRO DE SERVICIOS DE SALUD: Debe pagar $17 por semestre (en otoño y primavera) para cubrir servicios de salud personal. El costo en el semestre de verano es de $14 y les permite a los/las estudiantes que aprovechen varios servicios médicos. (Este servicio se cobrará aunque tome “0” unidades).

ENFERMERÍA: La enfermería de Saddleback le ofrece al estudiantado servicios de enfermeras, doctores/as, cirujanos/os, y comité de enfermería/a que le ayudarán con su salud tanto física como emocional, para ayudarles a tener éxito tanto personal como educacional.

Ayuda financiera

La oficina de asistencia financiera en Saddleback College está designada para proveer asistencia económica a estudiantes que cumplan con los requisitos. Asistencia federal, estatal, y fondos de fuentes privadas están disponibles. Estudiantes interesados en recibir ayuda financiera, primordialmente deberán solicitar electrónicamente a través del proceso de FAFSA (Solicitud Gratuita de Ayuda Federal para Estudiantes). La dirección de su página web electrónico es www.fafsa.gov y tiene información en inglés y en español. La oficina está en el Edificio de Servicios para Estudiantes, salón 106. El número de teléfono es 949-582-4970.

Programa de EOPS

El Programa de Servicios y Oportunidades de Educación Extendida (EOPS) sirve a personas que califiquen bajo todos los siguientes requisitos: 1. Residentes legales de California. 2. Bajos recursos económicos. 3. Desventaja de no tener una educación formal. 4. Estar matriculados/as en doce o más unidades (tiempo completo). El programa (EOPS) ofrece los siguientes servicios gratuitos para las personas que califican: orientación académica, ayuda con los libros de texto (si hay fondos), prioridad en la matrícula.

Tutoría (LRC)

El programa de tutoría (LRC) proporciona servicios de tutores/as gratuitos. Hay tutores/as de diferentes cursos académicos para satisfacer las necesidades de cada persona. Hay instrucción privada y en grupo. LRC está situada en el primer piso del edificio de la biblioteca. LRC 212 , 8-8– Tel. 949-582-4519.
Admission Requirements

Eligibility for Admission

Admission to Saddleback College is open to anyone who is a high school graduate, has a High School Equivalency certificate, or is 18 years of age or older and shows evidence of being able to benefit from instruction.

Students enrolled in elementary through high school may attend Saddleback College as special admits. Special admits may enroll in the classes recommended by their school principal and are required to submit a completed “Special Admission Request Form” (available online) each semester two weeks prior to the start of the term. Students in grades 9-12 are limited to 11 units per semester; K-8 students are limited to 6 units per semester. K-12 students are not permitted to enroll in Kinesiology (PE) classes. Questions regarding admission to Saddleback College may be sent via e-mail to scadmissions@saddleback.edu or by calling the Office of Admissions and Records at 949-582-4555.

Application for Admission

Students who are enrolling in Saddleback College for the first time or are returning after an absence of a semester or more, are required to submit an application for admission online. Computers and assistance with the application are available in the Office of Admissions and Records. The online application is available at www.saddleback.edu/admissions.

The application for admission is available online beginning the following dates:

| Fall semester: | April 1 |
| Spring semester: | October 1 |
| Summer session: | April 1 |

California Residency

The Office of Admissions and Records determines the California residence status of all new and returning students for nonresident tuition purposes. Responses to the Application for Admission and, if necessary, other evidence furnished by the student are used in making this determination. A student who fails to submit adequate information to establish a California residency will be classified as a nonresident.

Establishing California Residency

“Nonresident students” are those who have not established residency in the state for at least one year prior to the residence determination date or those who hold certain non-immigrant visas which preclude them from establishing residency. Foreign students admitted to the United States under student visas are classified as nonresidents.

The following statement of the rules regarding residency determination for nonresident tuition purposes is not a complete discussion of the law, but a summary of the principal rules and their exceptions.

Legal residence may be established by an adult who is physically present in the state and who, at the same time, intends to make California his or her permanent home. Steps must be taken at least one year prior to the residence determination date to show an intent to make California the permanent home with concurrent relinquishment of the prior legal residence. The residence determination date is that day immediately preceding the opening day of instruction each semester during which the student proposes to attend classes at Saddleback College.

Exemptions

The California Education Code allows certain non-residents an exemption from non-resident tuition. The criteria for these exemptions are listed below. Students who believe they are eligible for an exemption based on any one of the following criteria should inform the Office of Admissions and Records when they apply.

- Student under two-year care and control of adult
- Dependent of a member of the U.S. armed forces
- Member of the U.S. armed forces
- Armed forces members remaining in the state following discharge
- Dependent of a California resident of more than one year; parent residing in California for one year and contributing court ordered support for student
- Graduate of California school operated by the United States Bureau of Indian Affairs
- Student holding teaching credential; other conditions apply
- Employee or child or spouse of employee of institution or state agency
- Student who attended a California high school at least 3 years and graduated from a California high school or earned an equivalency (GED) in California (AB 540)

Other conditions may be required to meet these criteria. Please call 949-582-4555 for more information.

Reclassification:

Reclassification to resident status must be requested by the student. Financial independence during the current year and preceding two years will be considered at the time the student requests reclassification. Information regarding requirements for reclassification is available in the Office of Admissions and Records. Students should allow ten working days after submitting their documents for a decision.

International Students (F1-Visa)

Saddleback College defines an “international student” as a student attending Saddleback College full-time while on an F-1 student visa. Applications for admission to Saddleback College’s International Student Program are available online at www.saddleback.edu/iso and in the International Student Office. Prospective students may contact the International Student Office at 949-582-4637 or by e-mail at sc-iso@saddleback.edu.

To be considered for admission to Saddleback College, international applicants (residents of countries other than the United States who hold or are applying for F-1 student visas) are required to submit the following documents:

1. Application – Online
2. A nonrefundable processing fee of $54 for the 2012-2013 academic year, required with the application form.
3. A one-page typewritten personal statement discussing applicant’s current education goals and goals upon completion of studies at Saddleback College.

4. English proficiency test requirement: Students whose native language is not English must take the TOEFL (Test of English as Foreign Language), STEP EIKEN, iTEP or the IELTS. The TOEFL score must be a minimum of 470 (paper-based) or 52 (internet-based). The STEP EIKEN test must be passed at the grade 2A level. The iTEP score must be a minimum of 4.0. The IELTS score must be a minimum of 4.5.

The English proficiency test requirement may be waived for applicants who can demonstrate that they have successfully completed the equivalent to ENG 200 at Saddleback College. The course must be from a regionally accredited institution. Students who graduate from a U.S. high school are not required to complete the English proficiency test requirement.

5. Academic records: Evidence of academic achievement equivalent to an American high school diploma or higher. The transcripts of the original records must be accompanied by a notarized English translation. In addition, international students who are in the U.S. as F-1 students must submit all of their academic records from the institutions they have attended in the U.S.

6. Financial support documentation: Submit financial documentation proving the ability to meet education expenses. Bank certification forms and sponsorship forms may be found on the International Student Office website at www.saddleback.edu/iso/.

Students transferring from other institutions in the United States must submit the following in addition to the above requirements.

1. Transfer form completed by prior institution verifying the student’s current status.
2. Copy of the SEVIS I-20 provided by prior institution.
3. Copy of passport information page (i.e. name, photo, date of birth, etc), F1 visa, and form I-94 (both sides).

Upon acceptance to Saddleback College, international students are expected to:

1. Enroll in and complete a minimum of 12 units each semester with a minimum 2.0 Grade Point Average (GPA).
2. Purchase health insurance coverage: Saddleback College and the South Orange County Community College District require that all international students have a valid health insurance plan from the district-approved carrier during their entire course of study. Students must have health insurance coverage in order to enroll in classes. Health insurance information is available at www.saddleback.edu/iso and at the International Students Office.
3. Pay non-resident tuition fees in addition to all other applicable fees during their entire attendance at Saddleback College.

Saddleback College international students with F-1 visas may enroll in a maximum of 6.00 units at Irvine Valley College when certain classes are not offered at Saddleback College to maintain their fulltime enrollment. International students with F-1 visas from other schools may enroll concurrently at Saddleback College on a part-time basis not to exceed six units. Students should consult the International Student Office for more information. Applicants with other types of visas (not F-1) should apply online through the Office of Admissions and Records at www.saddleback.edu/admissions/.

For additional information, contact the International Student Office at 949-582-4637 or sc-iso@saddleback.edu.

Note: International applicants are not admitted to impacted programs, which include the Nursing and Paramedic programs. Please consult the International Student Office for a complete list of impacted programs.

Under the Office of Admissions & Records, the International Student Office at Saddleback College oversees the recruitment, admission, and retention of international students. The International Student Office provides a wide range of services to international students including admission, assessment, orientation, home-stay and F-1 visa advising. In addition, the Office coordinates events on-campus to promote global awareness and cooperation. The International Student Program at Saddleback College is governed under the South Orange County Community College District and U.S. federal regulations.
Matriculation Services

Philosophy

Saddleback College acknowledges the importance of maximizing the student’s abilities to make individual choices based on accurate, relevant information and is committed to developing, implementing, and refining policies and procedures which are in the best interest of the student. Matriculation is a process that brings the student and Saddleback College into a partnership.

In this partnership the student agrees to:

1. Complete the Matriculation process including: Orientation, Assessment, and Student Advisement
2. Complete a Student Education Plan and establish goals
3. Attend classes
4. Discuss academic goals with a counselor
5. Use support services as needed
6. Make progress toward achieving the goal
7. Consider recommendations given by counselor/instructor

Saddleback College agrees to provide:

1. Resources and support services
2. Assessment and college orientation
3. Counseling and advisement
4. Courses in basic skills
5. Individual student educational plans
6. Career, learning, and transfer centers
7. Continued monitoring of academic success

Steps in the Matriculation Process

Matriculation is designed to assist students in achieving their educational goals at Saddleback College. The process includes orientation, assessment, advisement, and follow-up services. Students required to matriculate must complete the following steps prior to registering for classes:

1. Orientation provides students with information about the many resources available at Saddleback College.
   Students learn about student services, special programs, and other student support programs. They are introduced to MySite, the student individual information system, and to the procedures for registration.

2. Assessment may include, but is not limited to, information regarding the student’s English language and reading proficiency, math skills, educational goals, academic history, and possible need for special services.

3. Advisement assists students to determine their educational goals, plan their first semester schedule, and prepare a “student educational plan.” Students learn about transfer, degree requirements, and vocational programs.

Follow-up services monitor the students’ progress throughout the academic year. Students on either academic or progress probation are notified of their academic standing so they can seek assistance from the Division of Counseling and Special Programs. Students on First Time Probation will be required to attend a probation workshop before they will be allowed to register. Early Alert Notifications may be used to notify students of their academic standing each semester.

Students at Saddleback College are encouraged to follow the Matriculation procedures at their school of record. If they attend Irvine Valley College, they should be aware that some procedures may be different. All students are welcomed and encouraged to participate in the Matriculation process. You may call the Matriculation Office at 949-582-4970 or visit our website at www.saddleback.edu/matriculation

Exemptions

There are special circumstances for which a student may be exempt from the matriculation process. If you would like to determine if you are eligible for exemption, please contact the Matriculation Office at 949-582-4970 or visit www.saddleback.edu/matriculation

Retest Policy

Reading: Students may repeat the Nelson-Denny test every twelve (12) months or once during their last semester before graduation.

English: Students may retake the English assessment test every twelve (12) months.

English as a Second Language (ESL): Students may retake the ESL assessment test every six (6) months.

Mathematics: Students are allowed to retake the same level math test once every three (3) months. Students may take a different level math test with no waiting period.

Alternative Matriculation Services

Students may be referred to alternative services for the matriculation process if they indicate any of the following:

1. English is not their primary language, and the student does not feel proficient enough in English to take the regular English Placement Test.
2. They have a disability which creates educational or functional limitations that require academic accommodations.

Prerequisites/Corequisites/Limitation on Enrollment/Recommended Preparation

Saddleback College is committed to helping students select appropriate level courses in order to provide the greatest chance for their academic success. Information relating to prerequisites, corequisites, limitation on enrollment, and recommended preparation are printed in bold as part of the course descriptions in the catalog and with a padlock symbol to the right of the course description in the online class schedule.

Students are responsible for meeting the prerequisite, corequisite, limitation on enrollment, or recommended preparation prior to registering for any course with these restrictions.

Prerequisite:

Mastery of a certain body of knowledge is necessary for students to be successful in the target course (the course that has the prerequisite). Most commonly, such knowledge is measured by successful completion of the prerequisite course listed in the class schedule. “Successful completion” is defined by a grade of “A,” “B,” “C,” or “P” (formerly CR) in the prerequisite course. Grades that are not acceptable are “C-,” “D,” “F,” or “NP” (formerly NC).

Corequisite:

Concurrent (simultaneous) enrollment in a companion course is required. The information presented, or the practice gained in the corequisite course, is considered necessary for success in the target course.

Limitation on Enrollment:

A condition of enrollment which limits how students qualify for a particular program. Limitations apply to courses that include public performance or intercollegiate competition where a tryout or audition is necessary. Some courses require formal admission to a particular program in order to enroll (e.g., Nursing, EMT, Paramedic).

Recommended Preparation:

Certain course preparation is advised before students enter the target course. These recommendations indicate preparation that is considered advantageous, but not essential, to the success in the target course.
How to Clear a Prerequisite

Students can clear their prerequisite requirement by completing any one of the following:

1. Complete an assessment exam at Saddleback College for English and/or math and place into the course above the prerequisite.
2. Complete the course(s) at Saddleback College with a satisfactory grade of “A,” “B,” “C,” or “P” (formerly CR).
   Note: Grade of “C-” or lower is not satisfactory.
3. Provide alternative evidence, transcripts from another college or university, AP, or CLEP test results, to the Matriculation Office if the course you are wishing to take has an English or math prerequisite. Courses that have prerequisites other than English or math must be evaluated by the appropriate division office. Such alternative evidence must demonstrate satisfactory completion of the prerequisite course with a grade of “A,” “B,” “C,” “CR,” or “P.” Note: Grade of “C-” or lower is not satisfactory.
4. Provide acceptable evidence of an assessment exam administered at another accredited California community college. Students may clear prerequisites in English if the appropriate course placement is provided on their results. Math prerequisites may be cleared if the student took the same assessment exam as given at Saddleback College and their test score is provided on the results. Students must have the Matriculation Office evaluate all placement results for acceptance.

To clear an English or math prerequisite using alternative evidence or other community college assessment results:

Complete the College Prerequisite Evaluation Form, attach a copy of college transcripts or assessment results, course catalog description(s) and submit them to the Matriculation Office. For all other prerequisites please go to the division office where the course originates.

NOTE: Please submit evaluations a minimum of two weeks prior to your registration date. Delays in processing prerequisite evaluations will affect student's ability to enroll in target courses. Specific information regarding procedures, timelines, and prerequisite evaluation notification is available in the Matriculation Office. Courses offered for “zero unit” credit cannot be used to satisfy a prerequisite.

Course Prerequisite Challenge and Appeal Procedures

State regulations require the enforcement of prerequisites. A student may file an appeal based on the following criteria:

1. The student has the knowledge or ability to succeed in the course despite not meeting the prerequisite.
2. The student is able to succeed safely despite prerequisites established to protect health and safety standards.
3. The prerequisite or corequisite course is not reasonably available.
4. The college cannot provide alternatives to the course requiring performance standards as a prerequisite.
5. The prerequisite is discriminatory or is being applied in a discriminatory manner.
6. The prerequisite is not valid because it is not necessary for success in the course for which it is required.

Students wishing to appeal a course placement based on one of the criteria listed above must file an Appeal Petition which can be picked up in the appropriate division office. An Appeals Committee will review the petition and make a decision within five working days. If the appeal is approved, the student will be allowed to enroll in the higher level class. If the appeal is denied, the student will not be eligible for the higher level course and will be dropped if prior enrollment was allowed.

English Composition Appeal Process

Students who receive a recommended placement in a basic-skills writing course, rather than a college-level writing course as a result of the initial assessment process and who wish to be considered for placement in college-level writing should take the Writing Sample Appeal. During the Writing Sample Appeal students will write an essay based on a prompt and passage provided by the Matriculation Office.

An Appeals Committee will meet and review the Writing Sample Appeal within five working days. If the appeal is approved, the student will be allowed to enroll in the higher level course. If the appeal is denied, the student will not be eligible for the higher level course and will be dropped if prior enrollment was allowed.

Dates and times of the Writing Sample Appeals are available in the Matriculation Office or online at www.saddleback.edu/matriculation

Mathematics Challenge Process

A student who desires placement in a higher level mathematics course than resulted from their assessment exam may attempt the High School Math Challenge. Students must turn in the High School Math Challenge Form and a copy of their high school transcript (not report cards) to the Matriculation Office. High school transcripts can be used as a challenge only after the student has completed the math assessment with the Matriculation Office or turned in alternative evidence for math placement.

NOTE: Grade of “C-” or lower is not satisfactory and courses taken in high school summer or adult education programs are also not accepted.

Mathematics Appeal Process

A student who desires placement in a higher level mathematics course than resulted from the usual assessment process and have been denied placement from the Math Challenge Process may complete an “Appeal Petition” and return it to the Mathematics, Science, and Engineering Division Office, SM 334. The following documents must be attached to the petition:

1. The student’s high school transcript.
2. College transcript and college catalog description of each mathematics courses on the transcript.
3. The results of the appropriate Saddleback College mathematics assessment test. Those seeking enrollment in MATH 251 must complete either the level 1 or level 2 mathematics placement test. Those seeking enrollment in MATH 205, 253, or 255 must complete either the level 2 or level 3 mathematics placement test. Students who wish to enroll in MATH 7, 8, 9, 10, 11 or 124 must complete the level 3 placement test. Students must complete the level 4 mathematics placement test for all higher level math courses.

Once the completed Appeal Petition with required attachments has been submitted to the Mathematics, Science, and Engineering Division Office, SM 334, the student may be allowed to enroll in the higher level course if space is available. An Appeals Committee will meet to review the Appeal Petition and the attached supporting documents within five working days. If the appeal is approved the student will be allowed to enroll in the higher level course. If the appeal is denied, the student will not be eligible for the higher level course and will be dropped if prior enrollment was allowed.

Student’s Rights

Any student who feels they have experienced discrimination regarding the matriculation process has the right to file a grievance. Information may be obtained in the Office of the Vice President for Student Services, AGB 126.
Registration for Classes

Open Enrollment Policy

Pursuant to the provision of Title 5 of the California Code of Regulations, commencing with Section 58102, the Governing Board of the South Orange County Community College District affirms a policy of open enrollment. Unless specifically exempted by statute, every course, every course section, or class, wherever offered and maintained by the district and where state apportionment is reported, shall be fully open to enrollment and participation by any person admitted to the college and who meets such requisites as established by the Board in accordance with the above-referenced section of Title 5.

Registration for Classes

Students may register online or in person. Payment is due by the deadline stated on the internet. Payment for in-person registration is due at the time of enrollment. After selecting classes and paying all required fees, registration is completed. Consult the Admissions and Records website at www.saddleback.edu/admissions for the most recent registration information. Students must have officially enrolled and paid for classes during the registration period in order to receive a grade for the course. Classes cannot overlap, i.e., students may enroll in only one course in a term period. Please be aware that proof of prerequisite completion or alternative evidence may be required.

New and Former Students

New students are those who have never filed an application or enrolled in classes at either Saddleback College or Irvine Valley College. Former students are those who have previously filed an application or attended either Saddleback College or Irvine Valley College but have been absent from the college for one semester or more, excluding summer.

Once an application is submitted, a registration permit is issued indicating a student’s assigned registration time for Internet registration. Students who apply online receive their registration permits by email.

Most students new to Saddleback College, except those who have already earned an associate degree or higher degree, should participate in an assessment and orientation session prior to registering for classes. Students who are advised to participate in assessment and orientation will be notified at the time their application is submitted. Students who are not advised to participate are encouraged to take advantage of an assessment session for assistance in selecting courses. The assessment process is described further under “Matriculation Services.”

Continuing Students

Continuing students are those who have been registered during the previous semester (including or excluding summer). Continuing students need not file an application. Continuing students may view their assigned registration time at the MySite web portal. Registration times are determined by the number of units the student has completed within the South Orange County Community College District. Those who have already completed more than 80 units are given appointments toward the end of registration. Consult the Admissions and Records website at www.saddleback.edu/admissions for the most recent registration information.

Maintaining Student Contact Information

It is important for students to maintain current contact information, including the phone number and address in their college record. Information may be updated through the student’s MySite account under “My Information.” If the post office reports a forwarding address that the student has filed, the college records will automatically be updated to reflect that change.

Student Status:

Part-time: Student taking fewer than 12 units
Full-time: Student taking 12 or more units
Freshman/First year standing: Student who has completed fewer than 30 units.
Sophomore: Student who has completed 30 or more units
Graduate: Student who has been awarded the Associate in Arts or Science degree or a higher degree by a regionally accredited college.

Repeating Courses

(Also see Academic Regulations and Announcement of Courses sections of this catalog)

The number of repetitions allowed for each course is listed in the college catalog following the course description. Students may not exceed the number of course repeatability as determined by state regulations. Students registering in a course not identified as repeatable or repeating a course more often than permissible will be withdrawn from the course.

Adding Courses

Students may add open classes through the day prior to the start day of the class. Once the class has started or has become full, students must request permission to add the course from the instructor. If permission is given, an Add Permit code will be issued. Students are required to add the course on-line or in-person by the Last Day to Add as noted on the Add Permit Code form. Payment is required at the time of enrollment. Students who miss the deadline to add are encouraged to enroll in late-starting classes.

Withdrawal From Courses

It is the student’s responsibility to officially withdraw from courses for refund purposes and to avoid receiving a substandard grade. Students are limited to a total of four withdrawals in a given course. Students may withdraw from courses online through MySite.

Although it is the student’s responsibility to withdraw from courses, instructors have the authority to drop students who miss the first class meeting.

Deadlines for Dropping or Withdrawing from Classes

In accordance with state regulations, the deadlines for grading purposes are as follows:
- 20 percent of the course based on ticket number-drop without a “W” on the transcript
- 65 percent of the course based on ticket number-drop with a grade of “W” on the transcript

It is the student’s responsibility to consult the online class schedule for specific course deadlines as they may vary.

NOTE: Only student initiated or no-show drops completed prior to the refund deadline are eligible for refund consideration. (See Student Fees/Refunds/Credits for further information regarding refunds.

Financial Aid recipients see the Financial Aid section of the catalog regarding Title IV repayment policy.
Student Fees/Refunds/Credits

All fees are subject to change

Associated Student Body (ASB) Stamp Fee
The $10 ASB stamp fee provides a variety of benefits to students and supports, as part of the total ASG budget, a variety of student programs and services, such as Athletics, Fine Arts, Scholarships, access to the ASG office, and many other student-sponsored activities. In purchasing the ASG Stamp, you will also receive a FUND card valued at over $160 in discounts. The ASB fee is non-refundable. The ASB stamp fee can be purchased online and in SSC 211, in the ASG Office.

Enrollment Fee
The Enrollment Fee is $46 per unit with no maximum. This fee is subject to change by the State of California.

Health Fee
All students who enroll in classes held on the Saddleback College campus are required to pay $18 per regular semester and $15 for the summer session. The health fee entitles students to a variety of health services. (Please note, this is not a personal health insurance policy). The student health fee is state mandated for all students who take on-campus classes and may be voluntarily paid by students taking off-campus or distance education classes who want to use these services. Health fees may be subject to change during the academic year.

State law provides the following exemptions from the health fee. Students must submit proof for these exemptions at the time they register:
1. Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization
2. Students who are attending a community college under an approved apprenticeship-training program.

Material/Lab Fees
The policy for requiring students to provide instructional and other materials and establishing the provisions for assessing the students a fee for a credit or non-credit course shall conform to the following guidelines:
1. The materials shall be tangible personal property which are owned or primarily controlled by an individual student.
2. The material is of a continuing value to the student outside of the classroom setting, which can be taken from the classroom setting, and which is not wholly consumed, used up or rendered valueless as it is applied in achieving the required objectives of a course which are to be accomplished under the supervision of an instructor during class hours.
3. The material shall not be solely or exclusively available from the district except if it is provided to the student at the District’s actual cost and:
   a. The material is otherwise generally available, but is provided by the district for health and safety reasons; or
   b. The material is provided in lieu of other generally available but more expensive material which would otherwise be required.

Any materials not meeting these guidelines will be provided by the District to students at no cost to the student.

Parking Fees
Students who intend to park in a student lot must purchase a parking permit each semester. The cost of an automobile permit is $30 per semester and $15 for Summer or $60 for an annual permit which includes Fall, Spring, and Summer (to be purchased in the Fall only); the cost of a motorcycle permit is $10 per semester and $5.00 for Summer. If the student has a current automobile permit, the motorcycle permit fee is $1.00. Additional information can be found in the Parking section.

Day parking permits can be purchased for $2.00 at any one of the four yellow permit dispenser machines located at the Medical Center Drive campus entrance next to the flag pole; at the north end of parking lot 10, at LOT 5A (Near Tennis Courts); and at parking lot 1. Timed metered parking is available at the north end of lot #9 at a rate of $0.50 per hour.

Returned Check Fee
Non-Sufficient Funds and Stop-Payment Check Charge Policy
In accordance with California Civil Code Chapter 522, Section 1719, the District hereby establishes a processing fee for handling non-sufficient funds (NSF) and stop-payment checks. The amount of the fee will be reviewed and approved annually by the Board of Trustees.

Each check dishonored by your bank for whatever reason is subject to a processing fee.

A $20 processing fee will be charged for all returned checks. The Saddleback College bookstore is a contract service and is not subject to this policy. Please contact the bookstore for their check return policy.

Transcript/Verification Fees
Transcripts: Students are entitled to two free transcripts and/or verifications. Additional copies are $3.00 per copy. Transcripts may be ordered online or in-person only. (The online system does not accommodate the two free transcripts.)

Emergency Transcripts are $5.00 in addition to the transcript fee. Emergency transcripts are processed within 24 hours during normal business hours after requests are received.

Saddleback College transcripts do not include Irvine Valley College. Students need to make separate requests to each college. Visit saddleback.edu/admissions/transcripts for more information.

Verifications of Enrollment: a standard official verification of enrollment may be downloaded free of charge through MySite. Choose MyInformation then choose Official Enrollment Verification.

Other types of verifications are $3.00 after the first two free transcripts or verifications.

Emergency Verifications are $5.00 in addition to the verification fee. Verifications may also be ordered by mail or in person. The Verifications Request Form may be downloaded from www.saddleback.edu/admissions/transcripts.html. Mail requests to:
Saddleback College
Office of Admissions and Records
Verification Unit
28000 Marguerite Parkway
Mission Viejo, CA  92692
Non-Resident Fees

Application Fee

Non-resident students who are citizens and residents of a foreign country will be charged a non-refundable fee of $54 at the time the application is submitted and each time an application is submitted. Non-resident/non-citizen students who can validate asylee/refugee status or who are evaluated to have a financial hardship may be exempt from this fee.

Capital Outlay Fee

Non-resident students who are citizens and residents of a foreign country will be charged an additional fee of $32 per unit at the time of registration. Non-resident/non-citizen students who can validate asylee/refugee status or who are evaluated to have a financial hardship may be exempt from this fee.

Tuition Fees

Non-resident students will be charged a tuition fee of $179 per semester unit for the 2012-2013 school year. Out-of-state residents must also pay the enrollment fee and health fee. Tuition may be changed without notice.

Refunds/Account Credits

Student must officially drop classes through on-line, telephone or in-person registration within the established refund deadline dates in order to be eligible for a refund of fees paid. There are no refunds for classes added or dropped after these refund deadline dates.

It is the always the student’s responsibility to drop a class prior to the refund deadline date to ensure a refund. Students who add or drop a class after the class’ refund deadline dates are not entitled to a refund. Also, students who are dropped from a class by an instructor after the class’ refund deadline date are not entitled to a refund. Students dropped from a class after the class’ refund deadline date due to non-payment are not entitled to a refund. The only exception to this policy is when the college cancels the class. In this instance, fees charged for the cancelled class will be refunded.

Dropping classes within the refund deadline dates will generate a credit on the student's account. These credits can be kept on the student's account, or can be refunded. Refunds are not automatically sent to students. They must be requested by submitting a completed refund request form to the Student Payment Office. These forms are available in the Student Payment Office or on-line. To access refund forms on-line, go to www.saddleback.edu/spo and click on the refund form link.

Money in a student's account is considered the student's property, and is returned only to the student. The only exception is when the funds were provided by an organization which the college has an existing refund return policy with, such as the California Department of Rehabilitation.

Refund deadline dates are different for different classes. The refund deadline date for each class can be found in the details section of the online schedule at saddleback.edu/cs. Please allow 2 weeks for processing credit card refunds and 30 days for processing check refunds. Additional information on refunds is available on the Student Payment Office web page, which can be found on the college website as noted above. Students can also call the Student Payment Office at (949) 582-4870 for additional information.

Associated Student Body (ASB) Fee Refund/Credits

The Associated Student Body (ASB) stamp fee is non-refundable.

Enrollment Fee Credits

Students are eligible for an enrollment fee credit if the class is dropped prior to the published refund deadline date for that class, or if the class is cancelled by the college.

Health Fee Credits

Students are eligible for a health fee credit only if all on-campus classes are dropped prior to the applicable deadline date for each class, or if the student's class(es) have been cancelled by the college.

Material/Lab Fee Credits

Students are eligible for a material/lab fee credit if the class is dropped prior to the refund deadline date for that class, if of the class is cancelled by the college.

Non-Resident Tuition Credits

A request for credit of non-resident tuition may be made in any of the three categories listed below:

1. Non-resident tuition fees collected in error. In such cases, 100 percent of the non-resident tuition will be credited.
2. Non-resident tuition fees refundable as a result of the cancellation of a class or some similar action on the part of the college, clearly beyond the control of the student and for which the fees have been paid. In cases of cancellation of a class, 100 percent of non-resident tuition will be credited.
3. Non-resident tuition fees refundable as a result of a student's reduction of units prior to the class(es) refund deadline date.

Parking Fee Credits

Credits on parking fees will be given only when all of the following conditions are true:

1. When a class is canceled and the student is not attending any other classes on campus during the semester, or if the student officially withdraws from all of their classes during the first two weeks of a regular term, or during the first week of eight-week terms.
2. The student Parking Decal is turned in to the Campus Police Department. During the first two weeks of a regular semester or during the first week of an eight-week session.
Student Support Services

Bookstore
A variety of reading materials, personal-use items, new and used textbooks, a large selection of college logo items, class supplies, and packets are available at the college bookstore. The college bookstore is operated by Follett College Stores under contract with the district and Saddleback College.

The Saddleback College bookstore is located in the Student Services Center, Room 133. Call 949-582-4715 for additional information.

California Work Opportunity and Responsibility for Kids (CalWORKs)
Saddleback College CalWORKS program is designed to assist students to develop the necessary skills, knowledge, and experience that will make them more marketable with employment after earning a certificate and/or college degree. Students are provided services such as academic, personal, career counseling, and work-study. For office hours or more information, call the CalWORKS office 949-582-4207 or visit www.saddleback.edu/eops/calworks

Campus Preview Tours
Guided tours are available to any individual or group interested in viewing the campus. Reservations are necessary. Please call the Outreach Department 949-582-4218 to schedule a tour.

Center for Career and Life Development (CCLD)
The Center for Career and Life Development includes: Career Guidance Services and Re-Entry Services. The CCLD provides assistance, planning, and support for students and potential students. It is located in the Student Services Center, Room 140. Individual assistance is available by appointment. Career computer lab and library resources are available when groups or classes are not scheduled for visits. Additional services and resources are available on our website, visit www.saddleback.edu/cclid/. Appointments can be scheduled by calling (949) 582-4575.

Career Guidance Services are open to anyone who needs assistance with making a career decision, choosing a major, researching career demographics, or enrolling in a course that requires career exploration. Applied Psychology and Women’s Studies 120 courses are available during the Summer, Fall and Spring semesters. Educational and occupational information is available in the computer lab and library to explore at the student’s own pace. The resource materials in the computer lab and library include career information that describes duties and responsibilities of careers, future career trends, and salary ranges. Additional resources include career technical education, college catalogs, scholarship resources, re-entry information, and online and traditional educational options that may lead to career or transfer. In addition, career assessment packages can be purchased at the CCLD to support courses and student learning objectives. Computerized assessment systems that measure abilities, skills, personality and values with comprehensive demographic information and self-evaluation tools are available for free or at a nominal fee. Some assessments can only be taken with a referral from a counselor at Saddleback and a scheduled appointment to review the results. Career Counseling is available by appointment during the Spring and Fall semesters.

Re-Entry Services (Women’s Resource Services) helps men and women who are searching for ways to return to school, change careers, or find new direction and support in their lives. The Re-Entry Services Program acts as a liaison for students which may include relationships with the Employment Development Department (EDD), inmate correspondence, international students, English as Second Language students, crisis intervention team, health services, and the Women’s Studies Department on campus. The program provides advisement and referrals to on-campus resources, finding a career direction, and an overall assessment of barriers that prevent a student from being successful in college. Additionally, it provides updated lists of low cost and sliding scale community resources and programs to address the student’s needs. Workshops, support groups, and specialized Re-Entry scholarships are available for re-entry students. The program is particularly committed to expanding student awareness of opportunities for those who are underrepresented or returning to complete educational training as well as overcoming life barriers. Individual appointments are available and are recommended to be scheduled in advanced.

Child Development Center
The Child Development Center offers educational opportunities and services primarily for registered pre-school children of Saddleback College students. Faculty and staff of SOCCCD and community members may also utilize the center. This program recognizes and supports the fact that parents with children are enrolled at the college. Furthermore, proper care for a child is often a determining factor in a parent’s decision to attend and succeed in entering college or a career. The center provides an educational experience and includes activities such as art, music, cooking, language arts, and science. Children eligible for enrolling in the pre-school program must be at least 18 months of age and may remain in the program up to their entrance into kindergarten.

Priority is given to parents who have first registered at Saddleback (for 6 or more semester units). Additional to the program for children of Saddleback College students, space is available for faculty and staff of SOCCCD and community (non-student) members seeking a positive educational child development environment for their children. All interested parents from throughout the community are encouraged to contact the center for further information, including program options and current fee schedule.

The center is located at the south end of the campus on College Drive East (Parking Area 1A). For more information call 949-582-4582 or visit www.saddleback.edu/cdcl/

Counseling Services
Saddleback College provides complete counseling and career development services. These services include individual and/or group counseling for personal concerns and career decision-making; assistance with educational program planning and course selection; preparation for transfer, a degree, or a specific job; and assistance with beginning or returning to school. Students are encouraged to avail themselves of these services.

A major function of counseling is to provide students with information about themselves to assist them to succeed in their studies. Accurate information is essential in planning. Counselors serve as valuable resources in this process.
Counselors are available day and evening, either by appointment or on a walk-in basis. Appointments are especially recommended well in advance of registration periods. Online advising is available at www.saddleback.edu/counseling/advisor. Online advising may not be used for such tasks as evaluating transcripts or personal counseling, but can be very useful for obtaining answers to a wide variety of counseling-related questions.

Saddleback College students wishing to make an appointment may call or stop by the Counseling Office located in the Student Services Center, Room 167. The number is 949-582-4572.

Credit courses listed under Applied Psychology are offered to assist students in gaining the most from college. For example, APSY 140 is a course designed to help orient the student to college life and assist them in education and vocational planning. In addition, there are opportunities for students to enroll in courses in Applied Psychology in such areas as career planning, study skills, testing, decision-making, and the helping relationship. Seminars and workshops on many related topics are also available.

**Escort Service**

Saddleback College provides a Security Escort Service between classrooms and other areas of the campus. Students wishing to use this service should phone 949-582-4585 or *80 on any on-campus pay phone to make arrangements for a security escort.

**Extended Opportunity Programs and Services (EOPS)**

EOPS is a state-funded program which serves students who are educationally and financially disadvantaged. A main objective of EOPS is to ensure participants equal access to success while achieving a certificate, Associate of Arts or Science (AA/AS) degree, and/or meeting four-year university transfer requirements. This special program provides services that assist qualified students in overcoming obstacles to college education. These services may include academic, career, and personal counseling; book service; priority registration and assistance in transferring to four-year colleges and universities. Interested students should apply at the EOPS office in the Student Services Center, Room 126, or call 949-582-4620 for information or online at www.saddleback.edu/eops/

**Cooperative Agencies Resources for Education (CARE)**

As a supplement program of EOPS, CARE provides educational support services for EOPS-eligible students who are single heads of households receiving CalWORKs (California Work Opportunity and Responsibility to Kids). More information is available at the EOPS office in the Student Services Center, Room 126, or call 949-582-4620 or visit our website at www.saddleback.edu/eops/eopscare.

**Student Payment Office**

The Student Payment Office is located in the Administration and Governance Building, Room 131. This office disburses financial aid checks; processes refund requests; and collects fees, fines, deferred payments, and returned check fees. For questions regarding student account payments, please contact the office between 8 a.m. - 7:15 p.m. Monday - Thursday, and 8 a.m.- 4:45 p.m. on Friday at 949-582-4870.

**Food Services**

The Saddleback College Cafeteria/Food Court is located in the Student Services Center and provides students with a full range of food services. Vending machines and coffee/food carts are located throughout the campus. Students' suggestions for food service may be submitted through participation on the Food and Beverage committee, Student Development Office, or directly to the cafeteria manager. Catering of special events is also offered by the cafeteria.

**Health Services**

The Student Health Center provides health care and personal counseling to all students enrolled in on-campus classes during the current semester in order to facilitate the physical, emotional and social well-being of students in ways that will increase their potential for educational success.

A team of health professionals comprised of physicians, registered nurses, and psychologists and counseling interns provides care. Services include limited medical intervention and treatment, personal and crisis counseling, general health assessment and education, vision and hearing screenings, emergency first aid, insurance for college-related injuries, limited immunizations, and HIV, STD, and TB testing. Special programs and activities conducted throughout the year address issues related to substance abuse and other high-risk health behaviors.

The student health fee is state mandated for all students who take on-campus classes and may be voluntarily paid by student taking off-campus or distance education classes who want to use these services.

The Student Health Centers maintains literature on a wide variety of health topics, including the Saddleback College publication, Sexual Assault Education, Victim Survival Guide and Campus Reporting Protocol (California Education Code, Section 67385).

Visits with our health care providers are free. Charges for lab tests, vaccines, and medications are available at a very low cost. For more information, call 582-4606 or check our web page at www.saddleback.edu/sshc.

**International Students Office**

The International Students Office provides services to international students who hold F-1 (student visas) by assisting them in the admissions, assessment, and orientation processes and with home-stay and visa applications as well as in the preparation of documents required by the United States Citizenship and Immigration Services. The International Students Office also coordinates events on campus to promote global awareness and cooperates with community organizations in international friendship programs. The office is located in Admissions and Records Office in the Student Services Center. For more information, please call 949-582-4637.

**Learning Resource Center Tutoring**

LRC tutoring provides free tutoring for Saddleback College students. Varied tutoring services are available to satisfy student needs: one-to-one, small group, drop-in, and faculty led skills workshops.

Free tutoring, located in LRC 212, is provided Monday through Thursday from 8 a.m. to 8 p.m., and on Fridays from 8 a.m. to 2 p.m. The LRC is closed weekends. More information is available by calling 949-582-4519, or by visiting our website at www.saddleback.edu/tutoring.

**Library Services**

The Saddleback College Library’s mission is to assist students and faculty with their research and personal information needs. The Library is located on the third floor of the renovated Library/LRC Building. For complete information about library resources and services visit the website at www.saddleback.edu/library, or call 949-582-4314.
**Student Financial Assistance Program**

The Financial Assistance Office is here to provide students and the community a better understanding of financial aid programs and services available. We value and take pride in the diversity of our students and the support we provide in promoting student success. There are many financial aid programs that can help students with fees, books, supplies, transportation, housing, and other related educational expenses.

All students may be eligible for some form of assistance based on their financial need. Students may apply for aid by filing a Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov.

**Basic Student Eligibility Requirements for Federal Student Aid**

- Be enrolled as a regular student in an eligible program which includes certificate, associate in arts degree, or transfer programs
- Cannot also be enrolled in elementary or secondary school
- Have a high school diploma or equivalent
- Make satisfactory academic progress
- Meet enrollment status requirements
- Have resolved any drug conviction issue
- Be a citizen or eligible noncitizen
- Have resolved any default on a FSA loan or overpayment
- Have a valid social security number
- Men aged 18-25 must register with the Selective Service System or meet exemption requirements
- Resolve any conflicting information

There are also program-specific eligibility requirements that may be required.

To be considered for financial aid, students must complete the Free Application for Federal Student Aid (FAFSA) or the renewal application. These applications are usually available beginning in January for the following academic year. If a student is interested in a State of California Grant, the FAFSA and a GPA verification form must be completed. The Cal Grant program deadline is March 2nd of each year.

For students who miss this deadline, there is a second opportunity only for community college students to apply for Cal Grants. The deadline for this is September 2nd.

The FAFSA is the application for the following Federal and State programs:

**Federal Programs**

**Federal Pell Grants** are awarded to eligible undergraduate students who do not have a bachelor's degree, or professional degree. The amount of money awarded is based upon a student's Expected Family Contribution (EFC), the number of units enrolled, and the cost of attendance.

**Federal Supplemental Educational Opportunity Grant (FSEOG)** is awarded to eligible Pell Grant recipients with exceptional financial need. It is awarded on a “first-come, first-served” basis and is dependent upon funds available. Students must have a zero EFC and be enrolled in at least six units to receive the funds.

**Federal Work-Study (FWS)** is a program with limited funding which provides employment to help pay for part of a student's educational costs. This program is based on financial need and, if awarded, is part of a student's award package. Students on FWS may work approximately 10 hours per week on campus.

---

**Student Financial Aid**

Basic Student Eligibility Requirements for Federal Student Aid

- Be enrolled as a regular student in an eligible program which includes certificate, associate in arts degree, or transfer programs
- Cannot also be enrolled in elementary or secondary school
- Have a high school diploma or equivalent
- Make satisfactory academic progress
- Meet enrollment status requirements
- Have resolved any drug conviction issue
- Be a citizen or eligible noncitizen
- Have resolved any default on a FSA loan or overpayment
- Have a valid social security number
- Men aged 18-25 must register with the Selective Service System or meet exemption requirements
- Resolve any conflicting information

There are also program-specific eligibility requirements that may be required.

To be considered for financial aid, students must complete the Free Application for Federal Student Aid (FAFSA) or the renewal application. These applications are usually available beginning in January for the following academic year. If a student is interested in a State of California Grant, the FAFSA and a GPA verification form must be completed. The Cal Grant program deadline is March 2nd of each year.

For students who miss this deadline, there is a second opportunity only for community college students to apply for Cal Grants. The deadline for this is September 2nd.

The FAFSA is the application for the following Federal and State programs:

**Federal Programs**

**Federal Pell Grants** are awarded to eligible undergraduate students who do not have a bachelor's degree, or professional degree. The amount of money awarded is based upon a student's Expected Family Contribution (EFC), the number of units enrolled, and the cost of attendance.

**Federal Supplemental Educational Opportunity Grant (FSEOG)** is awarded to eligible Pell Grant recipients with exceptional financial need. It is awarded on a “first-come, first-served” basis and is dependent upon funds available. Students must have a zero EFC and be enrolled in at least six units to receive the funds.

**Federal Work-Study (FWS)** is a program with limited funding which provides employment to help pay for part of a student's educational costs. This program is based on financial need and, if awarded, is part of a student's award package. Students on FWS may work approximately 10 hours per week on campus.
William D. Ford Federal Direct Subsidized and Unsubsidized Loans must be repaid. Students must complete a Free Application for Federal Student Aid (FAFSA) first. Once a student receives a financial aid award letter, the student may apply for a student loan at www.saddleback.edu/fao/DirectLoanprogram.html. The amount of loans range from $3,500 to $10,500 per academic year. Loan amounts will be determined at the time the Financial Aid Office certifies a loan application.

Both entrance and exit counseling are requirements of the William D. Ford Federal Direct Loan Program. Students must maintain at least half-time enrollment status to receive a loan. Once a student receives loan funds, the student must maintain reasonable progress toward a certificate, associate degree, or transfer program. In reviewing a request for any loan, the Financial Aid Office may use “professional judgment” to deny a student a loan on a case-by-case basis. If denied a loan, a student will receive a letter from the Financial Aid Office indicating the reason(s) for the loan denial.

State Programs

Board of Governors Fee Waiver (BOGFW) is a program that provides assistance with mandatory enrollment fees for the entire academic year (summer, fall, and spring semesters). There is no limit to the number of units that are covered by the BOGFW. To be eligible, a student must be a California resident and must qualify under one of the following conditions:

- Student or parent must currently be receiving Temporary Assistance for Needy Families (TANF)/CalWORKS, Supplemental Security Income (SSI)/State Supplemental Program (SSP), or General Assistance (GA). Documentation is required; or
- Student must meet income standards based on family size. Documentation may be required; or
- Student must have applied for FAFSA and demonstrate financial need. This is the preferred method of application.

The Cal Grant Program is a state funded educational opportunity program to assist students in paying for a college education. There are entitlement awards as well as competitive awards. Application deadlines are in early March and September for community college students.

All basic Cal Grant eligibility requirements are as follows: a) be a California resident, b) be a U.S. citizen or eligible non-citizen, c) meet U.S. Selective Service requirements, d) attend a qualifying California postsecondary institution, e) be enrolled at least half-time, f) maintain satisfactory academic progress as defined at the school of attendance, g) have family income and assets below the established ceilings, h) not be in default on any student loan, i) not owe any federal or state grant refund, and, j) not have a bachelor’s or professional degree before receiving a Cal Grant (except for extended Cal Grant A or B awards for a teaching credential program).

Cal Grant B Entitlement Awards are for every graduating high school senior who has at least a 2.0 GPA, meets all the Cal Grant requirements and applies by March 2 within one year of graduating (or receiving their GED). This Entitlement Award provides up to $1,551 for books and living expenses for the first year. Beginning with the second year of Cal Grant B benefits, this award also helps pay for tuition and fees at public or private four-year colleges or other qualifying institutions.

Cal Grant B Competitive Awards are for students who aren’t eligible for the Entitlement awards. Awards are for students who have at least a 2.0 GPA, meet all the Cal Grant requirements and apply by either the March 2nd or September 2nd deadline. The award provides up to $1,551 for books and living expenses for the first year. Beginning with the second year of Cal Grant B benefits, this award also helps pay for tuition and fees at public or private four-year colleges or other qualifying institutions.

Cal Grant C Awards are available to assist students with tuition, fee, and training costs for occupational or vocational programs. The $576 Cal Grant C award provides for books, tools, and equipment. To qualify for Cal Grant C awards, students must meet basic eligibility requirements and be enrolled in a vocational program that is at least four months in length. For more information, visit the California Student Aid Commission website at www.csac.ca.gov.

The California Chafee Grant Program gives up to $5,000 annually in free money to foster youth and former foster youth to use for vocational school training or college courses. To apply, you must be eligible, or have been eligible for foster care, between your 16th and 18th birthday, and not have reached your 22nd birthday as of July 1 of the award year.

Scholarships

Scholarships are like grants; they do not have to be repaid. The Financial Aid Office is the steward of a number of scholarships that may or may not require financial need. Applications are available in the Financial Aid Office. For information on scholarships, visit www.saddleback.edu/fao/ScholarshipInfo.html.

Return of Title IV Funds (HEA)

Title IV funds are awarded to students under the assumption that they will attend school for the entire period for which the financial aid is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive.

“Return of Title IV funds” will require repayment of Title IV funds, (Federal Financial Aid).

Any aid recipient who needs to withdraw from all classes should contact the Admissions and Records Office and the Financial Aid Office. Recipients are encouraged to discuss alternatives to withdrawing from class(es) with their instructor(s) or a counselor before making a final decision.

For additional information on Title IV requirements, please contact the Student Financial Assistance Office, in the Student Services Center, Room 106, phone 949-582-4860.

Grant Over-Awards

There are occasions when students receive financial aid payments based upon misreported information. This results in a grant over-award. Examples of misreported information include inaccurate or omitted income, prior loan defaults or grant overpayments, having a bachelor’s degree, not having a high school diploma or GED, forged signatures, and unsatisfactory academic progress, just to name a few.

Students who receive grant funds due to misinformation as noted above are required to repay THE ENTIRE SUM RECEIVED.

To Maintain Financial Aid Eligibility

In accordance with federal regulations, each student receiving financial aid is expected to maintain satisfactory and measurable academic progress, whether or not the student is a prior recipient of financial aid. Failure to meet federal standards will result in the denial of aid, except the BOGFW program. Academic progress for Saddleback College students is evaluated at the end of each term.

Satisfactory and measurable academic progress is defined as successfully maintaining cumulative GPA (grade point average) of 2.0 (C or greater) and complete 70% (or more) of all units attempted. Also, a student cannot exceed 150% of the maximum time frame as stated in the student educational objective.
Student Permanent Photo IDs

Student photo for IDs can be taken in Admission and Records during normal business hours. To be issued your one-time permanent photo ID, you must have your student number, be currently enrolled, have Saddleback College as your college of record, and bring a picture ID for verification (e.g., driver's license or passport). Your student ID is used for college services including the library. If you have any questions, please contact the Office of Admissions and Records at 949-582-4555.

Transfer Center

The Transfer Center provides services and special events for students preparing to transfer to four-year colleges and universities. Transfer Center counselors and representatives from four-year colleges and universities offer specialized counseling in Associate in Transfer Degrees (AA-T/AS-T); college applications and personal statements; Honors Program academic plans; and Transfer Admission Guarantees (TAG). The Transfer Center workshops include the following topics: College Admission Appeals; AA-T/AS-T; College Applications and Personal Statements; Financial Aid; High School Bridge; Honors Program; Post-Application; TAG; and VETS. The Transfer Center hosts multiple college fairs each semester which attract over 80+ CSU, UC, In-State Private, and Out-of-State colleges/universities.

The Transfer Center also provides counseling and resources for students preparing for a Career in Teaching (PACT). Through the Teacher Preparation Pipeline (TPP) grant, the Education Department offers field experience in elementary or high school classrooms as part of a transferable teaching methodology class (EDUC 90 or EDUC 115). Resources available to PACT students include scholarship resources, teacher preparation workshops, test preparation information, specialized counseling, and the Future Teachers Club.

For more information, phone (949) 582-4328 or visit our website at www.saddleback.edu/transfer or email scsco@saddleback.edu.

Veterans Administration (VA) Education Benefits

The Veterans Office provides assistance to students by completing the paperwork required for VA education benefits. Students who qualify for VA education benefits are encouraged to take advantage of their entitlement. In addition to providing education benefits to veterans, this office assists veterans, spouses, and children apply for VA education benefits to which they are entitled.

The Veterans Office is located in the Administration and Governance Building, Room 131, 949-582-4871. This is a college service office, not a branch of the federal government.

The Tuition Assistance (TA) program for active duty military personnel is processed through the Veteran Office. Active-duty military personnel using the TA program must submit a Military Tuition Assistance form to the Veterans Office. This form must be signed by the person's Commanding Officer, and by the base Joint Education Officer. This form is available on-base at the base Education Office.

Veterans Education and Transition Services (VETS)

Saddleback College is committed to easing the transition process and providing opportunities for success to our United States military Veterans. The VETS Program directly provides support services and acts as a bridge to external support services for student Veterans, active military personnel, and their loved ones. VETS Program services include yet are not limited to: new student guidance, Veterans counseling, scholarship assistance, a link to the Veterans Club, Veterans Outreach, and a venue for community building. Saddleback College also offers a “Boots to Books” course which integrates Veterans specific topics into the curriculum of Applied Psychology 140 (3 units; CSU transferable). The VETS Program hosts events aimed at reintegration into civilian and college life.

The VETS Center is located in the Student Services Center, Room 207. For more information, phone 949-582-4252, visit our website at www.saddleback.edu/vets, or email us at vetsoutreach@saddleback.edu.
Student Activities/College Life

Alumni Association
The mission of the Alumni Association is to help re-establish old friendships while supporting the College. The Alumni Association hosts a variety of events and activities throughout the year that bring former and current students together. For more information, contact the Alumni Association Office at 949-582-4284.

Associated Students of Saddleback College
Saddleback College supports the organization of students known as the Associated Students of Saddleback College. The association promotes the following objectives:

1. To serve as an active student voice in the operation of the college, including both shared governance and the management of student activities.
2. To provide an opportunity for leadership experience and training for students.
3. To enhance, wherever possible, the general excellence of the college, uniting the interests of all persons—faculty, administration, local residents, and students.

Associated Student Government
Since virtually all major decisions made at Saddleback College affect students in some way, student input into the various decision-making bodies is relevant, necessary, and welcomed. The Associated Students have adopted a constitution which establishes an organized "student voice" at Saddleback College. The "voice" is facilitated by the Associated Student Government (ASG) and is a critical constituency among the college governance structure.

The Associated Student Government’s Events Cabinet, Student Senate, and Inter-Club Council hold regular meetings typically in the ASG Conference Room, Student Services Center, Room 211. Meeting days and times are arranged at the beginning of each semester and agendas are posted 72 hours in advance. Meetings are open to the public and college community. Additional information regarding student government is available through the administration, local residents, and students.

Associated Student Services and Activities
With the support of the student body, the Associated Student Government plans, organizes, promotes, sponsors, and finances a comprehensive program of activities and services for all Saddleback College students. The activities program is organized to achieve the following objectives:

1. To provide opportunities for the development of the social and cultural interests of the entire college community.
2. To provide opportunities for the enrichment of each individual’s life through sharing and enjoying a group spirit of mutual responsibility, leadership, and creativity.
3. To promote college spirit and community awareness. The variety of departments, clubs, and facilities permits a student to express a broad spectrum of interest, including but not limited to music, art, drama, sports, ecology, community service, and business.

Associated Student Body Stamp
The Associated Student Body provides an excellent program of activities and services. The funding for this program comes, in part, from the sale of the ASB stamp. Students are encouraged to purchase the stamp during online registration or at the ASG office, SSC 210, during posted hours. This stamp provides the holder with free admission to athletic events as well as special discounts on many other college events. The stamp is placed on the ASB student ID when picked up from the ASG office. A receipt must be presented to redeem. In addition, each stamp holder will receive a FUND card comprised of $160 of local discounts. For additional information, please contact Student Development, SSC 210 at 949-582-4616.

Athletics and Related Activities
Saddleback College fields 19 intercollegiate athletic teams which compete in the most competitive community college conferences in the nation. Participation on these intercollegiate athletic teams is open to any Saddleback College student enrolled in 12 or more units (other eligibility rules apply).

Men’s intercollegiate teams include: Baseball, basketball, cross country, football, golf, swimming and diving, tennis, track and field, and water polo. Women’s intercollegiate teams include: Basketball, cross country, golf, fastpitch softball, swimming and diving, tennis, track and field, volleyball, water polo, and soccer.

The athletic programs are supported in part by the Associated Student Body at Saddleback College.

For more information on the athletic program, please contact either the Athletic Department 949-582-4547 or the Sports Information Office 949-582-4490.

College Student Organizations/Clubs
Saddleback College offers a wide spectrum of special interest and program-related clubs and associations for student participation complementary or additional to class enrollment.

Information on how to organize a new club or join an existing one is available online at saddleback.edu/clubs. College clubs include Alpha Gamma Sigma (Honor Society), Biological Society, International, Psychology, and many others from which to choose.

An Inter-club Council (ICC), consisting of representatives from each club, exists to coordinate events and activities and to share ideas. A "Clubs Information Week" is held near the beginning of each semester. Further information is available online at www.saddleback.edu/clubs.

Cultural Activities
The Associated Student Government cooperates with and supports departments and special-interest groups to contribute to the cultural awareness of all persons on the campus. Typical programs include: Black History, Latin Heritage, Native American Awareness, Multicultural Experience, musical and dramatic programs, art shows, and many other outstanding cultural programs.

These programs are open to the college and community and are supported through the sale of ASB stamps and ASG funding. Please visit the ASG Diversity Student Council (DSC) on the web at saddleback.edu/ASG/diversitystudentcouncil.html.
Arts and Media
The college offers opportunities for students to get hands-on experience in several aspects of visual and performing arts, whether their passion is in performing or behind-the-scenes work. Students can participate in the production of several shows at the 405-seat McKinney Theatre. Saddleback has two radio stations – KSBR, an on-air station, and OCRockRadio.com, an internet station – and is the only college in the area that allows students to audition for on-air shifts. For students who are interested in television, Saddleback provides the opportunity to create programming for Channel 39, the college’s TV station. Students can also compete in national speech and debate tournaments, or display and sell their art in the campus’ Art Gallery.

Foundation
Gifts to benefit Saddleback College and students may be made through the Saddleback College Foundation. Contributions fund:…
- Scholarships
- Needed instructional equipment and supplies
- Improvement of classrooms and facilities
- Innovative instructional projects and programs
- Athletic and cultural offerings

Contributions of cash, personal property, insurance, or securities are welcome.

The Foundation can establish endowments to ensure the perpetuity of gifts, bequests and gift annuities. A matching gift opportunity for scholarships endowments has been made available by the Bernard Osher Foundation. A gift annuity program allows individuals to make a gift while increasing their income and reducing their personal tax bill.

The Foundation is organized exclusively for charitable and educational purposes as a 501 (c) (3) organization of the Internal Revenue Code.

For further information or to make a gift, call 949-582-4479 or email the Foundation at scfound@saddleback.edu.

Honor Societies
As part of its commitment to academic excellence, Saddleback College is home to a growing number of prestigious student honor societies. These honor societies are national organizations with local chapters on campus.

The two campus-wide honor societies, Alpha Gamma Sigma and Phi Theta Kappa, are involved in community and college service activities, scholarship fund-raising, social activities, and leadership development. They are open to day and evening students of all majors, whether part-time or full-time. Within each society, scholarships are available from the local chapter, from the parent society, and from four-year colleges and universities who reserve scholarship monies for society members. Membership and officer service are noted on Saddleback transcripts.

Alpha Gamma Sigma, the California community-college honor society, was established in 1922 as an extension of the California Scholarship Federation. It has had a strong presence on the Saddleback campus for many years. Students who have completed 12 semester units and have a cumulative GPA of 3.0 may apply to join Saddleback’s Sigma Epsilon chapter. In order to maintain membership, students must apply and pay dues each semester.

Phi Theta Kappa, the international community-college honor society, was established in 1918 and now has over 1200 chapters. Chartered in December 1996, Saddleback’s Beta Epsilon Beta chapter was the largest at induction in the society’s history. Students with a minimum 3.50 cumulative GPA on at least 12 units are invited to join.

Discipline-specific national honor societies on campus include Lambda Alpha Delta, the anthropology society, and Psi Beta, the psychology society.

For further information about the honor societies that are also campus student clubs, contact the Saddleback College Student Development Office (SSC 210) at 949-582-4616 or visit www.saddleback.edu/asg/ClubInformation. In addition, not all Honor Societies are campus clubs and therefore some organizations are sponsored by academic departments and divisions and not the Inter-Club Council of ASG.

Students should note the difference between these honor societies and the Saddleback Honors Program. The Honors Program provides advanced coursework and transfer opportunities to qualified students. For information about the Honors Program, see the Honors Program page in this catalog.

Media and Publications
Several publications are available to the College and community. The “Lariat”, a standard-size newspaper published by journalism students, is distributed weekly during the regular academic year. Journalism program students also publish a magazine, “Orange Appeal” once a year in the spring semester. In addition, the Liberal Arts division publishes “Wall”, a literary journal featuring the creative writing and artwork of Saddleback English students. Once yearly, the ESL (English as a Second Language) department produces “International Voice”, a compendium of student-written essays.

Saddleback College’s own Channel 39 on Cox Cable broadcasts telecourses, district events, and film and television projects by students in the Cinema/Television/Radio Department, which include many film/video festival winners. The radio program in Cinema/TV/Radio is built around Saddleback College’s on-air radio station, 88.5FM KSBR, and its Internet radio station, OCRockRadio.com. Students are eligible to apply for various positions at the stations, including on-air broadcasting, programming, promotions, sales, and music – an opportunity few other colleges can offer.
Students’ Rights and Responsibilities

Rules and Regulations for Student Behavior

Saddleback College students are responsible for regulating their own conduct and for respecting the rights and privileges of others in accordance with the Code of Conduct set by the district Board of Trustees (AP 5401). Saddleback students are expected to conduct themselves in a manner compatible with the function of the college as an educational institution and respect and obey all civil and criminal laws. Failure to show respect for the standards as set forth by Saddleback College is cause for disciplinary action.

Code of Conduct

In compliance with California Education code Section 66300 and in keeping with the above, the following regulations have been established to effectively and efficiently guide the approved educational programs, approved student activities, and community services.

Students may be disciplined for one or more of the following acts related to college activity or attendance:

A. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open defiance of the authority of district personnel.
B. Assault, battery, or any threat of force or violence upon a student, district personnel, or an authorized visitor.
C. Willful misconduct resulting in injury or death to a student or district personnel or an authorized visitor, or willful misconduct resulting in damage, defacing, theft, or other injury to any real or personal property owned by the District, or district personnel, or students in attendance at the colleges or programs of the District.
D. The unlawful use, sale, or possession on district property or presence on district property while under the influence of any controlled substance or any poison classified as such by state or federal law.
E. Smoking in an area where smoking has been prohibited by law or by policy of the Board of Trustees or administrative regulation.
F. Disorderly, lewd, indecent, or obscene conduct on district property or at district sponsored functions.
G. Sexual assault (as defined in Board Policy 5404) on any student or employee of the District, on campus or off-campus grounds or facilities maintained by the District.
H. The possession or use of any firearms, explosives, dangerous chemicals, deadly weapons, or other potentially harmful implements or substances while on district property or at a district-sponsored function without the prior authorization of the disciplinary officer.
I. The obstruction or disruption, on or off campus, of any educational or administrative process or function of the District.
J. Physical abuse, on or off campus property, of the person or property of any member of the campus community or of members of his or her family or the threat of such physical abuse when related to a district program or activity.
K. Misrepresentation of oneself or of an organization as an agent of the District.
L. Soliciting or assisting another to do any act which would subject a student to discipline.
M. Use, possession, or distribution of alcoholic beverages and/or illegal narcotics/drugs on district premises, or at district-sponsored events, or appearance on district property or at district sponsored events while under the influence of alcohol or illegal narcotics/drugs unless otherwise provided by law and district policy.
N. Unauthorized recording, dissemination, and publication of academic presentations or materials. This prohibition applies to a recording made in any medium.

O. Actions of force or threat of force to injure, intimidate, oppress or threaten because of the other person’s race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, or because of the perception that the other person has one or more of these characteristics.

P. Academic dishonesty, including, but not limited to falsification, plagiarism, cheating or fabrication, which compromises the integrity of an assignment, a college record or a program.
   a. Falsification involves any conduct in academic work, records or programs that is intended to deceive, including, but not limited to, the following acts:
      1. forging signatures on official documents such as admissions cards and financial aid applications.
      2. changing or attempting to change official academic records without proper sanction.
      3. misrepresenting or falsifying successful completion prerequisites.
      4. providing false information, such as immigration materials, during the admission or matriculation process.
      5. falsifying one’s identification or falsely using another’s identification.
      6. logging in or otherwise gaining access to a computer, computer network or protected web site using the password or identity of another.
      7. citation of data or information not actually in the source indicated.
      8. including in a reference list of works cited a text or other information source which was not used in constructing the essay, paper or other academic exercise.
      9. submission in a paper, lab report or other academic exercise of falsified, invented, or fictitious date or evidence, or deliberate and knowing concealment or distortion of the true nature, origin, or function of such data or evidence.
      10. submitting as the student’s own work any academic exercises (e.g., written work printing, sculpture, etc.) prepared totally or in part by another.
      11. taking a test for someone else or permitting someone else to take a test for a student.
   b. Plagiarism is any conduct in academic work or programs involving misrepresentation of someone else’s words, ideas or data as one’s original work, including, but not limited to, the following:
      1. intentionally representing as one’s own work the work, words, ideas or arrangement of ideas, research, formulas, diagrams, statistics, or evidence of another.
      2. taking sole credit for ideas and/or written work that resulted from collaboration with others.
      3. paraphrasing or quoting material without citing the source.
      4. submitting as one’s own a copy of or the actual work of another person, either in part or in entirety, without appropriate citation (e.g., term-paper mill or internet derived products).
      5. sharing computer files and programs or written papers and then submitting individual copies of the results as one’s own individual work.
      6. submitting substantially the same material in more than one course without prior authorization from each instructor involved.
      7. modifying another’s work and representing it as one’s own work.
Students’ Rights and Responsibilities

DISCIPLINARY PROCEDURES

A. Initiation of the Disciplinary Process

A request for disciplinary action may be initiated in writing by district employees. When there is a violation of the Student Code of Conduct, the following procedures will be followed:

1. If the conduct occurred in the classroom, the instructor may remove the student from his or her class for that day and the next class meeting if the student interfered with the instructional process. Removal must be reported to the disciplinary officer immediately. If the student is a threat to self or to others, the instructor must contact Campus Police immediately. If the student removed is a dependent minor, the instructor may request that the student’s parent or guardian attend a parent conference regarding the removal. Upon removal of a student, the instructor will give the student verbal and/or written notice of the reasons for the removal.

2. If the conduct did not occur in the classroom, the district employee discovering the conduct will report the incident to the disciplinary officer and submit a written report on the appropriate form (i.e., Incident Report form). The report will include (a) date and time of the conduct, (b) location, (c) names of witnesses, and (d) a detailed explanation of the alleged misconduct.

3. When the report of alleged misconduct is sent to the disciplinary officer, the officer will evaluate the information to determine if it alleges a violation of the District’s student conduct policy and/or regulations. If the disciplinary officer determines that the report supports such allegations, a meeting will be requested with the student to provide the student an opportunity to respond to the allegations.

4. The disciplinary officer will review all documentation related to the case to make a determination if disciplinary action is required.

5. The disciplinary officer will send a notice by mail to the student charged with the violation. This notice will include a written explanation of the incident and the charges that have been made (i.e., the specific conduct involved and the specific regulation(s) alleged to have been violated.

6. The disciplinary decision is final and it is immediately in effect unless it involves termination of State and/or local financial aid, suspension, or recommendation of expulsion, in which case the student may appeal the decision to the Disciplinary Hearing Panel within ten days. In cases referred to the Panel by the disciplinary officer or in cases where the decision is appealed to the Panel, the procedures in Section V will be followed. The student may, in writing, accept the penalty of suspension or expulsion without further hearing and without admitting participation in the conduct charged.

B. Range of Disciplinary Actions

1. Verbal reprimand: A warning that the conduct is not acceptable.

2. Written reprimand: Becomes part of the student file for a minimum of five years or longer at the discretion of the disciplinary officer and is considered in the event of future violations.

3. Mental Health Clearance: Mental health clearance may be required before a student is readmitted to a particular class or allowed to be on district property. The campus chief administrative officer (or designee) must receive a letter from a licensed mental health professional stating that in his or her professional judgment, the student will no longer continue the behavior which gave rise to the disciplinary action or that the student’s presence on campus is not a threat to himself or herself or others. The mental health professional must be licensed by the State of California. The student shall bear the cost and expense of obtaining mental health clearance.

4. Disciplinary Probation: A specific period of conditional participation in campus and academic affairs, which may involve any or all of the following:
   a. Ineligibility for all student government roles;
   b. Removal from any student government position;
   c. Revocation of the privilege of participating in district and/or student-sponsored activities;
   d. Ineligibility for membership on an athletic team;
   e. Limitation of courses and/or instructors the student may take.

5. Suspension: The Board of Trustees or the disciplinary officer may suspend a student for cause as provided in Section III. Suspension may involve:
   a. Removal from one or more classes for the remainder of the academic term.
   b. Removal from all classes and activities of the District for one or more terms. During this time, the student may not be enrolled in any class or program within the District.

6. Expulsion: The Board of Trustees may expel a student for cause as provided in Section III when other means of correction fail to bring about proper conduct or when the presence of the student causes a continuing danger to the physical safety of the student or others. Expulsion will be accompanied by a hearing conducted by the Disciplinary Hearing Panel.

APPEAL PROCESS

The student has the right to appeal the decision of the instructor or the disciplinary officer.

A. Appeal of an Academic Dishonesty Decision
Ethical Principle:

Faculty Code of Ethics and Professional Standards

The following Ethical Principle and Standard of Conduct relating to the professional responsibility of faculty for students is endorsed by the Saddleback College Academic Senate. Conduct that departs from these principles is viewed by faculty as unacceptable because it is inconsistent with the mission of the college, and with the highest standards of professional conduct which we, as a faculty, are committed to maintain.

Ethical Principle:

"As teachers, professors encourage the free pursuit of learning in their students. They hold before them the best scholarly and ethical standards of their disciplines. They demonstrate respect for students as individuals, and adhere to their proper roles as intellectual guides and counselors. Professors make every reasonable effort to foster honest academic conduct and to ensure that their evaluations of students reflect each student’s true merit. They respect the confidential nature of the relationship between professor and student. They avoid any exploitation, harassment, or discriminatory treatment of students. They acknowledge significant academic or scholarly assistance from them. They protect their academic freedom." (American Association of University Professors Statement, 1990)

Standards of Conduct:

- Faculty treat all students with fairness and respect.
- Faculty encourage the free exchange of ideas between themselves and students.
- Faculty conscientiously strive to be fair and balanced in their evaluation of student work.
- Faculty should not exploit their students for personal gain.
- Faculty should be fair and objective when providing references for students.
- Faculty shall not disclose information about students obtained in the course of professional service unless disclosure serves a compelling professional purpose or is required by law.
- Faculty-student personal relationships are unethical when they hinder any student’s academic progress or create a situation in which any student is either favored or negatively impacted on grounds other than academic performance.
- Because a teacher-student relationship is inherently unequal, a member of the faculty should not enter into a sexual relationship with his/her student while engaged in a professional relationship.
- Faculty have the obligation to meet classes as scheduled, to maintain office hours, and to provide reasonable means for student access to course information.

The complete Faculty Code of Ethics and Professional Standards is available in the Administration and Governance Building (AGB), Room 121 or at www.saddleback.edu/asenate/documents_resources_links.

Drug-Free Workplace Policy

The purpose of this regulation is to implement the provisions of the Drug-Free Workplace Act of 1988 (Public Law 100-690, 41 U.S.C. 5151, et seq.), which requires federal grant recipients to provide a drug-free workplace.

The Chancellor shall:

1. Distribute the following statement to all employees:

You are hereby notified that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, as defined in Schedules I-V of Section 202 of the Controlled Substances Act (21 U.S.C. 812), is prohibited in the workplace.

You are further notified that, as a condition of your continued employment in this district which accepts federal grants, you will abide by the terms of this statement, and will notify the district of any criminal drug statute conviction (including a plea of nolo contendere), occurring in the workplace. Said notice shall be delivered no later than five (5) days after such conviction.

The district will take appropriate personnel action, up to and including dismissal, against any employee found to have violated the provisions of this statement.

2. Establish a drug-free awareness program to inform employees about:

a. The dangers of drug abuse in the workplace;

b. The district’s policy of maintaining a drug-free work place;

c. Drug counseling, rehabilitation, and assistance programs available to eligible employees through the Employee Assistance Program; and

d. The penalties that may be imposed by the district on employees for drug abuse violations.
Nondiscrimination and Harassment Policy

The South Orange County Community College District is committed to providing an academic and work environment free of unlawful discrimination and harassment. Federal and state laws and District policies afford students and employees the right to work or learn in an environment free from discriminatory intimidation, ridicule and insult.

The District prohibits illegal harassment including the acts of students, employees, and non-employees. Prompt and equitable action, including appropriate disciplinary action, will be taken against any student, employee (supervisory or otherwise), or agent of the District, who engages in such conduct. The action will be prompt, effective, and commensurate with the severity of the offense.

General Harassment

Discrimination and/or harassment based on race, color, sex, gender, gender identity, gender expression, religion, national origin, ethnic group identification, ancestry, age, physical or mental disability, medical condition, military service, sexual orientation, marital status, pregnancy, or any legally protected characteristic, or the perception that a person has one or more of these characteristics is illegal and violates District policy.

Gender-based harassment does not necessarily involve conduct that is sexual. Any hostile or offensive conduct based on gender can constitute prohibited harassment. Harassment comes in many forms, including but not limited to the following conduct:

- Verbal: Inappropriate or offensive remarks, slurs, jokes or innuendos based on a person’s race, gender, sexual orientation, or other legally protected status.
- Visual or Written: The display or circulation of visual or written material that degrades an individual or group based on gender, race, nationality, sexual orientation, or other legally protected status.
- Environmental: A hostile academic or work environment exists where it is permeated by sexual innuendo, insults or abusive comments directed at an individual or group based on gender, race, nationality, sexual orientation or other legally protected status; or gratuitous comments regarding gender, race, nationality, sexual orientation or other legally protected status that are not relevant to the subject matter of the class or activities on the job.
- Physical: Inappropriate or offensive touching, assault, or physical interference with free movement. This may include, but is not limited to, kissing, patting, lingering or intimate touches, grabbing, pinching, leering, staring, unnecessarily brushing against or blocking another person, whistling or sexual gestures. It also includes any physical assault or intimidation directed at an individual due to that person’s gender, race, national origin, sexual orientation or other protected status. Physical sexual harassment includes acts of sexual violence, such as rape, sexual assault, sexual battery, and sexual coercion. Sexual violence refers to physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability.

Sexual Harassment

In addition to the above, sexual harassment consists of unwelcome sexual advances, requests for sexual favors, and other conduct of a sexual nature when:

- submission to the conduct is made a term or condition of an individual’s employment, academic status, or progress; or
- submission to, or rejection of, the conduct by the individual is used as a basis of employment or academic decisions affecting the individual; or
- the conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile or offensive work or educational environment; or
- submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the college.

Complaint Procedures

Informal Procedures

The District strongly encourages students and staff who believe they are being harassed to file a complaint in a timely manner. Since failure to report harassment impedes the District’s ability to stop the behavior, the District strongly encourages that such complaints be made within 30 days of the alleged incident. Any complaint not involving employment may be made orally or in writing within one year of the date of the alleged discrimination or harassment.

The District has established “designated officers” who are charged with receiving complaints and coordinating their investigation. The designated officer will explain the rights and options available to the individual bringing charges of unlawful discrimination or harassment. If there is a simple misunderstanding or the individual does not wish to file a formal complaint, the individual may elect to pursue an informal resolution process. The informal process is not a prerequisite for filing a formal complaint.

An individual who feels they have been subjected to sexual assault may file a complaint with the police department in addition to any other complaint.

Individuals who believe they have been subjected to unlawful discrimination, including harassment, may report complaints to the designated officer for Saddleback College:

Vice President of Student Services
28000 Marguerite Pkwy.
Mission Viejo, California 92692
949/582-4566

Formal Procedures

If an informal process does not resolve the matter and/or the complainant wishes to pursue formal charges, he or she may elect to follow formal complaint procedures. The informal process may not be appropriate for complaints of sexual assault. Formal complaints of unlawful discrimination or harassment must be filed in writing on a form prescribed by the State Chancellor. Approved complaint forms are available from any one of the following sources:

The Office of the Vice President of Student Services
28000 Marguerite Pkwy.
Mission Viejo, California 92692
949/582-4566

The Office of the Director of Human Resources
South Orange County Community College District
28000 Marguerite Parkway
Mission Viejo, California 92692
949/582-4348 or 949/582-4850

Saddleback College - www.saddleback.edu
South Orange County Community College District - www.soccdd.edu/hr/HRforms
California Community Colleges Chancellor’s Office - www.cccco.edu
Upon receiving a formal written complaint, the District will determine whether the complaint has met the necessary requirements, which include but are not limited to whether it was filed in a timely manner, on an appropriate form, and whether it alleges unlawful discrimination as stipulated in Title 5, section 59300.

The District will investigate properly filed complaints according to procedures prescribed in Board policy. The District will complete its investigation within 90 days of receiving the complaint and report its administrative determination. The District must provide written notice to both the complainant and the State Chancellor of whether there is probable cause to sustain the charges raised in the complaint; a description of the action taken, if any, to prevent similar problems from occurring in the future; the proposed resolution of the complaint; and the complainant’s right to appeal to the District and the State Chancellor.

Further Information
For more comprehensive information about discrimination and harassment, students are encouraged to read the Harassment Policy and Complaint Procedure brochure, available in the Vice President for Student Services, Administration & Governance Building, AGB 126. The brochure is also available for downloading from the SOCCCD website: www.socccd.edu/hr/HRforms.asp.

Students may also refer to Administrative Regulation 4000.5 for more information regarding filing a complaint and investigation procedures.

Disability Discrimination
Students who have specific questions related to disability discrimination are encouraged to contact Special Services at 949-582-4885, Student Services Center, Room 113. Formal complaints may be filed in the Office of the Vice President for Student Services, ADA/504 Officer, Administration & Governance Building, AGB 126, 949-582-4566.

ADA Academic Adjustments
Students with verified disabilities who believe they have not been given reasonable academic accommodations are urged to immediately contact Special Services, 949-582-4885 (voice) or TDD 949-582-4833 to see if their concerns or issues regarding accommodation and/or district policies can be satisfactorily resolved. A copy of the Saddleback ADA Academic Adjustment Procedure is available on request.

Formal complaints may be filed in the Office of the Vice President for Student Services, ADA/504 Officer, Administration & Governance Building, AGB 126, 949-582-4566.

According to the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973, individuals with disabilities may file a complaint with the Office for Civil Rights, U.S. Department of Education.

Grade Grievance Policy
I. General Provisions
A. Grade Grievance
By law, the instructor is solely responsible for the grades assigned; no instructor may be directed to change a grade except in certain narrow circumstances authorized by California Education Code, Section 76224(a).

B. California Education Code Section 76224(a)
When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final.

This policy provides the procedures for challenging grades given in any course of instruction offered in the District. This policy does not apply to the following:

1. The challenge process for prerequisites, corequisites, advisories, and limitations on enrollment.
2. Student discipline.
3. Employee discipline.
4. Challenges to established district policies and administrative regulations.
5. Financial claims against the District.

II. Definitions
A. Mistake: an unintentional act, omission or error by the instructor or the college.
B. Fraud: a deception deliberately practiced in order to secure unfair or unlawful gain.
C. Bad Faith: an intent to deceive or to act in a manner contrary to law and/or a grade assigned because of a student’s verified disability.
D. Incompetence: a lack of ability, legal qualification, or fitness to discharge a required duty.
E. Day: Unless otherwise provided, day shall mean any day on which the District administrative offices are open for business. The deadlines contained herein may be modified by mutual agreement of the parties.
F. Student: A currently enrolled student or a former student. Former students shall be limited to grievances relating to course grades to the extent permitted by Education Code Section 66270 and Title 5, California Code of Regulations, Section 59300 et seq. If, pursuant to the discrimination and harassment complaint procedure it is determined that a grade was the result of discrimination or harassment the grade may be changed as a remedy for the discrimination or harassment.
G. Respondent: Any person claimed by a grievant to be responsible for the alleged grievance.
H. The College President: The President of the College or a designated representative of the College President.
I. Ombudsperson: The College President shall appoint an employee who shall assist students in seeking resolution by informal means. This person shall be called an ombudsperson.

III. Informal Resolution
Any student who believes he or she has a grade grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to resolve the problem with the faculty member with whom the student has the grievance or that person’s dean or designee. If informal resolution of the problem is not possible, the student may elect to pursue a formal grievance pursuant to the procedures herein.

IV. Formal Grievance Process
A. Written Statement of Grievance
Any student who believes he or she has a grade grievance shall file a written, signed Statement of Grievance form stating the basis for the grade grievance with the appropriate dean or designee no later than 45 days after the student knew or should have known of the grade in the course. The dean or designee shall provide a copy of the written Statement of Grievance form to the affected faculty member within 5 days after the form has been filed. The Statement of Grievance must be filed whether or not the student has initiated efforts at informal resolution, if the student wishes the grievance to become official. The faculty member shall not engage in any conduct that may be construed as retaliation for filing the grievance. Filing a grievance is a protected activity.

B. Request for a Grievance Hearing
The student may request a grievance hearing after the written Statement of Grievance form has been filed. A request for a grievance hearing shall be filed with the appropriate dean or designee on a Request for Grievance Hearing form within 30 days after filing the Statement of Grievance.
The student may withdraw his/her written Statement of Grievance and/or Request for a Grievance Hearing at any time. The notice of withdrawal shall be in writing and filed with the appropriate dean or designee. The dean or designee shall notify the affected faculty member in writing within 5 days that the student has withdrawn the grievance and no further action may be taken.

C. Grievance Hearing Panel

1. The Grievance Hearing Panel shall consist of the appropriate dean or designee, a representative appointed by the Associated Student Government and a faculty member appointed by the Academic Senate.

2. Within 15 days following receipt of the Request for Grievance Hearing, the Hearing Panel shall meet to select a Chair and to determine on the basis of the statement of grievance whether there is sufficient grounds for a hearing.

3. The determination of whether the statement of grievance presents sufficient grounds for a hearing shall be based on the following:
   a. The statement of grievance contains facts which, if true, would constitute a grievance under these procedures and;
   b. The grievant is a student as defined in these procedures and;
   c. The grievant is personally and directly affected by the alleged grievance and;
   d. The grievance was filed in a timely manner and;
   e. The grievance is not, based on the allegations contained in the written grievance, frivolous, without foundation or filed for the purposes of harassment. In determining whether a grievance is frivolous, without foundation or filed for purposes of harassment, the panel shall not at this phase, consider facts outside the grievance.

4. If the Grievance Hearing Panel determines that the written statement of grievance does not meet each of the aforementioned requirements, within 5 days of the hearing panel decision, the chair shall notify the student in writing that the request for a grievance hearing has been rejected. The notice shall contain the specific reasons for the rejection of a hearing and the procedures for appeal (See Section V.A. 1 herein).

5. If the Grievance Hearing Panel determines that the written Statement of Grievance meets each of the aforementioned requirements, the Chair shall schedule a grievance hearing no later than 45 days from the decision of the Hearing Panel. All parties to the grievance shall be notified in writing by the Chair of the date, time and location of the grievance hearing 10 days prior to the grievance hearing.

D. Hearing Procedures

1. The decision of the Grievance Hearing Panel Chair shall be final on all matters the conduct of the hearing unless there is a vote of a majority of the other members of the panel to the contrary.

2. Each party to the grievance may call witnesses and introduce oral and written testimony relevant to the issues alleged in the grievance. Formal rules of evidence shall not apply. Any relevant evidence shall be admitted. The parties shall exchange exhibits and lists of witnesses 5 days prior to the hearing.

3. Unless the Grievance Hearing Panel determines to proceed otherwise, each party to the grievance shall be permitted to make an opening statement. Thereafter, the grievant shall make the first presentation, followed by the respondent. The grievant may present rebuttal evidence after the respondent’s evidence. The burden shall be on the grievant to prove by a preponderance of the evidence that the facts alleged are true and that a grievance has been established as specified above.

4. Each party to the grievance may represent himself or herself or may be represented by a person of his or her choice. A party shall not be represented by an attorney unless notification is presented to the Chair 10 days prior to the date of the hearing. If one party is permitted to be represented by an attorney, any other party shall have the right to be represented by an attorney. The Chair of the Hearing Panel may continue the hearing in order to accommodate counsel upon a showing of good cause. The Hearing Panel may also request legal assistance through the College President. Any legal advisor provided to the Hearing Panel sits in an advisory capacity but shall not be a member of the Panel nor vote with it.

5. Hearing shall be closed and confidential. Witnesses shall not be present at the hearing when not testifying.

6. The hearing shall be recorded by the Hearing Panel Chair by recording or stenographic recording and this document shall be the only recording made of the proceedings. No witness who refused to be recorded may be permitted to give testimony. At the onset of the hearing the Chair shall ask each person present to identify themselves by name and thereafter shall ask witnesses to identify themselves by name. The recording shall remain in the custody of the College at all times, unless released to a professional transcribing service. Any party may request a copy of the recording at their own expense.

7. All testimony shall be taken under oath administered by the Chair. Written statements of witnesses under penalty of perjury shall not be used unless the witness is unavailable to testify. A witness who refuses to be tape recorded shall be considered to be unavailable.

E. Hearing Panel Decision

Within 15 days following the close of the hearing, the Grievance Hearing Panel shall prepare a written decision which shall include specific factual findings regarding the grievance and the specific conclusions regarding whether a grievance has been established as defined above. Where appropriate the decision shall articulate the factual basis for any credibility determinations necessary to the panel’s decision. The Hearing Panel decision shall also include a specific statement regarding the relief to be afforded the grievant if any. The Hearing Panel decision shall be based only on the record of the hearing, and not on matters outside the record. The record consists of the written Statement of Grievance, any written response by the respondent and the oral and written evidence produced at the hearing.

V. Appeal Process

A. Written Statement of Appeal

1. Within 10 days following the Grievance Hearing Panel decision regarding the merits of the grievance, any party to the grievance may file a written Statement of Appeal with the College President. The written Statement of Appeal shall state the specific basis for the appeal and shall be sent to all parties.

2. All parties may submit a written response to the appeal to the College President within 10 days of the filing of the written Statement of Appeal.

3. The College President shall review the record of the hearing and the documents submitted in connection with the appeal, but shall not consider any matters outside the formal record. The College President may decide to sustain, reverse or modify the decision of the Grievance Hearing Panel. The College President’s decision shall be in writing and shall include a statement of reasons for the decision. The College President’s decision shall be final.

4. The decision on appeal shall be reached within 20 days after receipt of the appeal documents. Copies of the College President’s decision shall be sent to all parties.
5. Within 10 days following the Grievance Panel’s decision regarding whether the Statement of Grievance warrants a formal Grievance Hearing, any party to the grievance may file a written Statement of Appeal with the College President. The College President shall review the Statement of Grievance and the Request for a Grievance Hearing in accordance with the requirements for a grievance provided herein but shall not consider any other matters. The College President’s decision whether to grant a grievance hearing shall be final and not subject to further appeal. The filing of an appeal pursuant to this provision shall stay all proceedings on the underlying grievance until a decision is reached by the College President. If the College President’s decision is that the matter shall proceed to a hearing the time lines shall be extended by the period of time the matter was under consideration with the College President.

Catalog Rights and Continuous Enrollment (effective Fall 2009)

Catalog Rights

Because course requirements for degree and certificate completion may change from one catalog year to the next, students may establish “catalog rights” when they first take classes at Saddleback. Establishing catalog rights protects the student from being held for additional requirements that may be added to a later catalog. Policies printed in the college catalog are in effect for the academic year, Fall, Spring, and Summer.

Beginning in Fall 2009, the number of years allowed for students to complete a certificate or degree program and maintain catalog rights from when they first took classes at Saddleback College will be no more that six years.

Students who were enrolled prior to Fall 2009 shall be afforded the catalog rights from when they first took classes at Saddleback College, if they have met the standards for continuous enrollment given below.

For the purposes of meeting graduation or certificate requirements, students may elect to meet the requirements of any of the following, provided they maintain continuous enrollment and meet the six year time frame for certificate and degree program completion:

1. The catalog was in effect at the time they began taking courses at Saddleback College, or
2. Any catalog that is or has been in effect during the time that they have maintained continuous enrollment before graduation, or
3. The catalog that is in effect at the time they file an application for a degree or certificate.

Continuous Enrollment

Students maintain catalog rights by maintaining continuous enrollment in the South Orange County Community College District- that is by receiving a letter grade of “A”, “B”, “C”, “D”, “F”, “P” (NC), “RD”, “W”, “MW”, or “I” on their transcripts for at least one course per academic year.

Catalog rights apply only to Saddleback College graduation and program requirements. If other institutions change their requirements for entrance, graduation, satisfaction of general education patterns, or in other ways, it may be necessary for the student to meet the new requirements upon transfer, even if continuous enrollment has been maintained.

Unless otherwise requested by the student on the Petition for Graduation, the catalog used to determine eligibility will be the catalog in effect at the time the student began continuous enrollment at Saddleback College.

Documented military or medical leave will not be considered an interruption of enrollment. Absence related to an approved educational leave or for attendance at another accredited institution of higher learning is not considered an interruption, providing the absence does not exceed two years.

Some programs require that students complete specific courses within an established time frame. In such cases, recency requirements supersede catalog rights.

Student Right-to-Know Disclosure

In compliance with the Student Right-to-Know and Jeanne Clery Act, it is the policy of Saddleback College to make available its completion and transfer rates to all current and prospective students.

Information about Student Right-to-Know rates for Saddleback College and how they should be interpreted can be found at the California Community Colleges’ “Student Right-to-Know Information Clearinghouse website” located at www.cccco.edu/divisions/tris/mis/srkk.

Parking

Complete parking rules and regulations are available in the Campus Police Department (Parking Lot 2).

The following portion of these parking regulations provides important information.

Article III: Speed Regulations

Section 301: No person shall operate a motor vehicle or bicycle within the confines of Saddleback College campus at a speed greater than 15 miles per hour or as posted, except for emergency vehicles.

Section 302: No person shall operate a motor vehicle or bicycle at a speed greater than is reasonable or prudent.

Article IV: Parking Regulations

Section 401: Painted curbs are an indication of restricted parking and the color denotes the type of parking allowed. The following color code is adopted:

a. Red Zone - indicates no parking or stopping anytime whether the vehicle is attended or not.

b. Yellow Zone - indicates an area for loading and unloading of vehicles and the parking of service vehicles.

c. Green Zone - indicates a parking time limit of 15 minutes.

d. Blue Zone - indicates handicapped person’s parking area only by permit.

Section 402: No person shall park in an area posted or marked “Handicapped Parking by Permit Only” unless a valid handicapped permit is properly displayed on the vehicle.

Section 403: No person shall park in an area posted or marked “Parking by Permit Only” unless a valid parking permit is displayed on the vehicle.

Section 404: No student, faculty or staff member shall park in an area posted or marked “Visitor Parking Only.”

Section 405: No person shall stop, park, or leave standing any vehicle in any area posted or marked “No Parking,” regardless of whether or not the vehicle is attended.

Section 406: No person shall stop, park, or leave standing any vehicle in any area where the curb is painted red, regardless of whether or not the vehicle is attended.

Section 407: When signs or markings which prohibit or limit parking are erected on any street, road, or area, no person shall park or leave standing any vehicle upon such a street, road, or area.

Students’ Rights and Responsibilities
Section 408: No person shall park or leave standing a motor vehicle on the interior of any campus or on any sidewalk, pathway, landscaped area, or field that is not designed for parking.

Section 409: No person shall park or leave standing on any campus a motor vehicle that blocks any traffic lane, roadway, or parking lot.

Section 410: Motorcycles and bicycles must be parked in designated areas.

Section 411: All vehicles shall be parked clearly within a designated parking stall.

Section 412: All vehicles shall be parked heading into a parking stall.

Section 413: Meter payment is required for parking in metered spaces during the hours posted on the meters. Parking permits do not authorize parking in metered spaces.

Section 414: No vehicle shall be left parked on campus after 11 p.m. or before 6 a.m., except by special permit.

Article V: Abandoned Vehicles

Section 501: No person shall abandon or leave standing any vehicle on any campus for 72 or more consecutive hours. All such vehicles will be stored under authority of Section 21113A of the California Vehicle Code.

Section 502: Any person who abandons a motor vehicle on any campus will be responsible for all towing and storage charges.

Parking Permits

Section 601: All parking permits will be issued under the authority of the Department of Campus Safety and Security.

Section 602: A valid parking permit must be visibly displayed and securely attached on any vehicle parked in a numbered parking lot (metered spaces excepted) during posted hours: Sunday through Saturday, 7 a.m. to 10 p.m. Students may exchange hanging permit for static-cling permit at Campus Safety.

Section 603: Staff Parking Permits for automobiles and motorcycles will be issued to employees of the South Orange County Community College District, excluding student help and college work/study students. All employees who qualify for Staff Parking Permits will be required to renew their staff parking permits annually/semester, not later than the first day of classes each semester. These parking permits will allow parking in areas posted or marked “Staff Parking by Permit”. These permits are not valid in metered areas. Staff Parking Permits may be purchased from the Department of Campus Safety and Security at Saddleback College or from the Office of Student Services at Irvine Valley College.

Section 604: Student Parking Permits will allow parking in areas posted or marked “Student Parking by Permit”. These permits are not valid in metered areas. Student Parking Permits may be purchased during the student registration process or from the Department of Campus Safety and Security at Saddleback College or from the Office of Student Services at Irvine Valley College.

Section 607: Disabled Parking Permits—Persons who are disabled will be issued a disabled parking permit. The disabled parking permit will allow persons to park in the restricted handicapped areas or in any other legal parking stall on campus. Application for a disabled parking permit may be obtained from the Special Services department. Applications or renewal of these permits shall be supported by a statement of the physician indicating probable time of disability. Upon the approval of an application by the Special Services department of Saddleback College, the Special Services Department will issue a disabled parking permit. Application for this permit must be made each semester and a new parking permit obtained by the first day of class each semester.

