

VETS Academy

Study and learn with fellow Veterans!

The Saddleback College VETS Program is offering cohort based courses for student Veterans entitled **VETS Academy**. The sections of Applied Psychology, Mathematics, and English are taught by instructors familiar with military culture and focused on your success. The cohort consists primarily of US military Veterans yet is not limited to those who served. These three core courses are aimed at transitioning you into the college and civilian world. **Registration for Spring 2012 begins November 7th, so contact us ASAP.** For more information, please contact the VETS Counselor in the VETS Center in SSC 207 or at 949-582-4652.
