

Saddleback College Division of Health Sciences and Human Services

Procedure for Application & Admission to the Nursing Program NURSING PROGRAM ADVANCED PLACEMENT STUDENT (LVN & TRANSFER)

ADMISSION TO THE NURSING PROGRAM – EFFECTIVE JULY 1, 2017 (See changes in GPA eligibility for LVNs - no longer using English 1A with Bios to compute GPA)

Advanced Placement students will be admitted to the nursing program on a space available basis. Students must meet the following criteria for eligibility:

- Be at least 18 years of age at the time of admission.
- Be in adequate health to perform the duties of a nurse. The student must have a physical examination, obtain liability insurance, AND
- Complete a personal background check and drug test per program policy prior to enrolling in N162/N164
- Pass the ATI TEAS test prior to enrolling in N162/N164.
- TRANSFER students qualify with a GPA of 2.5 or better.
- TRANSFER students must provide a letter of reference from previous nursing program administrator stating student provided safe nursing care.
- TRANSFER students must complete N 162(lecture and lab) with grade of “C” or better.
- LVN students qualify with a GPA of 2.5 or better in Bio 11, Bio 12, and Bio 15 or their equivalency, and completion of English 1A or its equivalency with a grade of “C” or better. (BIO 12 must have been completed within the past 7 years, except for LVN-RN 30 unit option curriculum—see page 7)
- LVN students must complete N 162(lecture and lab) and N164 LVN-RN clinical with grade of “C” or better
- LVNs must have current LVN California license
- LVNs must show proof of 1 year full time or 2 year part time direct patient care experience as an LVN prior to program entry
 - Required for proof of employment as LVN
 - ♦ W2 or
 - ♦ Letter from employer validating direct patient care activities/responsibilities

Step #1

Read the **Saddleback College Catalog** sections dealing with matriculation services, academic regulations, graduation requirements, and the Associate Degree nursing program. Catalogs are available for student review in Counseling, the Library and are available for purchase at the **College Bookstore** (949-582-4715).

Step #2

Make an appointment with a counselor in **Counseling Services** (949-582-4572). Bring **ALL** official college transcripts to your appointment. Counseling Services will determine the status of **non-nursing courses completed elsewhere**. Matriculation testing is required for placement in math and English if student does not have an AA/AS or higher degree from an accredited college or university.

TRANSFER STUDENTS:

- Schedule an appointment with the **Director of Nursing** (949) 582-4701) to determine the point of entry into the program.
- Bring copies of **ALL** college transcripts, letter of reference from previous program director and Syllabi from completed nursing courses to the meeting with the Director of Nursing.
- Must have an overall GPA of 2.5 or better in nursing courses taken to date (including pre-requisites)
- Apply to the College and receive a student ID number.
- Make an appointment with counseling to have Advanced Placement LVN/Transfer Nursing Guidance record completed and submit to Nursing Office. Names are placed on list for the N162 in the order that the guidance record is received in the Health Science Division Office. Admission is on space availability.
- Pass the ATI TEAS at or above 62%. Students who do not meet the cut scores will have one year to remediate and re-take the exam. Those not meeting the cut score for the second time will not be eligible for entry into the program.
- Complete N162 Successful Transition to Professional Nursing lecture and lab with a “C” or better. N 162 cannot be repeated if unsuccessfully completed. Students are then put on the waitlist for entry into the program based on space availability.
- **Transcripts for courses taken at other colleges after completion of N162 should be sent directly to the Saddleback College Office of Admissions & Records**

LVN-RN STUDENTS:

- Apply to the College and receive a student ID number.
- Complete the three biology pre-requisites or their equivalent with a 2.5 GPA or better.
- Complete English 1A with a grade of “C” or better.
- Make an appointment with counseling to have Advanced Placement LVN/Transfer Nursing Guidance record completed and submit to Nursing Office. Names are placed on list for the N162/N164 in the order that the guidance record is received in the Health Science Division Office. Admission is on space availability.
- LVNs **must** attend an LVN-RN Guidance Information Session (see website for dates). Complete N162 Successful Transition to Professional Nursing lecture and lab **AND** N164 LVN-RN Clinical Lab with a “C” or better. N 162 and N164 cannot be repeated if unsuccessfully completed. Students are then put on the waitlist for entry into the program based on space availability.
- Proof of **1 year full time or 2 year part time** of direct patient care experience as an LVN
- Proof of CA LVN license (LVNs only)
- Pass the ATI TEAS at or above 62% prior to taking N162 class. Confirmation of space in the N162 class is not confirmed until we receive your TEAS test scores. Students taking the TEAS test at other proctored locations will only be allowed to submit their first score from test taken within a calendar year (365days). Students who do not meet the cut scores will have one year to remediate and re-take the exam. Those not meeting the cut score for the second time will not be eligible for entry into the program.
- **Transcripts for courses taken at other colleges after completion of N162 should be sent directly to the Saddleback College Office of Admissions & Records, Attention Nursing Transcript Evaluator.**

PRE-ADMISSION TESTING TO THE NURSING PROGRAM

Prior to admission to the program, the following will be given **during** the N162 course and must pass:

- **ATI Medical-Surgical and Pharmacology Exam** to evaluate student knowledge base related to nursing care for the adult medical-surgical patient. The results are used to place the applicant at the appropriate point of entry. **
- **Math-medication exam- must pass with 85%. ****
- **Practical skills test** that includes simulated clinical situations and skills demonstration. Safety and proficiency regarding basic principles of nursing must be demonstrated. **
 - ** This test will be provided during N 162 Successful Transition to Professional Nursing
 - ❖ Applicants may attempt satisfactory completion of the skills test a maximum of two times.