Section 608: Medical Parking Permits—Persons who are not disabled, but have medical problems that would require special parking, may apply for a medical parking permit at the Student Health Center of Saddleback College. Applications or renewal of these permits must be supported by a statement of the physician indicating probable time of the medical problem. Persons who are disabled may apply to Special Services for parking accommodations. Upon the approval of such an application by the Special Services department of Saddleback College, Special Services will provide documentation for Campus Security to issue a parking permit. This medical parking permit allows parking in areas posted “Staff Parking by Permit”. Application for this permit must be made each semester and a new parking permit obtained by the first day of class each semester. These permits are not valid in metered areas.

Section 609: Parking Permits—Every vehicle which occupies a space designated for an automobile, motorcycle or motor scooter must display a valid permit during posted hours of control.

For students who have a convertible or open top jeep vehicle, go to Campus Police and your vehicle will be recorded on our ‘auto soft top’ list. You must purchase a valid parking permit, but will not be required to display your permit when the top is down. Permits must be available if requested by an officer.

Section 611: Permit Issuance—There is a charge for parking permits. Applications for permits are available in the Department of Campus Safety and Security at Saddleback College or in the Office of Student Services at Irvine Valley College. Permits will be issued upon receipt of a completed parking application and the appropriate fee by the Department of Campus Safety and Security at Saddleback College or the Office of Student Services at Irvine Valley College. Parking fees are subject to change.

Article VII—Schedule of Parking Fees

1. Student vehicles:
   (a) Automobiles
      $30/Fall Semester
      $30/Spring Semester
      $15/Summer Session
      $60/Annual—Only available for purchase during the Fall semester. If a student plans to enroll for the Fall and Spring semesters and for the Summer session within the same academic year, the student may elect to purchase an annual parking permit. Annual parking permits are valid throughout the academic year.
   (b) Motorcycles
      $10/Fall Semester
      $10/Spring Semester
      $5/Summer Session
      $1/with current auto permit
   (c) Short-term Parking— all motor vehicles
      $2.00/Day Permits can be purchased at the Daily Parking Permit dispenser machines located in lots 1, 5A, 10, and 13.

2. Parking Meters:
   $0.50 per hour/2 hour max

Day parking permits can be purchased for $2.00 at any one of the four yellow permit dispenser machines located at the Medical Center Drive campus entrance next to the flag pole; at the north end of parking lot 10, at LOT 5A (Near Tennis Courts); and at parking lot 1. Timed metered parking is available at the north end of lot #9 at a rate of $0.50 per hour.

Public Transportation

The Orange County Transit District operates several bus routes to and from Saddleback College. Monthly passes may be purchased from the college bookstore. Special rates are available for the physically handicapped.
Academic Regulations

Grading Policy
In Sections 55020 to 55025 of the California Code of Regulations (Title 5), the Board of Governors of the California Community Colleges mandates a grading policy for all California Community Colleges. In compliance with this mandate, the South Orange County Community College District Board of Trustees has established the following provisions under Board Policy S300 entitled “Grading Policy.”

Academic Record Symbols and Grade-point Average (GPA)

<table>
<thead>
<tr>
<th>Evaluative Symbol</th>
<th>Meaning</th>

<td></td>
</tr>
</tbody>
</table>

Non–Evaluative Symbol
I Incomplete academic work for unforeseeable and justifiable reasons at the end of the term may result in an “I” symbol being entered in the student’s record. The condition for removal of the “I” and the grade to be assigned in lieu of its removal is stated by the instructor in a written record at the conclusion of the class. A copy of the record is given to the student and the original is filed in the Office of Admissions and Records. A final grade is assigned when the work stipulated has been completed and evaluated or when the time limit for completing the work has passed. The “I” may be made up no later than one year following the end of the term in which it was assigned. A student may petition for an extension of time due to unusual circumstances before the time limit has passed. Petitions may be submitted to the Office of Admissions and Records.

The “I” grade is not used in calculating the grade-point average but excessive “Is” are used as a factor in progress probation and dismissal procedures.

W Withdrawal from class or classes shall be authorized through 65% of a term. The academic record of a student who remains in a class beyond 65% of a term must reflect a symbol as authorized in this section, other than a “W.” Students are limited to a total of four withdrawals in a given course. No notation (“W” or other) shall be made on the academic record of a student who withdraws during the first 20% of the course.

Withdrawal between the 20% and 65% of a term, shall be recorded as a “W” on the student’s record.

The “W” shall not be used in calculating grade-point averages, but excessive “Ws” shall be used as factors in progress probation and dismissal procedures.

A student may request permission to withdraw from a class after 65% of the length of the class by following the petition procedure in the Office of Admissions and Records. All requests for this exception shall include complete written details of the circumstances and only extreme emergency reasons clearly beyond the control of the student shall be considered.

Petitions for this exception must be received within the 45-day window for grade appeal after final grades are posted for a given semester.

MW The “MW” symbol shall be used for students who are members of an active or reserve military service and receive orders compelling a withdrawal from courses. Upon verification of such orders, this symbol may be assigned at anytime during the term with no adverse impact on the student’s academic record or enrollment status. This grading option is retroactive to January 1, 1990.

IP The “IP” symbol is used to denote that the class extends beyond the normal end of an academic term. It indicates that work is “in progress,” and that assignment of a substantive grade must await its completion. The appropriate evaluative grade and unit credit appear on the student’s record for the term in which the course is completed. The “IP” is not used in calculating the grade-point average.

Grade Notification
Grades are available online soon after they have been submitted to the Office of Admissions and Records. Students may view their grades on “MySite”. Grades are not available by mail or telephone.

Pass/No Pass (Formerly Credit/No Credit)
Students have the option to be evaluated on a Pass/No Pass (Credit/No Credit) grading basis except in courses restricted from use of these evaluative symbols and so designated in the college catalog. Students must declare the Pass/No Pass option within the first 30 percent of the class by changing the Pass/No Pass option through online registration. Nursing courses may not be taken for a Pass/No Pass grade unless no other grading option is available.

Certain courses may be evaluated only on a Pass/No Pass grading basis. Such courses will be so designated in the college catalog and clearly indicated in the Schedule of Classes.

A “Pass” (P) grade indicates satisfactory (“C” or better) work in the class and units awarded with such a grade. No grade-points are assigned, however, and the grade is not used to compute the grade-point average.

A “No Pass (NP) grade indicates less than satisfactory work (“D” or “F”) and with such a grade, no units are earned nor is the grade used to compute the grade-point average.

Note: In lieu of the traditional letter grade, the “PNP” option is offered so that students may explore subject areas of interest outside of their major areas of competence or known abilities without being overly concerned by a grade or jeopardizing their grade-point average. There are a number of factors to consider before making the decision to opt for completion of a course on a Pass/No Pass basis especially for transfer students:

— Taking a course on a Pass/No Pass basis is not similar to auditing. Students are held to attendance regulations and must complete all examinations and required coursework.

— Some colleges and universities specify that courses required for a major or general education be completed on a graded (A–F) basis.

— Students transferring to a UC campus who are required to complete 60 units of coursework with a grade-point average of 2.4 prior to admission must complete at least 42 of the required units on a graded (A–F) basis. Courses to remedy a University of California admissions deficiency are not acceptable if completed on a “pass” (credit) basis.

— Students planning to apply to competitive admissions programs should complete specifically required courses on a graded basis.

— No Pass (NP) (No Credit) grades are considered by the South Orange County Community College District in determination of progress probation (refer to regulations describing probation/dismissal under scholarship standards).
— Students planning to graduate from the South Orange County Community College District must establish a minimum 2.0 grade-point average of 12 units in residence.
— Standards for Dean’s List or other academic honors are based on letter-graded courses.

Course Repeatability and Repetition

(Also see Registration and Announcement of Courses sections of this catalog)

State regulations govern the number of times a student may repeat a course within a community college district. The number of times a student may re-enroll in a course is based on whether the course is designated as “non-repeatable” or “repeatable.” Any student registering to repeat a course not identified as repeatable or repeating a course more often than permitted may be dropped from the course.

Non-Repeatable Courses

Most courses are designated as “non-repeatable” and may be taken only once if the student receives a passing grade (A, B, C, P or CR) or receives an Incomplete. A course may be repeated twice when the student has earned a substandard grade (D, F, NP or NC) or has withdrawn from the course with a W on their transcript.

This limitation applies for non-repeatable courses within the District which includes Saddleback and Irvine Valley Colleges. Additional retakes beyond the maximum allowed may be permitted on a very limited basis through the formal petition process at the Office of Admissions and Records. (See Special Circumstances)

Repeatable Courses

Some courses in which skills may be enhanced with additional instruction may be repeated. These courses are designated with an “R” code and a number indicating the number of times the course may be repeated. For example, a course with the code “R-E-3” may be repeated three times regardless of whether the student receives a substandard grade or W. The repeat codes for each course are listed in the college catalog following the course description. Courses with no code are not repeatable. (See “Announcement of Courses”).

If a course is identified as a repeatable course and a student receives a substandard grade of D, F, or NP (NC), the course repeat limitations do not change.

Repetition to Alleviate Previously Earned Substandard Grade

To alleviate a substandard grade in calculating the GPA from a non-repeatable course, the student should retake the same course at Saddleback College or take an equivalent course at Irvine Valley College. The student must ensure that the IVC course to be repeated is deemed equivalent prior to taking it by consulting with a counselor at Saddleback College.

A student may request to have the substandard grade disregarded in the computation of their GPA by submitting a Request for Course Repeatability Update to the Office of Admissions and Records. The form is available to download from the Admissions website at www.saddleback.edu/admissions/forms.html.

The previously recorded course and grade will remain on the student’s transcript and the transcript will show which course was excluded for purposes of grade point calculation. Only the most recent course grade earned will be used in calculating the student’s grade point average. A maximum of two previous grades per course may be disregarded in computing the student’s grade point average. All previous work will remain on the student’s transcript to ensure a true and complete academic history.

Repetition for Special Circumstances

Significant Lapse of Time

In certain cases, students may petition to repeat a course one additional time due to a significant lapse of time. To be considered for this special exception, the student must have taken the course three years ago or longer and have received a satisfactory grade the last time they took the course. Other conditions may apply. Students may file an Academic Appeal Form for course repetition in the Office of Admissions and Records. The form may be downloaded at www.saddleback.edu/admissions/forms.html and must be filed two weeks prior to the semester in which the student seeks the course repetition.

Extenuating Circumstances

Students may petition to repeat a course one additional time due to extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the control of the student. Students may only be approved for this reason one time per course. Students may file an Academic Appeal Form for course repetition in the Office of Admissions and Records. The form may be downloaded at www.saddleback.edu/admissions/forms.html and must be filed two weeks prior to the semester in which the student seeks the course repetition.

Legally Mandated Training

Students may repeat courses to meet legally mandated training requirements which are conditions of continued paid or volunteer employment. Each repetition will be counted in the student’s grade point average.

Special Class Repeatability

Pursuant to state and federal nondiscrimination laws, repetition of special classes designed to provide accommodations to a student’s educational limitations may be permitted when:

a. the student’s continuing success in general and/or special classes is dependent on additional repetitions of that specific special class
b. Additional repetitions of a specific special class are essential to completing the student’s preparation for enrollment into other special or regular classes
c. The student has a student educational contract which involves a goal other than completion of the special class in question and repetition of the course will further achievement of that goal.

NOTE: State regulations regarding repeatability are currently under review. Changes are anticipated and will be reflected in the online version of the Saddleback College Catalog. See your counselor or the Office of Admissions and Records for information.

Scholarship Standards

Dean’s List

Students who achieve a grade point average of 3.25 or higher in 12 units* or 3.5 in at least 6 units of letter-graded courses in any one semester will be eligible for the honor of being placed on the Dean’s List. Continued excellence in scholarship may result in graduation with honors. For the Dean’s List certificate check with the Office for the Vice-President for Instruction, AGB 109 at 949-582-4795.

*For DSPS students full-time equivalency may differ, please contact the DSPS office at 949-582-4750.
Academic Honors At Graduation

In recognition of academic excellence for associate degree programs, students are awarded graduation honors as follows:

- Summa Cum Laude: 4.0 GPA
- Magna Cum Laude: 3.75 to 3.99 GPA
- Cum Laude: 3.50 to 3.74 GPA

Graduation honors are calculated using all academic work completed. This includes all work completed within the South Orange County Community College District and all work for which an official transcript has been received from other accredited institutions.

In addition, in order to qualify, students must have completed 24 semester units of letter-graded work at Saddleback College.

Graduation honors will be indicated in the commencement program and on the student’s diploma and transcript. However, for candidates (those students with final grades pending), the commencement program will note “candidate,” as their degrees and honors have not yet been confirmed. When final grades are determined, a recalculation of grades will be completed and, if the student qualifies, the graduation honor will be noted on the diploma.

Probation

Academic Probation

A student who has attempted at least 12 semester units at Saddleback College and/or Irvine Valley College is placed on academic probation when the earned grade point average in all units attempted is less than 2.0.

Progress Probation

A student who has enrolled in at least 12 semester units at Saddleback College and/or Irvine Valley College is placed on progress probation when the percentage of all units in which he/she has enrolled and for which entries of “W,” “I,” and “NP” (NC) are recorded reaches or exceeds 50 percent.

It is the responsibility of the student who has been placed on academic or progress probation to confer with a counselor regarding the probationary status and/or to use the services provided by the college including basic-skills courses, tutoring services, and faculty conferences. The college reserves the right to require counseling and regulation of the student’s program on the basis of his/her achievement.

Removal From Probation

Academic Probation

A student on academic probation for a grade-point deficiency shall be removed from probation when the student’s accumulated grade point average is 2.0 or higher.

Progress Probation

A student on progress probation because of an excess of units in which entries of “W,” “I,” and “NP” (NC) are recorded shall be removed from probation when the percentage of units in this category drops below 50 percent.

Dismissal

A student whose cumulative grade point average falls below 1.75 in three consecutive semesters at Saddleback College and/or Irvine Valley College shall be subject to dismissal.

A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of “W,” “I,” and “NP” (NC) are recorded in three consecutive semesters reaches or exceeds 50 percent.

A combination of low scholarship and continued progress probation for three consecutive semesters also may result in dismissal.

Suspension of VA Benefits Due to Probation

Saddleback College is responsible for enforcing the Department of Veterans Affairs’ (DVA) standards of academic progress. These standards require the college Veterans Office to suspend the VA education benefits of students who are on academic or lack-of-progression probation for two consecutive semesters. The college Veteran’s Office is also required to notify DVA whenever a student’s VA benefits have been suspended for lack of academic progress.

VA benefits reinstatement: A student who remains in the same academic program will have their VA education benefits suspended until they take a minimum of 6.0 units in a future semester (without VA benefits) and achieves a semester GPA of at least 2.0 that semester. The student must also have written evaluation completed by an academic counselor. The evaluation must certify that the student has a reasonable chance of academic success in future semesters. A student who changes their academic program must satisfy more stringent criteria, including submission to VA of a request for reinstatement of benefits. Please call the college Veterans Office at (949) 582-4871 for further details.

Readmission After Dismissal

Students who have been dismissed from may apply for readmission after one semester of non-attendance by following the petition procedure in the Office of Admissions and Records. Students who are readmitted and fail to maintain a grade point average of 1.75 or higher during the semester following readmission will be subject to permanent dismissal.

If circumstances warrant, exceptions may be made by recommendation of a special committee appointed to review such cases and by approval of the college president.

Academic Renewal

Students may petition to have their academic record reviewed for academic renewal of substandard academic performance in consecutive terms under the following conditions:

- Students must have achieved a grade point average of 2.5 with a minimum of 30 semester units at regionally accredited colleges or universities subsequent to the substandard work in question.
- Students must not have requested or have been granted academic renewal within the SOCCCD.
- Only work completed three years or more before the date of petition may qualify for academic renewal.
- Previous substandard work will be disregarded only by the term, not the individual course; that is, all courses completed in a given term will be disregarded, including those for which the student received a passing grade.
- Only substandard semesters (below 2.0) may be considered for renewal.
- A maximum of two semesters of full-time work or 30 units of part-time work may be disregarded.
- Academic renewal may not be granted for a semester containing coursework used as a requirement for a degree, certificate, or skills award to the student within the SOCCCD.
- Under certain circumstances, students may be allowed to have previously completed coursework disregarded in the computation of their cumulative grade point average (GPA). This process is known as Academic Renewal and is defined in accordance with Title 5, California Code of Regulations, Section 55046. Students may petition to have their record reviewed for academic renewal of substandard academic performance in consecutive semesters under the following conditions:
• A student may request academic renewal only once.

The procedures are as follows:
1. A petition must be filed in the Office of Admissions and Records.
2. Accompanying the petition must be evidence that (a) previous work in question was substandard (less than C or the equivalent), and (b) the previous substandard work does not reflect the student's current performance or capabilities.
3. The Registrar of Admissions, Records, and Enrollment Services is the designated authority for approval of academic renewal.

Academic renewal actions are irreversible. When academic renewal procedures permit previously recorded substandard coursework to be disregarded in the computation of a student's grade point average, the student's permanent academic record must contain an accurate record of all coursework to ensure a complete academic history. Academic renewal by the SOCCCD does not guarantee that other institutions will approve such actions. This determination will be made by the respective transfer institutions.

Academic renewal procedures shall not conflict with the District's obligation to retain and destroy records or with the instructor's ability to determine a student's final grade.

Load Limit

Students will be allowed to carry a maximum of 19 units, not including work experience or independent study. In order for a student to be considered for an overload, he/she must have a cumulative 3.0 grade point average and must petition the Counseling Office beginning the first day of classes each semester. Petitions are available in the Counseling Office.

Saddleback College does not specify a minimum load except when the student must meet certain eligibility requirements such as financial aid, student employment, Social Security certification, Veteran's enrollment certification, insurance eligibility or athletic eligibility. Eligibility for Veteran's benefits requires enrollment in the required units for each week of the certification period. The load requirement is as follows:

| Full-time | 12 or more units |
| Three-fourth time | 9 - 11.5 units |
| One-half time | 6 - 8.5 units |

An average of 15-16 units each semester is necessary for a student to graduate within a two-year period.

Remedial Coursework Limit

No more than 30 semester units of credit may be awarded to a student for remedial coursework. Courses in this category include English reading and writing courses one level below transfer-level composition (ENG 1A) and mathematics courses below beginning algebra (MATH 251).

The following students are exempted from this limitation:
1. Students who are enrolled in one or more courses of English as a Second Language.
2. Students identified as having a learning disability.

The college may grant a waiver to the 30-unit remedial course limitation to any student who demonstrates significant and measurable progress toward the development of skills needed for successful enrollment in college-level courses. Waivers are given only for specified periods of time or specified numbers of units.

Students who have exhausted the unit limitation will be referred to appropriate noncredit adult-education programs.

Access to Records and Release of Information

The congressional legislation entitled The Family Educational Rights and Privacy Act is designed to protect the privacy of student information.

In compliance with this law, the college provides students access to specified official records directly related to the student and an opportunity to challenge such records on the grounds that they are inaccurate, misleading, or otherwise inappropriate, while providing for the challenge of the actual grade received.

The college will not release, except by subpoena from state, local, and federal government officials, personally identifiable data about students without their prior written permission. The following directory items are exceptions to this policy.

Saddleback College regards as public information:
1. Student participation in officially recognized activities and sports including weight, height, and high school of graduation of athletic team members.
2. Degrees and awards received by students, including honors, scholarship awards, athletic awards and Dean's List recognition.
3. Dates of attendance.
4. Photo ID
5. Enrollment status

Students who do not wish to have the above directory information released must submit a written request to the Director of Admissions, Records, and Enrollment Services.

Students wishing to challenge information in their files should contact the Vice President for Student Services, who will cause a hearing to be held.

A standard fee has been established to cover the cost of furnishing copies of some college records to the student. Students wishing to have a copy of other records will be furnished copies at the actual reproduction cost except when copies of transcripts of coursework completed at other institutions must be obtained from those institutions.

The act applies to educational records only and does not include administrative records.

Attendance

Students are expected to attend classes regularly. Failure to attend classes may be taken into consideration by instructors in assigning grades.

Students who fail to attend the first meeting of any class for which they have officially enrolled may be dropped by the instructor unless prior arrangement has been made with the instructor.

Students who officially enroll in a class may be dropped by the instructor no later than the completion of 65% of the class.

Instructors may drop a student from a class when he/she is absent for a total of two cumulative instructional hours per credit unit or after six cumulative instructional hours.

It is the student's responsibility to drop classes he/she is no longer attending.

Final Examinations

Final examinations are held in all subjects according to the schedule that is published by the Office of the Vice President for Instruction each semester. No student will be excused from any final examination without approval from the Office of the Vice President for Instruction.
Honors Program

Philosophy and Rationale

Saddleback College seeks to serve a broad range of student needs, abilities, and interests. The rationale for an Honors Program is thus firmly rooted in the commitment of the college to provide high quality educational opportunities to students at all levels, including those students who have demonstrated or show promise of high academic achievement.

Characteristics

The Honors Program consists of enriched coursework specifically designed to develop exceptional talent and ability in highly motivated students. Honors courses provide greater flexibility in format and instructional methodologies through close interaction with Honors Program faculty and mentors.

The Honors Curriculum

The Honors Program offers a variety of courses to meet both academic and occupational needs. Honors students are required to complete a minimum of 15 units of honors courses, including three core courses. Honors students are individually guided in putting together a selection of courses that suit their particular needs and satisfies the requirements of the Honors Board.

Core courses: ENG 1A or ENG 1B (Principles of Composition) (H)
HUM 10A (Culture, Science, Society I)
HUM 10B (Culture, Science, Society II)

In addition to the core courses required of all honors students, two (or more) courses (six units) must be chosen from Honors course offerings. Successful completion of the program will result in a certificate of completion, a special honors designation on the transcript, and special recognition at commencement. Honors courses are specified as such on all Saddleback College transcripts whether or not a student completes the entire program. The program has the following offering in its growing portfolio as of June 2012. Check the schedule of classes for availability of courses designated as “Honors” in any given semester:

- ANTH 1 (Biological Anthropology)
- ANTH 2 (Cultural Anthropology)
- ART 25 (Survey of Art History: Ancient Worlds to Gothic)
- ART 26 (Survey of Art History: Renaissance to Modern)
- BIO 20 (Introduction to Biology)
- BUS 1 (Introduction to Business)
- CCS 2 (Multicultural Identities in the United States)
- ECON 4 (Principles—Microeconomics)
- ENG 4 (Fiction Fundamentals)
- ENG 15A (Survey of American Literature: 1620-1860)
- ENG 15B (Survey of American Literature: 1860-Contemporary)
- ENG 17A (Survey of English Literature: Beowulf to Romantic Movement)
- ENG 17B (Survey of English Literature: Romantic Movement to the Present)
- ENG 20 (Shakespeare: The Histories)
- ENG 21A (World Literature—Ancient to 17th Century)
- ENG 25 (Introduction to Literature)
- ENG 27A (Introduction to the Novel)
- GEOG 1 (Physical Geography)
- GEOG 1L (Physical Geography Laboratory)
- GEOG 2 (Cultural Geography)
- GEOL 7 (Weather and Climate)
- GEOL 20 (Introduction to Earth Science)
- HIST 4 (World History to 1750)
- HIST 9 (Diplomatic History of the United States)
- HIST 11 (Perspectives of Peace Studies)
- HIST 12 (Revolutions and Revolts)
- HIST 16 (History of the United States to 1876)
- HIST 17 (History of the United States Since 1876)
- HIST 19 (United States Since 1945)
- LIB 2 (Advanced Information Competency Skills: Online Searching)
- MATH 3A (Analytic Geometry and Calculus)
- MATH 26 (Introduction to Linear Algebra)
- MS 20 (Introduction to Oceanography)
- PS 1 (American Government)
- PS 10 (Introduction to Political Theory)
- PSYC 1 (Introduction to Psychology)
- PSYC 2 (Research Methods in Psychology)

Activities

The honors student participates in a variety of activities that include special cultural events and field trips, independent study projects, colloquia, opportunities for interaction with Honors Program faculty on a regular basis, and special events at four-year colleges and universities.

Enhanced Transfer Opportunities

Students who complete the Honors Program in good standing are eligible for priority or guaranteed admission to certain four-year colleges and universities. Agreements vary by school; some include scholarships, honors-to-honors transfer, or other benefits. Because of the complexity and variability of these agreements, students seeking “Honors transfer” must meet each semester with a counselor in the Transfer Center, and bring documentation of that meeting to the Honors Program office each semester. Completion of the Honors Program is required but not sufficient for “Honors transfer.”

Requirements for Admission to the Program

1. For entering freshmen, an overall minimum GPA of 3.25 in all high school work or in college work; for continuing students who have completed at least 12 units of college-level courses, a GPA of 3.25 in college work.
2. Two-page “Statement of Purpose” demonstrating that the applicant has the potential for high achievement, regardless of whether he or she yet has firm academic or career goals.
3. Two letters of recommendation; at least one must be from an instructor in the humanities or social sciences.
4. Transcripts of previous academic work. Unofficial copies will be accepted.
5. Eligibility for either ENG 1A or 1B.

Students who do not meet the GPA-minimum criterion yet still feel they belong in the program are welcome to apply. All applications are evaluated on an individual basis by the Honors Board.

All application materials are available in BGS 227C and must be returned to:
Honors Program
Saddleback College/BGS 227C
28000 Marguerite Parkway
Mission Viejo, CA 92692

Requirements for Admission to a Single Honors Course

Students need not be program members to take Honors courses; students may register for an Honors course during regular registration and complete an application during the first week of class. Each Honors course taken is recorded as such on transcripts, whether or not a student completes the Honors Program.

Requirements for Program Completion

1. Complete a minimum of five Honors Program courses (minimum of 15 units), including the Core courses.
2. Maintain a minimum GPA of 3.20 in all Honors courses and a minimum overall GPA of 3.25, with academic integrity.
3. Participate in community service or leadership activities (unless waived due to special circumstances).

Completion of the Honors Program is noted on transcript separately from the individual course completions. Certificate, and medal. Honors Program completion is celebrated at a special end-of-year ceremony and recognized at Commencement.

For further information, please visit the Honors Program page at the Saddleback College website at www.saddleback.edu/honors, e-mail: honors@saddleback.edu, or contact Professors Alannah Rosenberg or Collette Chattopadhyay, Honors Program Chairs, 949-582-4853.
Credit by Exam

Credit by Examination—Specific Course Credit
Currently enrolled students may qualify for credit by examination for courses in the current Saddleback College catalog for which they appear to be reasonably qualified by training or experience, and for which they have not received previous college credit, attempted credit by examination, or ever enrolled in the course. However, the course in which the student seeks credit by examination should be one in which the course content can be tested by examination in the opinion of the department and of the instructor assigned. A student may not receive credit by examination for any course which is prerequisite to one for which credit has been received. A minimum 2.0 grade-point average in at least 12 units completed at Saddleback College is required to participate in credit by examination. Units earned through credit by examination shall not be counted in determining the 12 semester-unit minimum required in residence for graduation.

The procedures for securing permission to obtain Credit by Examination for a course are as follows:
1. The student obtains a Credit by Examination petition form from the Office of Admissions and Records which will determine eligibility.
2. The student contacts an instructor who teaches the course for which Credit by Examination is requested. If it is the judgment of the instructor that the course content can be tested by examination, and that the student possesses sufficient background, previous training, and/or skills to attempt the examination, the instructor signs the form.
3. The student, following policies and procedures developed within the department, obtains the signature of the appropriate division dean.
4. Following division endorsement, the request is forwarded to the Vice President for Instruction for signature.
5. The initiating instructor prepares, administers, and grades the examination.
6. A grade of Pass (P) or No Pass (NP) will be assigned and the course will be identified as “Credit by Examination” on the transcript.

Note: Students should be aware that some universities will not recognize credit through course completion, or through credit by examination, for languages other than English in which they have received formal schooling in that language.
Alternative Credit Options

**Advanced Placement Examination Program**
Saddleback College will grant credit for each Advanced Placement (AP) Examination satisfactorily passed with a score of 3, 4, or 5. For AP credit to be awarded, an official score report must be on file in the Office of Admissions and Records prior to the Counselor review. Students can make an appointment to see a Saddleback College counselor for review of their AP exam scores and processing of an Advanced Placement Examination Credit Petition. Admissions and Records evaluators will assign AP Exam credit as applicable when a student applies for a degree, CSU G.E. or IGETC certification.

*Credit will be given for AP exams passed with a score of 3 unless otherwise noted below:*

**CSU GE:** The IB examinations may be incorporated into the certification of CSU general Education-Breath requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the Education-Breath requirements.

**IGETC:** IB exams must be used in area indicated regardless of where the certifying CCC’s discipline is located. Students who earn credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both.
CSU: General Education Certification—AP/IB Exam Credit

All California State University (CSU) campuses will accept the minimum units as stipulated above toward full or partial CSU-GE certification. The CSU campus to which the student is transferring determines the applicability of the examination to other campus-specific graduation requirements including the major.

UC: IGETC—AP Exam Credit

All University of California (UC) campuses will accept the minimum units as stipulated above toward full or partial IGETC certification. The UC campus to which the student is transferring determines the applicability of the examination to other campus specific graduation requirements including the major.

Other Colleges & Universities—AP Exam Credit

AP credit granted by Saddleback College for either elective or specific course credit does not necessarily transfer as such to other colleges or universities, although policies on course credit are generally consistent with those of University of California (UC) campuses. Students planning to use AP credit toward transfer requirements will need to consult with appropriate campus representatives of the transfer institution for specific information regarding its policies and procedures.

English Equivalency Examination

Students who have passed the California State University English Equivalency Examination are awarded four semester units of ENG 1A (Principles of Composition) and three semester units of ENG 25 (Introduction to Literature) upon completion of one semester in residence.

California Registered Nurse License

Holders of current Registered Nursing Licenses completing the graduation requirements described in the Nursing Program will be given full credit for the nursing major. Refer to Degrees, Certificates, and Awards section of this catalog for details.

CTE Transitions - Programs for High School and Regional Occupational Program Students

Saddleback College maintains faculty-approved formal course articulation agreements with local CT (Career Technical) Transition high school and ROP (Regional Occupation Program) districts including: Capistrano Unified School District, Laguna Beach Unified School District, Saddleback Valley Unified School District, Capistrano-Laguna Beach ROP and Coastline ROP. Courses with articulation agreements follow the California Career Statewide Pathways Templates in the areas including: Accounting, Architecture, Automotive Technology, Business, Child Development, Cinema-TV-Radio, Computer Information Management, Computer Maintenance Technology, Drafting, Fashion, Food & Nutrition, Graphic Design, Horticulture, Interior Design, Manufacturing, Photography, and Theater Arts. For a complete listing, see the CTE Transitions website at www.saddleback.edu/cte

Students who complete a CT Transition articulated class offered through a partnering high school or ROP district and receive a grade of A or B, will be eligible to have Credit by Exam units for the corresponding Saddleback College class posted to their official transcript after completing a minimum of 3 units at Saddleback College. Eligible students should make an appointment with a Saddleback College counselor once they are enrolled at the college. The counselor will verify their Articulation Certificate and/or high school transcript, assist them in completing a CT Transition Petition form and submit the form to the Admissions & Records Office for processing. Contact the Counseling Department at (949) 582-4572 for further information.

Contract Education

Contract education provides an option for a student whose special needs preclude regular enrollment and attendance in courses outlined in the catalog or when it becomes necessary to meet particular curricular needs of one or more students. The student, an instructor, and the appropriate dean prepare a learning contract whereby the learning content will be specified as well as the methodology of study and means and criteria for evaluation. The kinds of contract education are the following:

Independent Study—Individual Project

An individual project may be pursued advanced study after completing the courses offered in a particular field. Students, in cooperation with the instructor and the division dean, prepare and execute a petition for contract education that includes a written academic contract outlining a description of the project or study; specific student objectives and responsibilities; and instructor responsibilities for conference and evaluation of the individual learning project. The independent study petition (petition for contract education) is available in division offices. Completed petitions shall be filed no later than the 10th day of instruction in the Office of Admissions and Records to complete enrollment. In unusual cases, enrolled students may add an independent study beyond the 10th day of instruction with the written approval from the Vice President for Instruction.

Special Studies Workshops

Special Studies Workshops may be requested by groups of students who wish to pursue advanced study with an instructor after completing an introductory offering; for non-traditional educational experiences where regular course offerings are not available; for non-department interdisciplinary study; to experiment with pilot courses; or to meet particular community education needs. A learning contract between the instructor and a group of students is entered into whereby the contracted hours and areas of study are clearly delineated as well as the means by which students will master the subject matter and be evaluated. Special Studies Workshops require the approval of the appropriate division dean and the Vice President for Instruction. Approval is dependent upon adherence to district policy on minimal class size as well as conformity to established standards of academic rigor. Independent Study/Special Study Workshop forms are available only in the division office and shall be filed no later than the 10th day of classes in the Office of Admissions and Records to complete enrollment.

Cooperative Work Experience

A well-directed Cooperative Work Experience or “internship” program with measurable objectives and results is a method of education that combines work experience gained by students on the job with regular academic instruction. It is a unique plan of education designed to develop skills and knowledge as well as to improve self-understanding by integrating classroom study with planned and supervised experience outside of the formal classroom environment. Cooperative Work Experience credit is available when stipulated in the catalog as a requirement for completion of an Occupational Certificate Program or by petition to a faculty member within the department of the student’s major. Applications are available in the Division of Business Science, Economic Workforce Development office.

* Credit will be given for CLEP with a score of 50 unless otherwise noted. If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of baccalaureate credit; the higher score listed for each test is considered “Level II” and earns 6 additional units of credit and placement in Area C2 of GE Breadth. The total of 12 units are earned*. ^
College-Level Examination Program (CLEP)

Saddleback College accepts CLEP exams as a waiver for the Math Placement Examination or for credit for General Education. CLEP is not accepted as a waiver for the English Placement Examination.

Subject Examination: Each academic division of the college may recognize the Subject Examination if a single examination measures the competency associated with the successful completion of a specific Saddleback College course. Generally, however, specific course credit by examination will be attained through the Credit by Examination—Specific Course Credit Policy.

CLEP scores can be used for general education certification of the CSU General Education requirements. CLEP cannot be used for general education certification of Intersegmental General Education transfer (IGETC) requirements.

Any credit awarded does not necessarily transfer to other colleges. Students seeking to use CLEP credit for college transfer purposes will need to consult the transfer institution regarding its policy pertaining to CLEP.

No credit will be given to CLEP in any area in which the student has earned college credit prior to completion of CLEP examinations. Credit is awarded upon completion of one semester in the South Orange County Community College District. Additional information regarding the College Level Examination Program may be obtained in the counseling office.

Military Service Credit

Six semester units of general elective credit toward an Associate degree will be awarded for a minimum of one year of active honorable service. In the first semester of attendance, veterans who are collecting V.A. educational benefits must submit their DD-214 to the Veterans Office to be evaluated for these credits. Other veterans who are not collecting V.A. educational benefits, will be evaluated by the Office of Admissions and Records.

In addition, credit will be awarded for work completed successfully in military service schools, not to exceed 15 semester units, according to the recommendations of the American Council on Education as stipulated in the Guide to the Evaluation of Educational Experiences in the Armed Services. Military Service credit will be evaluated only upon completion of 12 units in residence and application for an evaluation for an associate degree. Military evaluation forms may be obtained from the Office of Admissions and Records.

Military service credit may not necessarily apply toward minimum admissions requirements for other colleges or universities. Credit is generally given only after the student is fully matriculated and enrolled at the university upon submission of Form DD-214 or DD-295.

Located in the VETS Center, the Saddleback College Veterans Counselor is available for scheduled appointments and walk-in sessions. This specialized Veterans Counselor is your primary source of information regarding academic planning, Veteran's resources, and career and personal counseling. In addition, the Saddleback Veterans Counselor is your resource for student education planning (SEP) required to start receiving VA educational benefits. Questions regarding course selection and academic requirements may be addressed through this source.

Other College Programs

Emeritus Institute

The Emeritus Institute is a dynamic and comprehensive academic program designed to provide courses which will be of interest and value, primarily for the older adult. This program is open and flexible, allowing an individual to select any courses that they wish for lifelong learning challenges or in preparation for a second career. The Emeritus Institute offers courses in 30 off-campus locations, convenient to the older adults of the Saddleback College community.

The Emeritus Institute curriculum is offered in both credit and non-credit modes. These courses are all designed to meet the academic and critical-thinking challenges of each discipline. Disciplines include Accounting, Art, Biology, Communication Arts, English, Fashion, Foreign Language, Geology, Gerontology, History, Health, Health Sciences, Humanities, Kinesiology, Music, Philosophy, Photography, Political Science, and Theatre.

For further information regarding the Emeritus Institute program call 949-582-4936 or 770-9669 or access our website at www.saddleback.edu/emeritus.

Community Education

The College provides not-for-credit educational opportunities for the community through fee-based classes and programs for adults and children. Classes are self-supporting and do not receive funding through state or local taxes or the college’s budget.

The Community Education catalog “Gaucho Guide” is mailed three times per year. The “Gaucho Guide” details all class offerings and special events. For further information regarding Community Education, call 949-582-4646 or access our website at www.saddleback.edu/ce

Study-Abroad Programs

Saddleback College offers study-abroad opportunities for students seeking college-credit learning experiences in other nations. In recent years programs were scheduled in Oxford, England as well as Santander, Spain, and Salamanca, Spain.

For more information and brochures contact the Liberal Arts division office at 949-582-4788 or access our website at saddleback.edu/la/sa/.
Graduation Requirements

Responsibility for filing a Petition for Graduation in the Office of Admissions and Records rests with the student, and all transcripts for all prior college work attempted must be on file for the petition to be considered. The deadline to file a Petition for Graduation is March 1 for spring graduation, July 1 for summer graduation, and November 1 for fall graduation.

Associate in Arts Degree

Upon completion of the following requirements, the South Orange County Community College District Board of Trustees will confer the Associate in Arts degree.

I. Unit Requirement: Units of Course Credit — minimum 60 units.

II. Scholarship Requirements: A minimum grade-point average of 2.0 in all units attempted at Saddleback College and an overall grade-point average of 2.0 for all units attempted.

III. Residence Requirement: Of the 60 semester units required, at least 12 units must be completed in residence at Saddleback College.

IV. General Education Requirement: Complete the requirements stated below under “Associate Degree General Education Requirement.”

1. Students may apply only one course below transferable freshman composition ENG 1A toward the Associate Degree.

2. A single course may be used to satisfy both a general education and a major requirement.

V. Major Requirement: (All courses must be completed with a grade of “C” or better. Title 5 section 55063)

1. Complete an Associate degree program as described in the Saddleback College catalog.

Associate in Science Degree

Upon completion of the following requirements, the South Orange County Community College District Board of Trustees will confer the Associate in Science degree.

I. Unit Requirement: Units of Course Credit — minimum 60 units.

II. Scholarship Requirements: A minimum grade-point average of 2.0 in all units attempted in the South Orange County Community College District and an overall grade-point average of 2.0 for all units attempted.

III. Residence Requirement: Of the 60 semester units required, at least 12 units must be completed in residence at Saddleback College.

IV. General Education Requirement: Complete the requirements stated below under “Associate Degree General Education Requirement.”

1. Students may apply only one course below transferable freshman composition ENG 1A toward the Associate Degree.

2. A single course may be used to satisfy both a general education and a major requirement.

V. Major Requirement: (All courses must be completed with a grade of “C” or better. Title 5 section 55063)

1. Complete an Associate degree program in one of the following disciplines (Astronomy, Biology, Chemistry, Computer Science, Geology, Oceanography, or Physics) as described in the Saddleback College catalog.

2. Complete the Associate degree program in Engineering as described in the Saddleback College catalog.

Associate Degree General Education Requirement

PHILOSOPHY OF GENERAL EDUCATION

The philosophy underlying “general education” is that no discipline is an isolated endeavor; instead, each relies upon and in turn reflects a common body of knowledge, ideas, intellectual processes, cultural traditions, and modes of perception. General education is a framework in which to place knowledge stemming from many sources. The general education experience allows the associate degree graduate to analyze, understand, appreciate, and modify the global society in which we live. Combined with an in-depth study in a selected field of knowledge, general education will contribute to and support the pursuit of lifelong learning. The Saddleback College general education curriculum provides both core and breadth requirements. Core requirements prepare students with fundamental knowledge and skills needed in all other coursework. Effective reading, writing, speaking, and critical thinking skills are, therefore, curriculum threads in each of the Saddleback College general education courses. Breadth requirements for general education expose students to each of the broad disciplines (the natural and social sciences, the humanities, and the arts) within which the human search for knowledge is carried out.

Core Requirements

Core requirements provide foundational skills and knowledge that allow students to think critically, to communicate clearly and effectively in speaking and in writing, and to use mathematics.

1. LANGUAGE AND RATIONALITY

Courses which develop the principles and applications of language toward logical thought, clear and precise expression, and critical evaluation of communication.

(One course in each category with a grade of “C” or better.)

A. Written Communication

ENG 1A

B. Oral Communication

SP 1

SP 5

BUS 102

2. MATHEMATICS COMPETENCY

Students should complete either option A or option B.

A. Completion with a grade of “C” or better of any mathematics course offered within the Mathematics Department, other than MATH 251, 251A, and B, 351.

B. Evidence of one of the following standardized examination scores:

1. 3 or above on the College Board Advanced Placement Exam

2. 530 or above on the Mathematics section of the SAT

3. 23 or above on the ACT Mathematics Test

4. 520 or above on the College Board Math Achievement Test

3. READING COMPETENCY

Students should complete one of these options:
A. Completion with a grade of “C” or better of ENG 1B or 170 or 180.
B. Evidence of one of the following standardized examination scores:
   1. 400 or above on the Critical Reading section of the SAT
   2. 19 or above on the ACT Reading Test
   3. 35-39 percentile on the Comprehension section of the Nelson-Denny Reading Test, Form H, or on an equivalent test. The Nelson-Denny Reading Test may be repeated once only, starting with the semester in which the student will have completed a minimum of 45 units.
C. Completion of ENG 340 with a grade of “C” or better. Skills developed in ENG 340 meet Reading Competency requirements. Units earned do not apply to the associate degree.

4. INFORMATION COMPETENCY
Information competency is the ability to find, evaluate, use, and communicate information in all its various formats. It combines aspects of library literacy, research methods, and technological literacy. Information competency includes consideration of the ethical and legal implications of information and requires the application of both critical thinking and communication skills.

Courses in this category may also apply to Core, Breadth, or major requirements.
One of the following courses completed with a grade of “C” or better:
   ANTH 2, 3, 4*, 6, 8
   BUS 102
   CD 107
   CIM 1, 10
   CCS 1*, 2*, 10*
   DANC 64
   ENG 1B, 170
   ENV 1, 18
   FCS 115
   FN 50
   HIST 4, 5, 12, 16, 17, 32
   LB 2, 100, 101
   N 176
   PSYC 1, 2, 7
   SP 1, 2, 3

Note: Courses used to fulfill any competency requirement may also apply toward Core or Breadth requirements

Breadth Requirements
Breadth requirements provide students with the knowledge they need:
— to understand and use modes of inquiry in the major disciplines (including the humanities, fine arts, natural and social sciences);
— to be aware of and appreciate the diversity of other cultures and times as well as American institutions and ideals;
— to develop the capacity for self understanding and the relationship between mind, body, and the environment.

1. FINE ARTS AND HUMANITIES
Those courses which study the cultural activities and the artistic expressions of human beings.

Group A. The Arts, Music, Theatre
One course from the following:
   ARCH 12
   ART 4, 20, 21, 22, 23, 24*, 25, 26, 28, 29
   CTVR 3, 7*, 9
   DANC 64
   FASH 144
   FA 27
   HORT 115
   ID 110, 122, 125
   MUS 1, 20, 23*, 24, 25, 26, 27*, 28, 29
   PHOT 25
   SP 32/TA 32
   TA 20, 22, 25, 26, 110*

Group B. Literature, Philosophy, History, Religion, and Foreign Language
One course from the following:
   ARAB 1, 2, 21
   CHI 1, 2, 21
   FR 1, 2, 3, 4
   GER 1, 2, 3, 4
   HIST 4, 5
   HUM 1, 3, 10A, 10B, 21, 22, 25
   ITA 1, 2, 3, 4, 10, 21
   JA 1, 2, 21
   KOR 1, 2, 3, 4, 21
   PORT 1, 2, 21
   PRSN 1, 2, 3, 4
   PHIL 1, 10
   SL 1, 2, 3, 4, 101*
   SPAN 1 (or 1A and 1B), 2, 3, 4, 20A, 20B, 21A, 21B, 21C*
   SP 30/TA 30

2. NATURAL SCIENCES
Those courses of study which deal with matter and energy as it applies to physical and/or life sciences and their interrelations and transformations.
One course from the following:
   ANTH 1 and 1L (ANTH 1L must be taken concurrently with ANTH 1 or within one year after completing ANTH 1)
   ASTR 20 and 25 combined
   BIO 3A, 3B, 11, 15, BIO 19, BIO 20, 31, 113
   CHEM 1A, 3, 108
   ENV 18, 24
   GEOG 1 and 1L
   GEOL 1, 20, 23/ENV 23
   HORT 20
   MS 4, 20
   PHYS 2A, 4A, 20
   (Course used to fulfill this requirement must include a lab.)

3. SOCIAL AND BEHAVIORAL SCIENCES
The body of knowledge that relates to the human being as a member of society or component of society, such as state, family, or any systematized human institution.

Group A. Social/Behavioral Science
One course from the following:
   ANTH 2, 3, 4*, 5, 7*, 8, 9, 10, 17, 21
   BUS 1
   CD 105, 107*, 117*
   CCS 1*, 2*, 10*
   ECON 2, 4, 20
   ENV 1
   GEOG 2, 3, 38
   HIST 12, 19, 20*/SOC 20*, HIST 21*, 27, 28, 30, 33*, 61, 62, 63, 70, 71, 72, 74, 75, 80/PS 80, HIST 81*
   HS 100, 120, 131, 186
   JRN 1/CTVR 1
   PS 4, 11/ECON 11; PS 12, 14
   PSYC 1, 7, 16*, 21
All AA/AS degree candidates must make certain that one course from the following: 

- One course from the following:
  - non-activity courses that assess physical fitness and develop an awareness about appropriate exercise.
  - Life skills is study to equip human beings for lifelong understanding and development of themselves as integrated physiological, social, and psychological entities. Critical thinking courses develop the principles and applications of language toward logical thought and critical evaluation of communication. 

(One course from Group A or Group B.)

Group A. Life Skills

- ACCT 120
- APSY 1, 140, 150, 151, 160
- BUS 116
- CD 107+, CD 112
- FASH 141
- FCS 115, 142
- FN 50, 64
- HLT 1, 3
- HS 170, 175
- N 165
- PSYC 5, 7+, 33
- SPS 115, 205
- WS 120

Group B. Critical Thinking

- CD 120
- ENG 1A, 170
- PHIL 12
- SP 2, 3

+CD 107/PSYC 7 meets either Social & Behavioral Group A or Life Skills Group A, not both.

5. PHYSICAL FITNESS ASSESSMENT

- Non-activity courses that assess physical fitness and develop an awareness about appropriate exercise.

One course from the following:

- KNES 107
- KNES 107 (This course is designed to meet the needs of disabled students.)

6. *CULTURES IN THE UNITED STATES

The Cultures in the United States requirement focuses on major themes in United States history, society, and culture and addresses major conceptual issues relevant to understanding ethnicity, culture, race, and pluralism in the United States.

All AA/AS degree candidates must make certain that one course taken in Fine Arts and Humanities, or in Natural Sciences, or in Social and Behavioral Sciences fulfills the Cultures in the United States Requirement. Courses that will satisfy this requirement are marked with an asterisk (*).

#Nursing Equivalency-Completion of the Nursing Program meets the Cultures in the US requirement.

Credit Transferred From Other Institutions

The Board of Trustees of the South Orange County Community College District has mandated that full reciprocity shall exist for courses completed at either Irvine Valley College or Saddleback College. Saddleback College grants credit for college units earned at any regionally accredited institution of higher education. Course equivalencies are determined by the Office of Admissions and Records in accordance with the policies and requirements set forth in this catalog. It is the student's responsibility to arrange to have transcripts sent to the Office of Admissions and Records and to apply for evaluations. No more than four units may be awarded for sectarian courses.

A student who has completed a Bachelor's degree or higher at a regionally accredited college or university, or its equivalent as determined by an approved credentials evaluation service, has met the Saddleback College General Education requirements for the Associate degree; however, transcript evaluation must verify completion of a course conducted in English equivalent to ENG 1A with a grade of “C” or higher, as well as an equivalent to a course applicable to the American Institutions requirement. Nursing students who possess a Bachelor's degree are not held to the American Institutions requirement, per SB1393.

International transcripts are required to include a detailed evaluation report that includes course, unit and GPA breakdowns in order for credit towards an associate degree petition to be considered.

Certificate of Achievement

The awarding of a Certificate of Achievement acknowledges to the recipient and the potential employer that all courses in an approved occupational program have been completed. The courses are chosen by the faculty on the basis of determination of educational experiences which lead to vocational competency.

Students with previous educational or vocational experience who wish to waive a course on the certificate list may be expected to verify equivalency through examination. Petitions for course waivers or substitutions are available in both the Office of Admissions and Records and the Counseling Office. When waivers and substitutions have been approved, a minimum of 18 units must be included in the certificate program. The Certificate of Achievement is issued upon the completion of the following:

1. The required courses in the certificate area.
2. A minimum of twelve (12) units in residence at Saddleback College. At least one course required in the certificate must be completed at Saddleback College.

It is the student's responsibility to make a formal application for the Certificate of Achievement to the Office of Admissions and Records.
Occupational Skills Award

Occupational Skills Awards acknowledge to the recipient and the potential employer achievement of a set of vocational skills in a specific field. These awards may contain from 6 to 17.9 units and do not appear on the student transcript. All courses for the Occupational Skills Award must be completed at Saddleback College. It is the student’s responsibility to make a formal application for the Occupational Skills Award to the Office of Admissions and Records.

Multiple Majors

Within the units required for the associate degree it is possible for a student to complete the requirements for more than one major or certificate program, providing that minimum requirements are met for each major or certificate and that a minimum of 12 units applies exclusively to each program.

Second Associate Degrees

1. First degree completed elsewhere, other than at Saddleback College:
   Students seeking an associate degree after having received a baccalaureate degree may qualify for graduation upon completion of a minimum of 12 units in residence and the requirements in the major field of study.

2. Students seeking an associate degree after having received an associate degree from another institution may qualify for graduation upon completion of the following:
   a. General education requirements for which equivalents have not been completed.
   b. The requirements in the major field.
   c. Residence and scholarship requirements.

3. Second Associate Degrees from Saddleback College
   The student may qualify for an additional associate degree under the following circumstances:
   a. The second major is offered in a different field of study.
   b. At least 12 units are earned in residence after conferral of the first degree.
   c. All requirements of the major are fulfilled.

Associate Degrees for Transfer

California Community Colleges are now offering associate degrees for transfer to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

To view the most current list of Saddleback College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to http://californiacommunitycolleges.cccco.edu/Students/AssociateDegreeforTransfer.aspx. Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

O.S.A.: Occupational Skills Award - Vocational Program (6-17.9 Units)
A.A.: Associate in Arts Degree
A.S.: Associate in Science Degree
T. Associate in Arts or Science for Transfer
C.A.: Certificate of Achievement - Vocational Program or other area approved by the State System Office (18 units or more)
C.C.: Certificate of Completion (non credit ESL only)
Accounting

There are three certificate programs available in accounting: Accountant, Computerized Accounting Specialist, and Tax Preparation. Accounting majors intending to transfer to a four-year college should refer to the Business Administration transfer curriculum.

Accounting Certificate Program

This program meets a substantial portion of the 24-unit Accounting course requirement to take the California CPA exam. It is intended primarily for students possessing a bachelor's degree or foreign university equivalent. In addition, completion of this certificate is helpful in securing entry-level accounting positions in business and industry. CPA EXAM AND LICENSURE: Please contact the California Board of Accountancy.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Computerized Accounting Specialist Certificate Program

This program provides students who plan to enter the accounting field with knowledge of accounting principles and practices to record transactions for various types of businesses using a double-entry accounting system, as well as the latest commercial software, and the ability to analyze financial statements.

### Arabic Associate Degree Program

The Arabic Program offers lower-division preparation for students who plan on transferring to pursue a bachelor’s degree in Arabic. Students planning to transfer and/or earn this associate degree may also need to complete additional requirements or electives required by the transfer institution, as many have unique admissions and preparation-for-the-major requirements. Students should meet with a counselor to identify required courses and to develop a written plan for their targeted university.

### Automotive Technology

The Automotive Technology programs are designed to prepare students for employment as automotive technicians. Students may also complete their Associate in Science Degree requirements and prepare to transfer to a four-year college. Training is given in both theory and practical skills in the operation, maintenance, and repair of all types of automotive systems. The following four certificate options are available: Automotive Chassis Specialist, Automotive Engine Service Specialist, Automotive Engine Performance Specialist, and General Automotive Technician.

#### Automotive Chassis Specialist Certificate Program

This program allows a student to prepare for a career with drivetrain emphasis. This program is ideal for the small-business owner, independent shop, or the dealership career-oriented technician.

Entrepreneurship Certificate Program

The Entrepreneurship Certificate is designed for students who wish to emphasize entrepreneurship in their community college business studies, including completing the additional requirements for an Associate in Science degree in this area. Entrepreneurial studies help prepare students who plan to seek a higher degree in business. Completion of the Entrepreneurship Certificate demonstrates achievement, may support job applications, and, importantly, provides students with critical knowledge and tools for planning and starting a new business. The program provides valuable preparation in proven business practices and with business ownership issues such as market focus, measurements of success, and developing a clear and useful business plan.

Because some of the leading causes of failure in new businesses are poor risk management, lack of adequate capitalization, and mismanagement of resources, this program provides specific information in these areas to help make good decisions to ensure success.

The Entrepreneurship Certificate is also useful for members of the community who are planning or starting a new business. Some of these students might prefer to complete the shorter Entrepreneurial Studies Certificate.

Many of the courses in the program are designed with the busy professional in mind.

- BUS 237  Financing the Entrepreneurial Business  1-5
- CWE 180  Cooperative Work Experience: Business  2-4

**Communication Specialties:**
- BUS 102  Oral Business Communications  3
- CIM 230E, F, G  Office Skills: Word, Excel, PowerPoint  0.5, 0.5, 0.5

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

### Associate Degree

**Associate in Science Degree**

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

**General Education Requirements for Associate Degrees**

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

### Global Business Certificate Program

Technology and international commerce have redefined business in a global context. The Global Business program prepares students for careers in international business and industries that deal with international trade and global markets. The program focuses on the dynamics of international organization, environments, trade, language, socioeconomic and cultural forces, political and legal issues, and emerging global markets. Completion of the recommended electives demonstrates global competencies in international business. Elective courses provide specialized areas of study. Transfer International Business majors should refer to the Business Administration transfer curriculum.

### Marketing Certificate Program

The Marketing Certificate Program offers a focus on courses designed to improve student success in the field of promotion, personal selling, and advertising.

**Course ID** | **Title** | **Units**
--- | --- | ---
BUS 1 | Introduction to Business | 3

**Total** | **21-22**

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

### Professional Retailing Certificate Program

Success in business roles and merchandising is often found in the skills of management, promotion, or merchandising. The Professional Retailing program is designed to allow a choice of additional study in one of the three skill areas.

**Course ID** | **Title** | **Units**
--- | --- | ---

Chemistry
Associate Degree Program

The curriculum in the Chemistry Associate Degree program is designed to provide the transfer student the opportunity to achieve an associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the Associate degree would demonstrate achievement and may support attempts to gain entry-level employment at the technician level in government agencies and many areas of industry and manufacturing such as petroleum, foods, pharmaceuticals, plastics, and textiles.

Course ID  Title  Units
First Year
CHEM 1A* General Chemistry  5
CHEM 1B* General Chemistry  5
Second Year
CHEM 12A* Organic Chemistry  5
CHEM 12B* Organic Chemistry  5
Total  20

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Associate Degree
Associate in Science Degree

Completion of all the courses listed above and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: BIO 3C; MATH 3A, 3B; PHYS 2A, 2B or 4A, 4B.

Child Development

The Child Development program is a theory-based, hands-on program that offers opportunities for students to deepen their understanding of children and families and the unique teaching and learning process that applies to the early years. Coursework focuses on the physical, cognitive, and social and emotional growth and development of children under the age of 12 and the unique care and education needs of children ages 0-5.

The Child Development program offers options for professional development, professional certification and transfer to four-year institutions. The major offers preparation for careers in the field of early child education such as state funded children’s programs, private and public preschools, family child care and public school programs, and provides a valuable foundation for students considering elementary school teaching. Classes in child development can also lead to careers working directly or indirectly with children in related fields, such as psychology, social services, educational material development, children’s center design services, children’s advocacy, special education, and pediatric health.

Early Childhood Teacher Certificate

This certificate meets the coursework requirements of the Teacher level Child Development Permit and prepares students to be competent and effective teachers and caregivers for young children ages 3-5. Additional work experience with young children (175 days of 3 hours per day within 4 years) is required to qualify for state permit. Saddleback Certificate can be earned with coursework only.

A minimum grade of “C” in each course is required to receive the certificate.

Core Courses

Course ID  Title  Units
CD 101* Principles and Practices of Teaching Young Children  3
CD 105* Child, Family, and Community  3

Occupational Skills Award

Associate in Science Degree in Early Childhood Education for Transfer

The curriculum in the Associate in Science in Child Development for Transfer is designed to provide the transfer student the opportunity to achieve an Associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the Associate degree may support attempts to gain entry-level employment in social services or promotion.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

### Chinese Associate Degree Program

The Chinese Program offers lower-division preparation for students who plan on transferring to pursue a bachelor's degree in Chinese. Students planning to transfer and/or earn this associate degree may also need to complete additional requirements or electives required by the transfer institution, as many have unique admissions and preparation-for-the-major requirements. Students should meet with a counselor to identify required courses and to develop a written plan for their targeted university.

### Associate Degree

#### Associate in Arts Degree

Complete a minimum of 60 units including the total number of units described above and the General Education requirements with an overall GPA of 2.0 to qualify for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

### General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

---

### Cinema/Television/Radio Certificate Program

The Cinema/Television/Radio Program prepares the student in all areas relating to the understanding and use of cinematic and broadcast media, with particular emphasis on hands-on experience. Employment possibilities include: producing, directing, on-air talent, editing, and numerous other vocational opportunities. This program provides and encourages both field and studio work in the student's area of specialty. Coursework includes participation in internships at various stations and facilities.

Cinema

Occupational Skills Awards

The Cinema Production Occupational Skills Award provides the opportunity to master the fundamental proficiencies to complete a filmic production from the conception to finished product. The courses assist in student development by focusing on specific technical skills as well as working on practical assignments that mirror real-world tasks, including the production of several broadcast-quality short films suitable for use on a demonstration reel. Completion of this program increases the value of the technical, aesthetic, and project management skills needed for employment and advancement in a career in this field.

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

The curriculum in the Associate in Arts in Communication for Transfer is designed to provide the transfer student the opportunity to achieve an Associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the Associate degree may support attempts to gain entry-level employment in social services or promotion.

The following is required for all AA-T or AS-T degrees:
1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: CIM 2A, 214, 216, 216A; ECON 2, 4; CMT 215, 220, 225, 230.

Software Specialist Certificate Program

The Software Specialist Certificate program prepares the student for an entry-level position as a knowledge worker in the technical work environment using industry-standard software packages.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: CIM 2A, 214, 216, 216A; ECON 2, 4; CMT 215, 220, 225, 230.
### Associate Degree

#### Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

#### General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: ACCT 214; CIM 251, 252; ECON 2, 4.

### Web Designer Certificate Program

The Web Designer Certificate program prepares the student to develop a web presence for businesses, organizations, and individuals in communication, marketing, and data management through the development of a website. Students will learn how to reach an audience and communicate ideas. The program includes basic and advanced software skills, developing a mission, goals, and the promotion and maintenance of a website. Students may choose electives to round out their program.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: BUS 12, 103, 104, 135, 137; FN 64, 160, 171.

Consumer Services Certificate Program

The Consumer Services program prepares students for a wide variety of employment opportunities that link the consumer, business, and government and improve communication among all three groups. This includes acting in a responsible manner to consumer problems and trends and providing information so that the consumer can use the products and services of a company correctly and with maximum benefits.

This program offers coursework for professional improvement and retraining as well as core courses to be utilized as transfer courses for students pursuing a Bachelor's degree in programs involving Family and Consumer Sciences/Home Economics, Business/Credit Counseling, or Consumer Affairs.

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

The Cosmetology Certificate Program is a nondegree-granting program; the courses in this program may not be used to satisfy Associate degree major elective unit requirements.

Cosmetician Occupational Skills Award

(Also See Foods)

The Cosmetician Occupational Skills Award is designed to prepare the student for licensure as a Cosmetician/Esthetician. The student will be able to administer skin care to clients at salons, spas, dermatology offices, private clinics, and stores specializing in skin care products.

Culinary Arts

The Culinary Arts courses are designed to train students for careers in catering, chef training, and restaurant operations, as well as for promotion of foods, equipment, and products. The program offers coursework for professional improvement, and some courses can be utilized as transfer courses for students pursuing a bachelor's degree in Family and Consumer Sciences/Home Economics with a Foods emphasis.

Catering Certificate Program

The Catering program is designed to prepare students for a wide variety of employment opportunities within catering operations as well as for developing and owning their own catering business.

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Students who have completed one year of high school mechanical drafting, or equivalent, are exempt from taking DR 100.

Ecological Restoration Certificate Program

The Certificate in Ecological Restoration trains students for a practical ecological application of appropriate techniques for a variety of ecological restoration projects. The projects may be carried out by industry or government agencies and may have specific legal requirements for implementation and proof of success. Students completing the certificate may be hired by local, county, state, or federal government; private consulting firms; or subcontractors hired by any of these agencies.

Course ID Title Units
ECOL 201 Ecological Restoration Techniques 4
ECOL 202 Advanced Ecological Restoration Techniques 4
ENV 1 Introduction to Environmental Studies 3
Education

The Education department prepares students for a diverse range of teaching opportunities at a variety of levels. The program provides support for those just entering the field as well as to those who are already working in the classroom and community. Courses that may meet the early fieldwork and coursework requirements of the California Commission on Teacher Credentialing can also be found in this department.

The Instructional Assistant Program prepares students to assist teachers in K-12 settings as paraprofessionals.

The Online Educator Program provides professional development skills for secondary and post secondary instructors who are interested in learning about or improving their online teaching skills.

Instructional Assistant

Occupational Skills Award

The purpose of the Instructional Assistant award is designed to provide a system of professional development for individuals working as educational assistants in a variety of elementary classroom settings.

Online Educator

Occupational Skills Award

This program offers an opportunity for secondary and postsecondary instructors to learn about online teaching in a practical, hands-on environment. Coursework is specifically designed to provide new and experienced online instructors information about the development and implementation of best practices in online course delivery and the use of course management systems as supplements to face to face courses. Participants will be introduced to a wide variety of instructional technologies, curriculum design models, assessment methods, quality indicators for online instruction, and strategies to meet state and federal laws for universal design using current educational research as a foundation.

Electronic Technology

The Electronic Technology program serves three main purposes: (1) to provide certificate programs to prepare the student for a multitude of careers as an electronic technician, (2) to provide electronics skill upgrading or updating for improved job-related technical competency, and (3) to prepare students for transfer to university Engineering Technology or Industrial Technology programs.

The program curriculum and equipment are reviewed regularly by local electronics companies to ensure that the graduate can work effectively in the current electronics industry and adapt to new electronic products and technologies.
The three-certificate programs available are: Analog and Digital Circuit Electronic Technology, Digital Electronic Technology, and General Electronic Technology.

**Analog and Digital Circuit Electronic Technology Certificate Program**

This program prepares the student for entry-level employment as an Electronic Technician in companies involved in the manufacture, testing, troubleshooting, and repair of analog and digital circuit hardware. Courses cover a wide variety of discrete and integrated circuits with many functions, technologies, physical implementations, frequency bands, and complexities to provide maximum flexibility for employment within the electronics industry.

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

**Associate Degree**

**Associate in Science Degree**

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

**General Education Requirements for Associate Degrees**

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: Any Electronic Technology course not taken in certificate program; CMT 230; MATH 7, 124, 251, 253; PHYS 2A, 2B, 20.

**Digital Electronic Technology Certificate Program**

This program prepares the student for entry-level employment as an Electronic Technician at many companies.

Associate Degree

Associate in Science Degree

Completion of all the courses listed above and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

English as a Second Language Completion Certificate

BEGINNING LEVEL

The beginning level multiskills courses leading to a certificate prepare students for the next level by working on all four language skills, including reading, writing, speaking, and listening. Students acquire a practical communicative vocabulary, rudimentary skills in conversation, composition, and comprehension as well as an introduction to the American sound system.

<table>

INTERMEDIATE LEVEL-PRE COLLEGE

The intermediate level multiskills courses leading to a certificate prepare students for the next level by working on all four language skills, including reading, writing, speaking, and listening while acquiring a practical communicative vocabulary of approximately 1400-1800 words. Additionally, students complete specialized courses designed to further develop skills in conversation, composition, and comprehension as well as focus on intonation and sounds of American English.

</tr>
</tbody>
</table>

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

ADVANCED LEVEL

The required advanced level multiskills courses leading to a certificate prepare students to mainstream academic or vocational courses by focusing on reading, writing, and grammar while acquiring a more academic vocabulary of an additional 300-500 words. Additionally, students have options within the two remaining required classes. One option is designed to further develop skills in conversation on a variety of topics, vocabulary including affixes, or nuances in pronunciation patterns of American English. The options within the second requirement expose students to American culture through film, literature, or simulated college lectures. These advanced courses transition into mainstream coursework.

Environmental Studies
Associate Degree Program

The curriculum in the Environmental Studies Associate Degree program provides students with an integrated and critical knowledge of the natural environment and the relationships and interactions humans have with it. The program provides students with the understanding that environmental challenges face every aspect of society, and it provides them with the skills needed to help solve these complex problems through cooperation and negotiation with the different and often competing stakeholders. The program combines classroom, laboratory, and field study instruction giving students a well-rounded preparation in the field of environmental studies.

The curriculum in the Environmental Studies Associate Degree program is designed to provide the transfer student the opportunity to achieve an Associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers related to this field, earning the Associate degree would demonstrate achievement and may support attempts to gain entry-level employment and promotion.

Associate Degree
Associate in Arts Degree

Complete a minimum of 60 units including the total number of units described above and the General Education requirements with an overall GPA of 2.0 to qualify for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.
Sustainable Studies

Occupational Skills Award

The goal of Sustainability Studies is to create ecologically and socially appropriate solutions to manage our human needs, impacts with the built environment, and the emerging green economy within the capacity of nature without compromising future generations. The goal is to educate students on the importance of sustainability and then train them to become sustainable not only in their everyday lives, but in their careers as well. Students will be prepared to transfer to sustainability related programs at the university level, be at an advantage for jobs in the coming green economy, be positioned to develop new businesses and other employment opportunities, and become more engaged citizens.

*Course has a prerequisite, corequisite, limitation, or recommendation preparation; see course description.

Ethnic Studies

Associate Degree Program

The curriculum in the Ethnic Studies Associate Degree program is designed to provide the transfer student the opportunity to achieve an associate degree. While a baccalaureate or higher degree is recommended for those considering majors related to this field, earning the Associate degree would demonstrate achievement and may support attempts to gain entry-level employment or promotion.

The Ethnic Studies program is interdisciplinary in scope and will begin with a focus on the history, literature, and cultures of African Americans, Asian Americans, Chicanas/os/Latinas/os, Middle Eastern Americans, and Native Americans. Courses also explore the relations of these cultures to each other and their relations to the dominant American culture in order to foster understanding about such topics as ethnicity, race, gender, sexuality/sexual orientation, class, and religion. Other groups which have been isolated in a similar manner from the dominant culture in the United States may be included in the Ethnic Studies Program.

Select a minimum of 21 units from the following list of required Ethnic Studies classes. Many of these courses also fulfill general education course requirements.

Core Requirements

(Both courses are required for a major)

Course ID | Title | Units
---|---|---
CCS 1 | Multicultural Experiences in the United States | 3
CCS 2 | Multicultural Identities in the United States | 3

Breadth Requirements

Social and Behavioral Sciences

- ANTH 4 | Native American Indian Cultures | 3
- ANTH 7 | Indians of Southern California | 3
- CICS 10 | Margins and Border Crossings | 3
- CD 117* | Teaching in a Diverse Society | 3
- HIST 21 | Women in United States History: A Multicultural Perspective | 3
- HIST 33 | The Political/Social History of the Chicanas(os) | 3
- HIST 81 | African American History | 3
- HS 131 | Multicultural and Diverse Population in the United States | 3
- PSYC 16* | Introduction to Cross-Cultural Psychology | 3
- SOC 6 | Introduction to Asian Cultures in the United States | 3
- SOC 20/HIST 20 | Ethnic Cultures of the United States | 3

Humanities/Arts Perspective

Select six units from the following courses:

Course ID | Title | Units
---|---|---
ART 24 | Indigenous Arts of the Americas | 3
CTVR 7 | Cross Cultural Cinema | 3
ENG 24* | Ethnic Voices in Literature: The American Experience | 3
MUS 27 | History of Jazz | 3
SL 101 | Deaf Culture and Its History | 3
SPAN 21C* | Hispanic Culture and Literature in the United States | 3
TA 110 | Chicana(o)/Latina(o) Theatre | 3

Restricted Electives

Select one course from the following:

- ANTH 5, 21; ARAB 21*; ART 22, 23, 29; CHI 21*; DANC 64; HIST 27, 28, 30, 70, 71, 72, 74, 75, HIST/PS 80; JA 21*; KOR 21*; MUS 23; PHIL 10*; PSYC 16*; SPAN 21A*, 21B*.

*Course has a prerequisite, corequisite, limitation, or recommendation preparation; see course description.

Associate Degree

Associate in Arts Degree

Complete a minimum of 60 units including the total number of units described above and the General Education requirements with an overall GPA of 2.0 to qualify for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: FASH 144; KNES 28, 29.
Family and Consumer Sciences
Certificate Program

The Family and Consumer Sciences program is designed to develop those skills necessary for gainful employment in the field of Home Economics. Combined with courses such as business, journalism, television, or advertising, the Family and Consumer Sciences curriculum can also fulfill the vocational objectives of those who want to use their background in business or communications. Those wishing to transfer to a four-year college and receive a Bachelor’s degree in Family and Consumer Sciences/Home Economics should refer to the transfer program in the catalog and in the catalog of the intended college of transfer.

### General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: FASH 120, 130, 140; FN 140, 142, 171.

## Associate Degree

### Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

## Fashion Design

The Fashion Design program prepares students with the necessary skills to obtain positions in the design, apparel manufacturing, tailoring, pattern making, custom dressmaking, and related fields. Students may focus on one of the following certificate programs: Fashion Design and Advanced Fashion Design and Apparel Manufacturing. Many of the clothing courses can be utilized as transfer courses for those pursuing a Bachelor’s degree in Family and Consumer Science (Home Economics) with a Clothing and Textiles emphasis. Refer also to the Transfer Patterns section of this catalog or of the intended college of transfer.

### Fashion Design Certificate Program

The Fashion Design program prepares the student for entry-level positions in the field of Fashion Design. They will be able to design clothing using the three major design procedures: flat pattern-making, draping on a dress form, and designing by sketching.

†Recommended to be taken in last semester of program.

§ Must be taken concurrently with CWE 180.

« Take FASH 260 OR both FASH 204 and 225.
Advanced Fashion Design and Apparel Manufacturing Certificate Program

The Advanced Fashion Design and Apparel Manufacturing certificate prepares the fashion design student to enter the apparel manufacturing field. It explores the fashion industry, studying the many career options available beyond design. It then goes deeply into pattern and clothing manufacturing. The student who completes the Fashion Design program and then completes this advanced program will not only be able to design clothing but will be able to participate in many of the manufacturing processes.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. At least 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: ART 42; CIM 1; ETT 42; FASH 120, 143, 147, 209, 221; GC 101.

Accessory Design Occupational Skills Award

The Accessory Design Occupational Skills Award prepares students with the skills necessary to become a successful designer of shoes, bags, millinery, jewelry, small leather goods, shawls, ties, pocket squares and other accessories. The curriculum prepares students with design skills, product development, technical skills, sourcing materials, and manufacturing the final goods. Students will experience designing a line of accessories and complete an internship/CWE related to the accessory design industry.

After completion of the skills award, students will be eligible for a position in the following areas: assistant accessory designer, accessory designer, shoe designer, high performance shoe designer, eyewear designer, milliner, handbag designer, small leather goods designer, technical designer for accessories, accessory product development, sourcing and manufacturing of accessories.

### Fashion Merchandising

The Fashion Merchandising program is designed to prepare professionally-trained individuals for the fashion industry. The program places emphasis on developing the fashion sense and the unique creativity of each student. The curriculum offers a comprehensive analysis of such subject areas as the manufacture, distribution, buying, and merchandising of fashion apparel.

### Fashion Merchandising Certificate Program

The Fashion Merchandising certificate emphasizes all aspects of fashion merchandising including techniques of buying and selling, distributing and marketing, and promoting fashion goods. It combines a general merchandising background with training in specialized skills in order for students to find employment in today's fashion industry.

### Associate Degree

#### Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

#### General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: ART 20, 40, 41, 42, 50, 80; BUS 138/CTVR 138; ETT 44; FASH 110, 254; GC 101, GD 141/ART 141; ID 110, 112, 121, 127.

### Event Planner Occupational Skills Award

The Event Planner Occupational Skills Award prepares the student with skills that are necessary to become a successful planner within the industry. The focus will be on details, vision, organization and the means to pull off both big and small events. Event Planners may work on a freelance basis, for an event planning company and/or nonprofit organization and for profit corporations. Coursework covers planning and directing an event from start to finish. This will include: promotions, music, hospitality, merchandise and/or vendors, stage, rentals, culinary, lighting, selecting a venue, budget, and an internship in the field.

### French

#### Associate Degree Program

The French Program offers lower-division preparation for students who plan on transferring to pursue a bachelor's degree in French. Students planning to transfer and/or earn this associate degree may also need to complete additional requirements or electives required by the transfer institution, as many have unique admissions and preparation-for-the-major requirements. Students should meet with a counselor to identify required courses and to develop a written plan for their targeted university.

### General Education

#### (IGETC or CSU-GE)

#### Certificate of Achievement

Students may earn a certificate of achievement in general education upon completion of a pattern of approved courses intended for transfer.

**Intersegmental General Education Transfer Curriculum (IGETC)**

Completion of a minimum of 34 units including all requirements of the Intersegmental General Education Transfer Curriculum.

**California State University General Education Certification (CSU-GE)**

Completion of a minimum of 39 units including all of the requirements of the California State University General Education certification.

SEE THE ARTICULATION/TRANSFER PATTERN SECTION OF THE CATALOG FOR A LIST OF SPECIFIC COURSE REQUIREMENTS

### General Studies

#### Associate Degree

The General Studies Associate degree provides an opportunity for students to earn a comprehensive Associate of Arts (AA) and is intended for the student who may not be planning to transfer to a university in the near future. Completion of an associate degree may support efforts to gain entry-level employment or promotion.

Students planning to transfer to California State University (CSU), the University of California (UC) or an institution which accepts certification should complete general education requirements for the associate degree by completing CSU General Education (CSU-GE) certification requirements or the Intersegmental General Education Transfer Curriculum (IGETC) (34-39 units).

Select 18 units from one of the following areas of emphasis:

**FINE ARTS AND HUMANITIES**

Students develop aesthetic understanding including an appreciation of philosophical, historical, and cultural importance and an awareness of the ways in which people responded to themselves and the world around them. Included are artistic and cultural creations and the development of aesthetic understanding and an ability to make value judgements.

German

Associate Degree Program

The German Program offers lower-division preparation for students who plan on transferring to pursue a bachelor’s degree in German. Students planning to transfer and/or earn this associate degree may also need to complete additional requirements or electives required by the transfer institution, many have unique admissions and preparation-for-the-major requirements. Students should meet with a counselor to identify required courses and to develop a written plan for their targeted university.

Suggested coursework not required for the major:  Hlth 2; Se 102

Graphics

The Graphics program is designed to prepare students for certificates in the computer graphics, graphic communications, graphic design, and illustration fields. Training is provided in both theory and practical skills. Directed skill development is stressed in the following areas of study: Computer Graphics (computer art and layout), Graphic Communications (printing), Graphic Design (design and art production), and illustration/Animation (advertising and editorial art).

This program will provide students with the opportunity to acquire knowledge and skills that are required for employment, Associate degree, or transfer in the related areas of design, illustration, printing, and computer graphics.
## Computer Graphics Certificate Program

This program is designed to prepare students for employment in the computer graphics fields. This program relies heavily on a basic understanding of graphic design and/or graphic communications principles as they relate to industry standards. Students are encouraged to adhere to electives noted for a rounded educational experience. Some of the careers that are found in the computer graphics field are: computer graphics artist, prepress technician, computer animator and multimedia producer.

Associate Degree

Certification Program

The Health Information Technician (H.I.T.) program is a two-year certificate and associate degree program that prepares the student for employment as a health information professional with the knowledge and skills to accurately code diagnoses and procedures for healthcare services provided to patients, and to collect, maintain, and analyze clinical data in electronic health records that physicians, nurses, and other healthcare staff rely on to deliver quality healthcare. The curriculum is designed to facilitate articulation from the Medical Assistant program and provides training through didactic instruction and directed practice externships. Facilities employing health information technology professionals include hospitals, ambulatory care centers, physician offices, long-term care facilities, dialysis centers, public health agencies, pharmaceutical companies, medical supply companies, rehabilitation centers, managed care organizations, behavioral and mental health facilities, law firms, and insurance firms. Students are required to hold a valid basic life support CPR card for healthcare providers and carry professional liability insurance prior to commencing their directed practice.

A minimum grade of “C” in all courses is required to receive the certificate.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Health Sciences

Associate Degree

The Health Sciences Associate Degree program is designed to provide students the opportunity to achieve an associate degree in health sciences which may include courses required for preparation for transfer to a CSU or for employment in areas such as emergency medical technician, medical assistant, medical insurance billing and coding, nursing assistant, paramedic or phlebotomist.

Transfer Health Sciences majors should complete the general education certificate to meet general education requirements (34-39 units), either the California State University General Education (CSU-GE) requirements or the Intersegmental General Education Curriculum (IGETC).

Refer to ASSIST.org or to the catalog of the intended college of transfer. Courses selected to fulfill requirements for this area of emphasis should reflect requirements of the college or university to which the student plans to transfer. Consult with a counselor for assistance in planning a transfer program in Health Sciences.

This program is not the associate degree in nursing and does not meet the State Board of Registered Nursing requirements for licensure in the state of California. Students interested in achieving a degree in Nursing should see the Nursing Associate Degree.

### Human Services

The Human Services department offers the following programs of study for people who want to work with people. The curricula meet the needs of career-oriented students who wish career preparation at the Associate degree or vocational certificate levels. They will also serve as an introduction to social work, social welfare, criminal justice, counseling, mental health, and other helping professions for students planning advanced degrees in these fields. Coursework includes participation in internships and Cooperative Work Experiences at various facilities.

Saddleback College is an academic member of the International Association of Eating Disorders Professionals (IAEDP). Saddleback College does not offer a certificate for the Eating Disorders Program, however, the course is certified by IAEDP.

The Human Services department offers the four programs listed below.

#### Alcohol and Drug Studies Certificate Program

The Alcohol and Drug Studies program integrates theory and practical experience in developing skills necessary to work with the alcohol and drug abuse population, as well as with families and employers of chemically dependent persons. This program option combines the Human Services behavioral core, skills training, and experiential learning in the field work settings.

The completion of the Core Courses is required for eligibility of enrollment in HS 110 and is required for the completion of the Certificate Programs. It is recommended that these courses be taken as early as possible.

A minimum grade of “C” in all courses is required to receive the certificate.

### Associate Degree

**Associate in Science Degree**

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

**General Education Requirements for Associate Degrees**

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

#### Community-Based Corrections Certificate Program

The program in Community-Based Corrections provides the student with an introduction to the Human Services behavioral core and skills with a specialized area of study in areas of various community-based corrections. Students completing the program may find employment in probation, juvenile counseling settings, California Youth Authority, and half-way houses.

The completion of the Core Courses is required for eligibility of enrollment in HS 110 and is required for the completion of the Certificate Programs. It is recommended that these courses be taken as early as possible.

A minimum grade of “C” in all courses is required to receive the certificate.

Human Services Generalist Certificate Program
The Human Services Generalist program is designed to provide persons with both a historical and a current perspective of the basic issues within the human services field. It will introduce students to the growing career options within the field, provide an opportunity to explore several of the program options, and generally provide the kind of information that will enable students to make informed decisions in regard to career directions.

The completion of the Core Courses is required for eligibility of enrollment in HS 110 and is required for the completion of the Certificate Programs. It is recommended that these courses be taken as early as possible.

A minimum grade of “C” in all courses is required to receive the certificate.

Mental Health Worker Certificate Program
The Human Service department has designed the Mental Health Worker program to educate students to understand cultural competency skills needed for clients and family members to enter the public mental health labor force. It will introduce students to benefits acquisitions, the recovery model, co-occurring disorders and integrated services, early identification of mental illness and evidence-based practices.

A minimum grade of “C” in all courses is required to receive the certificate.

†CWE 180* should be taken after completing at least 9 units of the Landscape Design Certificate Program.

Associate Degree

Associate in Science Degree

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

General Landscape Design Occupational Skills Award

A comprehensive overview of the drawing, design, and construction materials used by the landscape designer. The skills acquired will enhance the ability to provide landscape assistance to customers of retail and wholesale nurseries.

Liberal Studies Associate Degree

The curriculum in the Liberal Studies Associate Degree program is designed for students transferring to a four-year college or university intending to pursue a Liberal Studies Major.

Students planning to transfer to California State University (CSU), the University of California (UC), or an institution which accepts certification should complete general education requirements for the associate degree by completing CSU General Education (CSU-GE) certification requirements or the Intersegmental General Education Transfer Curriculum (IGETC) (34-39 units).

Please consult with a counselor to ensure that the courses you select from the options listed below are appropriate for your particular school of transfer.

Complete 18 units as described below:

- ENG 1A*        4
- SP 1 or 5      3
- PS 1           3

Select one of the following:

- ENG 1B*, 170; PHIL 12*; SP 2*, 3* 3
- HIST 7, 8, 16,17, 22 3

Select one of the following:

- MATH 2*, 3A*, 3B*, 3C* 7, 8*, 10*, 11*, 24*, 26*, 124* 3-5

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Marine Science Technology

The Marine Science Technology program is designed to provide technician training for several ocean-related careers. Two program options are outlined below to orient students to the different emphases necessary for individual interest and career goals.
**Marine Science Technician Certificate Program**

Rapid growth of the field of marine environmental management in Southern California brings demand for marine science technicians having the practical seamanship skills of navigation, vessel operation, marine systems and equipment maintenance, as well as scientific expertise. Flexibility in study areas of concentration allows for tailoring coursework to specific employment opportunities.

Classroom work in oceanographic disciplines is combined with seagoing laboratory experience aboard marine research vessels, both sail and power. The program is designed to develop a solid educational foundation so that graduates will be prepared to work closely with scientists, researchers, engineers, and marine survey and operations personnel as they endeavor to manage this enormous resource for the good of mankind.

**Course ID** | **Title** | **Units**
--- | --- | ---
ENV 18 | Intro to Ecology | 4
or BIO 19* | Marine Biology | 3
or MS 4 | Southern California Coastal Ecology | 3
MS 20 | Introduction to Oceanography | 4
Select from Restricted Electives | 15
**Total** | **23**

**Restricted Electives:**
- MST 201: Marlinspike Seamanship 2
- MST 202: Marine Weather 3
- MST 210: Coastal Navigation 3
- MST 211: Celestial Navigation 3
- MST 212: Sailing, Seamanship, and Boating Safety 3
- MST 214A*: Intermediate Ocean Sailing 3
- MST 214B*: Advanced Cruising Under Sail 3
- MST 215*: Vessel Command and Organization 3
- MST 216: USCG Master License and Examination Preparation Course 3
- MST 218*: Electronic Aids to Navigation 3
- MST 219*: Marine Ecological Survey/GIS 3
- MST 224: Channel Islands 1.5

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

**Associate Degree**

**Associate in Science Degree**

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

**General Education Requirements for Associate Degrees**

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: ET 101; DR 100, PHYS 2A.

**Mathematics Associate Degree Program**

The curriculum in the Mathematics Associate Degree program is designed to provide the transfer student the opportunity to achieve an associate degree. While a baccalaureate or higher degree is recommended for those considering majors related to this field, earning the Associate degree may support attempts to gain entry-level employment or promotion.

**Course ID** | **Title** | **Units**
--- | --- | ---
CS 1B* | Introduction to Programming | 3
or CS 4A* | Introduction to Java for Computer Science | 3
MATH 3A* | Analytic Geometry and Calculus | 5
MATH 3B* | Analytic Geometry and Calculus | 5
MATH 3C* | Analytic Geometry and Calculus | 5
MATH 24* | Elementary Differential Equations | 4
MATH 26* | Introduction to Linear Algebra | 4
**Total** | **26**

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

**Associate Degree**

**Associate in Arts Degree**

Complete a minimum of 60 units including the general education requirements with an overall GPA of 2.0 to qualify for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.
General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Medical Assistant

This program prepares students for employment as a medical assistant in a physician’s office or clinic. The curriculum is designed to provide training in administrative (front office) and clinical (back office) medical assisting skills. Instruction is given in basic medical office procedures (including appointment scheduling, billing, and insurance), assisting with examinations, surgical and laboratory procedures (including venipuncture, pharmacology, and injections), electrocardiography, electronic health records, public relations, supervision, and practice-building techniques. An externship experience helps provide the student with the skills necessary to enter this field.

Successful completion of courses will require that a grade of “C” or better be achieved. When a student fails to achieve a “C” or better in any course, the student will be given the opportunity to repeat the failed course once on a space available basis. If a student receives a second grade of less than a “C” in any Medical Assistant course, that student will be dropped from the Medical Assistant Program and will not be eligible for re-entry into the Saddleback College Medical Assistant program. A student may not enter Clinical Experience (MA 217B) until all courses are completed with a grade of “C” or better.

A minimum grade of “C” in all courses is required to receive the certificate.

Administrative Medical Assistant Certificate Program

This program prepares the student for employment as an administrative (front office) medical assistant in a physician’s office or clinic. The Administrative Medical Assistant program is designed to articulate into the Health Information Technology (H.I.T.) program and prepares the student to schedule appointments, perform medical reception duties, handle financial matters (including medical collection), manage electronic health records and other medical records, and do insurance billing. The externship in the front office of a physician’s office will help provide the student with the administrative experience necessary to enter the workforce. Students are required to hold a valid basic life support CPR card for healthcare providers and carry malpractice insurance while in MA 217B.*

A minimum grade of “C” in all courses is required to receive the certificate.

Clinical Medical Assistant Certificate Program

This program prepares the student for employment as a clinical (back office) medical assistant in a physician’s office or clinic. The program is designed to prepare the student to aid the physician by assisting with examinations and treatments, performing venipunctures and collecting other routine laboratory procedures, assisting with office surgery, giving medications including by injection, performing electrocardiograms, practicing medical and surgical asepsis, and working with electronic health records and other medical records. An externship in the back office of a physician’s office will provide the student with the clinical experience necessary to enter the workforce. Students are required to hold a valid basic life support CPR card for healthcare providers and carry malpractice insurance while in MA 217B.*

A minimum grade of “C” in all courses is required to receive the certificate.

Medical Lab Technology Certificate Program

The Medical Laboratory Technician program prepares students for employment as an MLT working in a clinical medical laboratory. Medical laboratory technicians (MLTs) perform a wide variety of routine laboratory procedures and work in both public and private laboratories serving the health care sector.

The MLT program is a two-year curriculum leading to the Associate in Science degree in Medical Laboratory Technology. Completion of prerequisite courses will be required prior to entering the program. The program course of study is a combination of instruction in principles of laboratory theory and techniques as well as clinical experience at affiliated medical laboratories. Students learn to perform routine laboratory procedures in phlebotomy, microbiology, clinical chemistry, hematology, coagulation, immunology, and urinalysis. They also will learn to operate and maintain clinical laboratory equipment.

Graduates of the program qualify for national certification examinations sponsored by the American Society of Clinical Pathologists (ASCP) Board of Registry or by the American Association of Bioanalysts (ABB) Board of Registry to become state licensed medical laboratory technicians.

Successful completion of courses will require that a grade of “C” or better be achieved. When a student fails to achieve a “C” or better in any course, the student will be given the opportunity to repeat the failed course once on a space available basis. If a student receives a second grade of less than a “C” in any Medical Assistant course, that student will be dropped from the Medical Assistant Program and will not be eligible for re-entry into the Saddleback College Medical Assistant program. A student may not enter Clinical Experience (MA 217) until all courses are completed with a grade of “C” or better.

Select two courses from: MUS 20, 23, 24, 25, 26, 27, 28, 29

Total 24-27

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Refer to Graduation Requirements for specific information regarding unit, scholarship, residence, and general education requirements.

Associate Degree

Associate in Arts Degree

Completion of the required courses in the major and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Natural Sciences

Associate Degree Programs

(SEE ASTRONOMY, BIOLOGY, CHEMISTRY, GEOLOGY, OCEANOGRAPHY, PHYSICAL SCIENCE, and PHYSICS)

Accredited National League for Nursing Accrediting Commission (NLNAC)

PURPOSES OF THE PROGRAM IN NURSING

The purposes of this program in Nursing are to provide the education necessary to develop competent practitioners in nursing and to provide a base for the continuing development of the student as an individual.

ENROLLMENT PROCEDURES

Procedures for applying to the Nursing program and application packets are available in the Health Sciences and Human Services division office and on the division website. Prospective nursing students are encouraged to attend an RN Information Session. (See the Nursing website).

In order to apply, a student must complete BIO 11* (Anatomy), BIO 12* (Physiology), BIO 15* (Microbiology), and ENG 1A* (Principles of Composition 1) or their equivalents with a grade of “C” or better. BIO 12* (Physiology) must have been completed within the past seven years.

Note: Students will be admitted based on the total number of points they receive on the admission criteria. See the Nursing website for details about the point distribution. The admission criteria includes: previous academic degrees, work experience/certificates, GPA in the science prerequisites, completion of relevant course work towards the ADN degree, life experience, proficiency/course work in a second language, ATI-TEAS testing scores.

Applications will be taken each semester for approximately a two week period at the end of February (for Fall admission) and a two week period at the end of June (for Spring admission).

Students qualified for application will be ranked according to their total points achieved on all of the admission criteria. Those with the highest scores will be admitted.

The Nursing Program at Saddleback College is an impacted program, therefore students who hold F-1 (student visas) will not be considered for admission to the Nursing Program.

Students may use the following resources to obtain information or to seek clarification regarding nursing issues:

California Board of Registered Nursing

Certified Degrees and Certificates

Saddleback College Catalog 2012/2013

Nursing Associate Degree Program

Registered Nurse Certificate Program

Every required prerequisite and core class must be completed with a “C” or better.

**Course ID** | **Title** | **Units**
--- | --- | ---
**Required prerequisites prior to Nursing Clinical Sequence:**
BIO 11* | Human Anatomy | 4
BIO 12* | Human Physiology | 4
BIO 15* | General Microbiology | 5
ENG 1A* | Principles of Composition I | 4
**Total** | **17**

Eligible for Entry into Nursing Clinical Sequence

**Semester I**

N 165 | Lifecycle I: Fundamentals of Aging | 1.5
N 160* | Pharmacology | 2.5
N 170*# | Nursing Process | 7.75
N 171*# | Mental Health Nursing | 3
**Total** | **14.75**

**Semester II**

N 161 | Growth and Development | 1.5
N 172*# | Medical-Surgical Nursing | 8.75
PSYC 1 | Introduction to Psychology | 3
**Total** | **13.25**

**Semester III**

N 173*# | Nursing Care of Children and Families | 3.5
N 174*# | Women’s Health Nursing | 3.5
**Total** | **7**

**Semester IV**

N 176*# | Advanced Nursing | 8
SP 1 | Communication Fundamentals | 3
or  SP 5 | Interpersonal Communication | 3
**Total** | **11**

**Total units Registered Nursing Certificate** | **63**

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

#Clinical course.

Selected clinical experiences in various hospitals, clinics, and community agencies are provided throughout the Nursing Program.

