FAFSA Rejected by Federal Processor

The Department of Education was unable to complete the processing of your FAFSA. The reason is usually due to incomplete information, name not matching with Social Security Administration, or missing signatures on your FAFSA. If your FAFSA is in a rejected status, we will be unable to offer you financial aid. Please refer to your Student Aid Report (SAR). The report has important comments. One of the comments will explain the correction you need to make to your FAFSA. You can access your FAFSA at www.fafsa.gov using your PIN number.

For assistance in making corrections to your FAFSA watch the following Making Corrections video. For further assistance with your FAFSA, call 1-800-4FEDAILD (1800-433-3243); Mon-Fri: 8:00 a.m.-11:59 p.m. Eastern Time. If you are hearing impaired call the TTY line at 1800-730-8913.
