Welcome to CTE and Workforce Development

Career Technical Education (CTE) programs prepare students by providing them with entry level or advanced knowledge and skills critical for successful employment. CTE certificates offer an alternative route to acquiring skills to furthering an educational experience.

Many of the fastest growing careers do not require a traditional 4-year degree, but rather demand specific training and expertise that can be earned with a certificate.

Saddleback College offers a variety of CTE programs, certificates and courses. Consider the list below and contact the appropriate Division Office or call 949-582-4572 to make a counseling appointment. Completion of a CTE certificate may be all you need to get started down a rewarding career path!

Important Information:

- o **March 1, 2010 is deadline to petition for Associate Degrees, Certificate of Achievements and Occupational Skills Awards**
- o [Petition for Certificate of Achievement or Occupational Skills Award with deadlines.](#)