Upon completion of the Registered Nurse Certificate Students are eligible for RN Licensure Exam

**Associate Degree**

**Associate in Science Degree**

Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

**General Education Requirements for Associate Degrees**

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Licensed Vocational Nurse (LVN) to Registered Nurse (RN) Associate Degree Program

The Nursing program is designed to provide a system by which vocational nurses can continue their education and become eligible to write the State Board Exam. Procedures for application and admission packets are available in the offices of the Division of Health Sciences and Human Services. Students are admitted from a wait list.

Admission of LVNs to the Nursing program is on a space-available basis. To be placed on the wait list requires:

1. Proof of satisfactory completion of an accredited VN program or a current California VN license.
2. Completion of all the core science courses: BIO 11*, 12*, 15*, and ENG 1A* or equivalent, with a grade of “C” or better.
3. Completion of N 162* and N 164* with a grade of “C” or better within a maximum of two years of program entry.
4. Completion of matriculation testing.
5. Attendance at “LVN to RN” guidance session.
6. Overall GPA of 2.5 in prerequisite courses.
7. Application submitted with Director/Assistant Director of Nursing.
8. Completion of standardized Pre Admission test validates by CCCCO at or above designated cut scores.
9. Proof of completion of a minimum of one (1) year of direct patient care.

Consideration will be given to each applicant’s prior education in determining placement into the program. All classes are challenge-able. Every required prerequisite and core class must be completed with a “C” or better.

**Required Prerequisites:**

**Course ID** | **Title** | **Units**
--- | --- | ---
BIO 11* | Human Anatomy | 4
BIO 12* | Human Physiology | 4
BIO 15* | General Microbiology | 5
ENG 1A* | Principles of Composition I | 4
N 162* | Successful Transition to Professional Nursing | 1.5
N 164* | LVN to RN Clinical Lab | 1.5
**Total** | **20**

**Required Core Classes:**

**Course ID** | **Title** | **Units**
--- | --- | ---
N 165 | Lifecycle I: Fundamentals of Aging | 1.5
N 171*# | Mental Health Nursing | 3
N 173*# | Nursing Care of Children and Families | 3.5
N 174*# | Women’s Health Nursing | 3.5
N 176*# | Advanced Nursing | 8
PSYC 1 | Introduction to Psychology | 3
SP 1 | Communication Fundamentals | 3
or  SP 5 | Interpersonal Communication | 3
**Total** | **25.5**

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

#Clinical course.
Associate Degree

Associate in Science Degree

Completion of the units listed above and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Reference to the catalog for transfer requirements.

Licenced Vocational Nurse (LVN) to Registered Nurse (RN)

30-Unit Option Certificate

BRN Rules and Regulations

Section 1429—Preparation Required for Licensed Vocational Nurses

(a) An applicant who is licensed in California as a vocational nurse is eligible to apply for licensure as a registered nurse if such applicant has successfully completed the courses prescribed below and meets all the other requirements set forth in Section 2736 of the code. Such applicant shall submit evidence to the board, including a transcript, of successful completion of the requirements set forth in subsection (c) and of successful completion or challenge of courses in physiology and microbiology comparable to such courses required for licensure as a registered nurse.

(b) The school shall offer objective counseling of this option and evaluate each licensed vocational nurse applicant for admission to its registered nursing program on an individual basis. A school's determination of the prerequisite courses required of a licensed vocational nurse applicant shall be based on an analysis of each applicant's academic deficiencies, irrespective of the time such courses were taken.

(c) The additional education required of licensed vocational nurse applicants shall not exceed a maximum of thirty (30) semester or forty-five (45) quarter units. Courses required for vocational nurse licensure do not count toward fulfillment of the additional education requirement. However, other courses comparable to those required for licensure as a registered nurse, as specified in Section 1426, may be counted toward fulfillment of the additional education requirement.

Nursing courses shall be taken in an accredited school and shall be beyond courses equivalent to the first year of professional nursing courses. The nursing content shall include nursing intervention in acute, preventive, remedial, supportive, rehabilitative, and teaching aspects of nursing. Theory and courses with concurrent clinical practice shall include advanced medical-surgical, mental health, psychiatric nursing, and geriatric nursing. The nursing content shall include the basic standards for competent performance prescribed in Section 1443.5 of these regulations.

Admission of VNs to the Nursing program is on a space-available basis. To be placed on the wait list requires:

1. Proof of satisfactory completion of an accredited VN program or a current California VN license.
2. Completion of BIO 12*, BIO 15*, and N 162* with grades of “C” or better and with a GPA of 2.5 or greater.
3. Attendance at "LVN to RN" guidance session.
4. Completion of N 162* with a grade of “C” or better within a maximum of 3 semesters of program entry.
5. Applicant must commit, in writing, to the 30-unit status prior to or during application.
6. Application submitted with the Director/Assistant Director of Nursing.
7. Completion of standardized Assessment Technology Institute (ATI) tests at or above designated cut scores.
8. Proof of completion of a minimum of one (1) year of direct patient care as an LVN.

Consideration will be given to each applicant's prior education in determining placement into the program. All classes are challengeable. Every required prerequisite and core class must be completed with a "C" or better.

#Clinical course.

¥Fulfills the Management & Leadership and Advanced Medical-Surgical requirement.

Nutrition Certificate Program

The Nutrition program prepares students for a wide variety of employment opportunities involving the applications of fundamentals of normal nutrition. Employment possibilities include public agencies, day-care centers for the young and the elderly, food co-ops, recreation work, pregnancy clinics, education (such as preschool and elementary school), health clubs, gym and figure salons, health food stores and nutritional supplement sales, and drug abuse clinics. The program offers coursework for professional improvement, and some courses can be utilized as transfer courses for students pursuing a Bachelor’s degree. Refer to the Family and Consumer Sciences/Home Economics transfer section of the Saddleback College Catalog, as well as the catalog of the intended college of transfer.

Please see a counselor for assistance in planning a transfer program.

Paramedic Certificate Program

The Paramedic program is designed to prepare the student for licensure as a Paramedic. It is an intense, full-time program consisting of lecture, skills lab, clinical practice, and field internship. Students must possess a current CPR-Health Care Provider Card and are also required to have a current EMT license and one-year recent work experience. Students must have or purchase malpractice insurance prior to taking PM 230*

**Physical Education Associate Degree Program**

SEE KINESIOLOGY

**Physical Science Associate Degree**

The associate degree in Physical Science may be appropriate for transfer students who are planning to major in one of the physical sciences such as astronomy, biochemistry, chemistry, environmental sciences, geological sciences, or physics or a preprofessional program requiring completion of physical science courses such as prechiropractic, premedical, premedicine, preoptometry, and prepharmacy.

Students planning to transfer to California State University (CSU), the University of California (UC), or an institution which accepts certification should complete general education requirements for the associate degree by completing CSU General Education (CSU-GE) certification requirements or the Interssegmental General Education Transfer Curriculum (IGETC) (34-39 units).

Please consult with a counselor for assistance in selecting courses appropriate for transfer majors and/or preprofessional programs.

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

## Associate of Arts Degree in Psychology for Transfer

The curriculum in the Psychology Associate Degree program is designed to provide the transfer student the opportunity to achieve an Associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the associate degree may support attempts to gain entry-level employment or promotion.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Rapid Digital Manufacturing Certificate Program
Rapid Digital Manufacturing addresses the competencies required by technical, engineering, and management professionals working in industry where products are designed and developed, with specific emphasis on mechanical/manufacturing, art/animation, medical imagery, geographic information systems, and architecture.
The program is designed to develop a solid educational foundation for graduates to work closely with engineers, designers, and professionals in multiple industries, using additive processes for product development, 3D visualization, art, entertainment, architecture, medical modeling, and geographic information systems.

Associate Degree
Associate in Science Degree
Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees
Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

Suggested coursework not required for the major: BUS 1, 135, 137.

Real Estate Appraisal Certificate Program
The Real Estate Appraisal program is designed to prepare students with educational courses needed for positions within the real estate appraisal profession and to meet the California State requirements under the Department of Business, Transportation and Housing Agency for the real estate licenses of State Licensed Real Estate Property Appraiser.

REAL ESTATE APPRAISAL LICENSE and/or CERTIFICATE: Please contact the California Office of Real Estate Appraisers.

Course ID  Title  Units
RE 170  Real Estate Principles  3
RE 176A*  Real Estate Appraisal I  3
RE 176B  Real Estate Appraisal II  3
RE 176C*  Real Estate Appraisal III  3
RE 200  Uniform Standards of Professional Appraisal Practice (USPAP)  1.5
Select from Specialty Courses  6

Total  19.5

Specialty Courses:
RE 174*  Legal Aspects of Real Estate  3
RE 175*  Real Estate Finance  3
RE 178*  Real Estate Economics  3

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Associate Degree
Associate in Science Degree
Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.

Real Estate Escrow Certificate Program
The Escrow program is designed to educate the student to become an effective escrow professional. Activities related to this field are escrow principles, practice, and professionalism. Associated courses in real estate, management, and office procedures are provided.

Course ID  Title  Units
CIM 120  Computer Literacy  1.5
CIM 121A  Keyboarding for Computers: Beginning  1.5
RE 170  Real Estate Principles  3
RE 172*  Real Estate Practice  3
RE 174*  Legal Aspects of Real Estate  3
RE 175*  Real Estate Finance  3
RE 190  Escrow  3

Total  18

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Associate Degree
Associate in Science Degree
Completion of the certificate program and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Science degree. A minimum of 12 units must be completed at Saddleback College.
General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

Suggested coursework not required for the major: (Select two courses to meet the Educational Achievement Award requirements of the California Escrow Association): ACCT 1A, 214; BUS 12, 104, 125, 160; RE 176A, 178.

Social Sciences
Associate Degree Program

The curriculum in the Social Sciences Associate Degree program is designed to provide the transfer student the opportunity to achieve an Associate degree. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the associate degree may support attempts to gain entry-level employment or promotion.

Select twelve units within a single area of emphasis which include only courses applicable to the major as noted below.

Areas of Emphasis:
- ECON 2*, 4*
- GEOG 1, 2, 3
- HIST 4, 5, 16, 17
- PS 1, 4, 12, 14
- PSYC 1, 2*, 3*, 7*, 30*
- SOC 1, 2, 15*, 30*

Select 6 additional units in a second area of emphasis as listed above

*Course has a prerequisite, corequisite, limitation, or recommended preparation; see course description.

Associate Degree

Associate in Arts Degree

Complete 18 units as described above and a minimum of 60 units including the general education requirements with an overall GPA of 2.0 qualifies the student for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution’s catalog for transfer requirements.

The following is required for all AA-T or AS-T degrees:
1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a baccalaureate or higher degree is recommended for those considering professional careers, earning the Associate degree may support attempts to gain entry-level employment in social services or promotion.

The following is required for all AA-T or AS-T degrees:
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Certificate Program

Real Estate Sales/Broker Certificate Program

This Real Estate program is designed to educate the student to become an effective Real Estate professional. Activities related to the program are real estate practice, law, appraisal, finance, computations, escrow, investment, exchange, and taxation.

REAL ESTATE SALESPERSON LICENSE: RE 170, 172, and one additional elective must be completed before enrolling for the State exam. Electives list: BUS 12, RE 174*, 175*, 176A*, 178*, 190, 195*, 280. Please check with the California Department of Real Estate for any changes.

REAL ESTATE BROKER LICENSE: Five courses are required: RE 172*, 174*, 175*, 176A*, and 178*. In addition, three more courses must be taken from the following list: BUS 12, RE 170, 176B, 190, 195*, 280. Please check with the California Department of Real Estate for any changes. The 30-unit Certificate meets the Broker License examination course requirements.

## Spanish

### Associate Degree Program

The Spanish Program offers lower-division preparation for students who plan on transferring to pursue a bachelor's degree in Spanish. Students planning to transfer and/or earn this associate degree may also need to complete additional requirements or electives required by the transfer institution, as many have unique admissions and preparation-for-the-major requirements. Students should meet with a counselor to identify required courses and to develop a written plan for their targeted university.

## Associate Degree

### Associate in Arts Degree

Complete a minimum of 60 units including the total number of units described above and the General Education requirements with an overall GPA of 2.0 to qualify for the Associate in Arts degree. A minimum of 12 units must be completed at Saddleback College.

### General Education Requirements for Associate Degrees

Refer to the Graduation Requirements or to the CSU-GE and IGETC patterns in this catalog for specific courses which meet general education requirements. Refer to ASSIST.org and to the transfer institution's catalog for transfer requirements.

### Theatre Arts

#### Performance and Acting

### Associate Degree Program

The curriculum in the Theatre Arts, Performing/Acting Associate Degree program is designed to provide the student the opportunity to achieve an Associate degree. A baccalaureate degree or higher is recommended for those considering professional career related to this field. An Associate Degree would demonstrate commitment to the major for those transferring to other institutes of higher learning and may support attempts to gain employment in the field.

Scenic Art and Painting
Occupational Skills Award

The Entertainment and Theatre Technology, Scenic Artist and Painting Occupational Skills Award is designed to prepare the student for employment as a scenic artist and painter in the entertainment industry; including theatre, theme parks, television, movies, corporate events, trade shows, sporting events, faith-based events, and all other forms of live entertainment. The program is designed to develop a solid foundation of skills so students can work closely with Designers, art directors and other professionals in the various areas that make up the Entertainment Industry as well as other industries that utilize the skills of a scenic artist. Students are required to participate as paint crew on the Department of Theatre Arts productions as well as other field work.

Articulation/Transfer Patterns

Transfer Planning

I. Transfer students, that is, students planning to enter a university four-year college after attending Saddleback College, should take note of the following suggestions:

A. Consult the catalog of the college or university to which they intend to transfer for such requirements as:
   1. Admissions Information
   2. Major course requirements
   3. General education or breadth requirements

B. Notice the difference between lower and upper-division courses required by the particular college or school of the university in which the advanced work is to be taken.

C. Note courses which must be taken in preparation for the major as well as those required in the major.

D. Remember that community college courses transfer to four-year colleges in terms of specific or elective credit depending upon the school and major selected. Refer to sample transfer programs on the following pages to determine if an example is offered for a particular major or institution. Refer also to the ASSIST (Articulation System Stimulating Interinstitutional Student Transfer) website at www.assist.org which is the official California statewide database listing a selection of campus-approved transfer agreements, general education requirements, and information on UC and CSU transferable courses and major preparation. Students are advised to contact a Saddleback College counselor for more information, and for details regarding other transfer agreements and options not available on ASSIST for your transfer college choice.

E. Note any policies regarding the maximum number of units which may be transferable. A maximum of 70 transferable units completed at the community college level may be applied toward the total number of units required for a bachelor's degree by the University of California or the California State University. Subject credit for transferable courses in excess of 70 units may also be granted to satisfy university graduation requirements. Any courses accepted as equivalent to those offered in lower-division by the university completed at the community college, even if beyond the 70-unit maximum, will be applied where needed to meet specific lower-division major and/or general education/breadth requirements. Therefore, students are strongly advised to complete all courses designated as required lower-division preparation for the major prior to transfer, especially where admission to the major is contingent on completion of specific courses.

II. Students should also avail themselves of opportunities to meet with representatives of colleges and universities which are scheduled throughout the academic year in the Transfer Center.

III. Catalogs and applications for admission to the University of California and the California State University are available in the Career Center. The Career Center maintains catalogs and applications from other institutions as well and will provide assistance in obtaining information and applications.

IV. Student Responsibility for Meeting Transfer Requirements: All students must assume complete responsibility for compliance with regulations and instructions set forth in university or college catalogs for their intended transfer institution, and for selecting the courses which will permit them to meet their educational objectives and for satisfying prerequisites for any programs or courses which they plan to take for transfer.

The following information is subject to change

The California State University

(Refer to the California CSU/UC map)

*Application Filing Periods

(Applications first accepted):

<table>
<thead>
<tr>
<th>Semester or Quarter</th>
<th>Dates</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summer Semester or Quarter</td>
<td>February 1-28 (6 campuses)</td>
</tr>
<tr>
<td>Fall Semester or Quarter</td>
<td>October 1- November 30</td>
</tr>
<tr>
<td>Winter Quarter</td>
<td>June 1 - June 30</td>
</tr>
<tr>
<td>Spring Semester or Quarter</td>
<td>August 1 - August 30</td>
</tr>
</tbody>
</table>

*You are urged to file early. Applications to impacted majors must be filed during the initial filing period. The CSU designates major programs as impacted when more applications are received in the initial filing period from CSU eligible applicants than can be accommodated. If applying after the initial filing period, consult the campus admissions office or website for current information. Except for impacted majors, campuses accept applications until enrollment categories are filled. Most campuses will acknowledge receiving your application within two to four weeks. For more details refer to the CSU Mentor website at www.csumentor.edu

Definition of a Transfer Student

You are considered a transfer student if you have enrolled in a community college or university other than a CSU following high school graduation.

1. Students with fewer than 60 transferable semester (90 quarter) units are considered lower division transfer students.

2. Students who have completed 60 or more transferable semester college units (90 or more quarter units) are considered upper-division transfer students.

3. Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements.

Transfer Admission Requirements

Upper-Division Transfer Requirements (60 or more transferable semesters or 90 or more quarter units — see note below):

You are eligible for admission if you:

1. Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units completed.

2. Are in good standing at the last college or university attended (i.e., you are eligible to re-enroll).

3. Have completed, or will complete prior to transfer at least 30 semester units (45 quarter units) or courses equivalent to general education requirements with a grade of “C” or better. The 30 semester units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking), and at least one course of at least 3 semester units (4 quarter units) is required in college-level mathematics. (See Area A and B-4 on Saddleback College’s CSU G.E. certification pattern or Areas 1 and 2 of the iGETC).

Note: Some CSU campuses may accept a limited number of lower-division transfer applicants (applicants with fewer than 60 transferable units). Lower-division transfer applicants will be held to specified CSU eligibility standards. Check with a counselor and CSU mentor: www.csumentor.edu for details.

Transferrable Coursework

Transferrable courses are those designated for that purpose by the college or university offering the courses. Saddleback College certifies courses numbered 1 to 199 in the catalog as CSU-transferable.
A maximum of 70 semester (105 quarter) units earned in a community college may be transferred to the California State University; however, courses in excess of 70 semester units will receive subject credit and will be applied to satisfy content requirements as appropriate. No upper-division credit is allowed for courses taken in a community college.

Students transferring with certification of general education requirements are assured that they have met 39-units of the 48-unit minimum requirements for the bachelor’s degree. Students transferring without certification of general education must complete the pattern of courses required of “native” students, as outlined in the catalog of the particular CSU campus. The CSU G.E. course pattern which Saddleback College uses to certify that the student has met the required minimum of 39 semester units of general education is listed below.

Requirements for the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major).

This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

At the time of catalog publication, a student may earn an AA-T in Sociology, Psychology, Early Childhood Education, and Communication Studies. Additional majors are being developed. Please see a counselor and www.saddleback.edu for more information.

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major as detailed in the Certificate and Degree section of the catalog. All courses in the major must be completed with a grade of C or better or a “P” if the course is taken on a “pass-no pass” basis (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth) OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern.

Transfer Students and Certification of California State University General Education Requirements

(The Following Information is Subject to Change)

Courses on this list are approved for a specific academic year which begins with the Fall semester. Students wishing to use a course to meet a CSU G.E. Breadth requirement must be sure that the course is approved for the academic year in which it is taken. This list is valid through Summer 2013 and is subject to change. Students are advised to consult with a Saddleback College counselor when planning coursework.

Under provisions of CSU Executive Order 595, Saddleback College (SC) will certify completion of up to 39 of the 48 units required in general education. If SC certifies that you have completed courses from the following list approved for general education, the CSU campus to which you transfer will require you to complete the requirement in those sections in which you are not certified. You may be held only for additional courses required for “native” students, but you will not be required to complete more units than the difference between the amount certified and the total required.

After transfer, students must complete at least nine units of upper-division General Education courses in their junior or senior year.

No student will be eligible to petition for certification until a minimum of 12 units has been completed at Saddleback College.

AREA A: ENGLISH LANGUAGE AND CRITICAL THINKING -- Three courses totaling a minimum of nine units are required. (Complete one course in Areas A1, A2, and A3 with a grade of “C” or better) A grade of C- is not accepted in Area A:

A1 Oral Communication—SP 1 or 5 (formerly 105)
A2 Written Communication—ENG 1A
A3 Critical Thinking—one course from the following: ENG 1B, 170, PHIL 12; SP 2, 3

AREA B: SCIENTIFIC INQUIRY AND QUANTITATIVE REASONING — At least nine units are required in Areas B1 through B4. (One course must be taken from Areas B1 and B2 [one of which must be a laboratory course designated B3 with an asterisk *], and one course from area B4):

B1 Physical Science
ASTR 1•, 20 (lab course when combined with ASTR 25), 21, 43, 145•
CHEM 1A•, 1B•, 2A•, 2B•, 3•, 5•, 5A•, 12A•, 12B•, 20•, 108•, 120•
ENV 23• [F89], 120•
GEOG 1, 1A, 1B, 1C
GEOG 1•, 2•, 3, 4, 5•, 6• [S07], 7, 20•, 21, 23•[F89]
MS 1•, 4•, 20•
PHYS 2A•, 2B•[F91], 3A•, 4A•, 4B•, 4C• [S07], 20•, 21•

B2 Biological Science
ANTH 1, 1A, 1B, 10A, 16 (formerly 110A)
BIO 3A• (1A• prior to F03, 5 prior to F94), 3B• (1B• prior to F03, 2• prior to F94), 3C• [S07], 5• (prior to F95), 11•, 12•, 15•, 16•, 18•, 19•, 20•, 22 (formerly 41), 24, 30, 31•, 40, 43, 113• [F03]
ENB 18•, 19•, 24•[F07]
HORT 20•
MS 3•
PSYC 3•

Underlined courses are no longer offered at Saddleback College.
**AREA D: SOCIAL SCIENCES**—At least three courses totaling a minimum of nine units are required. +Courses are to be selected from Area D1 through D9 in at least two areas:

**D1 Anthropology**
- ANTH 2, 3, 5 (F08), 6, 8, 9, 10, 13 (S07), 14 (F03),
- ENV/SOC 22, ENV 26, HD 7, 15, HIST 26, 74 (prior to F90),
- HS 100 (prior to F86), 120 (prior to F86),
- SOC 100 (prior to F88),
- (HS 100, 120 prior to Fall 1986)

**D2 Economics**
- ECON 2, 4 (formerly 1), 20 [MGT 100 prior to F86],
- ENV 20, [F90], 36 [F96], HD 15, HIST 26, 74, HS 100 (prior to F86), 120 (prior to F86),
- PS 9

**D3 Ethnic Studies**
- ANTH 4, 7 (beginning S07), CCS 1, 2, 3, 10; ENV 20, 21, HD 15, HIST 20, 26 (prior to S89), 33 (beginning F01), 74, 81; HS 100 (prior to F86), 120 (prior to S86);
- MGT 100 (prior to F88); PSYC 16# (formerly 116); SOC 4, 54 (F04), 6, 20, 100 (prior to S88)

**D4 Gender Studies**
- ANTH 21; ENV 35; HD 7, 15; HIST 21, 26; HS 120 (prior to F86),
- PS 9; 21; PSYC 21; SOC 21, 100 (prior to F88);
- WS 10, 21, 40

**D5 Geography**
- GEOG 2, 3, 38; HIST 26, 74, HS 100 (prior to F86), PS 9; SOC 100 (prior to F88)

**D6 History**
- HIST 7, 8, 9, 10 (S07), 11, 12, 15 (S07), 16, 17, 18, 19, 22, 25, 27, 28, 30, 31, 32, 40, 41, 60, 62 (F03), 63 (F03), 70, 71, 72, 74, HD 15; HS 100 (prior to F86)

**D7 Interdisciplinary, Social or Behavioral Science**
- ANTH 20/SP 20 (formerly 109); CTVR/JRN 1 (F05);
- CON 6/ENV 6; ENV 1; HIST 61/PS 61 [prior to F10], 74, HIST 75/PS 57, 80; PS/ECON 11 (prior to F09); PSYC 30/SOC 30; SP 109

**D8 Political Science**
- PS 1, 2, 4, 10 (S07), 12, 14; PS/ECON 11, PS 17

**D9 Psychology**
- PSYC 1, 2, 3 (prior to F12), 4, 54 (F05), 71, CD 107† (formerly CD 7), 16# (formerly 116) (S07), 33 (S07), 37 (S07)

**D10 Sociology**
- SOC 1, 2**, 5**, 10, 15, CD 105 (formerly CD 15), 25 (F05), 120 (prior to F88)
- #PSYC 16 (formerly 116) either D3 [F93] or D9 [F07]

+Course listed in more than one area, but shall not be certified in more than one area.

**†retroactive F91**

Underlined courses are no longer offered at Saddleback College

+Note: CSU Graduation Requirement in U.S. History, Constitution and American Ideals: This CSU requirement can be met prior to transfer by completing PS 1 from Area D8 AND one U.S. History course in Area D6 selected from: HIST 7, 8, 16, 17, or 22. Courses taken to meet this requirement can also be used for 6 of the 9 units required in Area D above.

**AREA E: LIFE LONG UNDERSTANDING AND SELF DEVELOPMENT** (3 units are required to complete Area E. A maximum of 2 units of KINES/PE activity courses are permitted):
- APSY 140, 145, 150, 151, 160, 162, 163, 165
- BUS 116 (F02)
- CD 107† (formerly CD 7)
- FASH 141 (formerly CFR/FCS 140)
- FCS 115, 140 (prior to F07), 142 (F97)
- FN 50, 64
IMPORTANT:

Certification of CSU General Education Requirements

No student will be eligible to petition for certification of the CSU General Education requirements until a minimum of 12 semester units have been completed at Saddleback College.

Saddleback College will certify coursework completed at another California community college or any institution that participates in certifying general education coursework to the CSU, including CSU campuses other than the one to which the student is transferring, only if the courses are on the approved CSU general education list at the college where they were completed in the year when taken. Such a course will be certified in the General Education-Breadth area that is shown on the official certification list for the institution  at which it was taken.

When coursework has been taken at a regionally accredited institution that does not maintain a CSU certification list, Saddleback College can certify coursework on a California State University or an approved California Community College general education course list or approved by Saddleback College faculty as meeting CSU general education-breadth certification standards.

Coursework from Irvine Valley College or other community colleges with the same course number and/or title may not always be certified in the same category at Saddleback College for CSU G.E. Certification. Also similar coursework from accredited independent or private colleges will not always be certified unless the course content is deemed equivalent.

Students meeting area requirements may petition for partial certification in one or more of the areas (i.e., Area B, C, D, or E), but the college will not certify course requirements short of an entire area. The institution to which a student transfers will require completion of the requirement in those sections which are not certified and may require additional specific courses as required of native students.

The CSU certification service, performed by the Office of Admissions and Records, is available only when an official transcript is being sent to a California State University or any other college or university which accepts CSU certification.

IMPORTANT:

In general, courses listed as preparation for the major may also be applicable to general education requirements. Students should refer to the catalog of the institution offering their intended major to determine lower-division major requirements as well as those which are recommended or required in preparation for the major, and the transfer pattern section of the Saddleback College catalog for examples.

Also refer to ASSIST at www.assist.org which is the official California state-wide database listing a selection of campus-approved articulation/transfer agreements, general education requirements, and information on UC and CSU-transferable courses. Students are advised to contact a Saddleback College counselor for more information, and for details regarding other transfer agreements and options not available on ASSIST for your transfer college choice.

University of California

(Refer to the California CSU/UC map)

Priority Application Filing Periods

Fall Quarter: November 1-30
Winter Quarter: July 1-31
Spring Quarter: October 1-31
UC Berkeley accepts applications for Fall only
Fall Semester: November 1-30

For further information regarding the application and admissions process, refer to the UC’s online undergraduate application website at www.universityofcalifornia.edu

Eligibility for Transfer

California Residents: To qualify for admission to the University as a transfer student, a student must meet one of the following three sets of requirements. The pathway a student follows depends upon whether they were eligible for admission to the UC when they graduated from high school. California residents must have at least a “C” (2.0) average in all transferable college coursework.

1. Students who were eligible for admission to the University when they graduated from high school [meaning they satisfied the Subject, Scholarship, and Examination requirements, or were identified by the University during the senior year in high school as eligible under the Eligibility in the Local Context (ELC) program], are eligible to transfer if they have a “C” (2.0) average in transferable coursework.

2. Students who met the Scholarship Requirement but not the Subject Requirement must take transferable college courses in the missing subjects, earning a “C” or better in each required course, and have an overall “C” (2.0) average in all transferable college coursework to be eligible to transfer.

3. Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:

A. Complete 60 semester units or 90 quarter units of transferable college credit with a grade-point average of at least 2.4, with no more than 14 semester (21 quarter) units completed on a credit/no credit basis AND

B. Complete the following course pattern requirement, earning a grade of “C” or better in each course:

1) two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
2) one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; AND
3) four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

(Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC may satisfy Option 3B above of the transfer admission requirements.)

Nonresidents: The minimum admission requirements for nonresidents are very similar to those for California residents. However, nonresidents must have a grade point average of 2.8 or higher in all transferable coursework. Students are advised to

Underlined courses are no longer offered at Saddleback College.

Certification of CSU General Education Requirements

No student will be eligible to petition for certification of the CSU General Education requirements until a minimum of 12 semester units have been completed at Saddleback College.

Saddleback College will certify coursework completed at another California community college or any institution that participates in certifying general education coursework to the CSU, including CSU campuses other than the one to which the student is transferring, only if the courses are on the approved CSU general education list at the college where they were completed in the year when taken. Such a course will be certified in the General Education-Breadth area that is shown on the official certification list for the institution at which it was taken.

When coursework has been taken at a regionally accredited institution that does not maintain a CSU certification list, Saddleback College can certify coursework on a California State University or an approved California Community College general education course list or approved by Saddleback College faculty as meeting CSU general education-breadth certification standards.

Coursework from Irvine Valley College or other community colleges with the same course number and/or title may not always be certified in the same category at Saddleback College for CSU G.E. Certification. Also similar coursework from accredited independent or private colleges will not always be certified unless the course content is deemed equivalent.

Students meeting area requirements may petition for partial certification in one or more of the areas (i.e., Area B, C, D, or E), but the college will not certify course requirements short of an entire area. The institution to which a student transfers will require completion of the requirement in those sections which are not certified and may require additional specific courses as required of native students.

The CSU certification service, performed by the Office of Admissions and Records, is available only when an official transcript is being sent to a California State University or any other college or university which accepts CSU certification.

IMPORTANT:

In general, courses listed as preparation for the major may also be applicable to general education requirements. Students should refer to the catalog of the institution offering their intended major to determine lower-division major requirements as well as those which are recommended or required in preparation for the major, and the transfer pattern section of the Saddleback College catalog for examples.

Also refer to ASSIST at www.assist.org which is the official California state-wide database listing a selection of campus-approved articulation/transfer agreements, general education requirements, and information on UC and CSU-transferable courses. Students are advised to contact a Saddleback College counselor for more information, and for details regarding other transfer agreements and options not available on ASSIST for your transfer college choice.

Eligibility for Transfer

California Residents: To qualify for admission to the University as a transfer student, a student must meet one of the following three sets of requirements. The pathway a student follows depends upon whether they were eligible for admission to the UC when they graduated from high school. California residents must have at least a “C” (2.0) average in all transferable college coursework.

1. Students who were eligible for admission to the University when they graduated from high school [meaning they satisfied the Subject, Scholarship, and Examination requirements, or were identified by the University during the senior year in high school as eligible under the Eligibility in the Local Context (ELC) program], are eligible to transfer if they have a “C” (2.0) average in transferable coursework.

2. Students who met the Scholarship Requirement but not the Subject Requirement must take transferable college courses in the missing subjects, earning a “C” or better in each required course, and have an overall “C” (2.0) average in all transferable college coursework to be eligible to transfer.

3. Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:

A. Complete 60 semester units or 90 quarter units of transferable college credit with a grade-point average of at least 2.4, with no more than 14 semester (21 quarter) units completed on a credit/no credit basis AND

B. Complete the following course pattern requirement, earning a grade of “C” or better in each course:

1) two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
2) one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; AND
3) four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

(Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC may satisfy Option 3B above of the transfer admission requirements.)

Nonresidents: The minimum admission requirements for nonresidents are very similar to those for California residents. However, nonresidents must have a grade point average of 2.8 or higher in all transferable coursework. Students are advised to

Underlined courses are no longer offered at Saddleback College.
consult with the Admissions Office at the UC campus of choice for details and specific requirements.

If the number of applicants exceeds the spaces available for a particular campus or major—as is often the case—the campus uses criteria that exceed the minimum requirements to select students. Meeting the minimum requirements, therefore, is not enough to gain admission to many UC campuses and programs. The average grade-point average varies widely by campus and by major.

**Community College Transfer Priority Admission**

UC campuses give priority consideration for admission to California community college students. A California community college student applying for admission to the University of California in advanced standing will be given priority admission over all other applicants if:

1) you were enrolled at one or more California community colleges for at least two terms (excluding summer sessions);
2) the last college attended before admission to a UC campus was a California community college (excluding summer sessions); and
3) you have completed at least 30 semester (45 quarter) UC-transferable units at one or more California community colleges.

**Program Planning for Transfer to a UC Campus**

Students planning to transfer to the University of California must keep the following requirements in mind when selecting courses:

1. Admission/Major Requirements:

   As indicated above, the University has a common set of requirements which specify minimum eligibility for admission as a transfer student. However, several campuses have additional requirements that may go well beyond minimum eligibility requirements, particularly where the number of applications exceeds the number of spaces available. Students should give first priority toward completing all lower-division requirements for the major. In many cases, completing a portion of the major requirements is essential to gain admission to the major at the junior level.

2. General Education/Breadth:

   Each school and college at every UC campus has its own general education, or breadth requirements designed to give students a broad background in a variety of academic areas. Students have the option of (1) completing the campus specific breadth requirements or (2) completing the Intersegmental General Education Transfer Core Curriculum (IGETC) outlined in the following section of this catalog. A minimum of 120 units (180 quarter units) is required to complete a baccalaureate degree from the University of California. The University will award graduation credit for up to 70 semester (105 quarter) units of transferable coursework from a community college. Courses in excess of 70 semester units will receive subject credit and may be used to satisfy University subject requirements. Some campuses have limits on the number of transfer units that will be accepted. If your community college work is combined with credit from a four-year institution, there might be a problem. Please consult the Admissions Office at the UC campus that interests you.

   In general, no UC course credit is given for a course completed after a more advanced course is completed in the same subject matter.

**Courses Accepted for Transfer to the University of California**

(Information Subject to Change)

The University of California Office of the President (UCOP) annually reviews Saddleback College course offerings to determine which courses are similar in nature, scope, and content to UC offerings. Saddleback College's UC-transferable course listings are available on ASSIST at www.assist.org. Saddleback College courses which do not appear on the UC Transfer Course Agreement (TCA) and are numbered from 1 to 99 are either pending UC transfer credit review by the UC Office of the President, or were not approved as UC-transferable. Consult with a Saddleback College counselor and refer often to ASSIST at www.assist.org.

**IGETC—The Intersegmental General Education Transfer Curriculum**

(Information Subject to Change)

The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that community college students can use to satisfy lower-division general education requirements at any campus of the University of California (UC) or California State University (CSU). The IGETC will permit a student to transfer from Saddleback College to a campus in either of these university systems without the need, after transfer, to take additional lower-division general education courses to satisfy campus general education requirements.

Completion of the IGETC is not a requirement for admission to a CSU or UC campus, nor is it the only way to fulfill the lower-division general education requirements of CSU or UC prior to transfer. The IGETC is most advantageous for transfers who have not yet decided on a major or a campus. Once a student has identified a major, it is important to work toward fulfilling any required preparatory courses—particularly in those professional or “high unit” majors that select applicants on the basis of satisfaction of lower-division major requirements. It is important to note that this does not preclude a student from following IGETC. However, IGETC should not be done to the exclusion of completing any preparatory courses needed for admission to the major.

It is not advisable for transfers to engineering and science majors at any UC campus to use IGETC. Students entering “high unit” majors, such as those in the sciences, must be careful to complete any needed lower-division major preparation. For example, majors in the sciences not only have specific science prerequisites, but also substantial mathematics requirements. Some majors specifically prohibit the use of IGETC.

Courses on the following IGETC list are approved for the 2012-2013 academic year and are subject to change. Students wishing to use a course to meet an IGETC requirement must be sure that the course is on the list during the academic year it is taken. For example, in the course listing below, CTVR 3[F’94] denotes that this course must have been completed in the Fall 1994 semester or later to receive IGETC credit.

All courses for IGETC must be completed with a grade of “C” or better. Grades of C- will not apply in any category.

**AREA 1—ENGLISH COMMUNICATION**

A. English Composition: ENG 1A
B. Critical Thinking-Composition: ENG 1B completed Summer 1992 or after.
Because courses in this category must meet criteria reviewed by an intersegmental faculty committee, it is highly unlikely that courses taken at an institution other than a California community college will apply. The course must have been certified in the year when completed.

C. Oral Communication: SP 1 (required for CSU transfers only)

AREA 2—MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING

(1 course required):

AREA 3—ARTS AND HUMANITIES

(at least three courses, nine semester units)
Select one course from the Arts, and one from the Humanities, and a third from either area.

A. Arts courses:
ARCH 12 [S07], ART 4, 20, 21, 22 [F94], 23 [F94], 24 [F96], 25, 26, 27, 28, 29 [F02]; CTVR 3 [F94](formerly CA 30), 5, 7, 9 (formerly 29 [S07]); DANC 64 (formerly PE/TA 64) [F96]; FA 20 [F94], 27; MUS 20, 21 [F94], 23 [F94], 24, 25, 26, 27 [F94], 28 [F94], 29 [F94]; PHOTO 25 [F94]; TA 20, 21, 25, 26.

B. Humanities courses:
ARAB 2 [F10], 3 [S07], 4 [S07], 21 [*F95]; CHI 2 [F10], 3 [S07], 4; JRN 1; JST 1 [S07]; KOR 2 [F09], 3, 4, 21 [F95]; IDS 1 [F94], 2 [F94]; ITA 2 [F10], 3, 4, 21 [F95]; JA 2 [F10], *3, *4, 21 [F95]; KOR 2 [F09], 3, 4, 21 [F95]; PRSN 2 [F10], 3 [F05], 4 [F05]; PHIL 1, 3, 4, 10, 14, 15; PS 61 [prior to F95]; 70*, 71*, 72* [F05]; 75; HUM 1, 2 [F91-F03], 3, 4, 10A, 10B, 21 [F94], 22 [F94], IDS 1 [F94], 2 [F94]; ITA 2 [F10], 3, 4, 21 [F95]; JA 2 [F10], *3, *4, 21 [F95]; KOR 2 [F09], 3, 4, 21 [F95]; PRSN 2 [F10], 3 [F05], 4 [F05]; PHIL 1, 3, 4, 10, 14, 15; PS 61 [prior to F95]; 70*, 71*, 72* [F05]; 75; PORT 2, 21 [F95]; RUS 21 [F95]; SL 2 [F10], 3 (formerly 36) [F98], 4 (formerly 35) [F98]; SPAN 2 [F10], 3, 4, 20A (formerly 20) [F01], 20B [F01], 21A (formerly 21) [F01], 21B [F01], 21C [F94], VIST 21 [F97]

Underlined courses are no longer offered at Saddleback College

AREA 5—PHYSICAL and BIOLOGICAL SCIENCES

[Two courses and a minimum of seven units required]
Select one Physical Science course and one Biological Science course, at least one course must include a laboratory.

Note: •Lab courses.

A. Physical Science courses:
ASTR 1* [prior to F94], 20, 20 and 25*, ASTR/GEOL 21 [F01], ASTR 4* [F01], CHEM 1A**, 1B**, 3A**, 3B*, 12A*, [S07], 12B* [S07]; ENV/GEOL 23*; GEOG 1, 1 and 11* [F99]; GEOL 11, 2, 3 [S05], 4 [S04], 5*, 6*, 7* [S07], 7 [S04], 20**, 21* [F01], 23*, 24* 20*, 24* 20*, 24* 20*, 21 [F95], 23*, 55 20*, 24*, Phys 2A**, 2B**, 3A* [F00], 4A**, 4B**, 4C** [S07], 20**.

B. Biological Science courses:
ANTH 1, 1 and 11* [F98]; BIO 21*, 33*, 1A [prior to F03], 3B* [prior to F03], 3C* [S07], 5* [F91-F03], 6* [prior to F94], 11* [F93], 15* [S07], 18* [F99], BIO/ENV 19* [S05], BIO 20**, 30, 31*, 40, 43 [S07]; ENV 18* [F99], 19* [S05], 24* [S07], PSYC [F01]

LANGUAGE OTHER THAN ENGLISH (required for UC transfers only): Proficiency equal to two years of study in one foreign language in high school with grades of “C” or better. (An official copy of the high school transcript must be on file in Admissions and Records at Saddleback College); or select one course from the following: ARAB 1 [F02], 2 [F05], 3 [F07], 4 [F07]; CHI 1, 1B, 2 [F05], 3 [F07], 4 [F07]; FR 1, 1B, 2 [F05], 3 [F05], 4 [F05]; GER 1, 1A & 1B, 2 [F05], 3 [F05], 4 [F05]; HEBR 1, 1A & 1B, 2 [F05], 3 [F09], 4 [F09]; ITA 1, 1B, 2 [F05], 3 [F05], 4 [F05]; JA 1, 1A & 1B, 2 [F05], 3 [F05], 4 [F05]; KOR 1, 2 [F05], 3 [F05], 4 [F05]; PS 1, 2 [F05], 3, 4; SPAN 1, 2 [F05], 3 [F05]; 4 (formerly 34) [F05], 5 (formerly 35) [F05], 6 [F05]; or SL 1 (formerly SL 32) F98) 2 [F05], 3 [F05], 4 [F05]; OR students can fulfill the IGETC Language Other Than English (LOTE) proficiency requirement in one of the following ways [Note: The following information is subject to change]:

1) Official high school transcripts showing 2 years of high school coursework in one language other than English with a grade of “C-” or better in the fourth or later semester (“C-” for high school coursework is calculated as a “C” grade by the UC);

2) Complete, with at least a grade of “C” or better, one semester of any IGETC approved language other than English course at Saddleback College, or completion of any college-level foreign language course (excluding conversation courses) considered by the college to be equivalent to 2 years of high school foreign language. IGETC approved coursework above the proficiency level (e.g., above Foreign Language Level 1 at Saddleback College) may also be used to satisfy LOTE requirements and may also be used to satisfy IGETC requirements in Area 3 (Humanities) if on the college’s approved IGETC certification list.

3) Achieve a satisfactory score on the SAT Subject Test in languages other than English (see a counselor for required test scores).

4) Achieve a score of 3 or higher on the College Board Advanced Placement (AP)考试 in a language other than English.

5) Achieve a score of 5 or higher on an International Baccalaureate (IB) Higher Level Examination in a language other than English.

6) Satisfactorily complete a proficiency test administered by a community college, university or other college in a language other than English. The test must assess student proficiency at a level equivalent to at least two years of high school foreign language.
Articulation/Transfer Patterns

7. (a) Official records which verify completion, with “C” grades or better, two years of formal schooling at the sixth-grade level or higher in an institution where the language of instruction is not English; or
(b) If secondary school was completed in a non-English-speaking country and the language of instruction at the secondary school was not English, LOTC can be certified for IGETC. The student must present official documentation of attendance at the secondary school.

Underlined courses are no longer offered at Saddleback College

U.S. HISTORY, CONSTITUTION, AMERICAN IDEALS (CSU GRADUATION REQUIREMENT ONLY):

Students transferring to a CSU campus should complete HIST 7* or 8* or 16* or 17* or 22* and PS 1* to meet the American Institutions Requirement in addition to minimum IGETC requirements. Application of the above courses to area 4 as well as to the American Institutions and Ideals requirement is at the discretion of the CSU campus.

*Course may be listed in more than one area but shall not be certified in more than one area.

**Indicates that UC course credit may be limited. No credit may be given for an introductory course if taken after a more advanced college course, e.g., BIO 20 or GEOL 20. Credit may be limited for courses with overlapping content, e.g., HIST 7, 8, 16, 17, and 22 or MATH 2, 7, and 8. Refer to the “Courses Accepted for Transfer to the University of California” listing in this section of the catalog, and ASSIST at www.assist.org and the Counseling Services office at Saddleback College for additional information.

Note: Courses listed above were approved at the time of catalog publication. Because additional courses may be approved and requirements for subsequent years are subject to change, check with the Counseling Services office at Saddleback College for the latest information.

Certification of IGETC Requirements

Students must apply for the IGETC certification in the Office of Admissions and Records. Students can request IGETC certification from the Office of Admissions and Records only when an official transcript is being sent to either a University of California, a California State University, or any university or college which accepts IGETC certification. It is important to remember that coursework taken at other certifying community colleges will be certified only in areas certified by the community college where the course was completed on an approved California Community College course list in the year it was taken. Courses completed at non-certifying colleges and universities will be certified only when deemed equivalent to courses on approved California Community College course list or approved by Saddleback College faculty as meeting IGETC content and rigor standards.

Partial Certification of IGETC Requirements

Student may be partially certified if deficient no more than two courses. If partially certified, the student has the option of completing the one or two remaining courses at another community college or at the transfer institution until the beginning of the second year of transfer. Warning: Students need Area 1 and 2 completed to meet minimum transfer admission requirements.

Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements.

University of California General Education Breadth Requirements

As previously indicated, each University of California (UC) campus has unique graduation requirements. Articulation agreements listing equivalent Saddleback courses meeting general education breadth requirements for UC campuses are available in the Counseling Services office or refer to ASSIST website at www.assist.org

Articulation agreement information regarding course-to-course and major requirements for UC campuses is also available on ASSIST.

University of California Transfer Admission Programs

The UC campuses offer a variety of programs in support of transfer admission, particularly for community college students. Inquire in the Counseling Services office for information regarding the Transfer Admissions Guarantee (TAG) program with all UC campuses except UC Berkeley and UC Los Angeles. In addition, students completing the Honors Program at Saddleback College are eligible for priority or guaranteed admission to participating UC campuses such as UC Irvine (Community College Honors Transfer Program), or UC Los Angeles (Transfer Alliance Program). For more information on available Honors UC transfer admissions programs, visit the Saddleback College Honors Program website: www.saddleback.edu/ap/hon/transfer or contact the Transfer Center.

Independent California Colleges and Universities

There are 77 fully accredited independent colleges and universities currently affiliated with the Association of Independent California Colleges and Universities (AICCU) providing a host of options at undergraduate, graduate, and professional levels for students planning to continue their education beyond Saddleback College.

There are many other private colleges and universities which are not affiliated with AICCU as well. Admissions policies vary widely from one school to another, and virtually all institutions give full credit for general education courses and usually for courses designated for transfer by the community college. A good rule to follow for independent colleges as well as for out-of-state institutions is to expect full credit for courses which are parallel in scope and content to courses offered for credit to lower-division “native” students at those institutions. Articulation agreements for many independent institutions are available in the Counseling Services office.

Independent colleges are flexible in admission policies and in awarding credit. They invite interested students to make an appointment with their Office of Admissions in order to discuss transfer opportunities on a personal basis.

Financial aid may be a primary factor in considering attending an independent college. Many students cut the cost in half by attending the community college for the lower-division program. Information on financial aid is available from financial aid offices on independent college campuses as well as in the Financial Aid office at Saddleback College.

Students are advised to refer to the AICCU’s website at www.aiccu.edu for more information.

The following examples are illustrative of the variability of general education options for representative campuses accepting IGETC (IGETC/UC and/or IGETC/CSU options) and/or the CSU G.E. Certification pattern. The options listed for the example campuses are based upon information available at the time of catalog publication and are subject to change.
**Other Independent Colleges and Universities**

Interested students will also find additional formalized articulation agreements in the Counseling Services office with numerous other independent colleges and universities, including Azusa Pacific University, Biola University, Chapman University, Concordia University, Embry-Riddle Aeronautical University, Hope International University, Los Angeles College of Chiropractic, Loma Linda University, National University, Occidental College, Pepperdine University-The Graziado School of Business and Management, South Baylo University, Southern California College of Optometry, University of Phoenix, University of Redlands, University of San Diego, University of Southern California, Westmont College, and Woodbury University, among many others.

**Transfer Major Patterns**

*Campus preferred option

+Requires additional G.E. requirements. For details, refer to the catalog for the college of choice, or contact the Counseling Services office at Saddleback College.

Students are advised to refer to the transfer college of choice catalog, website, and contact their admissions office for details regarding campus-specific general education requirements and options.

**Articulation/Transfer Major Pattern Examples for Selected Programs and Campuses:**

The following selected examples of transfer major patterns for representative colleges are based on articulation information available at the time of Saddleback College catalog publication deadlines and are subject to change without notice, as articulation is a year-round process. Please check with the Counseling office, and the ASSIST website at www.assist.org for current articulation information.

### Anthropology

**CALIFORNIA STATE UNIVERSITY, FULLERTON (F)**

**CALIFORNIA STATE UNIVERSITY, LONG BEACH (LB)**

**SAN DIEGO STATE UNIVERSITY (SD)**

**Bachelor of Arts in Anthropology (CSUF, CSULB, SDSU)**

**Lower-division Preparation:**

- ANTH 1 F LB SD
- ANTH 2 F LB SD
- ANTH 3 LB
- ANTH 9 F LB
- MATH 10 SD

+San Diego State’s Foreign Language Requirement: Proficiency equivalent to a Foreign Language level 3 is required. (Examples: FR 3, GER 3, SPAN 3, SL 3 at Saddleback College).

Refer to ASSIST at www.assist.org for additional information regarding these programs.

**General education requirements:** California State University general education requirements are listed in the introduction to this section of the catalog.

### Architecture and Environmental Design Majors

**CALIFORNIA STATE POLYTECHNIC UNIVERSITY, POMONA**

+Transfer credit for all Architecture (ARCH) course equivalencies listed below is subject to portfolio review at Cal Poly Pomona.

**Bachelor of Architecture**

This major is impacted and applications are accepted only during the CSU initial filing period for Fall. Refer to ASSIST at www.assist.org for details regarding selection criteria and GPA requirements.

**Lower-division Major Preparation:** +ARCH 34, 42, 44, 124A, 136, 140, 160, 162, 180, 182, 184, 314, 316.

Cal Poly Pomona lower-division preparation should also include: ENG 18*, MATH 124*, PHYS 2A; SP 3. **Note:** The “Golden Four” (Oral Communication, English Composition, Critical Thinking and Quantitative Reasoning) G.E. Certification requirements must be completed no later than the Fall semester prior to Fall transfer.

**Bachelor of Science in Landscape Architecture**

Interested students are advised to consult with a Cal Poly Pomona advisor. **Note:** Students are advised to complete CSU G.E. Certification or IGETC Certification requirements prior to transfer, and required support courses: ART 80, MATH 124 AND CHEM 1A, HORT 113.

**CALIFORNIA POLYTECHNIC UNIVERSITY, SAN LUIS OBIPO**

+Transfer credit for all Architecture (ARCH) course equivalencies listed below is subject to portfolio review at Cal Poly San Luis Obispo.
Bachelor of Architecture

Lower-division Major Course Requirements: +ARCH 34, 42, 44, 136.

Lower-division Support Courses: +ARCH 10; MATH 3A, 3B; PHYS (2A or 4A).

Bachelor of Science in Architectural Engineering

Lower-division Support Courses: +ARCH 10, 34, 42, 44, 126, 136; CHEM 1A; GEOL 1; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B, 4C.

Bachelor of Science in City and Regional Planning

Lower-division Support Courses: +ARCH 10; CHEM 1A; MATH (2 or 7 or 8).

Bachelor of Science in Landscape Architecture

Lower-division Support Courses: +ARCH 10; BIO 3B; HORT 10, 11; MATH (2 or 7 or 8) and (2 or 124). Note: The prerequisite for BIO 3B is BIO 3A.

General Education and Breadth: See California State University general education certification or the Intersegmental General Education Transfer Curriculum (IGETC) sections in this catalog.

Refer to ASSIST at www.assist.org and www.ess.calpoly.edu/_admiss/undergrad/index.htm for additional information and transfer selection criteria for Cal Poly San Luis Obispo’s Architecture programs.

UNIVERSITY OF CALIFORNIA, BERKELEY

Architecture

Lower-division Design Prerequisites: ARCH (34 and 44); ART (42 and 80).

Lower-division Non-Design Skills Prerequisites: ENG 1A, 1B, 25; MATH 3A, 3B.

UC Berkeley does not recommend IGETC for this major. Refer to the UCB catalog and ASSIST at www.assist.org for details regarding course selection for G.E. breadth and program requirements. This major does not confer professional architect status.

Art

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Art

The Bachelor of Arts degree offers concentrations in Art History, General Studio Art, and Teaching.

Art History Concentration: ART 25, 26, and two courses from the following lower-division studio courses: ART 10, 11, 51, 52, 60, 61, 62, 70, 71, 72, 81, 85, 175, (ART 140 or GD 140), GD 144; plus nine units of transferable lower-division electives in American Studies, Anthropology, Art, History, Literature, Music, Philosophy, or Theater.

General Studio Art Concentration: ART 25, 26, 40, 41, 50, 80, 85, and at least 6 units of transferable lower-division elective courses from two of the following areas: Ceramics: ART 10, 11; Drawing and Painting: ART 51, 52, 81; Printmaking: ART 60, 61, 62, (ART 140 or GD 140), GD 144; Sculpture: ART 70, 71, 72, 175.

Teaching Concentration: (Single Subject Instruction—for teaching Art in Grades K-12): ART 10, 25, 26, 40, 41, 50, 51, 80, 85.

Bachelor of Fine Arts in Art

The Bachelor of Fine Arts degree at CSU Fullerton is a professional program providing directed studies in nine studio concentrations within the visual arts. Upon admission to CSUF with art as the major, students are placed in the Bachelor of Arts category, whether entering as a freshman or transferring from a community college. After admission to CSUF students should contact the Art Department regarding procedures for changing their academic objective to the Bachelor of Fine Arts in Art. *Students must provide proof of completion of the following lower-division studio core courses (12 units) with a “B” or better grade-point average for all concentrations listed:

Studio Core Courses (12 units): ART 40, 41, 50, 80

CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Arts in Art *Studio Art Option, Art History Option, or Art Education Option

Lower-division Preparation:

*Studio Art Option: ART 22, 25, 26, 40, 41, 50, 80, 85, and select one course from: GD 148 or PHOT 50 or ART 60 or GD 141; and select one course from ART 10 or 11 or 70 or 78; and select one course from GD 148 or PHOT 50 or ART 10 or 11 or 60 or 70 or 78 or GD 141 or ART 141 or ART 50.

*Note: The Studio Art option is impacted. Per CSULB, students must complete all general education requirements and all lower-division art prerequisites prior to the semester for which the application is submitted. Students will be admitted based on their overall GPA, on a space available basis. Portfolio of creative work and a letter of recommendation will be required.

Art History Option: ART 22, 25, 26, 40, 80; HIST 62, 63; and select one course from ART 41, 50, 70, 85; completion of two years of college-level French or German with an average grade of “B” or better—refer to the CSULB catalog for other options regarding the foreign language requirement for this major.

Art Education Option: ART 10, 11, 22, 25, 26, 40, 41, 50, 80, 85; GD 148. (Single Subject Instruction-major for teaching art in grades K-12)

Bachelor of Fine Arts

The B.F.A. majors at CSULB are impacted. Refer to ASSIST at www.assist.org and CSULB’s admissions information website at www.csulb.edu/depts/enrollment/admissions/impacted_major.html for details regarding supplementary admission criteria, GPA and other pertinent admissions information.

Options include: Art Photography, Ceramics, Drawing and Painting, Graphic Design, Illustration, 3-D Media, Printmaking and Sculpture.

For more information regarding this major, refer to the CSU Long Beach catalog, and ASSIST at www.assist.org

Also refer to general education certification requirements in the introduction to this section of the catalog.

IMPORTANT: Admissions to all of the preceding programs at CSULB are on a competitive basis, and continuing CSULB students and transfer applicants will be considered equally. Transfer applicants must apply during the initial filing period and must designate the major on the application. Students who are not admitted to the major will be admitted to an alternate major if they have listed one on the application. If no alternate major is listed, the student will not be admitted to the university. Students are advised to refer to the current CSULB catalog, ASSIST at www.assist.org, and contact CSULB’s College of the Arts for further details and selection criteria for these programs.
Biological Sciences

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Biological Science

The following four concentrations are available at CSU Fullerton: 1) Biodiversity, Ecology and Conservation Biology; 2) Cell and Developmental Biology; 3) Marine Biology; and 4) Molecular Biology and Biotechnology.

To qualify for a baccalaureate degree in Biological Sciences, students must have a 2.0 overall GPA in all required supporting courses. No credit will be allowed for biological science courses in which a grade of C- or lower is earned. Courses taken with the credit/no credit grading option may not be used.

Lower-division Core Requirements: BIO (3A and 3B and 3C) (complete entire sequence prior to transfer). An additional 5-unit course will be required after transfer.

Lower-division Supporting Course Requirements: The following courses will meet support-course requirements for all options in biology and should be included in general education requirements: CHEM 1A, 1B, (12A & 12B); PHYS (2A and 2B); MATH (3A or 11) (MATH 3A and 3B preferred).

Refer to the CSUF catalog and the ASSIST website at www.assist.org for additional information regarding this program.

CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Science in Biology

This degree includes a general biology option and six additional specialized options in biology education, botany, cell and molecular biology, ecology and environmental biology, physiology, and zoology.

Core Courses:

Biology (General) Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; MATH 3A, 3B; PHYS (2A and 2B) or PHYS (4A & 4B)

Biology Education Option - (This program is designed for the Single Subject Teaching Credential in Science-Biological Science Concentration): ASTR 20; BIO 3A; 3B; 3C, 15 BIO/ENV 19; CHEM 1A, 1B; GEOL 1 or 20; MATH 3A; PHYS (2A and 2B) or PHYS (4A & 4B).

Botany Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; MATH 3A, 3B; PHYS (2A and 2B) or PHYS (4A & 4B).

Cell and Molecular Biology Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; GEOL 1; MATH 3A, 3B; PHYS (2A and 2B), or PHYS (4A & 4B).

Ecology Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; GEOL 1; MATH 3A, 3B; PHYS (2A and 2B), or PHYS (4A & 4B).

Physiology Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; MATH 3A, 3B; PHYS (2A and 2B) or PHYS (4A & 4B).

Zoology Option: BIO (3A & 3B & 3C); CHEM 1A, 1B; MATH 3A, 3B; PHYS (2A and 2B) or PHYS (4A & 4B).

Bachelor of Science in Marine Biology

Lower-division Preparation: BIO (3A & 3B & 3C), (BIO 19 or ENV 19); CHEM 1A, 1B; MATH 3A, 3B; PHYS (2A and 2B) or PHYS (4A & 4B).

Refer to the CSU Long Beach catalog and ASSIST at www.assist.org for additional information regarding both degree programs.

UNIVERSITY OF CALIFORNIA, IRVINE

Bachelor of Science in Biological Sciences

Preference will be given to junior-level applicants with the highest grades overall. One year of general chemistry (with laboratory) and an approved sequence of biological sciences are required prior to transfer.

Once enrolled at UCI, Biological Sciences majors may take only UCI courses to satisfy the major requirements.

Lower-division Requirements: BIO 3A, 3B, 3C, 22; CHEM (1A & 1B, (12A & 12B); MATH (3A & 3B preferred) or (*MATH 3A and MATH 10) or (MATH 3A and 3C) or (MATH 3A and 26); PHYS (4A and 4B).

*Note: The MATH 3A and MATH 10 combination is unique to this UCI major and should only be taken by students who are certain they will transfer to UCI.

For further details regarding GPA requirements and transfer selection criteria, refer to the UCI catalog and ASSIST at www.assist.org

Business Administration

Admission to many business programs is competitive. Students are strongly advised to complete all of the major preparation courses before transfer. Completion of major preparation and the highest possible GPA makes a student competitive.

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Business Administration and Economics

Areas of concentration for the Bachelor of Arts in Business Administration include: Accounting, Business Economics, Entertainment & Tourism, Entrepreneurship, Finance, Management, Information Systems, Management Science, and Marketing. A Bachelor of Arts in Economics is also offered (see Economics section of example transfer patterns). All courses for the major must be completed with a grade of “C” or better. The credit/no credit option may not be used for courses in the major.

Lower-division Core Requirements: ACCT 1A, 1B; BUS 14, 104; CIM 1; ECON 2, 4; MATH (3A or 11).

For further details regarding this program, refer to the CSU Fullerton catalog and ASSIST at www.assist.org

Bachelor of Arts in International Business

Lower-division Core Requirements (see Business Administration); and intermediate competency in one foreign language (level 3) in either Chinese, French, German, Japanese, Portuguese, or Spanish is prerequisite to a selected upper-division concentration.

All courses for the major must be completed with a grade of “C” or better. The credit/no credit option may not be used for courses in the major. For further details regarding this program, refer to the CSU Fullerton catalog and ASSIST at www.assist.org

CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Science in Business Administration

This is an impacted program. Refer to the CSULB catalog and ASSIST at www.assist.org for additional information.

Options at the upper-division level in Business Administration include: Accountancy, Finance; Human Resources Management; International Business; Management; Management Information Systems; Marketing; Operations Management.

Required Upper-division Preparation: ACCT 1A; CIM 1; ECON 2, 4; MATH 9 or 10 (preferred), 11; PHIL (12 or 15) (Note: Accountancy majors must take PHIL 15, and MIS majors must take PHIL 12).

ADD for the International Business Option: Foreign Language preparation required is two years (four semesters) at the baccalaureate level in one of the following languages: Chinese, French, German, Italian, Japanese, Russian, or Spanish. The choice of language will determine the country or geographic area about which the student must study at the upper-division level after transfer. Refer to the CSULB catalog for additional information.
Bachelor of Arts in Chemistry

The Bachelor of Arts in Chemistry is offered for students who are planning careers which require a sound background in fundamental chemistry, but not at the depth of the Bachelor of Science degree, and is particularly suited for those who plan to go into areas such as secondary education, technical sales, food processing, chemical patent law, and forensic sciences.

Required Courses Include: CHEM 1A, 1B, (12A & 12B); MATH 3A, 3B; PHYS 2A, 2B.

Refer to the CSU Fullerton catalog and ASSIST at www.assist.org for more information regarding both degree programs listed above.

UNIVERSITY OF CALIFORNIA, IRVINE

Bachelor of Science in Chemistry

Required Courses Include: CHEM (1A & 1B), (12A & 12B); MATH 3A, 3B, 3C, (24 & 26); PHYS 4A, 4B, 4C.

Chemistry

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Science in Chemistry

The Bachelor of Science Degree in Chemistry is recommended for students planning to go directly into professional chemistry and for those who plan to do graduate work in physical, analytical, organic, or inorganic chemistry.

Required Courses Include: CHEM (1A & 1B), (12A & 12B); MATH 3A, 3B, 3C, (24 & 26); PHYS 4A, 4B, 4C.

Bachelor of Arts in Chemistry

The Bachelor of Arts in Chemistry is offered for students who are planning careers which require a sound background in fundamental chemistry, but not at the depth of the Bachelor of Science degree, and is particularly suited for those who plan to go into areas such as secondary education, technical sales, food processing, chemical patent law, and forensic sciences.

Required Courses Include: CHEM 1A, 1B, (12A & 12B); MATH 3A, 3B; PHYS 2A, 2B.

Refer to the CSU Fullerton catalog and ASSIST at www.assist.org for more information regarding both degree programs listed above.

SOUTHERN CALIFORNIA UNIVERSITY OF HEALTH SCIENCES—LOS ANGELES COLLEGE OF CHIROPRACTIC

Applicants for admission must have completed a minimum of 90 semester units applicable to a baccalaureate degree in the arts or sciences with a minimum cumulative GPA of 2.50 or higher on a 4.0 scale. These requirements may increase annually, culminating to a bachelor's degree and a minimum GPA of 3.00.

Students are advised to contact the Southern California University of Health Sciences/Los Angeles College of Chiropractic for further information regarding this program (562) 947-8755 or (800) 221-5222, and website: www.scuhs.edu.
Bachelor of Arts in Journalism

Lower-division Preparation:

Option in General Speech: SP 1 or TA 35, 3, 5.
Option in Interpersonal & Organizational Communication: SP 1 or TA 35, 3, 5.
Option in Communication, Culture and Public Affairs: SP 1 or TA 35, 3, 5.

Refer to the CSULB catalog and ASSIST at www.assist.org for additional information regarding these programs.

Bachelor of Arts in Journalism

Lower division preparation: JRN 1, 2.

Although JRN 1 is cross-referenced with CTVR 1, students must take Journalism 1 version.

Per the CSULB catalog, all students entering CSULB journalism production courses must be familiar with at least one established word-processing program at the level of at least 40 words per minute. CSULB journalism majors will be required to have a minor which is selected in consultation with a CSULB journalism adviser after transfer. Students interested in this program should contact CSULB's Journalism Department at (562) 985-4981 for additional information. Also refer to the CSULB catalog and ASSIST at www.assist.org for additional information regarding these programs.

Bachelor of Arts in Communication Studies (Options)

Lower-division Preparation:

Option in General Speech: SP 1 or TA 35, 3, 5.
Option in Interpersonal & Organizational Communication: SP 1 or TA 35, 3, 5.
Option in Communication, Culture and Public Affairs: SP 1 or TA 35, 3, 5.

Refer to the CSULB catalog and ASSIST at www.assist.org for additional information regarding these programs.

Economics

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Economics

All Lower-division Core Requirements must be completed with a grade of “C” or better.

Required Lower-division Core Courses: ACCT 1A; BUS 104; CIM 1; ECON 2, 4; (MATH 3A or 11); and (MATH 3B or ACCT 1B).

See the CSUF catalog and ASSIST at www.assist.org for additional information regarding program requirements.

General Education: Refer to California State University general education requirements in this catalog.

Dental Hygiene

LOMA LINDA UNIVERSITY

Dental Hygiene Pre-Entrance Curriculum Requirements (Meet LLU)

Scientific Inquiry & Analysis:

Natural Sciences (minimum 15 semester units): BIO 11, 12, 15; CHEM 108; and one transferable math course.

Social Sciences (minimum 8 semester units): PSYCH 1, ANTH 2, SOC 1.

Spiritual & Cultural Heritage:

Cultural: (minimum 14 semester units, which must include two areas): Select any transferable course from the following areas: history/civilization, fine arts (theory coursework), literature, philosophy/ethics, foreign language.

Religion: (minimum 3 semester units): Recommended to be taken after transfer.

Communication Skills: (minimum of 9 semester units) ENG 1A and 1B (required); select one course: SP 1 (or 5).

Health & Wellness: Select one course from: FN 50, 161, or HLT 1; and select two PE activity courses.

Electives: Select electives to complete 64-unit entrance requirements.

Students are advised to contact Loma Linda University School of Dentistry at (909) 558-4621 for further information regarding admissions requirements for this program.

Note: Information is available in the Saddleback College Counseling Services office regarding lower-division preparation for area Community College Dental Hygiene programs (e.g., Cerritos College and Cypress College).

Dentistry (Pre-Dental)

There are five dental schools in California and admissions requirements vary and are very competitive: UC Los Angeles; UC San Francisco; University of Southern California; Loma Linda University; and University of the Pacific. High scholastic ability and manual dexterity are among the selection criteria for admission. Refer to the specific dental school catalog/bulletin and website for details regarding program and admissions requirements. Additional information on dental schools can be obtained from the American Dental Education Association website www.adea.org.

Candidates selected for admission to dental schools have generally completed three or four years of a rigorous pre-dental program. Students are advised to make normal progress toward a bachelor’s degree. No particular major is required and preparation for dental school admission varies. See www.adea.org/aadsas for details.

Education—Teaching

In California, professional teacher preparation (K-12) is a two- or three-semester program, typically taken after completion of the baccalaureate degree. THERE IS NO MAJOR IN EDUCATION. Before entering a teacher credential program students will be required to demonstrate basic skills competencies. The most common method to demonstrate these competencies is to pass the California Basic
Educational Skills Test (CBEST). Many students preparing to become future teachers take this examination while they are at the community college. The Transfer Center Preparing for a Career in Teaching (PACT) program provides academic counseling and other resources to assist students in choosing appropriate courses and majors to help them prepare for a career in teaching. These resources include Saddleback's EDUC 90 course, workshops, university representative appointments, teacher examination information, campus tours, and the Student California Teacher Association (SCTA) Future Teachers Club. For further information please call 949-582-4328 or visit our website at www.saddleback.edu/transfer/pact.html.

Elementary Education

Students planning to become elementary school teachers may select from a variety of undergraduate academic majors. In addition to passing the CBEST exam, these students will be required to pass the state approved California Subjects Examination for Teachers (CSET) Multiple Subjects in order to become elementary school teachers. This examination covers knowledge of language arts, mathematics, science, social science, visual and performing arts, physical education, and human development. PACT recommends meeting with a counselor to determine an appropriate major and coursework.

Secondary Education

Although students planning to become secondary school teachers may complete any academic major, most students complete the degree major closest to the subject field in which they wish to be authorized to teach. In addition to passing the CBEST exam, these students will be required to pass the appropriate subject matter examination, the CSET, or to complete a state-approved Subject Matter Preparation Program (SMPP). PACT recommends meeting with a counselor to determine an appropriate major and coursework.

Career Technical Education (CTE)

The Designated Subjects CTE Teaching Credential authorizes the holder to teach the CTE subjects named on the credential in grades K-12 and in classes organized primarily for adults in career technical instruction courses. For a list of CTE industry sectors, or for further information on credential requirements, please contact a PACT counselor.

Community College

Community college teaching positions typically require the completion of a master’s degree in the subject matter taught. For some CTE community college teaching positions, work experience may be used to waive portions of educational requirements.

Engineering

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Science Degrees for: Civil Engineering; Electrical Engineering; Engineering/Option in Engineering Science; Mechanical Engineering

Math/Science Foundation Requirements for all Majors Listed:
MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B

Civil Engineering - ADD: BIO 20; CHEM 1B, 3; ENGR 31.

Mechanical Engineering - ADD: DR 23; ENGR 31; PHYS 4C.

Computer Engineering - ADD: BIO 20; CS 1B, 1D, CIM 172; PHYC 4C.

Refer to the CSUF catalog and ASSIST at www.assist.org for further information regarding General Education requirements and selection criteria for these programs.

UNIVERSITY OF CALIFORNIA, IRVINE

Bachelor of Science (Engineering majors listed)

Lower-division Requirements:
Aerospace Engineering: BIO 3A or CHEM 1B or GEOL 20, CHEM 1A; CS 1B; ENGR 31; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B, 4C.

Biomedical Engineering: CHEM 1A and 1B; CS 1B; MATH 3A, 3B, 3C, 24, 26 and 10; PHYS 4A, 4B, 4C.

Chemical Engineering: CHEM 1A, 1B, 12A, 12B; CS 1B; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B.

Civil Engineering: CHEM 1A and 1B; CS 1B; ENGR 31; MATH 3A, 3B, 3C, 24, 26; PHYS 4A; PHYS 4B; ECON 2, 4; ENV 1; and select one course from: PHYS 4C, CHEM 1B.

Computer Engineering: CS 1B, 1C, 3A, 1D & 4B; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B, 4C.

Electrical Engineering: CHEM 1A; CS 1B; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B, 4C.

Environmental Engineering: CHEM 1A, 1B, 12A; CS 1B; ECON 2, 4; ENGR 31; MATH 3A, 3B, 3C, 24, 26; PHYS 4A & 4B.

Mechanical Engineering: CHEM 1A; CS 1B; ENGR 31; MATH 3A, 3B, 3C, 24, 26; PHYS 4A, 4B, 4C. Choose one from CHEM 1B or BIO 3A or GEOL 20.

Per UCI, preference will be given to junior-level applicants with the highest grades overall. Students are advised to complete the lower-division degree requirements prior to transfer.

Additional information regarding program requirements and UCI General Education requirements is available in Saddleback’s Counseling Services Office or refer to ASSIST at www.assist.org.

English

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts English

*ENG 1A and a maximum of 12 units from the following courses may be selected. At least 30 units must be upper-division coursework after transfer to fulfill the 42 units required for the major. Students are urged to consult with a faculty advisor in the Department of English and Comparative Literature at CSUF.

*Lower-division Preparation: At least six units from: ENG 15A, 15B, 17A, 17B, or other transferable literature courses selected with CSU Fullerton advisor approval (maximum 12 units).

Refer to the CSUF catalog and ASSIST at www.assist.org for more information regarding this program.

UNIVERSITY OF CALIFORNIA, IRVINE

Bachelor of Arts in English

Note: In fulfillment of the requirements below, a single course may be used only once.

Select two courses from: ENG (15A-15B) or (17A-17B) or (21A-21B); ENG 25, 27A, 27B; AND

Two years in a single language other than English at university level (or equivalent): Arabic 4, Chinese 4, French 4, German 4, Italian 4, Japanese 4, Persian 4, Sign Language 4 or Spanish 4; AND

Complete ENG (1A and 1B) and HUM (10A and 10B); OR ENG (1A and 1B) and two courses from HUM 1, 2, 3; OR

Select at least one course from each of the following areas for a total of at least four semester courses:
Writing: ENG 1A, 1B
History: HIST 4, 5, 7, 8, 16, 17, 19, 27, 28, 62, 63, 70, 71, 74 and 75.
Philosophy: PHIL 1, 15

G.E. Breadth requirements: Information regarding UCI G.E. requirements is available in Saddleback’s Counseling Services Office or refer to ASSIST at www.assist.org

**History**

**CALIFORNIA STATE UNIVERSITY, FULLERTON**

Bachelor of Arts in History

Introductory Survey Course Requirements (12 units):

* U.S. History (six units): HIST 16 (or 17) or (16 and 20 or SOC 20) or HIST 16 and 22 or HIST 17 (or 17 and 20 or SOC 20)

* World Civilization (six units): HIST 4 (and 5).

Recommended Electives: Other social science courses including; additional history, geography, political science, psychology, sociology, and humanities, including art history, music history, and foreign languages.

Refer to the CSUF catalog and ASSIST at www.assist.org for further information.

**CALIFORNIA STATE UNIVERSITY, LONG BEACH**

Bachelor of Arts in History

Lower-division Preparation (9 units): HIST 16 (or 17 or 19), can also be used to fulfill CSULB’s requirement in U.S. history, and select at least two lower-division history courses from: HIST 4, 5, 62, 63, or consult with a CSULB program advisor regarding course selection.

Refer to the CSULB catalog and ASSIST at www.assist.org for further information regarding program requirements.

General Education: Refer to the CSU general education certification pattern in the introduction to this section of the catalog.

**UNIVERSITY OF CALIFORNIA, BERKELEY**

Bachelor of Arts in History

Lower-division Requirements for the Major:

1) United States: HIST 16 (or 17)
2) Europe/Western Civilization: HIST 4 (or 5)
3) Asia, Africa or Latin America: HIST 30, 70 or 71 or 72, 75, 80
4) Elective: Select an additional course from any of the above areas other than a course previously taken to fulfill requirements.

UCB recommends that students complete lower-division requirements prior to transfer. IGETC must be completed by the end of the spring term that precedes fall enrollment at UC Berkeley. Refer to the UCB catalog and ASSIST at www.assist.org for additional information.

**Human Services**

**CALIFORNIA STATE UNIVERSITY, FULLERTON**

Bachelor of Science in Human Services

Community college transfer students may apply a maximum of 12 units of coursework in human services and related fields toward the 54-unit total required for the major. Transfer units must be approved by an advisor and the Program Coordinator at CSUF. Courses may be selected as follows (majors must achieve a grade of “C” or better in all courses included in the core curriculum and in the advisement track):
Articulation/Transfer Patterns

UNIVERSITY OF CALIFORNIA, IRVINE

Bachelor of Science in Mathematics

**Lower-division Preparation:** MATH 3A & 3B & 3C, 24, 26; and select CHEM (1A and 1B) or PHYS (4A and 4B) or PHYS (4A and 4C) or PHYS (4A-4B-4C) sequence; and choose one equivalency from: CS 1B or CS (1A and 4A and 4B) (this combination equals UC's ICS 21).

G.E. Breadth requirements: Information regarding UCI G.E. requirements is available in Saddleback's Counseling Services Office or refer to ASSIST at www.assist.org

**Medicine (Pre-Medicine)**

There are eight medical schools in California. Five of these are operated by the University of California (Davis, Irvine, Los Angeles, San Diego, and San Francisco). The three private schools are University of Southern California, Stanford University, and Loma Linda University. Preparation for admission requires high scholarship in three or usually four years of premedical study.

Typically medical schools will evaluate an applicant's abilities and personal qualities through several factors: college coursework and GPA (both cumulative GPA and science GPA); scores on admissions tests (e.g., MCAT); personal statement and interview; in-depth letters of recommendation; practical volunteer experience in a health profession; and research experience in biological medical, behavioral, or physical sciences. Extracurricular activities such as student clubs, organizations, athletics, and community involvement are recommended.

Students are advised to make normal progress toward a baccalaureate degree in a major of their choice. Admission requirements may vary from one school to another, and the following courses are a composite of minimum admission requirements to medical schools in general:

**Lower-division Preparation:** BIO 3A, 3B; CHEM 1A, 1B, 12A, 12B; PHYS (2A and 2B) or (4A and 4B) (preferred); MATH 3A, 3B; ENG 1A, 1B and an additional English course.

Detailed information about the offerings, requirements, and selection process should be obtained from the bulletin of the medical school in which the student is interested.

**Music**

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Music

Liberal Arts Concentration, *Music History & Theory Concentration, Music Education Concentration

**Lower-division Preparation** - Core Requirements: MUS 10, 11, 12; and principle performance area (applied music - 4 units)

*Allied Requirement for Music History & Theory Concentration: Proficiency in one foreign language (French, German, or Italian, preferably German, to be satisfied by one of the following:

a) 4 years study of foreign language at the secondary school level.

b) Passing an exam given by CSUF's Department of Modern Languages & Literature.

c) Completing the second semester of the beginning university sequence of a foreign language (at Saddleback College: FR 2 or GER 2).

**Allied Requirement for Voice Concentration:** Same as Composition Concentration above, but two foreign languages must be satisfied.

**Music Theory Classes:** Transfer students are placed in required music theory classes based on their competence at entrance. Transfer credit will be given by CSU Fullerton only for those classes up to and including the student's demonstrated level of competence, regardless of how many courses or units have been taken.

**Music-Major Piano Classes:** All music majors at CSU Fullerton must reach a certain competency in piano. This may be achieved independently or through class-piano study. The CSU Fullerton Music Department does not require class piano in any degree program and thus does not grant transfer credit for piano classes, except as music electives.

**Bachelor of Music**

*Composition Concentration, Instrumental Concentration, Keyboard Concentration, **Voice Concentration, Accompanying Concentration, Commercial Music Concentration

**Lower-division Preparation** - Core Requirements: MUS 10, 11, 12; and principle performance area (applied music - 6 units)

**Allied Requirement for Composition Concentration:** Proficiency in one foreign language (French, German, or Italian, preferably German, to be satisfied by one of the following:

a) 4 years study of foreign language at the secondary school level.

b) Passing an exam given by CSUF's Department of Modern Languages & Literature.

c) Completing the second semester of the beginning university sequence of a foreign language (at Saddleback College: FR 2 or GER 2).

**Allied Requirement for Voice Concentration:** Same as Composition Concentration above, but two foreign languages must be satisfied.

**Music Theory Classes:** Transfer students are placed in required music theory classes based on their competence at entrance. Transfer credit will be given by CSU Fullerton only for those classes up to and including the student's demonstrated level of competence, regardless of how many courses or units have been taken.

**Nursing**

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Science in Nursing

The CSU Fullerton program is an upper-division program designed for registered nurses seeking a Bachelor of Science degree in nursing. Among the admission requirements are the following: 1) Meet requirements for admission to the university as a transfer student; 2) Completion of an associate degree in nursing or its equivalent; 3) Current licensure as a registered nurse in California; 4) Completion of one year of satisfactory work experience as a registered nurse is recommended; 5) Completion of the following (with a minimum grade of “C” in each course):

**Lower-division Preparation:** BIO 11, 12, 15; CHEM (1A or 3 or 108 or 12A); PSYC 1; (SOC 1 or ANTH 2).

Refer to the CSUF catalog and ASSIST at www.assist.org for further information regarding these programs.
CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Science in Nursing - Basic Nursing Program

This program is impacted and students must apply during the initial CSU application filing period. CSULB states that applicants to the upper-division major must also submit a supplemental application. Each applicant must also schedule a personal interview with a designated nursing faculty member at CSULB prior to transfer. Students are advised to refer to the CSULB catalog and ASSIST at www.assist.org for details regarding program and admissions requirements.

**Lower-division Preparation:** BIO 11*, 12*, 15*; CHEM 108*; PSYC 1*, SOC 1*.

*CSULB screening criteria equivalencies for this impacted major.

Bachelor of Science in Nursing - Registered Nursing Program

**Lower-division Preparation:** Earned accredited Associate Degree in Nursing, current California licensure as a Registered Nurse, and 60 transferable units including certification of general education requirements.

Students interested in CSULB's Nursing programs should complete CHEM 108 and contact CSULB's Nursing Department and ASSIST at www.assist.org for current information regarding selection criteria and other details regarding program requirements.

UNIVERSITY OF CALIFORNIA, LOS ANGELES

Bachelor of Science in Nursing

Please note: The RN/BS/Postlicensure program may be suspended for the 2012-2013 academic year, and would therefore not be open to new applicants. Please check with UCLA's School of Nursing before you apply.

The Nursing degree at UCLA is designed to prepare registered nurses (RNs) for advanced study at the graduate level. Emphasis is placed upon the preparation of nurses to meet the need for community-based care in a culturally diverse society. Admissions requirements include an Associate's Degree in Nursing from a state-approved program or a Diploma in Nursing from an accredited program, and current licensure as a Registered Nurse with a minimum of one year of full-time experience as an RN within the past five years. For additional information regarding admissions and course requirements, refer to the UCLA catalog and ASSIST at www.assist.org for current details.

**Occupational Therapy**

A master's degree will be required to practice as an entry-level Occupational Therapist in the United States. Occupational Therapy is a health-care profession that helps people who have been affected by accident or injury, disease, aging, developmental delay, or psychological disability make necessary lifestyle changes to become more self-sufficient and independent. Career opportunities in Occupational Therapy vary and include hospitals, rehabilitation centers, nursing homes, public and private schools, day care facilities, patient homes, and corporations. Examples of universities offering Occupational Therapy programs at the master's level in California include CSU Dominguez Hills, Loma Linda University, San Jose State University, and the University of Southern California. Students are advised to contact the college or university of interest for further information on their OT program. Also refer to the Occupational Therapy Association of California (OTAC) website at www.OTAConline.org

**Pharmacy**

The requirements for admission to schools and colleges of pharmacy vary. Students are advised to contact the institution of choice for details regarding special program and admission requirements. Normally a minimum of two years pre-pharmacy undergraduate preparation is required. Because of limited space and other factors, admission is very competitive. An increasing number of students are entering pharmacy schools after completion of the bachelor's degree.

UNIVERSITY OF CALIFORNIA, SAN DIEGO

Bachelor of Science in Chemistry/Biochemistry: Pharmacological Chemistry

The Pharmacological Chemistry major provides a strong background in chemistry and includes most courses required by California pharmacy schools. The major is intended primarily as preparation for pharmacy schools, but students fulfilling their elective requirements with appropriate courses would be prepared for graduate school to obtain a Ph.D. in pharmacology or other areas of science. Degree recipients would also be prepared for most jobs in the biotechnology and chemical industries.

**Special Advising note:** Transfer students are strongly advised to complete as many preparatory courses as possible for their major before enrolling at UCSD. Students should complete all other transfer courses before taking organic chemistry.

**Recommended Lower-division Preparation:** BIO 3A & 3B; CHEM 1A, 1B, 12A, 12B; ECON (2 or 4); MATH 3A, 3B, 3C, 24; PHYS 4A, 4B, 4C.

Refer to the UCSD catalog and ASSIST at www.assist.org for further information regarding this program.

UNIVERSITY OF CALIFORNIA, SAN FRANCISCO

Pre-Pharmacy Requirements

UC San Francisco is a graduate/professional institution requiring pre-professional preparation or graduate standing for admission. The following courses will satisfy the pre-pharmacy course requirements for the School of Pharmacy at UC San Francisco.

**Lower-division Preparation:** BIO 3A, 3C, 12; CHEM 1A, 1B, 12A, 12B; ENG 1A, 1B; MATH 3A, 3B; PHYS (2A or 4A), (2B or 4B); 18 semester units of UC-transferable Humanities/Social Science courses to include the following: ECON (2 or 4) and SP (1 or 3); and one of the following courses: ANTH 2, PSYC 1, or SOC 1.

Refer to the UC San Francisco School of Pharmacy catalog and ASSIST at www.assist.org for further information regarding admissions requirements for this program.

UNIVERSITY OF CALIFORNIA, SANTA BARBARA

Bachelor of Science in Pharmacology

Students are admitted initially to the pre-major. Per UCSB, admission into the pre-major does not guarantee automatic admission to full major standing. For details regarding GPA, selection criteria and other admissions requirements refer to the UCSB catalog and website www.lifesci.ucsb.edu and ASSIST at www.assist.org

**Lower-division Preparation:** BIO 3A & 3B & 3C; CHEM 1A & 1B, 12A, 12B; (MATH 3A and 3B) or (MATH 11 and UCSB's MATH 34B after transfer), MATH 10 or (MATH 24 and 26); PHYS 2A, 2B.

UNIVERSITY OF SOUTHERN CALIFORNIA

Pre-Pharmacy Requirements

**Lower-division Preparation:** BIO 3A & 3C or 1A & 1C, 12, 15; CHEM 1A & 1B, 12A & 12B; ECON 4; ENG (1A and 1B); MATH 3A, 10; PHYS (2A and 2B) or (4A and 4B); (PSYC 1 or SOC 1); SP 1 or 5; **AND**
A bachelor’s degree and the above pre-pharmacy courses are required.

For Physics, only one semester with lab is required. It is recommended that physics courses include thermodynamics and electromagnetism.

Students are advised to contact USC’s School of Pharmacy at (323) 442-1466 or (323) 442-1369, and the USC website at www.usc.edu for further details regarding program requirements.

**Political Science**

**CALIFORNIA STATE UNIVERSITY, FULLERTON**

**Bachelor of Arts in Political Science**

Lower-division Requirements:  MATH 10; PSYC 1, 2.

Note: A maximum of nine lower-division units of psychology courses are transferable toward the psychology major. Additional lower-division units taken in psychology at a community college and approved by CSUF may be used for university credit for graduation.

See the CSUF catalog and ASSIST at www.assist.org for further information regarding this program.

**CALIFORNIA STATE UNIVERSITY, LONG BEACH**

**Bachelor of Arts in Psychology**

Lower-division Major Requirements: MATH 10; PSYC 1, 2, 3.

Note: The CSULB catalog states that their PSY 301 must be completed during the first semester after transfer. Students are advised to contact CSULB’s Psychology Department for details. Refer to the CSULB catalog and ASSIST at www.assist.org for more information regarding GPA requirements and other admissions selection criteria for this impacted major.
Lower-division Preparation for the Major: PSYC 1 and 3 and 30 or 37 (the preceding courses must be completed to receive transfer credit for UCI's PSYCH 9A-B-C required sequence; also select one course from: PSYC 2, 4, 7, 16, 21, 37, (30 if not taken above); and select two courses from: ANTH (1 or 2 or 3); ECON (2 or 4); GEOG (1 or 2 or 3) SOC 1; AND CS 1A, 4A and 4B; and *MATH (3A and 10) or a one-year statistics sequence taken after transfer.

*The MATH 3A and MATH 10 combination is unique to this UCI major and should only be taken by students who are certain they will transfer to UCI.

Bachelor of Arts in Psychology and Social Behavior

This UCI major studies human behavior in social contexts, and investigates how different social environments (e.g., the family, school, workplace, culture) affect health and human behavior. The major provides a foundation that will enable majors to work in the private or public sectors and to do graduate work in psychology, public health, health services, social work, counseling, or education. Refer to the UCI catalog for additional information regarding this program.

Lower-division Preparation for the Major: PSYC 1 & 3 & PSYC/SOC 30 or PSYC 37. All three courses must be taken to receive credit for P11A-P11B-P11C, (combination required as equivalency for UCI's PSY BEH P9); PSYC 2; MATH 10.

G.E. Breadth requirements: Information regarding UCI G.E. requirements is available in Saddleback's Counseling Services Office or refer to ASSIST at www.assist.org

Radio/Television/Film

CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Arts in Film and Electronic Arts (Option in Theory and Practice of Cinema); and (Option in Narrative Production)

Applicants to this impacted upper-division major must have completed a minimum of 60 semester units with certification of G.E. requirements and a cumulative GPA of 3.00 or higher. Students interested in this major should refer to the CSULB catalog and ASSIST at www.assist.org and contact an advisor at CSULB's College of the Arts for details regarding admissions requirements and supplemental screening criteria.

Lower-division Courses: ART 20 or 26

Theory and Practice of Cinema Core Courses: CTVR 3, 100

Narrative Production Core Courses: CTVR 3, 100

General Education: Refer to California State University certification of general education requirements outlined in this catalog.

CALIFORNIA STATE UNIVERSITY, NORTHBRIDGE

Bachelor of Arts in Cinema and Television Arts (Available Options: Electronic Media Management; Film Production; Media Theory and Criticism; Radio Production; Television Production; Multimedia Production; Screenwriting)

Lower-division Requirements for all Options listed: CTVR 1/ or JRN 1 and CTVR 3.

**ADD** for Electronic Media Management Option: CTVR 40, 110 or 124.

**ADD** for Film Production Option: CTVR 40.

**ADD** for Media Theory and Criticism Option: CTVR 40.

**ADD** for Multimedia Production Option: CTVR 40, 110 or 124.

**ADD** for Radio Production Option: CTVR 40, 110.

**ADD** for Screenwriting Option: CTVR 40, 110 or 124.

**ADD** for TV Production Option: CTVR 40, 124.

Admission to this program is limited, and students must initially apply for admittance into the pre-major. Students interested in this major are advised to contact a CSUN program advisor. For details regarding program requirements, refer to the CSUN catalog and ASSIST at www.assist.org

Sociology

CALIFORNIA STATE UNIVERSITY, FULLERTON

Bachelor of Arts in Sociology

A maximum of nine lower-division units may be transferred from a community college and applied to the 36 units required in the major. Minimum requirements include SOC 1. The following courses can be transferred for credit toward the major within the nine-unit limitation:

SOC 1 (required); and select two courses from: SOC 15, 20 (or HIST 20), 21, 25, 30 (or PSYC 30). Coursework must be completed with a grade of “C” or better.

Refer to the CSUF catalog and ASSIST at www.assist.org for further details. See the CSU general education certification section for specific G.E. requirements.

CALIFORNIA STATE UNIVERSITY, LONG BEACH

Bachelor of Arts in Sociology

Lower-division Preparation: SOC 1, 2, and MATH 10. Recommended elective: ANTH 2.

Refer to the CSULB catalog and ASSIST at www.assist.org for additional information regarding this program.

General Education: See CSU general education certification section for specific requirements.

Veterinary Medicine

UNIVERSITY OF CALIFORNIA, DAVIS

Requirements for Admission to the School of Veterinary Medicine:

Candidates for admission to the UC Davis veterinary medicine program must have completed the equivalent of at least 72 semester units at an accredited college or university. A baccalaureate degree is advisable. Students are advised to contact the School of Veterinary Medicine at UC Davis at (530) 752-1383 or website at www.vetmed.ucdavis.edu and ASSIST at www.assist.org

Lower-division Preparation: BIO 3A, 3B, 3C; CHEM 1A, 1B, 12A, 12B; PHYS (2A and 2B) or PHYS (4A and 4B and 4C).

Additional Requirements: ENG 1A, 1B, and one other UC-transferable English course (English, rhetoric, speech, or literature); MATH 10; and three UC-transferable courses in humanities and social sciences (history, sociology, languages, music, art, psychology, ethnic studies, anthropology).

Veterinary and Animal Experience: A minimum of 180 hours of relevant veterinary and animal experiences with types of activities that give an understanding and appreciation of veterinary medicine must be met in order to have an application evaluated.

WESTERN UNIVERSITY OF HEALTH SCIENCES

Veterinary Medicine Program (DVM)

Lower-division Preparation: BIO 3A, 3C, 15, 41; CHEM 1A, 1B, 12A, 12B; ENG (1A and 1B); MATH (3A or 10), PHYS 2A, 2B, SP 1; (PSYC 1 OR SOC 1); and 9 semester units in Humanities and Social Sciences.

Per Western University of Health Sciences, applicants are not required to have obtained an undergraduate degree (BA/BS), however earning a degree will likely strengthen your application. All applicants must take either the Medical College Admissions Test (MCAT) or the General Graduate Record Examination (GRE).
Animal Experience Requirements: Animal-related experience must total at least 500 hours of hands-on experience that goes beyond observation. Appropriate venues include but are not limited to: veterinary practices; animal medical environments; commercial animal production operations; regulatory animal control and humane shelters, animal entertainment (zoos, etc.), or animal research institutions.