REQUIRED CERTIFICATION

- **LVNs:** Current LVN license, Management of Assaultive Behavior if N171 Mental Health Nursing is required (may enroll in HSC 291 to complete certification). IV Therapy State certification or completion of N245.
- **TRANSFER:** Management of Assaultive Behavior if N171 Mental Health Nursing is required (may enroll in HSC 291 to complete certification) and IV therapy if entering second year of nursing program

ACCEPTING OR DECLINING ADMISSION

When space is available, students will be offered invitation into the program and notified first by telephone. Students will also receive a follow up letter from the Health Sciences Division Office. Students must accept or decline admission according to the directions given in the Division Office letter.

- Students who decline admission have one (1) opportunity to decline and remain at their current point on the wait list. Additional declines will result in the student being re-numbered and placed at the bottom of the wait list.
- Students who decline admission two times will be removed from the wait list until counseled by the Director or Assistant Director of Nursing to clarify and facilitate education and career goals.

ADDITIONAL CONSIDERATIONS

Students should notify the Health Science Division Office to:

- **Withdraw** as an applicant.
- **Change name, address, or telephone number.** You can change on MySite, but also need to notify Health Science Division Office.

The **expenses** for the LVN to RN nursing student average \$2700 or more. Students in need of **financial assistance** should **immediately** contact the **Saddleback College Financial Aid Office** (949-582-4860). Scholarships may be available for nursing students once they have been admitted to the program. At the completion of the program, the cost for the Board of Registered Nursing application, Licensure exam, Interim Permit and RN License is approximately \$500 or more. Personal background and drug tests cost approximately \$80.

The following immunizations/titers are required before enrolling in the nursing classes: Measles, Mumps, Rubella, Varicella, TB skin test or clear chest x-ray, and Tdap. Seasonal flu vaccines, and Hep B are also required. If a student declines the flu vaccine, the student must sign a declination form and wear a protective mask while with working with patients.

Students who have been **convicted of a misdemeanor or felony** are required to disclose this information on their application to take the RN licensure exam (NCLEX). A conviction may affect your eligibility to take this exam. In the State of California, a convicted child abuser will never be allowed to obtain a RN license. Students who have concerns about these circumstances should contact the **Board of Registered Nursing** (916-322-3350) or refer to the website, www.rn.ca.gov **before** starting the nursing program. Students who are known to be a current child, spouse or elder abuser, or known to be dealing drugs, will not be admitted into the program. Students in the program who are found to be a current child, spouse or elder abuser, or found to be dealing drugs may not remain in the nursing program.

BRN RULES AND REGULATIONS

Section 1429 – Preparation Required for Licensed Vocational Nurses

- (a) An applicant who is licensed in California as a vocational nurse is eligible to apply for examination for licensure as a registered nurse if such applicant has successfully completed the courses prescribed below and meets all the other requirements set forth in Section 2736 of the Code. Such applicant shall submit evidence to the Board including a transcript, of successful completion of the requirements set forth in subsection (c) and of successful completion or challenge of courses in physiology and microbiology comparable to such courses required by licensure as a registered nurse.
- (b) The school shall offer objective counseling of this option and evaluate each licensed vocational nurse applicant for admission to its registered nursing program on an individual basis. A school's determination of the prerequisite courses required of a licensed vocational nurse applicant shall be based on an analysis of each applicant's academic deficiencies, irrespective of the time such courses were taken.
- (c) Section 1429(c) The additional education required of licensed vocational nurse applicants shall not exceed a maximum of thirty (30) semesters or forty-five (45) quarter units. Courses required for vocational nurse licensure do not fulfill the additional education requirement. However, other courses comparable to those required for licensure as a registered nurse, as specified in Section 1426, may fulfill the additional education requirement.

Nursing courses shall be taken in an approved nursing program and shall be beyond courses equivalent to the first year of professional nursing courses. The nursing content shall include nursing intervention in acute, preventive, remedial, supportive, rehabilitative and teaching aspects of nursing. Theory and courses with concurrent clinical practice shall include advanced medical-surgical, mental health, psychiatric nursing, and geriatric nursing. The nursing content shall include basic standards for competent performance prescribed in Section 1443.5 of these regulations.

ELIGIBILITY REQUIREMENTS FOR LVNS SEEKING RN LICENSURE

In order to take the NCLEX-RN licensure exam, one of the following curriculum options must be completed:

1. Associate Degree in Nursing (graduate)

- Prerequisite courses
- Required core courses
- General education requirements

2. Registered Nurse Certificate (non-graduate)

- Prerequisite courses
- Required core courses

Students who complete only the registered nurse certificate will take the NCLEX-RN as a non-graduate. Some states require an Associate Degree ("graduate") status before allowing licensure by reciprocity. ***In other words, non-graduates may not be allowed to practice nursing as an RN in another state with their California license.*** For that reason, completion of the associate degree in nursing is highly recommended.

3. LVN 30-Unit Option

See Procedure for Application and Admission to the Nursing Program (LVN 30-unit option).

- Prerequisite courses
- Required core courses

The advantages of completing the 30-unit option are:

- a) Less required courses
- b) Possible earlier admission to program

The disadvantages of completing the 30-unit option are:

- a) Jeopardized ability to become licensed in some states
- b) Considered a non-graduate of Saddleback College and its nursing program
- c) Ineligible to participate in the Saddleback College nursing program pinning ceremony
- d) A less well-rounded education to meet the needs of clients
- e) Possible difficulty pursuing advanced degrees
- f) Not posted on your official Saddleback College transcript

Declaration of Admission Option

I, the undersigned, have decided to complete the following curriculum option of the Saddleback College nursing program. **I am aware that I may not change this option once I have entered the program.**
