LRC

Math Faculty

Karla Westphal

Algebra2go

Subjects I tutor:

All Math

About me:

Hi everyone! I actually studied theatre and philosophy as an undergraduate! My B.A. is from Yale, and I have a Master's (in math) from Loyola University in Chicago. I spent a few years at Berkeley pursuing a Ph.D. before deciding I really just wanted to teach---that brought me here. When I'm not "playing math" I love to hike and bike.