Students are advised to contact the Western University of Health Sciences College of Veterinary Medicine for additional information regarding other admissions requirements. Phone: (909) 469-5628, and website www.westernu.edu

IMPORTANT NOTE
The preceding examples of selected articulated major programs for representative colleges were based on articulation information and resources available at the time of Saddleback College catalog publication, and are subject to change without notice as articulation is a year-round process. Students are advised to obtain a copy of the catalog for their chosen transfer college, refer to their online catalog and *ASSIST at www.assist.org, and meet regularly with a Saddleback College counselor.

The counseling staff and articulation personnel at Saddleback College, in cooperation with instructional divisions, will continue to develop articulation and transfer agreements, especially for those majors about which a number of students inquire.

*ASSIST is the official California state-wide database listing a selection of campus-approved articulation agreements, G.E. requirements, and information on UC and CSU-transferable courses at www.assist.org

STUDENT RESPONSIBILITY FOR MEETING TRANSFER REQUIREMENTS
Saddleback College counselors are available to assist students with the transfer process including appropriate course selection and information regarding admissions, general education, and major preparation requirements to prepare for a successful transfer to their college or university of choice. However, it is the responsibility of each student to work with a Saddleback College counselor to decide upon an educational goal, and to maintain a long-range educational plan. Students are advised to obtain a copy of the catalog for their chosen transfer college, and/or refer to their online catalog for any updates as articulation and transfer information is subject to change.
Announcement of Courses

Course Numbering System Defined

Unless exceptions are noted following the course description in the college catalog, the following numbering system governs the applicability of courses toward completion of programs.

Grade Point Averages are computed on degree applicable courses numbered 1 through 299.

1-199 Courses which are parallel to baccalaureate-level courses and, as such, are offered for transfer to four-year colleges and universities. The California State University system accepts courses in this category for credit. As a general rule, numbers 1-99 are used to designate courses which are accepted by the University of California. Exceptions to this rule are noted following the course description, in such cases, students should refer to the UC Course Agreement for details regarding credit limitations.

200-299 Courses which are typically intended for certificate and associate degree programs or for skill development related to both basic skills and employment.

Courses from several disciplines may be offered in this category of interest and value to all ages, but particularly to the mid-life and older-adult student. Course content is related to both skill development and acquisition of knowledge for second-career development or information applicable to developing survival skills or to roles in the community at large.

Occasionally these courses are accepted for transfer credit by four-year institutions. (The determination of acceptance of these courses will be made by the receiving institution.)

300-399 Courses which are generally remedial and college preparatory.

Courses in this category completed Fall 1988 and later will not be applicable to associate degrees.

400-499 Courses which generally provide vocational training but are not degree applicable. Many of these courses are open-entry/open-exit and/or are scheduled for less than a full semester.

800-999 Courses which generally provide learning center hours that requires concurrent enrollment in a designated course. These courses are traditionally offered in conjunction with English as a Second Language (ESL) and International Language courses to provide enhancement and practice skill in the associated courses.

Recent state laws require the enforcement of prerequisites. Beginning Fall 1995 any student enrolling in a designated course with a prerequisite must show evidence of completion of the prerequisite course or the equivalent with a satisfactory grade or complete the appeals process. For further information, contact the Matriculation Office.

“Limitation on enrollment” include auditions, physical examination, and admission to a particular program.

“Advisory or recommended preparation” means a condition of enrollment that a student is advised, but not required, to meet before or in conjunction with enrollment in a course or education program.

Students who have had training or experience which they feel is equivalent to the recommended preparation may enroll in the course level appropriate with their experience. Concerns about enrolling in courses with recommended preparation should be discussed with the instructor, dean or a counselor.

Course Identification Numbering System (C-ID)

The Course Identification Number System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signal that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each colleges’ course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for student attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors can always help students interpret or explain this information.

Prerequisites, Corequisites, Limitations and Recommended Preparations (Title 5 §55000 Article 1)

“Prerequisite” means a condition of enrollment that a student is required to meet in order to demonstrate current readiness for enrollment in a course or educational program.

All courses shall be open for enrollment to any student who has been admitted to the college, except that students may be required to meet necessary and valid prerequisites. The term “prerequisite” also includes “corequisites,” which require a student to concurrently enroll in one course as a condition of enrollment in another course.
Repeating Courses
(Also see Registration and Academic Regulations sections of this catalog)

A course may be repeated with the following provisions:

1. The number of repetitions allowed for each course is listed following the course description. Students may not exceed the number of course repetitions as determined by state regulations. Students registering in a course not identified as repeatable or repeating a course more often than permissible will be withdrawn from the course.

2. Courses not identified as (R-A), (R-E), or (R-99) may not be repeated. However, a student who has received a substandard grade of D, F, or NP (NC), may repeat the course again. If a student repeats the course and receives a satisfactory grade, then they may repeat the course again. If the students repeats the course and receives another substandard grade they may repeat the course one additional time. Under no circumstances may a student repeat a course more than two times.

3. The maximum number of times a course may be repeated is indicated by the repeat model. Course repeats are counted beginning Fall Semester 1983.

Models for repeating courses are:

**R-A:** These are separate and distinct courses in a skill-building sequence. Any combination of courses within the sequence (beginning, intermediate, advanced) may be taken a maximum of four times combined.

**R-E:** This course has one course number and title but has a different syllabus each time it is offered. The course may be taken a total of four times to afford development through supervised practice or group assignments.

**R-99:** Include non-credit courses as well as courses necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. [Title 5 §§55041(b)].

4. A course previously completed with a satisfactory grade may not be repeated except by Admissions Office approval of a student petition reflecting unusual circumstance.

5. Repetition is permitted, without petition, in instances when such repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. [Title 5 §§55041(b)]. Courses which may be repeated under this provision are included in those coded R-99.

6. Students with verified disabilities may repeat a special course as part of “an accommodation to a student's educational limitations pursuant to state and federal nondiscrimination laws.” [Title 5, §56029]

7. Once a student has taken a more advanced course they cannot go back and repeat a lower-level course.

8. Previously recorded coursework shall remain on the student's transcript. The transcript will show which courses were excluded for purposes of grade-point calculation, insuring a true and complete academic history. When course repetition occurs, the permanent academic record shall be annotated in such a manner that only the most recent grade and credit earned will be used to calculate the student's grade point average.

9. Repeats in degree applicable courses are counted in determining eligibility for the associate degree. Transfer students are advised that most universities place limitations on course repetition for transfer credit.
### Accounting

#### FINANCIAL ACCOUNTING
This is the study of accounting as an information system, examining why it is important, and how it is used by investors and creditors to make decisions. The course coverage includes the accounting information system and the recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the classified financial statements, and statement analysis. It also includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls and ethics. NR

**ACCT 1A**
**4/5/0/0**
**REFERENCES**

#### MANAGERIAL ACCOUNTING
Prerequisite: ACCT 1A
The study of the use and reporting of accounting data for managerial planning, cost control, and decision making purposes. Includes broad coverage of concepts, classifications, and behaviors of costs. Topics include cost systems, the analysis and use of cost information, cost-volume-profit analysis, contribution margin, profit planning, standard costs, relevant costs and capital budgeting. NR

**ACCT 1B**
**4/5/0/0**
**REFERENCES**

#### INTRODUCTION TO FINANCIAL PLANNING
Major topics include money and credit management, comprehensive insurance coverage, and analyzing and developing management tools and strategies for personal investing. Covers investing in common and preferred stock, government and corporate bonds, mutual funds, real estate, and other financial securities. Lifelong financial planning, pension, retirement, and estate planning issues are addressed. Covers the structure and operation of financial markets as well as financial and investment information gathering. The effects of achieving/not achieving financial security on psychological and physiological health is examined. NR

**ACCT 120**
**3/3/0/0**
**REFERENCES**

#### SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**ACCT 189**
**.5-4/.5-4/.5-9/.5-9**
**REFERENCES**

### Intermediate Accounting I
**ACCT 202A**
**3/3/0/0**
**Prerequisite:** ACCT 1A
**Recommended Preparation:** ACCT 1B
Review of fundamental accounting processes; in-depth studies of working capital involving cash and temporary investments, receivables, inventory evaluation procedures and current liabilities; stock investments. NR

### Intermediate Accounting II
**ACCT 202B**
**3/3/0/0**
**Prerequisite:** ACCT 1A
**Recommended Preparation:** ACCT 202A
Continued in-depth studies of noncurrent assets and liabilities including investments in bonds, bond redemption funds; plant and equipment acquisition; use and retirement problems; paid-in capital and retained earnings; analytical processes relating to statement analysis, comparative data, ratios, and measurements; funds-flow and cost-flow reporting. NR

### Cost Accounting
**ACCT 203**
**3/3/0/0**
**Prerequisite:** ACCT 1B
Survey of cost accounting: job-order, process, and standard cost concepts; emphasis on costing methods for materials, labor, and factory overhead; preparation and analysis of financial statements rendered from cost data. NR

### Business Analysis and Calculations
**ACCT 214**
**3/3/0/0**
Reviews mathematics to solve typical business problems including simple interest, compound interest, installment sales, trade and cash discounts, markup percents, pricing, discounting notes and drafts, depreciation, taxes, insurance, statistics, stocks and bonds, and distribution of ownership and profits. NR

### General Accounting
**ACCT 215**
**3/3/0/0**
Basic theory and principles of elementary accounting applicable to a single-proprietorship business. Practical application of accounting theory to the accounting cycles of service and merchandising business enterprises: bookkeeping practice; debit and credit practice; books of original entry, ledgers, working papers, adjusting and closing entries; income statement, balance sheet, and statement of owners equity, cash, payroll, special journals, merchandising firms. Recommended for students needing a bookkeeping foundation before enrolling in ACCT 1A, and for retailing, sales and merchandising, and office administration majors. NR

### Individual Income Tax
**ACCT 216**
**4/4/0/0**
**Recommended Preparation:** ACCT 1A
Provides an introduction to Federal and California state income tax rules and regulations. Practical applications of the Internal Revenue Code and Franchise Tax Board rules and regulations pertaining to the taxation of individuals are presented. R E 3

### Partnership and Corporate Taxation
**ACCT 217**
**3/3/0/0**
**Recommended Preparation:** ACCT 1A and 216
Designed to provide an introduction to Federal and California state corporate and partnership income tax rules and regulations. Practical applications of the Internal Revenue Code and Franchise Tax Board rules and regulations pertaining to the taxation of partnerships and corporations are presented. R E 3

### Entrepreneurial Accounting
**ACCT 225**
**3/3/0/0**
Basic accounting course for the entrepreneur that provides the participant with financial statement analysis, taxes and the implications to decision-making. Assist in determining financing needs and options to facilitate continued operations as well as future growth. Assist in determining the appropriate computer hardware and software system necessary for the accounting needs of the business. The student will learn the necessary skills to use accounting software to set up account and manage the financial aspect of the business (formerly BUS 225). NR

### Auditing
**ACCT 275**
**3/3/0/0**
**Prerequisite:** ACCT 1B
**Recommended Preparation:** ACCT 202A
Examines the use of financial statement audits and details the audit process. Topics include professional responsibilities of auditors, audit design, sampling approaches, substantive testing, and testing controls. R E 1

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
</table>
| APSY 1       | 1.5/1.5/0/0 | **ACADEMIC PLANNING**  
Designed to prepare students for a successful college and transfer experience. Topics include opportunities and requirements for vocational programs and associate degrees as well as for transfer to four-year colleges and universities. Students develop an academic plan based on individual educational goals. College survival skills and issues will be discussed, including college expectations, student motivations, study skills, time management, college resources, and academic policies. Students will also learn strategies for choosing a major. The overall objective of the course is to help students identify and overcome obstacles to academic success. NR |
| APSY 141     | 3/3/0/0 | **PORTFOLIO DEVELOPMENT**  
Recommended Preparation: College level writing skills  
A guidance course designed to assist students in the development of individual portfolios as preparation for seeking credit by examination in selected courses. Focuses on conceptualization of prior learning. Successful student projects provide clearly written, well-presented, concise summaries of experiential learning, supported by documentation, which may be used by college faculty as a part of the examination process. Includes the development of a concise written personal chronology, learning narratives keyed to the objectives of the target courses, and the essential components of acceptable documentation of learning outcomes, an overview of degree and transfer requirements. Offered on a credit/no credit basis. |
| APSY 150     | 3/3/0/0 | **HELPING RELATIONSHIPS**  
Designed to aid the individual in acquiring the skills and personal growth necessary to help others in self-exploration and positive changes. The student will learn a process of helping which relies heavily on empathy, honesty, and caring in relationships to effect positive change in others. Benefits those in the helping professions as well as any individual seeking to be more helpful in relationships with others. NR |
| APSY 151     | 3/3/0/0 | **HUMAN RELATIONSHIPS**  
Integrating psychological, sociological, and physiological perspectives, this course will explore the human experience and the human connections that make us whole. Aspects of human experiences examined will include the dimensions of relatedness: to the self, to the body, to significant others and to the larger social context. The environments we create in which we flourish and the spaces between us that gives us meaning will be explored. In addition, ways to enhance and grow relationships within those contexts will be described. NR |
| APSY 160     | 3/3/0/0 | **CAREER AND VOCATIONAL EXPLORATION**  
Focuses on process of vocational choice through study of occupational trends and survey of specific occupations. Working with information about themselves obtained through standardized tests and other measures and selected occupational information, students develop a tentative vocational plan. Designed for students who are undecided about their majors or interested in changing careers. NR |
| APSY 161A    | 1.5/1.5/0/0 | **LEARNING AND STUDY TECHNIQUES**  
Recommended Techniques: APSY 161A  
Principles of learning theory, information acquisition, retention, and retrieval are reviewed. Emphasizes test-taking strategies and test preparation related to objective and subjective tests. NR |
| APSY 166     | 1/1/1/0 | **THEORETICAL AND APPLIED LEADERSHIP**  
Learning and applying basic theoretical and practical applications of leadership focused on contemporary issues such as governance, organizational structure, and planning. Includes decision making, team building, parliamentary procedure, time management, diversity, conflict resolution, budgeting, and ethics. R E 3 |
| ARAB 1       | 5/5/0/0 | **ELEMENTARY ARABIC**  
Corequisite: ARAB 999A  
Recommended Preparation: College-level reading ability  
Designed to develop the fundamentals of communicative competence in daily spoken Arabic. The emphasis is on listening, comprehension, and conversational skills. Early reading and writing skills are introduced, as well as fundamental aspects of culture. Equivalent to two years high school Arabic. NR |
ARAB 2   5/5/0/0
ELEMENTARY ARABIC
Pre-requisite: ARAB 1 or two years of high school Arabic
Corequisite: ARAB 999A
Designed to further the fundamentals of communicative competency in daily spoken Arabic. Although the focus remains on listening, comprehension, and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

ARAB 3   5/5/0/0
INTERMEDIATE ARABIC
Pre-requisite: ARAB 2 or three years of high school Arabic
Corequisite: ARAB 999B
Intermediate level course focuses on fluency on reading, writing, speaking, and listening. Continues the study of Arabic culture. NR

ARAB 4   5/5/0/0
INTERMEDIATE ARABIC
Pre-requisite: ARAB 3 or four years of high school Arabic
Corequisite: ARAB 999B
Emphasizes fluency in speaking, reading, writing, and comprehension of Arabic. Includes selected readings and discussions from the basic four genres in Arabic and Arabic-American literature, culture, and customs. NR

ARAB 21   3/3/0/0
INTRODUCTION TO ARABIC CULTURE
Recommended Preparation: College-level reading ability
Traces the development of the culture of Arabic-speaking nations including history, philosophy, political ideas, literature, music, art, science, geography, and customs and its influence on America and the world. Conducted in English. No prior study of the Arabic language or culture is required. NR

ARAB 999A   .25/0/0/1
ARABIC LANGUAGE LAB
Corequisite: ARAB 1, 2
Requires concurrent enrollment in designated Elementary Arabic courses. Enhances and provides practice in skills learned in Elementary Arabic courses. R E 3

ARAB 999B   .25/0/0/1
ARABIC LANGUAGE LAB
Corequisite: ARAB 3, 4
Requires concurrent enrollment in designated Intermediate Arabic courses. Enhances and provides practice in skills learned in Intermediate Arabic courses. R E 3

ARCH 10   2/2/0/0
INTRODUCTION TO ARCHITECTURE
Introduction to the professional field of architecture and related fields such as landscape architecture, engineering, construction, and city planning. Presentations by professionals to introduce students to options, requirements and job possibilities in related fields. NR

ARCH 12   3/3/0/0
HISTORY OF ARCHITECTURE
The study of the architecture and environmental achievements of man from the earliest times to the present. Presenting the important buildings, cities, sites, and civilizations of mankind. NR

ARCH 34   3/1/6/0
BASIC ARCHITECTURAL DESIGN
Recommended Preparation: ARCH 124A, which may be taken concurrently
Fundamentals of design function; form determinants; the nature, elements, and process of creative environmental design using 2D and 3D studies of space, form, color, and structure. NR

ARCH 42   3/2/3/0
DESCRIPTIVE DRAWING AND PERSPECTIVE
Recommended Preparation: ARCH 124A
Construct 3D drawings, including obliques, isometrics, 1-pt. and 2-pt. perspectives. Construct basic shadows and shade. NR

ARCH 44   2/0/6/0
ARCHITECTURAL PRESENTATION AND RENDERING
Recommended Preparation: ARCH 42 and 124A
Delineate 2D and 3D architectural drawings for presentation. Render three drawings with color, shade, shadows, people, and trees. NR

ARCH 50   3/2/4/0
INTRODUCTION TO COMPUTER-AIDED DRAFTING
Recommended Preparation: ARCH 124A or DR 100
Introductory course covering the operation and application of computer-aided drafting (CAD) systems used to create, modify, store, and plot technical drawings. Also listed as DR 50. Credit given in either area, not both. NR

ARCH 51   3/2/4/0
COMPUTER-AIDED DRAFTING
Recommended Preparation: ARCH 124A or DR 50
An intermediate to advanced level course in the operation and application of computer-aided drafting systems, used to create, edit, save, and plot technical 2D and 3D drawings. Also listed as DR 51. Credit given in either area, not both. NR

ARCH 122   2/2/0/0
ARCHITECTURAL PRACTICE
An introductory course covering the profession of architecture and the construction industry including professional relations, office procedures, and legal aspects. NR

ARCH 124A   4/3/3/0
ARCHITECTURAL DRAWING I
Principles and techniques of architectural drawing designed primarily for those who plan to enter the field of architecture or related fields such as construction, landscape architecture, city and regional planning, or interior design. NR

ARCH 124B   4/3/3/0
ARCHITECTURAL DRAWING II
Prerequisite: ARCH 124A
Draft and organize a set of working drawings for a single-family dwelling including building code requirements, materials, and principles of wood-frame construction. Computer-aided drafting methods will be introduced and used. NR

ARCH 124C   4/3/3/0
ARCHITECTURAL DRAWING III
Prerequisite: ARCH 124B
Draft and organize an advanced set of working drawings for a steel and concrete commercial building. Computer-aided drafting methods will be used. NR

ARCH 126   3/3/0/0
MATERIALS AND METHODS OF CONSTRUCTION
Studies various building materials, their use and application in the structural makeup of buildings. NR

ARCH 132   3/1/5/0
RESIDENTIAL PLANNING, PRINCIPLES AND DESIGN
Recommended Preparation: ARCH 124A
Design a single-family dwelling. Complete a design process that considers proper site relationships, plan functions, form, structure, and materials. NR

ARCH 136   3/1/6/0
BASIC ARCHITECTURAL DESIGN II
Recommended Preparation: ARCH 34
Learn to design quality form and space for living and working. Through the design process consider site, function, form, structure, color, and materials, as well as social, psychological, and ergonomic factors. NR
ELECTRICAL CODE INSPECTION
ARCH 165 3/3/0/0

COMBINATION RESIDENTIAL INTERNATIONAL BUILDING CODE
ARCH 163 4/4/0/0

CONSTRUCTION ESTIMATING
Includes bid preparations, material quantity and analysis, labor and material pricing and quantities summations, subcontract summations, subcontract bids, bid corrections, bidding practices, and final-bid form compilation and submittal. NR

ARCH 162 3/2/4/0

ARCHITECTURAL DESIGN
Recommended Preparation: ARCH or DR 50 or 51
Advanced computer-aided design and drafting with emphasis on advanced 3D CAD knowledge and skills in the completion of technical drawings that support 3D modeling. Also listed as DR 152. Credit given in either area, not both. NR

ARCH 152 3/2/4/0

SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

ARCH 189 .5-4/.5-4/.5-9/.5-9

RESIDENTIAL AND COMMERCIAL SPACE PLANNING
Recommended Preparation: ARCH 124A
Focuses on the theory, layout, building codes and creativity needed in designing excellent floor plans, with a special emphasis on the scale of the building and the context of the site. Anthropometrics and ergonomic studies are the starting point to human scale design. Scale and arrangement of furnishings, circulation, storage, room proportions, function and users are all brought into the equation of good design. Projects will include typical single family residential design, residential estate design, multifamily residential design, commercial design, institutional design, and parking design with focus on sustainable architectural design practices. RE 2

ARCH 219 4/3/0/0

REVIEW AND BUILDING INFORMATION MANAGEMENT (BIM)
Recommended Preparation: ARCH 51 or DR 51
Introduction of 3-dimensional building modeling using Autodesk Revit to provide visualization and method of construction information for architectural design. Building Information Modeling (BIM) will be used to provide detailed construction information and coordination of architecture and engineering in simple and complex building systems. Rendering and presentation techniques using Revit are also introduced. Student needs solid knowledge of computer drafting applications, file management and building construction techniques including building materials and methods of construction. RE 2

ARCH 220 4/3/0/0

ARCHITECTURAL DESIGN
Recommended Preparation: ARCH 163
Focuses on the theory, layout, building codes and creativity needed in designing excellent floor plans, with a special emphasis on the scale of the building and the context of the site. Anthropometrics and ergonomic studies are the starting point to human scale design. Scale and arrangement of furnishings, circulation, storage, room proportions, function and users are all brought into the equation of good design. Projects will include typical single family residential design, residential estate design, multifamily residential design, commercial design, institutional design, and parking design with focus on sustainable architectural design practices. RE 2

ARCH 221 4/3/0/0

ADVANCED REVIT BUILDING INFORMATION MANAGEMENT II
Recommended Preparation: ARCH 220
Advanced study of 3-dimensional building modeling using Autodesk Revit to provide visualization and method of construction information for architectural design. Building Information Modeling (BIM) will be used to provide detailed construction information and coordination of architecture and engineering in simple and complex building systems. Rendering and presentation techniques using Revit are also introduced. Student needs solid knowledge of computer drafting applications, file management and building construction techniques including building materials and methods of construction. RE 2
ART 4 3/3/0/0
FUNDAMENTALS OF ART
Emphasizes fundamental art ideas, modes, devices, problems of organization and structure, terminology, media, and the relationship of art to society. NR

ART 9 3/3/3/0
CERAMICS FUNDAMENTALS
Recommended Preparation: ART 80
A basic survey course covering both handbuilding and wheel throwing, with an emphasis on form and design. A general survey of ceramic history is presented in context with clays, clay bodies, glazes, and firing. NR

ART 10 3/3/3/0
CERAMICS - HANDBUILDING I
Recommended Preparation: ART 9
An introduction to clay, glaze, and handbuilding techniques with emphasis on craftsmanship and good design. R E 3

ART 11 3/3/0
CERAMICS - WHEEL I
Recommended Preparation: ART 9
An introduction to beginning wheel techniques with emphasis on traditional shapes and forms. R E 3

ART 12 3/3/3/0
CERAMICS - WHEEL II
Prerequisite: ART 11
A continuation of basic throwing techniques with emphasis on specific shapes and forms utilitarian and decorative. R E 3

ART 13 3/3/3/0
CERAMICS - WHEEL III
Prerequisite: ART 12
A continuation of throwing skills emphasizing contemporary decorative and design techniques. Emphasis is placed on problems related to student's individual needs. R E 3

ART 20 3/3/0/0
ART APPRECIATION
Designed to develop an understanding of historical and contemporary art forms, including examples of painting, sculpture, and architecture. NR

ART 21 3/3/0/0
WOMEN AND ART
Examines the history of relations between women, art, and ideology in global culture. Examines and analyzes the effects of cultural practices such as the division of labor and space in society, codes of language, the impact of new technologies, and power relations on the ways that women are represented and participate in visual culture. Explores women's changing relation to art practice. Includes analysis of feminism, gender roles, and identity construction in art both historically and in contemporary art forms. NR

ART 22 3/3/0/0
SURVEY OF ASIAN ART (INDIA, CHINA, JAPAN, AND KOREA)
Designed as a survey of artistic traditions found in Asia including India, Korea, China, and Japan. The arts of painting, sculpture, and architecture will be discussed as artistic expressions as well as visual manifestations of Eastern religion. NR

ART 23 3/3/0/0
AFRICAN AND OCEANIC ART
Designed to develop an understanding and appreciation of the indigenous arts of Africa and the South Pacific. Studies the painting, sculpture, architectural traditions of pre-literate societies emphasizing their culture as well as artistic significance. NR

ART 24 3/3/0/0
INDIGENOUS ARTS OF THE AMERICAS
An introduction to the indigenous artistic traditions of North, Central, and South America extending from the United States and Mexico to Peru from circa 1000 BC to the Conquest. The course will address historical and contemporary cultures of the Western hemisphere (Native American and pre-Columbian) from a historical ethnographical context, examining the formal elements of painting, sculpture, architecture, ceramics, and textiles in the context of native socio-political systems and religious beliefs. NR

ART 25 3/3/0/0
SURVEY OF ART HISTORY: ANCIENT WORLDS TO GOTHIC
Emphasizing the historical development of painting, sculpture, and architecture including philosophical and cultural perspectives. NR

ART 26 3/3/0/0
SURVEY OF ART HISTORY: RENAISSANCE TO MODERN
Emphasizing the historical development of painting, sculpture, and architecture including philosophical and cultural perspectives. NR

ART 27 3/3/0/0
HISTORY OF AMERICAN ART
A survey of the chronological development of painting, sculpture, and architecture in the United States from its pre-colonial past to the end of World War II. The contributions and influences of a variety of ethnic groups to the diversity of art in the United States will be addressed. The artistic contribution of Native Americans, African Americans, Asian Americans, Chicano/Latino Americans, and European Americans will be studied in the larger context of American society, history, and culture. NR

ART 28 3/3/0/0
HISTORY OF MODERN ART
Emphasizing the historical development of painting, sculpture, and architecture including philosophical and cultural perspectives in the late 19th and 20th centuries. Includes an in-depth study of Expressionism, Surrealism, Cubism, Abstractionism, Op, Pop, and Realism. NR

ART 29 3/3/0/0
INTRODUCTION TO WORLD ART
Survey of the visual arts of the world through the millennia, including the regions and cultures of Europe, Asia, the Americas, and Africa. Major emphasis is given to the development of the world's most significant painting, sculpture, and architecture within their respective social, political and religious contexts. The course examines the roles of artist and patron, and the relationship between the art object and its intended function. NR
ART 40 3/3/3/0
TWO-DIMENSIONAL DESIGN
A basic course in the application and appreciation of the principles of organization and art elements as they relate to two-dimensional design. Selected problems in using line, shape, color, value, and texture. NR

ART 41 3/3/3/0
THREE-DIMENSIONAL DESIGN
Recommended Preparation: ART 40
A basic course in the application and appreciation of the art elements and principles related to problems in three-dimensional design. NR

ART 42 3/3/3/0
COLOR THEORY AND PRACTICE
Recommended Preparation: ART 40 and 80
Investigates various aspects of color, color theories, color symbolism, psychology of color, physiology of color, history of color, expressive aspects of color, nature’s use of color and will include practical lab experience in mixing color, matching colors and color analysis. R E 3

ART 50 3/3/3/0
PAINTING - I
Recommended Preparation: ART 40, 80
Emphasizing painting as a creative process while developing the elementary skills of painting as a means of self-expression. Includes oil and acrylic media with fundamentals of composition, color theory and craftsmanship as applied to painting. R E 3

ART 51 3/3/3/0
PAINTING - II
Prerequisite: ART 50
Emphasizing painting as a creative process while developing more advanced skills in oil, acrylic and mixed/collaged media. R E 3

ART 52 3/3/3/0
PAINTING - III
Prerequisite: ART 51
Explores representational and non-representational subject matter in a variety of media including acrylic and oil. R E 3

ART 53 3/3/3/0
PAINTING FROM THE LIVE MODEL I
Recommended Preparation: ART 50, 80, and 85
Introductory course that emphasizes painting the draped and undraped life model from direct observation. Students will learn to convincingly depict and accurately represent both the male and female figure in action and in repose while studying subtleties of position and attitudes. Fundamental structural drawing concepts essential to good painting, such as the study of human anatomy, proportional sighting, measuring methods, and perspective. Value relationships and color will be emphasized in order to represent the figure in convincing painting with form, volume, and space. R E 3

ART 54 3/3/3/0
PAINTING FROM THE LIVE MODEL II
Prerequisite: ART 53
A continuation of ART 53 which emphasizes painting the draped and undraped male and female figure from direct observation. The primary focus is to develop a more sensitive and creative approach to painting from life. The student will continue to develop the basic skills in representing and interpreting the live model. A variety of media will be explored. R E 3

ART 57 3/3/3/0
WATERCOLOR I
Recommended Preparation: ART 40, 80
Involves the basic use of transparent media. Technique includes wet into wet, dry brush, glazing, and direct approaches. Contemporary trends will be employed through the study of traditional means. Emphasis will be placed upon creative application and composition. R E 3

ART 58 3/3/3/0
WATERCOLOR II
Prerequisite: ART 57
Further implements watercolor techniques and explores more advanced problems in color, light, and composition. In addition, this course will offer experience in the mixing of other media with transparent watercolor. R E 3

ART 59 3/3/3/0
WATERCOLOR III
Prerequisite: ART 58
Emphasizes advanced techniques of transparent media, including use of collage. R E 3

ART 60 3/3/3/0
INTAGLIO (ETCHING) AND RELIEF I
Prerequisite: ART 50
Designed to introduce students to a variety of approaches involving Relief and Intaglio areas of printmaking. Basic processes of etching, collagraph, drypoint linoleum/woodcut, and monotypes will be stressed. Both traditional and experimental approaches important to the development of a print will be used through the course of study. Students will be expected to develop a print from an original idea that will be printed in both intaglio and relief on various types of paper. R E 3

ART 61 3/3/3/0
INTAGLIO (ETCHING) AND RELIEF II
Prerequisite: ART 60
Designed with emphasis on advanced skills in the process of Relief and Intaglio areas of printmaking. Edition printing, advanced technical skills, and continued development of personal imagery and unique style will be stressed. R E 3

ART 62 3/3/3/0
INTAGLIO (ETCHING) AND RELIEF III
Prerequisite: ART 61
Designed to emphasis advanced skills in the process of Relief and Intaglio areas of printmaking. Edition printing (color), advanced technical skills of multiplate printing, color printing, and continued development of personal imagery and unique style. Students will incorporate basic techniques learned in prior courses to develop multicolor, multiplate registration, and printing techniques. R E 3

ART 63 3/2/3/0
INTRODUCTION TO SCREEN PRINTING
Principles, basic methods and techniques of preparing handcut and photographic stencils, printing techniques, simple color separation, and equipment and material handling. Care, use and safety precautions in operating and cleaning the silk-screen unit. Also listed as GC 63. Credit given in either area, not both. R E 3

ART 70 3/3/3/0
FUNDAMENTALS OF SCULPTURE
A survey of basic sculpture processes to include both additive and subtractive sculpture procedures. Lectures and demonstrations involving the classic and contemporary use of sculpture materials such as clay, plaster, stone, and metal will be covered. Students will research, design, and develop representational and abstract sculptural forms. Course emphasis will be placed on the effective use of design, materials and sculptural procedures, as well as the safe and proper use of hand and power tools. R E 3

**ART 71**  
**ADDITIVE SCULPTURE**  
Recommended Preparation: ART 70  
An in-depth investigation of the additive processes in sculpture, including clay and plaster. R A 3

**ART 72**  
**SUBTRACTIVE SCULPTURE**  
Recommended Preparation: ART 70  
An in-depth investigation of the subtractive process in sculpture, including plaster, wood and stone. R E 3

**ART 78**  
**BEGINNING LIFE SCULPTURE**  
Sculpting from a live model using clay with emphasis placed on gesture, composition, scale, proportion as related to representational forms. R E 3

**ART 79**  
**ADVANCED LIFE SCULPTURE**  
Recommended Preparation: ART 78  
Students expand their ability to sculpt from the live model to include larger scale and the materials of wood and/or stone. R E 3

**ART 80**  
**DRAWING I**  
Emphasizes the development of perceptual and technical skills in drawing. Includes line, shape, proportion, value, and composition in the representation of still life and other subject matter using dry media. R E 3

**ART 81**  
**DRAWING II**  
Prerequisite: ART 80  
Emphasizes the process of drawing as a form of creative expression. An exploratory approach to technical and conceptual problems in drawing is encouraged through the use of dry and fluid media. R E 3

**ART 82**  
**DRAWING III**  
Prerequisite: ART 81  
Further develops the concepts and processes introduced in ART 80 and 81, emphasizing the development of the individual student's artistic ability. R E 3

**ART 85**  
**DRAWING FROM THE LIVE MODEL I**  
Recommended Preparation: ART 80  
Emphasizes drawing from the human figure. Designed to develop an understanding of the human anatomy and proportion as well as the ability to draw the figure in various attitudes and movements using dry and fluid media. R E 3

**ART 86**  
**DRAWING FROM THE LIVE MODEL II**  
Prerequisite: ART 85  
Depicts anatomy by drawing the human form. Includes proportion, perspective, and the expressive extension into other style and media directions. R E 3

**ART 87**  
**DRAWING FROM THE LIVE MODEL III**  
Prerequisite: ART 86  
Emphasizes a thorough understanding of anatomy for the artist. Uses the human figure as the basis of both representational and more abstract and expressionistic drawing. R E 3

**ART 100**  
**ART GALLERY/DISPLAY AND EXHIBITION**  
Designed to introduce students to a variety of aspects in working and running a non-profit/educational art gallery. Students will participate in the planning of shows along with the practical experience of preparing and installing shows in the Saddleback College Art Gallery. Students will visit local galleries and museums to further enhance their ideas of the functions of an art gallery. R E 3

**ART 120**  
**TOUR-ART HISTORY/APPRECIATION**  
Designed to give students the opportunity to study visual cultural productions on site. Its content stresses the relationship between art and its most significant institutions of reception, museums and galleries. R E 3

**ART 133**  
**JEWELRY I**  
Recommended Preparation: ART 40  
A studio course emphasizing basic, traditional, and contemporary concepts, processes, and techniques in the making of jewelry, including soldering, stone setting, and lost wax casting. R E 3

**ART 134**  
**JEWELRY II**  
Prerequisite: ART 133  
A studio course emphasizing advanced processes and techniques of jewelry making, including forging, chasing and repousse. R E 3

**ART 140**  
**BEGINNING GRAPHIC DESIGN**  
Introduction to fundamentals of design concepts that explore organization of visual elements for graphic communication. Studio work will include traditional and computer-generated assignments in layout and typography. Designed to convey current concepts in the graphic design field. Also listed as GD 140. Credit given in either area, not both. NR

**ART 142**  
**PACKAGE DESIGN**  
Introduction to traditional and computer-generated construction and layout of three-dimensional packaging, including labels, overwraps, printed cartons and point-of-purchase displays. Also listed as GD 142. Credit given in either area, not both. NR

**ART 145**  
**GRAPHIC ILLUSTRATION**  
Develops illustrations for advertising and graphics and editorial use. Design and apply illustrations with consideration for reproduction requirements. Illustrations will be done in line art, black and white, limited, and full color in select mediums. Also listed as GD 145. Credit given in either area, not both. NR

**ART 175**  
**METAL CASTING**  
Recommended Preparation: ART 70  
A specialized course in foundry procedures. Activities will include direct and indirect techniques of developing wax models to be used in the lost wax metal casting process. Students will design unique sculptural forms which will be cast in metal using either plaster investment or ceramic shell molds. Course emphasis will be placed on the safe and proper use of hand and power tools and upon a variety of foundry practices such as: mold making, spruce and gate systems, mold de-waxing, metal pouring procedures, metal finishing, and coloring techniques. R E 3

**ART 189**  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
ART 216 3/3/3/0
CERAMICS - HANDBUILDING II
Prerequisite: ART 10
Emphasizing a continuation of basic handbuilding techniques. The focus is on developing the individual’s skills in design, fabrication, and finishing. Form and function are stressed. R E 3

ART 217 3/3/3/0
CERAMICS - HANDBUILDING III
Prerequisite: ART 216
A continuation of handbuilding techniques and skills with emphasis placed on individualized student projects. The focus will be on contemporary issues of scale, design, and concept. R E 3

ART 240 3/2/3/0
INTERMEDIATE GRAPHIC DESIGN
Recommended Preparation: GD 140
Study of design concepts to explore organization of visual elements to graphics. Studio work will include layout and production of designed formats (magazine ads, logos, T.V., story board, newspaper ads) and conceptualization techniques in the graphic-design field, as well as portfolio preparation. Also listed as GD 240. Credit given in either area, not both. NR

ART 250 3/3/3/0
PLEIN AIR LANDSCAPE PAINTING
Recommended Preparation: ART 50
Explores the process of painting out-of-doors. Includes the study of the history and tradition of this genre, painting mechanics, angles and consequent values, design, light, aerial perspective, linear perspective, color natural symbols, composition, main line and theme. R E 3

ART 289 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Astronomy

ASTR 20 3/3/0/0
GENERAL ASTRONOMY
An introductory astronomy course covering the development of astronomy from ancient times to modern times. Includes the study of the solar system, the stars and stellar systems, the Milky Way Galaxy, other galaxies and galaxy-like objects, and the expanding universe and theories of its origin. Field trips may be required to fulfill the objectives of the course. NR

ASTR 21 3/3/0/0
THE SOLAR SYSTEM
A study of the origin and evolution of our solar system, from the beginning to the present, as deduced from sampling, remote sensing, exploration, imagery, and theory. We will discuss and compare composition; tectonics; volcanism; surface processes; and atmospheric and thermal evolution of earth, the moon, terrestrial, and Jovian planets and their satellites. Additional topics will include meteorite and comet impacts and the possible existence of life elsewhere in the solar system. Field trips may be required to fulfill the objectives of this course. Also listed as GEOL 21. Credit given in either area, not both. NR

ASTR 25 3/2/3/0
OBSERVATIONAL ASTRONOMY
Recommended Preparation: ASTR 20
An introductory observational astronomy course covering various observational targets, tools, and methods, through actual observation and experimentation. Students will use college-owned telescopes to observe the sun, moon, planets, available comets, multiple stars, variable stars, and deepsky objects including nebulae and galaxies. Field trips required to fulfill the course objectives. NR

ASTR 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Automotive

AUTO 100 3/3/1/0
AUTOMOTIVE FUNDAMENTALS
Introduction to the principles of operation of modern automobile systems and a practical introduction to automotive tools and diagnostic equipment. Demonstrated lectures and some practical experience in the laboratory. Structured for the non-technical student. NR

AUTO 101 3/2/2/0
AUTOMOTIVE ELECTRICAL SYSTEMS
Recommended Preparation: AUTO 100
Operating principles, troubleshooting techniques, and repair procedures of electrical supply systems and battery-starter systems. Demonstrated lectures and practical experience in the laboratory on batteries, starter systems, alternator- generator charging systems, and accessory and lighting systems. Scan tool and digital multimeter techniques will be emphasized. R E 3

AUTO 102 3/2/2/0
AUTOMOTIVE ENGINE PERFORMANCE/ELECTRONICS AND IGNITION
Recommended Preparation: AUTO 100 and 207
Operating principles, troubleshooting techniques, and repair procedures for automotive engine performance systems. The emphasis is battery, charging and ignition systems. Demonstrated lectures and practical experience in the laboratory using modern testing equipment, oscilloscopes, and other diagnostic equipment on “live” vehicles. R E 3

AUTO 103 3/2/2/0
AUTOMOTIVE ENGINE PERFORMANCE/FUEL AND EMISSION SYSTEMS
Recommended Preparation: AUTO 100 and 207
Operating principles, troubleshooting techniques and repair procedures for automotive engine performance systems. The emphasis is fuel and engine emission control systems. Demonstrated lectures and practical experience in the laboratory using modern testing equipment, oscilloscopes, and other diagnostic equipment on “live” vehicles. R E 3

AUTO 104A 5/3/5/0
AUTOMOTIVE ENGINES
Recommended Preparation: AUTO 100, 207
Practical experience in the rebuilding, overhauling, and machining of engine components of the internal-combustion engine. It is recommended that the student have access to an engine for overhaul purposes. First part of a two-semester program covering block boring and honing techniques as well as bearing installation. Piston and ring selection procedures will be covered. The basic block will be assembled. R E 3

AUTO 104B 5/3/5/0
AUTOMOTIVE ENGINES
Prerequisite: AUTO 104A
Recommended Preparation: AUTO 100, 207
Practical experience in the rebuilding, overhauling and machining of engine components of the internal-combustion engine. A continuation of AUTO 104A. Covers cylinder head overhaul, camshaft selection, and cylinder head assembly. The complete engine will be assembled in the lab. R E 3
AUTO 105  3/2/2/0
AUTOMOTIVE POWER TRAIN
Recommended Preparation: AUTO 100
Operating principles, overhaul, and repair procedures of automotive power-trains, including clutches, multiple speed four-wheel drive transmissions, overdrives, drive line, differentials, and rear axles. Demonstrated lectures and practical experience in the laboratory on power-train components. R E 3

AUTO 106A  3/3/1/0
AUTOMOTIVE SUSPENSION AND ALIGNMENT
Recommended Preparation: AUTO 100
Operating principles, design, diagnosis and overhaul of chassis suspension systems. Demonstrated lectures and practical experience in the laboratory performing suspension diagnosis and repair. Students will perform two and four wheel alignments using modern alignment equipment on “live” vehicles. R E 3

AUTO 106B  3/3/1/0
AUTOMOTIVE BRAKE SYSTEMS
Recommended Preparation: AUTO 100
Operating principles, troubleshooting techniques, and repair of automotive disc and drum brake systems. Latest ABS system theory and operation with scan tool analysis will be covered. Complete component overhaul, machining methods, and selection of materials for safe brake operation are also covered. Prepares the student for the State of California brake inspection license. R E 3

AUTO 107  3/2/2/0
AUTOMATIC TRANSMISSION
Recommended Preparation: AUTO 100
Operating principles, design, overhaul, adjustment, and servicing of FWD and RWD automatic transmissions. Troubleshooting techniques utilizing scan tools for computer-controlled transmission diagnosis. Demonstrated lectures and laboratory work on automatic transmissions. R E 3

AUTO 108  3/2/2/0
AUTOMOTIVE AIR CONDITIONING
Recommended Preparation: AUTO 100
Operating principles, design, diagnosis of vehicle heating and air conditioning systems. Emphasis is placed on diagnosis and troubleshooting of “live” vehicles. Students are required to obtain the Section 609 certification for lab activities. R E 3

AUTO 109  5/4/2/0
CALIFORNIA B.A.R. BASIC AREA CLEAN AIR CAR COURSE
Recommended Preparation: AUTO 100 and completion of or concurrent enrollment in AUTO 102, 103, or 202
This Bureau of Automotive Repair certified course meets one of the requirements for taking the California B.A.R. licensed smog check EA technician examination. Course content will include the study of proper vehicle inspection procedures, testing, diagnosis, and certification procedures following the current laws and regulations. For state certification, students must meet Bureau of Automotive Repair requirements. R E 1

AUTO 189  .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

AUTO 200  1/1/1/0
ENHANCED AREA CLEAN AIR CAR COURSE
Recommended Preparation: AUTO 100 and 109
This Bureau of Automotive Repair certified course meets one of the requirements for taking the State of California B.A.R. licensed smog check EA technician examination. Course content will include ASM emission inspection system operation (Dyno), digital storage oscilloscope theory, operation and diagnostics. For state certification, students must meet Bureau of Automotive Repair requirements. R E 3

AUTO 201  3/2/2/0
ADVANCED AUTOMOTIVE ELECTRICAL
Prerequisite: AUTO 101
Recommended Preparation: AUTO 100
Advanced automotive electrical/electronic systems cover strategy based diagnostic procedures for troubleshooting lighting, instrumentation, engine and body controls and other accessory circuits. Air bag theory, respective testing diagnostic procedures, and fuel system operation are included. R E 3

AUTO 202  3/2/2/0
ADVANCED ENGINE PERFORMANCE DIAGNOSIS
Recommended Preparation: AUTO 100, 102 or 103
Explores advanced engine and driveline performance diagnosis using the chassis dynamometer, digital storage oscilloscope, five-gas analyzer and other related test equipment on “live vehicles” to diagnose vehicle performance. R E 3

AUTO 204A  3/2/2/0
HIGH PERFORMANCE ENGINE BLUEPRINTING - ROTATING ASSEMBLY
Prerequisite: Completion of or concurrent enrollment in AUTO 104A or 104B
Recommended Preparation: AUTO 100 or 207
Incorporates advanced measuring techniques, machining skills and advanced theory in building a high-performance engine. Advanced cylinder block boring, honing, and decking procedures as well as crankshaft and piston/rod balancing are taught (formerly AUTO 204). R E 3

AUTO 204B  3/2/2/0
HIGH PERFORMANCE ENGINE BLUEPRINTING - CYLINDER HEADS
Prerequisite: Completion of or concurrent enrollment in AUTO 104A or 104B
Recommended Preparation: AUTO 100 or 207
Incorporate advanced measuring techniques, machining skills and advanced theory in building a high-performance engine. Advanced cylinder head machining, cylinder head airflow studies using the latest airflow bench practices, as well as high performance engine assembly techniques. R E 3

AUTO 205  .5/.5/1/0
ADVANCED SMOG UPDATE TRAINING
Recommended Preparation: AUTO 100, 102, 103, 109
California B.A.R. approved update course covers the required emission update program. In-depth program covering current laws and regulations, ASM testing, and emission diagnostics used to inspect, test and repair late model vehicles. R E 99

AUTO 207  3/3/0/0
AUTOMOTIVE ENGINEERING FUNDAMENTALS
Recommended Preparation: AUTO 100 and MATH 251
Introduction to the science and design of the modern automobile. Basic physics and related mathematical concepts are explained using the automobile as an example. In class demonstrations and student participation provide the connection between theory and real world applications. R E 3
AUTO 220 ALTERNATIVE PROPULSION SYSTEMS
Recommended Preparation: AUTO 100 and 207
3/2/2/0
Study alternative propulsion systems including CNG, propane, diesel, hybrid and electric vehicle technology. Laboratory exercises include safety, operation and maintenance of hybrid, electrical and alternative propulsion vehicle systems. R E 3

AUTO 226 AUTOMOTIVE SERVICE CONSULTANT
Recommended Preparation: AUTO 100
2/2/0/0
Focuses on Automotive Service Consultants and their relationship to the processing of work within the automotive service facility. The actions, procedures and interaction with all personnel and their value will be discussed in detail. Content is aligned with tasks identified by Automotive Service Excellence (ASE). R E 3

AUTO 227 AUTOMOTIVE SERVICE MANAGEMENT
Recommended Preparation: AUTO 100
3/3/0/0
Introduction to an automotive service department as it pertains to management. Skill development for operating an automotive business, including service consulting, service management and communication practices. Instruction in federal, state and local regulations for operating a service department. R E 1

AUTO 228 ADVANCED VEHICLE PERFORMANCE
Recommended Preparation: AUTO 100, 102, 103, 202, 207
1/1/1/0
Advanced engine and driveline performance diagnosis will be explored. The course will include advanced diagnostic techniques using the Chassis Dyno on "live" vehicles. R E 3

AUTO 229 DIESEL TECHNOLOGY
Recommended Preparation: AUTO 100
3/2.5/1.5/0
Diesel technology covers the design, construction, operation, diagnosis, service, and repair of both mobile and stationary diesel engines. The theory, operation, service and diagnosis of diesel engines, engine control computers, fuel management systems, and emission control systems are covered in detail. R E 2

AUTO 231 HYBRID AND ELECTRICAL VEHICLE TECHNOLOGY
Recommended Preparation: AUTO 100 and 207
3/2/2/0
The extensive study of hybrid, plug-in hybrid, and electrical vehicle systems. Laboratory exercises include safety, operation, maintenance and repair of hybrid, plug-in hybrid and electrical vehicle powertrain systems. R E 3

AUTO 232 DIESEL SYSTEMS TECHNOLOGY
Recommended Preparation: AUTO 100
3/2.5/1.5/0
Covers the design, construction, operation, diagnosis, service, maintenance and repair of both mobile and stationary diesel vehicle systems and equipment. The theory, operation, service and diagnosis of diesel powered vehicles and equipment, engine control computers, fuel management systems, braking systems, powertrain, propulsion systems, and emission control systems are covered in detail. R E 2

AUTO 240 AUTOMOTIVE LAB
Prerequisite: AUTO 100
3/0/9/0
Provides directed activities in the "live" automotive lab environment. Designed for students who have intermediate skill level and wish to upgrade and perfect their lab skills. Includes the use of automotive specific tools and equipment. R E 3

AUTO 289 SPECIAL TOPICS
5/4/5.4/.5-9/.5-9
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

BIO 3A GENERAL BIOLOGY I
Prerequisite: CHEM 1A
5/3/6/0
Presents the principles of life and life processes with an emphasis on cellular chemistry, cellular structure, cellular energetics, evolution, molecular biology, genetics, and ecology of living organisms. Field trips may be required to fulfill the objectives of the course. NR

BIO 3B GENERAL BIOLOGY II
Prerequisite: BIO 3A
5/3/6/0
Builds upon BIO 3A with emphasis on the origins of life, plant and animal structure and physiology, evolutionary relationships of taxonomic groups, and ecology. Field trips will be required to fulfill the objectives of the course. NR

BIO 3C BIOCHEMISTRY AND MOLECULAR BIOLOGY
Prerequisite: CHEM 12A and BIO 3A
5/3/6/0
An introduction to biochemistry and molecular biology. Included are discussions of biological macromolecules, energy production, metabolic pathways and regulation, genetic code and genomics, DNA replication, transcription and RNA processing, translation, and gene regulation. Laboratory activities will include use of visible and UV spectroscopy, chromatography, cell fractionation and ultracentrifugation, protein purification, electrophoresis, and recombinant DNA methods. This course is designed for biology majors and health pre-professionals. Field trips may be required to fulfill the objectives of the course. NR

BIO 11 HUMAN ANATOMY
Prerequisite: BIO 20 or one year of high school biology with a grade of "C" or better
4/2/6/0
A basic course in the structure of the human body using all systems approach. Emphasis is placed on the relationship between structure and function. Laboratory emphasis on use of the light microscope, histology, and gross anatomy, including cat dissection. Designed for biology majors and health pre-professionals. NR

BIO 12 HUMAN PHYSIOLOGY
Prerequisite: CHEM 108 or one year of high school chemistry with a grade of "C" or better and BIO 11
4/3/3/0
A course in human physiology that will center on the functioning and integration of the major organ systems. Emphasis will be placed on the cardiovascular, excretory, respiratory, digestive, and nervous systems and their interactions. Extensive use of physiographs will be included in the laboratory sessions. Field trips may be required to fulfill the objectives of this course. It is designed for biology majors and health pre-professionals. NR

BIO 15 GENERAL MICROBIOLOGY
Prerequisite: BIO 20 or one year of high school biology with a grade of "C" or better
5/3/6/0
Recommended Preparation: CHEM 108
An examination of the fundamental biological concepts as they apply to viruses, bacteria, fungi, and protozoan. Emphasis is placed on the prokaryotic cell. Theoretical as well as practical applications are discussed in such topics as bacterial morphology, metabolism, genetics, chemotherapy, and antibiotics. Also included are resistance and immunity, health, and disease. Includes laboratory techniques and methods. NR

**BIO 19**  
**MARINE BIOLOGY**  
Recommended Preparation: College-level biology course (BIO 20)  
Study of the description, distribution, and natural history of marine organisms. Marine life of Southern California will be studied with an emphasis on ecology and adaptations. Field trips may be required to fulfill the objectives of this course. NR

**BIO 20**  
**INTRODUCTION TO BIOLOGY**  
Integrated study of the basic principles of biology, with emphasis on the principles of structure and function, genetics, development, evolution, and ecology. Discussion of the philosophy, concepts and implications of modern biology will be included. Field trips will supplement laboratory work. NR

**BIO 22**  
**HUMAN GENETICS**  
Prerequisite: BIO 20  
Focuses on the processes of DNA replication, DNA recombination, gene expression, and mutation in diploid organisms. Includes a survey of human genetics and genetic disorders. Field trips may be required to fulfill the objectives of this course. NR

**BIO 30**  
**HUMAN BIOLOGY**  
Recommended Preparation: BIO 20  
A general introduction to human structure, functions, genetics, evolution, and ecology. The human organism is examined from the basic cellular level and genetics, through organ systems, to interaction with the outside world. Pertinent health topics such as nutrition, exercise and modern medical advances are also discussed. NR

**BIO 31**  
**BIOLOGY OF PLANTS**  
Recommended Preparation: BIO 20  
Introduction to the structure, function, development, heredity, physiology, evolution, and ecology of vascular plants and bryophytes. Historical and modern uses of plants will be discussed with particular emphasis on pharmaceutical and agricultural applications. Laboratory exercises include greenhouse and field trip activities. NR

**BIO 40**  
**EVOLUTION**  
An introduction to the theory of evolution. Emphasis will be placed on both the theory of evolution and the evidence for evolution. A non-majors course for students with little background in the sciences. Field trips may be required to fulfill the objectives of this course. NR

**BIO 43**  
**ANIMAL BEHAVIOR**  
Recommended Preparation: BIO 20  
An analysis of the genetic, chemical, environmental, and experimental determinants of animal behavior. Discussions of gross manifestations and mechanisms of animal behavior will also be included. NR

**BIO 48**  
**LAB RESEARCH IN THE BIOLOGICAL SCIENCES**  
Prerequisite: BIO 3A or 3B or 3C  
Provides laboratory and field experience for advanced students in the biological sciences. Focuses on hypothesis generation, experimental design, good laboratory practices, equipment use and care, data collection, analysis, and interpretation, verbal and written presentation of results, and standard laboratory safety procedures and bioethical concerns associated with research. NR

**BIO 110**  
**HUMAN ANATOMY DISCUSSION**  
Corequisite: BIO 11  
This discussion course affords students enrolled in BIO 11, Human Anatomy, the opportunity to develop background information, problem solving, extend discussion and exchange ideas concerning the function and integration of human organ systems. Discussions focus on physiological components and other key topics covered in BIO 12, as well as background information not generally covered in the lecture. Designed to help students succeed in their study of human physiology. NR

**BIO 112**  
**PATHOPHYSIOLOGY**  
A study of the pathophysiology of common disorders of the human nervous, muscular, skeletal, endocrine, cardiovascular, respiratory, excretory, digestive, and reproductive systems. Special emphasis will be placed on the relationship between the normal physiology and the physiological basis of the disease process with special references to clinical correlations. The course is designed for nursing/nurse practitioner majors. NR

**BIO 113**  
**HUMAN ANATOMY AND PHYSIOLOGY**  
Examines the relationships between human anatomical and human physiological systems. The laboratory will include dissection. This course does not meet the requirements of either anatomy or physiology for nursing students. NR

**BIO 120**  
**HUMAN PHYSIOLOGY DISCUSSION**  
Corequisite: BIO 12  
This discussion course affords students enrolled in BIO 12, Human Physiology, the opportunity to develop background information, problem solving, extend discussion and exchange ideas concerning the function and integration of human organ systems. Discussions focus on physiological components and other key topics covered in BIO 12, as well as background information not generally covered in the lecture. Designed to help students succeed in their study of human physiology. NR

**BIO 175**  
**BIOLOGY FIELD STUDIES: EASTERN SIERRA MOUNTAINS**  
A study of the flora and fauna and natural history of selected sites within the Eastern Sierra Mountains and adjacent areas. NR

**BIO 189**  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**BIO 210**  
**BASICS OF BIOLOGY A**  
Corequisite: BIO 3A  
Consists of the development of background information, problem solving, and extended discussions to help students succeed in their study of general biology. NR

**BIO 211**  
**BASICS OF BIOLOGY B**  
Corequisite: BIO 3B  
Consists of the development of background information, problem solving, and extended discussions to help students succeed in their study of general biology. NR

**BIO 230**  
**BIOLOGY FIELD STUDIES: COASTAL ECOSYSTEMS**  
A study of the ecology of the coastal environments. Includes origin of estuaries, morphology and parameters of estuarine basins, estuarine shores and substrates, and flora and fauna identification. NR

**Business**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Title</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUS 1</td>
<td>3/3</td>
<td>INTRODUCTION TO BUSINESS</td>
<td>Survey course provides awareness of functions of business in society. Promotes an appreciation for business ownership; competition; and the systems, technology, and controls through which business organizations operate. Provides the opportunity for developing critical thinking skills regarding the role business plays in global economics and its effects on people. NR</td>
</tr>
<tr>
<td>BUS 12</td>
<td>3/3</td>
<td>BUSINESS LAW</td>
<td>Introduction to the legal environment of American business including history, legal systems, social, ethical, and political forces affecting the development and operation of the legal system. A focal point of the course is the law of contracts and sales of goods. Additional topics include ethical considerations impacting management's decision-making, torts, crimes, business organizations, property agency and employment, product liability, constitutional issues and bankruptcy. NR</td>
</tr>
<tr>
<td>BUS 14</td>
<td>3/3</td>
<td>LEGAL ENVIRONMENT OF BUSINESS</td>
<td>The legal system as it affects the business environment. Introduces the student to the history, sources, and creation of law and its impact on business and society. The student will critically analyze the law's effects on social and ethical responsibilities. Emphasis is on law as it pertains to the court system, dispute resolution, contracts, torts, product liability, crimes, intellectual property, real and personal property, the internet, agency and employment, business entities, regulation of American business, bankruptcy, and protection of the environment. NR</td>
</tr>
<tr>
<td>BUS 31</td>
<td>3/2</td>
<td>TEXTILES</td>
<td>Fabric selection and care considering fibers, yarns, weaves, knits, finishes, and color. Emphasis is on properties of fibers as related to their end use and consumer understanding of fabric performance. Also listed as FASH 31. Credit given in either area, not both. NR</td>
</tr>
<tr>
<td>BUS 102</td>
<td>3/3</td>
<td>ORAL BUSINESS COMMUNICATIONS</td>
<td>Students master workplace oral communication skills and concepts, including the communication process, from organizational theory to culturally-aware interpersonal communications, strategies for critical listening, interpersonal communication, teamwork, meeting, and leadership skills, interviewing, business etiquette, nonverbal communications, and reduction of communication anxiety. Students apply effective communication strategies and skills to the real business world. Students create and deliver business-based information and persuasive presentations using presentation software, including locating, evaluating, synthesizing, outlining, and delivering; uses databases and other appropriate sources. NR</td>
</tr>
<tr>
<td>BUS 103</td>
<td>3/3</td>
<td>BUSINESS ENGLISH</td>
<td>Studies the basics of English grammar and sentence structure through short exercises with business themes. Focuses on correcting the most common errors of grammar, punctuation, and usage. Includes review of the parts of speech, improvement of spelling and vocabulary, and proofreading. Lays the foundation for clear business writing. NR</td>
</tr>
<tr>
<td>BUS 104</td>
<td>3/3</td>
<td>BUSINESS COMMUNICATION</td>
<td>Prerequisite: BUS 103 or ENG 1A Recommended Preparation: CIM 230 Presents the principles and styles of effective written business communications. Analyze business case studies to create appropriate documents and compose business letters, memorandums, reports, and employment-related documents. Develop planning, organizing, and outlining skills as well as editing proficiency. Improve ethical and cultural sensitivity, grammar skills, and writing style. Participate in team and online activities. NR</td>
</tr>
<tr>
<td>BUS 116</td>
<td>3/3</td>
<td>PERSONAL LAW</td>
<td>Law for the individual and family for lifelong decision-making. Topics include legal problems associated with family relationships, impairment of physical and mental health, home and vehicle ownership, evaluation of insurance coverage, employment relationships and other contracts, crime, torts, estate planning for death or incompetence, courts, credit reports, identity theft, and dispute resolution. Emphasis is on preventive law to minimize stress associated with legal problems and achieve optimal physical and mental health. NR</td>
</tr>
<tr>
<td>BUS 120</td>
<td>3/3</td>
<td>BUSINESS MANAGEMENT</td>
<td>Uses an active learning approach to cover all levels of management concepts. Develops strategies to develop and sharpen skills in planning, leading, organizing, controlling, and decision-making. Useful for supervision, continuous quality improvement, and project management. NR</td>
</tr>
</tbody>
</table>
### BUS 125  3/3/0/0
#### HUMAN RELATIONS IN BUSINESS
Management and development of effective human relations in the social subgroup of business organizations. Focuses on the ways people act in response to their work environment; creates awareness of policies and actions that prevent or resolve problems among individuals within groups, improving communication and managing conflict. Develops methods of inquiry used in study of current management techniques; stimulates critical thinking about human organizational challenges, workforce diversity, and solutions aimed at greater productivity of the individual, groups, customer service, and project management. NR

### BUS 135  3/3/0/0
#### MARKETING
Introduction to the classic and contemporary marketing functions related to organizations and the economy. Course will provide analysis of marketing strategies necessary to develop and market products and services by applying various marketing concepts and new technologies. Integrated case study analysis stimulates problem-solving, pricing, distribution, promotion, and uses of new technologies, including e-commerce. NR

### BUS 136  3/3/0/0
#### PRINCIPLES OF RETAILING
Study of merchandising, marketing, management, staffing, buying, pricing, transaction/stock control, location, layout, service, consumer behavior and service, and current problems and trends, as they apply to the retailing of goods and services. NR

### BUS 137  3/3/0/0
#### PROFESSIONAL SELLING FUNDAMENTALS
Covers the principles, problems, and techniques of one-on-one selling of ideas, products, and services in today’s domestic and international markets. Active participation provides practical experience through guided role-playing with techniques for success as a sales professional. Psychological and social aspects of buyer motivation are studied, as well as critical thinking, elements of presentation, and ethics, as appropriate for developing sales skills. NR

### BUS 138  3/3/0/0
#### ADVERTISING
Contemporary advertising for profit and non-profit organizations. Surveys strategies, design approaches, electronic applications, and media selection. In addition, the elements of good copy, layout, and production of both print and electronic media, including email, e-marketing, e-retailing and web sites will be discussed. Also listed as CTVR 138. Credit given in either area, not both. NR

### BUS 143  3/3/0/0
#### FASHION BUYING AND MERCHANDISING
Study the principles and techniques of merchandising pertinent to the fashion industry including buying fashion, methods of merchandising fashion, and merchandise control. Also listed as FASH 143. Credit given in either area, not both. NR

### BUS 145  1/1/0/0
#### INTERNSHIP
Corequisite: CWE 180
Supervised and educationally directed internship. Weekly lectures will relate on-the-job experiences with academic program. To be taken in the final semester of program. Also listed as FASH 145. Credit given in either area, not both. NR

### BUS 147  3/2/2/0
#### SPECIAL EVENTS COORDINATION AND PROMOTION
Emphasis is on a student-produced fashion event. The course will provide training in fashion promotion and coordination, retail sales, advertising, and merchandising. Also listed as FASH 147. Credit given in either area, not both. NR

### BUS 148  3/2/2/0
#### VISUAL MERCHANDISING
Visual merchandising as both an art form and a selling technique in fashion retailing. The use of color, outfit coordination, store layout, fixtures, lighting, signing, composition, mannequins, and props will be studied. Also listed as FASH 148. Credit given in either area, not both. R E 3

### BUS 150  3/3/0/0
#### INTERNATIONAL BUSINESS
A comprehensive overview of international business focusing on U.S. and world cultural differences related to global business concepts and the issues and trends influencing global business decision-making. Includes analysis of economic, historical, cultural, social, technological, legal, environmental, educational, and language implications; emerging markets; international trade; foreign investments; financial markets; entrepreneurship; international management; and international business strategic planning issues and trends. NR

### BUS 160  3/3/0/0
#### ENTREPRENEURSHIP
Practical hands-on business course designed for students interested in starting their own business or for the new business owner. The course focuses on identifying opportunity, targeting markets, financial measurement metrics, legal considerations, and operational and management issues. Students will evaluate the benefits and risks of business ownership and learn skills to manage and market the business from an entrepreneurial prospective. Students will create a business plan and develop strategies to secure financing. NR

### BUS 189  3/3/0/0
#### SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

### BUS 195  1/1/0/0
#### INTERNSHIP
Corequisite: CWE 180
Offered specifically to business and computer and information management students with entry-level skills. Designed to provide a realistic training environment in which the student will refine technological, procedural, teamwork, communication, problem solving, and interpersonal skills. Career goals, analysis and application, interviewing, and resume writing will be emphasized. R E 3

### BUS 223  3/3/0/0
#### HUMAN RESOURCES AND EMPLOYMENT LAW
Introduction to human resources procedures and employment law for anyone who manages or plans to manage employees. The focus is on the legal aspects of HR management and the challenges that affect the employer. The topics include the law and HR procedures of the hiring and termination process, employee reviews, compensation and benefits, taxes, privacy, employee contracts and employee handbook/policy manual, personnel administration, unions, and workforce diversity, training and development. NR

### BUS 237  1.5/1.5/0/0
#### FINANCING THE ENTREPRENEURIAL BUSINESS
Designed for entrepreneurs and future entrepreneurs as an introduction to the world of financing for new and existing businesses. Key topics include ways to find money, properly manage capital, types of financing and investors, basic guidelines of financing, principles and content of term sheets, methods to determine value of companies, and types of exit strategies. R E 3
CHEM 1A 5/3/6/0
GENERAL CHEMISTRY
Prerequisite: CHEM 3 or placement through the Chemistry Challenge Exam
Corequisite: CHEM 106
Recommended Preparation: MATH 124 and PHYS 20
An introduction to the principles of chemistry. Topics include: atomic and molecular structure, bonding, nomenclature, formulas, equations, stoichiometry, thermochemistry, gases, liquids, solids and solutions. NR

CHEM 1B 5/3/6/0
GENERAL CHEMISTRY
Prerequisite: CHEM 1A
Includes thermodynamics, equilibria, kinetics, acids and bases, oxidation-reduction, electrochemistry, coordination chemistry, and qualitative analysis. NR

CHEM 3 4/3/3/0
FUNDAMENTAL CHEMISTRY
Prerequisite: MATH 253
A study of basic principles of chemistry designed especially for the student who intends to take CHEM 1A but needs more preparation. Topics include problem-solving and calculation methods, nomenclature, formulas, equations, stoichiometry, thermochemistry, atomic and molecular structure, bonding, gases, solutions, equilibrium, acids, and bases. NR

CHEM 12A 5/3/6/0
ORGANIC CHEMISTRY
Prerequisite: CHEM 1B
A study of the principles, theories, and reactions of organic chemistry with emphasis on the relations of structure and reactivity. The course is recommended for students whose major is chemistry or a closely-related field such as biology, biochemistry or chemical engineering. The following topics are included: stereochemistry, aliphatic and aromatic compounds, preparations and reactions of certain organic compound types, and spectroscopic methods. NR

CHEM 12B 5/3/6/0
ORGANIC CHEMISTRY
Prerequisite: CHEM 12A
A continuation of CHEM 12A. Topics include preparations and reactions of certain organic compound types, poly-nuclear and heterocyclic compounds, polymers, lipids, carbohydrates, amino acids, proteins and biochemical processes. NR

CHEM 106 2/2/0/0
BASICS OF CHEMISTRY
Corequisite: CHEM 1A
Consists of quiz/discussion/problem-solving/drill sessions. Designed to help students succeed in their study of general chemistry. NR

CHEM 108 4/3/3/0
INTRODUCTION TO GENERAL, ORGANIC, AND BIOCHEMISTRY
Prerequisite: CHEM 1B
A study of inorganic, organic, and biochemistry for health pre-professionals and non-science majors. Ideal for students planning to enter nursing and dental hygiene programs. Designed as the first chemistry course to assist students in biology and health-related professions. The focus is on the biochemistry of the human body. Health, nutrition, and basic laboratory techniques are included. NR

CHEM 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Child Development

CD 101 3/3/0/0
PRINCIPLES AND PRACTICES OF TEACHING YOUNG CHILDREN
Recommended Preparation: CD 107 and ENG 200, 340
An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics and professional identity. DS3 C-ID: ECD 120 NR

CD 105 3/3/0/0
CHILD, FAMILY, AND COMMUNITY
Recommended Preparation: ENG 200 and 340
An examination of the developing child in a societal context focusing on the interrelationship of family, school and community with an emphasis on historical, cultural, and political factors that influence the process of socialization including identity development. Highlights the importance of respectful, reciprocal relationships that support and empower families. Major theoretical perspectives will be examined. DS2 C-ID: CDEV 110 NR

CD 107 3/3/0/0
CHILD GROWTH AND DEVELOPMENT
Recommended Preparation: ENG 200 and 340
Examines the major physical, social, emotional, and cognitive developmental milestones for children, both typical and atypical, from conception through adolescence. Emphasis on interactions between maturational processes and environmental factors. Students will apply developmental theory and investigative research methods to the observation of children in several settings, evaluate individual differences and analyze characteristics of development at various stages. DS1 C-ID: CDEV 100 NR

**CD 110** 3/2/2/0

**INTRODUCTION TO EARLY CHILDHOOD CURRICULUM**

Limitation: TB results on file in Student Health Center

Recommended Preparation: CD 107 and ENG 200, 340

An overview of appropriate curriculum and environments for young children including content areas and popular models of curriculum. Students will explore the teacher’s role in supporting development and fostering play based learning for all young children by participating weekly at an introductory level with children ages 0-6 and using observation, implementation and assessment strategies in key areas including but not limited to: Language, literacy, social/emotional, sensory, art, creativity, math and science. 

DS3 C-ID: ECE 130 NR

**CD 111** 3/3/0/0

**CHILD GUIDANCE AND COMMUNICATION**

Recommended Preparation: ENG 200 and 340

Introduction to the study of developmentally appropriate child guidance skills. Emphasis will be on communicating effectively with children, guiding children of varying ages, promoting self control, and enhancing self-esteem.

DS3 C-ID: ECE 130 NR

**CD 112** 3/3/0/0

**HEALTH, SAFETY, AND NUTRITION**

Recommended Preparation: CD 101, 107, 110, ENG 200, 340

Introduces the key components of physical and mental health and safety for children and adults including nutrition, disease prevention, food safety management. Strategies for collaboration with families and health care professionals, laws and regulations pertaining to work with children, and methods for teaching concepts to children will be included. Students will be responsible for providing proof of current adult and pediatric first aid and CPR certification. 

DS7 C-ID: ECE 220 NR

**CD 113** 3/3/0/0

**MATH AND SCIENCE IN EARLY CHILDHOOD**

Recommended Preparation: CD 101, 107, 110, ENG 200, 340

Presents current research and best practices for teaching math and science in early childhood settings serving children ages 0-5. Material selection, integrated activities, teaching strategies environments, and assessment methods will be covered. Does not meet general education requirements in natural science or mathematics. NR

**CD 114** 3/3/0/0

**CREATIVE AND DRAMATIC ARTS IN EARLY CHILDHOOD**

Recommended Preparation: CD 101, 107, 110, ENG 200, 340

Presents theoretical foundations and developmentally appropriate practices for designing supportive environments, selecting appropriate materials, and developing, presenting, and evaluating curriculum in the areas of visual and performing arts for use with children ages 0-5. NR

**CD 115** 3/3/0/0

**LITERACY IN EARLY CHILDHOOD**

Recommended Preparation: CD 101, 107, 110, ENG 200, 340

Presents current research and best practices for teaching literacy in early childhood settings serving children ages 0-5. Material selection, and integrated activities, indoor and outdoor environments and assessment methods will be covered. NR

**CD 117** 3/3/0/0

**TEACHING IN A DIVERSE SOCIETY**

Recommended Preparation: CD 101, 107, 110, ENG 200, 340

Examination of the development of social identities in diverse U.S. societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling. 

C-ID: ECD 230 NR

**CD 120** 3/3/0/0

**OBSERVATION AND ASSESSMENT**

Recommended Preparation: CD 101, 110, ENG 200 and 340

Focuses on the appropriate use of observation and assessment strategies to document and interpret children’s development, growth, play and learning as the basis for planning for success and maintaining quality programs. Recording strategies, rating systems, portfolios and assessment methods are explored. C-ID: ECE 200 NR

**CD 121** 5/3/6/0

**PRACTICUM: THE STUDENT TEACHING EXPERIENCE**

Prerequisite: CD 110 and CD 120

Limitation: TB test results on file in the Student Health Center

Recommended Preparation: CD 101, 113, 114, 115, ENG 200

Student teachers will utilize 90 hours of lab classroom experience to demonstrate developmentally appropriate teaching competencies and make connections between theory and practice under supervision. Professional behaviors, relationships with children and families, play-based approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as students design, implement and evaluate experiences that promote positive development and learning in diverse settings.

DS3 C-ID: ECE 210 R E 3

**CD 123** 3/3/0/0

**INFANT AND TODDLER DEVELOPMENT**

Recommended Preparation: CD 101, 110, ENG 200, 340

Development and behavior in children from conception to age three. Characteristic social, physical, and sensorimotor behavior patterns of infants and toddlers in relation to the environment will be explored through theory and direct observation. DS4 NR

**CD 125** 3/3/0/0

**SCHOOL-AGE BEFORE AND AFTER SCHOOL PROGRAMS**

Recommended Preparation: CD 101, ENG 200 and 340

An integrated approach to designing, planning and implementing developmentally appropriate programs for school-age children in before and after school care settings. Includes techniques for effective discipline and guidance, and dynamics of working as a team member. This course applies towards the licensing requirements for school-age children and youth. DS5 NR
CD 110, 110, ENG 200, 340

designed to prepare administrators of schools for young children. Emphasis on human relations, responsibilities of the director, planning, personnel, staff development, operating the children's program, parent's program and interacting with the community, including public relations. DS6 NR

CD 135

THE YOUNG CHILD WITH SPECIAL NEEDS

Recommended Preparation: CD 101, 110, ENG 200, 340

Designed for students who are considering a career or certificate in special education or desire to work with children with special needs and their families. Also provides an overview of common disabilities of children and the impact on families. Educational issues, techniques, methods of intervention and case management are explored. Examines federal law and the development of the Individualized Family Support Plan and Individualized Educational Plan. Teaching practices and philosophies of childcare and school are discussed. Adaptation and intervention methods will be designed. Observation of children will be required. NR

CD 140

EARLY INTERVENTION AND INCLUSION

Recommended Preparation: CD 101, 110, ENG 200, 340

Theories, research, and practical applications from the fields of both early childhood education and special education. Includes curriculum modification strategies to facilitate the development of cognitive, motor, social/emotional and language skills in children with special needs. Emphasis on developing behavior management plans, collaborative teaching systems, and methods for working with paraprofessionals and parents of children with special needs. Introduces efficient and cost effective methods for adapting environments to meet children's unique needs. Practical strategies will be discussed for implementation of Individual Education Plans (IEP) and Individual Family Service Plans (IFSP). NR

CD 189

SPECIAL TOPICS

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

CD 250

GARDENING WITH YOUNG CHILDREN

Basic skills and strategies for developing and maintaining gardens with young children, including garden site development, plant selection, developmentally appropriate activities for children, ideas for funding and maintaining school gardens, and tips for working with volunteer helpers. NR

**Courses**

**CHI 4**

**INTERMEDIATE CHINESE**

Prerequisite: CHI 3 or four years of high school Chinese
Corequisite: CHI 999B

Emphasizes fluency in speaking, reading, writing, and comprehending of Chinese. Includes selected readings and discussions from the basic four genres in Chinese and Chinese-American literature, culture, and customs. NR

**CHI 21**

**INTRODUCTION TO CHINESE CULTURE AND INFLUENCE IN THE U.S.**

Recommended Preparation: College-level reading ability

Designed to provide a brief overview in English of the historical contours of Chinese culture. Areas of study include the present that stretches back to the five thousand-year-long history, developmental imbalances as a consequence of geographical and communication barriers, the integrative power of the written language, the stability of the family system, and the tension between tradition and modernity. No prior study of the Chinese language or culture is required. NR

**CHI 999A**

**CHINESE LANGUAGE LAB**

Corequisite: CHI 1, 2

Requires concurrent enrollment in designated Elementary Chinese courses. Enhances and provides practice in skills learned in Elementary Chinese courses. R E 3

**CHI 999B**

**CHINESE LANGUAGE LAB**

Corequisite: CHI 3, 4

**Cinema, Television, and Radio**

**CTVR 1**

**MASS MEDIA AND SOCIETY**

A study of mass media and media technology as they apply to society. Includes a study of media functions, responsibilities, practices, and influences, as well as a study of media law, ethics, history, development, and potential for the future. The course is designed to increase student awareness of the impact of mass media in shaping society. Also listed as JRN 1. Credit given in either area, not both. NR

**CTVR 3**

**THE HISTORY AND APPRECIATION OF AMERICAN CINEMA**

Evaluation of American Cinema as an art form and a medium of mass communication through exploration of its history, literature, creative techniques, and relationship to society. Students will view and critique outstanding films from different eras of cinema's history. NR

**CTVR 5**

**HISTORY AND APPRECIATION OF INTERNATIONAL CINEMA**

Evaluation of International Cinema as an art form and cultural force through exploration of its history, techniques, and relationship to society. Students will view and critique outstanding examples of international cinema including genre from European, Latin, and Asian origins. NR

**CTVR 9**

**WOMEN IN CINEMA AND TELEVISION**

A historical perspective on the role of women in film. Examines political, economic, and philosophical highlights of the work of women in front of and behind the camera. Includes various genres and analysis of the societal impact women have had in film. Students will view and evaluate a large cross-section of films. NR

**CTVR 31**

**FILM PRODUCTION I**

Prerequisite: CTVR 101

Learn single-camera style film production. A variety of projects will be shot on digital video. Pre-production topics include language of cinematography, telling a visual story, script and character development, writing, and producing. Shooting topics include blocking and composition, basic lighting and audio techniques, and master scene technique. Post-production is completed on non-linear systems. A combination of CTVR 31 and 32 may be taken a maximum of four times. R A 3

**CTVR 32**

**FILM PRODUCTION II**

Prerequisite: CTVR 31

Recommended Preparation: CTVR 40

Students will produce and shoot short films to compete in film festivals. Emphasis on professional level films and personal development of skills. Students will shoot single-camera film style, using advanced digital film production equipment and editing on advanced non-linear programs. A combination of CTVR 31 and 32 may be taken maximum of four times. R A 3
CTVR 40 3/3/0/0
TELEVISION AND FILM
SCRIPTWRITING I
Prerequisite: Completion of or concurrent enrollment in ENG 1A
Emphasizes the theories, formats, practices, and organization in writing scripts for television broadcasting and film production. Includes character development, the rewrite, dialogue, format, story and structure. Student work will be considered for production by film production courses. A combination of CTVR 40 and 142 may be taken a maximum of four times. R A 3

CTVR 42 3/2/3/0
TELEVISION AND FILM DIRECTING
Prerequisite: CTVR 101
Provides students with training in the elements of directing for film and television. Includes blocking and directing talent and cameras. Post-production elements also covered. NR

CTVR 100 3/3/0/0
INTRODUCTION TO CINEMA, TELEVISION, AND RADIO
Exploration of the history and organization of the radio, TV, and film industry. Provides an overview of the technologies and organizational structure of the industry with emphasis on career opportunities in radio, TV, and film. NR

CTVR 101 3/3/1/0
VIDEO PRODUCTION BASICS
Introduction to video production including camera, lighting, and editing. Develop an understanding of video technology and vocabulary. Learn technique and application of video tools such as cameras, lights, audio, and non-linear editing. Demonstrate understanding of aesthetic theory by applying concepts to student productions. NR

CTVR 110 3/2/3/0
AUDIO PRODUCTION
Emphasizes the basic principles and techniques of acquiring, developing, and producing material for various audio applications including: radio, Internet, television, and film audio production. NR

CTVR 111 3/2/2/0
AUDIO AND SOUND DESIGN FOR TELEVISION AND FILM
Prerequisite: CTVR 101
An advanced course in audio-production and sound design techniques used for radio, television, film, and new media. Course offers students hands-on experience using digital audio equipment. Applications and techniques will be discussed and demonstrated in the areas of recording, mixing, effects, and mastering. Audio terminology and current equipment technology will be applied to pre-production, production, and post-production. NR

CTVR 113 3/3/1/0
RADIO BROADCASTING
Prerequisite: Completion of or concurrent enrollment in CTVR 110
Explore the basic elements of radio broadcasting. Areas include station organization, music and talk programming formats, promotions, sales, announcing, and FCC regulations. Prepares students for advanced course and participation in actual on-air experiences at KSBR and OC Rock Radio. NR

CTVR 114 2/1/2/0
RADIO STATION ACTIVITIES
Recommended Preparation: CTVR 110 and 113
Provides the student with regular and continuing experience in the operation of the college radio station, KSBR-FM. Students may elect roles in the radio operation involving on-air announcing, special production, programming, and news and public affairs. R E 3

CTVR 115 2/1/2/0
ADVANCED RADIO BROADCASTING
Prerequisite: CTVR 113
Provides the student with continuing experience in operating the college radio station, KSBR-FM. Emphasis will be placed on operating studio equipment and in music programming and formats. Provides the student interested in a professional career in broadcasting with a variety of broadcast experiences. R E 3

CTVR 118 4/3/3/0
DIGITAL MULTI-TRACK MUSIC RECORDING
Initial exposure to sound recording principles, techniques, and equipment. Emphasizes multi-track music recording process, basic tracks, overdubbing, and mixdown. Students will receive hands-on experience with professional 24 track digital recording equipment while the class participates in a variety of recording projects. Also listed as MUS 118. Credit given in either area, not both. NR

CTVR 124 3/2/3/0
TELEVISION PRODUCTION I
Prerequisite: CTVR 101
A hands-on course in producing, directing, and shooting television programs. Extensive studio experience is provided through 3-camera shooting, using all crew positions. Course also covers field production. Projects will be broadcast on Cox Channel 39. NR

CTVR 125 3/2/3/0
TELEVISION PRODUCTION II
Prerequisite: CTVR 124
An advanced course emphasizing 3-camera studio and single-camera field production. Students will produce a variety of professional-level television shows. R E 2

CTVR 128 3/2/3/0
TELEVISION AND RADIO NEWS
Prerequisite: Completion of or concurrent enrollment in CTVR 101
Designed to acquaint students with the fundamental skills for gathering, writing, and producing news for broadcast media. Includes anchoring, writing, reporting, and producing news for non-print media. R E 3

CTVR 129 3/2/3/0
DOCUMENTARY PRODUCTION
Prerequisite: CTVR 101
A hands-on production course focusing on documentary projects. Students will explore various styles of documentaries and produce documentary films. R E 3

CTVR 138 3/3/0/0
ADVERTISING
Contemporary advertising for profit and non-profit organizations. Surveys strategies, design approaches, electronic applications, and media selection. In addition, the elements of good copy, layout, and production of both print and electronic media, including email, e-marketing, e-retailing and web sites will be discussed. Also listed as BUS 138. Credit given in either area, not both. NR

CTVR 140 3/3/1/0
TELEVISION AND FILM
SCRIPTWRITING II
Prerequisite: CTVR 40
Advanced level script writing from initial concept to final product including character development, 3-act story structure, dialogue and narrative. Student work will be considered for production. A combination of CTVR 40 and 140 may be taken a maximum of four times. R A 3

CTVR 151 3/2/2/0
NON-LINEAR EDITING I
Introduction to the aesthetics and physical elements of editing on a digital non-linear system. Trains editors using Final Cut Pro. Students will also analyze different styles of editing. A combination of CTVR 151 and 251 may be taken a maximum of four times. R A 3

CTVR 189 .5-4/.5-4/.5-9/5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

CTVR 191 3/2/3/0
VOICE-OVER AND ANNOUNCING
Develop effective radio and television performance techniques stressing skills in narration, dubbing, and voice-over for industry, education, entertainment and commercials. NR
### CTVR 233  
**FILM PRODUCTION III**  
**Prerequisite:** CTVR 32  
**Recommended Preparation:** CTVR 42, 140, 262, 264  
This course is based around the principles and practices of professional filmmaking. It covers topics such as the production process, directing, writing, editing, and post-production. The course emphasizes practical applications of theoretical concepts.

### CTVR 251  
**NON-LINEAR EDITING II**  
**Prerequisite:** CTVR 151  
**Recommended Preparation:** CTVR 42, 140, 262, 264  
An advanced course in using non-linear editing software for the creation of digital media. Students will learn to use software tools to create, manage, and manipulate digital media.

### CTVR 253  
**DIGITAL SPECIAL EFFECTS**  
**Prerequisite:** CTVR 151  
**Recommended Preparation:** CTVR 42, 140, 262, 264  
This course focuses on the use of digital special effects software and techniques for filmmaking.

### CTVR 260  
**PRODUCTION DESIGN FOR FILM AND TELEVISION**  
**Prerequisite:** CTVR 101  
**Recommended Preparation:** CTVR 31 or 110 or 124 or 290 or 291  
This course covers the principles of production design and stagecraft. Students will learn how to create set design, costume design, and scenic elements for film and television productions.

### CTVR 261  
**PRODUCING VIDEO FOR THE WEB - BOOT CAMP**  
**Prerequisite:** Completion of or concurrent enrollment in CTVR 101  
This hands-on course uses a professional approach to producing and directing web video content, including extensive market research, preparing and creating webisodes ideas, producing a webisode “pilot,” and maximizing distribution. This course will teach you how to market your video to an online audience.  

### CTVR 262  
**PRODUCTION MANAGEMENT**  
**Prerequisite:** CTVR 101  
This course focuses on the business aspects of production management, including budgeting, scheduling, and contract management.  

### CTVR 264  
**CINEMATOGRAPHY**  
**Prerequisite:** CTVR 101  
This course covers the principles of cinematography, including lighting, composition, and camera techniques.  

### CTVR 266  
**SCRIPT SUPERVISING FOR FILM AND TELEVISION**  
**Prerequisite:** CTVR 101  
This course covers the principles of script supervising for film and television productions.  

### CTVR 268  
**EDITOR'S BOOT CAMP**  
**Prerequisite:** CTVR 290  
This course focuses on the principles and practices of video editing for film and television productions.
CIM 1 3/3/0/3 INTRODUCTION TO COMPUTER INFORMATION SYSTEMS
Basic computer concepts including computer system components, operating systems, application programs, databases, communication networks, business information systems development, ethical issues, and Internet usage. Emphasizes spreadsheets, entering data, using formulas, creating charts, formatting worksheets, using functions, what-if analysis, absolute vs. relative addresses, and linking worksheets. Focuses on database software; entering and editing data; defining fields; creating tables, forms, queries, and reports; and sorting data. Exposes students to word processing and presentation graphics software. NR

CIM 2A 3.5/3/1/0 BUSINESS PROGRAMMING I: VISUAL BASIC
Provides an introduction to the fundamentals of event driven, object-oriented programming using Microsoft Visual Basic. Emphasis is on business application development. Topics include graphical design of Windows, programming event procedures, general procedures, and application development with multiple windows. Students will create complete applications in addition to weekly exercises in visual programming. R A 3

CIM 7A 3/3/0/3 BUSINESS PROGRAMMING: JAVA—BEGINNING
Recommended Preparation: CIM 2A or 6A
Covers the Java language and object-oriented programming for development of business applications. Topics covered include: the significance of Java as an object-oriented programming tool, classes and methods, input and output, arrays, inheritance, information hiding, polymorphism, encapsulation, primitive types, flow control, interfaces, packages, and the Java API. R A 3

CIM 7B 3/3/0/3 BUSINESS PROGRAMMING: JAVA—ADVANCED
Recommended Preparation: CIM 7A
An in-depth study of advanced Java programming concepts. Provides skill for advanced programming, sockets, exception handling, HTML, threads, multithreading, swing, AWT, graphics, API, and inheritance. A combination of CIM 7A and 7B may be taken a total of four times. R A 3

CIM 10 3/3/0/3 INTRODUCTION TO INFORMATION SYSTEMS
An introductory concepts and applications software course. Emphasis on hardware and software analysis and design of computers and other types of information systems used for creating, maintaining, retrieving, printing, and communicating computer files. Exercises using word processing, spreadsheet, database, graphics, and communications, including an introduction to the Internet, which provides the experience necessary to recognize the major capabilities available in each software application and how the software applications work together in an integrated information systems environment. NR

CIM 112 3/3/0/3 MICROSOFT OFFICE
Provides a computer exploration of Microsoft Office. Extensive activities are provided using word processing, database management, spreadsheet, and presentation software. Focus includes creating, maintaining, and querying a database management system and creating, editing formatting, and printing text and spreadsheet documents. R E 3

CIM 120 1.5/1.5/0/1.5 COMPUTER LITERACY
Provides students with basic knowledge of how computers are used in today’s world. Focuses on using the computer as a tool to manage information, access the Internet, telecommunicate to and with others, and enhance life-long learning in a technologically-changing society. Exercises in using word processing, spreadsheet, database, graphics, and communications software. No computer experience is required. NR

CIM 121A 1.5/1.5/0/1.5 KEYBOARDING FOR COMPUTERS: BEGINNING
Recommended Preparation: CIM 171
Improved keyboarding speed and accuracy. Expands use of word processing command keys and format features to produce complex memorandums, letters, tables, bound and unbound reports, and job application documents. A combination of CIM 121A, 121B, and 121C may be taken four times. R A 3

CIM 121B 1.5/1.5/0/1.5 KEYBOARDING FOR COMPUTERS: INTERMEDIATE
Recommended Preparation: CIM 121A
Builds keyboarding speed and accuracy. Introduces word processing command keys and formats to produce basic tables, business letters, memos, and reports. A combination of CIM 121A, 121B, and 121C may be taken four times. R A 3

CIM 174 3/3/0/3 COMPUTER OPERATING SYSTEMS: WINDOWS
Developed skills include manipulating files and folders in Window's scheme of file management. Competency will be gained using Windows supplied programs to create, save, and print files and customize the desktop. Ability to manage computer security, Internet Explorer, and Live Essentials, which provides interaction via the web, will be covered. Expertise will be gained in the ability to use media and graphics manipulation tools such as Media Center and Movie Maker. Setting up and using a small network to share information will be introduced. Students will learn to maintain and optimize their computer's performance, add and remove programs as well as backing up files. In addition, installing, managing printers and hardware will be studied. End-user techniques for diagnostic and trouble-shooting procedures will be learned.

R E 3

CIM 174A 1.5/1.5/0/1.5 COMPUTER OPERATING SYSTEMS: WINDOWS--BEGINNING
Developed skills include manipulating files and folders in Window's scheme of file management. Competency will be gained using Windows supplied programs to create, save, and print files. The ability to customize file and folder management and the desktop will be covered. Ability to manage computer security will be utilized. In addition, students will develop proficiency in managing and using Internet Explorer as well as Live Essentials, which provides mail, news and messages. End-user techniques for diagnostic and trouble-shooting procedures will be introduced. A combination of CIM 174A an CIM 174B may be taken a total of four times.

R A 3

CIM 174B 1.5/1.5/0/1.5 COMPUTER OPERATING SYSTEMS: WINDOWS--INTERMEDIATE
Recommended Preparation: CIM 174A
Expertise will be gained using Live Messenger for instant messaging, blogging, as well as the ability to use media and graphics manipulation tools such as Live Movie Maker, Live Photo Gallery, and Media Center. Setting up and using a small network to share information will be introduced. Students will learn to maintain and optimize their computer's performance, add and remove programs as well as backing up files. In addition, installing, managing printers and hardware will be studied. End-user techniques for diagnostic and trouble-shooting procedures will be learned. A combination of CIM 174A and CIM 174B may be taken a total of four times.

R A 3

CIM 189 .5/.4/.5/4/.5/.5/.9/.9/.9/.5 SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course.

R E 1

CIM 205A 3/3/0/3 WEB DEVELOPMENT AND DB:
INTRO SQL AND MYSQL
Covers server-side web development using Structured Query Language (SQL) and MySQL, to create, manipulate, and query databases. Covers the fundamentals of a relational database, single table queries, multiple table queries, updating data, MySQL database administration, querying data, joins, and indexes.

R E 3

CIM 213A 2.5/5/0/9.5 OFFICE SKILLS--OFFICE PROCEDURES
Prepares students to work efficiently in today's offices. Topics include characteristics of a successful employee, organization and time management, written, oral, and interoffice communications, record management, planning meetings, arranging for business travel, career advancement, and business etiquette.

