Caudal blood vessels

caudal vena cava
hepatic veins
liver
kidney
cranial mesenteric artery
ovarian vein
abdominal aorta
caudal mesenteric artery
colon
femoral artery
femoral vein
external iliac vein
uteri
urinary bladder
azygous vein
esophagus
thoracic aorta
stomach
left gastric artery
celiac trunk
splenic artery
spleen
adrenal vein
renal artery
ovarian artery
renal vein
iliolumbar vein
iliolumbar artery
caudal artery
common iliac artery
common iliac vein
external iliac artery
internal iliac artery
internal iliac vein
cranial tibial vein
Female excretory and reproductive systems

Male excretory and reproductive systems

Male reproductive organs
Female excretory and reproductive systems

diaphragm
adrenal gland
adrenal vein
kidney
hilus
ovary
Fallopian tube
ovarian vein
uteros (right horn)
colon
cervix
internal iliac vein
vagina
external vaginal orifice

aortic hiatus
renal vein
pelvis
medulla
cortex
mesovarium
ureter
abdominal aorta
caudal vena cava
pelvic cavity
urinary bladder
urethra
clitoris
anus