R E 3

CIM 213B .5/.5/0/2.5 OFFICE SKILLS--KEYBOARDING
A self-paced course designed to introduce touch keyboarding of letter, number, and symbol keys on the computer. Introduces basic computer operation. No previous computer or typewriting experience required.

R E 3

CIM 213D .5/.5/0/2.5 OFFICE SKILLS--WINDOWS
A self-paced, entry-level course to learn the fundamentals of the operating system Windows. Topics covered will include the desktop, manipulating Windows, using Help, launching applications, managing files and folders with Explorer and My Computer, as well as handling disk maintenance.

R E 3

CIM 213E .5/.5/0/2.5 OFFICE SKILLS--WORD PROCESSING (WORD)
A self-paced course to provide instruction on the use of computer-based word processing software and/or applications. The functions of creating, editing, and manipulating documents of varying sophistication will be accomplished.

R E 3

CIM 213F .5/.5/0/2.5 OFFICE SKILLS--SPREADSHEETS (EXCEL)
A self-paced, entry-level course to provide beginning information and training in the use of computer-based spreadsheet software for business applications. Spreadsheet worksheets will be produced for a variety of applications.

R E 3

CIM 213G .5/.5/0/2.5 OFFICE SKILLS--DESKTOP PRESENTATION FOR BUS (POWERPOINT)
A self-paced, entry-level course to provide beginning information and training in the use of desktop presentation (PowerPoint) software for business applications. Students create, modify, and enhance desktop presentations.

R E 3

CIM 213H .5/.5/0/2.5 OFFICE SKILLS--DATABASE (ACCESS)
A self-paced, entry-level course to provide beginning information and training in the use of database software for business applications. Database queries, tables, and forms will be produced for a variety of applications.

R E 3

CIM 213J .5/.5/0/2.5 OFFICE SKILLS--DESKTOP PUBLISHING (PUBLISHER)
A self-paced, entry-level course designed to provide beginning information and training in the use of desktop publishing software for business applications. Desktop published examples will be produced for a variety of applications.

R E 3

CIM 214 3/3/0/3 WORD PROCESSING: WORD
Provides training on the use of word processing software. Students will utilize basic and advanced program features to create, edit, and format documents for personal and business use.

R E 3
CIM 214A  1.5/1.5/0/1.5  
**WORD PROCESSING:**  
**WORD—BEGINNING**  
Provides training on the use of computer-based word processing software and/or applications. Covers creating, editing, and formatting personal and business documents. A combination of CIM 214A and 214B may be taken a total of four times.  R A 3

CIM 214B  1.5/1.5/0/1.5  
**WORD PROCESSING:**  
**WORD—ADVANCED**  
Provides intermediate and advanced skills for the use of word-processing applications software. Recommended for students who possess basic word processing skills and would like to learn advanced features. A combination of CIM 214A and 214B may be taken for a total of four times.  R A 3

CIM 216  3/3/0/3  
**SPREADSHEETS:**  
**EXCEL**  
Provides information and training in the use of computer-based spreadsheet software for business applications. Workbooks will be produced for a variety of applications.  R E 3

CIM 216A  1.5/1.5/0/1.5  
**SPREADSHEETS:**  
**EXCEL—BEGINNING**  
This entry-level course provides beginning information and training in the use of computer-based spreadsheet software for business applications. A combination of CIM 216A, 216B, and 216C may be taken a total of four times.  R A 3

CIM 216B  1.5/1.5/0/1.5  
**SPREADSHEETS:**  
**EXCEL—INTERMEDIATE**  
Recommended Preparation: CIM 216A  
Provides information and training in the use of computer-based spreadsheet software for business applications. A combination of CIM 216A, 216B, and 216C may be taken a total of four times.  R A 3

CIM 218  3/3/0/3  
**DATABASE:**  
**ACCESS**  
Utilize database management software to generate applications for solving business problems. Emphasis is on concepts and procedures for designing databases and producing reports. Database objects such as tables, forms, queries, and reports will be created.  R E 3

CIM 219  3/3/0/3  
**MS SQL SERVER BUSINESS INTELLIGENCE DEV/T-SQL**  
Transact-SQL allows developers to write ad hoc queries as well as to write and invoke complex stored procedures integration packages, and reports. Students will learn how to create and write queries, functions and triggers and also retrieve and maintain data using Transact-SQL.  R E 1

CIM 221  3/3/0/3  
**MANAGING PROJECTS WITH MICROSOFT PROJECT**  
Learn to create a complete project schedule with tasks and task relationships. Edit and organize a project, assign resources to the tasks, use Project views to get information, format, and print views, Gantt charts, calendars, and reports. Learn to sort, find, and filter tasks or resources in a project; use views, tables, details, groups, and filters to view project information; create and edit views, tables, and filters; shorten the critical path of the project; manage the project's resources; manage and view cost information; and track the completion of tasks in the project.  R E 3

CIM 223A  1.5/1.5/0/1.5  
**COMPUTERIZED ACCOUNTING:**  
**QUICKBOOKS—BEGINNING**  
Recommended Preparation: CIM 174 or 174A, and ACCT 1A or 215  
Provides background and training in the use of QuickBooks software in the Windows environment. Business accounting records are set up to handle chart of accounts, merchandise, customers and receivables, vendors and payables, banking, inventory, and reports. A combination of CIM 223A and 223B may be taken a total of four times.  R A 3

CIM 223B  1.5/1.5/0/1.5  
**COMPUTERIZED ACCOUNTING:**  
**QUICKBOOKS—ADVANCED**  
Recommended Preparation: CIM 223A  
Provides training in advanced business accounting procedures in QuickBooks using Windows environment. Includes inventory setup, employee and payroll setup, sales tax setup, estimates, time tracking, pass through expenses, and adjustment and year-end procedures. A combination of CIM 223A and 223B may be taken a total of four times.  R A 3

CIM 225  3/3/0/3  
**INTERNET AND WEB ESSENTIALS**  
**WEB DEVELOPMENT:**  
**PHP**  
Recommended Preparation: CIM 271A  
Covers server-side web development using the PHP scripting language. Designed to be a first class on creating dynamic Web pages. Topics covered include: PHP syntax and variables, HTML forms, superglobals, arithmetic operations, numbers, strings, control structures, arrays, creating functions, file uploading, and directories.  R E 3

CIM 227  1.5/1.5/0/1.5  
**INTERNET AND WEB ESSENTIALS**  
**POWERPOINT**  
Provides an overview of the historical and current aspects of the Internet, a working knowledge of online communications, and the required software and hardware. Students are introduced to Internet skills such as email, discussion groups, chat rooms, newsgroups, file transfer protocol, search techniques and tools, the World Wide Web, and Internet browsers. Video conferencing and Internet security are discussed.  R E 3

CIM 230  3/3/0/3  
**BUSINESS PRESENTATIONS:**  
**POWERPOINT**  
Surveys the concepts, structures, and processes utilized in developing and managing professional business presentations using commercially available software packages. Students will create a variety of presentation formats.  R E 3

CIM 231  3/3/0/0  
**AJAX—ADVANCED JAVASCRIPT WITH XML**  
Recommended Preparation: CIM 269A  
Provides students with the knowledge and skills necessary to use JavaScript, XML, and server-side languages to develop dynamic Web-based applications. Topics of study include the use of asynchronous JavaScript, the Document Object Model, XML in Web page requests, server-side languages (e.g. PHP, Java) to query and return information from a relational database, and how to design and develop new AJAX applications.  NR

CIM 251  3/3/0/3  
**INTRODUCTION TO NETWORKING**  
Recommended Preparation: CIM 10 or 174A  
Provides an in-depth look at the terminology, technology, and economic realities of Local Area Networks (LANs) and Wide Area Networks (WANs). Network hardware and components will be examined in detail. LAN and WAN design examples will be discussed. Troubleshooting tools and techniques will be presented.  NR

CIM 252  3/3/0/3  
**NETWORKING ESSENTIALS AND TECHNOLOGIES**  
Recommended Preparation: CIM 251  
Provides an overview of the historical and current aspects of the Internet, a working knowledge of online communications, and the required software and hardware. Students are introduced to Internet skills such as email, discussion groups, chat rooms, newsgroups, file transfer protocol, search techniques and tools, the World Wide Web, and Internet browsers. Video conferencing and Internet security are discussed.  R E 3

CIM 256 3/3/0/3
**FUNDAMENTAL UNIX/LINUX SYSTEM ADMINISTRATION**

Recommended Preparation: CIM 172
Guides students through the fundamental responsibilities of Unix/Linux system administration. Provides a network administrator with an in-depth look at how to perform day-to-day administrative and maintenance tasks on a Unix/Linux-based network. Topics include installing Unix/Linux; configuring X windows and common system hardware; creating and maintaining the file system; boot process; administering user and group accounts; integration of a workstation with an existing network; administering printing subsystems; system log responsibilities; backing up file systems; configuring the kernel; basic performance, memory, and process management; and basic troubleshooting. Includes creation of shell scripts to automate system admin. tasks. R E 3

CIM 257 3/3/0/3
**NETWORK AND SECURITY ADMINISTRATION USING UNIX/LINUX**

Recommended Preparation: CIM 256
Guides students through the fundamental responsibilities of Unix/Linux system administrator in building and maintaining an internal LAN using multipurpose servers. Topics will cover TCP/IP administration; installing and maintaining SMB protocols; and installing and maintaining basic server applications such as sendmail, DHCP, and DNS. Includes introductions to database backends, network security, developing a security policy, file and file system security, password security, service-based security, and firewalls. The student will learn to set up a Unix/Linux internal server and configure common network services and security at a basic level. R E 3

CIM 260A 3.5/3/1/0
**MICROSOFT ASP.NET—BEGINNING**

Recommended Preparation: CIM 2A and 271A
Create Microsoft ASP.NET Web applications that deliver dynamic content to the Web by using Visual Studio.NET. Create and populate ASP.NET Web Forms and add functionality to server controls that are on an ASP.NET Web Form. Create user controls to access data in an ASP.NET Web application. A combination of CIM 260A and 260B may be taken a total of four times. R A 3

CIM 260B 3.5/3/1/0
**MICROSOFT ASP.NET—ADVANCED**

Recommended Preparation: CIM 260A
Develop a personal application framework for rapid development using best practices techniques. Topics will range from using Model View Controller (MVC) to streamline data handling using Entity Framework plus web services and security. A combination of CIM 260A and 260B may be taken a total of four times. R A 3

CIM 264A 1.5/1.5/0/1.5
**WEB ANIMATION: FLASH BEGINNING**

Interactive animation of Web sites using the web page development tool Adobe Flash. Course explores animation concepts such as frame by frame and tweening. Also includes creating special effect animations, HTML publishing, symbol creation, button interactivity, and drawing tools. A combination of CIM 264A and 264B may be taken a total of four times. R A 3

CIM 264B 1.5/1.5/0/1.5
**WEB ANIMATION: FLASH--INTERMEDIATE**

Recommended Preparation: CIM 264A
Advanced interactive animations for web sites using Adobe FLASH. Course expands on animation concepts to build multi-scene movies and create advanced action scripting, pop-out menus, invisible hit states, and sound. Also explores sound compression, the integration of sound to achieve communication objectives on the web, and importing and modifying graphics and complex animations. A combination of CIM 264A and 264B may be taken a total of four times. R A 3

CIM 264C 3/3/0/3
**WEB ANIMATION: FLASH ACTIONSCRIPT—BEGINNING**

Recommended Preparation: CIM 264A
Teaches the advanced concepts in Flash. Students learn how to use advanced features of Flash to create and script web pages. Topics include using Flash interactively and connecting Flash scripts to databases. Students should have a working knowledge of Flash. A combination of CIM 264C and 264D may be taken a total of four times. R A 3

CIM 264D 3/3/0/3
**WEB ANIMATION: ADVANCED FLASH SITES AND ACTIONSCRIPT HACKS**

Recommended Preparation: CIM 264A
Covers intermediate and advanced concepts of Flash and ActionScript to create dynamic and interactive business and recreational Web designs. Includes advanced Flash site and examines various Flash/ActionScript hacks used to create special effects such as rain drops, water, and butterfly animation. Implements advanced ActionScript techniques: color transforms, video fade, pixel-based fades and wipes, and old film grain simulations into generic Flash-based movies. A combination of CIM 264C and 264D may be taken a total of four times. R A 3

CIM 269A 1.5/1.5/0/1.5
**WEB DEVELOPMENT: JAVASCRIPT-BEGINNING**

Recommended Preparation: CIM 271A
Introduces JavaScript programming concepts: XHTML, data types, operators, object-oriented JavaScript, dynamic HTML, functions, events, control structures, browser, document, window objects, debugging and client-side dynamic Web page design. A combination of CIM 269A and 269B may be taken a total of four times. R A 3

CIM 269B 3/3/0/3
**WEB DEVELOPMENT: JAVASCRIPT, FRAMEWORKS, AND INTRO TO AJAX**

Recommended Preparation: CIM 271A
Client-side web development using JavaScript, JavaScript Frameworks including Dreamweaver Spry and introduction to AJAX. Includes an overview of basic JavaScript programming, data types, operators, functions, events, control structure, browser object model, HTML forms, object-oriented JavaScript, as well as intermediate JavaScript concepts, debugging, cookies, and security. Also introduces analysis of DOM and Introduction to Asynchronous JavaScript and XML (Ajax) web development technique. A combination of CIM 269A and 269B may be taken four times. R A 3
CIM 271A  1.5/1.5/0/1.5
WEB DEVELOPMENT: XHTML--BEGINNING
Recommended Preparation: CIM 174 or 174A/B
Understand and use XHTML code necessary to construct basic web pages and web sites. Developed skills will include text formatting commands, as well as links and email. Further skills will include configuring color, text and page layout using CSS. Ability to identify and use recommended web site design practices will be covered. Expertise will be gained in the use of visual elements and graphics, hyperlinks, lists and tables including the ability to insert and manipulate these within a web page and web site. Students will identify and use steps necessary to publish web pages to a server using FTP software. A combination of CIM 271A and CIM 271B may be taken a total of four times. R A 3

CIM 271B  1.5/1.5/0/1.5
WEB DEVELOPMENT: XHTML--ADVANCED
Recommended Preparation: CIM 271A
Introduces advanced concepts for creating web pages that enable the improved delivery of information over the Web. Create and use forms as well as style them with CSS and work with server-side processing to handle form data. Identifying skills, functions and job roles required for a successful web project development covered. Use and function of multimedia and interactivity, Java applets, Java scripts, and an overview of E-Commerce and web promotion will be introduced. JavaScript will be presented, including the Document Object Model, use of variables, operators and if statements and form validation. Construct web sites that use multimedia features. A combination of CIM 271A and CIM 271B may be taken a total of four times. R A 3

CIM 272  3/3/0/3
WEB 2.0 DESIGN:
CASCADING STYLE SHEETS
Recommended Preparation: CIM 271A and 278A
The future of web design requires supporting multiple devices and creating desktop publishing level Web pages. Cascading Style Sheets (CSS) is the standard presentation tool for taking HTML to the next level. CSS provides means to create desktop publishing level web pages and mechanisms for supporting multiple devices. Covers all basic CSS fundamentals including page layout, positioning, text alignment, formatting, margins, borders, text-flow, background images, typography, filters, curved corners, and custom styles. Course includes using Dreamweaver and Mozilla Firefox Web developer add-on tools, bulletproof page layouts, and applying CSS presentation to content with known structure. R E 3

CIM 274A  1.5/1.5/0/1.5
WEB DIGITAL IMAGERY:
PHOTOSHOP--BEGINNING
Fundamentals of digital image processing, retouching, and painting as used on the web in business. Includes overview of image design process, from digitizing images to outputting them to the web. A combination of CIM 274A and 274B may be taken a total of four times. R A 3

CIM 274B  1.5/1.5/0/1.5
WEB DIGITAL IMAGERY:
PHOTOSHOP--ADVANCED
Recommended Preparation: CIM 274A
Advanced web digital image processing, retouching, painting, and simple animation. Includes overview of image elements of web design, from the manipulating of digitized images to outputting them to the web. A combination of CIM 274A and 274B may be taken a total of four times. R A 3

CIM 278A  1.5/1.5/0/1.5
CREATING WEB PAGES:
DREAMWEAVER--BEGINNING
Recommended Preparation: CIM 271A
An introduction to creating, publishing and testing documents on a Web server using Adobe Dreamweaver. Students maintain an Web site consisting of Web Page created in Dreamweaver. Course will cover Internet concepts, Web site management, linking, FTP, basic HTML, typography, inserting graphics into text, working with internal and external. Requires no previous Web development experience. A combination of CIM 278A and 278B may be taken a total of four times. R A 3

CIM 278B  1.5/1.5/0/1.5
CREATING WEB PAGES:
DREAMWEAVER--ADVANCED
Recommended Preparation: CIM 278A
An advanced course in Dreamweaver. Students maintain an Intermediate Web site consisting of Web Page created in Dreamweaver. Includes rollovers, navigation bars, cascading style sheets, forms, tables, inserting Video, page layout and other advanced DHTML editing. A combination of CIM 278A and 278B may be taken a total of four times. R A 3

CIM 279  3/3/0/3
INFORMATION SECURITY FUNDAMENTALS
Recommended Preparation: CIM 172, 174 or 174A/B, and 251
Provides fundamental knowledge for managing all aspects of an enterprise-wide security life cycle including security policy development, authentication, encryption, securing operating systems and network infrastructure, firewall and intrusion detection technologies, intrusion prevention and incident response procedures. R E 3

CIM 281  1.5/1.5/0/1.5
WEB DEVELOPMENT: ADOBE FIREWORKS
Use Adobe Fireworks to create vectors; edit bitmaps; create, import, and edit text objects; create image maps, pop-up menus, navigation bars, rollovers, and animated GIF images. R E 3

CIM 282  3/3/0/3
NETWORK DEFENSE AND COUNTERMEASURES
Detailed examination of the tools, techniques, and technologies used in the technical securing of information assets. Provides in-depth information on the software and hardware components of information security and assurance. Topics include firewall configurations, hardening Unix and NT servers, Web and distributed systems security, and specific implementation of security models and architectures. R E 3

CIM 283  3/3/0/3
INFORMATION SECURITY MANAGEMENT
Detailed examination of a systems-wide perspective of information security, beginning with a strategic planning process for security. Includes an examination of the policies, procedures, and staffing function necessary to organize and administer ongoing security functions in the organization. Subjects include security practices, security architecture and models, continuity planning, and disaster recovery planning. R E 3

CIM 284  3/3/0/3
SECURITY+ Certifications
Provides a comprehensive overview of network security including authentication methods, common network attacks, safeguarding against attacks, remote access, email, the web, directory and file transfer, wireless data, various network devices and media, and proper use of perimeter topologies such as DMZs, Extranets, Intranets, cryptography basics, asymmetric and symmetric algorithms, and operational and organizational security. Geared for students pursuing CompTIA Security+ Certification. R E 3

**Courses**

**Computer Maintenance Technology**

**CMT 215**

**ELECTRONICS FOR COMPUTER TECHNOLOGISTS**

Electronics covering the basics of electronics terminology, components, circuits, waveforms, equipment, assembly techniques, and troubleshooting, which are relevant for computer technologists. Includes both analog and digital circuit fundamentals, plus discrete and integrated circuits related to computer technology and associated hardware. The emphasis is on basic concepts without extensive numerical analysis and calculations. NR
Communication Arts

See Cinema, Television, and Radio

Computer Science

CMT 220 3/2/2/0
COMPUTER MAINTENANCE AND REPAIR I
Recommended Preparation: CIM 171 and 174
First course of two in the sequence covering the basics of computer maintenance and repair. Includes PC hardware overview, motherboard, microprocessors, power supplies, memory, expansion buses, hard disk drives, and optical drives. Lab exercises with PCs give hands-on experience of the topics being studied. R E 3

CMT 225 3/2/2/0
COMPUTER MAINTENANCE AND REPAIR II
Recommended Preparation: CMT 220
Second course in the sequence covering the basics of computer maintenance and repair. Includes printers, modems and communication devices, video adapters and displays, sound cards, introductory network concepts, Windows software issues, computer security, and computer troubleshooting. Lab exercises provide hands-on experience of the topics being studied. R E 3

CMT 230 3/2/2/0
APPLIED NETWORK TECHNOLOGY
Recommended Preparation: CMT 225
Study of computer networks for technicians. Includes network wiring, connectors, repeaters, hubs, routers, bridges and their application to system specifications and the OSI model and its protocols. Installation, troubleshooting, and maintenance of computer networks and network hardware are emphasized in the laboratory. R E 3

CMT 235 3/3/0/0
A+ EXAM PREPARATION FOR COMPUTER SERVICE TECHNICIANS
Recommended Preparation: CMT 220, 225, 230
Preparation and review for the A+ Certification Exams for computer service technicians. Covers topics for all exams. Test taking strategies and practice tests will be covered. R E 3

CMT 289 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

CS 1A 3/3/0/6
INTRODUCTION TO COMPUTER SCIENCE
Recommended Preparation: CS 1A
A hands-on introduction to the field of computer science for students preparing to enter the field or who are looking for a general interest course. Includes an overview of the history of computers, their hardware, and applications software. Emphasizes algorithm development using modern design methodologies and programming concepts up to and including looping algorithms. R E 1

CS 1B 3/3/0/6
INTRODUCTION TO PROGRAMMING
Recommended Preparation: CS 1A
A basic course in computer programming which covers the properties of modularity and applies a contemporary high level programming language, currently C++, to the solutions of a wide variety of problems relating to science and business. Emphasis is on development, debugging, and testing of programs that use a wide variety of simple and composite data types. These programs will use both non-recursive and recursive techniques in the solution of problems. Repeatable one time only when programming language changes. R E 1

CS 1C 3/3/0/6
ADVANCED PROGRAMMING
Recommended Preparation: CS 1B
Designed for computer science majors and interested professionals. Topics include lexical conventions, data types, classes, constructors, destructors, overloaded operators, exceptions, and I/O. Solutions will be implemented using a high-level language - currently C++. Repeatable one time only when programming language changes. R E 1

CS 1D 3/3/0/6
DATA STRUCTURES
Recommended Preparation: CS 1B and 1C
Covers basic concepts of data structures and related algorithms. The abstract data types of lists, stacks, queues, strings, binary and general trees, multidimensional and sparse arrays, and graphs will be discussed and implemented using a contemporary programming language. Recursion, searching, and sorting will also be examined. NR

CS 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
Cooperative Work Experience

CWE 180  
1-4/0/0/60-300  
COOPERATIVE WORK EXPERIENCE

Provides supervised work experience extending classroom-based occupational learning at an on-the-job learning station relating to the student’s occupational goal; employment related to major. Student, instructor, and employer will cooperatively develop a minimum of three learning objectives. One unit of credit awarded for each 75 hours of paid or 60 hours of volunteer employment, for successful completion of learning objectives, and for attendance at scheduled seminar sessions. A maximum of four units may be applied toward major requirements for certificate. R 1 I

Cosmetology

COS 400A  
.25-12/6/18/0  
COMPREHENSIVE COSMETOLOGY I

The first course in a program designed to prepare the student for the California State Board of Cosmetology Examination and success in a career as a cosmetologist. The program includes both classroom instruction and laboratory practice of the knowledge and skills required by the State Board as well as personal hygiene, grooming, salesmanship, public relations, and reception practices and techniques. The Cosmetology Act and Regulations are also studied. A variable unit course offered on an open-entry/open-exit basis. Twelve units are granted upon the successful completion of the 400 classroom/laboratory hours. The units earned for this course may not be applied toward the 60 units for graduation. R 3

COS 400B  
.25-12/6/18/0  
COMPREHENSIVE COSMETOLOGY II

Prerequisite: COS 400A or completion of 400 hours

A continuation of Cosmetology 400A. Twelve units are granted for the successful completion of 400 hours in class. A variable-unit course offered on an open-entry/open-exit basis. The units earned for this course may not be applied toward the 60 units for graduation. R 3

COS 400C  
.25-12-6/18/0  
COMPREHENSIVE COSMETOLOGY III

Prerequisite: COS 400B or completion of 800 hours

A continuation of COS 400B. Twelve units are granted for the successful completion of 400 hours in class. A variable-unit course offered on an open-entry/open-exit basis. The units earned for this course may not be applied toward the 60 units for graduation. R 3

COS 400D  
.25-12-6/18/0  
COMPREHENSIVE COSMETOLOGY IV

Prerequisite: COS 400C or completion of 1200 hours

A continuation of COS 400C. Twelve units are granted for the successful completion of 400 hours in class. A variable-unit course offered on an open-entry/open-exit basis. The units earned for this course may not be applied toward the 60 units for graduation. R 3

COS 440  
.25-16-9/27.5/0  
COSMETICIAN

A 600 hour course designed to prepare the student for the State licensing examination and success as a cosmetician/esthetician. Course includes both classroom instruction and laboratory practice. Successful completion of this course and successful completion of the State Licensing Examination will allow the graduate cosmetician to perform manual and electrical facials, eyebrow arching and hair removal (other than by electrolysis), or become a make-up artist or skin care representative. A variable unit course offered on an open-entry/open-exit basis with a required minimum number of combined lecture/lab hours per week. The units earned for this course may not be applied toward the 60 units for graduation. R 3

Cross Cultural Studies

CCS 1  
3/3/0/0  
MULTICULTURAL EXPERIENCES IN THE UNITED STATES

Examines the cultures of African Americans, Asian Americans, Chicanos(as)/Latinos(as), Middle Eastern Americans, and Native Americans. Focuses on the topics of race, ethnicity, ability, locality, religion, gender, class, and sexuality/sexual orientation, and an examination of the borderlands between cultures and how people “manage” crossing those spaces. Readings will be taken from literature, psychological, sociological, historical, anthropological, and biographical texts. NR

CCS 189  
.5-4/.5-4/.5-9/.5-9  
SPECIAL TOPICS

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R 1

Dance

DANC 9  
3/2/2/0  
CHOREOGRAPHY

Recommended Preparation: Two semesters of dance training

Designed to encourage survey and analysis of dance movement potential and the creative development of the choreographic process. Student will gain knowledge in effective staging, lighting, and the integration of music with body movement. R 3

DANC 10  
1 or 2/0/3 or 6/0  
DANCE PRODUCTION

Analysis of the elements of choreography, development of solo and group choreographic composition, staging dances, and performances. R 3
DANC 11  1 or 2/0/3 or 6/0
DANCE REHEARSAL AND PERFORMANCE
Emphasizing the preparation and rehearsal of choreographic composition for public performance.  R E 3

DANC 51  1 or 1.5/.67 or 1/1.33 or 2/0
INTRODUCTION TO BALLET
Designed for students with no experience in dance as well as those wishing to perfect basic dance skills. Fundamentals of ballet techniques are presented and practiced in class with presentations of historical and stylistic perspectives of this dance form. Emphasizes class participation providing the student with knowledge and understanding of the physical demands of ballet dance.  R E 3

DANC 52  1 or 1.5/.67 or 1/1.33 or 2/0
BALLET DANCING LEVEL I
Recommended Preparation: DANC 51
Designed to teach the fundamentals of ballet. Technical work at the ballet barre, center-floor exercises, adagio, and allegro work.  R E 3

DANC 53  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE BALLET
Recommended Preparation: DANC 52
Emphasis on improving individual skills. Continued technical work at the ballet barre.  R E 3

DANC 54  1 or 1.5/.67 or 1/1.33 or 2/0
INTRODUCTION TO MODERN DANCE
Designed for students with no experience in dance as well as those wishing to perfect basic dance skills. Fundamentals of modern dance techniques are presented and practiced in class, and presentation of historical and stylistic perspectives of this dance form. An emphasis is placed on class participation to provide the student with knowledge and understanding of the physical demands of modern dance.  R E 3

DANC 55  1 or 1.5/.67 or 1/1.33 or 2/0
MODERN DANCE LEVEL I
Recommended Preparation: DANC 54
Instruction and supervised practice to develop the body for communication of feeling and idea through movement.  R E 3

DANC 56  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE MODERN DANCE
Recommended Preparation: DANC 55
Increased techniques in modern dance with emphasis on improving individual skills. Continued development of the body for communication through movement.  R E 3

DANC 57  1 or 1.5/.67 or 1/1.33 or 2/0
INTRODUCTION TO JAZZ DANCING
Designed for students with no experience in dance as well as those wishing to perfect basic dance skills. Fundamentals of jazz dance technique are presented and practiced in class with presentation of the historical and stylistic perspectives of this dance form. An emphasis is placed on class participation to provide the student with the knowledge and understanding of the physical demands of jazz dancing.  R E 3

DANC 58  1 or 1.5/.67 or 1/1.33 or 2/0
JAZZ DANCING LEVEL I
Recommended Preparation: DANC 57
Basic jazz techniques, center and locomotor combinations, and original routines set to jazz music.  R E 3

DANC 59  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE JAZZ DANCING
Recommended Preparation: DANC 58
Basic skills of jazz dancing with emphasis on improving individual techniques and more advanced jazz techniques with original routines set to music.  R E 3

DANC 60  1 or 1.5/.67 or 1/1.33 or 2/0
INTRODUCTION TO TAP DANCING
Designed for students with no experience in dance, as well as those wishing to perfect basic dance skills. Fundamentals of tap-dancing techniques are presented and practiced in class with presentations of the historical and stylistic perspectives of this dance form. An emphasis is placed on class participation to provide the student with knowledge and understanding of the physical demands of tap dancing.  R E 3

DANC 61  1 or 1.5/.67 or 1/1.33 or 2/0
TAP DANCING LEVEL I
Recommended Preparation: DANC 60
Basic tap-dance techniques, tap-dance combinations, and original tap dances.  R E 3

DANC 62  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE TAP DANCING
Recommended Preparation: DANC 61
Review and continuation of basic skills of tap dancing with emphasis on improving individual techniques. More advanced steps and dance combinations will be presented.  R E 3

DANC 63  1 or 1.5/.67 or 1/1.33 or 2/0
EXERCISE FOR DANCERS
Designed for the dance student to increase fitness, flexibility, endurance, strength, and poise in all types of dance techniques. Includes weight training, nutrition, care and prevention of injuries, and exercise to musical accompaniment.  R E 3

DANC 64  3/3/0/0
HISTORY OF DANCE
Provides a general history of various dance forms as they relate to dance in America, including ethnic forms, ballet, modern, jazz, and tap. Content will emphasize the ritual, social, and theatrical aspects of dance. The course will include some reference to other art forms and the humanities.  NR

DANC 65  1 or 1.5/.67 or 1/1.33 or 2/0
PILATES CONDITIONING
Fundamentals of mat exercise emphasizing the principles of Joseph Pilates. Exercises to improve abdominal and back strength, flexibility, and postural alignment. Pilates involves integrating the physical and mental aspects of movement to correct imbalances in the body. Enhancement in any movement-based program, such as dance, sports, or exercise programs. Challenging to all fitness levels. Proper breathing techniques are emphasized. Also listed as KINES 65, credit given in either area, not both.  R E 3

DANC 66  1 or 1.5/.67 or 1/1.33 or 2/0
INTRODUCTION TO LATIN DANCE
Explores the international forms of Latin dance such as salsa, tango, mambo, paso doble. Combinations will be presented to gain strength, coordination and agility.  R E 3

DANC 67  1 or 1.5/.67 or 1/1.33 or 2/0
POINTE BALLET
Recommended Preparation: DANC 53
Advanced ballet training with pointe technique. Emphasis on improving individual ballet skills. Pointe technique at the ballet barre and center-floor with adagio and allegro exercises.  R E 3

DANC 68  1/67/1.33/0
INTRODUCTION TO SOCIAL DANCE
Explores the various forms of social dance such as Foxtrot, Waltz, Tango, Salsa, Samba, Cha Cha, Mambo, Rumba, Swing / Jive, and Quick Step. Combinations will be presented to gain coordination, strength, and agility.  R E 3

DANC 189  .5-4/.5-4/.5-9/.5-9

#### Drafting

**DR 23**  
**ENGINEERING GRAPHICS**

Principles of communicating product design requirements via multiview projections, auxiliary views, and working drawings, including dimensions and notes using Computer-Aided Drafting (CAD). Planar geometric projections in orthographic relationships are used to define points, lines, planes, intersections and developments, and to describe spatial relationships. NR

**DR 29**  
**COMPUTER-AIDED DRAFTING**

Recommended Preparation: ARCH 124A or DR 100

Introductory course covering the operation and application of computer-aided drafting (CAD) systems used to create, modify, store, and plot technical drawings. Also listed as ARCH 50. Credit given in either area, not both. NR

**DR 30**  
**COMPUTER-AIDED DRAFTING**

Recommended Preparation: DR or ARCH 50

An intermediate to advanced level course in the operation and application of computer aided drafting systems, used to create, edit, save, and plot technical 2D and 3D drawings. Also listed as ARCH 51. Credit given in either area, not both. NR

**DR 100**  
**FUNDAMENTALS OF INDUSTRIAL AND MECHANICAL DESIGN**

Develops basic design skills including proper use of CAD software, geometric construction, multiview projection, sections, pictorial drawings, auxiliary views, and dimensioning. A current version of a computer aided design (AutoCAD) system will be used to present design concepts. Processes for design development include considering design constraints (customer requirements, schedule, cost factors, safety, aesthetics) with market-ability and product placement targets. NR

**DR 101**  
**MECHANICAL DESIGN**

Recommended Preparation: DR 100 or one year of high school mechanical drafting

Develops the basic skills required to produce industrial-quality assembly and detailed drawings including sections, first and second auxiliary views, advanced dimensioning, tolerancing, and further development of mechanical drawing skills. A computer aided drafting (CAD) system will be used. NR

**DR 102**  
**MECH DESIGN AND MARKETING PORTFOLIO**

Develops basic skills needed for industrial-level mechanical and conceptual design including assembly drawings, detail drawings, fundamentals of mechanical design, and strategies for creative design. A computer aided design (CAD) system will be used. Create and develop a hybrid Electronic-Physical Portfolio of Technical Drawings/Architectural Drawings, which showcase the student work. NR

**DR 120**  
**ENGINEERING TECHNOLOGY**

Comprehensive program to introduce and train students in the areas of Engineering Technology to provide skills and competencies to integrate design knowledge with practical job skills. NR

**DR 152**  
**ADVANCED COMPUTER-AIDED DESIGN**

Recommended Preparation: DR or ARCH 50 or 51

Advanced computer-aided design and drafting with emphasis on advanced 3D CAD knowledge and skills in the completion of technical drawings that support 3D modeling. Also listed as ARCH 152. Credit given in either area, not both. NR

**DR 189**  
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**DR 200**  
**3D PARAMETRIC MODELING - SOLIDWORKS**

Recommended Preparation: DR/ARCH 50

Operation and application of modern computer-aided design using Solidworks. Includes development of 3D computer models from concept to component parts, drawings, and assemblies. R E 3

**DR 201**  
**ADVANCED 3D PARAMETRIC MODELING - SOLIDWORKS**

Recommended Preparation: DR 200

Advanced operation and application of modern computer-aided design using Solidworks. Includes development of 3D computer models from concept to component parts, drawings, and assemblies. Creation of parts using surface modeling, the study of parts using Finite Element Analysis, and the application of Motion Analysis in Assemblies. R E 3

**DR 202**  
**GEOMETRIC DIMENSIONING AND TOLERANCING**

Recommended Preparation: DR/ARCH 50

Review of conventional dimensioning (non geometric dimensioning) and the introduction of geometric dimensioning and tolerancing using Solidworks. R E 3

**DR 289**  
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**ECOL 201**  
**ECOLOGICAL RESTORATION TECHNIQUES**

Introduces students to specific theory and techniques for ecological restoration in a variety of habitats. Laboratory exercises will include site visits to restoration projects. NR

**ECOL 202**  
**ADVANCED ECOLOGICAL RESTORATION TECHNIQUES**

An advanced course in practical and theoretical ecological restoration techniques. Political, social, and scientific considerations in restoration will be discussed. Laboratory exercises will include field techniques for planting, irrigating, and monitoring restoration sites. NR
**Economics**

**ECON 2** 3/3/0/0  
**PRINCIPLES (MACRO)**  
Prerequisite: MATH 253  
Economic analysis of theories of income determination including national income measurement, unemployment, inflation, economic growth, monetary and fiscal policy, banking and money creation, and international finance. Explores consumption, saving, investment, government spending, exports, and imports. NR

**ECON 4** 3/3/0/0  
**PRINCIPLES (MICRO)**  
Prerequisite: MATH 253  
Economic analysis of resource use and the production and distribution of goods and services by markets and other allocation mechanisms. Topics include: supply and demand, economic decision-making, imperfect competition, antitrust, regulation, environmental economics, the distribution of income, efficient resource use, international trade, and efficiency vs. other criteria for judging microeconomic success. NR

**ECON 11** 3/3/0/0  
**INTERNATIONAL POLITICAL ECONOMY**  
Focuses on the relations between the political and economic systems within the global economy. Covers the impact of political decisions on world economies and international organizations. Further emphasis is on a comparison-contrast of various national economies. Geographic areas of concern include Africa, Europe, the Pacific Rim, the Middle East, Latin America, Russia, China, and the United States. Also listed as PS 11. Credit given in either area, not both. NR

**ECON 20** 3/3/0/0  
**THE AMERICAN ECONOMY**  
A general education course surveying the American economy from both microeconomic and macroeconomic perspectives. Intended for non-majors and those preparing to take ECON 2 and 4. Topics include business cycles; unemployment; inflation; international trade; income distribution; market structure and performance; and the economic behavior of firms, households, and government. NR

**ECON 189** .5-4/.5-4/.5-9/.5-9  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**ECON 289** .5-4/.5-4/.5-9/.5-9  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Education**

**EDUC 90** 3/3/0/0  
**INTRO TO ELEMENTARY EDUCATION**  
Recommended Preparation: ENG 300, 340, CD 107  
Explores careers in the teaching profession in a broad context, both from an academic understanding as well as from experience garnered through 45 hours in K-8 classrooms and schools. This course may meet an Elementary Subject Matter Preparation requirement for students who are considering a teaching career. Provides for early and frequent opportunities to engage in field experiences that are linked to college and university coursework. NR

**EDUC 115** 4/3/3/0  
**SECONDARY SCHOOL TEACHING**  
History, philosophy and sociology of secondary education. Introduction to the California Teaching Performance Expectations and Assessments; needs of special populations, English learners, and struggling readers; content standards including Career Technical Education; and major curriculum reform documents. In addition, students will gain experience through 40 hours of required field work as follows: 30 hours at one site and 10 hours in various other sites/activities. NR

**EDUC 118** 3/3/0/0  
**EXCEPTIONAL CHILDREN**  
Recommended Preparation: ENG 200 and 340  
An introduction to special education for K-12 students. Offers a survey and study of various characteristics of exceptional children. The primary focus will be on the categories of children with disabilities, but will include children at risk, and children from culturally diverse backgrounds (formerly CDES 118). DS5 NR

**EDUC 131** 3/3/0/0  
**EDUCATIONAL PSYCHOLOGY**  
Recommended Preparation: ENG 200 and 340  
Focuses on the basic principles of psychology that are pertinent to education, including abilities, intelligence, social and emotional factors, and principles of learning. NR

**EDUC 189** .5-4/.5-4/.5-9/.5-9  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**EDUC 200** 2/2/0/0  
**INTRODUCTION TO ONLINE TEACHING AND LEARNING**  
An introduction to the design and delivery of online courses. Concepts covered include the characteristics of online education, course development and organization, creating an online community, the roles of the teacher and learner in an online environment, synchronous vs. asynchronous learning, course management systems, use of the web for instruction, and the use of innovative technology for online instruction. NR

**EDUC 205** 2/2/0/0  
**TEACHING MODELS OF ONLINE INSTRUCTION**  
An exploration of successful teaching and learning models for online courses, from highly interactive models to independent study. Centers on the development of course organization strategies, resources for innovative practice, and application of various teaching strategies to different discipline areas. Award winning and model courses will be explored and evaluated. NR

**EDUC 210** 2/2/0/0  
**TECHNOLOGY FOR ONLINE INSTRUCTION**  
Provides an introduction to current software applications that can be used in the design of student centered interactive assignments within Blackboard and other course management systems. Emphasis will be on the use of common and emerging technologies to deliver content and engage learners. NR

**EDUC 215** 2/2/0/0  
**EFFECTIVE INTERACTION FOR ONLINE COURSES**  
Explores the theory and practice of effective interaction strategies in online environments, emphasizing techniques which effectively communicate course objectives and outcomes, engage and motivate students, and build classroom community. Centers on the integration of faculty-student-student interaction into course design. NR

**ET 114**
**DIGITAL ELECTRONIC CIRCUITS**

Recommended Preparation: ET 133

Fundamentals of logic and circuits for digital electronics. Includes binary arithmetic, Boolean algebra, logic gates, digital technologies, memory circuits, A/D and D/A converters, addition/subtraction circuits, shift registers, counters, clock and timing circuits, and multiplexers/demultiplexers. Laboratory experiments emphasize testing and troubleshooting of common circuits. NR

**ET 118**
**ELECTRONIC COMMUNICATION SYSTEMS**

Recommended Preparation: ET 114 and 135

Fundamentals of modern electronic communication systems, including radio, data, digital, and opto-electronic systems. Study of noise analysis, modulation methods, networks, transmission lines, antennas, and other important system components and considerations. Includes analytical principles and equations as well as practical applications and troubleshooting. NR

**ET 133**
**DC AND AC FUNDAMENTALS**

Fundamentals of DC and AC electronic components and circuits. Includes basic DC and AC terms, resistors, capacitors, inductors, Ohm’s law, series and parallel circuits, circuit theorems, magnetism, transformers, time constants, reactance, resonance, and passive filters. Laboratory experiments utilize common test equipment such as the digital multimeter, power supply, function generator, and oscilloscope. NR

**ET 135**
**SEMI-ConDUCTOR DEVICES AND CIRCUITS**

Recommended Preparation: ET 133

Fundamentals of semiconductor devices and circuits, both discrete and integrated. Includes diodes, transistors, amplifiers, thyristors, operational amplifiers, active filters, oscillators, and voltage regulators. Lab exercises include building and testing devices and circuits studied. NR

**ET 189**
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**EDUC 220**
**UNIVERSAL DESIGN FOR ONLINE INSTRUCTION**

An introduction to Universal Design and accessibility issues in the development and evaluation of online courses. Topics covered include Universal Design practices, ADA standards, and S08 requirements. Emphasis will be on strategies used to create S08 compliant learning environments for online students. NR

**EDUC 225**
**STUDENT ASSESSMENT METHODS FOR ONLINE INSTRUCTION**

Focuses on the diverse array of student assessment methods that can be used in online classes. Emphasis on the design and implementation of effective measures of student learning. NR

**EDUC 240**
**INSTRUCTIONAL ASSISTANT**

Prepares students to become effective instructional assistants in K-12 classrooms. Effective strategies for tutoring, individual and small group assistance, yard duty, test administration, communication and guidance, record keeping, ethical practices, use of instructional technology, and preparation and maintenance of learning environments will be covered in class and practiced during 30 hours of supervised fieldwork. NR

**EDUC 289**
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**ET 200**
**DIGITAL SIGNAL PROCESSING AND MICROCONTROLLERS**

Recommended Preparation: ET 114

Fundamentals of digital signal processing, microcontrollers, A/D and D/A interface circuits, and other advanced digital circuits. Includes related hardware, software, testing, and troubleshooting. Lab exercises including building and testing circuits and devices studied. R E 3

**ET 201**
**ROBOTICS FUNDAMENTALS**

Fundamentals of robotics, including hardware, software, testing, and troubleshooting. Study of the basics of the major hardware and software of a small robot while building and programming it for various activities. R E 3

**ET 202**
**INTERMEDIATE ROBOTICS**

Recommended Preparation: ET 201

Study of intermediate level robotics systems, including mechanical and electronic components and subsystems, microcontrollers, sensors, motors/servos, and software. Each student will purchase a robotic arm and construct, program, test, and troubleshoot it to perform specified tasks. R E 2

**ET 289**
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Emergency Medical Technology**

**EMT 207**
**EMERGENCY MEDICAL TECHNICIAN PROCEDURES**

Limitation: Physical exam and background check required by JCAHCO Corequisite: EMT 207C

Fundamental theory course in emergency medical care and basic life support skills. Emphasis is placed on development of skills in recognition of injuries, the use of medical emergency equipment and supplies, and development of competency in performance of support measures. Supervised observation included. Skills practice and performance evaluation include assessing/recording vital signs, airway management, trauma/medical patient assessment, extremity and spine immobilization, bleeding and shock management, obstetrical patients, and the OCEMSA EMT Accreditation requirements. R E 99
<table>

<tr>
<td>EMT 207</td>
<td>.75/0/2/0</td>
<td>EMERGENCY MEDICAL TECHNICIAN CLINICAL OBSERVATION. Limitation: Physical exam and background check required by JCAHCO. Corequisite: EMT 207. Provides an opportunity for the student to observe the cognitive knowledge gained in the EMT course on patient care in a clinical and prehospital setting. The student will complete four clinical experiences on an ambulance and in an emergency department. This provides students with observation of hands-on prehospital patient care experience and is required for preparing the student for certification. NR</td>
</tr>
<tr>
<td>EMT 210</td>
<td>1.25/1/75/0</td>
<td>REFRESHER COURSE FOR EMERGENCY MEDICAL CARE. Recommended Preparation: EMT 207. A refresher course to meet the state EMT-B recertification requirement. Reviews life support measures, use of emergency medical equipment, and cardiopulmonary resuscitation. RE 99</td>
</tr>
<tr>
<td>EMT 219</td>
<td>4/4/0/0</td>
<td>PARAMEDIC PREPARATION. Recommended Preparation: EMT 207C. Designed for the certified EMT-1 seeking to enter a paramedic program in the future. Reviews common medical emergencies, adult and pediatric advanced life support skills, emergency pharmacology, trauma management and an overview of the written and practical tests used in California for the paramedic license. Integrates anatomy and physiology content in the assessment and treatment of the ill and injured. NR</td>
</tr>

</tr>
</thead>
<tbody>
<tr>
<td>ENGR 31</td>
<td>3/3/0/0</td>
<td>STATICS. Prerequisite: PHYS 4A. Statics is the study of force systems under equilibrium conditions. Force systems are analyzed for trusses, frames, and machines which are subjected to concentrated, distributed, and frictional forces. Graphical and mathematical methods of analysis are used, including virtual-work. NR</td>
</tr>
</tbody>
</table>

### English

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 1A</td>
<td>4/4/0/0</td>
<td>PRINCIPLES OF COMPOSITION I. Prerequisite: Satisfactory score on the English Placement Examination or completion of ENG 200 with a grade of “C” or better. Focuses on composing the academic-style expository essay, which features a comprehensive thesis and logical support. Students will write original compositions increasing in level of difficulty and length, totaling at least 6,000 words, which will use rhetorical strategies such as textual analysis, causal analysis, comparison and argument. Students will read, interpret, and synthesize non-fiction sources using Standard Written English and MLA format. NR</td>
</tr>
<tr>
<td>ENG 1B</td>
<td>3/3/0/0</td>
<td>PRINCIPLES OF COMPOSITION II. Prerequisite: ENG 1A with a grade of “C” or better. Provides instruction in critical thinking and in writing expository and persuasive essays and documented papers totaling a minimum of 8,000 words. Instruction focuses on the development of logical reasoning, on analytical and argumentative writing skills, and on research strategies. Assignments are derived from themes and works in various disciplines and cultures. NR</td>
</tr>
<tr>
<td>ENG 3</td>
<td>3/3/0/0</td>
<td>INTRODUCTION TO CREATIVE WRITING. Prerequisite: Eligibility for ENG 1A. Emphasizes the writing of prose, poetry, and drama stressing critical judgment of these forms. NR</td>
</tr>
<tr>
<td>ENG 4</td>
<td>3/3/0/0</td>
<td>FICTION FUNDAMENTALS. Prerequisite: Eligibility for ENG 1A. Teaches the fundamentals of storytelling or narrative art, including the basic elements and narrative modes of fiction. Students read published short stories, write fictional works, and assess student fiction manuscripts. RE 1</td>
</tr>
<tr>
<td>ENG 7</td>
<td>3/3/0/0</td>
<td>CREATIVE WRITING: SCRIPTWRITING. Prerequisite: Eligibility for ENG 1A. Recommended Preparation: ENG 3, 4, or 104. Focuses on the special requirements of dramatic writing for television, film, radio, and stage. NR</td>
</tr>
<tr>
<td>ENG 15A</td>
<td>3/3/0/0</td>
<td>SURVEY OF AMERICAN LITERATURE: 1620-1860. Recommended Preparation: Eligibility for ENG 1A. Emphasizes major ideas, authors, and forms in American literature during the 17th, 18th, and early 19th centuries. NR</td>
</tr>
<tr>
<td>ENG 15B</td>
<td>3/3/0/0</td>
<td>SURVEY OF AMERICAN LITERATURE: 1860-CONTEMPORARY. Recommended Preparation: Eligibility for ENG 1A. Emphasizes major ideas, authors, and forms from the late 19th century to the present. NR</td>
</tr>
<tr>
<td>ENG 17A</td>
<td>3/3/0/0</td>
<td>SURVEY OF ENGLISH LITERATURE: BEOWULF TO ROMANTIC MOVEMENT. Recommended Preparation: Eligibility for ENG 1A. Covers 9th century to 1796: Anglo-Saxon, Medieval, Tudor, Renaissance, 17th century and Neoclassical literature. NR</td>
</tr>
<tr>
<td>ENG 17B</td>
<td>3/3/0/0</td>
<td>SURVEY OF ENGLISH LIT: ROMANTIC MOVEMENT TO THE PRESENT. Recommended Preparation: Eligibility for ENG 1A. Covers 1796 to present. Romantic, Victorian, Modern, and Post-Modern literature will be discussed in relation to social and political backgrounds. NR</td>
</tr>
<tr>
<td>ENG 18</td>
<td>3/3/0/0</td>
<td>SHAKESPEARE: THE TRAGEDIES. Recommended Preparation: Eligibility for ENG 1A. An in-depth study of representative plays and criticism, illustrating Shakespeare's mastery of poetic and theatrical techniques and psychological portraiture within the framework of the genre of English Renaissance tragedy. NR</td>
</tr>
<tr>
<td>ENG 19</td>
<td>3/3/0/0</td>
<td>SHAKESPEARE: THE COMEDIES. Recommended Preparation: Eligibility for ENG 1A. A close study of the nature of Shakespeare's comedies, illustrating the variety of Shakespearean comedy from farce to fantasy to the serious study of social problems. NR</td>
</tr>
<tr>
<td>ENG 20</td>
<td>3/3/0/0</td>
<td>SHAKESPEARE: THE HISTORIES. Recommended Preparation: Eligibility for ENG 1A. A study of Shakespeare's history plays set against their relevant historical backgrounds, together with an exploration of Shakespeare's purpose in converting history into drama. NR</td>
</tr>
<tr>
<td>ENG 21A</td>
<td>3/3/0/0</td>
<td>WORLD LITERATURE: ANCIENT TO 17TH CENTURY. Recommended Preparation: Eligibility for ENG 1A. A survey of major authors and literary forms from antiquity to 17th century from world cultures. NR</td>
</tr>
</tbody>
</table>
ENG 21B 3/3/0/0
WORLD LITERATURE: 17TH CENTURY TO MODERN PERIOD
Recommended Preparation: Eligibility for ENG 1A
A survey of major authors and literary forms from the 17th century to the modern period from world cultures. NR

ENG 24 3/3/0/0
ETHNIC VOICES IN LITERATURE: THE AMERICAN EXPERIENCE
Recommended Preparation: Eligibility for ENG 1A
Examines literary works of African-American, Native American, Arab-American, Asian-American, and Latino/Hispanic authors. Focuses on such themes as the American experience; self and family, self and religion, self and culture, self and nature; cultural conflict; war and peace. Compares and contrasts the styles and techniques of the authors. Focuses on social, philosophical, spiritual, and ethical values of the literature. Develops criteria for evaluating literature. NR

ENG 25 3/3/0/0
INTRODUCTION TO LITERATURE
Recommended Preparation: Eligibility for ENG 1A
Examines the basic nature of imaginative literature and the techniques used by informed readers to increase their understanding of and gain insight into works of fiction, drama, and poetry. Some consideration will be given to the concepts and techniques of major critical theories, but the focus will be on practical criticism for the nonspecialist. Specific works studied will be representative of several genres, cultures, and periods. NR

ENG 27A 3/3/0/0
INTRODUCTION TO THE NOVEL
Recommended Preparation: Eligibility for ENG 1A
Surveys American, British, French, and Russian novels emphasizing form, content, philosophical and historical perspectives, and criticism. NR

ENG 44
CLASSICAL MYTHOLOGY
Recommended Preparation: Eligibility for ENG 1A
A study of Greek and Roman myths and legends. Emphasizes the historical sources and the cultural functions of myth and legend in the ancient societies along with their continuing impact upon modern thought. NR

ENG 52 3/3/0/0
THE FILM AS LITERATURE
Recommended Preparation: Eligibility for ENG 1A
Examines foreign and domestic film as a literary art form focusing on the analysis of film techniques that convey standard literary conventions to an audience. NR

ENG 104 3/3/0/0
WRITING SHORT STORIES
Recommended Preparation: Eligibility for ENG 1A; ENG 3
Writing the short story with an emphasis on contemporary publishing standards and an examination of the theories behind this process. R E 1

ENG 107 3/3/0/0
WRITING THE FICTION AND/OR NONFICTION BOOK
Recommended Preparation: Eligibility for ENG 1A or 3
Designed to assist students in the planning, development, and marketing of book-length fiction and non-fiction. R E 1

ENG 117 3/3/0/0
ADVANCED SCRIPTWRITING
Prerequisite: ENG 7
Recommended Preparation: ENG 3 or 4 or 104
Focuses on the theory and practice of the screenplay with an emphasis on contemporary production standards. Students enrolled in this course should be presently working on a dramatic script. R E 2

ENG 142 3/3/0/0
CHILDREN’S LITERATURE
Recommended Preparation: Eligibility for ENG 1A
Covers basic information about children’s cognitive development, the history of children’s literature, types of literature available for children from pre-school to junior high age, major authors and illustrators of children’s books. Focuses on the literary heritage of children’s books from classic to modern. Literary analysis from a variety of critical perspectives; research into current issues in children’s books. NR

ENG 160 3/2/2/0
LITERARY MAGAZINE
Recommended Preparation: ENG 1A or 3
An introduction and practice in the distinctive elements of literary magazine production, providing firsthand experience in the various phases of editing and publishing a small press literary magazine. R E 3

ENG 170 3/3/0/0
REASONING AND COLLEGE READING
Prerequisite: ENG 1A with a “C” or better
For students from all academic disciplines who seek to develop logical thinking, critical reading, and argumentative writing skills. Emphasis is on understanding implied meaning and logic and on developing college-level skills in analytical reading and writing. NR

ENG 180 3/3/0/0
SPEED READING AND COMPREHENSION TRAINING
Designed to improve critical awareness, to double or triple the students’ initial reading rate(s) while maintaining comprehension, and to expand college-level vocabulary. Reading flexibility is emphasized with attention to learning how to read rapidly, scan, study read, and read critically. NR

ENG 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

ENG 190 3/3/0/0
ACADEMIC READING: SUCCESS AND STRATEGIES FOR COLLEGE
Designed to improve students’ abilities for college-level work. Introduces various Learning strategies to improve textbook reading as applied to all stages of academic reading. Critical thinking, summary writing, note-taking and test taking skills will be stressed, as well as time budgeting and memory techniques. NR

ENG 200 3/3/0/0
FUNDAMENTALS OF COMPOSITION
Prerequisite: Satisfactory score on the English Placement Examination or completion of ENG 300, 340, or comparable course with a grade of “C” or better
Concentrates on writing the expository paragraph and multi-paragraph composition through a process approach. Students will learn how to construct a topic sentence or thesis statement with a controlling idea and provide support for that idea in standard English. NR
ENG 210  .5/0/0/1.5
WRITING CENTER
The Writing Center is designed to be taken in conjunction with any college course requiring written assignments inclusive of but not limited to, courses in the social and behavioral sciences; liberal arts; health sciences; and fine arts. Emphasizes individualized instruction and writing skills. Specific course content varies with student need and ability. This course is offered as an open-entry/open-exit course. This course is offered on a pass/no pass basis (formerly ENG 310). R E 3

ENG 221  1/1/0/0
ACADEMIC READING: HUMAN ANATOMY
Designed to improve reading comprehension and academic success in the subject area of human anatomy. The student will use course materials from the BIO 11, Human Anatomy, class to improve academic reading comprehension, apply study skills strategies, and develop discipline-specific vocabulary. NR

ENG 222  1/1/0/0
ACADEMIC READING: PHYSIOLOGY
Designed to improve reading comprehension and academic success in the subject area of physiology. The student will use course materials from the BIO 12 Physiology class to improve academic reading comprehension, apply study skills strategies, and develop discipline-specific vocabulary. NR

ENG 237  1/0/0/3
CRITICAL READING LABORATORY: ADVANCED READING SKILLS
Recommended Preparation: ENG 300 or 340
A lab designed as a supplement to any college course requiring proficiency in reading inclusive of but not limited to, the social and behavioral sciences; health sciences; liberal arts; fine arts; business science; and math, science and engineering. Emphasis is on individualized instruction and in-depth development of college-level critical reading skills. Students will focus on strengthening inferential, analytical, and evaluative critical reading skills, developing advanced vocabulary, and increasing reading rate and flexibility. This is an open-entry/open-exit class. Offered on a pass/no pass basis (formerly ENG 337). NR

ENG 267  3/3/0/0
NOVEL WORKSHOP: REVISING MANUSCRIPTS FOR PUBLICATION
Recommended Preparation: Eligibility for ENG 1A or 3
An intensive analysis of the elements of dramatic fictional structure through student examination of works in progress. Revision of manuscripts to meet contemporary publication standards. Students enrolled in this course should be presently working on a novel or story-based manuscript. R E 3

ENG 289  .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

ENG 300  3/3/0/0
BEGINNING WRITING Corequisite: ENG 301
A beginning-level writing course designed to develop writing fluency through instruction in the writing process—prewriting, drafting, revising, editing—as well as the rules of Standard Written English. Students will learn to communicate a serious idea to an audience by writing short essays, both in and out of class, based on their experiences. Improves ability to derive information from a text, summarize short essays, support a thesis statement with details and examples, and apply the rules of punctuation and grammar to original writing. NR

ENG 301  .5/0/1/0
BEGINNING WRITING LAB Corequisite: ENG 300
This lab is designed to complement the writing techniques taught in English 300, Beginning Writing. Four modules will include the following: prewriting; paragraph development; sentence combining; grammar, usage, and punctuation. NR

ENG 332  0/0/0/1.5
READING AND VOCABULARY SKILLS LABORATORY-ESL
A lab designed for ESL students to supplement courses requiring English language proficiency, inclusive of courses in, but not limited to, the social and behavioral sciences; health sciences; liberal arts; fine arts; business science; and math, science and engineering. Emphasis is on individual instruction responding to diagnosed needs or problems and on practice to improve language-related skills. Areas to be covered include spelling, reading comprehension, vocabulary development, and writing. This is an open-entry/open-exit class. This course is offered on a pass/no pass basis (formerly ENG 332). NR

ENG 332A  .5/0/0/1.5
READING AND VOCABULARY SKILLS LABORATORY-ESL BASIC
An entry-level lab designed for ESL students to supplement courses requiring English language proficiency, inclusive of courses in, but not limited to, the social and behavioral sciences; health sciences; liberal arts; fine arts; business science; and math, science and engineering. Emphasis is on individual instruction responding to diagnosed needs or problems and on practice to improve language-related skills. Areas to be covered include spelling, reading comprehension, vocabulary development, and writing. This is an open-entry/open-exit class. This course is offered on a pass/no pass basis (formerly ENG 332). NR

ENG 332B  .5/0/0/1.5
READING AND VOCABULARY SKILLS LABORATORY - ESL INTERMEDIATE
An intermediate-level lab designed for ESL students to supplement courses requiring English language proficiency, inclusive of courses in, but not limited to, the social and behavioral sciences; health sciences; liberal arts; fine arts; business science; and math, science and engineering. Emphasis is on individual instruction responding to diagnosed needs or problems and on practice to improve language-related skills. Areas to be covered include spelling, reading comprehension, vocabulary development, and writing. This is an open-entry/open-exit class. This course is offered on a pass/no pass basis. NR

ENG 332C  .5/0/0/1.5
READING AND VOCABULARY SKILLS LABORATORY - ESL ADVANCED
An advanced-level lab designed for ESL students to supplement courses requiring English language proficiency, inclusive of courses in, but not limited to, the social and behavioral sciences; health sciences; liberal arts; fine arts; business science; and math, science and engineering. Emphasis is on individual instruction responding to diagnosed needs or problems and on practice to improve language-related skills. Areas to be covered include spelling, interpretive/applied reading comprehension, vocabulary development, and writing. This is an open-entry/open-exit class. This course is offered on a pass/no pass basis. NR

ESL 323 0 or 1/2/0/0
BEGINNING PRONUNCIATION
Corequisite: ESL 999A
Designed to enable students to recognize and reproduce the sounds and intonation patterns of American English. Through intensive pronunciation drills, listening activities, free speaking, and reading of selected simplified passages, students develop confidence in speaking situations. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 325 0 or 3/3/0/0
BEGINNING READING AND WRITING
Recommended Preparation: ESL 320
Designed for the non-native speaker of English focusing on beginning-level reading and writing skills. Emphasis in writing is on beginning-level sentence patterns, basic spelling, basic conventions of standard written English, and basic paragraph forms. Emphasis in reading is on literal comprehension. Expansion of vocabulary is emphasized. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 330 0 or 3/6/0/0
INTERMEDIATE MULTISKILLS I
Recommended Preparation: ESL 321
A low-intermediate course in English for non-native speakers. Emphasis is on further development in listening, speaking, reading, writing, grammar and vocabulary. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 331 0 or 3/6/0/0
INTERMEDIATE MULTISKILLS II
Recommended Preparation: ESL 330
A high-intermediate English course for non-native speakers. Emphasis is on listening, speaking, reading, writing, grammar, and vocabulary. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 332 0 or 2/3/0/0
INTERMEDIATE CONVERSATION
Recommended Preparation: ESL 321 or 322
The second in the ESL conversation series with emphasis on both formal and informal expression and conversation in American English. Topics and vocabulary are expanded. May be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 333 0 or 2/3/0/0
INTERMEDIATE PRONUNCIATION
Corequisite: ESL 999A
Recommended Preparation: ESL 323
An intermediate-level pronunciation course designed for non-native speakers which enables students to recognize, distinguish, and produce the sounds and intonation patterns of American English. Students continue to develop confidence in speaking and comprehension through extensive practice, imitation, sound discrimination, dialogue, response, and reading. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 335 0 or 3/3/0/0
INTERMEDIATE WRITING I
Prerequisite: ESL 321 or 325
Corequisite: ESL 888
Designed for the non-native speaker of English focusing on low intermediate-level writing skills. Emphasis is on gaining control of low-intermediate level sentence patterns, basic conventions of standard written English, and basic paragraph forms. Reading, vocabulary, and grammar activities support and supplement writing instruction. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 336 0 or 3/3/0/0
INTERMEDIATE WRITING II
Prerequisite: ESL 330 or 335
Corequisite: ESL 999B
Designed for the non-native speaker of English focusing on high-intermediate-level writing skills. Emphasis is on high-intermediate-level sentence patterns, conventions of standard written English, and paragraph forms. Reading, vocabulary, and grammar activities support and supplement writing instruction. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 340 0 or 3/6/0/0
ADVANCED MULTISKILLS
Recommended Preparation: ESL 331
An advanced English course for non-native speakers, incorporating academic skills. Emphasis is on further development in listening, speaking, reading, writing, grammar, and vocabulary in general and academic contexts. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 342 0 or 2/3/0/0
ADVANCED CONVERSATION
Recommended Preparation: ESL 331 or 332
Completes the ESL conversation series and aids the ESL student in fluency in both formal and informal conversation in American English within a variety of societal contexts: social, work, and school situations. Topics may be of a controversial nature. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 343 0 or 2/3/0/0
ADVANCED PRONUNCIATION
Corequisite: ESL 999B
Recommended Preparation: ESL 333
Completes the ESL pronunciation sequence. Emphasis on accent reduction, pronunciation accuracy, auditory discrimination, conversation techniques, and selective listening skills. Develops stress distinctions and intonation patterns in order to communicate intent and meaning. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 344 0 or 2/2/0/0
IDIOMS AND EXPRESSIONS IN AMERICAN ENGLISH
Recommended Preparation: ESL 331
An advanced vocabulary course focusing on the idioms and expressions of American English. Designed to help non-native speakers understand and use, in both speech and writing, common and useful English idioms and expressions. Introduces phrasal verbs and collocations. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

ESL 345 0 or 3/3/0/0
ADVANCED WRITING I
Prerequisite: ESL 331 or 336
Corequisite: ESL 888
Designed for the non-native speaker of English focusing on advanced-level writing skills. Emphasis is on gaining control of complex sentence patterns and standard rhetorical patterns. Reading, vocabulary, and grammar activities support and supplement writing instruction. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**Courses with Repeatability Model and Number of Repeats**

**ESL 346**
**ADVANCED WRITING FOR WORK**

Recommended Preparation: ESL 331 or 336

Designed to improve non-native speakers’ reading comprehension and written communication skills necessary for advanced-level work using “real world” texts. Students summarize examples of American business and technical communication, design, write, and analyze different communication examples of memoranda, letters, descriptions, instructions, and other reports focusing on impact, accuracy, and clarity in relation to audience and purpose. Students also review sentence structure and grammar as needed. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 347**
**ADVANCED GRAMMAR REVIEW**

Corequisite: ESL 999B

Recommended Preparation: ESL 331

Begins the advanced, rapidly-paced grammar sequence for non-native speakers of English. Emphasis is on structures particularly difficult for non-native speakers such as the English verb system in all tenses and aspects, including passive voice, modal verbs, and modal-like expressions. Writing of original sentences, applying correct structure and stresses appropriate punctuations. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 354**
**VOCABULARY SKILLS FOR COLLEGE**

Recommended Preparation: ESL 340 or 336

Designed to help non-native speakers of English expand and acquire a college-level vocabulary and idiomatic expressions necessary for academic and vocational courses. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 355**
**ESL READING FOR COLLEGE: AMERICAN LITERATURE**

Recommended Preparation: ESL 340 or 345

Introduces advanced ESL students to techniques for understanding and appreciating excerpts and complete works of fiction, drama, and poetry by American writers. Students write summaries, journal entries, and character analyses and take part in discussions, dramatic activities, and presentations in response to specific works studied. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 356**
**ACADEMIC SUCCESS STRATEGIES FOR ESL STUDENTS**

Recommended Preparation: ESL 340 or 345 or 358

This course is designed to improve advanced ESL students’ academic language skills and likelihood of academic success. Using lecture and textbook materials from a college level course, students will develop study and test-taking strategies, academic discipline-specific vocabulary, classroom participation skills, reading, writing, and note-taking skills. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 357**
**GRAMMAR REVIEW FOR COLLEGE**

Corequisite: ESL 999B

Recommended Preparation: ESL 331, 347

Completes the advanced, rapidly-paced grammar sequence for non-native speakers of English. Emphasis is on structures particularly difficult for speakers of English as a second language such as gerunds and infinitives in both active and passive voice, and noun, adjective, and adverb clauses, including clauses of condition. Writing of original compound and complex sentences with appropriate transitions and punctuation is stressed. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 358**
**LISTENING AND NOTE-TAKING SKILLS FOR COLLEGE**

Recommended Preparation: ESL 340

Designed to prepare foreign-language speakers for mainstream college courses. Emphasis is on note-taking, outlining, comprehension of spoken information, questioning, and paraphrasing techniques necessary for class participation. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 359**
**AMERICAN LANGUAGE AND CULTURE THROUGH FILM**

Recommended Preparation: ESL 331

In this content-based course, students are introduced to selected periods of American history and aspects of American culture through film. Discussion and writing assignments are based on background readings which complement these films. Film provides students with visual, kinesthetic and auditory modes of learning which makes it a highly effective method of enhancing second or foreign-language acquisition. It also offers opportunities to learn idiomatic expression, pronunciation and vocabulary as well as improve listening comprehension while gaining insight into American culture. This course may be offered for zero units on an open-entry/open-exit basis. The unit version of this course is not open-entry/open-exit and may not be repeated.

**ESL 389**
**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**ESL 888**
**ESL SKILLS LAB**

Corequisite: ESL 336, 345

Requires concurrent enrollment in designated ESL reading courses. Enhances and provides practice in skills learned in ESL reading and writing courses. The unit version of this course in not open-entry/open-exit and is repeatable three times. The zero unit version is repeatable. R E 3

**ESL 999**
**ESL LABORATORY**

Corequisite: ESL 322, 333, 343, 347, 357

Requires concurrent enrollment in designated ESL courses. Enhances and provides practice in skills learned in ESL courses. R 99
ESL 999A .25/0/0/1
ESL LABORATORY
Corequisite: ESL 323, 333
Requires concurrent enrollment in designated ESL courses. Enhances and provides practice in skills learned in ESL courses. R E 3

ESL 999B .25/0/0/1
ESL LABORATORY
Corequisite: ESL 343, 347, 357
Requires concurrent enrollment in designated ESL courses. Enhances and provides practice in skills learned in ESL courses. R E 3

Entertainment and Theatre Technology

ETT 40 4/3/3/0
STAGECRAFT
Prerequisite: ETT 40
Principles and techniques of stagecraft, including stage terminology, theatre architecture, scenic construction, painting, tools, materials, and production organization (formerly TA 40.) NR

ETT 41 3/2/3/0
STAGE LIGHTING
Prerequisite: ETT 40
Studies the process of lighting design as well as the equipment. Includes reading a light plot, hanging a show, lighting instruments, computer light boards, electricity, color theory, and design (formerly TA 41). NR

ETT 42 3/2/3/0
COSTUME DESIGN
Involves the study of the principles of costume design, the basic process of design, character analysis, and rendering techniques. A survey of fashion history and study of will be included in the lectures. Crew assignments for major productions will provide instruction in construction techniques (formerly TA 41). NR

ETT 45 3/2/3/0
SCENE DESIGN
Prerequisite: ETT 40
An introduction to the art of scene design, including an investigation of the elements of design in relation to the aesthetic and dramaturgical demands of theatre art; the interrelationship of theatre design functions; and an analysis of space, movement, mood, period, style, and color. The execution of design ideas through techniques of rendering, model-making, drafting, and presentation (formerly TA 45). NR

ETT 100 3/1/4/0
APPLIED TECHNICAL THEATRE PRODUCTION
Recommended Preparation: MATH 351
Focuses on pre-production skills and techniques needed prior to opening a theatrical production. Designed for those interested in a career in technical theatre (formerly TA 100). R E 3

ETT 101 3/2/3/0
FUNDAMENTALS OF DESIGN AND GRAPHICS FOR THEATRE
Prerequisite: ETT 40
Explores the techniques used to communicate visual ideas in the theatrical and entertainment industry, the use of hand-drawing, drafting, basic perspective and supporting computer applications are emphasized. Historical and contemporary concepts and practices in the visual arts of theatre and entertainment (formerly TA 101). NR

ETT 103 1/1/0/0
ENTERTAINMENT INTERNSHIP
Analyze and apply techniques of job application, interview, resume writing and portfolio presentation specific to the entertainment industry (formerly TA 103). NR

ETT 104 3/2/3/0
COSTUME CRAFTS
Explores the techniques used for costumes and costume accessory construction, including paint and dye, millinery, leatherwork, metalwork, mask making, sculptures and casting as well as puppetry. Crew assignment for college productions is required and will provide instruction in costume crafts (formerly TA 104). NR

ETT 130 3/2/3/0
THEATRE MANAGEMENT
Examines the economic and administrative responsibilities of the Performing Arts Manager. Includes management principles of producing, presenting, audience development, fund raising, business management and organization (formerly TA 130). NR

ETT 142 .5 or 1/5 or 1/1 or 2/0
THEATRE PRODUCTION
Covers basic terminology, safety, lighting, and stagecraft equipment and techniques, as well as the production and running of theatrical shows (formerly TA 142). R E 3

ETT 144 2/1/3/0
THEATRE SCENERY PAINTING
A study of the elements of theatrical scenery painting, including historical and present-day methods with practical applications through class efforts of scenery painting, as well as individual scene-painting projects (formerly TA 144). NR

ETT 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

ETT 201 3/2/3/0
ENTERTAINMENT COMPUTER AIDED DRAFTING
Recommended Preparation: ETT 101
Create and manage basic drawings for the entertainment industry using standard drafting software and techniques (formerly TA 201). R E 3

ETT 240 3/2/3/0
ADVANCED STAGECRAFT
Prerequisite: ETT 40
Principles and techniques of stagecraft, with emphasis on stage properties, alternative materials, the use of computers as it relates to automation and organization at theatrical events, automated lighting, alternate spaces, special effects, and stagecraft as a profession and as it relates to all entertainment, including film, television and theme parks (formerly TA 240). NR

ETT 242 3/2/3/0
STYLES OF PAINT FOR THE ENTERTAINMENT INDUSTRY
Recommended Preparation: ETT 244
Creating themed environments by exploring period style elements through art, architecture, and concepts of set design. Focuses on practical application techniques and studies. Provides an overview of social cultural, art, architecture, and period styles and décor from antiquity to the modern age of western civilization applicable to theatrical stage design. NR

ETT 244 3/2/3/0
ADVANCED SCENERY PAINTING
Prerequisite: ETT 144
Examines detailed faux finish techniques, and basic mural layouts. Practical application of more advanced painting methods and tools and the estimating of costs and supplies. NR

ETT 246 3/2/3/0
THEATRE AUDIO TECHNIQUES
Prerequisite: ETT 40
Explores the role of a sound designer in a theatrical production, from equipment to design. Emphasizes current processes and application through discussion and hands-on training. Class covers recording and reinforcement techniques, mixing, microphones, signal processing, and digital editing (formerly TA 246). NR
Environmental Studies

ENV 1 3/3/0/0
INTRODUCTION TO ENVIRONMENTAL STUDIES
Introduction to environmental studies that includes an overview of human activities within the global ecosystem. Examines population growth, energy use, agricultural techniques, water quantity and quality, biodiversity, air quality, and waste disposal, and searches for solutions while exploring future options. R E 1

ENV 6 3/3/0/0
SCARCITY AND ENVIRONMENT
Recommended Preparation: ENV 1
This course equips students with economic methods and tools to analyze basic environmental issues. This course combines theoretical analysis with discussions on specific environmental policies as applied to water, air pollution, energy, climate change and human health issues. Looks at market failure as a cause of inefficient resource use, depletion, and environmental pollution. Focuses on microeconomic analysis of environmental regulations, the problem of social cost, policy instrument choice, enforcement of regulations, and estimating benefits of environmental improvements. NR

ENV 18 4/3/3/0
INTRODUCTION TO ECOLOGY
Examines the relationships among organisms (including humans) and their environment, with an emphasis upon understanding the causal mechanisms underlying each phenomenon. Learning activities will include formal laboratory investigations, examination of live animals and plants, and short field trips to surrounding areas. NR

ENV 23 4/3/3/0
ENVIRONMENTAL GEOLOGY
Principles of sound planning for the human use of the solid earth. Includes environmental studies of earthquakes, mineral and energy resources, floods, beach erosion, landslides, etc. Field trips may be required to fulfill the objectives of this course. Also listed as GEOL 23 Credit given in either area, not both. NR

ENV 24 4/3/3/0
NATURAL HISTORY OF CALIFORNIA
Acquaints the student with the basic physical and biological aspects of the coastal, valley, mountain, and desert environments of California. Field trips are required to fulfill the objectives of the course. NR

ENV 25 3/3/0/0
ENVIRONMENTAL HAZARDS TO HEALTH
Provides an overview of the relationship between environmental pollutants and human health. Includes the general principles of water, soil, and air pollution, chemical and radiation poisoning, of hazardous waste management and environmental change and of other hazards that challenge human health and well-being. NR

ENV 30 3/3/0/0
ALTERNATIVE ENERGY TECHNOLOGIES
An introductory course presenting alternative energy policies and technologies that include geothermal, solar, hydroelectric, nuclear, biomass, and wind power. Problems of control, costs, pollution, and potential health hazards will be presented from both political and technical perspectives. NR

ENV 37 3/3/0/0
ENVIRONMENTAL ETHICS
An overview of basic concepts in the methods of examining current environmental issues and methods for creating judicious environmental policy. Examines the ethical issues raised by environmental challenges and various perspectives on determining our moral obligation to the natural environment. Various arguments/positions from several philosophers will be presented. R E 3

ENV 40 3/3/0/0
ENVIRONMENTAL LAW AND POLICY
A survey course of US environmental law, including environmental assessment, clean air, clean water, waste management, and endangered species. Considers questions of how best to regulate, the role of citizens in environmental protection and law, the values, science, and policy that influence environmental law, and new approaches to environmental protection. R E 3

ENV 105 2/1/2/0
ENVIRONMENTAL STUDIES INTERNSHIP
Recommended Preparation: ENV 1
Develop detailed knowledge in the preparation for future environmental work experience through goals and resume development, interview preparation, understanding of team work dynamics, and overview of the on the job site requirements. R E 3

ENV 106 3/3/0/0
NATURAL RESOURCE CONSERVATION
A comprehensive overview of natural resources and conservation issues. Topics discussed include the history of conservation, including national parks and wildlife conservation, human history in relation to natural resource utilization, and contemporary natural resource use. Contemporary conservation solutions will be investigated. NR

ENV 123 3/3/0/0
WATER AND SOIL CONSERVATION
Evaluation of major water and soil conservation programs and practices, principles of water and soil degradation by erosion, ground water overdraft, chemical transport, climate, topography, and land usage. Examination of the effects of water and soil pollution on population growth, food production, the environment, the economy, and policy. NR

ENV 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

FASH 31 3/2/3/0
TEXTILES
Fabric selection and care considering fibers, yarns, weaves, knits, finishes, and color. Emphasis is on properties of fibers as related to their end use and consumer understanding of fabric performance. Also listed as BUS 31. Credit given in either area, not both. NR

FASH 100 3/2/2/0
FASHION SEWING-BEGINNING
Choosing correct fabrics and patterns, constructing garments using basic sewing techniques, and operating a home and industrial sewing machine. Designed for students with little or no sewing skill. Combination of the FASH 100, 111, and 112 may be taken a maximum of four times. R A 3

FASH 101 3/3/0/0
INTRODUCTION TO FASHION CAREERS
Explores the fashion industry including the development of fashion and consumer demands, fashion producers, fashion retailers, international fashion centers, marketing concepts, promotion, publishing, and advertising areas. Emphasis placed on current industry and careers. NR

FASH 110 3/2/3/0
CONTEMPORARY CLOTHING CONSTRUCTION
Recommended Preparation: FASH 100 or basic sewing skills
Clothing construction methods appropriate for beginners or students wishing to refine their skills. Emphasis is placed on new sewing and fitting techniques for contemporary fabrics and fashion designs, individualizing patterns, and coordinating fabric choices to create the desired fashion image. NR

FASH 111 3/2/2/0
FASHION SEWING--INTERMEDIATE
Recommended Preparation: FASH 100 or basic sewing skills
Designed for the student who has had instruction in basic sewing but needs more help in the integration of garment design with fabric and to perfect and upgrade sewing skills and techniques. Combination of FASH 100, 111, and 112 may be taken a maximum of four times. R A 3

FASH 124 3/2/2/0
WEARABLE ART
Recommended Preparation: FASH 100 or basic sewing skills
Incorporates student's artistic abilities, cultural and ethnic sources, specialty fabrics, needle arts and heirloom sewing to create an artistic wearable garment. Covers design methods, embellishment, surface patterns, and construction of clothing. R E 3

FASH 130 4/4/1/0
FLAT PATTERN DESIGN
Recommended Preparation: FASH 100 or basic sewing skills
Creative fashion and costume design achieved through flat pattern techniques. Use of the basic sloper and construction of half-scale garments. R E 1

FASH 132 3/2/2/0
DRAPING FASHION DESIGNS
Recommended Preparation: FASH 100 or basic sewing skills
Creative apparel-designing using fabric-draping techniques on a dress form with application to the individual. R E 3

**FASH 136**  
**APPAREL DESIGN**  
Recommended Preparation: FASH 130  
Designed to teach the basic skills of garment design: how designers develop a line, sources of inspiration, trend reports, and the elements of a successful apparel line. Course includes garment sketch, line presentation, sourcing, cost sheets, garment specs and taking your line to market. **R E 3**

**FASH 140**  
**FASHION IMAGE**  
Fashion Image aims to help men and women to look and dress their best, taking into account personal style, lifestyle, goals and budget. Provides tools for evaluating your individual style, accentuating your assets, becoming aware of color, proportion and fit. **NR**

**FASH 141**  
**APPAREL SELECTION**  
Concepts of apparel selection for professional and personal needs based on design, culture, image and lifestyles. Includes the study of sociological, physiological, and psychological aspects of dress. The fashion professional uses this information to better design, produce, and select products to meet the needs of a culturally diverse consuming population. **NR**

**FASH 143**  
**FASHION BUYING AND MERCHANDISING**  
Study the principles and techniques of merchandising pertinent to the fashion industry including buying fashion, methods of merchandising fashion, and merchandise control. Also listed as BUS 143. Credit given in either area, not both. **NR**

**FASH 144**  
**FASHION TRENDS AND CULTURAL COSTUMES**  
Examines the forces which influence the fashion trends of today by studying the clothing, textiles, arts, and cultures of the past. Covers historical, artistic, socioeconomic, geographic, religious, political, and cultural influences clothing design, textiles, and fashion from ancient to modern civilization. Includes cultures throughout the world. **NR**

**FASH 145**  
**INTERNSHIP**  
Corequisite: CWE 180  
Supervised and educationally-directed internship. Weekly lectures will relate on-the-job experiences with academic program. To be taken in the final year of program. Also listed as BUS 145. Credit given in either area, not both. **NR**

**FASH 147**  
**SPECIAL EVENTS COORDINATION AND PROMOTION**  
Emphasis is on a student-produced fashion event. The course will provide training in fashion promotion and coordination, retail sales, advertising, and merchandising. Also listed as BUS 147. Credit given in either area, not both. **R E 3**

**FASH 148**  
**VISUAL MERCHANDISING**  
Visual merchandising as both an art form and a selling technique in fashion retailing. The use of color, outfit coordination, store layout, fixtures, lighting, signing, composition, mannequins, and props will be studied. Also listed as BUS 148. Credit given in either area, not both. **R E 3**

**FASH 150**  
**FASHION APPAREL AND PROFESSIONAL TECHNIQUES**  
Information about fashion designers ready-to-wear and non-textile merchandise. Includes men's and women's clothing, jewelry, leather, shoes, and accessories. Examination of methods of construction and production, fashion terms, and consumer information. Stresses professional portfolio development and presentation skills for fashion design and merchandising students. **NR**

**FASH 154**  
**FASHION ILLUSTRATION**  
The study and development of fashion illustration techniques. Included will be the uses and purposes of the four types of fashion drawings: design sketching, production sketching, presentation drawing, and fashion illustration. Emphasis will be placed on the use of croquis and developing freehand sketching skills of the fashion figure in a variety of poses, with attention to the drape texture and pattern of fabric. **R E 3**

**FASH 189**  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. **R E 1**

**FASH 204**  
**UNDERSTANDING APPAREL PRINCIPLES-AIMS CERTIFICATION**  
Learn principles and procedures involved in the business applications of the apparel industry using order processing and manufacturing software. Course will cover distribution, manufacturing and wholesaling using AIMS (Apparel Information Management System), a completely integrated order production and inventory control processing system. Students passing final exam will earn AIMS Certification. **R E 3**

**FASH 205**  
**CORSET CONSTRUCTION**  
Recommended Preparation: FASH 100 or 110  
Covers types of corsets, both historical and modern. Students will create their own pattern, learn proper fitting techniques, evaluate suitability of fabric and boning and build a corset from start to finish. **R E 3**

**FASH 206**  
**DESIGNING/CONSTRUCTING KNITWEAR, ACTIVWEAR, SWIMWEAR**  
Recommended Preparation: FASH 100  
Focuses on sewing, constructing, and designing knitwear garments. Specialty techniques, types of knits, industrial machines used with knits, and basic pattern-making will be covered. Students will create garments ranging from tops to bottoms, dresses, activewear, and swimwear. **NR**

**FASH 207**  
**ECO FRIENDLY FASHION TOUR**  
Learn how professionals in the fashion industry are minimizing their businesses impact on the earth and “going green.” Students will visit designers, retailers, textile manufactures and “eco-preneurs” to learn how they have become fashion crusaders with light footprints. Includes site visits and on-site lectures and presentations. **R E 2**

**FASH 208**  
**SEWING VINTAGE FASHIONS**  
Recommended Preparation: FASH 100 and 111  
Construct garments using vintage sewing patterns. Great for both Fashion and Costume. Reproduce vintage clothing from 1880 through 1970’s using actual and reproduced patterns. Sewing techniques from the past and their modern interpretations will also be examined. Course will include the history and evolution of patterns, sewing machines, sergers, irons, notions and equipment. **R E 3**
FASH 209 2/1/3/0
CONSTRUCTION OF CHILDREN’S CLOTHING
Recommended Preparation: FASH 100 or basic sewing skills
Gain experience in the construction and design of children’s clothing. Use of commercial patterns as well as designing or adapting patterns is an important element. Also includes decorative embellishments, smocking, and needlework suitable for children’s clothing and a study of dressmaker and designer practices. R E 2

FASH 210 1/0/3/0
CLOTHING CONSTRUCTION STUDIO
Corequisite: Enrollment in any fashion course
Add to your sewing knowledge and make your chosen special garment(s). Includes the expertise of fashion instructors and industrial sewing machines. Student may pursue individual projects or complete work in progress. R E 3

FASH 211 3/2/2/0
ADVANCED DRESSMAKING AND CUSTOM SEWING
Recommended Preparation: FASH 111 and 130
Application of advanced techniques in the construction of specialty, custom and couture/designer garments. Use of advanced designer patterns and their manipulation for a custom look and fit. Handling of specialty fabrics such as lace, wools, silks, and napped fabrics as well as sophisticated couture designer finishes and embellishments. R E 3

FASH 212 1/0/3/0
CONSTRUCTION LAB
Corequisite: FASH 100, 110, 111
Includes demonstration and practice of basic and intermediate sewing skills necessary for the student at the fundamental level. Course includes exposure and use of industrial sewing machines, industrial dress forms and industrial irons in a professional studio. Offered as open-entry/open-exit as pass/no pass. R E 3

FASH 213 1/0/3/0
DESIGNER’S LAB
Corequisite: FASH 111, 112, 113, 120, 124, 130, 132, 136, 205, 206, 221, 230, 234, 235, 238, or 251
Recommended Preparation: FASH 100
Includes demonstration and practice of advanced sewing skills necessary for the established student and designer. Course includes exposure and use of industrial sewing machines, industrial dress forms, tailoring equipment, pattern making equipment and industrial irons in a professional studio. Offered as open-entry/open-exit as pass/no pass. R E 3

FASH 214 1/0/3/0
COUTURE LAB
Corequisite: FASH 112, 113, 120, 124, 208, 209, 211, 221, 230, 234, or 238
Recommended Preparation: FASH 100
Includes demonstration and practice of couture and specialty sewing skills necessary for the accomplished student and designer. Course includes exposure and use of industrial sewing machines, industrial dress forms, tailoring equipment, pattern making equipment specialty equipment and industrial irons in a professional studio. Offered as open-entry/open-exit as credit/no-credit. R E 3

FASH 216 1/0/3/0
COSTUMER’S LAB
Corequisite: FASH 110, 112, 120, 124, 130, 132, 205, 206, 208, 211, 221, 230, 234, 238, 240, or 251
Includes demonstration and practice of specialty sewing skills necessary for the costuming student and designer. Course includes exposure and use of industrial sewing machines, industrial dress forms, tailoring equipment, pattern making equipment, specialty equipment, and industrial irons in a professional studio. Offered as open-entry/open-exit as credit/no-credit. R E 3

FASH 221 2/1/3/0
CONTEMPORARY TAILORING
Recommended Preparation: FASH 100 or basic sewing skills
Study tailoring methods using soft, unstructured techniques. It includes elimination of bulk, knowledge of current development in shaping fabrics, new methods of finishing the inside of garments, use of commercial sewing machines, and selection of design and fabrics for contemporary tailoring. Emphasis will be on the professional application of new tailoring techniques and how these are used by the practicing dressmaker and tailor. R E 3

FASH 223 3/2/2/0
MILLINERY DESIGN
Learn the historical art of millinery. Design and construct hats as an accessory line, complete your clothing line, for theatrical costumes, or as wearable art. Covers historical and ethnic inspirations as well as current market interests and trends. Includes design methods, construction techniques and sources for materials. Ideal for students interested in Fashion Design and Costume Design. R E 3

FASH 224 3/2/2/0
ACCESSORY DESIGN
Design and develop a line of accessories. Course covers process of accessory design from inspiration to sourcing and manufacturing of handbags, small leather goods, footwear, millinery, gloves, belts, and neckware. Overview of accessory history as well as current market trends and designers. Construction methods and manufacturing processes for accessories will be covered. R E 3

FASH 225 1/1/1/0
APPAREL CART: FASHION RETAILING
ONLINE WITH EASY CART SHOP
Create an online store for your fashion business using Apparel Easy Shop, the premier online shopping cart for selling apparel products retail. Course covers building your online store with full web administration, credit card processing, secure customer shopping, and many other features specific to apparel. Includes integration into the AIMS (Apparel Information Management Systems). NR

FASH 230 3/2/2/0
ALTERATIONS AND FITTING
Recommended Preparation: FASH 100 or basic sewing skills
Included are basic procedures involved in altering a ready-made garment, industrial sewing-machine operation, identification of specific fitting problems, causes, and remedies. R E 3

FASH 234 2/1/3/0
ADVANCED PATTERN AND DESIGN TECHNIQUES
Prerequisite: FASH 130
Translate complex original designs into garments. Includes instruction in industrial pattern and apparel construction. Students will develop style designs and patterns. R E 3

FASH 235 2/1/3/0
DESIGNING FOR THE FASHION INDUSTRY
Recommended Preparation: FASH 130
A professional course simulating the procedures used in the design department of a garment manufacturer. The student will design misses and junior dresses, lingerie, sportswear, active sportswear, after-five, and children’s wear. Students will deal with the problems of working ahead of fashion seasons, production costs, saleability, and manufacturability of garments. Emphasis also will be placed on improving design techniques. R E 3

FASH 238 2/1/3/0
ADVANCED DRAPING AND FASHION DESIGN
Recommended Preparation: FASH 132
Explores design principles through draping techniques. Student will create half and full scale garments for presentation, professional portfolio, and department fashion show. R E 3

**FASH 240 DYE PROCESSES ON FABRICS**
Explores a variety of methods used to dye and/or print fabrics suitable for use in clothing and interiors. Covers the traditional procedures used, terminology, equipment, and the various new dyes and techniques on the market. Various topics will be covered including block printing, stenciling, batik, fabric painting, tie-dyeing, and direct printing. Methods will be explored to enable professionals and students to design fabrics to suit their garment designs and costume projects. Excellent for fashion, theater costume, art and interior students. R E 3

**FASH 247 SPECIAL EVENTS PARTICIPATION**
Includes planning and participating in a student produced fashion event. Students will showcase garments of their own design or will apply staging principles learned in merchandising courses. R E 3

**FASH 250 FASHION TREND FORECASTING**
Research and identify key trends in the apparel industry. Fashion forecasting research will include looking at fashion silhouette, textiles and colors, then projecting what future fashion trends will be. Covers analysis of trend forecasting companies, street fashion and couture. R E 2

**FASH 251 DESIGNING FOR A CAUSE AND SUSTAINABLE FASHION**
Recommended Preparation: FASH 100, 130 and 154
Designed to teach the basic skills of garment design while promoting a particular cause. Learn how to develop a line, sources of eco-inspiration, trend reports and the elements of a successful apparel line. Explore relationships between philanthropic companies in the textiles, apparel, and retailing and other “green” companies. Drapery and patternmaking using the basic block, fitting techniques, and manipulating pattern or drape to create apparel with design details. R E 3

**FASH 260 THE DIGITAL FASHION IMAGE**
Recommended Preparation: FASH 154
Create digital fashion images using Adobe Photoshop and Illustrator. Technical instruction on sketching and image production from pencil to pen tool. Students will create and merchandise a clothing line and be introduced to the computer generated portfolio. R E 3

**FASH 289 SPECIAL TOPICS**
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Fine Arts**

**FA 27 INTRODUCTION TO FINE ARTS**
An introductory course to the discipline of fine arts, including art, theatre, and music. Explores various topics that unite all fine arts, including terminology, aesthetics, themes, objective and subjective analysis, and techniques of the critique. NR

**FA 189 SPECIAL TOPICS**
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Food and Nutrition**

**FN 50 FUNDAMENTALS OF NUTRITION**
A comprehensive analysis of the principles of nutrition and their relationship to health throughout the life cycle. Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on the needs of the individual. NR

**FN 64 NUTRITION ISSUES AND CONTROVERSIES**
Stresses a topical approach to nutrition and related health conditions with emphasis on evaluation of controversial views and findings. Investigates problems related to food choices, energy balance, over-consumption of foods, food and diet fads and fallacies, nutrient needs, nutrient supplements, food safety, nutrition legislation and current dietary trends. NR

**FN 110 FOOD PREPARATION ESSENTIALS**
Prerequisite: FN 171 or 210 or ServSafe Certificate
Practical experience in healthy food preparation techniques as well as an investigation of scientific principles involved. Emphasis is placed on ingredient selection and interaction, technique and production standards, food safety and sanitation, nutrient values and food presentation. NR

**FN 120 CONTEMPORARY MEALS**
Prerequisite: FN 171 or 210 or ServSafe Certificate
Planning, organizing, preparing and serving attractive, nutritionally balanced meals on the basis of time, energy and money management. Laboratory experiences include conventional, microwave, and convection oven cookery; use of portable appliances, entertaining and meals geared to a variety of life styles. NR

**FN 140 CULTURAL CUISINE**
Prerequisite: FN 171 or 210 or ServSafe Certificate
Emphasizes regional, ethnic, cultural, religious, historical, and social influences on food patterns and cuisines. Laboratory experience with foods from many cultures will be stressed as well as professional and commercial applications. R E 3

**FN 142 CLASSICAL FRENCH CUISINE**
Prerequisite: FN 171 or 210 or ServSafe Certificate
Mastery of techniques in menu planning, preparation, presentation, and service of French cuisine. Professional and commercial applications as well as culinary careers will be explored. R E 3

**FN 160 NUTRITION, WEIGHT MANAGEMENT, AND EATING DISORDERS**
Sound principles of weight management and nutritional concerns of eating disorders. Investigates and evaluates weight-control methods, food fads, fallacies, basic nutritional needs, and recommended lifestyle changes. Current approaches to nutritional care and treatment of eating-disorders will be covered. Emphasizes application of nutrition principles for eating disorder counselors and nutrition professionals in the counseling setting. NR
FN 161 NUTRITION FOR HEALTH OCCUPATIONS  2/2/0/0
Examines the essential nutrients and their interaction with the basic dietary guides. Included will be the application of nutrition to the stages of the life cycle—nutrition-related health conditions, basic principles of therapeutic nutrition, ethnic influences on diet, and guidelines for evaluating nutrition information as to its validity and application. NR

FN 164 SPORTS NUTRITION  2/2/0/0
Overview of basic nutrition concepts for individuals interested in sports, fitness, and health. Emphasis on current nutrition practices related to athletic performance. Covers energy nutrient intakes, hydration, specific activity recommendations, and applications. R E 3

FN 171 SANITATION AND SAFETY  2/2/0/0
Environmental control and its application to food preparation, personal cleanliness, sanitation in the commercial kitchen and dining room, and the use and care of equipment within food service operations. Emphasis on safety and accident prevention on the job and optimum equipment selection, use, and maintenance. NR

FN 173 CATERING AND BANQUETS  3/2/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Recommended Preparation: FN 240 and 244
Catering, management and service, menu planning, equipment selection, logistics, and advanced presentation techniques of catering and banquet production will be included. On-site, off-premise, and special event planning from the perspective of hospitality, profitability, and customer service are emphasized. This course requires students to make themselves available for two catered events within the current semester that may not be scheduled during regular class hours. R E 3

FN 189 SPECIAL TOPICS  .5-4/.5-4/.5-9/.5-9
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

FN 205 NUTRITION FOR CULINARY PROFESSIONALS  3/3/0/0
Overview of nutrition including major nutrients, life cycle needs, energy balance, role of food and nutrition in culinary arts, and consumer expectations and industry response. NR

FN 210 SERVSAFE IN FOOD PRODUCTION  1/1/0/0
Introduction to basic information on food safety risks, standards and practices in restaurant operations. Students may take the federal exam, ServSafe, upon the completion of this course. R E 3

FN 220 FRENCH BISTRO CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Exploration and preparation of the foods of provincial France. Students will gain practical experience in the planning and preparation of representative Provencal French bistro specialties and menus. Attention will be given to techniques, methods, and presentation for the catering and restaurant industry. R E 2

FN 222 CHINESE CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Investigate the many regional cuisines of China, including Szechuan/Hunan, Peking/Mandarin, Cantonese, and Shanghai/Fukien. Practical experience in preparing authentic Chinese dishes is an integral part of the course. Emphasis is on developing professional skills and techniques applicable to the commercial food industry. R E 3

FN 223 ASIAN CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Cuisines of the Philippines, Japan, China, Thailand, India, Vietnam, and Indonesia. Regional, ethnic, religious, and geographic influences on food patterns and customs will be examined. Professional catering and restaurant applications are included. R E 3

FN 226 MEXICAN CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Focus on the art of preparing and presenting the many regional cuisines of Mexico. Practical experience in preparing authentic Mexican dishes is an integral part of the course. Emphasis is on developing professional skills and techniques applicable to the commercial food industry. R E 3

FN 232 TECHNIQUES OF HEALTHY COOKING  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Focus on the art of preparing and presenting healthy cuisine to support lifelong eating patterns that promote good health. Practical experience in planning and preparing healthy dishes using innovative methods—a variety of cultural and ethnic dishes included. Emphasizes exploration of nutrition information, modification of less healthy recipes, substituting ingredients to include more healthful items—including health benefits and recommendations for healthy food choices, planning, and use of specialized ingredients. R E 3

FN 237 MEDITERRANEAN CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
The cuisines and cultures of the following Mediterranean countries are included in course study: Spain, France, Italy, Morocco, Egypt, Greece, and Turkey. Laboratory experiences with food from the Mediterranean will be stressed as well as commercial applications. Included will be appetizers, soups, salads, main dishes, meal, game preparation, sauces, dressings, and desserts appropriate to the region. R E 3

FN 228 ITALIAN CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Theory and study of Italian cuisine. Regional and cultural differences are explored as to how they are represented in traditional specialties. Students will gain practical experience in the techniques, preparation, and presentation of Italian cuisine. Development of professional skills for catering and the restaurant industry will be emphasized. R E 3

FN 228 VEGETARIAN CUISINE  2/1/3/0
Prerequisite: FN 171 or 210 or ServSafe Certificate
Focus on the art of preparing and presenting vegetarian foods. Practical experience in preparing vegetarian dishes, variety of cultural and ethnic dishes included. Also includes an exploration of nutrition information including health benefits and recommendations for healthy food planning, and use of specialized ingredients. Emphasis is on developing professional skills and techniques applicable to the commercial food industry. R E 3
Courses

**Courses**

**American Regional Cuisine**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Culinary history and survey of major influences and origins of American foods. Regions covered include the Northeast, Southern, Middle America, Pacific Northwest, Southwest, and California. A unique cuisine has been created from the contributions of Native Americans and many immigrant groups. This diverse culinary heritage will be investigated through hands-on preparation of traditional regional foods.

**Baking Fundamentals I**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Fundamental principles of baking, including weights and measurement techniques, ingredients, and their uses. Includes cookies, pies and pie fillings, quick breads, yeast doughs and custards.

**Baking Fundamentals II**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Emphasis on specialty and advanced baking skills, techniques, methods, and presentation. Hands-on production of pastries, cakes and fillings, puff dough, mousses and Bavarians integrated with accompaniments from international cuisines.

**Culinary Principles I**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Introduction to the professional field of Culinary Arts. Beginning students will gain a general understanding of cooking theory while developing professional culinary arts skills. Basic cooking principles of stocks, sauces, soups, poultry, vegetables, and starches will be included. Development of culinary skills through lab applications.

**Culinary Principles II**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Advanced principles and techniques of culinary arts will be covered. Practical experience in techniques, preparation, presentation, and service of poultry, meats, fish and shellfish, charcuterie will be explored. Purchasing, storage and quality control of products will be taught.

**Food and Beverage Operations**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Food, beverage, and labor cost controls for careers in food and beverage operations. Specific areas covered include purchasing, receiving, storage, issuing, production, and sales. Introduces the basics of cost-volume-profit analysis.

**Food Service Business**
- **Prerequisite:** FN 171 or 210 or ServSafe Certificate
- Introduction to the fundamentals of the food service business, including an understanding of service, menu planning, and cost control. Emphasis is placed on the operational aspects of food service businesses.

**Internship**
- **Corequisite:** CWE 180
- Students will be taught the philosophy of securing an internship, job site, learn desirable workplace qualities, resume writing, interview techniques and on the job time management skills.

**Introduction to French Language and Culture**
- **Recommended Preparation:** College-level reading ability
- Trace the development of French culture from Roman period to modern times. Conducted in English. No prior study of French language or culture required.

**Intermediate FRENCH**
- **Prerequisite:** FR 2 or three years of high school French
- Corequisite: FR 999B
- Concentrates on the development of fluency in the skills needed to communicate in French. Further study of cultural topics.

**Intermediate Conversational French**
- **Prerequisite:** FR 3 or four years of high school French
- Corequisite: FR 999B
- Designed to develop fluency in French. The emphasis is on both formal and informal expression and conversation in the language.

**French Language Lab**
- **Corequisite:** FR 1, 2
- Requires concurrent enrollment in designated Elementary French courses. Enhances and provides practice in skills learned in Elementary French Language courses.
PHYSICAL GEOGRAPHY LABORATORY
Prerequisite: Taken concurrently with GEOG 1 or after completing GEOG 1
An earth environment laboratory that explains in greater depth the ideas and relationships of physical geography. Stresses the scientific method in interpreting Earth-sun relations; time; earth representation through globes and maps; weather (temperature, moisture, pressure and winds); climate; natural vegetation; soils and landform evolution by tectonic forces, erosion and deposition. NR

GEOG 110 2/1/2/0
INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS (GIS)
Recommended Preparation: CIM 174A
Provides conceptual overview of Geographic Information Systems (GIS). Coursework based on the mapping and spatial analysis capabilities of desktop GIS software. Students are introduced to the tools and techniques of GIS, including data management and manipulation, analysis, cartographic presentation, and basic GIS programming fundamentals. Applications can be applied to various disciplines to explore the use of GIS already in the GIS field seeking additional training. Also applicable to those in their fields. Also listed as GEOG 110. Credit given in either area, not both. NR

GEOG 1L 1/0/3/0
PHYSICAL GEOGRAPHY
Focuses on the basic physical elements of geography: Earth-sun relationships, weather, climate, landforms, soils, water and natural vegetation, and their integrated patterns of world distribution. NR

GEOG 2 3/3/0/0
CULTURAL GEOGRAPHY
Introduction to social and political elements of geography and a survey of major cultural patterns. NR

GEOG 3 3/3/0/0
WORLD REGIONAL GEOGRAPHY
Introduction to the world's geographical regions and major countries with an emphasis on human cultural patterns and their evolution in diverse physical environments. NR

GEOG 38 3/3/0/0
CALIFORNIA GEOGRAPHY
The natural and cultural environment of California with special emphasis on the effects of the climate, topography, resources and location upon the social, political and economic development of the state. NR

GEOG 102 1/5/1.5/0
GEOGRAPHY FIELD STUDIES
A lecture and laboratory field course to study the physical and cultural geography of Western North America. Thematic emphasis and course content will vary depending on location. R E 3

GEOG 106 1/5/1.5/0
FIELD STUDIES OF DESERT REGIONS
Studies the physical and cultural geography of California deserts. Thematic emphasis and course content will vary depending on location. R E 3

GEOG 107 1/5/1.5/0
FIELD STUDIES OF MOUNTAIN AREAS
Studies the physical and cultural geography of mountain areas of California. Thematic emphasis and course content will vary depending on location. R E 3

GEOG 108 2/1/3/0
FIELD STUDIES OF WESTERN NORTH AMERICA
Studies the physical and cultural geography of Western North America. Thematic emphasis and course content will vary depending on location. R E 3

GEOG 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

GEOG 211 2/1/2/0
INTERMEDIATE GEOGRAPHIC INFORMATION SYSTEMS (GIS)
Prerequisite: GEOG/GIS 110
Intermediate GIS course prepares students for advanced geographic analysis. Students will integrate geographic and spatial concepts into acquisition and creation of Geographic Information Systems (GIS), Global Positioning system (GPS) and varied data types, cartography, programming, and raster data. Laboratory exercises will allow students of various disciplines to explore the use of GIS in their fields. Also applicable to those already in the GIS field seeking additional skills. Also listed as GEOG 211. Credit given in either area, not both. NR

GEOG 289 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Geology**

**GEOL 1**

**INTRODUCTION TO PHYSICAL GEOLOGY**

Integrated study of the principles of geology and the use of geologic clues to determine earth history. Emphasis will be placed on the composition of earth’s crust and interior, plate tectonics, volcanism, earthquakes, mountain building, surface processes and natural resources such as minerals, fossil fuels, and water. Includes laboratory exercises in identifying common minerals and rocks, reading and interpreting aerial photos, topographic, and geologic maps. Field trips will supplement laboratory work. NR

**GEOL 2**

**HISTORICAL GEOLOGY**

Recommended Preparation: GEOL 1 or 20

A study of the physical and biological aspects of the evolution of the earth. The history and origin of the earth continents, oceans and atmosphere; origin and evolution of life; global tectonics; methods and concepts utilized in deciphering the geologic records. Field trips may be required to fulfill the objectives of this course. NR

**GEOL 3**

**GEOLOGY OF CALIFORNIA**

A study of California’s geologic provinces and their direct affect on the human history of the state. How the San Andreas Fault system, other earthquake faults, volcanoes, mountain ranges, glacial valleys, and other geological features relate to and influence our life in this state. How our energy resources and recreation are directly related to the geology of the state. Field trips may be required to fulfill the objectives of this course. NR

**GEOL 4**

**NATURAL DISASTERS**

Examines how human evolution, society, culture, and even where we choose to work and live, are dictated by natural hazards. The entire time scale from formation of the universe to the present earth system will be considered. The physical processes causing earthquakes, volcanic eruptions, tsunamis, floods, windstorms, and asteroid impacts will be described, along with the role played by these random, rapid processes in the geological and biological evolution of the planet. NR

**GEOL 7**

**WEATHER AND CLIMATE**

A survey course in meteorology, emphasizing atmospheric composition and variability as well as interactions between atmosphere, oceans and continents to produce our weather. Includes the terminology and tools that meteorologists employ to observe, study, and predict storm systems, storm fronts, thunderstorms, tornadonadoes, and wind-driven ocean waves. Current topics such as air pollution and climate change will also be addressed. NR

**GEOL 20**

**INTRODUCTION TO EARTH SCIENCE**

Introduces and brings together geology, oceanography, meteorology, and astronomy. Study of the universe, solar system, solid earth (rocks, minerals, plate tectonics, mountain-building, and earthquakes), oceans, shorelines, the atmosphere, and life, past and present. Field trips may be required to fulfill the objectives of this course. NR

**GEOL 21**

**THE SOLAR SYSTEM**

A study of the origin and evolution of our solar system, from the beginning to the present, as deduced from sampling, remote sensing, exploration, imagery, and theory. We will discuss and compare composition; tectonics; volcanism; surface processes; and atmospheric and thermal evolution of earth, the moon, terrestrial, and Jovian planets and their satellites. Additional topics will include meteorite and comet impacts and the possible existence of life elsewhere in the solar system. Field trips may be required to fulfill the objectives of this course. Also listed as ASTR 21. Credit given in either area, not both. NR

**GEOL 23**

**ENVIRONMENTAL GEOLOGY**

How the earth affects man and man affects the earth. Includes environmental studies into the problems related to earthquakes, volcanism, floods, landslides, the shoreline, energy resources and pollution. Principles of sound planning for human use of the planet earth. Field trips may be required to fulfill the objectives of this course. Also listed as ENV 23. Credit given in either area, not both. NR

**GEOL 172**

**GEOL 173**

**MOJAVE DESERT**

Studies the origin, evolution, and geology of the Mojave Desert and adjacent areas. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

**GEOL FIELD STUDIES:**

**DIEH VALLEY**

Studies the origin, evolution, and geology of Death Valley National Park and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

**GEOL 174**

**EASTERN SIERRA REGION**

Studies the origin, evolution, and geology of Eastern Sierra region and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

**GEOL 175**

**GEOL FIELD STUDIES:**

**SAN ANDREAS FAULT**

Studies the origin, evolution, and geology of the San Andreas, Transverse Range and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

**GEOL 179**

**GEOL FIELD STUDIES:**

**KING’S CANYON-SEQUOIA**

Studies the origin, evolution, and geology of the Kings Canyon/Sequoia Parks and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

**GEOL 182**

**GEOL FIELD STUDIES:**

**COAST RANGE-MORRO BAY**

Studies the origin, evolution, and geology of the Coast Range, Morro Bay, and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR
GEOL 183 1/5/1.5/0
GEODETIC FIELD STUDIES:
ANZA-BORREGO DESERT
Studies the origin, evolution, and geology of Anza-Borrego Desert Park and adjacent areas. Thematic emphasis and course content will vary. Scheduled to minimize conflict with other classes. Students in geology and earth sciences are encouraged to enroll. NR

GEOL 185 1/5/1.5/0
GEODETIC FIELD STUDIES: YOSEMITE
Studies the origin, evolution, and geology of Yosemite National Park and surrounding areas. Thematic emphasis and course focus varies seasonally. NR

GEOL 189 5/4/5-4/5-9/5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

German

GER 1 5/5/0/0
ELEMENTARY GERMAN
Corequisite: GER 999A
Recommended Preparation: College-level reading ability
Designed to develop the fundamentals of communicative competence in colloquial German. The emphasis is on listening, comprehension, and conversational skills. Early reading and writing skills are introduced as well as fundamental aspects of culture. Equivalent to two years of high school German. NR

GER 2 5/5/0/0
ELEMENTARY GERMAN
Prerequisite: GER 1 or two years of high school German
Corequisite: GER 999A
Designed to further the fundamentals of communicative competence in daily spoken German. Although the focus remains on listening comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

GER 3 5/5/0/0
INTERMEDIATE GERMAN
Prerequisite: GER 2 or three years of high school German
Corequisite: GER 999B
Reviews the fundamentals with further study of the German language and culture. NR

GER 4 5/5/0/0
INTERMEDIATE GERMAN
Prerequisite: GER 3 or four years of high school German
Corequisite: GER 999B
Concentrates on the development of fluency in the skills needed to communicate in German. Further study of cultural topics. NR

GER 10 3/3/0/0
INTERMEDIATE CONVERSATIONAL GERMAN
Prerequisite: GER 2 or three years of high school German
Designed to develop fluency in German. The emphasis is on both formal and informal expression and conversation in the language. NR

GER 200 1/1/0/0
BEGINNING PRACTICAL GERMAN
Introduces basic vocabulary including phonetics of German alphabet, pronunciation, simple sentence structure, spelling rules, common nouns, adjectives, and verbs. Includes simple tenses, subject-verb order, conjugation of verbs and declarative, imperative and interrogative sentence structure. Cultural aspects of Germany, Austria, and Switzerland are included. Develops grammar skills and pronunciation in preparation for Elementary German. R E 1

GER 999A .25/0/0/1
GERMAN LANGUAGE LAB
Corequisite: GER 1, 2
Requires concurrent enrollment in designated Elementary German courses. Enhances and provides practice in skills learned in Elementary German courses. R E 3

GER 999B .25/0/0/1
GERMAN LANGUAGE LAB
Corequisite: GER 3, 4
Requires concurrent enrollment in designated Intermediate German courses. Enhances and provides practice in skills learned in Intermediate German language courses. R E 3

GC 63 3/2/3/0
INTRODUCTION TO SCREEN PRINTING
Principles, basic methods and techniques of preparing handset and photographic stencils, printing techniques, simple color separation, and equipment and material handling. Care, use, and safety precautions in operating and cleaning the silk-screen unit. Also listed as ART 63. Credit in either area, not both. R E 3

GC 101 3/2/3/0
INTRODUCTION TO GRAPHIC COMMUNICATION
Designed to introduce the graphics major as well as the non-major to the broad field of graphic communications. Includes experience in design, press operations, and bindery, as well as hands-on experience in each of the major printing processes, including offset lithography, letterpress, and screen printing. R E 1

GC 106 3/2/3/0
ADVANCED SCREEN PRINTING
Prerequisite: GC 63
Recommended Preparation: GD 140, 147, 149, 154
Advanced theory, methods and techniques of the screen printing process including both spot and process color separations, multiple color registration, screen construction and prep, alternative media and specialized ink systems. Emphasis placed on improving a student’s basic printing technique to an advanced skill level. R E 2

GC 189 5/4/5-4/5-9/5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

GC 195 3/1/4/0
GRAPHICS STUDIO
Recommended Preparation: GC/ART 63 and GC 101
For the advanced graphics student who requires actual production experience or additional training in a specific area. Skills will be enhanced by hands-on experience in the production of graphics in computer graphics, graphic communications, design or illustration/animation. R E 3

GC 210 3/2/3/0
LETTERPRESS
The traditional art of letterpress printing. Today many designers are returning to the craft of letterpress—printing from metal and wooden type and photopolymer plates—as a unique option to offset printing. Letterpress offers a tactile quality and nostalgic feel that can’t be achieved with any other technique. R E 3

GC 289 5/4/.5-4/5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
### Graphic Design

**GD 140**  
**BEGINNING GRAPHIC DESIGN**  
Introduction to fundamentals of design concepts that explore organization of visual elements for graphic communication. Studio work will include traditional and computer-generated assignments in layout and typography. Designed to convey current concepts in the graphic design field. Also listed as ART 140. Credit given in either area, not both. **NR**  

**GD 141**  
**GRAPHIC RENDERING TECHNIQUES**  
The exploration of two-dimensional media for graphics. Projects encourage exploration and control in a variety of design applications. Recognition and choice of techniques in translating ideas into renderings. Also listed as ART 141. Credit given in either area, not both. **R E 3**  

**GD 142**  
**PACKAGE DESIGN**  
Introduction to traditional and computer-generated construction and layout of three-dimensional packaging, including labels, overwraps, printed cartons, and point-of-purchase displays. Also listed as ART 142. Credit given in either area, not both. **NR**  

**GD 144**  
**TYPOGRAPHY**  
Basic principles of typography explored. Course is intended to provide the students with practical, formal, and communicative typographic skills. Instruction focuses on understanding the practical and analytical application of typography in graphic design and its critical evaluation. Emphasis is on developing strong typographic skills in students. Instruction focuses on problem solving and technical training while at the same time nurturing intuition and creativity. **NR**  

**GD 145**  
**GRAPHIC ILLUSTRATION**  
Develop illustrations for advertising, graphics, and editorial use. Design and apply illustrations with consideration for reproduction requirements. Illustrations will be done in line art, black and white, and limited and full color in select mediums. Also listed as ART 145. Credit given in either area, not both. **NR**  

**GD 147**  
**INTRODUCTION TO COMPUTER GRAPHICS**  
Introductory computer graphics course which covers many aspects of computer-generated art and graphics. The student will use Macintosh computers and Adobe Creative Suite to assist in creating art and graphics using many different software programs applicable today for use in graphics. **R E 2**  

**GD 148**  
**DIGITAL GRAPHIC DESIGN**  
Recommended Preparation: GD/ART 140 or GD 147  
Introductory course for students interested in graphic design and the computer as used in design. Students are familiarized with the basic principles of the Macintosh computer as it relates specifically to graphic design. The course uses a range of software for layout and design. **NR**  

**GD 149**  
**DIGITAL ILLUSTRATION**  
Exploration of vector illustration software on the Macintosh computer. Work in black and white as well as color. Intended for those with experience in art and design. **NR**  

**GD 150**  
**DIGITAL ANIMATION**  
Recommended Preparation: GD/ART 141, GD 147, 149  
Introduction to Macintosh computer-based presentations of animation development as it relates to the design industry using Flash software. Computer-based presentations allow graphic designers, illustrators, and animators to breathe life into storyboards with sound and visual effects. **NR**  

**GD 151**  
**DIGITAL LAYOUT AND DESIGN**  
An introduction to layout design for print and web publishing that covers typography, layout theory, pre-press production methods and project management. Emphasizes practical development techniques to produce digital visual images efficiently. Software instruction uses industry standard design software. **NR**  

**GD 154**  
**DIGITAL PRE-PRESS**  
Recommended Preparation: GD 147 and 151  
Introductory course for students interested in the Macintosh computer’s capability, along with digital printers, to input pre-press information including color separation. Study production techniques as they relate to the computer and its output devices. Scanning images for correct output DPI is covered. **NR**  

**GD 189**  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. **R E 1**  

**GD 200**  
**PHOTOSHOP SKILLS FOR GRAPHIC DESIGNERS**  
Designed to help graphic designers master professional studio techniques including custom typographic treatments and special photographic effects in Adobe Photoshop. Emphasizes technical proficiency and aesthetic judgment. Students will develop creative projects using a broad range of skills. **R E 3**  

**GD 210**  
**MOTION GRAPHICS**  
Introduction to the tools and basic principles of creating motion graphics, the future of graphic design in the digital age. Today’s graphic design is increasingly viewed on cell phones, computer monitors, and other digital video systems. Motion graphics is the new language of graphic design combining moving images and typography, special effects, and sound. In this introductory course the student will develop a command of Adobe After Effects software to produce impressive and effective motion graphics for advertising and informational uses. Planning, production, and the aesthetic issues of 2-D animation are covered. **R E 3**  

**GD 240**  
**INTERMEDIATE GRAPHIC DESIGN**  
Recommended Preparation: GD 140  
Study of design concepts to explore organization of visual elements to graphics. Studio work will include layout and production of designed formats (magazine ads, logos, TV storyboard, newspapers and ads) and conceptualization techniques in the graphic design field, as well as portfolio preparation. Also listed as ART 240. Credit given in either area, not both. **NR**  

**GD 289**  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. **R E 1**
### Health

**HLTH 1** 3/3/0/0  
**CONTEMPORARY HEALTH ISSUES**
An exploration into traditional and holistic health topics as they affect the individual, family, community and society. General topics include stress reduction techniques, emotional management, and communication skills. Sexuality and intimate relationships, nutrition, weight management, fitness, aging, dying, narcotics, alcohol, tobacco, values clarification, goal setting, and time management are also included. NR

**HLTH 2** 1.5/1.5/0/0  
**RESPONDING TO EMERGENCIES/ FIRST AID AND CPR**
A course in accident and injury prevention, CPR, AED and first aid for common injuries/illness. Successful completion qualifies a student for the American Red Cross Responding to Emergency CPR, AED and First Aid certificate. R 99

**HLTH 3** 3/3/0/0  
**WOMEN’S HEALTH ISSUES**
An exploration of all health issues that affect the quality of women’s daily lives. A special emphasis on women’s issues, including sexuality, and intimate relationships, reproductive issues and PMS, communication skills, fitness concepts, nutrition, and food awareness, belief systems and emotional management, relaxation, visualization and stress reduction, and aging and dying. Also includes setting and attaining goals. NR

### Health Information Technology

**HIT 200** 3/3/0/0  
**HEALTH INFORMATION SCIENCE**
Introduction to the health information management profession, including health services organization and delivery methods; collection, maintenance, and analysis of health data; requirements and standards for health information; information systems; regulatory, licensure, and accreditation standards. Letter grade only. NR

**HIT 204** 3/3/0/0  
**QUALITY PERFORMANCE IMPROVEMENT IN HEALTHCARE**  
Recommended Preparation: MATH 251
An introduction to the quality management and performance improvement process in health care settings, and focuses on collecting, analyzing, and presenting data. The course covers introduction to quality management techniques and tools, patient safety, accreditation, utilization and risk management. In addition, the course covers vital statistics in health care, including formulas, medical research, and planning. Letter grade only. NR

**HIT 207** 3/3/0/0  
**INFORMATION TECHNOLOGY/EHR IN HEALTHCARE**  
**Prerequisite:** CIM 112
Information management technologies used in the management of health information; software applications; data and information file structures; querying databases; presentation and manipulation of data; data security and protection of health information; and information systems planning life-cycle. Letter grade only. NR

**HIT 209** 3/3/0/0  
**MANAGEMENT OF RESOURCES**  
**Recommended Preparation:** HIT 200
Management of human, financial, and physical resources in a Health Information Management (HIM) department including: leadership, training and motivation, staffing and productivity, communication and performance review, process improvement, budgets, development of policies and procedures, and goal setting. Letter grade only. NR

**HIT 216** 2/2/0/0  
**DIRECTED PRACTICE I**  
**Prerequisite:** HIT 200, 207, 221; HSC 204; INSR 224A, 226A, 228A, 260; MA 206, 222; ENG 200
Limitation: 1) Physical examination and health clearance required 2) Background clearance required 3) Professional liability insurance required  
**Corequisite:** CWE 180
Recommended Preparation: CIM 112
Examines the structure, content, and utilization of the Electronic Health Record, with emphasis on Health Information Management as it relates to the non-acute care setting. The focus is on the components, necessary knowledge base and security of electronic health records in the physician’s office and the ambulatory setting. Letter grade only. NR

**HIT 219** 2/2/0/0  
**DIRECTED PRACTICE II**  
**Prerequisite:** MA 217A or 217C or HIT 216; and HIT 204 and 209
Limitation: 1) Physical examination and health clearance required 2) Background clearance required 3) Professional liability insurance required  
**Corequisite:** CWE 180
Examines the structure, content, and utilization of the Electronic Health Record, with emphasis on Health Information Management as it relates to the Health Information Department of an affiliated health care organization, including the acute care setting. The focus is on the components, necessary knowledge base, and security of electronic health records in the organizational setting. Letter grade only. NR

**HIT 221** 4/3/3/0  
**ADVANCED ICD CODING WITH ENCODERS LAB**  
**Prerequisite:** CIM 112
Recommended Preparation: HSC 201 and 244
Prepares students for the inpatient coding process by teaching the rules, guidelines, functions, and complex issues of the ICD using medical records. Students will use specialized software for the completion of the Health Information Management (HIM) processes with emphasis on encoders and groupers. Letter grade only. NR

### Health Sciences

**HSC 201** 3/3/0/0  
**MEDICAL TERMINOLOGY**
Application and orientation to medical terminology, basic structure of medical terms and their components--roots, prefixes, suffixes and combining forms. Emphasizes analysis, meaning, spelling and pronunciation to building a medical vocabulary applicable to the specialties of medicine, major diseases and terms used on physical examination, diagnosis and treatment. Letter grade only. NR

**HSC 217** 2/2/0/0  
**CARDIAC DYSRHYTHMIAS**  
**Recommended Preparation:** N 172 or EMT 205 and 205L
Emphasizes cardiac function, normal and abnormal heart rhythms, causes of dysrhythmias, and interpretation of monitoring equipment printouts. NR

</table>

**HSC 228**

**CALCULATIONS FOR MEDICATION ADMINISTRATION**

Basic concepts for problem-solving in administering drugs and solutions. Stresses equivalencies and unit conversions. Uses dimensional analysis system for problem solving. NR

**HSC 244**

**DISEASE PROCESSES FOR THE HEALTH SCIENCES**

Prerequisite: BIO 113 and HSC 201

A conceptual approach to the study of disease processes including common assessment strategies and treatments with an emphasis on the body’s response to the disease process. Letter grade only. NR

**HSC 289**

**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**HSC 291**

**MANAGEMENT OF AGGRESSIVE BEHAVIOR IN HEALTHCARE SETTINGS**

Created for individuals who work in healthcare settings and may be in close contact with verbally and physically aggressive individuals. The theory of recognition and prevention of the assaultive crisis will be discussed. Students will participate in exercises to learn how to diffuse aggressive client behaviors. Students will also participate in exercises used with physically aggressive clients in healthcare settings. Letter grade only. R E 3

**HEBR 1**

**ELEMENTARY HEBREW**

Prerequisite: HEBR 1 or two years of high school Hebrew

Corequisite: HEBR 999A

Designed to further the fundamentals of communicative competence in daily spoken Hebrew. Although the focus remains on listening, comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

**HEBR 2**

**5/5/0/0**

**ELEMENTARY HEBREW**

Prerequisite: HEBR 1 or two years of high school Hebrew

Corequisite: HEBR 999A

Designed to further the fundamentals of communicative competence in daily spoken Hebrew. Although the focus remains on listening, comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

**HEBR 3**

**5/5/0/0**

**INTERMEDIATE HEBREW**

Prerequisite: HEBR 2 or three years of high school Hebrew

Corequisite: HEBR 999B

Intermediate level course focuses on fluency on reading, writing, speaking, and listening. Continues the study of Hebrew culture. NR

**HEBR 999A**

**.25/0/0/1**

**HEBREW LANGUAGE LAB**

Corequisite: HEBR 1, 2

Requires concurrent enrollment in designated Elementary Hebrew courses. Enhances and provides practice in skills learned in Elementary Hebrew courses. R E 3

**HEBR 999B**

**.25/0/0/1**

**HEBREW LANGUAGE LAB**

Corequisite: HEBR 3, 4

**HIST 4**

**3/3/0/0**

**WORLD HISTORY TO 1750**

A survey of major themes and events in world history from the earliest civilizations to 1750. Emphasis will be placed on the rise of ancient Egypt, Greece, and Rome; the early Indian, Chinese, Latin American, and African empires, and European expansionism and global encounters. NR

**HIST 5**

**3/3/0/0**

**WORLD HISTORY FROM 1750**

A survey of major themes and events in world history from 1750 to the present. Emphasis will be placed on the Atlantic slave trade and slavery in the Americas, late 18th and early 19th century political revolutions, the Industrial Revolution, imperialism and colonialism, and 20th Century nationalist movements and revolutions. NR
HIST 7 3/3/0/0
SOCIAL AND ECONOMIC HISTORY OF THE U.S. TO 1876
Surveys the American social and economic experience from the colonial period through Reconstruction. Featured topics include colonization; westward expansion of Europeans; the interaction of Native American and European cultures; merchant and early industrial capitalism; motives for and consequences of independence from Great Britain; development and economic implications of federal government; slavery, indenture and free labor; immigration; conflict between the agrarian/republican and urban-industrial/federalist visions of America; military involvements, and conditions of private and family life. NR

HIST 8 3/3/0/0
SOCIAL AND ECONOMIC HISTORY OF THE U.S., 1877 TO THE PRESENT
Surveys the American social and economic experience from Reconstruction to the present. Featured topics include the emergence of big business; labor and unionization; focus shifts from agriculture to manufacturing to services; government's role in regulating industry and taming business cycles; immigration and internal migrations; urbanization; gender roles and family structure; technological change; living conditions; the distribution of wealth; African American legal rights and economic realities; effects on Native Americans of U.S. expansion and federal oversight; economic globalization; overseas military actions, and new challenges to security and liberty. NR

HIST 10 3/3/0/0
PERSPECTIVES OF PEACE STUDIES
A comprehensive study of nonviolent philosophies and movements from the ancient world to the present, with particular emphasis on Mohandas Gandhi, Martin Luther King, Jr., and the movements they led. NR

HIST 11 3/3/0/0
REVOLUTIONS AND REVOLTS
Examination of the origins, phases, and results of selected revolutions throughout modern world history. Analyze from a comparative perspective interpretations of the causes; phases; results of the revolutions; and how issues of gender, race, and class shaped these revolutions. NR

HIST 15 3/3/0/0
THE VIETNAM WAR
A study of the Vietnam War, including an examination of how the United States became involved, how this war was waged, and reactions to the policy in the United States and within the international community. An analysis of the legacies of the Vietnam conflict will be covered as America confronts world problems today. NR

HIST 16 3/3/0/0
HISTORY OF THE UNITED STATES TO 1876
History of the United States from its colonial origins through the period of the Reconstruction, in terms of cultural, economic, political, and social developments as influenced by geographical and cultural expansions and sectional conflicts. NR

HIST 17 3/3/0/0
HISTORY OF THE UNITED STATES SINCE 1876
Focuses on U.S. history from the Reconstruction period to the present, relating to such areas as Industrial Revolution, reform movements from the Progressives to the New Deal, overseas expansion, collective security in foreign affairs, and other foreign and domestic issues since World War II. NR

HIST 18 3/3/0/0
UNITED STATES SINCE 1945
Survey of the United States and its world relationships following the close of World War II. Special emphasis will be given to the Cold War, American social ferment, political history, the development of the Civil Rights Movement, and American foreign policy through Persian Gulf War. NR

HIST 19 3/3/0/0
ETHNIC CULTURES OF THE UNITED STATES
A general overview of the sociological, psychological, and historical background of selected ethnic groups in the United States. Topics include social, political, and economic factors, as well as intergroup relationships, prejudice, discrimination, affirmative action, immigration, assimilation, and social change. Also listed as SOC 20. Credit given in either area, not both. NR

HIST 20 3/3/0/0
LATIN AMERICA: PRE-EUROPEAN TO INDEPENDENT NATIONHOOD
History of the United States from its European dominance, and the movements to end European conquest and dominance, the movements to end European dominance, and the creation of Latin America. NR

HIST 21 3/3/0/0
LATIN AMERICA: 1800 TO THE PRESENT
A survey of the political, economic, cultural, and social history of Latin America. Review the development of Latin American nations since independence from European conquest and occupation. Examines the relationships of Latin American nations with the rest of the world, with special emphasis on relations with nations of the Western Hemisphere. NR

HIST 22 3/3/0/0
HISTORY OF MEXICO
Provides a general survey of Mexican history from pre-Columbian to present. Includes the political, social, economic, and cultural growth of the Mexican nation. NR

HIST 23 3/3/0/0
CALIFORNIA HISTORY
Historical heritage and development of California, with emphasis on economic, political, and social factors which have influenced development from the pre-Spanish period to the present. NR

HIST 24 3/3/0/0
THE POLITICAL/SOCIAL HISTORY OF THE CHICANAS/OS
Considers the principal developments in Chicanas/os history from the 16th century to the present. Students explore the history of Chicanas/os, and the manner in which the cultural patterns have been retained or redefined by life in the United States. Special emphasis will be given to their migration and settlement of the American Southwest; their interaction with the Anglo newcomers; and the transformation of their society after the Texas Revolution and the U.S.-Mexican War; the role of urbanization and immigration within that transformation; regional variation within the Chicanas/os community; and Chicanas/os contributions to the development of American society. NR

HIST 25 3/3/0/0
WOMEN IN UNITED STATES HISTORY: A MULTICULTURAL PERSPECTIVE
A survey of U.S. women's history from the 18th century to the present. Focus will be placed on uncovering the similarities and differences in the historical experiences of women based on their class, racial, and ethnic identity. Concentration is on the changing roles of women in the family, community, labor force, and political system, and exploration of the evolution of gender roles and identities. NR

HIST 26 3/3/0/0
SOCIAL AND ECONOMIC HISTORY OF THE U.S. TO 1876
History of the United States from its colonial origins through the period of the Reconstruction, in terms of cultural, economic, political, and social developments as influenced by geographical and cultural expansions and sectional conflicts. NR
HIST 40 3/3/0/0  
ENGLISH HISTORY TO 1688  
A survey of English history from the Roman conquest to the Glorious Revolution of 1688. Emphasis is placed on the Tudor and Stuart monarchs, especially Henry VIII and Elizabeth the Great. NR

HIST 41 3/3/0/0  
ENGLISH HISTORY SINCE 1688  
A survey of English history from the Glorious Revolution to the present. Includes an overview of the economic, political, social, cultural, and scientific developments from 1688 to the present. NR

HIST 61 3/3/0/0  
HISTORY AND POLITICS OF RUSSIA: SOVIET PERIOD TO THE PRESENT  
Survey and evaluation of the Russian Revolution followed by an analysis of the major forces which shaped the Soviet Union's political, economic, and social systems. Course also includes the collapse of the Soviet Union and the new status of former Soviet republics. NR

HIST 62 3/3/0/0  
EUROPEAN HISTORY TO 1650  
Survey of the historical developments of Europe from the Ancient Mediterranean to 1650. Includes an overview of the economic, political, social, cultural, and scientific developments from the emergence of the Greek Empire to the Thirty Years War. NR

HIST 63 3/3/0/0  
EUROPEAN HISTORY SINCE 1650  
Survey of the historical developments of Europe from the Age of Absolutism to the present. Includes an overview of political, social, cultural, and scientific developments from the era of 17th Century nation building to the present. NR

HIST 70 3/3/0/0  
HISTORY OF ASIA TO 1800  
Survey of major social, religious, political, economic, and cultural traditions of Asia to 1800. Emphasis is placed upon the historical development of India, China, Japan, and Southeast Asia. NR

HIST 71 3/3/0/0  
HISTORY OF ASIA SINCE 1800  
A continuation of History of Asia to 1800, with an emphasis on issues of modernization, adaptation, and cultural change since 1800. NR

HIST 72 3/3/0/0  
HISTORY OF CHINA  
A survey of the history of China from Ancient China to the present. Social, political, geographic, economic and cultural aspects of development will be covered. NR

HIST 74 3/3/0/0  
HISTORY OF THE MIDDLE EAST TO 1800  
A survey of the cultural, economic, and political history of the Middle East from Ancient Era to 1800 C.E. with an emphasis on the rise, spread, and development of Islam. Explores how Islam developed out of earlier Middle Eastern societies and built upon those continuities, and examines the expansion and development of Islam and its interaction with pre-Islamic Middle Eastern societies and the West until 1800 C.E. NR

HIST 75 3/3/0/0  
INTRODUCTION TO THE CONTEMPORARY MIDDLE EAST  
A survey of the major political, economic, religious and social institutions and movements of the Middle East from 1800 to the present, with special emphasis on the problems of developing Middle Eastern nations, the Arab-Israeli conflicts, and the political and economic implications of Middle Eastern oil. Includes a brief introduction to Islamic religious institutions, terrorism and militarism, with special emphasis on the importance of these institutions to the contemporary scene. NR

HIST 78 3/3/0/0  
INTRODUCTION TO CONTEMPORARY AFRICA  
A survey of African history from ancient Egypt to the present. Focus will be on the nature of early African empires and societies, the impact of the slave trade, responses to imperial conquest and colonial rule, the rise of nationalist movements and the regaining of political independence, and the contemporary challenges facing postcolonial African states and peoples. Also listed as PS 80. Credit given in either area, not both. NR

HIST 81 3/3/0/0  
AFRICAN AMERICAN HISTORY  
Focuses on African American history. Emphasis will be placed on the African peoples’ experiences in the United States. Included will be discussion of African-American leaders from 1619 to the present, special epochs, and trends. Covers factors that influenced the changes of attitudes of and towards African Americans. NR

HIST 135 3/3/0/0  
INTRODUCTION TO AMERICAN STUDIES  
Focuses on different historical periods and the changing meaning of concepts such as democracy, equality, and freedom within those periods. Examines some of the important cultural, intellectual, moral, and political struggles that have shaped contemporary American society. NR

HIST 189 .5-4/.5-4/.5-9/.5-9  
SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

HIST 289 .5-4/.5-4/.5-9/.5-9  
SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

Horticulture

HORT 7 3/2/3/0  
INTRODUCTION TO LANDSCAPE DESIGN  
Fundamentals of landscape design as applied to residential landscape projects, study of materials used in landscape development, site analysis, problems of design, fundamentals of plant selection, and introduction to graphic presentations. Field trips may be required to fulfill the objectives of this course. NR

HORT 10 3/3/0/0  
PLANT MATERIALS-HERBACEOUS PLANTS  
An introductory course in landscape plants and identification. Includes plants used as groundcovers, bedding plants, vines and small shrubs. Growth habits and cultural requirements will be studied. Field trips may be required to fulfill the objectives of this course. NR

HORT 11 3/3/0/0  
PLANT MATERIALS-TREES AND SHRUBS  
An introductory course in landscape trees and shrubs identification. Growth characteristics and cultural requirements will be studied. Field trips may be required to fulfill the objectives of this course. NR
HORT 20 4/3/3/0
INTRODUCTION TO HORTICULTURAL SCIENCE
An introductory course in ornamental horticulture. Plant structure, growth and development, pests, soils, fertilization, propagation, pruning, diseases, planting, greenhouse techniques, and landscaping principles will be studied. Extensive hands-on greenhouse work will be involved. Field trips may be required to fulfill the objectives of this course. NR

HORT 106 3/2/3/0
LANDSCAPE CADD
Introduction to the use of computer-aided drawing and drafting (CADD) applications in landscape design; covers applications in computer mapping and graphics, planting design, and landscape development according to industry standards. R E 3

HORT 109 3/3/0/0
INTRODUCTION TO PLANTING DESIGN
Introduction to the elements and principles of planting design. Emphasis is given to organizing and applying plant material to design problems using accepted ecological, functional, and aesthetic standards. Field trips may be required to fulfill the objectives of this course. NR

HORT 112 3/2/3/0
PLANT PROPAGATION
Theory and practices of plant propagation, including seeds, cuttings, division, tissue culture, layering, budding, and grafting. Study will include propagation structures, plant growth regulators and environmental factors regulating plant growth and development. Field trips may be required to fulfill the objectives of this course. NR

HORT 113 3/2/3/0
SOILS AND FERTILIZERS
Soil development, texture, aeration, structure, cation exchange and other physical and chemical properties will be studied. Characteristics, uses, and methods of application of fertilizers and soil amendments in practical applications are presented. NR

HORT 115 3/3/0/0
HISTORY OF LANDSCAPE DESIGN
A study of landscape design from its beginnings to the present emphasizing Italian, French Renaissance, English natural period, and Islamic gardens to the development of American gardens. Field trips may be required to fulfill the objectives of this course. NR

HORT 116 3/3/0/0
IRRIGATION SYSTEMS
An introductory irrigation-systems course covering landscape, system design, installation, maintenance and repair. Emphasizes water conservation principles and practices. NR

HORT 120 4/3/2/0
INTEGRATED PEST MANAGEMENT
Pest recognition and the methods of environmentally acceptable control in the landscape, nursery, and home will be studied. Insects, spider mites, weeds, fungi, bacteria, viruses, nematodes, and vertebrates are included. NR

HORT 130 3/3/0/0
HARDSCAPE AND CONSTRUCTION MATERIALS
Introduces students to the materials used in the development of ornamental hardscapes in the field of landscape design. These materials include soils, stone, wood, brick, paving materials, fencing, plastics and drainage materials. Design considerations in the use of these materials and the laws and regulations that apply are also covered. NR

HORT 162 1.5/1/1.5/0
HORTICULTURE FIELD STUDIES - YOSEMITE
A field course studying native plants in Yosemite National Park and adjacent areas that can be used in human environments. Emphasizes foothill and yellow pine plant communities; plant biogeography; plant succession; plant identification; plant care, needs, and tolerances, as well as soil preferences. NR

HORT 166 1.5/1/1.5/0
ORNAMENTAL NATIVE PLANTS
Studies California native plants suitable for landscape use. Emphasizes the identification of plants, cultural requirements for their use in the landscape, and the ecology of the plants in nature. Special attention will be placed on solving landscape problems using native and other drought-tolerant plants. R E 1

HORT 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

HORT 201 3/3/0/0
PROFESSIONAL PRACTICES OF RESIDENTIAL LANDSCAPE DESIGN
Recommended Preparation: HORT 7, 109
Emphasizes the sequencing and development of each phase of the residential landscape design process including working with different types of clients and contractors cost-effectiveness and profitability. NR

HORT 208 2/1.5/1.5/0
BEGINNING FLORAL DESIGN
Introduction to care and handling of fresh flowers, greens, and plants in floristry. Detailed instruction and demonstrations of arrangements, corsages, and holiday designs will be given along with individual design time for the execution of take-home projects. NR

HORT 209 2/1.5/1.5/0
ADVANCED FLORAL DESIGN
Recommended Preparation: HORT 208
Advanced techniques in design and composition of floral arranging for the vocational florist. Emphasis is placed on more complicated lines (Western, European, and Eastern), bridal work, and party work. Retailing practices, pricing techniques, and field trips will be included. Detailed instruction and demonstration of arrangements will be followed by individual design time for execution of take-home projects. R E 2

HORT 216 3/2/3/0
ADVANCED IRRIGATION DESIGN
Prerequisite: HORT 116
Includes design and management of irrigation systems on a larger and more complex level than a simple residential setting. Large estate sized properties, athletic fields, golf courses, parks and other such commercial or public settings will be covered. Emphasis on the principles and practices of hydrostatic problems and methods of large scale irrigation design will be applied to the complex systems, as well as drip irrigation and other methods of irrigation. NR

HORT 289 .5-4/.5-4/.5-9/.5-9

**Human Services**

**HS 37** 3/3/0/0  
**INTRODUCTION TO CRIMINOLOGY**

Theories of historical, social, cultural, genetic, psychological, economic, and political causative factors related to crime are covered. Emphasizes the origin of law, its relationship to society, the organization and functions of law, and the role of law to prevent future criminal behaviors. Focus is placed on the most relevant crimes within our society. NR

**HS 100** 3/3/0/0  
**HUMAN SERVICES IN A CHANGING SOCIETY**

Recommended Preparation: ENG 300  
An introduction to the Human Services profession. Explores historical and contemporary perspectives of problems in living and the Human Services field. Examines models of helping and related values, skills, and roles of the Human Services professional. Studies the broad definition of the profession of Human Services. Letter grade only. NR

**HS 110** 3.5/1.5/6/0  
**FIELD INSTRUCTION AND SEMINAR I**

Prerequisite: HS 100 and 120 and 140 and 170 and 285, with a "C" or better. Provides supervised field-instruction experience in approved community agencies that serve clients in the field of Human Services. Focus is on beginning development and use of helping skills, client record documentation and service coordination. Self-awareness and beginning professional growth are also emphasized. NR

**HS 119** 3/3/0/0  
**INTRODUCTION TO CRIMINAL JUSTICE SYSTEM**

A broad overview of the American criminal justice system. Deals with the examination of criminals, victims, and the society in which they live. Emphasis is given to the criminal justice process, law enforcement, adjudication, post-conviction strategies, and juvenile justice. Also examines the entire spectrum of criminal justice and its components, from crime causation and police involvement to the trial process and corrections. NR

**HS 120** 3/3/0/0  
**HUMAN DEVELOPMENT IN THE SOCIAL ENVIRONMENT**

Examines the forces and experiences that shape human development throughout the life course. Explores the role of human services in optimizing human development within the context of the social environment. NR

**HS 128** 3/3/0/0  
**COMMUNITY-BASED CORRECTIONS**

A highly interactive exploration of the front-line work in community-based corrections, halfway houses, parole and probation supervision, diversion, youth advocacy, and community programs. Includes both a state and local perspective on functions, successes and limitations in community-based corrections. NR

**HS 131** 3/3/0/0  
**MULTICULTURAL AND DIVERSE POPULATIONS IN THE UNITED STATES**

Focuses on the major cultural, historical, and societal themes in the US and highlights the competencies needed to address and work effectively with people from various ethnic, racial, and religious groups. Examines the knowledge, skills, and attitudes needed for the treatment provider to understand the full context of a client's sociocultural environment and examines those that have been disadvantaged or excluded from mainstream US society. Includes those with co-occurring disorders. Students actively seek understanding across differences, and focus on psychoeducation in subject areas that serve the goals of treatment and rehabilitation. NR

**HS 140** 3/3/0/0  
**GROUP LEADERSHIP AND GROUP PROCESS**

An introduction to group dynamics and group leadership within the context of the helping professions. Focuses on group development, interpersonal processes, and group facilitation skills. Concepts related to professional and ethical standards of group leadership are integrated. Application of course concepts occurs through experiential learning opportunities. Letter grade only. NR

**HS 150** 3.5/1.5/6/0  
**FIELD INSTRUCTION AND SEMINAR II**

Prerequisite: HS 110  
Recommended Preparation: HS 174, 285  
Provides continued supervised field-instruction experience in approved human services community agencies. Students increase development of helping skills, client record documentation and service coordination. Emphasizes increased integration of concepts from human services theory courses. R E 3

**HS 170** 3/3/0/0  
**ALCOHOL AND OTHER DRUGS IN OUR SOCIETY**

An historical and sociological perspective on the use, abuse and social control of psychoactive drugs. Includes overviews of the biopsychosocial nature of addiction; the impact of addiction on families and society; contemporary treatment and prevention approaches; and the addiction counseling profession. NR

**HS 171** 3/3/0/0  
**SUBSTANCE ABUSE: INTERVENTION, TREATMENT AND RECOVERY**

The assessment, intervention and treatment of substance-related disorders are explored from an interdisciplinary perspective. Students learn to tailor helping strategies and treatment modalities to the client's stage of change, development, and recovery. Challenges students to examine their existing ideas about treatment and recovery from substance related disorder. Provider approved by the California Board of Registered Nursing, Provider Number CEP60. NR

**HS 172** 3/3/0/0  
**PHYSIOLOGICAL EFFECTS AND PHARMACOLOGY OF ALCOHOL AND DRUGS**

Recommended Preparation: PSYC 37  
Examines the physiological, psychological, and behavioral effects of drug and alcohol addiction. Pharmacologic management, metabolic, neurologic processes, and drug use during the perinatal period are included. Analyzes the effects on human development, the syndromes of withdrawal, abstinence, synergistic effects, risk factors and integrates multidisciplinary treatment considerations. NR

**HS 174** 3/3/0/0  
**CASE ADMINISTRATION, CRISIS INTERVENTION AND REFERRAL**

Introduces basic case administration skills. Includes crisis intervention, treatment planning, securing resources for clients, record documentation, screening, data collection, implementation, and aftercare. Emphasizes care of clients with substance-related and other mental disorders. NR
HS 175 3/3/0/0
SUBSTANCE ABUSE EDUCATION, PREVENTION, AND INTERVENTION
Reviews the history, theories, models, and state-of-the-art approaches to substance abuse education, prevention, and intervention. Provides experiential learning which will enable the students to explore and examine their own values and behaviors as they relate to the use and abuse of alcohol and other drugs. Public policies, media-information dissemination, ethnic and cultural-specific approaches, environmental risk reduction, harm reduction, and healthy alternatives to substance abuse will be presented and discussed. NR

HS 176 3/3/0/0
CO-OCCURRING DISORDERS
Recommended Preparation: HS 172
An introduction to the assessment process for the presence of co-occurring mental disorders and substance misuse disorders. Explores the relationship of these disorders; emphasizes the development of concurrent integrated treatment strategies, and the skills required of professionals who interact with clients with co-occurring disorders or dual diagnosis. NR

HS 177 3/3/0/0
FAMILY DYNAMICS OF ADDICTION AND ABUSE
A multifaceted study of violence, abuse, and addiction within the family and social system including abusive acts towards children, significant others, cohabiting relationships, elderly, and special populations. Examines the social and historical contexts of abuse, the relationship of chemical dependency, and the application of models and theories related to working with abused persons, victims of violence, intervention, treatment, legal and ethical considerations surrounding abuse. NR

HS 181 3/3/0/0
INTRODUCTION TO EATING DISORDERS
Introduces students to the history, symptomatology, treatment and resources for anorexia nervosa, bulimia nervosa, binge eating disorder, and other eating disorders. Includes gender, sexual identity and abuse, obesity, cultural differences, societal attitudes, and the addiction cycle. The biological, psychoanalytic, cognitive-behavioral, feminist, family systems, and other theoretical perspectives will be examined. NR

HS 182 3/3/0/0
SUBSTANCE ABUSE TREATMENT IN CHILDREN AND ADOLESCENTS
Recommended Preparation: HS 120, PSYC 7
Explores current treatment trends in substance use and abuse in children and adolescents. Focuses on the continuum of behaviors from first use, to escalation, to more frequent use, leading to a substance related clinical disorder. Intervention, treatment, and recovery strategies for these specialized groups are included. NR

HS 184 3/3/0/0
MEDICAL ASPECTS OF EATING DISORDERS
Recommended Preparation: HS 181
Identifies classification, epidemiology, etiology, and physiology of obesity, anorexia, bulimia and binge eating disorder. The contemporary methods of assessment, treatment, and complications of obesity, anorexia, bulimia and binge eating disorder are to be examined. NR

HS 185 3/3/0/0
THE BACKGROUND AND TREATMENT OF EATING DISORDERS
Recommended Preparation: HS 181
Addresses the assessment and treatment of eating disorders in various treatment settings (inpatient, day treatment, outpatient), and the use of community support systems. The student will develop a philosophy regarding etiology and treatment for eating disorder clients. The end goal is for the student to understand the complexity and variety of eating disorder treatment approaches. NR

HS 187 3/3/0/0
JUVENILE VIOLENCE, GANGS, AND VICTIMIZATION
Reviews the history of juvenile violence in the United States to its present day escalation. Theories of causative factors related to genetics, social-cultural transmission, psychology, behavior, parricide and substance abuse will be presented and assessed. The role of the juvenile justice system, gang cultures, and victimization will be examined. Addresses pragmatic solutions for lowering juvenile violence. NR

HS 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

HS 220 3/3/0/0
BENEFITS AND ENTITLEMENT
A comprehensive approach to obtaining and maintaining federal, state and regional public income and healthcare coverage for the disabled, elderly and poor. These benefits include but are not limited to California State Disability Insurance, Social Security’s Supplemental Income (SSI) and Social Security Disability Insurance (SSDI), Medicare and Medi-Cal. This course covers work incentives and employment supportive services included in the benefits programs. Letter grade only. NR

HS 285 3/3/0/0
ETHICAL ISSUES/CLIENTS’ RIGHTS
An introductory course focusing on ethical and legal standards of the human services profession. Emphasizes the relationships of values in the role of counselor, and includes the areas of practice, training, supervision, and consultation. NR

HS 289 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Humanities

HUM 1 3/3/0/0
INTRODUCTION TO HUMANITIES
Recommended Preparation: Eligibility for ENG 1A
Introduces representative models of human achievement throughout history, with emphasis on an evolving consciousness of moral and aesthetic values associated with the Western mind. It focuses on selected literary and philosophical works as they reflect those values, and on parallel achievements in the visual arts, theater, and music. The course examines the relationship between the work and its author in its historical and cultural context, while distinguishing its purpose, its contemporary impact, and its current significance. **HUM 2**

**3/3/0/0 ORIGINS OF WESTERN CULTURE IN LITERATURE**

Recommended Preparation: ENG 200

Investigates the beginnings of Western culture from the time of Homer (c. 9th century B.C.) through the Roman period. The genesis of the Western conception of human nature, political theory, ethical notions, religion and art will be elaborated. The literary forms of Classical antiquity will be surveyed, including the Homeric epic, the Greek tragedy, and the comedy. The themes of the Classical authors will form many of the themes of the course, such as man and nature, man's rights within society, reason and feeling, scientific knowledge and mystical insight, and the nature and basis of moral values. NR

**HUM 3**

**3/3/0/0 THE CULTURE OF MEDIEVAL AND RENAISSANCE EUROPE**

Recommended Preparation: Eligibility for ENG 1A

Identifies and studies characteristically Medieval and Renaissance ideas and feelings about a variety of important human experiences as represented across a broad spectrum of the fine arts, philosophy and history. Among the themes to be studied are: the supernatural and the natural, the individual and the state, codes of personal conduct (chivalry and courtesy), the quest for new knowledge, the rise of the secular, and the emergence of a pluralistic universe. The transition from medieval to Renaissance consciousness will be emphasized. NR

**HUM 10A**

**3/3/0/0 CULTURE, SCIENCE, AND SOCIETY I**

Prerequisite: Eligibility for ENG 1A

The first course in a cross-disciplinary Honors sequence organized around a single theme or topic. Designed to explore the continuity of cultural traditions through a study of major works of history, literature, philosophy, social thought, fine arts, and the sciences, and to compare and contrast the modes of inquiry characteristic of those disciplines. This course is open to all students but required of every Honors Program student. NR

**HUM 10B**

**3/3/0/0 CULTURE, SCIENCE, AND SOCIETY II**

Prerequisite: Eligibility for ENG 1A

The second course in a cross-disciplinary Honors sequence organized around a single theme or topic. Designed to explore the continuity of cultural traditions through a study of major works of history, literature, philosophy, social thought, fine arts, and the sciences, and to compare and contrast the modes of inquiry characteristic of those disciplines. This course is open to all students but required of every Honors Program student. NR

**HUM 189**

**.5-4/.5-4/.5-9/.5-9 SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**Independent Study**

**IS 200**

**1-5/TBA INDEPENDENT STUDY**

Prerequisite: Approval of learning contract proposal

Independent Study (individual project) offers advanced study in the subject matter offered at the college in which a particular course is not offered. Students should contact an instructor and the division dean for research, field experience, and/or skill development after completion of the introductory offering in the related field of study. Independent Study may also be offered for nontraditional educational experiences where regular course offerings are not available and for nondepartment interdisciplinary study. Prior to enrollment, the student and instructor shall prepare a learning contract (“proposal for learning”) in cooperation with the division dean and submit it to the Office of Instruction for approval. The learning contract shall clearly delineate the number of hours involved, the areas of study, and the means by which the mastery of the subject matter will be evaluated. The credit value of Independent Study courses are based on the following calculations:

- 2 units 96 clock hours
- 3 units 144 clock hours
- 4 units 192 clock hours
- 5 units 240 clock hours

**Insurance Billing**

**INSR 200**

**3/3/0/0 ADVANCED CODING AND CERTIFICATION PREPARATION**

Recommended Preparation: INSR 224A, INSR 226A, and INSR 228A

Advanced medical coding prepares students for certification as a Certified Professional Coder (CPC) through the American Academy of Professional Coders (AAPC). Students will develop in-depth understanding of physician-based medical coding using critical thinking skills to abstract the pertinent information from documents, select the right codes, and determine the correct sequence of the codes using International Classification of Disease (ICD-9) and Current Procedural Terminology (CPT) and Health care Common Procedure Coding System (HCPCS). Letter grade only. R E 3
MEN’S BASKETBALL  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Basketball.  R E 3

MEN’S FOOTBALL  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Football.  R E 3

MEN’S TRACK AND FIELD  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Track and Field.  R E 2

MEN’S CROSS COUNTRY  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Cross Country.  R E 2

MEN’S WATER POLO  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Water Polo.  R E 2

MEN’S SWIMMING AND DIVING  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Swimming and Diving.  R E 2

MEN’S TENNIS  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Men’s Tennis.  R E 2

WOMEN’S BASKETBALL  
Limitation: Pass physical examination  
Provides an opportunity for students to train and participate in Intercollegiate Women’s Basketball.  R E 3

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course.  R E 1
Interior Design

ID 110 3/3/0/0
FUNDAMENTALS OF INTERIOR DESIGN
Study the design elements and principles related to interior environments. Analysis and critique of floor plans, furniture arrangement, color theory, and coordination of color, texture, and pattern for human environments. Analysis of special environmental considerations for sustainability, green design, and energy conservation in interiors. Overview of the aesthetic and functional assessment of interior furniture, floor, wall, window, illumination, and accessory treatments. NR

ID 111 3/2/3/0
INTERIOR DESIGN STUDIO I
Recommended Preparation: Completion or concurrent enrollment in ID 110
Designed to apply concepts and theories presented in the lecture course, ID 110, Fundamentals of Interior Design. Emphasis is placed on the design process in developing solutions for design projects. NR

ID 112 3/2/3/0
BEGINNING DRAFTING FOR INTERIORS
Applications of methods and theory used for architectural drawings, including basic graphics and projections for design and working drawings. NR

ID 113 2/2/0/0
INTERIOR DESIGN CAREERS
Survey of the interior design profession, industry, related occupations, and work sites. Emphasizes personal, educational, and professional qualifications required for entry into the interior design profession. NR

ID 114 4/3/3/0
APPLIED COLOR AND DESIGN THEORY FOR INTERIOR DESIGN
Basic color and design theory and application. Utilization of tools, materials, and equipment to develop technical skills applicable to interior, architectural, and other related fields of design. Exploration of cultural heritage and psychological implication of design. NR

ID 115 3/2/3/0
COMPUTER-AIDED DESIGN/DRAFTING FOR INTERIOR DESIGN
Recommended Preparation: ID 112
Introduces the basic skills, techniques, and uses for computer-aided design and drafting. R E 3

ID 116 3/3/0/0
INTERIOR MATERIALS AND PRODUCTS
Analysis, application, and evaluation of products and materials used in interior design. Includes interior textiles, furnishings, and finish materials and products. NR

ID 121 3/2/3/0
SPACE PLANNING
Recommended Preparation: ID 112
Application of programming, theory, and techniques in residential and commercial space planning. Skills in drafting and presentation techniques are emphasized in the studio. NR

ID 122 3/3/0/0
HISTORY OF INTERIOR ARCHITECTURE AND FURNISHINGS I
Historical relationship between the decorative arts, period furniture, and interior architecture is illustrated in this overview of design heritage from antiquity through the 18th century in Europe. Emphasis is placed on style development as it relates to social, economic, and political influences. NR

ID 123 3/2/3/0
INTERIOR DESIGN ILLUSTRATION
Recommended Preparation: ID 110
Application of the methods, techniques, and tools used for illustrating interior spaces and products. NR

ID 125 3/3/0/0
HISTORY OF INTERIOR ARCHITECTURE AND FURNISHINGS II
Historical relationship between the decorative arts, period furniture, and interior architecture is illustrated in this overview of design heritage. Covers the 19th and 20th centuries in Europe and 17th through 20th centuries in America. Emphasis is placed on style development as it relates to social, economic, and political forces. NR

ID 126 3/2/3/0
INTERIOR DESIGN STUDIO II
Recommended Preparation: ID 114 and 121
Develop, analyze, and apply design concepts to interior environments. Universal design, environmentally conscious design, space planning, lighting systems, interior components, architectural elements, and specifications writing will be integrated into research projects emphasizing a problem-solving approach. NR

ID 127 3/3/0/0
FUNDAMENTALS OF LIGHTING
Recommended Preparation: ID 110 and 112
Fundamentals of lighting, design, theory, and application, including the history and vocabulary of lighting. Topics to be explored are how light affects color and vision, incandescent, fluorescent, and high intensity discharge lamps, new lighting technology, lighting techniques, codes, green, and energy-efficient lighting practices. NR

ID 128 3/3/0/0
BUSINESS AND PROFESSIONAL PRACTICE FOR INTERIOR DESIGN
Recommended Preparation: ID 113
Business and professional management of an interior design practice including legal issues, project management, and business practices. NR

ID 129 1/1/0/0
INTERIOR DESIGN INTERNSHIP
Corequisite: CWE 180
Supervised and educationally-directed internship. Weekly lectures will relate on-the-job experiences with academic program. To be taken in the final semester of program. NR

ID 133 3/2/3/0
RENDERING AND RAPID VISUALIZATION FOR INTERIOR DESIGN
Recommended Preparation: ID 123
Application of the methods, techniques, and tools for illustrating interior spaces and products with an emphasis placed on rapid production. NR

ITALIAN

ITALIAN

ITA 1  5/5/0/0
ELEMENTARY ITALIAN
Corequisite: ITA 999A
Recommended Preparation: College level reading ability
Developed to develop the fundamentals of communicative competence in colloquial Italian. The emphasis is on listening, comprehension, and conversational skills. Early reading and writing skills are introduced, as well as fundamental aspects of culture. Equivalent to two years high school Italian. NR

ITA 2  5/5/0/0
ELEMENTARY ITALIAN
Prerequisite: ITA 1 or two years of high school Italian
Corequisite: ITA 999A
Designed to further the fundamentals of communicative competence in daily spoken Italian. Although the focus remains on listening comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

ITA 3  5/5/0/0
INTERMEDIATE ITALIAN
Prerequisite: ITA 2 or three years of high school Italian
Corequisite: ITA 999B
Reviews the fundamentals with further study of the Italian language and culture. NR

ITA 4  5/5/0/0
INTERMEDIATE ITALIAN
Prerequisite: ITA 3 or four years of high school Italian
Corequisite: ITA 999B
Concentrates on the development of fluency in the skills needed to communicate in Italian. Further study of cultural topics. NR

ITA 10  3/3/0/0
INTERMEDIATE CONVERSATIONAL ITALIAN
Prerequisite: ITA 2 or three years of high school Italian
Designed to develop fluency in Italian. The emphasis is on both formal and informal expression and conversation in the language. NR

ITA 21  3/3/0/0
INTRODUCTION TO ITALIAN CULTURE
Recommended Preparation: College level reading ability
Designed to provide a brief overview in English of the Italian culture. Areas of study include history, music, literature, philosophy, political ideas, customs and Italy's influence on and contribution to the civilization of America and the world. No prior study of the Italian language or culture is required. NR

ITA 250  1/3/0/0
PRACTICAL ITALIAN
Emphasizes conversation skills in Italian as applied to everyday situations including business, travel, and related topics. Consideration also given to cultural topics. Assumes no prior knowledge of the language. R E 1

ITA 999A  .25/0/0/1
ITALIAN LANGUAGE LAB
Corequisite: ITA 1, 2
Requires concurrent enrollment in designated Elementary Italian courses. Enhances and provides practice in skills learned in Elementary Italian language courses. R E 3

ITA 999B  .25/0/0/1
ITALIAN LANGUAGE LAB
Corequisite: ITA 3, 4
Requires concurrent enrollment in designated Italian courses. Enhances and provides practice in skills learned in Italian language courses. R E 3

Japanese

JA 1  5/5/0/0
ELEMENTARY JAPANESE
Corequisite: JA 999A
Recommended Preparation: College level reading ability
Designed to further the fundamentals of communicative competence in daily spoken Japanese. The emphasis is on listening, comprehension, and conversational skills. Early reading and writing skills are introduced, as well as fundamental aspects of culture. Equivalent to two years high school Japanese. NR

JA 2  5/5/0/0
ELEMENTARY JAPANESE
Prerequisite: JA 1 or two years of high school Japanese
Corequisite: JA 999A
Designed to further the fundamentals of communicative competence in daily spoken Japanese. Although the focus remains on oral skills and aural comprehension, reading and writing skills will be expanded with introduction of 100 Kanji (Chinese Characters) in addition to Kana, which was already mastered by the students in previous course(s). Cultural topics will also be covered. NR

JA 3  5/5/0/0
INTERMEDIATE JAPANESE
Prerequisite: JA 2 or three years of high school Japanese
Corequisite: JA 999B
Intermediate level course focuses on fluency in reading, writing, speaking, and listening. Continues the study of Japanese cultures. NR

IPA 999A  .25/0/0/1
INTERMEDIATE LANGUAGE LAB
Corequisite: JA 1, 2
### Courses

#### Journalism

**JRN 1 3/3/0/0**
**MSS MEDIA AND SOCIETY**
A study of mass media and media technology as they apply to society. Includes a study of media functions, responsibilities, practices, and influences, as well as a study of media law, ethics, history, development, and potential for the future. The course is designed to increase student awareness of the impact of mass media in shaping society. Also listed as CTVR 1. Credit given in either area, not both. NR

**JRN 2 3/3/0/0**
**NEWS WRITING**
Prerequisite: Eligibility for ENG 1A
Emphasizes news writing and reporting, methods of news gathering, organization and writing of articles. Includes the interpretation of significant news events and studies techniques of in-depth reporting. NR

**JRN 105 3/3/0/0**
**FEATURE WRITING**
An in-depth study of commercial magazines and company publications including purposes, formats, requirements, feature requirements, market studies, and manuscript submission policies. NR

**JRN 120 4/3/3/0**
**NEWSPAPER PUBLICATION**
Recommended Preparation: ENG 1A or JRN 120
Emphasizes news gathering, judging news values, writing news stories and features, and working as a staff member on the college newspaper and other publications. R E 3

**JRN 125 3/2/2/0**
**MAGAZINE JOURNALISM**
Recommended Preparation: ENG 1A, JRN 105, or ENG 3
Introduces distinctive elements of magazine journalism. Provides firsthand experience in the various phases of producing a magazine. R E 3

**JRN 189 .5-4/.5-4/.5-9/.5-9**
**SPECIAL TOPICS**
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

#### Kinesiology-Adapted

**KNEA 1 .5 or 1 or 1.5/.5 or 1/5 or 1.5 or 2/0**
**ADAPTED PERSONALIZED FITNESS**
Fitness class stressing strength, flexibility, resistance training, and cardiovascular endurance. Designed for students that have participated in physical therapy, have a chronic medical diagnosis, or permanent disability. R E 3

**KNEA 2 .5 or 1 or 1.5/.5 or 1/5 or 1.5 or 2/0**
**ADAPTED WATER EXERCISE AND SWIMMING**
Consists of aquatic exercise and modified swimming to improve strength, cardiovascular endurance, flexibility, balance, and/or gait. Designed for those that have participated in therapy, rehabilitation, have chronic medical diagnoses, or permanent disabilities. R E 3

**KNEA 3 1.5/1/2/0**
**ADAPTED CONDITIONING**
Instruction in the techniques of developing and maintaining physical fitness. Designed for students with disabilities. R E 3

**KNEA 4 1 or 1.5/5 or 1/1.5 or 2/0**
**ADAPTED STRETCHING, BALANCE AND CORE EXERCISES**
Fitness class stressing stretching, balance and core strengthening exercises. Designed for students that have temporary and permanent disabilities and/or chronic pain. R E 3

**KNEA 6 1/0/3/0**
**ADAPTED SPORTS**
Designed for individuals who need assistance and equipment adaptations in activities and sports. R E 3

**KNEA 8 1.5/1/2/0**
**ADAPTED OUTDOOR EDUCATION AND RECREATION**
Introduction to outdoor recreation activities, such as body surfing, body boarding, surfing, snorkeling, kayaking, sailing, fishing, hiking, rock climbing, low rope course and beach games/activities designed for students with disabilities. Class focuses on safety, and the basic skills needed to participate and interact with the environment. R E 3

**KNEA 107 1/1/0/0**
**SURVEY AND ASSESSMENT OF FITNESS**
An assessment of the physical condition of the disabled student which includes testing and evaluation of muscular strength and endurance, flexibility, body composition, cardiovascular endurance, skill-related fitness, and aquatic ability. Personality factors will be studied to learn more about stress reduction and lifestyle changes. Information regarding nutrition, weight management, and personal program for lifetime fitness will be presented. Different testing and assessment techniques will be used in this course. NR
KNEA 289  .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

KNEA 300  0/1/2/0
ADAPTED PERSONALIZED FITNESS
Fitness class stressing strength, flexibility, and cardiovascular endurance. Designed for students that have participated in physical therapy, have a chronic medical diagnosis, or permanent disability. R E 99

KNEA 310  0/1/2/0
ADAPTED WATER EXERCISE AND SWIMMING
Consists of mobility, balance, gait training, strengthening, cardiovascular conditioning, flexibility, range of motion exercises, and modified swimming. Designed for those that have participated in therapy, rehabilitation, have chronic medical diagnoses or permanent disabilities. R E 99

Kinesiology

KNE 1  1 or 1.5/.67 or 1/1.33 or 2/0
CARDIOVASCULAR CONDITIONING
Focuses on individual cardiovascular and respiratory fitness using cardiovascular conditioning as a way of developing and maintaining health. The activities portion of the course will be tailored to meet the needs of the individual student, considering age, sex and general health. R E 3

KNE 2  2/1/2/0
STRENGTH TRAINING
Focuses on improving strength through individualized training programs. Suited for men and women interested in improving strength, power, and athletic performance. Includes physiology of strength training; equipment and safety considerations; sport specific training; program design for power, strength, and techniques of lifting; and nutrition for optimal performance. R E 3

KNE 3  1 or 1.5/.67 or 1/1.33 or 2/0
CIRCUIT WEIGHT TRAINING
Focuses on circuit training on a personal basis. Modifications of original programs may be needed based upon the results of fitness appraisals at the beginning of the semester. Includes assessment of various components of fitness. R E 3

KNE 4  1 or 1.5/.67 or 1/1.33 or 2/0
WEIGHT TRAINING AND PHYSICAL FITNESS
Basic skills and methods used in weight training. Free weights and machines will be used to develop lean muscle and decrease body fat. Individual workout program on resistance exercise equipment. A combination of KNE 4 and 5 may be taken four times. R A 3

KNE 5  1 or 1.5/.67 or 1/1.33 or 2/0
ADVANCED WEIGHTLIFTING
Recommended Preparation: KNE 4
Designed for students interested in competing in sports activities and competition. Advanced methods and techniques in weight lifting. A combination of KNE 4 and 5 may be taken four times. R A 3

KNE 6  1 or 1.5/.67 or 1/1.33 or 2/0
CONDITIONING
Instruction and sport specific practice in the techniques of developing and maintaining physical fitness. R E 3

KNE 7  1/1.67/1.33/0
STEP TRAINING
Step training is a cardiovascular program which involves stepping up and down on an adjustable platform while simultaneously performing upper body strength movements to the accompaniment of music. Step training is for both men and women, from beginners to conditioned athletes. To change the intensity, students may alter the height of the platform. This course is comprehensive, balanced, and works every major muscle group. R E 3

KNE 8  1 or 1.5/.67 or 1/1.33 or 2/0
CARDIO KICKBOXING
A coed fitness course for all ages and abilities for overall body conditioning. Designed to provide students a safe and effective cardiovascular workout that utilizes skills from sports, kickboxing, and self-defense, combined with constant aerobic movement. Strengthens entire body, with progression from beginning through advanced segments. R E 3

KNE 9  1 or 1.5/.67 or 1/1.33 or 2/0
STRETCHING, FLEXIBILITY, AND CONDITIONING
Techniques and application of safe stretching, breathing, body alignment, and muscle conditioning exercises for increased muscle tone and core training. R E 3

KNE 17  1 or 1.5/.67 or 1/1.33 or 2/0
BEGINNING BOWLING
Basic fundamentals of bowling including equipment, rules, etiquette, terminology, skills and technique. Educational experience by supervised repetition and practice developing skills and proficiencies. Students will learn scoring, common faults, and strategy. A combination of KNE 17 and 18 may be taken four times. R A 3

KNE 18  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE BOWLING
Intermediate techniques and skills of bowling. Understand angle and deflection. Participate in league situations. Establish handicap, and the importance of strategy in bowling. Educational experience by supervised repetition and practice to develop skills and proficiencies. A combination of KNE 17 and 18 may be taken four times. R A 3

KNE 19  1 or 1.5/.67 or 1/1.33 or 2/0
CYCLING/SPINNING
Designed to increase the student’s knowledge and skill in cycling/spinning. Develops appreciation of cycling/spinning as a lifetime sport and means of developing and maintaining muscular and cardiorespiratory fitness. R E 3

KNE 20  1 or 1.5/.67 or 1/1.33 or 2/0
BEGINNING GOLF I
Beginning fundamentals of golf skills including rules, etiquette, and terminology. A combination of KNE 20, 21, 22, and 23 may be taken four times. R A 3

KNE 21  1 or 1.5/.67 or 1/1.33 or 2/0
BEGINNING GOLF II
Recommended Preparation: KNE 20
Progression of beginning skills, strategy, and individual stroke analysis. Refinement of beginning game. A combination of KNE 20, 21, 22, and 23 may be taken four times. R A 3

KNE 22  1 or 1.5/.67 or 1/1.33 or 2/0
INTERMEDIATE GOLF
Recommended Preparation: KNE 21
Designed for those students who are not ready to play on a regulation golf course but have mastered the basic skills of Beginning Golf I and II. Includes techniques of chipping, putting, sand shots, and wood shots. Enables the student to play a successful round of golf. A combination of KNE 20, 21, 22, and 23 may be taken four times. R A 3

KNE 23  1 or 1.5/.67 or 1/1.33 or 2/0
ADVANCED GOLF
Recommended Preparation: KNE 22
The nine fundamental errors in golf are analyzed. The correction of the hook, slice, shank, push, and topped shots are discussed and demonstrated. Match play is arranged between class members by their ability or through established handicaps. Students must furnish their own transportation to the golf course. A combination of KNE 20, 21, 22, and 23 may be taken four times. R A 3

KNE 24  1 or 1.5/.67 or 1/1.33 or 2/0
BEGINNING TENNIS I
Presentation of the official doubles and singles games, including forehand and backhand strokes, serve, basic strategy, footwork, and etiquette. A combination of KNE 24, 25, 26 and 27 may be taken four times. R A 3

**KINESIOLOGY**

**KINESIOLOGY (KINES)**

**KINES 25** 1 or 1.5/.67 or 1/1.33 or 2/0

**BEGINNING TENNIS**

Recommended Preparation: KINES 24

Designed for the student not quite proficient with strokes and strategy, or the intermediate level of tennis. A combination of KINES 24, 25, 26 and 27 may be taken four times. R A 3

**KINES 26** 1 or 1.5/.67 or 1/1.33 or 2/0

**INTERMEDIATE TENNIS**

Recommended Preparation: KINES 25

Emphasis on individual stroke analysis, playing strategy, and match play, singles and doubles. A combination of KINES 24, 25, 26, and 27 may be taken four times. R A 3

**KINES 27** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED TENNIS**

Recommended Preparation: KINES 26

Emphasis on advanced techniques, playing strategy, and match play, singles, doubles and mixed doubles. Field trips may be required. A combination of KINES 24, 25, 26, and 27 may be taken four times. R A 3

**KINES 28** 1 or 1.5/.67 or 1/1.33 or 2/0

**YOGA**

Investigation and practice of the principles of physical Hatha Yoga. Emphasis is on exercises for improved body alignment, joint flexibility, muscle tone, and breathing. R E 3

**KINES 29** 1 or 1.5/.67 or 1/1.33 or 2/0

**TAI CHI CH’UAN**

Introduction to fundamental principles and basic movements of the ancient Taoist art. Special emphasis is given to the development of balance, harmony, and physical strength through the discipline of slow, fluid movements. R E 3

**KINES 30** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED TRACK AND FIELD**

Recommended Preparation: Participation on Interscholastic Track and Field or Cross Country Team or equivalent experience

Designed for those students of advanced ability in track and field or cross country running who have competed on an interscholastic team or equivalent. Fundamentals of all events will be stressed. Recommended for kinesiology majors and those interested in intercollegiate competition. R E 3

**KINES 31** 1 or 1.5/.67 or 1/1.33 or 2/0

**MUSCLE TONING FOR WOMEN**

For women of any age and fitness level desiring development of muscular fitness. For those who are starting a muscle toning program or wanting to improve an existing training regimen. Benefits and principles of muscle fitness, prevention of osteoporosis, myths and misconceptions of training, nutrition, safety, equipment, and individual programs for lifetime fitness. R E 3

**KINES 33** 1/.67/1.33/0

**BEGINNING SURFING I**

Limitation: Must pass swim test

Recommended Preparation: KNES 34

Designed to meet the needs of the beginning surfer. Dry land instruction will cover such topics as: historical perspectives of surfing, ocean safety, surfing etiquette, wave selection, proper paddling, and appropriate take-off procedures. Students will be required to provide own equipment and display an understanding of appropriate surfing equipment. A combination of KINES 33, 34, 35 and 36 may be taken four times. R A 3

**KINES 34** 1/.67/1.33/0

**BEGINNING SURFING II**

Limitation: Must pass swim test

Recommended Preparation: KINES 33

Provides beginning surfers with the knowledge and skills to become more confident and competent in their surfing ability. Covers basic ocean first aid, understanding marine life, basic turns, drops, angles, negotiating big sets with various rolls and turns, and surfing a complete wave ending in kicking out. Students will provide their own equipment. A combination of KINES 33, 34, 35 and 36 may be taken four times. R A 3

**KINES 35** 1/.67/1.33/0

**INTERMEDIATE SURFING**

Limitation: Must pass swim test

Recommended Preparation: KINES 34

Designed for the surfer who can negotiate waves and do basic turns on a consistent basis. Ocean knowledge such as currents, wave development, wind pattern, and ocean floor terrain will be presented. Surfers will be taught such short and longboard maneuvers as: Duck dive, cutback, “off the lip,” roundhouse, sideslip, crossover, and walk to nose. Students will become better in riding surf four feet and larger. Students provide their own equipment. A combination of KINES 33, 34, 35, and 36 may be taken four times. R A 3

**KINES 36** 1/.67/1.33/0

**ADVANCED SURFING**

Limitation: Must pass swim test

Recommended Preparation: KINES 35

Designed to meet the needs of the advanced surfer interested in extreme maneuvers and competing at the collegiate level. Students provide own equipment. A combination of KINES 33, 34, 35 and 36 may be taken four times. R A 3

**KINES 40** 1 or 1.5/.67 or 1/1.33 or 2/0

**POWER YOGA**

Recommended Preparation: KINES 28

Blending the principles and practices of Hatha Yoga, Astanga Yoga, and Pilates techniques for total body fitness. Practice will include Hatha Yoga for flexibility and body balance, Astanga Yoga focusing on strength and cardiovascular training, and Pilates techniques to increase concentration and core stabilization. R E 3

**KINES 41** 1 or 1.5/.67 or 1/1.33 or 2/0

**SWIMMING FOR NONSWIMMERS**

A beginning course in the instruction and practice of the most fundamental elements of swimming, diving, and safety skills. A combination of KINES 41, 42 and 43 may be taken four times. R A 3

**KINES 42** 1 or 1.5/.67 or 1/1.33 or 2/0

**INTERMEDIATE SWIMMING**

Recommended Preparation: KINES 41

Designed to teach more intermediate strokes between beginner and advanced swimmer. Includes instruction in crawl, breaststroke, side stroke, back crawl and elementary backstroke, treading, and safety skills. A combination of KINES 41, 42 and 43 may be taken four times. R A 3

**KINES 43** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED SWIMMING AND DIVING**

Recommended Preparation: KINES 42

Designed to teach students advanced swimming and diving skills. Safety in regard to lifesaving and elementary forms of rescue will be stressed. Field trips may be required. A combination of KINES 41, 42 and 43 may be taken four times. R A 3

**KINES 44** 1 or 1.5/.67 or 1/1.33 or 2/0

**AQUATIC CONDITIONING**

Recommended Preparation: Basic swimming ability

Designed to develop and maintain physical fitness through swimming. Emphasis will be placed on endurance training for improved cardiovascular fitness. R E 3

**KINES 45** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED WATER POLO (COED)**

Recommended Preparation: IA 7 or 8 or 14 or 18

Designed for students of advanced ability in water polo who have competed on an intercollegiate water polo team or equivalent. Fundamentals in all aspects of play will be stressed. Recommended for kinesiology majors and those interested in intercollegiate competition. R E 3
KNES 47  3/3/0/0
LIFEGUARD TRAINING
Limitation: Successfully complete the swim pre-test
Recommended Preparation: KNES 43
Instruction in lifeguarding and lifesaving techniques, cardiopulmonary resuscitation, and basic first aid that will facilitate successful completion of the American National Red Cross Lifeguard Training Certificate, Community First Aid and Safety Certificate and CPR for the Professional Rescue Certificate. R E 99

KNES 49  1 or 1.5/.67 or 1/1.33 or 2/0
AQUA AEROBICS
Instruction and practice in water aerobics exercise. Emphasis will be placed on toning, trimming and firming skeletal muscles through water resistance exercises. Increasing flexibility, strengthening the cardiovascular system, and improving the respiratory system will also be stressed. R E 3

KNES 50  1 or 1.5/.67 OR 1/1.33 or 2/0
AEROBIC DANCE
Aerobic dance is a fitness program which combines vigorous aerobic dance combinations with a variety of musical rhythms. R E 3

KNES 51  3/3/0/0
INTRODUCTION TO KINESIOLOGY AND ATHLETICS
An overview of kinesiology and coaching, professional preparation, philosophies, and employment opportunities. Characteristics of the field are viewed from a broad theoretical and practical perspective. NR

KNES 52  3/3/0/0
FUNDAMENTALS OF HUMAN MOVEMENT
Basic scientific principles of human movement related to various forms of sport and exercise. Fundamentals of anatomy, exercise physiology, biomechanics, and motor control will be presented in class with the goal of improving physical performance. Analyses of movements involved in various activities will be performed using demonstration, videography and student participation. NR

KNES 53  3/3/0/0
PREVENTION AND CARE OF ATHLETIC INJURIES
Designed to assist trainers, coaches, kinesiology, and recreation majors, playground personnel, and athletes in the prevention and care of athletic injuries. Emphasis will be on practical application as well as theory. NR

KNES 54  3/3/0/0
PRINCIPLES AND FUNDAMENTALS OF COACHING
Recommended Preparation: KNES 53
Emphasizes the principles and fundamentals of coaching. The student will learn how to supervise and organize an effective sport drill, how to care for and prevent injuries, and how to better understand and effectively deal with players and allied personnel. NR

KNES 56  2/1/2/0
ATHLETIC TRAINING FIELD WORK
Recommended Preparation: KNES 53
Exposure to immediate recognition and treatment of sports injuries unique to intercollegiate athletics. Emphasis on rehabilitation and taping techniques to enable athletes to return to competition. Students will receive hands on experience and will be able to apply various techniques in the treatment of athletic injuries. R E 3

KNES 57  2.5/0/5/0
SKILLS, TECHNIQUES, AND THEORY OF SONGLEADING & CHEERLEADING
Designed for song and yell leaders or physical education and recreation majors. Instruction, practice, and evaluation of song and cheerleading. Fieldwork may be required. R E 3

KNES 58  1.5/1/2/0
DISTANCE RUNNING
Techniques in distance running methods, developing aerobic endurance, flexibility, and overall physical fitness. R E 3

KNES 61  1 or 1.5/.67 or 1/1.33 or 2/0
PILATES CONDITIONING
Fundamentals of floor exercise emphasizing the principles of Joseph Pilates. Exercises to improve abdominal and back strength, flexibility, and postural alignment. Pilates involves integrating the physical and mental aspects of movement to correct imbalances in the body. Enhancement in any movement-based program, such as dance, sports, or exercise programs. Challenging to all fitness levels. Proper breathing techniques are emphasized. Also listed as DANC 65, credit given in either area, not both. R E 3

KNES 62  1 or 1.5/.67 or 1/1.33 or 2/0
ADVANCED BASKETBALL
Recommended Preparation: Participation on an interscholastic team
Designed for students of advanced ability in basketball skills who have competed on an intercollegiate team or its equivalent. Offensive and defensive skills as well as advanced strategies will be stressed. Recommended for kinesiology majors and those interested in intercollegiate competition. A combination of KNES 70 and 71 may be taken four times. R A 3

KNES 63  1 or 1.5/.67 or 1/1.33 or 2/0
BEGINNING SOCCER
Recommended Preparation: KNES 72
Basic fundamentals of individual play such as dribbling, heading, shooting, trapping, passing, defensive tactics, and knowledge of rules. A combination of KNES 72 and 73 may be taken four times. R A 3

KNES 64  1 or 1.5/.67 or 1/1.33 or 2/0
ADVANCED SOCCER
Recommended Preparation: KNES 72
Advanced fundamentals of individual play such as dribbling, heading, shooting, trapping, passing, and defensive tactics, and knowledge of rules. A combination of KNES 72 and 73 may be taken four times. R A 3

**KINESIOLOGY**

**KNES 74** 1 or 1.5/.67 or 1/1.33 or 2/0

**COED SOFTBALL—SLOW PITCH**

Playing coed slow pitch softball games to learn fundamentals of offense, defense, and basic skills. R E 3

**KNES 76** 1 or 1.5/.67 or 1/1.33 or 2/0

**BEGINNING VOLLEYBALL**

The basic skills and rules of volleyball are introduced. Rules, strategy, skill practice, and class competition are included. Course is orientated to the beginning volleyball student. A combination of KNES 76, 77 and 78 may be taken four times. R A 3

**KNES 77** 1 or 1.5/.67 or 1/1.33 or 2/0

**INTERMEDIATE VOLLEYBALL**

Recommended Preparation: KNES 76

Designed to give the intermediate student the opportunity to improve the basic skills of volleyball. Rules, and strategy, skill practice in passing, setting, hitting, serving, blocking are included. The student is introduced to basic offense and defense systems of play. A combination of KNES 76, 77 and 78 may be taken four times. R A 3

**KNES 78** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED VOLLEYBALL**

Recommended Preparation: KNES 77

Designed to introduce advanced skills necessary for playing competitive volleyball. Skills covered include basic skills, fast offense, court positioning, rolls, dives, and team strategy, both offensive and defensive. A combination of KNES 76, 77 and 78 may be taken four times. R A 3

**KNES 79** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED BASEBALL**

Recommended Preparation: Participation in interscholastic team

Designed for those students of advanced ability in baseball skills who have competed on an interscholastic team or equivalent. Fundamentals of offensive, defensive, and advanced strategies will be stressed. Recommended for kinesiology majors and those interested in intercollegiate competition. R E 3

**KNES 80** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED FOOTBALL**

Recommended Preparation: Participation in interscholastic team

Designed for those students of advanced ability in football skills who have competed on an interscholastic team or equivalent. Fundamentals of offensive, defense, and kicking skills, as well as advanced strategies will be stressed. Recommended for kinesiology majors and those interested in intercollegiate competition. R E 3

**KNES 81** 1/.67/1.33/0

**BEACH VOLLEYBALL**

Introduction to beach volleyball. Rules, strategy, skill practice, and class competition are included. R E 3

**KNES 82** 1 or 1.5/.67 or 1/1.33 or 2/0

**RECREATIONAL BASEBALL**

Recreational baseball played in a competitive game format. Emphasizes rules, conditioning, offensive and defensive playing skills and teamwork. R E 3

**KNES 83** 2/1/3/0

**FAST PITCH SOFTBALL**

Advanced fast-pitch softball played in a competitive game format. Emphasis on rules, conditioning, offensive and defensive playing skills and teamwork. R E 3

**KNES 90** 1 or 1.5/.67 or 1/1.33 or 2/0

**SELF-DEFENSE (COED)**

Techniques of basic self-defense recommended for both men and women. R E 3

**KNES 93** 1 or 1.5/.67 or 1/1.33 or 2/0

**KARATE**

Designed to teach the basic art of Karate. Emphasizes mental and physical conditioning to develop coordination, balance, strength, speed, and power. Instruction in the history, philosophy, and psychology of Karate and the martial arts. R E 3

**KNES 94** 1 or 1.5/.67 or 1/1.33 or 2/0

**BEGINNING AIKIDO**

Aikido is a relatively modern Japanese martial art based upon nonresistance rather than strength. It is a nonaggressive, noncompetitive art based upon a philosophy that stresses harmony with nature and control of body and mind. In Aikido, an attack is never stopped; it is guided in a way that causes the attacker to be thrown by the momentum of his own attack. Aikido develops the individual mentally as well as physically. Physically it produces good posture, physical skill, and quickness of body reflexes. Mentally it develops determination, and responsibility. A combination of KNES 94 and 96 may be taken four times. R A 3

**KNES 96** 1 or 1.5/.67 or 1/1.33 or 2/0

**ADVANCED AIKIDO**

Recommended Preparation: KNES 94

Fundamental Aikido principles and refinement of the basic movements of Aikido. Introduction of the concepts of open hand defense against weapons, kneeling techniques, and advanced Ukemi techniques (i.e. forward break falls, backward rolls, and free style) to prevent injury. Leadership, etiquette, demeanor, dress and a high level of level of preparation will be emphasized. A combination of KNES 94 and 96 may be taken four times. R A 3

**KNES 105** 3/3/0/0

**MENTAL SKILLS FOR SPORTS PERFORMANCE**

Focuses on psychological and physical aspects of competition and ways to enhance performance: stress management techniques, visualization, imagery, and goal setting. Explores training methods for the body and mind. Designed for both the weekend athlete and the serious intercollegiate competitor. NR

**KNES 107** 1/1/0/0

**SURVEY AND ASSESSMENT OF FITNESS**

An assessment of the physical condition of the student which includes testing and evaluation of muscular strength and endurance, flexibility, body composition, cardiovascular endurance, skill-related fitness, and aquatic ability. Personality factors will be studied to learn more about stress reduction and lifestyle changes. Information regarding nutrition, weight management, and personal program for lifetime fitness will be presented. Different testing and assessment techniques will be used in this course. NR

**KNES 189** .5-.4/.5-.4, 5-9, 5-9

**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**KOR 1** 5/5/0/0

**ELEMENTARY KOREAN**

Corequisite: KOR 999A

Recommended Preparation: College-level reading ability

Designed to develop the fundamentals of communicative competence in daily spoken Korean. Emphasis is on reading and writing skills, as well as fundamental aspects of culture. Equivalent to two years high school Korean. NR
KOR 2
5/5/0/0
ELEMENTARY KOREAN
Prerequisite: KOR 1 or two years of high school Korean
Corequisite: KOR 999A
Described to further the fundamentals of communicative competence in daily spoken Korean. Although the focus remains on listening comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

KOR 3
5/5/0/0
INTERMEDIATE KOREAN
Prerequisite: KOR 2 or three years of high school Korean
Corequisite: KOR 999B
Intermediate level course focuses on fluency in reading, writing, speaking, and listening. Continues the study of Korean cultures. NR

KOR 4
5/5/0/0
INTERMEDIATE KOREAN
Prerequisite: KOR 3 or four years of high school Korean
Corequisite: KOR 999B
Emphasizes fluency in speaking, reading, writing, and comprehension of Korean. Includes selected readings and discussions from the basic four genres in Korean and Korean-American literature, culture, and customs. NR

KOR 21
3/3/0/0
INTRODUCTION TO KOREAN CULTURE
Recommended Preparation: College-level reading ability
Designed to provide a brief overview in English of the Korean culture. Areas of study include geography, history, literature, philosophy, religion, and customs of the Korean people. No prior study of the Korean language or culture is required. NR

KOR 250
1/3/0/0
PRACTICAL KOREAN
Emphasizes conversational skills in Korean as applied to everyday situations including business, travel, and related topics. Consideration also given to cultural topics. Assumes no prior knowledge of the language. R E 1

KOR 999A
.25/0/0/1
KOREAN LANGUAGE LAB
Corequisite: KOR 1, 2
Requires concurrent enrollment in designated elementary Korean courses. Enhances and provides practice in skills learned in elementary Korean courses. R E 3

KOR 999B
.25/0/0/1
KOREAN LANGUAGE LAB
Corequisite: KOR 3, 4
Requires concurrent enrollment in designated intermediate Korean courses. Enhances and provides practice in skills learned in Korean language courses. R E 3

Library

LIB 2
3/3/0/0
ADVANCED INFORMATION COMPETENCY SKILLS: ONLINE SEARCHING
Recommended Preparation: LIB 100 or 101
Develops students’ research and information competency skills including using research resources (library catalogs, periodical databases, and internet resources) efficiently and effectively. Students will practice making decisions about focusing their research, finding the best sources and using them appropriately, and citing sources. Students will evaluate information for accuracy, credibility, and bias as a central focus of this course. Students who complete the course will be able to apply these principles to fulfill their research goals in other settings. NR

LIB 100
1/1/1/0
BASIC INFORMATION COMPETENCY SKILLS: LIBRARY RESEARCH
Designed to provide the student with an understanding of print and electronic reference sources available in an academic library, as well as research skills that can be used to find information for papers, presentations, and other class assignments. NR

LIB 101
1/1/0/0
INTERMEDIATE INFORMATION COMPETENCY SKILLS: SEARCH STRATEGIES
Designed to develop effective search strategies, to locate and critically evaluate information; and to recognize the ethical, legal, and socio-political implications of information. NR

LIB 189
.5-.4/-.5-.9/.5-.9/.5-.9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Manufacturing Technology

MFG 200
3/2/3/0
INTRODUCTION TO RAPID PROTOTYPING TECHNOLOGY
Recommended Preparation: ARCH/DR 50 and 51
A comprehensive study of rapid prototyping (RP) and additive manufacturing (AM). Primary topics will include prototyping fundamentals, terminology, machine technology, advantages vs. disadvantages of various technologies, materials and finishing for industry. Features applied laboratory activities in additive manufacturing and post-production finishing or processes on several different rapid prototyping machines. R E 3

MFG 201
2/1/3/0
ADVANCED CAD MODEL MAKING AND TOOLING
Prerequisite: MFG 200
Recommended Preparation: ARCH/DR 50 and 51
A comprehensive study of rapid prototyping (RP), additive manufacturing tools, and secondary processes. Includes stereo lithography (SLA), fused deposition modeling (FDM), three dimensional printing (3DP), and multi-jet modeling (MJM) machine operations. Students apply advanced materials secondary processes and finishing for RP models, resin casting, vacuum forming, silicone mold making and composites. Activities include finishing on several rapid prototyping machines and secondary processing equipment. Magics RP will be used for tool creation and repair of STL files. R E 3

MFG 202
2/2/0/0
INDUSTRIAL MATERIALS
Study of metals and non-metals common to industry; mining, physical and chemical properties and uses lattice structure, alloy systems, mechanical tests and characteristics of strength, elasticity, ductility, malleability, heat treatment and surface coatings. R E 3

MFG 203
2/1/3/0
INTRODUCTION TO MANUFACTURING PROCESSES
Study of modern manufacturing techniques. The use of machine tools, testing devices, and inspection methods and the relation of design to production and assembly. R E 3
### Marine Science

**MST 101**  1.5/5/4/0
A comprehensive study of silicones and urethanes, their similarities and differences and how they are applied during the mold-making process. Topics will include types of silicones, types of urethanes and common molding practices. This hands-on class will require students to create silicone and urethane molds of various types. Includes vents, sprue, parting lines, and keys. Students will create several types of silicone and urethane molds including open face, two-piece, glove, shell, and reinforced mother molds. Industries that use this type of technology include theater, art, rapid manufacturing, jewelry making, part design, and engineering. R E 3

**MST 201**  2/1/2/0
MARLINSPIKE SEAMANSHIP
Develop self-reliance and seamanship by studying the fundamentals of knotting, splicing, sail repair, deck seamanship, emergency repair, rigging, and decorative knots. Traditional and modern knotting and splicing are included. R E 3

**MST 202**  3/3/0/0
MARINE WEATHER
Basic principles of meteorology and certain related aspects of oceanography are presented. Intended for individuals in boating and marine related fields where knowledge of weather and sea conditions is essential for safe operation of all sizes of ocean-going craft. R E 1

**MST 203**  3/2.5/1.5/0
ECOLOGY OF CAPTIVE FISH AND INVERTEBRATES
Survey of the fish and invertebrates encountered in the world trade and exhibition of living marine ornamentals; emphasis in conservation research and advancement of aquatic husbandry techniques. The compatibility, propagation potential, captive breeding as well as current policies that govern their use and care will be covered. R E 1

**MST 204**  3/2.5/1.5/0
AQUATIC ANIMAL HEALTH AND DISEASE MANAGEMENT
Introduction to the common disease, their causes and health management of marine and freshwater organism used for enhancement, ornamental trade, and food production. The response of animals to numerous pathogens and syndromes will be discussed along with the methods of treating and avoiding these diseases. Clinical and non-clinical diagnostic procedures for the determination of disease will also be reviewed. R E 1

**MST 205**  3/2.5/1.5/0
WATER QUALITY AND TOXICITY OF CAPTIVE AQUATIC SYSTEMS
How water quality and toxicity impacts and is impacted by aquatic organisms. Includes the measurement of water quality parameters, and different treatments. Labs will focus on techniques for measuring parameters and methods of treatment. R E 1

---

### Special Topics

**MS 188** .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
INTERMEDIATE OCEAN SAILING

MST 212 3/2/2/0

Recommended Preparation: MST 10
Principles of fluid mechanics, functional operation, facility planning, construction, and design of aquatic life support and auxiliary structures will be introduced and demonstrated. R E 1

MST 207 1.5/1.5/0/0

INTERNSHIP

AQUARIUM/AQUACULTURE SCIENCE

Prerequisite: MST 10 or 100
Corequisite: CWE 180
Recommended Preparation: MST 101, 203, 205
Combines on-campus instruction with work experience at local public, research, or commercial aquarium or aquaculture facilities for on-the-job training while learning aquatic husbandry skills. R E 1

MST 210 3/2/2/0

COASTAL NAVIGATION

In-depth study of chart use, navigation aids, plotting, dead-reckoning, piloting, and electronic navigation. Includes analysis of currents and tides, and position finding using visual and electronic means. R E 2

MST 211 3/2/2/0

CELESTIAL NAVIGATION

Comprehensive coverage of celestial navigation principles intended to develop practical transoceanic navigational skills. Included will be great circle sailing concepts, sight reduction tables, modern line-of-position techniques, the sextant and chronometer, and at sea navigational cruises. R E 3

MST 212 3/2/2/0

SAILING, SEAMANSHIP, AND BOATING SAFETY

Techniques of small-boat handling, rules of the road, coastal piloting, safety at sea, and small-craft maintenance. Emphasis is placed on practical experience gained during at-sea laboratory sessions aboard the college fleet of Capri 14's. R E 3

MST 214A 3/2/2/0

INTERMEDIATE OCEAN SAILING

Recommended Preparation: MST 212 or basic sailing skills
Theory and practical seamanship aspects of maneuvering auxiliary sailboats under power and sail during weekly sailing labs and lectures. Includes theory and practice of efficient sailing, anchoring, meeting emergency situations under sail and planned response to local weather conditions. Also introduces maneuvers under power, rules-of-the-road, aids to navigation and other piloting skills. Information and experience gained will qualify student as boat owner or crew member for knowledgeable sailing in local coastal waters. R E 3

MST 214B 3/2/2/0

ADVANCED CRUISING UNDER SAIL

Recommended Preparation: MST 214A and basic sailing skills
Practical advanced seamanship aspects of cruising auxiliary sailboats to the offshore islands during 2 three-day cruising labs and biweekly lectures. Includes theory and practice of provisioning and preparing the vessel, watch-standing, night sailing, and response to emergency situations and weather conditions. Also covers advanced sailing techniques, reviews docking and mooring, safe over-night anchoring, rules of the road/ aids to navigation, and piloting skills. Information and experience gained will qualify student as boat owner or crew member for knowledgeable sailing in offshore and Channel Island waters. R E 3

MST 215 3/2/2/0

VESSEL COMMAND AND ORGANIZATION

Recommended Preparation: MST 214B
Prepares advanced students for command and organization of crew, provisions, and equipment on board larger auxiliary sailing craft during coastal cruises and among the Channel Islands. Students will supervise preparations for and conduct of actual cruises. Includes supervisions of efficient sailing, safe anchoring, docking and mooring, emergency situations under sail, and planning response to local weather conditions. Also practical application of rules of the road, piloting, and navigational skills. R E 3

MST 216 3/2/2/0

USCG MASTER LICENSE AND EXAMINATION PREPARATION COURSE

Prepares students to pass a United States Coast Guard (USCG) examination to receive a USCG Master or Mate license with a scope of 25-100 gross tons. Students also learn to select the appropriate license grade and scope and how to document the sea time (experience) the USCG requires. R E 2

MST 218 3/2/2/0

ELECTRONIC AIDS TO NAVIGATION

Recommended Preparation: MST 210
A study of the operation and function of electronic navigational aids as they are used on board a vessel at sea. Includes GPS, autopilot, depth meter, chart plotter, and radar with hands on laboratory sessions practicing techniques for their operation. Students will be able to integrate the various instruments into a cohesive unit for safe navigation of a seagoing vessel. R E 3

MST 219 3/1/4/0

MARINE ECOLOGICAL SURVEY/GIS

Recommended Preparation: MS 20, GEOG 110
Integrates the collection of marine coastal and local inshore biological, physical, geological, and chemical data with GIS mapping using GPS navigational technology. Students will collect data, evaluate, and process data collected by others, and develop this data spatially into a format compatible with a GIS grid for manipulation, presentation, and reporting. Basic marine ecological concepts will be explored linking GPS navigational data with global information systems cartography. R E 3

MST 224 1.5/1/0

INTRODUCTION TO CRUISING THE CHANNEL ISLANDS

Through a combination of classroom lectures and a 3-day sailing voyage, students gain knowledge, skill, and experience in ocean cruising under sail. Provides a foundation of seamanship skills and experience navigating and handling a cruising sailboat. Prepares students for more advanced seamanship courses, and provides experience for personal growth. R E 3

MST 289 5.4/5.4/5.9/5.9

SPECIAL TOPICS

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
## Guidelines for Enrollment in Mathematics

### MATHEMATICS COURSE SEQUENCE

**Pre-Algebra**
- Math 351

**Beginning Algebra**
- Math 251 or Math 251A and Math 251B

**Intermediate Algebra**
- Math 253

**College Algebra**
- Math 7

**College Algebra**
- Math 8

**Brief Course in Calculus**
- Math 11

**Linear Algebra**
- Math 26

**Elementary Differential Equations**
- Math 24

**Pre-Calculus Mathematics**
- Math 124

**Analytic Geometry and Calculus**
- Math 2
- Math 3A
- Math 3B

**Analytic Geometry and Calculus**
- Math 3C

---

### Mathematics

**Advisory on achieving mathematics competency**

Students seeking the Associate degree are required to achieve a minimum score on a standardized examination or complete a mathematics course other than Math 251, 251A, 251B and 351 with a grade of C or better. In order to achieve a grade of C or better without repeating a course for a substandard grade, the following strategies are recommended:

1. Students enrolling in mathematics courses are encouraged to plan enrollments in consecutive semesters, satisfying a prerequisite and enrolling in the next course the following term.

2. Select five unit courses, which are scheduled to meet three times per week, or select three unit courses, which meet twice per week.

3. Plan to spend a minimum of three hours per week in homework per unit of credit which includes completing all assigned homework. Focus on the steps needed to solve problems, not just selecting the right answer to a problem.

4. Notify your instructor by email or telephone if you are having difficulties in the course; schedule office hour appointments with faculty regularly; take advantage of tutoring and other resources that your instructor recommends to you.

If you follow these recommendations, it is possible for you to complete the mathematics requirement without repeating a course. Contact the Division of Math, Science and Engineering if you have questions about specific sections of courses.

---

**Math 3A 5/5/0/0**

**ANALYTIC GEOMETRY AND CALCULUS**

Prerequisite: Math 2

Basic concepts of analytic geometry; limits and continuity; differentiation of algebraic functions with applications to graphing, solving max-min problems, and using Newton’s method; anti-differentiation; differentiation and integration of trigonometric, exponential, and logarithmic functions; integration applications including area under a curve, volume of revolution, work, liquid pressure, area of surface of revolution, and length of an arc. NR

---

**Math 3B 5/5/0/0**

**ANALYTIC GEOMETRY AND CALCULUS**

Prerequisite: Math 3A

Further applications in integration including integration and differentiation of: trigonometric, exponential, logarithmic functions, inverse trigonometric and hyperbolic functions; techniques of integration; and improper integrals. Indeterminate forms of limits, infinite series, Taylor’s formula, rotations and translations in the plane, polar coordinates, and equations of conics will be included. NR
MATH 3C 5/5/0/0
ANALYTIC GEOMETRY AND CALCULUS
Prerequisite: MATH 3B
The study of vectors and parametric equations, partial differentiation, functions of two or more variables, gradients, higher order derivatives, multiple integrals, cylindrical and spherical coordinates, vector functions, and their derivatives, vector fields, surface and line integrals, theorems of Green and Stokes, the divergence theorem. NR

MATH 7 5/5/0/0
COLLEGE ALGEBRA
Prerequisite: MATH 253
This is a college algebra course designed for the general education student. Topics include: polynomial, exponential, and logarithmic functions, polynomial equations, matrices, determinants, and systems of linear equations, sequences, series, mathematical induction, permutations, combinations, the binomial theorem, and conic sections. NR

MATH 8 5/5/0/0
COLLEGE ALGEBRA FOR BRIEF CALCULUS
Prerequisite: MATH 253

MATH 10 3/3/0/0
INTRODUCTION TO STATISTICS
Prerequisite: MATH 253
Covers descriptive statistics, probability theory, and inferential statistics. Topics covered include: tabular and graphical representation of data, counting principles, permutations, combinations, rules of probability, continuous and discrete probability distributions, sampling distributions, the central limit theorem, estimating population parameters, hypothesis testing, correlation, regression, contingency tables, and chi-square. Applications are selected from the fields of business, economics, life science, social science, and physical science. NR

MATH 11 5/5/0/0
A BRIEF COURSE IN CALCULUS
Prerequisite: MATH 8
A review of algebra topics. Matrix algebra, Gauss-Jordan elimination, inverse of square matrix, determinants, the calculus topics of limits, derivatives, integrals, including measures of central tendency, continuous and normal density functions, differential equations as applied to one or more variable functions will be studied. Applications of these topics to the fields of business, economics, social and biological sciences will be stressed. NR

MATH 124 3/3/0/0
TRIGONOMETRY
Prerequisite: MATH 253
An introduction to trigonometric functions with emphasis on both the unit circle and the right triangle methodologies. NR

MATH 189 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

MATH 205 3/3/0/0
MATH FOR THE ASSOCIATE DEGREE
Prerequisite: MATH 251
Learn problem solving skills and analytical thinking to investigate areas such as consumer concerns, probability, statistics, and mathematics in the work place. This course meets the minimum general education mathematics requirement and is not a prerequisite for higher level math courses. NR

MATH 215 5/5/0/0
BEGINNING ALGEBRA
Prerequisite: MATH 351
An introduction to the basic properties of real numbers, numbers and sets, operations with real numbers, solving linear and quadratic equations, and inequalities in one variable, systems of equations, operations with fractions, functions, relations and graphs, operations with polynomials, special products and factoring. NR

MATH 215A 3/3/0/0
BEGINNING ALGEBRA PART 1
Prerequisite: MATH 351
This is the first of a two-semester sequence of courses that is equivalent to MATH 251. Topics include linear equations and inequalities, solving linear equations and inequalities in two variables, solving systems of linear equations, operations with polynomials, and simplifying exponential expressions. NR

MATH 215B 3/3/0/0
BEGINNING ALGEBRA PART 2
Prerequisite: MATH 215A
The second of a two-semester sequence of courses that is equivalent to MATH 251. Topics include factoring polynomials, simplifying rational and radical expressions, solving rational, radical and quadratic equations. NR

MATH 253 5/5/0/0
INTERMEDIATE ALGEBRA
Prerequisite: MATH 251
Further study of the real-number system, open sentences in one variable, polynomials and factoring, systems of linear equations, functions and sequences, rational numbers and functions, irrational and complex numbers, quadratic equations and functions, exponential and logarithmic functions, quadratic relations and systems. NR

MATH 289 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

MATH 351 3/3/0/0
PRE-ALGEBRA MATHEMATICS
Designed for those needing a rapid review of arithmetic before taking a more advanced course. The fundamentals of arithmetic computations with whole numbers and decimals will be discussed very briefly. Computations with fractions and integers will be covered in depth. Problem solving techniques involving ratio, proportion, percent, geometric formulas, and linear algebraic equations will be applied to real world situations. NR
### Medical Assisting

**MA 206** 3/3/0/0  
**INTRODUCTION TO HEALTHCARE SYSTEMS AND DELIVERY**  
Introduction to the health care delivery system. Issues discussed include the history of medicine, health care settings, types of insurance, managed care, the role of the health care professional and current trends affecting health care delivery in the medical setting. Letter grade only. NR

**MA 211A** 2.5/2.5/0/0  
**MEDICAL RECEPTION TECHNIQUES**  
Provides development of selected medical front-office skills. Includes the primary reception techniques of oral communication, telephone procedures, and scheduling systems, including referral appointments. Letter grade only. NR

**MA 211B** 3/2/3/0  
**PHYSICAL-EXAMINATION PROCEDURES**  
Includes selected medical office clinical skills of physical measurements, recording medical histories and assisting with general physical and specialty examinations. An introduction to radiology and physical therapy is included to assist in patient scheduling and patient instruction. Letter grade only. NR

**MA 212A** 2.5/2.5/0/0  
**MEDICAL OFFICE FINANCIAL PROCEDURES**  
Develops selected medical front-office financial skills. Includes medical billing, credit arrangements, collections, bookkeeping, banking procedures, medical office equipment and facilities management. Letter grade only. NR

**MA 212B** 3/2/3/0  
**MEDICAL OFFICE LABORATORY PROCEDURES**  
Develops selected medical-office laboratory skills. Includes techniques necessary to perform the procedures related to urine and blood testing, including venipuncture. Meets state requirement for medical assistant phlebotomy and skin puncture certificate. Letter grade only. NR

**MA 213A** 2.5/2.5/0/0  
**MEDICAL RECORDS MANAGEMENT**  
Develops selected medical front-office skills including medical forms, patient records, legal aspects of medical records, filing systems, filing procedures and written communication. Letter grade only. NR

**MA 213B** 3/2/3/0  
**MEDICAL ASEPSIS AND SURGICAL PROCEDURES**  
Develops selected medical-office clinical skills including medical and surgical asepsis, minor surgical techniques and medical office facilities and equipment management. Letter grade only. NR

**MA 214B** 3/2/3/0  
**MEDICATION ADMINISTRATION FOR MEDICAL ASSISTANTS**  
Develops techniques in medication administration. Includes instruction and laboratory practice in pharmacology, pharmacology mathematics, and the procedures involved in oral and injectable medication administration. Meets state requirement for medical assistant injections. Certificate awarded for intramuscular, subcutaneous, and intradermal injections. Letter grade only. NR

**MA 217A** 3/0/9/0  
**MEDICAL ASSISTING CLINICAL EXPERIENCE--ADMINISTRATIVE**  
**Prerequisite:** Enrollment in Medical Assistant Program and completion of MA 206, 211A, 212A, 213A, 222, HSC 201, 222, and INSR 224A, 226A, 228A, 260  
**Limitation:** (1) Must have current Basic Life Support CPR card for Healthcare Providers; (2) Must have professional liability insurance; (3) Physical examination and health clearance are required  
Provides supervised directed practice in a physician's office or medical clinic. This experience will emphasize development of medical front-office and clinical back-office skills with consideration for ethical and legal concepts. Scheduled class sessions will assist the student in dealing with problems encountered in the work experience setting. Letter grade only. NR

**MA 217B** 3/0/9/0  
**MEDICAL ASSISTING CLINICAL EXPERIENCE CLINICAL**  
**Prerequisite:** Enrollment in Medical Assistant Program and completion of MA 206, 211B, 212B, 213B, 214B, 218B, 222, HSC 201, 222, and INSR 260  
**Limitation:** (1) Must have current Basic Life Support CPR card for Healthcare Providers; (2) Must have professional liability insurance; (3) Physical examination and health clearance are required  
Provides supervised directed practice in the same course. Letter grade only. NR

**MA 217C** 3/0/9/0  
**MEDICAL-ASSISTING CLINICAL EXPERIENCE COMPREHENSIVE**  
**Prerequisite:** Enrollment in Medical Assistant Program and completion of HSC 201, 222, MA 206, 211A, 211B, 212A, 212B, 213A, 213B, 214B, 218B, 222, and INSR 224A, 226A, 228A, 260  
**Limitation:** (1) Must have current Basic Life Support CPR card for Healthcare Providers; (2) Must have professional liability insurance; (3) Physical examination and health clearance are required  
Provides supervised directed practice in a physician's office or medical clinic. This experience will emphasize development of medical front-office and clinical back-office skills with consideration for ethical and legal concepts. Scheduled class sessions will assist the student in dealing with problems encountered in the work experience setting. Letter grade only. NR

**MA 218B** 2/1/2/0  
**ELECTROCARDIOGRAPHY FOR THE MEDICAL ASSISTANT**  
Provides basic instruction in electrocardiography theory and technique for the clinical medical assistant or electrocardiographer. Includes a review of the structure and function of the heart, the electrocardiograph and its function, and the correct technique for performing an electrocardiogram with student “hands-on” involvement. Letter grade only. NR

**MA 222** 3/3/0/0  
**LEGAL AND ETHICAL ASPECTS OF HEALTH INFORMATION**  
Covers the legal and ethical issues pertaining to health care, health information, and the health record. Topics include: privacy, confidentiality, patient rights, security, release of information, informed consents, advance directives, compliance, fraud and abuse, tort law, medical malpractice, labor laws, HIPAA, ARRA, HITECH, and E-Health. Letter grade only. NR

**MA 289** .5-4/.5-4/.5-9/.5-9  
**SPECIAL TOPICS**  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
Medical Lab Technology

MLT 210  
INTRODUCTION TO THE CLINICAL LABORATORY PROFESSION  
1/1/0/0  
Introduces the student to the functions and duties of a Medical Laboratory Technician (MLT) and compares and contrasts these duties to the Clinical Laboratory Scientist (CLS). The student will be introduced to clinical laboratory safety issues, regulatory agencies, infection control policies, and professional responsibilities relevant to other departments of health care. The student will study medical terminology, patient’s bill of rights, and the professional standards of the medical laboratory technician, proper phlebotomy technique, specimen processing, computer skills and data management systems within the clinical laboratory.  NR

MLT 211  
BASIC LABORATORY PROCEDURES  
1/1/0/0  
Recommended Preparation: MATH 205 or 253  
Designed to introduce the student to basic clinical laboratory procedures common to all diagnostic-related tasks. Emphasis will be placed on proper use of manual pipettes and semi-automated micropipettors, preparation of serial dilutions, making buffers and reagents from stock solutions, calibration and use of balances, sterile techniques, centrifuges and spectrophotometers. Introduction to basic laboratory math and statistics.  NR

MLT 230  
CLINICAL CHEMISTRY  
5/5/1/0  
Prerequisite: MLT 210 and official admission to the MLT program  
Recommended Preparation: MLT 211  
Includes general laboratory principles and specific basic instrumentation methodologies used in the clinical lab. Introduces pre-analytical variables, electrolytes and trace elements and their relationship to acid base balance, and enzyme kinetics. Studies relationships between the endocrine system analytes, including tumor markers, therapeutic drugs, and toxicology. Studies the clinical relevance of vitamin assays. Examines the correlation between test results and disease states for liver, kidney, and pancreatic functions assays. Introduces students to body fluid assays and correlation with disease states. Includes review of QA and QC.  NR

MLT 232  
CLINICAL MICROBIOLOGY  
3/3/0/0  
Prerequisite: MLT 210 and official admission to the Medical Laboratory Technician program  
Recommended Preparation: MLT 211  
Students learn how to identify microorganisms of medical microbiology with emphasis on the characteristics of clinically significant micro-organisms and their biochemical profile, media for isolation, and identification methods for selected pathogens. Introduces identification methods, theories, and techniques used in basic bacteriology parasitology, and mycology. Emphasizes routine identification.  NR

MLT 235  
CLINICAL URINALYSIS  
1/1/0/0  
Prerequisite: MLT 210 and official admission to the Medical Laboratory Technician (MLT) program  
Recommended Preparation: MLT 211  
Includes various properties and constituents of urine. Emphasis is placed on interpretation of theory and methodology of qualitative and quantitative clinical analysis of urine. The student will be able to accurately compare and contrast methods of analysis to normal function of the kidney, and examine urine physically, chemically, and microscopically. Requires comparison of clinical values as related to the physiology of the urinary system in health and disease.  NR

MLT 236  
CLINICAL HEMATOLOGY AND COAGULATION  
3/3/1/0  
Prerequisite: MLT 210 and official admission to the MLT program  
Recommended Preparation: MLT 211  
The study of hematologic disorders, normal and abnormal cell development, morphology, symptoms of hematologic disease and related testing. Presents an overview of the hemostatic process, diseases, and laboratory evaluations. Includes normal values and abnormal results, specimen processing and quality control.  NR

MLT 242  
CLINICAL CHEMISTRY PRACTICUM  
4/0/12.5/0  
Prerequisite: MLT 230  
Provides entry-level clinical laboratory practice and experience in the department of general and special chemistry. Emphasis is placed on technique, accuracy, and precision. Different instrumentation will be introduced as well as bench/manual methods. Competence will be evaluated based on final clinical evaluations.  NR

MLT 243  
CLINICAL IMMUNOLOGY/IMMUNOHEMATOLOGY  
3/3/0/0  
Prerequisite: MLT 233  
Introduces the basic principles of antigen and antibody reactions and serological procedures. Includes accurate measurement strategies.  NR

MLT 244  
CLINICAL HEMATOLOGY, COAGULATION, AND URINALYSIS PRACTICUM  
4/0/12.5/0  
Prerequisite: MLT 235 and 236  
Provides entry-level clinical laboratory practice/experience in the department of hematology, coagulation, and urinalysis. Emphasis is placed on technique, accuracy, and precision. Different instrumentation will be introduced as well as bench/manual methods. Competence will be evaluated based on final clinical evaluations.  NR

MLT 252  
CLINICAL MICROBIOLOGY PRACTICUM  
4/0/12.5/0  
Prerequisite: MLT 232  
Provides entry-level clinical laboratory practice and experience in the department of microbiology. Emphasis is placed on technique, accuracy, and precision. Different instrumentation will be introduced as well as numerous bench/manual techniques. Competence will be evaluated based on final clinical evaluations.  NR

MLT 253  
CLINICAL IMMUNOLOGY/IMMUNOHEMATOLOGY PRACTICUM  
3/0/10/0  
Prerequisite: MLT 243  
Provides entry-level clinical laboratory practice and experience in the department of immunology/serology, and immunohematology. Emphasis is placed on technique, accuracy, and precision. Different instrumentation will be introduced as well as bench/manual methods. Competence will be evaluated based on final clinical evaluations.  NR

MLT 289  
SPECIAL TOPICS  
.5-4/.5-4/.5-9/.5-9  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course.  R E 1

**Music**

**MUS 1**

**THE BASICS OF MUSIC**

Emphasizing the principles and procedures of music: rhythm and pitch notation, scales (major, minor, modal), key signatures, intervals, chord structures, sight-singing, dictation, and keyboard. NR

**MUS 10**

**HARMONY I**

Recommended Preparation: MUS 1 or proficiency exam

An intensive study of diatonic harmony in major and minor modes; roman numeral analysis; part-writing using root position triads; harmonization of a given melody; non-harmonic tones; strophic, binary, and ternary forms. NR

**MUS 11**

**HARMONY II**

Recommended Preparation: MUS 10

An intensive study of advanced diatonic and chromatic harmony in major and minor modes; secondary chords; modulation; part-writing using triads and 7th chords; variation, rondo, and sonata forms. NR

**MUS 12**

**HARMONY III**

Recommended Preparation: MUS 11

A study of chromatic harmony as practiced in the 19th century. Includes 9th, 11th and 13th chords, altered chords, mode mixture, and augmented 6th and Neapolitan chords as well as 19th century formal forms. NR

**MUS 14**

**JAZZ COMPOSITION AND ARRANGING**

Recommended Preparation: MUS 11

A study of the traditional and popular use of intervals, modes, rhythms, meters, notation of scales, structure notation, and use of traditional and popular chords and progressions. Emphasis will be placed on the traditional and popular concepts of melodic writing for popular and jazz music. R E 3

**MUS 15**

**MUSIC COMPOSITION**

Recommended Preparation: MUS 1

The emphasis in this course is on original composition. Study of instrumentation and orchestration will also be included, as will analysis of applicable literature. R E 1

**MUS 20**

**MUSIC APPRECIATION**

A survey of musical forms and important composers and their works from the Middle Ages through the 20th century. Stylistic concepts for each period will be studied and demonstrated. NR

**MUS 23**

**INTRODUCTION TO WORLD MUSIC**

A survey of the music of the world's peoples, including North, Central, and South American, African, European, Indonesian, and Asian musics and their influence on music of the United States. This course will also cover basic ethnomusicological skills. NR

**MUS 24**

**MUSIC OF THE 20TH CENTURY**

A study of a cross-section of 20th century music with a special emphasis on American composers. A study of the music, musical styles, and major composers of classic folk, pop, protest, rock, jazz, and film music. The stylistic concepts used by such composers as Stravinsky, Copland, Gershwin, and Bernstein will be examined and demonstrated. The musical life and contributions of each composer will be studied. NR

**MUS 25**

**MUSIC HISTORY: TO MOZART**

A study of musical styles and forms found in Western music from the beginning of the Christian era to the time of Mozart (c. 1750). Emphasis will be on the composers, styles, and forms of Medieval, Renaissance, and Baroque music with supplementary historical and biographical details pertinent to placing the music into the flow of Western culture. NR

**MUS 26**

**MUSIC HISTORY: SINCE MOZART**

A study of musical styles and forms found in Western music from the time of Mozart (c. 1750) to the present. Emphasis will be on the composers, styles and forms of Classic, Romantic, and Contemporary music. NR

**MUS 27**

**HISTORY OF JAZZ**

Explore America's only indigenous art form from Blues to New Age. A study of the elements of jazz tracing the development and evolution of the styles and structures of jazz from its beginning to the present time. NR

**MUS 28**

**HISTORY OF ROCK**

A study of the elements of rock music tracing the development and evolution of it's styles and structures, including sociological and political aspects, from rock's beginning to the present time. NR

**MUS 29**

**WOMEN, MUSIC, AND SOCIETY**

A historical/societal survey of women musicologists/composers from the Middle Ages to the present. Explores a historical view of women's place as creative and representative artists, the societal and political influences that governed their existence and their music, and on the actual music produced by women composers. NR

**MUS 31**

**BAROQUE SOCIETY**

Limitation: Audition with college staff

This ensemble will perform major works for chorus and orchestra from the 17th and early 18th centuries, primarily the mass and cantata repertoire of Western Europe. Emphasis is placed on recent research in authentic performance practices and use of early instruments when available. Study of the historical perspective of the role of the Reformation and the rise of the middle class in Europe in the development of these genres is included. Different literature will be performed each semester. R E 3

**MUS 32**

**ORATORIO SOCIETY**

Limitation: Audition with college staff

Choral/orchestral performance of the oratorio repertoire of the late 18th and 19th centuries is offered. The repertoire includes oratorios of Handel, Haydn, Mendelssohn and other composers of the period. Rehearsals include study of historical perspective of the oratorio society as a social phenomenon of the Industrial Revolution, and the changing role of the composer, conductor and music critic in the 19th century society. R E 3

**MUS 33**

**MODERN MASTERWORKS: CHORALE**

Limitation: Audition with college staff

Students will perform choral repertoire of the 20th century, with special emphasis on larger choral/orchestral works by English and American composers in contemporary society, commissioning and performance of new works, and study of the 20th century harmonic and textural vocabulary as seen in this repertoire. R E 3

**MUS 34**

**EARLY MUSIC ENSEMBLE**

Limitation: Audition with college staff

Students will perform sacred and secular repertoire suitable for chamber ensemble from the 15th to 17th centuries. Unaccompanied works and music with instrumental accompaniment are included. Emphasizes a cultivation of skills needed to sing music from a variety styles within the Early, Renaissance, and through the pre-Baroque era. R E 3
MUS 35 2/1/3/0
COMMUNITY BAND
Limitation: Audition with college staff
Study and performance of sacred and secular repertoire suitable for vocal chamber ensemble of 20th and 21st century composers. Unaccompanied works and music with instruments or keyboard accompaniment are included. Singers will develop skills required for performance of both traditional and avant-garde choral composition. R E 3

MUS 40 2/1/3/0
WIND ENSEMBLE
Recommended Preparation: Previous experience in an instrumental group Emphasizes rehearsal and performance of standard band literature. Public performances are required for course credit. Performances include athletic games, assemblies, and concerts. This course is offered as open-entry/open-exit. R E 3

MUS 41 2/1/3/0
SYMPHONIC WIND ENSEMBLE
Recommended Preparation: Previous instrumental training and demonstrated proficiency
An elite concert band, playing the finest traditional and contemporary band literature available. Emphasis is on a high degree of individual musicianship and fine ensemble playing. Formal concert to be given with outstanding guest soloist and/or conductors. This course is offered as open-entry/open-exit. R E 3

MUS 42 2/1/3/0
SYMPHONIC ORCHESTRA
Recommended Preparation: Previous experience in an instrumental group Studies and performance of standard orchestral literature. Public performance required for credit. This course is offered as open-entry/open-exit. R E 3

MUS 43 2/1/3/0
STRING ORCHESTRA
Recommended Preparation: Previous experience in performing groups Study of string literature from baroque, classical, romantic, and 20th and 21st century eras of music. Designed to read, study, and perform orchestral literature written especially for strings. Offered as open-entry/open-exit. R E 3

MUS 44 2/1/3/0
COMMUNITY BAND
Emphasizes rehearsal and performance of standard band literature. Public performances are required for course credit. Performances include those both on and off campus. Offered as open-entry/open-exit. R E 3

MUS 45 2/1/3/0
CONTEMPORARY CHOIR
Limitation: Audition with college staff
Study and performance of sacred and secular repertoire suitable for vocal chamber ensemble of 20th and 21st century composers. Unaccompanied works and music with instruments or keyboard accompaniment are included. Singers will develop skills required for performance of both traditional and avant-garde choral composition. R E 3

MUS 46 1/1/2/0
JAZZ IMPROVISATION
Recommended Preparation: MUS 10 or placement audition
Study of jazz theory, transcription, awareness of historically important jazz improvisers, and internationalization of jazz rhythm. Develop technical command of instrument. Foster the ability to create. R E 3

MUS 47 2/1/3/0
SADDLEBACK COLLEGE BIG BAND
Limitation: Enrollment by audition only
Performance of big band music by members of the community above high-school sophomore level. Very high standards of individual and ensemble performance are expected. The student can expect to be exposed to the very best and most demanding of the literature available in the jazz idiom. Members of this band will perform several times during the term at events both on and off campus. Offered as open-entry/open-exit. R E 3

MUS 46B 2/2/1/0
BEGINNING PIANO II
Prerequisite: MUS 54A or demonstrated proficiency
A second level introductory course in piano, with instruction in music reading, repertoire, piano technique, tone production, sight-reading, keyboard harmony, and performance styles for music and non-music majors at a first-year level. R E 3

MUS 54A 2/2/1/0
BEGINNING PIANO I
Prerequisite: MUS 54B
A first level introductory course in piano, with instruction in elementary music reading, repertoire, piano technique, tone production, sight-reading, keyboard harmony, and performance styles for music and non-music majors at a first-year level (formerly MUS 54). R E 3

MUS 55A 2/2/1/0
INTERMEDIATE PIANO I
Prerequisite: MUS 54B
Secondary Level Piano Course with instruction in selected major and minor scales, piano technique, tone production, sight-reading, building of repertoire and performance styles. Includes technical and interpretive development of piano performance ability at a second semester level. Keyboard harmony will be emphasized (formerly MUS 55). R E 3

MUS 55B 2/2/1/0
INTERMEDIATE PIANO II
Prerequisite: MUS 55A
Secondary Level Piano Course with continuing instruction on all major and minor scales, piano technique, first and second chord inversions, tone production, sight-reading, building of repertoire and performance styles, and heightened emphasis on ensemble performance. Includes technical and interpretive development of piano performance ability at a third semester level. Keyboard harmony will be emphasized. R E 3

MUS 56 3/2/0
ADVANCED PIANO
Recommended Preparation: MUS 55
This course is of a “Master Class” or a workshop character, and for the student interested in furthering his or her understanding of musical styles through careful study and performance of Baroque, Classic Romantic and Contemporary piano literature. Works and performance are thoroughly analyzed and discussed as to style, interpretation and technical problems. R E 3

MUS 58 3/2/0
PIANO REPERTOIRE AND PERFORMANCE PROCEDURES
Recommended Preparation: MUS 55 or demonstrated proficiency
The study of important piano solo literature from Bach to contemporary with emphasis on technique and procedures in solo-performance preparation. R E 3

MUS 60 1.5/1/1/0
BEGINNING CLASSICAL GUITAR
Emphasizes solo finger-style guitar playing on acoustic nylon-string guitar. Beginning-level music reading. No previous experience necessary. R E 3

MUS 61  \(\text{1.5/1/1/0}\)  INTERMEDIATE CLASSICAL GUITAR  
**Recommended Preparation:** MUS 60  
Solo and ensemble fingerstyle playing on acoustic nylon-string guitar. Intermediate level music reading. Choral accompaniment.  \(R E\ 3\)

MUS 62  \(\text{2/2/2/0}\)  ADVANCED CLASSICAL GUITAR  
**Recommended Preparation:** MUS 61  
Solo and ensemble fingerstyle playing on acoustic nylon-string guitar. Advanced level music reading and techniques. Advanced accompaniment techniques. Building repertoire and performance skills.  \(R E\ 3\)

MUS 63  \(\text{2/1/3/0}\)  ENSEMBLE TECHNIQUES FOR 21ST CENTURY  
Designed to aid the individual in developing the ability to perform in small instrumental ensemble groups, studying the music of late 20th and early 21st centuries. Pianists, string, woodwind, and guitar players will study standard repertoire as well as newer compositions, including jazz.  \(R E\ 3\)

MUS 64  \(\text{2/1/2/0}\)  PIANO ENSEMBLE  
**Recommended Preparation:** MUS 55 or demonstrated proficiency  
The ensemble study of the literature of duo-piano including four and eight hands, both original and transcribed. Particular emphasis will be given to style, interpretation, techniques of ensemble playing and sight-reading.  \(R E\ 3\)

MUS 65  \(\text{1/1/2/0}\)  PIANO ACCOMPANYING  
**Recommended Preparation:** MUS 55 or demonstrated keyboard proficiency  
Ensemble experience in the performance of duo-piano literature, four and eight hands, both original and transcribed. Particular emphasis will be given to style, interpretation and techniques of ensemble playing and sight-reading.  \(R E\ 3\)

MUS 66  \(\text{1/1/2/0}\)  CHAMBER MUSIC  
**Recommended Preparation:** Two years of instrumental training  
Chamber music is designed for pianists, string, woodwind and brass players to study chamber-music works from the standard repertoire. Emphasis will be given to student performances in concerts and recitals.  \(R E\ 3\)

MUS 67  \(\text{2/1/2/0}\)  WOODWIND ENSEMBLE  
**Recommended Preparation:** MUS 60  
Designed to aid the individual in developing the ability to perform in small instrumental ensemble groups. The type of material selected will be determined by the size and capabilities of the students enrolled. Ensembles of various sizes from duets to choirs will be studied and performed at clubs, recitals, schools, and churches. Open to woodwind instruments and advanced pianists.  \(R E\ 3\)

MUS 75  \(\text{2/1/3/0}\)  STRING LITERATURE  
**Recommended Preparation:** Two years of instrumental training  
Designed to analyze and perform traditional and contemporary string literature from 18th century to present day.  \(R E\ 3\)

MUS 80  \(\text{2/1/2/0}\)  BEGINNING VOICE  
Emphasizes vocal techniques, including tone production, breath control, and pronunciation, as well as music literature.  \(R E\ 3\)

MUS 81  \(\text{2/1/2/0}\)  INTERMEDIATE VOICE  
**Recommended Preparation:** MUS 80  
Techniques of singing without the aid of a microphone. Application of this study in vocalization and repertoire.  \(R E\ 3\)

MUS 82  \(\text{2/1/2/0}\)  VOCAL REPERTOIRE AND PERFORMANCE PROCEDURES  
**Recommended Preparation:** MUS 81  
A survey of concert literature available for various voice categories. Emphasis will be placed on the instruction and practice of presenting material from operas, concerts and musicals.  \(R E\ 3\)

MUS 92  \(\text{2/1/2/0}\)  MUSICIANSHIP I  
**Recommended Preparation:** MUS 1  
Sight-reading, ear training, and dictation of diatonic melodies and harmonies; rhythmic reading and dictation; keyboard harmony.  \(NR\)

MUS 93  \(\text{2/1/2/0}\)  MUSICIANSHIP II  
**Recommended Preparation:** MUS 92  
Sight-reading, ear training, and dictation of advanced diatonic melodies and harmonies, rhythmic reading and dictation. Required of all music majors.  \(NR\)

MUS 117  \(\text{3/3/0/0}\)  POPULAR SONGWRITING  
**Recommended Preparation:** MUS 1  
Explores all the aspects which go into the creation of a song. Emphasis will be placed on the construction of lyrics as well as the mechanics of music: rhythm, form, styles, melody and harmony. As a course project, the students will produce a demo recording of their songs.  \(R E\ 3\)

MUS 118  \(\text{4/3/3/0}\)  DIGITAL MULTI-TRACK MUSIC RECORDING  
Initial exposure to sound-recording principles, techniques, and equipment. Emphasizes multi-track music recording process, basic tracks, overdubbing, and mixdown. Students will receive hands-on experience with professional 24 track digital recording equipment while the class participates in a variety of recording projects. Also listed as CTVR 118. Credit given in either area, not both.  \(NR\)

MUS 148  \(\text{2/2/2/0}\)  JAZZ ENSEMBLE  
Studies historically important and current large ensemble jazz music. Provides practical experience in organizing a variety of instrumental combinations. Practice in standard jazz ensemble phrasing and improvisation. The jazz ensemble will perform at different functions and may perform with nationally-known guest artists. Offered as open-entry/open-exit.  \(R E\ 3\)

MUS 178  \(\text{3/3/0/0}\)  BEGINNING PIANO PEDAGOGY  
**Recommended Preparation:** Two years of piano study  
Designed to study the art of piano teaching. Traces the history of piano method books and demonstrate the most effective teaching methods used today. Students will be given an opportunity to directly teach a 3rd grade student with guidance from the instructor. This course is offered for music major students as well as community teachers who wish to improve and refine their teaching style.  \(R E\ 3\)

MUS 179  \(\text{3/3/0/0}\)  INTERMEDIATE PIANO PEDAGOGY  
**Recommended Preparation:** Two years of previous piano study or MUS 178  
Designed to study the art of piano teaching. Demonstrates the most effective teaching methods used today and emphasize the technical and interpretive styles of the four major music periods. Students will be given an opportunity to directly teach a 3rd grade student with guidance from the instructor. This course is offered for music major students as well as community teachers who wish to improve and refine their teaching style.  \(R E\ 3\)

MUS 189  \(\text{.5/4/5/4/5-9/5-9}\)  SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course.  \(R E\ 1\)
MUS 232 2/1/3/0
CHORAL TECHNIQUES

Limitation: Audition with college staff

The study of choral techniques for the intermediate and advanced singer as applied to choral repertoire. Includes historical and social factors influencing ensemble singing, orchestral structure, vocal interpretation, phrasing, and specific vocal techniques used in choral performance. This course is offered as open-entry/open-exit. R E 3

MUS 233 2/1/3/0
CONTEMPORARY CHORAL MUSIC FOR TREBLE VOICES

Limitation: Audition with a college staff

Recommended Preparation: Ability to sight read music

Choral repertoire and performance of 20th and 21st Century choral music specifically composed for treble choirs (SSA and SSAA). The repertoire includes music of living composers such as Lauridsen, Whitacre, Berkey, and Larsen as well as composers who were prolific in the early 20th century such as Stravinsky, Elgar, and Poulenc. Rehearsals include the study of the role of treble choirs in the development of choral composition in the 20th and 21st century and the development of contemporary vocal techniques within the context of the treble chorus. Rehearsals will also include the study of choral blend for treble voices, appropriate diction for both traditional and non-traditional notation, as well as tuning for unique harmonic structures. R E 3

MUS 234 2/1/3/0
SATB VOICED COMMUNITY CHORALE

Limitation: Audition with college staff

Choral performance studies focusing on a broad range of choral music from multiple periods and styles of music. Included repertoire is smaller concert works suitable for chamber chorus, both a cappella and accompanied, as well as works with larger forces such as masses, requiems, staged works, and oratorio. Rehearsals include the study of a broad range of choral issues as the music relates to the specific period of composition, and the changing role of the chorus within the context of musical composition. R E 3

MUS 240 2/1/3/0
IMPROVISED MUSIC IN A JAZZ COMBO

Recommended Preparation: Previous instrumental training and demonstrated proficiency.

Technical, historical and cultural approaches to jazz improvisation. R E 3

MUS 241 3/2/2/0
MEDIUM SIZE MALLEABLE JAZZ ENSEMBLE

Recommended Preparation: MUS 27 and instrumental technical proficiency

Performance of American improvised music by medium sized ensemble in both a traditional and experimental scope. R E 3

MUS 242 2/2/2/0
MID-SIZE AFRICAN-AMERICAN BASED ENSEMBLE JAZZ

Recommended Preparation: MUS 27 and instrumental technical proficiency

Performance of music influenced by African-American improvised music in both a traditional and experimental scope. R E 3

MUS 243 2/1/3/0
CONTEMPORARY BIG BAND LITERATURE

Limitation: Audition with college staff

Recommended Preparation: Previous instrumental training and demonstrated proficiency

Performance of contemporary big band literature from the late 20th and early 21st centuries. Interpretation, phrasing, and cultural context of each piece will be addressed and performed. R E 3

MUS 244 2/1/3/0
MODERN BIG BAND CONCEPTS

Recommended Preparation: Previous instrumental training and demonstrated proficiency.

Explores new music by young composers at the vanguard of large ensemble jazz. Interpretation of modern application of African-American and Western European compositional styles as combined in the 21st century. R E 3

MUS 245 2/1/3/0
FAVORITE PIANO CLASSICS

Recommended Preparation: MUS 55B

Ministry to pre-service piano teachers. Includes sight-reading, theory and analysis, technique and practice routines, coaching sessions, performing, and listening to enhance piano playing and an awareness of the elements of style and musicianship using the standard favorite solos in piano literature. R E 3

MUS 246 2/1/3/0
ADVANCED PIANO MUSIC OF HAYDN

Recommended Preparation: MUS 56 or two years of previous piano study

Dedicated solely to keyboard literature, students will study techniques for recognizing, analyzing, and performing the music of Franz Joseph Haydn at an advanced level. Special emphasis will be placed on touch, dynamics, articulation, tone quality, balance, phrasing, and ornamentation in Classical era pieces. R E 3

MUS 247 2/1/3/0
PIANO COMPOSERS OF TODAY

Recommended Preparation: MUS 55B

Dedicated solely to keyboard literature, this intermediate course explores music of the various composers that are presently writing solos and duets. Students will expand technique, scale patterns, chord progressions, music analysis proficiency, expressive interpretation, improvisational skills and listening appreciation using these contemporary piano pieces. R E 3

MUS 248 2/1/3/0
ADVANCED PIANO PEDAGOGY

Recommended Preparation: MUS 178 or two years of previous piano study

Designed to help the more experienced piano teachers refine their piano teaching techniques. Teachers will be expected to teach and perform music in the correct style. Teaching demonstrations with younger students will be required. Piano literature for the late-intermediate and early-advanced levels will be emphasized. R E 3

MUS 249 2/1/3/0
ADVANCED PIANO PEDAGOGY

Recommended Preparation: MUS 178 or two years of previous piano study

Designed to help the more experienced piano teachers refine their piano teaching techniques. Teachers will be expected to teach and perform music in the correct style. Teaching demonstrations with younger students will be required. Piano literature for the late-intermediate and early-advanced levels will be emphasized. R E 3

MUS 250 2/1/3/0
ADVANCED PIANO PEDAGOGY

Recommended Preparation: MUS 178 or two years of previous piano study

Designed to help the more experienced piano teachers refine their piano teaching techniques. Teachers will be expected to teach and perform music in the correct style. Teaching demonstrations with younger students will be required. Piano literature for the late-intermediate and early-advanced levels will be emphasized. R E 3

MUS 252C 2/1/2/0
JAZZ PIANO III

Recommended Preparation: MUS 252B or demonstrated keyboard proficiency

Study techniques for playing solo piano and in a jazz combo including chord voicings and accompaniments for different jazz styles. Includes the study of early to modern styles of jazz piano. Designed for intermediate and advanced piano students. R E 3

MUS 253 2/1/3/0
ADVANCED PIANO MUSIC OF HAYDN

Recommended Preparation: MUS 56 or two years of previous piano study

Dedicated solely to keyboard literature, students will study techniques for recognizing, analyzing, and performing the music of Franz Joseph Haydn at an advanced level. Special emphasis will be placed on touch, dynamics, articulation, tone quality, balance, phrasing, and ornamentation in Classical era pieces. R E 3

MUS 255 2/1/2/0
ADVANCED PIANO PEDAGOGY

Recommended Preparation: MUS 178 or two years of previous piano study

Designed to help the more experienced piano teachers refine their piano teaching techniques. Teachers will be expected to teach and perform music in the correct style. Teaching demonstrations with younger students will be required. Piano literature for the late-intermediate and early-advanced levels will be emphasized. R E 3

MUS 256 3/3/0/0
FAVORITE PIANO CLASSICS

Recommended Preparation: MUS 55B

Dedicated solely to keyboard literature, this intermediate course explores music of the various composers that are presently writing solos and duets. Students will expand technique, scale patterns, chord progressions, music analysis proficiency, expressive interpretation, improvisational skills and listening appreciation using these contemporary piano pieces. R E 3

MUS 257 2/2/2/0
FAVORITE PIANO CLASSICS

Recommended Preparation: MUS 55B

Dedicated solely to keyboard literature, this intermediate course explores music of the various composers that are presently writing solos and duets. Students will expand technique, scale patterns, chord progressions, music analysis proficiency, expressive interpretation, improvisational skills and listening appreciation using these contemporary piano pieces. **MUS 260 BASIC GUITAR**
Studies basic techniques of the guitar. Emphasis will be on music fundamentals as it pertains to basic guitar techniques and the reading of music. Prepares students for further study in classical and/or jazz guitar. Repeats number and model of repeats.

**MUS 266 IMPROVISED CHAMBER MUSIC**
Recommended Preparation: Previous instrumental training and demonstrated proficiency.
Technical, historical, stylistic and cultural approaches to jazz improvisation in an improvised chamber music setting.

**MUS 289 SPECIAL TOPICS**
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course.

**MUS 295 REHEARSAL AND PERFORMANCE (INSTRUMENTAL)**
Recommended Preparation: Previous instrumental training and demonstrated proficiency.
Emphasizes the preparation of productions for public performance throughout the semester. Offered as open-entry/open-exit.

**MUS 297 REHEARSAL AND PERFORMANCE (JAZZ STUDIES)**
Limitation: Audition with college staff.
Recommended Preparation: Previous instrumental training.
Emphasizes the preparation and production of jazz combos in public performance.

---

**Nursing**

### N 160 2.5/2.5/0/0
**PHARMACOLOGY FOR NURSING**
Prerequisite: BIO 12
**Recommended Preparation:** BIO 11
Provides a methodical approach for administering drugs and monitoring the patient's response to drug therapy. Content includes general principles of pharmacology, as well as legal, ethical, and safety aspects of medication administration. Focuses on the interaction between core drug knowledge (pharmacodynamics, pharmacokinetics, contraindications or precautions, adverse effects and drug interactions) and core patient variables (health status, lifespan and gender, diet, lifestyle and habits, environment, inherited traits, and US cultural groups). Emphasizes nursing responsibilities maximizing therapeutic effects, and minimizing adverse effects. Provides the foundation of basic pharmacology required for a nurse.

### N 161 1.5/1.5/0/0
**LIFECYCLE 2: GROWTH AND DEVELOPMENT**
The second course in life span growth and development which examines developmental tasks and needs from prenatal and birth through middle age, including environmental and family factors that influence growth and development. Major developmental theories are addressed at each level of growth and development. Physiologic concepts, self concept, social behaviors and concepts of diversity and culture for individuals and families from diverse cultural groups within the United States are integrated.

### N 162 1.5/1.5/0/0
**SUCCESSFUL TRANSITION TO PROFESSIONAL NURSING**
Prerequisite: N 160 or current LVN license and completion of BIO 11,12,15 and ENG 1A.
Limitation: LVN with 1 year experience or transfer/int'l RN student. Complete within 3 semesters of entry into nursing program.
Addresses strategies for successful completion of the nursing program. Provides theory base and practice with study skills and test taking, critical thinking, use of information technology, the role of the registered nurse, nursing process, and effective and therapeutic communication. Includes practice of nursing skills in a simulated clinical learning environment in preparation for competency testing. Includes practice and competency testing in injections, urinary catheterization, physical assessment, intravenous medication administration, medication math competency, and application of nursing process.

### N 164 1.5/0/4.5/0
**LVN TO RN CLINICAL LAB**
Prerequisite: N 162
**Limitation:** Current LVN License, American Heart BLS certified, IV certification, physical exam and immunizations, TB test, malpractice insurance, background check
**Recommended Preparation:** HSC 228 and N 245
This clinical lab class allows prospective LVN-RN students to apply nursing process and specific nursing skills learned in N162 (Successful Transition to Professional Nursing) to the care of adult medical surgical patients. Students will be guided in completing pre-clinical work-ups, care maps, bedside nursing assessments, medication administration (including IV), and professional role transition.

### N 165 1.5/1.5/0/0
**LIFECYCLE 1: FUNDAMENTALS OF AGING**
A multidisciplinary introduction to aging emphasizing the adaptive behaviors of normal aging, and focusing on physical and psychosocial changes. Includes the variables of financial resources, legal aspects, socialization needs, cultural differences within the US, healthcare issues, and current concerns involving the older adult (formerly GERO 101).

### N 170 7.75/3.25/13.5/0
**NURSING PROCESS**
Prerequisite: BIO 11,12,15, with a grade of “C” or better, completion of ENG 1A, and official admission to the nursing program
**Recommended Preparation:** Completion of or concurrent enrollment in N 160 and 165 with a grade of “C” or better
Provides the theoretical base needed for application of the nursing process at a beginning level. Focus is on the care of the adult medical-surgical client care consumer with less complicated disorders, in a variety of health care settings. Concepts and rationales related to fundamental nursing practice are stressed. Principles of safety, physical and psychosocial assessment, effective and therapeutic communication, pharmacology, nutrition, the business of health care, community health, issues of professional practice, health teaching, diversity among US cultural groups, growth and development, geriatric nursing, disease process, disease prevention, restorative care, and end-of-life care are integrated.
N 171  3/2/3/0
MENTAL HEALTH NURSING
Prerequisite: N 170
Recommended Preparation: PSYC 1
Provides the theoretical base for applying the nursing process and psychosocial concepts to the care of individuals who have ineffective behaviors in psychosocial functioning. Emphasis is on communication and the principles of psychiatric/mental health nursing, including psychopharmacology. Principles of nutrition, psychopharmacology, health education, health promotion, illness prevention, community health, human development, advocacy and concepts of diversity and culturally competent care for individuals from cultural groups within the United States are integrated. NR

N 172  8.75/3.5/15.75/0
MEDICAL-SURGICAL NURSING
Prerequisite: N 160, 165, 170, and 171, with grades of “C” or better
Recommended Preparation: HSC 228
Provides the theoretical basis for the application of nursing process to the adult medical surgical client who requires moderately complex surgical care in acute care facilities and community settings. Emphasis is on pathophysiology of biopsychosocial needs in the following areas: oxygenation, fluid and electrolytes, activity and rest, neurological function, endocrine function, gastrointestinal function, and protective function. Principles of nutrition, medication administration, communication, health education, health promotion, illness prevention, human development, advocacy, and concepts of diversity and culturally competent care for individuals from cultural groups within the United States are integrated. NR

N 173  3.5/1.5/6/0
NURSING CARE OF CHILDREN AND FAMILIES
Prerequisite: N 161 and N 172 with a grade of “C” or better
Limitation: Official admission to the nursing program
Recommended Preparation: HSC 228 and N 245
Theory basis for integration and application of the nursing process in providing nursing care for neonates, infants, children and adolescents and their families/significant others. Emphasis is on family centered approach to nursing care, communication, health education, health promotion, illness prevention, and adaptation. Principles of nutrition, medication/ fluid administration, physiology, growth and development, comforting/pain management, advocacy, and concepts of diversity/culturally competent care for US cultural and ethnic groups are integrated. Letter grade only. NR

N 174  3.5/1.5/6/0
WOMEN’S HEALTH NURSING
Prerequisite: N 173 with a grade of “C” or better
Theory basis for application of the nursing process in providing nursing care for women, infants, family, and significant others. Emphasis is on a family-centered approach to nursing care, communication, health education, health promotion, illness prevention, and adaptation directed towards the female patient, the neonate, and the family/significant others. Principles of nutrition, medication/ fluid administration, physiology, growth and development, advocacy, and concepts of diversity and culturally competent care for individuals from cultural groups within the United States are integrated. Letter grade only. NR

N 176  8/3/15/0
ADVANCED NURSING
Prerequisite: N 174 with a “C” grade or better
Recommended Preparation: HSC 217, 226
Provides the theoretical basis for integration of the nursing process to care for acutely and critically ill adults. Emphasizes pathophysiology and the biopsychosocial needs for acutely ill adults with: cardiovascular, respiratory, renal, neurological, gastrointestinal, endocrine and complex multisystem dysfunction. Principles of leadership and management, professional development, scope of practice, legal and ethical issues, principles of nutrition, the role of the nurse in the community and transition to the role of a registered nurse are integrated throughout the course. Concepts of diversity and culturally competent care for cultural groups in the United States are presented. Letter grade only. NR

N 189  .5/4/5.4/.5/9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

N 202  1/1/0/0
SUCCESS STRATEGIES IN NURSING
Limitation: Official admission to the nursing program
Develops strategies to be a successful student in the nursing program. Assesses personal aptitudes, learning and communication styles as barriers to successful completion of the nursing program. Focuses on developing a purposeful analytic process that results in reasoned decisions and judgments as a registered nurse. R E 1

N 204  2/2/0/0
BEGINNING NURSING CONCEPTS
Recommended Preparation: BIO 11 and 15
Introduces the health science student to the theoretical basis of nursing and healthcare, to provide a successful transition into the student nurse role. Students are provided opportunity to discuss the roles of the student nurse and the professional Registered Nurse. Emphasis is placed on the nursing role, including expectations of the nursing student, and opportunities to begin to explore principles of critical thinking and the nursing process. Students are exposed to the history of nursing, conceptual framework at Saddleback College, dimensional analysis, medical terminology, communication, nutrition, cultural awareness, nursing informatics and current issues in nursing ethical and legal issues. R E 3

N 238  10/5/31/0
PERIOPERATIVE NURSING I
Limitation: Current or pending RN license, current CPR card, and current malpractice insurance
Perioperative nursing theory and practice necessary for entry level into the operating room. Focuses on utilization of the nursing process to provide care for clients undergoing surgical intervention. Provider approved by the California Board of Registered Nursing, Provider Number CEP60. NR

N 245  1.5/1.5/0/0
I.V. THERAPY TECHNIQUES FOR NURSES
Prerequisite: N 170
The focus of this course is to prepare the student for initiation, administration and maintenance of common intravenous therapies. Emphasis is placed on IV therapies common to adult patients in the medical-surgical setting. The course is appropriate for nursing students who have successfully completed N 170 and for current California licensed RNs needing a refresher. For RNs, 22.5 hours of CE credit (BRN CEP# 00060) are available with course completion. R E 3

N 263  .25/0/.75/0
SKILLS LAB--BASIC
Includes demonstration and practice of basic manual skills and procedures necessary for the student at the fundamental level. Offered as open-entry/open-exit as pass/no pass. R E 3

N 264  .25/0/.75/0
SKILLS LAB--SPECIALTIES
Recommended Preparation: N 172
Includes demonstration and practice of the manual skills and procedures necessary for the student at the maternal child health-care level. Open-entry/open-exit. Offered for pass/no pass only. R E 3

**N 265** .25/0/75/0  **SKILLS LAB—ADVANCED**

Recommended Preparation: N 173 and 174

Includes demonstration and practice of manual skills and procedures necessary for the student at the advanced medical-surgical level. Open-entry/open-exit. Offered pass/no pass only. R E 3

**N 289** .5-4/.5-4/.5-9/.5-9  **SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

---

**Paramedic**

**PM 220** 14/14/0/0  **PARAMEDIC THEORY**

Prerequisite: High school graduation or GED, current EMT-B certification background check, CPR certification, and official admission to the paramedic program

Limitation: Physical examination required

Corequisite: PM 230

Recommended Preparation: EMT 219, HSC 217, 226

Contains the didactic material necessary to establish a foundation to practice as a paramedic. Includes applied anatomy and physiology, pathophysiology, intravenous therapy, basic and advanced life support, patient assessment, management of trauma, medical conditions emergency medical system operations and special considerations when caring for patients throughout the life span and those with special challenges. R 99

**PM 230** 7.5/0/23/0  **PARAMEDIC CLINICAL EXPERIENCE**

Prerequisite: High school graduate or GED, current EMT-B certification, CPR, background check and official admission to the paramedic program

Limitation: Physical examination required

Corequisite: PM 220

Includes the skills assessment and hospital clinical requirements for students enrolled in the paramedic program. R 99

**PM 240** 12/0/36/0  **PARAMEDIC FIELD INTERNSHIP**

Prerequisite: PM 220 and 230

Under the direct supervision and evaluation of a licensed paramedic, students will complete a field internship experience on a designated advanced life support unit. This provides students with prehospital patient care experience and is the last course in the series preparing the student for licensure as a paramedic. R 99

**PM 289** .5-4/.5-4/.5-9/.5-9  **SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

---

**Persian**

**PRSN 1** 5/5/0/0  **ELEMENTARY PERSIAN**

Corequisite: PRSN 999A

Recommended Preparation: College-level reading ability

Designed to develop the fundamentals of communicative competence in daily spoken modern Persian (Farsi). Emphasizes listening, comprehension, and conversational skills. Early reading and writing skills are introduced, as well as fundamental aspects of culture. Equivalent to two years of high school Persian (Farsi). NR

**PRSN 2** 5/5/0/0  **ELEMENTARY PERSIAN**

Prerequisite: PRSN 1 or two years of high school Persian/Farsi

Corequisite: PRSN 999A

Designed to further the fundamentals of communicative competence in daily spoken modern Persian (Farsi). Focuses on listening, comprehension, and speaking. Reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

**PRSN 3** 5/5/0/0  **INTERMEDIATE PERSIAN**

Prerequisite: PRSN 2 or three years of high school Persian

Corequisite: PRSN 999B

Reviews the fundamentals with further study of the Persian language, culture, and customs. Intermediate level course focuses on fluency in reading, writing, speaking and listening. NR

**PRSN 4** 5/5/0/0  **INTERMEDIATE PERSIAN**

Prerequisite: PRSN 3 or four years of high school Persian

Corequisite: PRSN 999B

Emphasizes fluency in speaking, reading, writing, and comprehension of Persian. Includes selected readings and discussions from the basic four genres in Persian and Persian-American literature, culture, and customs. NR

---

**Philosophy**

**PHIL 1** 3/3/0/0  **INTRODUCTION TO PHILOSOPHY**

Recommended Preparation: Eligibility for ENG 1A

Investigates many of the major philosophical themes within the Western tradition. Among these themes will be the nature of the self, free will and determinism, the ground and nature of human knowledge, the nature of human values, ethical theory, aesthetic value, and the nature of society in relation to the individual. Other topics include the nature and methods of the sciences, philosophical psychology and the theory of language. NR

**PHIL 10** 3/3/0/0  **WORLD RELIGIONS**

Recommended Preparation: Eligibility for ENG 1A

A comparative study of some of the major religions of the world including the Buddhist, Confucianist, Hindu, Islamic, Judeo-Christian, Shinto and Taoist traditions. These religions will be explored from a historical standpoint; in addition, the philosophical presuppositions of each view will be discussed. Topics include the nature of human beings, the world, transcendent beings, transcendental experiences, ethics, religious rituals and rites of passage. NR
PHIL 12  
INTRODUCTION TO LOGIC  
Recommended Preparation: Proficiency in English; ENG 1A  
An examination and analysis of reasoning employed in everyday arguments. A variety of writing will be discussed varying in complexity from newspaper articles to more technical writings. Arguments will be formulated in class and evaluated for logical structure. Topics include the concept of an argument, the inductive-deductive distinction, formal fallacies, definitions, and accurate use of language. NR

PHIL 14  
PHILOSOPHY OF RELIGION  
Recommended Preparation: PHIL 1  
Introduces the student to the theoretical orientations, central concepts, basic problems, and classical arguments of Western philosophy of religion. The course will systematically clarify and critically analyze a range of topical problems in the philosophy of religion. These include the concept of God, traditional arguments for the existence of God (e.g. the design argument), religious ethics, the problem of evil, and philosophical atheism. Students will engage in theoretical discussions, develop critical reasoning skills, and gain reflective insight into their personal philosophy of religion. NR

PHIL 15  
INTRODUCTION TO ETHICS  
Recommended Preparation: Eligibility for ENG 1A  
Acquaints the student with the major concepts and methods of ethical theory within the Western tradition. Topics will include the nature of evaluation, appraisals of the “good life,” the source and justification of obligations to others, the possible relativity of ethical codes as they vary from culture to culture, and the connection between individual desires and social restraint. Application of these topics to issues of contemporary importance, such as the moral implications of abortion, sexual freedom of expression, changing social roles, the role of religious belief in moral theory, and the social sources of ethical perspectives. NR

PHLEBOTOMY  
PHLELB 240  
PHLEBOTOMY  
Limitation: Current malpractice insurance, TB test results, CPR card, background check required Corequisite: CWE 181  
Recommended Preparation: HSC 201  
A California state approved full training program in phlebotomy. Provides students with a comprehensive knowledge of venipuncture, skin puncture, specimen collection and handling, standard precautions, laboratory safety, and basic medical terminology. Concepts of diversity and culturally competent care for individuals from culture groups within the United States are integrated. Certificate awarded upon completion of course with grade of “C” or better. Letter grade only. NR

PHOT 25  
HISTORY OF PHOTOGRAPHY  
A survey of the history of photography from its origins to the present. An examination of critical and philosophical approaches to the photographic medium. NR

PHOT 50  
DIGITAL PHOTOGRAPHY I  
Introduction to digital photography to cover technical and aesthetic aspects. Includes operation of camera and lenses and photographic software. Fundamentals of composition, light, and portraiture are covered. R E 3

PHOT 152  
INTERMEDIATE PHOTOSHOP AND DIGITAL IMAGING  
Recommended Preparation: PHOT 50, 51  
An intermediate-level course in photographic imaging through digital technology using Adobe Photoshop. Relevant technical and aesthetic issues will be covered. R E 3

PHOT 156  
DIGITAL PHOTOGRAPHY III  
Prerequisite: PHOT 55  
Emphasis on creating visual imagery through advanced photographic techniques. Includes fundamentals of studio lighting, with tungsten and electronic flash systems. Continued refinement of photographic software techniques. R E 3

PHOT 160  
COLOR DIGITAL PHOTOGRAPHY  
Prerequisite: PHOT 50  
An intermediate-level course in color digital photography. Covers color photographic theory and practice. Production of digital images from digital cameras performed on computers using Adobe software to process corrections and prepare for printing incorporating current digital workflow patterns. Photographic images are printed on high-end inkjet printers. R E 3

PHOT 189  
SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Recommended Preparation: PHYS 20 or high school physics

Intended for students in the sciences and related subjects who are required to complete a physics course based on trigonometry. A study of mechanics, vibration and waves, fluids, and thermodynamics. Topics include kinematics and dynamics in one and two dimensions, Newton's Laws of motion, energy and momentum, conservation principles, statics, kinematics and dynamics of rotation, elasticity, Hooke's Law, simple harmonic motions, wave behavior, interference and standing waves, properties of fluids, Pascal's and Bernoulli's principles, temperature, heat calorimetry, the gas laws, and the laws of thermodynamics. NR

**PHYS 2B**

**INTRODUCTION TO PHYSICS**

Prerequisite: PHYS 2A

A continuation course from PHYS 2A. Study of electrostatics, electromagnetism, optics atomic and nuclear physics. Topics include electric charge, fields, circuits, electromagnetic induction, electromagnetic waves, electric applications, lenses and mirrors, wave optics, optical applications, waves and particles, special relativity, the Bohr atom, quantum concepts, the nucleus, nuclear processes and energy. NR

**PHYS 4A**

**GENERAL PHYSICS**

Prerequisite: MATH 3A

Recommended Preparation: CS 1A and PHYS 20 or high school physics

A calculus-based introduction to classical mechanics of solids and fluids. The main topics are kinematics, Newtonian mechanics including translational and rotational statics and dynamics, universal gravitation, work, energy, momentum, fluid statics, dynamics, and oscillations. Experiments in lab examine the basic laws of the mechanics of solids and fluids. Objectives include the use of common measuring instruments, the principles of data taking and analysis, and the writing of scientific reports. NR

**PHYS 4B**

**GENERAL PHYSICS**

Prerequisite: PHYS 4A

A calculus-based introduction to classical electromagnetism. Topics include electrostatics, electric potential, capacitance, electrodynamics, direct and alternating current circuits, magnetic forces and fields, fields, electromagnetic induction, Maxwell's equations, and electromagnetic waves. Experiments in labs examine some of the basic phenomena in electromagnetism. Students are to become proficient in the use of common, modern measuring instruments, e.g. digital and analog voltmeters, ammeters, ohmmeters and the oscilloscope. The principles of data taking and analysis, and the writing of scientific reports are emphasized. NR

**PHYS 4C**

**GENERAL PHYSICS**

Prerequisite: PHYS 4A

A calculus-based introduction to the basic principles of wave motion, thermodynamics, optics and modern physics. Topics include classical wave theory, thermodynamics, wave-particle duality, reflection, refraction, interference, diffraction, optical elements and systems, applications of Schrodinger's equation, atomic structure, molecular structure, the quantum nature of solids, special and general relativity, nuclear physics, particle physics, and cosmology. Experiments in lab will examine some of the basic phenomena in wave motion, thermodynamics, optics, and modern physics. The use of common, modern instruments, e.g. digital storage oscilloscopes, lasers, spectrometers, will be learned and practiced during the experiments. NR

**PHYS 20**

**THE IDEAS AND EVENTS OF PHYSICS**

Intended for students not majoring in science. Focuses on major discoveries, ideas and methods in physics. Included are simple motions, the nature of matter and energy, electric and magnetic effects, and 20th-century ideas in relativity, and atomic and nuclear science. Emphasis is on understanding concepts rather than mathematical aspects. This course is also suggested for students having no previous physics training as preparation for more advanced physics courses. NR

**PHYS 189**

**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1
Political Science

PS 1
AMERICAN GOVERNMENT 3/3/0/0
Survey of principles, personalities, problems, and issues of government. Emphasizes developing trends of government, including local, state, and federal branches. NR

PS 4
INTRODUCTION TO POLITICAL SCIENCE 3/3/0/0
Introduces the study of politics. Designed to familiarize the student with the basic systems, ideologies, and models of political analysis. NR

PS 10
INTRODUCTION TO POLITICAL THEORY 3/3/0/0
A survey and analysis of selected political theorists and concepts. Ancient, classical, medieval, Renaissance, and modern political theory will be studied. The lineage of political concepts such as justice, freedom, power, and property will be traced as they evolved over time. Ideal for Honors Program students and Political Science majors. NR

PS 11
INTERNATIONAL POLITICAL ECONOMY 3/3/0/0
Focuses on the relations between the political and economic systems within the global economy. Covers the impact of political decisions on world economies and international organizations. Further emphasis is on a comparison-contrast of various national economies. Geographic areas of concern include Africa, Europe, the Pacific Rim, the Middle East, Latin America, Russia, China, and the United States. Also listed as ECON 11. Credit given in either area, not both. NR

PS 12
COMPARATIVE POLITICS AND GOVERNMENT 3/3/0/0
Comparison of different political systems with analysis of governmental institutions and political processes. Description and explanation of different combinations of events and structures found in the politics of various societies. NR

PS 14
INTERNATIONAL RELATIONS 3/3/0/0
An examination of contemporary world trends with emphasis on conflict and problem areas. NR

PS 80
INTRODUCTION TO CONTEMPORARY AFRICA 3/3/0/0
A survey of African history from ancient Egypt to the present. Focus will be on the nature of early African empires and societies, the impact of the slave trade, responses to imperial conquest and colonial rule, the rise of nationalist movements and the regaining of political independence, and the contemporary challenges facing post-colonial African states and peoples. Also listed as HIST 80. Credit given in either area, not both. NR

PS 189
SPECIAL TOPICS .5-4/.5-4/.5-9/.5-9
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

PS 289
SPECIAL TOPICS .5-4/.5-4/.5-9/.5-9
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Portuguese

PORT 1
ELEMENTARY PORTUGUESE 5/5/0/0
Recommended Preparation: College-level reading ability
Corequisite: PORT 999A
Designed to develop the fundamentals of communicative competence in colloquial Portuguese. The emphasis is on listening, comprehension, and conversational skills. Early reading and writing skills are introduced, as well as fundamental aspects of culture. Equivalent to two years high school Portuguese. NR

PORT 2
ELEMENTARY PORTUGUESE 5/5/0/0
Prerequisite: PORT 1 or two years of high school Portuguese
Corequisite: PORT 999A
Designed to further the fundamentals of communicative competence in daily spoken Portuguese. Although the focus remains on listening comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

PORT 21
INTRODUCTION TO PORTUGUESE AND BRAZILIAN CULTURE 3/3/0/0
Recommended Preparation: College-level reading ability
A lecture and discussion course covering a variety of aspects of Portuguese and Brazilian culture: geography, history, literature, art, music, philosophy, and customs. Conducted in English. No prior study of Portuguese language or Portuguese and/or Brazilian culture required. NR

PORT 999A
PORTUGUESE LANGUAGE LAB .25/0/0/1
Corequisite: PORT 1, 2
Requires concurrent enrollment in designated Elementary Portuguese courses. Enhances and provides practice in skills learned in Elementary Portuguese courses. R E 3

Psychology

PSYC 1
INTRODUCTION TO PSYCHOLOGY 3/3/0/0
An introduction to historical and contemporary psychological research and thought. Topics will include biological psychology, perception, consciousness, memory, language, problem solving, intelligence, emotions, personality, psychotherapy, social psychology, and development. Emphasis will be placed on the science of psychology and the ways psychological science has impacted our understanding of human nature as well as animal and human behavior. C-ID: PSY 110 NR

PSYC 2
RESEARCH METHODS IN PSYCHOLOGY 3/2/3/0
Prerequisite: PSYC 1
Introduction to basic research methods in psychology and the use of the scientific method to answer questions about behavior. Theoretical and applied research methods will be covered, with emphasis on critical analysis of experimental research design and data interpretation. NR

PSYC 3
BIOLOGICAL PSYCHOLOGY 4/4/0/0
Prerequisite: PSYC 1
Introduction to the study of behavior from a biological perspective. Neuroanatomy, neurophysiology, psychopharmacology, and the biological systems and processes underlying behavior. Emphasis will be placed on brain mechanisms underlying behavior and their relation to issues in psychology. NR

**Courses**

An introduction to the basic concepts and experimental study of cognitive psychology. Includes topics related to higher mental procedures such as pattern recognition, perception, memory, thinking, problem solving, and comprehension of language. NR

Recommended Preparation: PSYC 1

Focuses on the major theoretical viewpoints and research approaches in the field of developmental psychology. Covers developmental stages of children from conception through adolescence focusing on children's social, emotional, cognitive, and physical development. NR

Recommended Preparation: PSYC 1

An introduction to the field of cross-cultural psychology. Focuses on the social and psychological impact of race, ethnicity, culture, gender, and disability. Special emphasis is given to research on African American, Latina/o, Asian American, Native American, Middle Eastern American, and Jewish cultures among other minority groups in America. Topics include stereotyping, institutional racism and discrimination, "reverse discrimination," ageism, and sexism. NR

The introduction to the psychology of women. Topics include gender similarities and differences and gender roles, including psychological, biological, and social origins. Covered are contemporary social issues. Throughout the course there will be emphasis on how psychology has studied women and the ways scientific and cultural assumptions about the sexes are reflected in psychological research. NR

Recommended Preparation: PSYC 1 or SOC 1

An introduction to phenomena related to social behavior and social influences on behavior. Topics include social perception and cognition, personality, attitudes and attitude change, attraction, altruism, aggression, interpersonal influence, social norms and group processes. Also listed as SOC 30. Credit given in either area, not both. NR

Introductory course in adjustment and human relationships; focuses on personality development, interpersonal relationships, human motivation, and the relevance of psychology to social processes and critical developmental issues. NR

Prerequisite: PSYC 1

An introduction to the symptoms, causes, treatment and prevention of psychological disorders including anxiety disorders, personality disorders, psychophysiological disorders, psychoses, substance use disorders, sexual disorders, eating disorders and organic disorders. NR

Recommended Preparation: PSYC 1

Introduces the theoretical and methodological issues in the field of gerontology, while dispelling the myths that often accompany older adulthood. Throughout the course, the psychological, physiological, and social changes that often accompany older adults will be discussed. Social issues that older adults often face will be addressed, while discussing the societal implications of an aging population. Death and dying will also be covered. NR

Prerequisite: MATH 253 and completion of or concurrent enrollment in PSYC 2

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. NR

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. NR

The fundamental real estate course covering the basic laws and principles of California real estate. Provides the background and terminology necessary for advanced study in specialized courses. Required for those preparing for the state Real Estate Salesperson License examination. Applies toward state's elective educational requirements for the broker's examination, Department of Real Estate (DRE) basic education. NR
REAL ESTATE PRACTICE

Recommended Preparation: RE 170

An introductory course covering the purposes of an appraisal, the appraisal process; and the different approaches, methods, and techniques used to determine the value of various types of property. Emphasis will be on residential and single-unit property. Applies toward State's elective educational requirements for the Real Estate Salesperson License. Applies toward state's core educational requirements for the broker's examination. Applies toward Department of Real Estate (DRE) basic education. NR

REAL ESTATE APPRAISAL II

Recommended Preparation: RE 170

An advanced course in real estate appraisal with emphasis on investment-property appraisal. Includes the appraisal of certain types of apartment properties. Concepts of loan appraisal and various methods of appraisal are delineated and are included in a student project. Applies toward state's core educational requirements for the broker's examination. NR

REAL ESTATE APPRAISAL III: MARKET ANALYSIS AND STUDIES

Recommended Preparation: RE 176A or 176B or 178

An advanced course in real estate appraisal to evaluate the productive attributes of parcels of real estate as they relate to the demand for a particular use and supply of competitive properties within a specified market. The student will learn the process of property analysis through the study of property productivity, supply and demand factors, and comparative analysis. Focus is placed on the role of market analysis and highest and best use analysis in decision making and evaluation. R E 3

REAL ESTATE ECONOMICS

Recommended Preparation: RE 170

Covers the impact of national, regional, and local trends on real estate values. Includes the role of the government in our economy and how that role affects real estate issues, real estate cycles and business fluctuations, factors which affect credit markets, real property taxation concepts, land use controls, factors which affect the development of real property, and limitations imposed on real estate markets. Applies toward state's elective educational requirements for the Real Estate Salesperson License. Applies toward state's core educational requirements for the broker's examination. Applies toward Department of Real Estate (DRE) basic education. NR

PROPERTY MANAGEMENT

Recommended Preparation: RE 170

Covers the fundamentals of professional management of investment properties: residential, commercial, and industrial. Focuses on organization, staffing, marketing, accounting, maintenance, landlord/tenant law, and management procedures. Designed for the real estate practitioner who wishes to specialize in property management. Applies toward state's elective educational requirements for the Real Estate Salesperson License. Applies toward state's elective educational requirements for the broker's examination. Applies toward Department of Real Estate (DRE) basic education. NR

UNIFORM STANDARDS OF PROFESSIONAL APPRAISAL PRACTICE (USPAP)

An introductory course covering real estate appraisal professional practice and ethics. Covers the history of professionalism and appraising, the Appraisal Foundation, and the Uniform Standards of Professional Appraisal Practice. R E 3

COMPUTER APPLICATIONS IN REAL ESTATE

Recommended Preparation: RE 172

Provides real estate assistants, real estate agents or soon-to-be agents, and other real estate professionals with the information needed to use the technologies currently employed in the real estate industry. Covers web sites, email, PDAs, MLS, digital cameras, virtual tours, WinForms, PhotoStory3, and other current technologies. NR

REAL ESTATE LICENSE PREPARATION

Recommended Preparation: For Sales License: RE 170, 172 and one Real Estate elective. For Broker License: The eight broker courses. See www.dre.ca.gov

Real estate licensure preparation. Fundamental information regarding practice of real estate with emphasis on real estate law, principles, practice, and other topics covered in the state licensure examination. Important preparation for those intending to take the real estate salesperson’s or broker’s license examination. R E 3
Courses

**MORTGAGE LOAN BROKERING AND LENDING**
Introduces the principles and operations of the mortgage loan brokering field. The emphasis is on the lending rules for residential property. Students learn lending laws of Regulation Z, usury laws, disclosure, maximum fees and charges, agency relationships, advertising laws, HUD/RESPA calculations, and the loan process. Satisfies the elective requirements for the California Real Estate Salesperson's and Real Estate Broker's licenses. R E 3

**RE 280**
**SIGN LANGUAGE SKILLS LAB**

**BEGINNING**
- **SL 1**
  - **AMERICAN SIGN LANGUAGE I**
  - **Pre-requisite:** SL 1 with a grade of “C” or better
  - Continuing study of American Sign Language (ASL) fundamentals emphasizing comprehension skills, intermediate grammatical structures, beginning practice in expressive aspects of the language, and exposure to deaf culture. Provider-approved by the California Board of Registered Nursing, Provider Number CEP60 for 30 contact hours. Equivalent to 2-year high school ASL. NR

**INTERMEDIATE**
- **SL 140**
  - **SIGN LANGUAGE SKILLS LAB**
  - **Pre-requisite:** SL 2
  - Review of American Sign Language fundamentals including expressive and receptive skill building and intermediate grammatical structure. R E 1

**ADVANCED**
- **SL 189**
  - **SIGN LANGUAGE SKILLS LAB**
  - **Pre-requisite:** SL 3
  - Review of American Sign Language fundamentals including expressive and receptive skill building and advanced grammatical structure. R E 1

**FINGERSPELLING AND NUMBERS**
Develops the skills in ASL fingerspelling and numbering including the use of letters, words, numbers, and loan signs. Improves ability to communicate in ASL about money and finances; measurements of time, duration, frequency and other applications of word, phrase, and number combinations. R E 1

**DEAF CULTURE AND ITS HISTORY**
Designed for those interested in sociology of deafness as it relates to the culture of people in the community. Emphasizes the history and evolution of education of the Deaf community. NR

**INTRODUCTION TO RECREATION**
Nature, scope, and significance of leisure and recreation in today’s society. Emphasizes the role of the professional leader in organizing community and other programs of recreation. NR

**RE 100**
**RECREATION PLANNING AND LEADERSHIP**
A study of the essential elements and basic principles involved in the organization, supervision, promotion, and evaluation of various types of recreation programs. NR

**RE 102**
**CAMPING AND OUTDOOR EDUCATION**
Focuses on skills needed in various camping venues such as navigation, survival, building fires, flora and fauna identification. Knowledge of all types of equipment, camp activities and interaction with the environment. Students provide camping and hiking gear, and necessary supplies for sustenance. NR

**RE 104**
**INTRODUCTION TO SOCIOLOGY**
Introduction to the core concepts and theories of sociology. Topics include social institutions, culture, human behavior and relationships, social forces, socialization, social class, social inequality, and sociological change. C-ID: SOCI 110 NR

**INTRODUCTION TO SOUTHERN CALIFORNIA HISTORY**
Designed for those interested in sociology of deafness as it relates to the culture of people in the community. Emphasizes the history and evolution of education of the Deaf community. NR

**AMERICAN SIGN LANGUAGE IV**
- **Pre-requisite:** SL 3 with a grade of “C” or better
  - Emphasizing advanced expressive/conversational skills in American Sign Language (ASL). Develops fluency and a continued focus on grammatical and cultural features. Provider-approved by the California Board of Registered Nursing, Provider Number CEP60. NR

**INTRODUCTION TO SOUTHERN CALIFORNIA HISTORY**
Designed for those interested in sociology of deafness as it relates to the culture of people in the community. Emphasizes the history and evolution of education of the Deaf community. NR
SOC 2 3/3/0/0  
SOCIAL PROBLEMS
Emphasis on the extent, causes, and consequences of a number of social problems including: poverty, juvenile delinquency, family disorganization, gender inequality, and race relations. Course includes a Service Learning requirement. C-ID: SOCI 115 NR

SOC 6 3/3/0/0  
INTRODUCTION TO ASIAN CULTURES IN THE UNITED STATES
Compares the diverse experiences of Asian Americans, including the sociological, psychological, and historical backgrounds of Japanese, Chinese, Korean, Filipino, Asian Indian, and Vietnamese Americans. Includes immigration history, cultural practices, beliefs, gender perception, family life, religion, politics, prejudice, discrimination, assimilation, economic and educational success, and the changing roles of Asian Americans within American society. NR

SOC 10 3/3/0/0  
INTRODUCTION TO MARRIAGE AND THE FAMILY
Emphasizes the sociological perspective of marriage and the family including the family as a social institution, kinship systems, mate selection, marital roles, child-rearing practices, and social change and the effects on marriage and the family. NR

SOC 15 3/3/0/0  
SOCIALIZATION OF THE CHILD
Recommended Preparation: SOC 1
The sociological study of the main institutions which socialize the child, such as the family, peer groups, education, child care, community, and the media. Other topics include: social theory, parenting, culture, religion, economics, politics, and social change. NR

SOC 20 3/3/0/0  
ETHNIC CULTURES OF THE UNITED STATES
A general overview of the sociological, psychological, and historical background of selected ethnic groups in the United States. Topics include social, political, and economic factors as well as intergroup relationships, prejudice, discrimination, affirmative action, immigration, assimilation, and social change. Also listed as HIST 20. Credit given in either area, not both. NR

SOC 21 3/3/0/0  
WOMEN IN CONTEMPORARY SOCIETY
An introductory survey of the lives, roles, and status of women in contemporary American society. The cultural, social, psychological, and economic conditions of women will be explored. Topics include life-cycle, sex role socialization, intimate relationships, the family, self-image, female, health and sexuality, crime and deviance, work, religion, politics, and cultural diversity. NR

SOC 25 3/3/0/0  
SOCIAL STRATIFICATION
Recommended Preparation: SOC 1
An examination of the American social class structures and their functions. Different styles of life, determinants of class status, social mobility, social inequality, and changes in class systems are discussed and evaluated. Specific dimensions of social stratification discussed are economic and social class status, race and ethnicity, gender, sexual orientation, political participation and power, and global stratification. Specific consequences of social status are evaluated. Both a macro and micro analysis will be applied to social stratification and its consequences on society and the individual. NR

SOC 30 3/3/0/0  
SOCIAL PSYCHOLOGY
Recommended Preparation: PSYC 1 or SOC 1
Introduction to phenomena related to social behavior and social influences on behavior. Topics include social perception and cognition, personality, attitudes and attitude change, attraction, altruism, aggression, interpersonal influence, social norms and group processes. Also listed as PSYC 30. Credit given in either area, not both. NR

SOC 126 3/3/0/0  
DEATH AND DYING
Recommended Preparation: SOC 1
Provides a background on historical and contemporary perspectives on death and dying. Course focuses on current American practices regarding death, as well as cross-cultural perspectives. Topics include: attitudes and beliefs of death, the meaning of death, theoretical perspectives, the death system, beliefs about dying, Hospice Care, end-of-life decisions, suicide, types of death, euthanasia, bereavement, grief, mourning, the funeral process, cultural norms, and dealing with the death of a loved one. NR

SOC 180 3/3/0/0  
INTRODUCTION TO GERONTOLOGY
Examines human aging from a multidisciplinary perspective. The area of focus is on the adult years of the life span. Topics covered are: the aging process, growth of the older population, cultural differences, social consequences of physical aging, health and well-being, mental health, sexuality, social support networks, caregiving, social interactions, role changes, death and dying, and social policies affecting elders. NR

**SPAN 1A** 2.5/3/0/0

**INTRODUCTORY ELEMENTARY SPANISH**

Corequisite: SPAN 999A

Recommended Preparation: College-level reading ability

Designed to develop fundamentals of communicative competence in daily spoken Spanish. Elementary reading and writing will be introduced, as well as fundamental aspects of culture. SPAN 1A is equivalent to the first half of SPAN 2.

Combination of SPAN 1A and 1B is equivalent to two years high school Spanish. NR

**SPAN 1B** 2.5/3/0/0

**CONTINUING ELEMENTARY SPANISH**

Prerequisite: SPAN 1A or 1 year of high school Spanish

Corequisite: SPAN 999A

Reviews and expands the fundamentals of communicative competence in daily spoken Spanish. There is increased emphasis on reading and writing skills, as well as fundamental aspects of culture.

SPAN 1B is equivalent to the second half of SPAN 1. Combination of SPAN 1A and 1B is equivalent to two years high school Spanish. NR

**SPAN 2** 5/5/0/0

**ELEMENTARY SPANISH**

Prerequisite: SPAN 1 or 1B or two years of high school Spanish

Corequisite: SPAN 999A

Designed to further the fundamentals of communicative competence in daily spoken Spanish. Although the focus remains on listening comprehension and speaking, reading and writing skills will be expanded. This course continues the familiarization with customs and cultural achievements begun in the previous semester. NR

**SPAN 3** 5/5/0/0

**INTERMEDIATE SPANISH**

Prerequisite: SPAN 2 or three years of high school Spanish

Corequisite: SPAN 999B

Intermediate level course focuses on fluency in reading, writing, speaking, and listening. Continues the study of Spanish cultures. NR

**SPAN 4** 5/5/0/0

**INTERMEDIATE SPANISH**

Prerequisite: SPAN 3 or four years of high school Spanish

Corequisite: SPAN 999B

Emphasizes fluency in speaking, reading, writing, and comprehension of Spanish. Includes selected readings and discussions from the basic four genres in Hispanic and Hispanic-American literature, culture, and customs. NR

**SPAN 6** 3/3/0/0

**INTERMEDIATE SPANISH GRAMMAR AND COMPOSITION**

Prerequisite: SPAN 4

Brief review and intensive practice of fundamentals of Spanish grammar followed by study and application of advanced grammatical concepts. Practice in writing essays and summaries in Spanish based on a variety of topics and sources. Continues to refine speaking and listening skills. R E 1

**SPAN 10** 3/3/0/0

**INTERMEDIATE CONVERSATIONAL SPANISH**

Prerequisite: SPAN 2 or three years of high school Spanish

Designed to develop fluency in Spanish. The emphasis is on both formal and informal expression and conversation in Spanish. NR

**SPAN 20A** 3/3/0/0

**CIVILIZATION OF SPAIN THROUGH 1898**

Prerequisite: SPAN 2 or three years of high school Spanish

Focuses on the geography, history, and institutions of Spain, life and culture of the people, literature, music, and art through 1898. Conducted in Spanish. NR

**SPAN 20B** 3/3/0/0

**CIVILIZATION OF SPAIN 1898 TO PRESENT**

Prerequisite: SPAN 2 or three years of high school Spanish

Focuses on the geography, history, and institutions of Spain, life and culture of the people, literature, music, and art from 1900 to present. Conducted in Spanish. NR

**SPAN 21A** 3/3/0/0

**CIVILIZATION OF LATIN AMERICA THROUGH 1900**

Prerequisite: SPAN 2 or three years of high school Spanish

Focuses on the geography, history, and institutions of Latin America, life and cultures of the people, literature, music, and art through 1900. Conducted in Spanish. NR

**SPAN 21B** 3/3/0/0

**CIVILIZATION OF LATIN AMERICA 1900-PRESENT**

Prerequisite: SPAN 2 or three years of high school Spanish

Focuses on the geography, history, and institutions of Latin America, life and culture of the people, literature, music, and art from 1900 to present. Conducted in Spanish. NR

**SPAN 21C** 3/3/0/0

**HISPANIC CULTURE AND LITERATURE IN THE UNITED STATES**

Prerequisite: SPAN 2 or three years of high school Spanish

Focuses on the influence in the life, culture and literature of the different Hispanic groups in the United States. NR

**SPAN 250** 1/3/0/0

**PRACTICAL SPANISH**

Emphasizes conversational skills in Spanish as applied to everyday situations including business, travel, and related topics. Consideration also given to cultural topics. Assumes no prior knowledge of the language. R E 1

**SPAN 289** 5.4-5.4-5.4-5.4-9-9-9-9

**SPECIAL TOPICS**

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**SPAN 999A** .25/0/0/1

**SPANISH LANGUAGE LAB**

Corequisite: SPAN 1, 1A, 1B, 2

Requires concurrent enrollment in designated Elementary Spanish courses.

Enhances and provides practice in skills learned in Elementary Spanish courses. R E 3

**SPAN 999B** .25/0/0/1

**SPANISH LANGUAGE LAB**

Corequisite: SPAN 3, 4

Requires concurrent enrollment in designated Intermediate Spanish courses.

Enhances and provides practice in skills learned in Spanish language courses. R E 3

---

**Special Education**

**SE 101** 3/2/3/0

**INTRODUCTION TO THERAPY AND REHABILITATION**

Designed to provide information and practical experience to students pursuing a career in physical therapy, occupational therapy, recreation therapy, adapted physical education, speech pathology or other health care fields that work with disabled or injured populations. NR

SUCCESS STRATEGIES

PERSONAL AWARENESS AND

SPS 205 1.5/1.5/0/0
PERSONAL AWARENESS AND

SUCCESS STRATEGIES

Recommendation of Special Services

A specialist determines the appropriate accommodations for students with disabilities. Students can be referred by the Special Services Office or by the College Success Specialist.

ADAPTED KINESIOLOGY ASSISTING

Recommended Preparation: SE 101

Students have the opportunity to work with a wide range of students with varying degrees and types of disabilities and disease manifestations. Any combination of .5 or 1 or 1.5 units may be taken for a maximum of 6 units. R A 3

Special Services

SPS 115 3/3/0/0
ALTERNATIVE LEARNING STRATEGIES

Recommended Preparation: Diagnostic Assessment

Provides students with learning disabilities an opportunity to identify their individual learning styles and to develop effective individualized study and testing strategies. The course introduces disability terms and concepts and various learning modes and encourages students to explore alternative learning strategies and study techniques. NR

SPS 205 1.5/1.5/0/0
PERSONAL AWARENESS AND

SUCCESS STRATEGIES

Recommended Preparation: Verification of disability and recommendation of Special Services counselor or specialist

Designed to help students with disabilities achieve goals and improve self-understanding and self-advocacy/communication skills. Includes college success strategies, legal rights and responsibilities, ethics, making wise choices, and utilizing available support resources. NR

SPS 289 .5-.4/.5-.4/.5-.9/5.9
SPECIAL TOPICS

The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

SPS 300 0/0/.5/0
EDUCATIONAL PLANNING, ASSESSMENT, AND ORIENTATION

Recommended Preparation: Conference with Special Services counselor or specialist

Designed to assess and evaluate educational, cognitive and/or communication performance and achievement levels for students with disabilities. Develop the student education contract/plan and determines appropriate accommodations for learning. Orientation to supportive services and specialized learning outcomes. Offered on an open-entry/open-exit basis. NR

SPS 310 3/3/0/0
MEMORY AND ATTENTION SKILLS

Recommended Preparation: Conference with college Special Services counselor or specialist

Designed to provide students with disabilities an understanding of how the memory system is organized and how it works. The relationship between attention and memory is addressed and factors impacting these skills recognized. Students will identify individual attention and memory difficulties and learn practical strategies to compensate for deficits. NR

SPS 315 1.5/0/3/0
LEARNING DEVELOPMENT PRACTICUM

Recommended Preparation: Verification of disability and/or diagnostic assessment

Designed as specialized prescriptive instruction based on individual needs focusing on basic skills development. Structured for the student with learning disabilities and is offered on an open-entry/open-exit, credit/no-credit basis. NR

SPS 325 3/3/0/0
BASIC COMPUTATIONAL SKILLS

Recommended Preparation: Conference with Special Services counselor or specialist

Designed for students with learning disabilities who need to review the basics of mathematical computation. Course topics include learning and compensatory strategies in relation to basic computation, including whole numbers, fractions, decimals, percents, ratios and proportions. NR

SPS 330 3/3/0/0
WRITING DEVELOPMENT PRACTICUM

Recommended Preparation: Diagnostic assessment

Designed as specialized prescriptive instruction based on diagnosis of individual need in the specific area of written communication. Structured for the student with specific learning disabilities. NR

SPS 340 3/3/0/0
PHONETIC STRUCTURE FOR READING AND SPELLING

Recommended Preparation: Verification of disability and/or diagnostic assessment

Designed as specialized prescriptive instruction based on diagnosis of individual need in the specific areas of spelling and reading. Structured for the student with learning disabilities. NR

SPS 342 2/2/0/0
SPEECH, LANGUAGE AND CONVERSATION

Recommended Preparation: Verification of disability and completed Student Education Contract

Focuses on an improved understanding of the strategies and skills needed to develop more effective expressive language skills and interpersonal communication skills for people with disabilities. Students will explore the area of speech production, verbal language expression, auditory comprehension, pragmatic communication, dialogues, and oral presentations. Students will also become familiar with software to further develop strategies for verbal communication. NR

SPS 345 3/3/0/0
LIPREADING AND HEARING CONSERVATION

Recommended Preparation: Verification of disability and completed Student Education Contract

Designed to enable students to develop and practice lipreading skills necessary for social functioning. Helps the student to better understand his or her own hearing loss. NR

SPS 360 1/0/2/0
ADAPTED COMPUTER ACCESS LAB

Recommended Preparation: Verification of disability and/or diagnostic assessment

Ability to work independently with access technology. Provides supervised hands-on opportunities to acquire and reinforce skills using computers, software, and access technology for students with disabilities. This course is offered on an open-entry/open-exit, credit/no-credit basis. NR

SPS 389 .5/.4/.5/.4/.5/.9/5.9

**Special Studies Workshop**

**SPSW 200** 1 or 2 or 3/TBA

**SPECIAL STUDIES WORKSHOP**

A Special Studies Workshop course offers advanced study in the subject matter offered at the college in which a particular course is not offered. Special Studies Workshop courses are offered to groups of students to pursue nontraditional educational experiences where regular course offerings are not available, for nondepartment interdisciplinary study, to experiment with pilot courses, and/or to meet particular community educational needs. Prior to enrollment, a learning contract must be executed whereby the contracted hours and areas of study are clearly delineated and the means of subject matter mastery and evaluation are delineated. A Special Studies Workshop course requires the approval of the appropriate division dean and the Office of Instruction.

### Theatre

**TA 1** 3/2/3/0

**FUNDAMENTALS OF ACTING**

Fundamentals of acting establishes a working vocabulary and basic skills of the acting process. Through exercises and improvisations, the actor explores imagination as the actor's primary resource and the basic approach to text through action. NR

**TA 2** 3/2/3/0

**SCENE STUDY I**

Prerequisite: TA 1

Focuses on beginning scene study with an emphasis on exploring action/objective, characterization, and ensemble performance, working toward a realization of method of approach. NR

**TA 3** 3/2/3/0

**SCENE STUDY II**

Prerequisite: TA 2

Further study in the application of the given circumstances to a text and the development of characterization. Performing scenes from the plays of Ibsen, Chekhov, and Pinter is stressed. NR

**TA 4** 3/2/3/0

**ACTING STYLES I**

Prerequisite: TA 3

Devoted to the training of classical styles, including Greek, Romanesque, Elizabethan, and Commedia dell Arte. NR

**TA 5** 3/2/3/0

Prerequisite: TA 3

Devoted to the training of contemporary styles from 1945 to the present, including such styles as Absurdism. NR
MUSICAL THEATRE

REHEARSAL AND PERFORMANCE:

TA 19 2/0/6/0
MUSICAL THEATRE
Emphasizes the preparation of musical theatre productions comprised of mixed genres for public performance including acting, technical, and production management. Open-entry/open-exit course. R E 3

TA 20 3/3/0/0
THEATRE APPRECIATION
Examines theatre, art, history, the role of the actor and director, and exemplary plays. NR

TA 22 3/3/0/0
MUSICAL THEATRE HISTORY AND APPRECIATION
Introduces the student to the history and literature of the musical theatre from mid-19th century to present day. Explores the stylistic distinctions found in the musical as well as its social and cultural significance. Emphasis is placed on the contributions and influence of the individual writer, composer, or lyricist. NR

TA 25 3/3/0/0
THEATRE HISTORY: PRIMITIVE TO RENAISSANCE
Reading and discussion of representative plays from the major eras of world drama. Development of the play script in themes, characterization, and dramatic structure from primitive ritual through the great playwrights of Greece, Rome, and Medieval and Renaissance Europe. Consideration of philosophical and cultural backgrounds and production styles influencing the staging of the plays. NR

TA 26 3/3/0/0
THEATRE HISTORY: RENAISSANCE TO CONTEMPORARY
Reading and discussing significant plays selected from the major forms of world drama since the Renaissance. Emphasis on themes, characterization, and philosophical and cultural influences on content and production styles. NR

TA 27 3/3/0/0
INTRODUCTION TO ORAL INTERPRETATION
Survey of prose, poetry, and drama. Focuses on the analysis and criticism of literature, examines various interpretive theories within the context of the period written. Students will present and perform literary selections. Also listed as SP 30. Credit given in either area, not both. NR

TA 30 3/3/0/0
THEATRE HISTORY: PRIMITIVE TO RENAISSANCE
Reading and discussion of representative plays from the major eras of world drama. Development of the play script in themes, characterization, and dramatic structure from primitive ritual through the great playwrights of Greece, Rome, and Medieval and Renaissance Europe. Consideration of philosophical and cultural backgrounds and production styles influencing the staging of the plays. NR

TA 32 3/3/0/0
INTERPRETERS’ THEATRE
Recommended Preparation: SP 30 or TA 30
Stressing the techniques of script preparation, direction, and staging of literature. Coursework will culminate in a student-performed and directed Interpreters’ Theatre. Also listed as SP 32. Credit given in either area, not both. NR

TA 35 3/3/0/0
VOICE AND DICTION
Emphasizing principles and practices in vocal and articulatory development and control, drills in phonation, resonance, and vocal variety, drills for clarity and ease in articulation. R E 3

TA 43 1/0/3/0
STAGE MAKE-UP
A study of theory and practice in make-up for the stage. Emphasis on the development of individual skill in techniques of character analysis, application in pigment, hair design, and selection and use of equipment. Crew assignment for college productions is required and will provide instruction in make-up techniques. NR

TA 102 3/3/0/0
STAGE MANAGEMENT
Prerequisite: TA 1, ETT 40
Discussion and research into the duties, responsibilities, and roles of a stage manager. Includes studies in script breakdown, communication, rehearsal procedures and performance skills. NR

TA 108 3/3/0/0
AUDITION TECHNIQUES
Emphasizes the process of auditions, cold readings, script analysis, interviews and unrehersed scenes. Includes resume writing techniques, interview techniques and casting instruction for the actor. NR

TA 109 3/3/0/0
CHICANA/O LATINA/O THEATRE
Focusing on the evolution of Chican/o Latina/o dramatic literature, course will analyze playwrights and theatre groups that express the Chican/o Latina/o experiences in the United States, examining relevant “actos”, plays, and documentaries to their contributions in the development of the Chican/o Latina/o Theatre movement. NR

TA 113 2/0/6/0
REHEARSAL AND PERFORMANCE:
CHILDREN’S THEATRE
Emphasizes the preparation of play production for the child audience for public performance. Open-entry/open-exit course. R E 3

TA 125 2/0/6/0
REHEARSAL AND PERFORMANCE:
NEW WORKS - MUSICAL
Limitation: Audition
Recommended Preparation: TA 1 and 10
Emphasizes the preparation of new work for the musical theatre. Character analysis, script analysis, and development of a new work or previously unpublished work. Class will culminate in a public ‘staged reading’ of a new theatrical work. R E 3

TA 189 .5-4/.5-4/.5-9/.5-9

**SCENE STUDY FOR AMERICAN MUSICAL THEATRE**

- **Limitation:** By audition only
- **Recommended Preparation:** TA 10
  - Concentrates on scene study, characterization, song repertory, and ensemble performance in American musical theatre. R E 3

**TA 211**

**MUSICAL THEATRE AUDITION TECHNIQUES**

- **Recommended Preparation:** MUS 1, TA 10
  - Designed for students preparing to audition for musical theatre productions. Every aspect of the musical audition will be addressed, emphasizing music selection, preparation, and building of repertoire. R E 3

**TA 212**

**MUSICAL THEATRE MOVEMENT AND DANCE**

- Designed to give students understanding and practical knowledge of musical theatre movement and dance. Emphasis is on the understanding and execution of the fundamental skills basic to musical theatre and musical theatre dance. Includes history, audition techniques, and choreography of musical theatre movement and dance. R E 3

**TA 213**

**PUPPET-MAKING AND PERFORMANCE**

- Designed for theatre students, art students and teachers, psychologists, and those interested in puppetry. Tabletop puppets, hand puppets, rod puppets and string puppets will be covered. Students construct at least two puppets using additive sculpture techniques, body construction, painting, costumes, and wigging techniques. R E 3

**TA 214**

**AUDITION AND INTERVIEW TECHNIQUES FOR KCACFT AND URTA**

- Develops technical skills, acting skills and interview skills specific to participation in the Kennedy Center American Theatre Festival auditions and the University Resident Theatre Association auditions. R E 3

**TA 250**

**SUMMER CONSERVATORY MUSICAL THEATRE**

- **Limitation:** By audition only
  - Specializing in musical theatre training as cast or an orchestra member for a specific theatrical production. R E 3

**TA 251**

**SUMMER CONSERVATORY MUSICAL THEATRE: PRODUCTION**

- **Recommended Preparation:** ETT 40 or 142
  - Specializes in theatre production, stagecraft, lighting, sound, costumes, and make-up. R E 3

**TA 252**

**SUMMER CONSERVATORY EARLY 20TH CENTURY MUSICAL THEATRE**

- **Limitation:** By audition only
  - Vocal specialization in musical theatre as a cast member in a theatrical production originally written and performed from 1900-1942. R E 3

**TA 253**

**SUMMER CONSERVATORY MID 20TH CENTURY MUSICAL THEATRE**

- **Limitation:** By audition only
  - Specializes in musical theatre training as a cast member for a theatrical production originally written and performed from 1943-1966. R E 3

**TA 254**

**SUMMER CONSERVATORY LATE 20TH CENTURY MUSICAL THEATRE**

- **Limitation:** By audition only
  - Specializes in musical theatre training as a cast member for a theatrical production originally written and performed from 1967-1999. R E 3

**TA 255**

**SUMMER CONSERVATORY CONTEMPORARY MUSICAL THEATRE**

- **Limitation:** By audition only
  - Specializes in musical theatre training as a cast member for a theatrical production originally written and performed after 2000. R E 3

**TA 289**

**SPECIAL TOPICS**

- The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**TA 290**

**ACTING FOR TELEVISION AND FILM**

- Principles and techniques of various performance methods involved in acting for television and motion pictures. Directed exercises and dramatic scenes (formerly TA 7). NR

**Travel and Tourism**

**TOUR 250**

**INTRODUCTION TO TRAVEL & TOURISM**

- Introduction to the basics of the travel industry and its various avenues for an exciting career. Methods and practices for locating both domestic and international tickets for domestic and international itineraries, routes, tariffs, and fares. Understanding travel industry documents for domestic and international itineraries. Documentation requirements and travel regulations will be covered. NR

**TOUR 252**

**WORLD DESTINATIONS AND RESORTS--WESTERN HEMISPHERE**

- Provides knowledge of hotels, sightseeing and tourist attractions, geographical locations, and local transportation in major destinations within the Western hemisphere. Areas covered include the 48 contiguous United States, Alaska, Hawaii, Mexico, Canada, the Caribbean, the Bahamas and Bermuda Islands, and Central and South America. NR

**TOUR 253**

**WORLD DESTINATIONS-EUROPE**

- Study sightseeing highlights, tourist attractions, currency, customs and local transportation in major destinations within the most visited countries of Europe. NR

**TOUR 254**

**WORLD DESTINATIONS-PACIFIC, ASIA, AFRICA, MIDDLE EAST**

- Study accommodations, sightseeing highlights, tourist attractions, currency, customs and local transportation in countries most visited by American tourists in Africa, the Middle East, Asia, and the Pacific. NR

**TOUR 255**

**SELLING DREAMS - THE TRAVEL INDUSTRY**

- Identifies the many segments of the Travel Industry including Airlines, Hotels, Cruises, Tours, Car Rentals, and Rail. Summarizes their place and importance to the traveling public. Serves as an introduction into the travel industry and related positions and careers. Analyzes the differences between sales and marketing. Explores target marketing, demographics, how to sell, advertising, telephone sales, resume writing and interviewing. NR

**TOUR 257**

**TOURS AND CRUISES**

- Methods and practices for booking tours and cruises worldwide. Fundamentals of the tour and cruise industry, including various products and comparisons. NR
TOUR 259 2/1/2/0  
AIRLINE COMPUTER TRAINING  
Recommended Preparation: TOUR 250  
Designed for advanced travel and tourism students with emphasis on basic SABRE computer training including P.N.R. (Passenger Name Record). NR

TOUR 260 2/1/2/0  
ADVANCED AIRLINE COMPUTER TRAINING  
Recommended Preparation: TOUR 259  
Designed for the advanced travel and tourism students with emphasis on advanced SABRE computer training, including invoice/itinerary and PHASE IV applications. RE 3

TOUR 289 2/1/2/0  
SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

Women’s and Gender Studies

WS 10 3/3/0/0  
INTRODUCTION TO WOMEN’S STUDIES  
An exploration of the impact of social institutions and cultural practices on the lives of women in the contemporary United States. Focuses on the ways in which differences of race, ethnicity, class, sexuality, and age define women’s experiences and identities. NR

WS 120 3/3/0/0  
WOMEN AND CAREERS  
Complete process of self-evaluation, decision-making, and goal setting. Offers the opportunity to reassess career aspirations, to explore the current job market, and to become acquainted with successful job-hunting and career-planning techniques. NR

WS 189 2/1/2/0  
SPECIAL TOPICS  
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. RE 1

Tutoring

TU 100 2/1/2/0  
FUNDAMENTALS OF PEER TUTORING  
A general introduction to the role of the tutor in education. Focuses on the practical skills necessary to function effectively as a peer tutor in the student’s chosen area of study. Training in empathy, listening skills, assertion, and other human-relations techniques will be provided. Individual differences in learning styles will be discussed and the importance of encouraging independence and good study habits will be stressed. Students will participate in supervised tutoring in the college Learning Assistance Program. NR

TU 300 0/0/0/12  
SUPERVISED TUTORING  
Designed to provide assistance for students who require additional help in attaining comprehension and competency in learning skills. Students are assisted by trained tutors who promote self-regulated learning, critical thinking, and problem solving on the part of student learners. Students are trained to monitor their own learning processes. This course is open-entry/open-exit. RE 99
Emeritus Accounting

ACCT 229X 0/1 or 2/0/0
IMPROVING INVESTMENT PERFORMANCE (EI)
Focuses on maximizing investment performance for the beginning and experienced investor, including strategies critical to the formation, preservation and growth of financial assets. R 99

ACCT 231X 0/2/0/0
ESTATE PLANNING (EI)
Prerequisite: ACCT 1B
Practical analysis of the administration, taxation and distribution of estates. Lectures clarify the cumulative benefits of living trusts and wills, as well as probate, tenancy, and health care alternatives. R 99

ACCT 232X 0/1 or 2/0/0
STOCKS AND BONDS MANAGEMENT (EI)
Discusses the dynamics of global economics, stock and bond markets, and mutual funds with an emphasis on helping investors develop an informed and strategic investment philosophy. R 99

ACCT 299 .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Emeritus Adapted Physical Education

Emeritus Art

ART 10X 0/.5 or 1/1 or 2/0
CERAMICS HANDBUILDING (EI)
A practical and historical introduction to the core aspects of the ceramics process. The course will include handbuilding, trimming and finishing, firing and glazing. R 99

ART 11X 0/1/2/0
BEGINNING CERAMICS-WHEEL (EI)
Introduction to beginning techniques of ceramics wheel building, with emphasis on traditional shapes and forms. Includes wheel throwing techniques, trimming and finishing, firing and glazing. R 99

ART 12X 0/.5 or 1/1 or 2/0
INTERMEDIATE CERAMICS (EI)
Recommended Preparation: ART 10X
Covers theory, materials, and techniques of ceramics at an intermediate level. Includes design-forming techniques, use of the potter’s wheel, glazing, and firing. R 99

ART 13X 0/.5 or 1/1 or 2/0
ADVANCED CERAMICS (EI)
Recommended Preparation: ART 12X
Course directs advanced projects in ceramics with emphasis on use of the potter’s wheel. Evaluation of forms and creative use of ceramic concepts and materials will be emphasized. Design, forming and glazing techniques will be presented. R 99

ART 14XA 0/1/.5 or 2/0
BEGINNING CERAMICS-SLIPCASTING (EI)
Theory and history of ceramics as well as basic techniques in ceramic slipcasting, including pouring low fire slip into molds, finishing, carving, underglazes, glazes, and overglaze applications, plus firing processes. R 99

ART 14XB 0/1/2/0
INTERMEDIATE CERAMICS-SLIPCASTING (EI)
Recommended Preparation: ART 14XA
Intermediate level theory and technique in low firing clay to high porcelain slip-casting. Exploration of basic functions, forms, color, glazing and decorative techniques. R 99

ART 14XC 0/1/2/0
ADVANCED CERAMICS-SLIPCASTING (EI)
Recommended Preparation: ART 14XA and ART 14XB
Advanced ceramic slipcasting techniques including concepts in advanced surface and color in the low fire ceramic process. Advanced glaze concepts and ceramic product development will be emphasized including specialty glazes and advanced use of ceramic forms. R 99

ART 14XD 0/1/2/0
ART OF CERAMIC DECORATING (EI)
Theory and techniques for application of translucent underglaze, review of basic underglaze, techniques in specialty glaze, and transfer designs. Students’ advanced projects will provide for application of theory and practice of techniques. R 99

ART 20X 0/2/0/0
ART APPRECIATION (EI)
Focuses on the fundamentals and aesthetics of the visual arts, as well as the major developments that shaped the evolution of Western art. R 99

ART 25X 0/2/0/0
ART HISTORY (EI)
Surveys the history of Western art. Focuses on major works and artists of lasting significance from prehistoric to the modern times. R 99

ART 28X 0/2/0/0
CONTEMPORARY ART AND CULTURE (EI)
Emphasis on 20th century art, culture, and architecture. Explores cultural forces that shaped the arts and how the arts, in turn, shaped diverse cultures. R 99

ART 31XA 0/2/1/0
BEGINNING INTARSIA (EI)
Recommended Preparation: ART 61XA
Techniques to create multiple types of intarsia or inlaid stones forming landscapes, geometric designs, color designs, faces and people, birds and animals. R 99

ART 31XB 0/1/2/0
INTERMEDIATE INTARSIA (EI)
Recommended Preparation: ART 31XA
Develop a perspective of intarsia by size and color. Advanced methods in pointing and fitting of stone, and channel work are included. R 99

ART 33XA 0/1/2/0
BEGINNING ENAMELING (EI)
Introductory studio course on basic enameling techniques for the beginner. R 99

ART 33XB 0/1/2/0
INTERMEDIATE ENAMELING (EI)
Recommended Preparation: ART 33XA
A studio course emphasizing traditional and contemporary concepts, processes, and techniques in enameling at an intermediate level. R 99

ART 35XA 0/1/2/0
BEGINNING STAINED GLASS (EI)
Fundamental approach for working with stained glass using the copper-foil and lead came technique, in two and/or three-dimensional projects. R 99

ART 35XB 0/1/2/0
ADVANCED STAINED GLASS (EI)
Recommended Preparation: ART 35XA
Designed to explore the possibilities of working in glass by utilizing the kiln to fuse, tack, and slump objects using tested compatible glass. Create a variety of projects incorporating techniques learned in previous ‘cold glass’ courses. R 99
ART 36XA 0/.5 or 1/1 or 2/0
BEGINNING JEWELRY METAL FABRICATION (EI)
A studio course emphasizing the concepts, processes and techniques involved in the making of jewelry. Includes demonstration and practice in the design and construction of jewelry fabricated for decorative wear. R 99

ART 36XB 0/.5 or 1/1 or 2/0
INTERMEDIATE JEWELRY METAL FABRICATION (EI)
Recommended Preparation: ART 36XA
A studio course introducing intermediate methods, materials, designs and practices in the construction of jewelry by metal fabrication. Includes ring, chain, and brooch design, enameling, and the decoration and setting of stones. Necessary tools and types of metals will be discussed. R 99

ART 36XC 0/1/2/0
ADVANCED JEWELRY METAL FABRICATION (EI)
Recommended Preparation: ART 36XB
A studio course offering advanced theory and methods, materials, designs and practices in the construction of complex jewelry by metal fabrication such as adding color to metal. Includes the study of metal chain construction, stone mountings, box construction, fringes, repousse, milling, enameling, textured surfaces and bead construction. Production methods will be discussed. R 99

ART 39XA 0/1/2/0
BEGINNING JEWELRY DESIGN LOST WAX (EI)
A studio course offering theory, demonstration, design and construction in the lost wax casting process of creating metal jewelry for decorative wear. R 99

ART 39XB 0/1/2/0
INTERMEDIATE JEWELRY DESIGN LOST WAX (EI)
Recommended Preparation: ART 39XA
A studio course offering advanced methods in the design and construction in the lost wax casting process to create metal jewelry for decorative wear. Emphasizes the design and development of complex projects including mold making. R 99

ART 41X 0/1/2/0
ART MEDIA STUDIES (EI)
Introduction to art media and related fine arts processes. Traditional and contemporary processes in fine art/mixed media and related processes including drawing, painting, printmaking, collage and assemblage in both two-dimensional and three-dimensional art forms. R 99

ART 50X 0/.5 or 1/1 or 2/0
BEGINNING PAINTING IN OIL/ACRYLIC (EI)
Includes the basic elements of drawing, color, design and painting as the older adult learns the use of materials and techniques in oil, acrylic, and other media. Emphasizes individual style and expression. R 99

ART 51X 0/.5 or 1/1 or 2/0
INTERMEDIATE PAINTING IN OIL/ACRYLIC (EI)
Recommended Preparation: ART 50X
Designed for older students who have some basic knowledge of color, composition and perspective and who wish to improve techniques, develop creativity and use their own resource materials. Introduction of techniques into abstract and non-objective painting in oil, acrylic, and other media. R 99

ART 52X 0/.5 or 1/1 or 2/0
ADVANCED PAINTING IN OIL/ACRYLIC (EI)
Recommended Preparation: ART 51X
Designed for older students who have basic knowledge of color, composition and perspective and who wish to improve techniques, develop creativity and use their own resource materials. Introduction of techniques into abstract and non-objective painting in oil, acrylic, and other media. R 99

ART 53X 0/.5 or 1/1 or 2/0
PAINTING IN SUBJECT AREAS (EI)
Recommended Preparation: ART 52X
Provides theory and demonstration of materials and techniques in a variety of subject matter and art mediums. Various exercises in the use of material, composition, perspective, and values. R 99

ART 54X 0/1/2/0
PORTRAIT PAINTING IN OILS, WATERCOLOR AND PASTELS (EI)
Recommended Preparation: ART 85X
Incorporating color mixing in a broader palette for washes, glazing, and spontaneous interpretation of the subject matter. An emphasis will be placed on individual exploration with the medium. R 99

ART 55X 0/1/2/0
BEGINNING CHINESE BRUSH PAINTING (EI)
Recommended Preparation: ART 55XA
Introduces the techniques of Chinese Brush Painting. Practice traditional subjects including bamboo, orchid, plum and landscape. Concepts in design and composition. Traditional mounting of completed paintings. R 99

ART 55XB 0/1/2/0
INTERMEDIATE CHINESE BRUSH PAINTING (EI)
Recommended Preparation: ART 55XA
Develops skills in handling the brush, ink, and color in a wide range of subjects while exploring concepts of design and composition. Explore history and aesthetics of Chinese painting. R 99

ART 56X 0/1/2/0
PASTEL PAINTING (EI)
Traditional and contemporary methods in the use of painting with pastels. The older adult explores a variety of techniques in the pastel medium. R 99

ART 58X 0/.5 or 1/1 or 2/0
BEGINNING WATERCOLOR (EI)
Basic methods of applying watercolor: washes, color mixing, and brush technique. The spontaneity of transparent watercolor will be stressed and explored. R 99

ART 59X 0/.5 or 1/1 or 2/0
INTERMEDIATE/ADVANCED WATERCOLOR (EI)
Recommended Preparation: ART 58X
Incorporating color mixing in a broader palette for washes, glazing, and spontaneous interpretation of the subject matter. An emphasis will be placed on individual exploration with the medium. R 99

ART 61XA 0/1/2/0
BEGINNING LAPIDARY (EI)
Explores the proper usage of lapidary machines for cutting and polishing gemstones: slabsaw, trim saw, grinders, sanders, lapping wheels, polishers, and drills. Methods include how to cut, trim, grind, dop, sand, polish and set gemstones. R 99

ART 61XB 0/1/2/0
INTERMEDIATE LAPIDARY (EI)
Recommended Preparation: ART 61XA
Instruction in cutting and polishing gemstones, channel work and intarsia. Topics include: what makes a gemstone, how they occur, types of gemstone deposits, luster, hardness, toughness, and complex lapidary machines. R 99

ART 70X 0/1/2/0
BEGINNING SCULPTURE (EI)
Introduces sculptural ideas, issues and techniques in clay, wood, and various other media. The student will apply theory and techniques of sculpture in selected materials. R 99

**ART 71X**
0.5 or 1.5 or 2.0
INTERMEDIATE SCULPTURE (EI)
Recommended Preparation: ART 70X
Includes the creation of sculpture in contemporary as well as historic styles. The use of ceramic clay, soft stone, and synthetic modeling materials with emphasis on both the human and animal figure. R 99

**ART 80X**
0.5 or 1.5 or 2.0
BEGINNING SKETCHING (EI)
Basic drawing techniques with emphasis on individual artistic expression. Still life, student model, and location work will be done in the classical media of pencil, charcoal and pastel. R 99

**ART 81X**
0.5 or 1.5 or 2.0
INTERMEDIATE SKETCHING (EI)
Recommended Preparation: ART 80X
Using traditional sketching media in still life, landscape, and figure drawing. Builds upon basic drawing techniques. R 99

**ART 85X**
0.5 or 1.5 or 2.0
BEGINNING LIFE DRAWING (EI)
Includes the fundamental structure of the human body, including skeletal and muscular systems. Sketching and drawing exercises allow students practice in portraying the body with reasonable accuracy. R 99

**ART 221**
.5/1/0/0
ART APPRECIATION (EI)
Designed to develop an understanding of historical and contemporary art forms, including examples of painting, sculpture, and architecture. R E 3

**ART 299**
.5-4/5-4/5-9/5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

**BIO 226X**
0/1/2/0
BIRDS OF THE WORLD (EI)
Includes bird ancestry, evolution, systematics, distribution, topography, behavior (song, territoriality, migration), and techniques of field identification of birds. Designed for older adults who wish to actively participate in a course outdoors. Includes field trips to local sites. R 99

**Emeritus Biology**

**ENG 3X**
0/3/0/0
INTRODUCTION TO CREATIVE WRITING (EI)
An in-depth examination of the essentials of creative writing, including the basics of manuscript preparation, techniques of fiction and nonfiction, and the various functions of writing tools. R 99

**ENG 4X**
0/3/0/0
ADVANCED CREATIVE WRITING (EI)
Recommended Preparation: ENG 3X
Offers an in-depth study of prose including organization, classification, comparison and contrast, cause and effect, as well as definition and development for nonfiction and fiction. Point of view, plot description, characterization, dialogue, narration, theme, sights, sounds, and sensation will also be discussed. R 99

**ENG 6X**
0/3/0/0
NON-FICTION WRITING (EI)
Includes techniques and practice in writing nonfiction articles, essays, and biographical sketches. Emphasis will be placed on writing for publication. R 99

**ENG 40XA**
0/2/0/0
BIBLICAL INFLUENCES ON LATER LITERATURE (EI)
Presentation and discussion of the dynamic role of biblical concepts, types, and images in Western civilization and literature. R 99

**ENG 40XA**
0/2/0/0
THE BIBLE AS LITERATURE: GENESIS TO PSALMS (EI)
A literary examination of the Hebrew Bible from Genesis to Psalms, analyzing the structure, form, authorship, transmission, style, and distinctive themes of these books. There is special focus on the original Jewish cultural contexts from which this literature arose. R 99

**ENG 40XA**
0/2/0/0
THE BIBLE AS LITERATURE: PSALMS TO GOSPELS (EI)
A literary examination of the Bible from the Hebrew Psalms to the Synoptic Gospels, analyzing the structure, form, authorship, transmission, style, and distinctive themes of these books. There is special focus on the original Jewish cultural contexts from which this literature arose. R 99

**Emeritus English**

**Emeritus Computer and Information Management**

**CIM 200**
1/1/2/0
COMPUTER FUNDAMENTALS (EI)
This is an introductory hands-on computer course for beginners covering computer hardware and software. Course activities include using Windows, the Internet, e-mail, word processing and graphics software. Designed for the older adult. R E 3

**CIM 201**
1/1/2/0
COMPUTER APPLICATIONS (EI)
Recommended Preparation: CIM 200
Provides a computer hands-on exploration of application software, Windows, and the Internet. Activities include using the Internet and word processing, spreadsheet, database, and graphics software. Designed for older adults. R E 3

**CIM 299**

</tr>
</tbody>
</table>
| FASH 110XB INTERMEDIATE CLOTHING  | 0/.5 or 1/1 or 2/0 | Recommended Preparation: FASH 110XA  
Clothing construction and pattern alterations for personal wardrobe. Examine and utilize commercial patterns, selection of fabric, textures and principles of color design. R 99 |
| FASH 110XC ADVANCED CLOTHING      | 0/1/2/0        | Recommended Preparation: FASH 110XB  
Advanced techniques in construction of garments. Adjust patterns or use designer patterns for personal and fitted styles. Handling of special fabrics. Fine custom details such as plackets, pockets, waistbands, and finishing techniques. R E 99 |
| FASH 124X WEARABLE ART (EI)        | 0/.5 or 1/1 or 2/0 | Design and construct a garment or accessory incorporating techniques of surface design, bobbin work, fabric manipulation, embellishment and dimensional texture. Designed for the older learner. R 99 |
| FASH 125X RIBBON WORK (EI)         | 0/1/2/0        | Learn techniques of ribbon manipulation. Includes classic and contemporary design methods in producing wearable adornments or accessories. Designed for the older adult interested in fashion design. R 99 |
| FASH 130X BASIC PATTERN CUSTOMIZING (EI) | 0/1/2/0 | Development of a basic pattern made to fit individual measurements. Pattern will be made in muslin and transferred to a permanent Pelon-made pattern. R 99 |
| FASH 230X ALTERATIONS AND FITTINGS (EI) | 0/1/2/0 | Recommended Preparation: FASH 110XB  
Basic procedures involved in altering ready-made garments, fitting patterns, sewing, machine operations and garment production techniques. R 99 |
| FASH 234X PATTERN DRAFTING (EI)    | 0/.5 or 1/1 or 2/0 | Recommended Preparation: FASH 130X  
Drafting of an individual pattern designed to be used for sewing various types of garments. R 99 |
| FASH 282XA BEGINNING CROCHETING (EI) | 0/.5 or 1/1 or 2/0 | Introduction to crochet. Includes color, design, types of yarns, crochet thread, terminology used in reading, and following patterns. Crochet techniques for artistic, functional and wearable projects. R 99 |
| FASH 282XB INTERMEDIATE CROCHETING (EI) | 0/1/2/0 | Recommended Preparation: FASH 282XA  
Study of fibers used for crochet so that student can construct garments or accessories. Review of crochet pattern techniques. New stitches and methods of finishing and blocking projects. Adjusting patterns following the gauge changes for size; designing and adapting patterns to personal body measurements. R 99 |
| FASH 283XA BEGINNING KNITTING (EI) | 0/.5 or 1/1 or 2/0 | Introduction to knitting theory, techniques and fibers. Lectures include how to cast on, basic stitches, and finishing techniques as well as how to read and understand patterns. Use of test swatches in a class project, understanding gauge, and modification of patterns for personal satisfaction. R 99 |
| FASH 283XB INTERMEDIATE KNITTING (EI) | 0/.5 or 1/1 or 2/0 | Recommended Preparation: FASH 283XA  
Develop knitting skills at an intermediate level. Learn new cast-on, cast-off methods, simple pattern combinations, and how to adjust pattern to fit specific size. R 99 |
| FASH 286X QUILTING AND PATCHWORK (EI) | 0/.5 or 1/1 or 2/0 | Fundamental quilting/patchwork techniques to include: applique, cathedral windows, crazy quilting, fabric selection, pattern drafting, piecing, reverse applique, and trapunto. R 99 |

Emeritus Kinesiology
KNES 1X 0/0/2/0
AEROBIC FITNESS (EI)
Designed to stress individual cardiovascular and respiratory levels showing how the older adult can use aerobics as a way of developing and maintaining health and fitness. The activities portion of the course will be suited to the needs of the individual student, considering age, sex and general health. Designed for the mature adult. R 99

KNES 2X 0/0/1 or 2/0
PERSONALIZED FITNESS (EI)
Supervised, individualized exercise program using a variety of exercise equipment. Includes the various principles and techniques of exercise as they relate to the older adult. Individual assessments will include review of medical history, resting and exercising heart rate, blood pressure, and will result in a written exercise prescription. R 99

KNES 3X 0/0/1.5 or 3/0
PERSONALIZED AEROBIC FITNESS (EI)
Overview of basic fitness which include the importance of proper exercising techniques as they relate to the older adult. Students receive a personalized fitness program. R 99

KNES 4X 0/0/1.5 or 2 or 3/0
PHYSICAL FITNESS CIRCUIT TRAINING (EI)
Designed to improve/maintain strength and cardiovascular fitness for the mature adult. Proper techniques for using exercise equipment in a supervised circuit format. R 99

KNES 5X 0/0/2 or 3/0
SEQUENTIAL STRETCHING AND RELAXATION (EI)
Designed to teach the scientific techniques of progressive, full body stretching and relaxation to enhance joint mobility and general fitness. Older adult students participate using a floor mat or chair. R 99

KNES 6X 0/0/1 or 1.5 or 2 or 3/0
PHYSICAL FITNESS (EI)
In terms of those for older adults in the techniques for developing and maintaining physical fitness, emphasizing strength, flexibility, aerobic power, and neuromuscular integration. R 99

KNES 14X 0/0/1 or 2/0
BODY RHYTHMICS (EI)
A fitness program using dance exercises which are performed to a variety of musical rhythms. R 99

KNES 14XA 0/0/1 or 2 or 3/0
EXERCISE TO MUSIC (EI)
Emphasizes low-impact aerobic dance movements to a variety of musical rhythms. Exercises will include methods to improve strength/flexibility and are performed standing and on the floor. R E 99

KNES 29XA 0/0/1 or 2 or 3/0
BEGINNING TAI CHI CH’UAN (EI)
Tai Chi Ch’uan instruction will include movements from the 30 forms in the first section and discussion of the Yin-Yang principle of opposing actions. Includes discussions of the history and philosophy of Tai Chi Ch’uan. R 99

KNES 29XB 0/0/1 or 2 or 3/0
ADVANCED TAI CHI CH’UAN (EI)
Recommended Preparation: KNES 29XA
Includes Tai Chi Ch’uan movements from the 78 forms in the second and third sections and review of the 30 forms in the first section. Includes discussions of the history and philosophy of Tai Chi Ch’uan and the techniques and sequence of forms. R 99

KNES 35XA 0/0/1 or 1.5 or 2 or 3/0
BEGINNING CHAIR EXERCISES (EI)
Enables the older adult to practice the physical techniques necessary to maintain or improve physical fitness necessary for daily living activities. Designed for the person with a beginning level of fitness. R 99

KNES 35XB 0/0/1 or 2 or 3/0
INTERMEDIATE CHAIR EXERCISES (EI)
Enables the older adult to practice physical techniques necessary to maintain and improve physical fitness necessary for daily living activities. R 99

KNES 37X 0/0/1 or 2/0
BALANCE AND MOBILITY TRAINING (EI)
Adopts a multidimensional approach to balance-related problems. Activities will target specific balance problems in a challenging environment. R 99

Emeritus Courses

Emeritus Music

MUS 19X 0/3/0/0
INTRODUCTION TO OPERA (EI)
Introducing the older adult to techniques used by major composers such as Gluck, Mozart, Rossini, Donizetti, Bellini, Verdi, Wagner, and Puccini who have shaped Western opera. R 99

MUS 20X 0/3/0/0
FOR THE LOVE OF MUSIC (EI)
Introduction to music history for the older adult. Fundamentals of musical composition and major composers that have shaped Western musical developments are studied. R 99

MUS 34X 0/.5 or 1/1 or 1/0
MEN'S AND WOMEN'S CHORAL: BARBERSHOP (EI)
Choral ensemble of male and female voices specializing in rehearsal and performance of barbershop harmony. Special attention will be given to note values, basic rhythms, ear training and diction. R 99

MUS 80X 0/.5 or 1/1 or 1/0
VOICE AND RHYTHMS (EI)
Emphasizes vocal techniques, including tone production, breath control, and pronunciation, as well as music literature. Performance at end of the semester. R 99

MUS 290X 0/.5 or 1/1 or 1/0
CHORAL ENSEMBLE (EI)
Choral singing for the older adult emphasizing choral literature. Development of ensemble through correct singing and vocal production. R 99

MUS 295X 0/.5 or 1/1 or 1/0
REHEARSAL AND PERFORMANCE INSTRUMENTAL (EI)
Recommended Preparation: Previous instrumental training and demonstrated proficiency
Preparation, study, and performance of orchestra concert repertoire. Designed for the older adult interested in orchestral performance. R 99

MUS 299 0/.5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS

Emeritus Philosophy

PHIL 230X 0/1 or 2/0/0
INTRODUCTION TO PHILOSOPHY (EI)
Investigates many of the major philosophical themes within the Western tradition. Themes covered include the nature of self, free will and determinism, the ground and nature of human knowledge, the nature of ethics, aesthetics and the nature of political philosophy. Older adults cultivate the skills of critical thinking and rational discourse. R 99

PHIL 231X 0/1 or 2/0/0
HISTORY OF FREEought IN WESTERN WORLD (EI)
History of freethought consisting of the heterodox religious systems and secular philosophies that have appeared in opposition to the Judeo-Christian tradition in the Western world from the Classical Age of Greece and Rome to the present. Older adults will study deism, pantheism, agnosticism, atheism as well as multicultural religious philosophical systems and beliefs. R 99

PHIL 299 0/.5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS

Emeritus Photography

PHOT 40X 0/1 or 1/1 or 2/0
BEGINNING DIGITAL SHOW PRESENTATIONS (EI)
Covers phases and techniques in digital visual/audio presentations from photo essays, documentaries, how-to and travel shows. Includes planning, photographing, selecting slides, writing narration, preparing graphics, music, sound effects and cues. Also included are methods of presentation and preservation. For older learners. R 99

PHOT 41X 0/1/2/0
DIGITAL SHOW PRESENTATIONS - INTERMEDIATE (EI)
Recommended Preparation: PHOT 40X
Covers the intermediate production of digital visual and audio presentations. Includes digital photography, downloading music, scriptwriting, video, narration, transitions and special effects using computer software to construct digital presentations. Designed for the older adult interested in digital photography and slide show production. R 99

PHOT 50XA | 0/.5 or 1/1 or 2/0
BEGINNING DIGITAL PHOTOGRAPHY (EI)
Covers the technical aspects of using a digital camera and the importance of composition in the creation of an image. Includes still life set ups, photographing models and field trips. Downloading, storing, organizing and editing photographic images using software programs will be emphasized. Burning to disc and email images will be discussed. Designed for older learners. R E 99

PHOT 50XB | 0/.5 or 1/1 or 2/0
INTERMEDIATE DIGITAL PHOTOGRAPHY (EI)
Recommended Preparation: PHOT 50XA
Reviews technical aspects of using a digital camera, image composition, downloading, storing, organizing and editing images using software programs. Also includes portraits, night photography, flash- and-fill technologies, digital media enhancement, and the use of filters. The older adult will also learn the basic principles of judging and evaluating photographs. R E 99

PHOT 59XA | 0/1/2/0
BEGINNING COLOR PRINTING (EI)
Recommended Preparation: PHOT 50XA
Darkroom and digital techniques for making color prints from color negatives, slides and digital cameras using related color printing equipment. Operation of enlargers, and processing prints using automatic processor, tube and electronic methods. Finishing prints for presentation including retouching and matting. R 99

PHOT 59XB | 0/1/2/0
ADVANCED COLOR PRINTING (EI)
Recommended Preparation: PHOT 59XA
Advanced and innovative techniques and procedures used in color printing. Related topics of photography and printing will supplement laboratory work. R E 99

PHOT 299 | .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Emeritus Political Science
PS 214 | .5 or 1/1 or 2/0/0
CURRENT ISSUES IN GOVERNMENT (EI)
Exploration of current issues and events on global, national, and local levels. Problem areas include crime, economics, social service loads, environment, terrorism, and conflicts. R E 3

PS 214X | 0/1 or 2/0/0
CURRENT ISSUES IN GOVERNMENT (EI)
Exploration of current issues and events on global, national, and local levels. Problem areas include crime, economics, social service loads, environment, terrorist, and conflicts. Focuses on the impact of these events on the lives of older adults. R 99

PS 299 | .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Emeritus Psychology
PSYC 299 | .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Emeritus Spanish
SPAN 230 | 1/2/0/0
BEGINNING PRACTICAL SPANISH (EI)
Basic fundamentals of Spanish for practical application. Includes reading, comprehension, speaking, and writing. Emphasis will be placed on development of conversational skills. R E 3

SPAN 230X | 0/2/0/0
BEGINNING PRACTICAL SPANISH (EI)
Basic fundamentals of Spanish for the older adult. Includes reading, comprehension, speaking, and writing. Emphasis will be placed on development of conversational skills. R 99

SPAN 231 | 1/2/0/0
INTERMEDIATE PRACTICAL SPANISH (EI)
Recommended Preparation: SPAN 230
Communicative competence in practical Spanish. Focuses on listening, comprehension, speaking, reading and writing. R E 3

SPAN 232 | 1/3/0/0
ADVANCED PRACTICAL SPANISH (EI)
Recommended Preparation: SPAN 231
Designed to develop fluency in Spanish. The emphasis is on expression and conversation in Spanish. R E 3

SPAN 232X | 0/2/0/0
ADVANCED PRACTICAL SPANISH (EI)
Recommended Preparation: SPAN 231X
Designed to develop fluency in Spanish. The emphasis is on expression and conversation in Spanish. For the older learner. R E 99

SPAN 299 | .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

Emeritus Special Services
SPS 145X | 0/3/0/0
BEGINNING LIPREADING AND HEARING CONSERVATION (EI)
Enables students to develop and practice lipreading skills necessary for social functioning. Presents information designed to help the student better understand their own hearing loss. R 99

SPS 299 | .5-4/.5-4/.5-9/.5-9
SPECIAL TOPICS
The Special Topics course is a grouping of short seminars designed to provide students with the latest ideas in a field of study. The course content is thematic in nature and each seminar within the course differs from other offerings in the same course. R E 1

District Administrators

Poertner, Gary (2010)
Chancellor
B.S., St. Louis University, Missouri
M.B.A., California State University, Long Beach

Bramucci, Robert (2008)
Vice-Chancellor, Technology and Learning Services
B.S., University of Memphis, Tennessee
M.A.P., University of Little Rock, Arkansas
Ph.D., Washington State University, Washington

Bugay, David (2008)
Vice Chancellor, Human Resources & Employer-Employee Relations
B.S., Wayne State University, Michigan
M.B.A., Oakland University, Michigan
Ph.D., Union Institute and University, Ohio

Fitzsimons, Debra (2011)
Vice Chancellor, Business Services
B.A., Pennsylvania State University, PA
M.P.A., Slippery Rock University, PA
Ed.D., University of Pittsburgh

Peebles, Randy (2008)
Associate Vice Chancellor, Economic Development
B.A., M.A., California State University, Long Beach
Ed.D., Pepperdine University

Saddleback College Administrators

Avalos, Juan (2010)
Vice President for Student Services
B.S., University of California, Davis
M.A., Ph.D., University of California, Los Angeles

Burnett, Tod (2008)
President
B.A., University of California, Riverside
M.A., University of Southern California
Ed.D., Pepperdine University

Busché, Donald L.
Acting Vice President for Instruction
B.A., M.A., California State University, Los Angeles
Ed.D., Nova Southeastern University

Dean, Counseling Services
B.A., California State University, Fresno
M.A., Azusa Pacific College

Durdella, Caroline (2012)
Director, Research, Planning and Accreditation
B.A., M.A., California State University, Fullerton
M.A., Ph.D., University of California, Los Angeles

Flanigan, Patricia (2000)
Dean, Online Education and Learning Resources
B.A., M.A., University of California, Los Angeles
Ed.D., University of La Verne

Lipold, Anthony (2001)
Dean, Kinesiology and Athletics/Athletics Director
B.A., California State University, Fullerton
M.S., National University, San Diego

Mc Henry, Bart (2010)
Dean, Fine Arts and Media Technology
B.F.A., University of Southern California
M.F.A., University of California, Irvine

Nelson, Terence (2009)
Dean, Transfer, Career and Special Programs
B.A., University of California, Irvine
M.S., Azusa Pacific University, Azusa
M.Ed., University of California, Los Angeles

O’Connor, Kevin (1999)
Dean, Liberal Arts
B.A., San Diego State University
Ph.D., University of Southern California

Cifone, Rocco (2001)
Dean, Business Science and Economic and Workforce Development
B.A., M.A., San Diego State University

McDonald, Christopher (2012)
Dean, Mathematics, Science, and Engineering
B.S., M.S., California State University, Pomona
Ed.D., University of Southern California, Los Angeles

Rane-Szostak, Donna (2009)
Dean, Health Sciences and Human Services
B.A., Mundelein College
B.S.N., Rush University
Ed.D., North Illinois University

Rice, Tamera (2001)
Assistant Dean, Health Sciences and Human Services/Director of Nursing
A.D.N., Purdue University
B.S.N., California State University, Fullerton
M.S.N., California State University, Dominguez Hills

Rosenkrans, Jane (1999)
Dean, Enrollment Services
B.S., M.Ed., Springfield College, Massachusetts

Taylor, Don (2000)
Dean, Advanced Technology and Applied Science
B.A., California State University, Chico
M.Ed., University of Idaho

Wynter, Cadence (2012)
Dean, Social and Behavioral Science
B.A., Open University Milton Keynes, England
M.Ed., University of Manchester, England
Ph.D., University of Illinois, Chicago

Saddleback College Faculty

Abel, Christina (2009)
Assistant Professor, Mathematics, Science, and Engineering
B.S., Cal Poly San Luis Obispo
Ph.D., University of California, Santa Barbara

Aguilar, Amara (2012)
Assistant Professor, Liberal Arts
B.A., California State University, Fullerton
M.A., California State University, Fullerton

Ahearn, Amy (2000)
Professor, Liberal Arts
B.A., Millikin University
M.A., Illinois State University

Professor, Mathematics, Science, and Engineering
B.S., Prairie View A & M University
Ph.D., University of Arkansas

Aminy, Marina (2009)
Assistant Professor, Liberal Arts
B.A., M.A., Ph.D., University of California, Berkeley

Anderson, Ronald (1999)
Professor, Mathematics, Science, and Engineering
B.A., M.A., University of California, San Diego
Ph.D., University of Montana

Avetisian, Deanna (2011)
Assistant Professor, Mathematics, Science, and Engineering
B.A., B.S., M.S., University of California, Irvine
Azary, Maryam (1994)
Professor, Counseling Services
B.A., Texas Southern University
M.S., California State University, Los Angeles
Ph.D., Alliant International University, San Diego

Bagwell, Janet (2002)
Professor, Liberal Arts
B.S., Duquesne University
M.S., California State University, Fullerton

Baltierra, Juanita L. (1985)
Professor, Transfer, Career, and Special Programs
A.A., Rio Hondo College
B.A., California State University, Long Beach
M.Ed., University of Hawaii, Manoa

Bander, Carol J. (1977)
Professor, Liberal Arts
B.A., Queens College
M.A., Ph.D., University of Southern California

Banga, Shellie (2012)
Assistant Professor, Liberal Arts
B.A., Whittier College
Ph.D., University of California, Davis

Bangerter, Renee (2010)
Assistant Professor, Liberal Arts
B.A., M.A., Brigham Young University

Barr, Douglas M. (1991)
Professor, Counseling Services
B.S., M.S., Miami University

Barr, Pamela J. (1992)
Professor, Counseling Services
B.S., M.A.T., Cornell University
M.S., California State University, Fullerton

Barrows, Morgan (2002)
Professor, Advanced Technology and Applied Science
B.S., University of California, Davis
M.S., California State University, Fullerton
Ph.D., University of California, Irvine

Bear, Teresa (2011)
Assistant Professor, Mathematics, Science, and Engineering
B.S., M.S., University of California, Irvine

Beckham, Jack (2012)
Assistant Professor, Liberal Arts
B.A., California State University, Bakersfield
M.A., Ph.D., University of California, Riverside

Bennett, Michael (2008)
Associate Professor, Transfer, Career, and Special Programs
B.A., University of California, San Diego
M.S., California State University, Long Beach

Billingsley, William J. (2005)
Professor, Social and Behavioral Science
B.A., University of North Carolina
M.A., Ph.D., University of California, Irvine

Bittner, Alinde (2005)
Professor, Advanced Technology and Applied Science
B.S., California Polytechnic State University, San Luis Obispo
M.A., San Francisco State University

Blethen, Mark (2000)
Professor, Kinesiology and Athletics
B.A., Cal Poly, San Luis Obispo
M.S., University of Delaware

Boratynec, Zina (2000)
Professor, Transfer, Career, and Special Programs
B.A., University of California, Irvine
M.S., California State University, Long Beach

Borella, Peter E. (1981)
Professor, Mathematics, Science, and Engineering
B.A., University of Bridgeport
M.S., George Washington University
Ph.D., University of Southern California

Bowles, Christina (2012)
Assistant Professor, Health Sciences and Human Services
B.S.N., California State University, Fullerton
M.S.N., California State University, Long Beach

Bowman, Donald (2012)
Assistant Professor, Business Science and Economic and Workforce Development
B.S., California State University, Long Beach
M.B.A., University of California, Irvine

Braatz, Timothy (1999)
Professor, Social and Behavioral Science
B.A., California Lutheran University
M.A., University of California, Santa Barbara
Ph.D., Arizona State University

Professor, Fine Arts and Media Technology
B.A., California State University, Fullerton
M.A., San Diego State University

Branch-Stewart, Kim (2010)
Assistant Professor, Health Sciences and Human Services
B.S.W., M.S.W., California State University, Los Angeles

Brei, Todd (2012)
Assistant Professor, Mathematics, Science, and Engineering
B.A., University of California, Santa Barbara
M.A., California State University, San Marcos

Professor, Social and Behavioral Science
A.A., Los Angeles City College
B.A., M.A., California State University, Los Angeles

Bright, Julie A. (1989)
Professor, Health Sciences and Human Services
B.S.N., Biola University
M.S.N., California State University, Los Angeles

Call, Linda (2010)
Assistant Professor, Health Sciences and Human Services
B.S.N., University of Florida
M.S.N., Regis University

Camelot, Allison (2004)
Professor, Social and Behavioral Science
B.A., M.A., California State University, Fullerton

Carroll, Thomas C., Jr. (1977)
Professor, Liberal Arts
A.B., University of California, Los Angeles
M.A., Ph.D., University of California, Santa Barbara

Cavazzi, Deidre (2012)
Assistant Professor, Kinesiology and Athletics
B.A., M.F.A., University of California, Irvine

Cesareo-Silva, Claire (2000)
Professor, Social and Behavioral Science
B.A., University of California, Berkeley
M.A., Columbia University

Chang, Sarah (2012)
Assistant Professor, Counseling Services
B.A., University of California, Irvine
M.A., University of San Diego

Channing, Michael D. (1979)
Professor, Liberal Arts
B.A., University of California, Santa Barbara
Ph.D., Stanford University
Chin, Lem (1987)
Professor, Advanced Technology and Applied Science
A.A., East Los Angeles College
B.S., M. Arch., California State Polytechnic University, Pomona

Chu, Hencelyn (2011)
Assistant Professor, Health Sciences and Human Services
B.S., Andrews University
Ph.D., Oregon State University

Clafin, Christopher (2008)
Associate Professor, Advanced Technology and Applied Science
B.F.A., California State University, Long Beach
M.B.A., Argosy University

Cobos, Ana Maria (1992)
Professor, Learning Resources
B.A., University of California, Riverside
M.A., M.L.S., University of California, Los Angeles

Professor, Mathematics, Science, and Engineering
B.S., University of Redlands
M.S., University of California, Irvine

Cosgrove, Robert W. (1981)
Professor, Liberal Arts
B.A., St. Procopius College
M.A., Ph.D., Purdue University

Cox, Anne (1978)
Professor, Social and Behavioral Science
B.A., Allegheny College
M.S., California State University, Long Beach

Cox, Barbara (2008)
Associate Professor, Business Science and Economic and Workforce Development
M.A., University of California, Riverside
Ph.D., Stanford University

Crabb, Kerry (2008)
Associate Professor, Kinesiology and Athletics
B.A., California State University, Chico
M.A., Azusa Pacific University

Craig, Brandee (2004)
Professor, Kinesiology and Athletics
B.A., San Francisco State University
M.A., Azusa Pacific University

Crapo, Stephen (1999)
Professor, Kinesiology and Athletics
B.S., M.S., University of Missouri
M.S., Azusa Pacific University

Cubbage-Vega, April (2009)
Assistant Professor, Social and Behavioral Science
B.A., University of California, Los Angeles
M.A., University of California, Riverside

Cunningham, April (2005)
Professor, Learning Resources
B.A., University of California, San Diego
M.L.I.S., University of California, Los Angeles

Damm, Kathryn (2012)
Assistant Professor, Social and Behavioral Science
B.S./B.A., M.A., Ph.D., University of California, San Diego

Daniels, Stevie (2012)
Assistant Professor, Liberal Arts
B.S., M.A., California State University, Fresno

Danko, Carolyn (2011)
Assistant Professor, Health Sciences and Human Services
B.S., University of California, Davis
M.S.N., California State University, Dominguez Hills

D’Arcy, Kim (2008)
Associate Professor, Transfer, Career, and Special Programs
B.A., University of Arizona
Ph.D., Argosy University

DeDonno, Thomas (2005)
Professor, Business Science and Economic and Workforce Development
M.S., B.S., John Carroll University

Deeter, Darrell (2005)
Associate Professor, Advanced Technology and Applied Science
B.A., California State University, Long Beach
M.S., University of Alaska, Anchorage

Denton, Deborah (2005)
Professor, Advanced Technology and Applied Science
M.A., Chapman University
B.S., Loma Linda University
R.D., American Dietetic Association

DeSaracho, Mariana (1991)
Professor, Counseling Services
B.S., M.A., San Diego State University
Ph.D., University of Southern California

DiLeo, David L. (1993)
Professor, Social and Behavioral Science
B.A., M.A., California State University, Long Beach
M.A., Ph.D., University of California, Irvine

Dixon, David (2012)
Assistant Professor, Mathematics, Science, and Engineering
B.S., Truman State University
Ph.D., University of California, Berkeley

Domínguez, Carmen C. (1996)
Professor, Fine Arts and Media Technology
B.A., M.M., San Diego State University
D.M.A., Peabody Conservatory/Johns Hopkins University

Duffy, Michelle (2012)
Assistant Professor, Liberal Arts
B.A., California State University, Long Beach
M.S., Ed.D., California State University, Fullerton

Duquette, Janice L. (1977)
Professor, Kinesiology and Athletics
B.A., Arizona State University
M.A., San Diego State University

Engels, Michael (2012)
Assistant Professor, Counseling Services
B.A., University of California, San Marcos
M.A., Webster University

Evancoe, Eugene J. (1991)
Professor, Advanced Technology and Applied Science
B.S.E.E., University of Illinois
M.S.E.E., University of California, Berkeley

Evans, Nancy (1989)
Professor, Mathematics, Science, and Engineering
B.A., M.S., University of California, Irvine

Evans-Wallin, Patricia K. (1990)
Professor, Mathematics, Science, and Engineering
B.A., M.S., University of Southern California

Ewen, Ryan (2011)
Assistant Professor, Fine Arts and Media Technology
B.A., San Diego State University
M.F.A., University of California, Santa Barbara

Farnsworth, Robert (2008)
Associate Professor, Advanced Technology and Applied Science
B.A., Colorado State University
M.A., B.A., University of Idaho
Farthing, Scott (2005)
Professor, Fine Arts and Media Technology
B.M., Friends University, Wichita
M.M., University of Missouri, Kansas City
D.M.A., University of Missouri, Kansas City

Fier, Scott R. (1993)
Professor, Mathematics, Science, and Engineering
B.A., B.S., M.S., University of California, Irvine

Fisher, Katherine (2005)
Professor, Liberal Arts
B.A., University of San Diego
M.S., Chapman University
M.F.A., Chapman University

Professor, Health Sciences and Human Services
B.S.N., University of Tennessee
M.S.N., California State University, Long Beach

Fox, Lindsay (1999)
Professor, Advanced Technology and Applied Science
B.F.A., M.A.T., Rhode Island School of Design

Francisco, David (2001)
Professor, Counseling Services
B.A., University of San Diego
M.A., Westminster Theological Seminary
M.S., University of La Verne

Friedrich, Monica (2012)
Assistant Professor, Mathematics, Science, and Engineering
B.S., Ph.D., University of California, Irvine

Garant, Dorothy (1990)
Professor, Kinesiology and Athletics
B.A.E., M.A., Arizona State University

Garcia, Renee (2005)
Professor, Social and Behavioral Science
B.A., University of California, Berkeley
M.A., University of Bordeaux

Gee, Carolyn (2008)
Assistant Professor, Social and Behavioral Science
B.A., M.A., University of California, San Diego

Gensler, Howard (2003)
Professor, Social and Behavioral Science
B.A., University of California, Irvine
J.D., University of California, Irvine
Ph.D., University of California, Irvine

Gilman, Bruce (2008)
Associate Professor, Liberal Arts
M.A., Ph.D., University of Massachusetts

Professor, Health Sciences and Human Services
B.S., University of Michigan
B.S.N., University of Maryland
M.S.N., FNP, California State University, Long Beach

Goldberg, Patrizia (1987)
Professor, Business Science and Economic and Workforce Development
A.A., Orange Coast College
J.D., Western State University, College of Law

Gonzalez, Frank (2008)
Associate Professor, Mathematics, Science, and Engineering
B.A., M.A., Western Washington University

Professor, Learning Resources
B.A., University of California, Irvine
M.L.S., University of California, Los Angeles

Gravis, Esther (2012)
Assistant Professor, Health Sciences and Human Services
B.S.N., M.S.N., University of Phoenix

Grihalva, Lawrence (2011)
Assistant Professor, Health Sciences and Human Services
B.A., University of California, Los Angeles
J.D., Boston College

Ground, M. Andy (2009)
Assistant Professor, Kinesiology and Athletics
B.A., University of Hawaii at Hilo
M.Ed., Azusa Pacific University

Grubb, Ruth (2010)
Assistant Professor, Health Sciences and Human Services
B.S.N., University of Wisconsin, Oshkosh

Guy, Georgina (2008)
Associate Professor, Social and Behavioral Science
B.A., M.S., California State University, Fullerton

Haas, Sharon (1998)
Assistant Professor, Kinesiology and Athletics
B.A., Mills College, Oakland
M.Ed., Azusa Pacific

Professor, Mathematics, Science, and Engineering
B.S., University of California, Irvine

Haggerty, A. Lee (1981)
Professor, Social and Behavioral Science
A.B., A.M., Stanford University

Professor, Counseling Services
B.A., California State University, Long Beach
M.S., California State University, Los Angeles

Hardick, Randolph (2004)
Professor, Health Sciences and Human Services
B.A., University of Sioux Falls

Hedgecock, Jennifer (2008)
Assistant Professor, Liberal Arts
A.A., Orange Coast College
B.A., M.A., California State University, Sacramento
Ph.D., Michigan State University

Henry, V. Robert (1990)
Professor, Health Sciences and Human Services
B.A., California State University, Fullerton

Hernandez-Bravo, Carmenmara (1990)
Professor, Liberal Arts
B.A., M.S., University of California, Irvine

Higginson, Jennifer (2002)
Professor, Kinesiology and Athletics
B.S., San Diego State University
M.A., Azusa Pacific

Hill, Merton E., III (2005)
Professor, Mathematics, Science, and Engineering
B.S., University of Redlands
Ph.D., Ph.C., University of California, Los Angeles

Hoggatt, Michael (2009)
Assistant Professor, Transfer, Career, and Special Programs
B.A., Point Loma Nazareth College
M.P.A., National University
M.S., California State University, Long Beach

Hooper, Gail (1999)
Professor, Transfer, Career, and Special Programs
B.A., California State University of Fullerton
M.S., National University
Professor, Transfer, Career, and Special Programs
B.A., Pomona College
M.Ed., University of Missouri

Horlings, Jane E. (1990)
Professor, Mathematics, Science, and Engineering
B.S., University of Nebraska
Ph.D., University of California, Davis

Horan, Elizabeth (2008)
Assistant Professor, Learning Resources
A.A., Orange Coast College
B.S., California Polytechnic, San Luis Obispo
M.L.I.S., San Jose State University

Howlett, Scott (1999)
Professor, Social and Behavioral Science
B.A., B.S., M.A., California State Fullerton
M.A., Ph.D., University of California, Irvine

Huang, S. Margaret (1976)
Professor, Health Sciences and Human Services
B.S., Boston University
M.S., Teachers College, Columbia University
Gerontological Nurse Certified by American Nurses Association

Huggins, Barbara (2009)
Professor, Health Sciences and Human Services
B.S., State University of New York, Binghampton
M.N., Louisiana State University

Hunt, Matthew (2000)
Professor, Liberal Arts
B.A., California State University, Fresno
M.A., Ph.D., University of Southern California

Professor, Mathematics, Science, and Engineering
B.S., B.A., University of California, Irvine
M.A., California State University, Fullerton
Ph.D., University of California, Santa Cruz

Ininns, Elizabeth (1999)
Professor, Mathematics, Science, and Engineering
B.S., M.S., University of California, Irvine

Inlow, Lisa (2010)
Assistant Professor, Advanced Technology and Applied Science
A.O.S., California Culinary Academy

Professor, Counseling Services
B.A., Bethel College
M.A., University of California, Riverside
M.A., Loyola Marymount University

Jacobsen, Karen (1999)
Professor, Kinesiology and Athletics
B.S., University of Michigan
M. Ed., Azusa Pacific University

Jones, Lawrence R. (1977)
Professor, Fine Arts and Media Technology
B.A., M.F.A., California State University, Long Beach

Kiernan, Maria (2008)
Assistant Professor, Emeritus Institute
A.A., Orange Coast College
B.F.A., M.A., California State University, Fullerton

Kiheyet, Constance M. (1988)
Professor, Liberal Arts
B.A., M.S., University of Southern Mississippi
Ph.D., Florida State University

Knapp, Rebecca (2011)
Assistant Professor, Business Science and Economic and Workforce Development
B.A., University of California, Irvine
M.B.A., Pepperdine University

Konishi, Hiromasa (2005)
Professor, Fine Arts and Media Technology
B.A., Keio University, Tokyo, Japan
M.F.A., University of Texas, Austin

Korper, Steve (2002)
Professor, Business Science and Economic and Workforce Development
B.S., DeVry Institute of Technology
M.S., Ph.D., Columbia State University

Kucharski, Phyllis (2001)
Professor, Health Sciences and Human Services
B.S.N., State University of New York
M.S.N., Wagner College

Lam, Chin (2009)
Assistant Professor, Liberal Arts
B.A., M.A., University of California, Los Angeles

Langrell, Jenny (2005)
Professor, Learning Resources
B.S., Southern Illinois University - Carbondale
M.A., San Jose State University

Lebauer, Roni (1990)
Professor, Liberal Arts
B.A., Queens College of the City University of New York
M.A., University of Hawaii

Lee, Kenneth (2012)
Assistant Professor, Advanced Technology and Applied Science
B.S., Seoul Nation University
M.S., Cornell University

Leedahl, Laura (2012)
Assistant Professor, Health Sciences and Human Services
B.S.N., Mount Saint Mary College
M.S.N., California State University, Long Beach
Ed.D., La Sierra University

Leppien-Christensen, J. Kristopher (2005)
Professor, Social and Behavioral Science
B.A., M.A., California State University, San Marcos
Ph.D., Saybrook Graduate School & Research Center

Levin, Patricia L. (1987)
Professor, Fine Arts and Media Technology
B.A., University of California, Los Angeles
M.A., University of Southern California
Ph.D., University of California, Irvine

Llorente, Alex J. (1984)
Professor, Business Science and Economic and Workforce Development
B.A., M.A., University of South Florida
M.B.A., University of Houston
J.D., Western State University

Long, Michael (2007)
Associate Professor, Counseling Services
B.A., California State University, Long Beach
M.A., California State University, Dominguez Hills

Lovett, Margot (1997)
Professor, Social and Behavioral Science
B.A., Montclair State College, N.J
M.A. Ph.D., Columbia University

Lowe, Lesley (2005)
Professor, Emeritus Institute
B.A, California State University, Long Beach
M.Ed., Azusa Pacific University
Professor, Liberal Arts
B.A., M.A., University of California, Santa Barbara

Ly, Sharyn Kim (2005)
Professor, Mathematics, Science, and Engineering
B.S., University of California, Riverside
M.A., California State Polytechnic University, Pomona

Lynch, Ardith (2008)
Assistant Professor, Transfer, Career, and Special Programs
B.A., Holy Family College
M.S., California State University, Hayward

MacMillan, Sharon (1977)
Professor, Social and Behavioral Science
B.A., M.A., Central Missouri State University
Ph.D., University of Southern California

Mamoon, Safiah (2011)
Assistant Professor, Health Sciences and Human Services
B.S., Chandaben Patel Homeopathic Medical College

Mayenzet, Maria (2011)
Assistant Professor, Fine Arts and Media Technology
M.F.A., California State University, Long Beach
B.A., University of California, Irvine

McCartney, Theodore (2005)
Professor, Kinesiology and Athletics
B.A., University of California, Riverside
M.Ed., Azusa Pacific University

McElroy, G. Mark (1999)
Professor, Kinesiology and Athletics
B.A., California State University, Chico
M.A., United States International University
M.Ed., Azusa Pacific
Ed. D., Brigham Young University

McFann, Kent (2005)
Professor, Fine Arts and Media Technology
B.F.A., California Institute of the Arts
M.F.A., State University of New York, Purchase

McGinley, Patricia (2011)
Assistant Professor, Health Sciences and Human Services
B.S.N., University of Illinois, Chicago
M.S.N., California State University, Long Beach

McGroarty, Diane (2005)
Professor, Advanced Technology and Applied Science
A.A., Golden West College
B.A., California State University, Long Beach

Merrifield, Michael J. (1977)
Professor, Social and Behavioral Science
B.A., M.A., California State University, Fullerton

Professor, Advanced Technology and Applied Science
B.A., M.A., California State University, Long Beach

Meyer-Canales, Katherine (2001)
Professor, Mathematics, Science, and Engineering
B.S., George Fox University
M.S., Oregon State University

Meza, Ralph (2010)
Assistant Professor, Counseling Services
B.A., University of California, Irvine
M.A., California State University, Dominguez Hills

Miller-White, Sherry (1988)
Professor, Social and Behavioral Science
B.A., Tougaloo College
M.A., California State University, Long Beach

Millovich, June M. (2001)
Professor, Social and Behavioral Science
B.A., California State University, San Bernardino
M.S., California State University, Fullerton

Moore, Larry (1999)
Assistant Professor, Business Science and Economic and Workforce Development
B.S., San Diego State University

Morris, Kalon (2002)
Professor, Mathematics, Science, and Engineering
B.A., Harvard University
M.S., University of California, San Diego

Mularski, Jedrek (2011)
Assistant Professor, Social and Behavioral Science
B.A., M.S., Loyola Marymount University

Nadeau, Bouchra (2012)
Assistant Professor, Social and Behavioral Science
B.A., Williams College
M.Ed., Harvard University

Myers, Charles (2002)
Professor, Fine Arts and Media Technology
B.S., M.F.A., University of Southern California

Nin, Orlantha (2012)
Assistant Professor, Transfer, Career, and Special Programs
B.A., University of California, Berkeley

Nigrelli, Christina (2010)
Assistant Professor, Social and Behavioral Science
B.A., M.A., California State University, Long Beach

Nin, Orlantha (2012)
Assistant Professor, Social and Behavioral Science
B.A., M.A., California State University, Long Beach

Nussenbaum, Sharon (1988)
Professor, Counseling Services
B.A., M.S., San Diego State University

Obermeyer, Veronica (2008)
Associate Professor, Fine Arts and Media Technology
B.F.A., Laguna College of Art & Design
M.F.A., New York Academy of Art

Professor, Health Sciences and Human Services
B.S.N., University of the State of New York
M.S.N., California State University, Dominguez Hills

Ochoa, Heidi (2009)
Assistant Professor, Fine Arts and Media Technology
B.A., California State University, Long Beach
M.A., California State University, Los Angeles

Ochoa, Lucas (2011)
Assistant Professor, Fine Arts and Media Technology
B.A., California State University, Long Beach
M.A., California State University, Los Angeles

Assistant Professor, Fine Arts and Media Technology
B.A., University of California, Berkeley
M.A., Ph.D., University of Southern California
Penland, Barbara A. (1988)
Professor, Health Sciences and Human Services
B.S., University of Redlands
M.A., Webster University

Pereznic, Lawrence (1999)
Professor, Mathematics, Science, and Engineering
B.S., M.A., California State University, Fullerton

Pestolessi, Diane (1996)
Professor, Health Sciences and Human Services
B.S.N., University of Hawaii, Manoa
M.S.N., California State University, Dominguez Hills

Petricig, Michael B. (1988)
Professor, Mathematics, Science, and Engineering
B.S., Georgetown University
M.A., University of California, Santa Barbara
M.S., University of California, Irvine

Pires, Marcelo (2010)
Assistant Professor, Mathematics, Science, and Engineering
B.S., M.S., California State Polytechnic University, Pomona
Ph.D., University of California, Riverside

Polloczek, Dieter (2005)
Professor, Liberal Arts
M.A., Ph.D., University of Konstanz, Konstanz, Germany

Pryor, Joshua (2008)
Assistant Professor, Liberal Arts
B.A., California State University, Long Beach
M.F.A., San Francisco State University
Ph.D., University of Southern California

Quade, Joyce (1999)
Professor, Business Science and Economic and Workforce Development
B.S., M.A., University of Wisconsin-Madison
M.A., University of Southern California

Quigley, James (2012)
Assistant Professor, Mathematics, Science, and Engineering
B.A., M.A., University of California, Berkeley

Raddell, Larry (1994)
Professor, Fine Arts and Media Technology
B.A., San Francisco State University
M.A., California State University, Los Angeles

Reese, John Richard (2012)
Assistant Professor, Fine Arts and Media Technology
B.F.A., M.F.A., California State University, Long Beach

Renault, Irene (2005)
Professor, Liberal Arts
B.A., Merrimack College
M.A., University of Massachusetts at Lowell

Repka, James L. (1996)
Professor, Mathematics, Science, and Engineering
A.A., Saddleback College
B.A., University of California, Berkeley
M.A., University of California, Santa Cruz

Professor, Social and Behavioral Science
B.A., M.A., Ph.D., University of California, San Diego

Robertson, Stephen (2011)
Assistant Professor, Fine Arts and Media Technology
B.A., University of Nevada, Las Vegas
M.A., University of California, Fullerton
M.A., University of Southern California

Rosenberg, Alannah (1990)
Professor, Social and Behavioral Science
B.A., Immaculate Heart College
M.A., University of Southern California
Ph.D., New York University

Rousseau, Michele (2008)
Associate Professor, Mathematics, Science, and Engineering
B.S., M.S., Ph.D., University of California, Irvine

Ryals, Douglas (2012)
Assistant Professor, Liberal Arts
B.A., Duke University
M.A., Ph.D., University of California, Irvine

Professor, Fine Arts and Media Technology
B.A., State University of New York, Brockport
M.F.A., California State University, Long Beach

Sellers, Joel (2002)
Professor, Fine Arts and Media Technology
B.M., Arizona State University

Shafer, Kiarash (2012)
Assistant Professor, Mathematics, Science, and Engineering
B.S., M.S., University of California, Irvine
M.S., The University of Chicago

Shaffer, Gina Victoria (2010)
Assistant Professor, Liberal Arts
B.A., University of Southern California
M.A., Ph.D., University of California, Irvine

Sherman, Matthew (2010)
Assistant Professor, Kinesiology and Athletics
B.S., California State Polytechnic University, Pomona
M.A., University of Phoenix San Luis Obispo

Siegel, Linda I. (1986)
Professor, Social and Behavioral Science
B.A., University of Wisconsin-Madison
M.S., Ph.D., University of Massachusetts, Amherst

Silveira, Lisa (1998)
Professor, Mathematics, Science, and Engineering
B.A., M.A., California State University, Fullerton

Singh, David (2000)
Assistant Professor, Social and Behavioral Science
B.A., M.A., California State University, Fullerton

Smith, Basil (2009)
Assistant Professor, Liberal Arts
B.A., State University, New York
M.A., Claremont Graduate School
Ph.D., Cardiff University

Smith, Christina (2009)
Assistant Professor, Social and Behavioral Science
B.A., M.A., California State University, Long Beach

Smith, D. Jeanne (1977)
Professor, Mathematics, Science, and Engineering
B.S., M.S., University of Michigan
Ed.D., Nova University

Smith, Maureen (2008)
Associate Professor, Social and Behavioral Science
B.A., University of North Carolina
M.A., California State University, Long Beach

Sorenson, Stephanie (2008)
Assistant Professor, Mathematics, Science, and Engineering
B.A., California State University, Fullerton
M.S., University of California, Irvine

Stankovich, Kimberly (2005)
Professor, Fine Arts and Media Technology
B.A., M.A., California State University, Fullerton
Stevenson, Robert Glen (2010)  
Assistant Professor, Advanced Technology and Applied Science  
B.S., New Mexico State University  
M.Ed., Azusa Pacific University  

Professor, Liberal Arts  
B.S., San Diego State University  
M.A., California State University, Long Beach  
M.B.A., Pepperdine University  

Street, Karah (2005)  
Professor, Mathematics, Science, and Engineering  
B.S., University of California, San Diego  
M.A., University of Texas  
Ph.D., University of Texas, San Antonio  

Stephens, Blake (2008)  
Associate Professor, Advanced Technology and Applied Science  
B.A., University of Washington  

Professor, Business Science and Economic and Workforce Development  
A.A., Prince George's Community College  
B.A., M.A., University of Redlands  

Sworder, Steven C. (1977)  
Professor, Mathematics, Science, and Engineering  
A.A., Fullerton Junior College  
B.S., University of California, Berkeley  
Ed.D., Nova University  
Ph.D., M.S., M.A.T., University of California, Los Angeles  

Tamer, Rita (2001)  
Professor, Health Sciences and Human Services  
B.A., California State University, Northridge  
Ed.D., Argosy University  

Tamialis, Barbara (2006)  
Professor, Social and Behavioral Science  
B.S., M.A., Michigan State University  

Professor, Advanced Technology and Applied Science  
B.A., California State University, Fullerton  
M.A., California State University, Long Beach  

Teh, Steven (2000)  
Professor, Mathematics, Science, and Engineering  
B.S., M.S., California State Polytechnic University, Pomona  

Teng, Anthony (2007)  
Associate Professor, Business Science and Economic and Workforce Development  
B.S., California State University, Long Beach  
M.A., William Howard Taft University, Santa Ana  
M.B.A., TUI University  

Tharpe, Loretta (1999)  
Professor, Health Sciences and Human Services  
B.S.N., Azusa Pacific  
M.S.N., California State University, Dominguez Hills  

Thomas, Arlene E. (1988)  
Professor, Advanced Technology and Applied Science  
B.A., M.A., California State University, Long Beach  

Trani, Nicholas (2008)  
Associate Professor, Kinesiology and Athletics  
B.A., Loyola Marymount University  
M.Ed., Azusa Pacific University  

Turner, Pamela (2000)  
Professor, Emeritus Institute  
B.F.A., Maryland Institute College of Art  
M.F.A., Pennsylvania State University  

Twicken, Lawrence, P. (1994)  
Professor, Social and Behavioral Science  
B.A., University of California, Los Angeles  
M.A., California State University, Los Angeles  
Ph.D., Claremont Graduate School  

Venable, Samantha J. (1988)  
Professor, Health Sciences and Human Services  
B.S., M.S., University of California, San Francisco  

Ventura, Janet (1999)  
Professor, Counseling Services  
B.A., M.A., Whittier College  
Ph.D., California School of Professional Psychology, Fresno  

Vogel, Jeff (2012)  
Assistant Professor, Liberal Arts  
B.A., California State University, Fresno  
M.A., California State University, Stanislaus  
Ed.D., Liberty University  

Walsh, Daniel (1999)  
Professor, Social and Behavioral Science  
B.A., M.A., California State University, Fullerton  

Welc, S. Martin (1989)  
Professor, Business Science and Economic and Workforce Development  
B.A., Richard Stockton State College  
M.B.A., Golden Gate University  

Welhan, Lydia (2012)  
Assistant Professor, Online Education and Learning Resources  
B.A., B.M., University of Idaho  
M.M., University of Maryland  
M.L.S., Indiana University  

Weston, Norman J. (1989)  
Professor, Fine Arts and Media Technology  
B.M., M.M., Indiana University  
D.M., Northwestern University  

Westphal, Karla (2001)  
Professor, Mathematics, Science, and Engineering  
B.A., Yale University  
M.S., Loyola University  

White, Richard (1998)  
Professor, Fine Arts and Media Technology  
B.A., University of Santa Cruz  
M.F.A., New York State College of Ceramics, Alfred University  

White-Cooper, Susan (1999)  
Professor, Social and Behavioral Science  
B.A., Skidmore College, New York  
M.A., Bank Street College of Education, New York City  

Williams, Kolin (2011)  
Assistant Professor, Transfer, Career, and Special Programs  
B.A., M.S., California State University, Sacramento  

Wolff, Michele (1999)  
Professor, Health Sciences and Human Services  
B.S.N., Penn State University  
M.S.N., California State University, Dominguez Hills  

Woodward, Kenneth G., Jr. (1986)  
Professor, Social and Behavioral Science  
B.A., State University of New York  
M.A., University of Pittsburgh  
Ph.D., University of California, Riverside  

Yassine, Amina (2011)  
Assistant Professor, Liberal Arts  
B.A., M.A.T., University of California, Irvine  

Ziehm, Carol (1999)  
Professor, Liberal Arts  
B.A., M.A., University of Southern California
Zimmerman, Ray (2009)  
Assistant Professor, Liberal Arts  
B.A., University of Texas, Dallas  
M.A., Ph.D., University of Irvine

Zoval, Jim (2008)  
Professor, Mathematics, Science, and Engineering  
B.A., Ph.D., University of California, Irvine

**EMERITI**

Professor Emeritus, Mathematics, Science, and Engineering

Agnew, Priscilla J. (1977-2011)  
Professor Emeritus, Liberal Arts and Learning Resources

Alford, JoAnn (1985-2011)  
Professor Emeritus, Counseling Services and Special Programs

Altman, Cheryl (1989-2011)  
Professor Emeritus, Liberal Arts

Allbright, Aaron (1990—2004)  
Professor Emeritus, Liberal Arts

Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Fine Arts and Media Technology

Babusek, Alda O. (1979-2011)  
Professor Emeritus, Health Sciences and Human Services

Assistant Dean Emeritus, Student Services and Financial Aid

Dean Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Liberal Arts and Learning Resources

Bell, Ronald D. (1979-2004)  
Professor Emeritus, Advanced Technology and Applied Science

Belmont, Gita (1990-2006)  
Professor Emeritus, Learning Resources

Belyea, Barbara L. (1985-2011)  
Professor Emeritus, Health Sciences and Human Services

Bessette, Nancy C. (1975-2011)  
Professor Emeritus, Kinesiology and Athletics

Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus Mathematics, Science, and Engineering

Berns, Roberta M. (1977-1999)  
Professor Emeritus, Social and Behavioral Science

Professor Emeritus, Business Science and Economic and Workforce Development

Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus, Social and Behavioral Science

Vice President for Instruction Emeritus

Brewington, Elizabeth (2010-2012)  
Assistant Professor Emeritus, Health Sciences and Human Services

Briere-Shambrook, Maud B. (1982-2009)  
Professor Emeritus, Liberal Arts and Learning Resources

Brightbill, Alvin J. (1975-2004)  
Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus, Kinesiology and Athletics

Bruno, Brenda J. (1986-2011)  
Professor Emeritus, Liberal Arts

Bullock, Dixie Lee (1976-2004)  
President Emeritus

Busché, Donald L. (1977-2002)  
Vice President for Instruction Emeritus

Professor Emeritus, Social and Behavioral Science

Professor Emeritus, Kinesiology and Athletics

Calkins, Keith D. (1980-2001)  
Professor Emeritus, Kinesiology and Athletics

Carroll, Christina (1981-2011)  
Professor Emeritus, Mathematics, Science, and Engineering

Cederquist, John C. (1975-2008)  
Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus, Social and Behavioral Science

Christensen, Grace L. (1968-1993)  
Professor Emeritus, Liberal Arts

Clark, Jeffrey M. (1989-2012)  
Professor Emeritus, Liberal Arts  
B.A., University of Santa Clara  
M.P.W., M.L.A., University of Southern California

Cline, Claudia D. (1989-2011)  
Professor Emeritus, Emeritus Institute

Cogbill, Bonnie J. (1968-1996)  
Professor Emeritus, Fine Arts and Media Technology

Professor Emeritus, Advanced Technology and Applied Science

Tash, Steven J. (1979-2004)
Professor Emeritus, Learning Resources

Thorpe, James F. (1968-1995)
Professor Emeritus, Mathematics, Science, and Engineering

Titus, David B. (1990-2010)
Professor Emeritus, Advanced Technology and Applied Science

Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Liberal Arts

Vincenzi, Jean M. (1968-1990)
Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Mathematics, Science, and Engineering
Professor Emeritus, Liberal Arts

Watkins, Peggy (1989-2007)
Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Business Science and Economic and Workforce Development

Weisrock, Thomas J. (1974-2011)
Professor Emeritus, Learning Resources

Professor Emeritus, Fine Arts and Media Technology

Whitt, Terri (1976-2010)
Professor Emeritus, Health Sciences and Human Services

Professor Emeritus, Health Sciences and Human Services

Wright, James R. (1994)
Dean Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Mathematics, Science, and Engineering

Professor Emeritus, Business Science and Economic and Workforce Development

Zakrzewski, Danuta (1981-2011)
Professor Emeritus, Health Sciences and Human Services

ASSOCIATE FACULTY
Saddleback College has, in addition to the regular full-time contract faculty, many qualified associate instructors who come from industry, business and other educational institutions. This produces a faculty with many talents to support a diversified program of offerings requested and expected of the community college.
