3 units are required to complete Area E.
IMPORTANT INFORMATION: Under provisions of CSU Executive Order, Saddleback College (SC) will certify completion of up to 39 of the 48 units required in General Education. If SC certifies that you have completed courses from the approved list for CSU General Education certification, the CSU system campus to which you transfer will require you to complete the requirement in those sections which they certify. You may be held only for additional courses required at the campus granting the degree in order to complete general education requirements.

Students must include at least 9 units of upper-division courses completed no earlier than the semester in which they become juniors at the campus granting the degree in order to complete general education requirements.

Eligibility for Transfer:

1. If eligible at the time of high school graduation on the basis of high school grade point average and ACT or SAT scores, a student is required to earn a grade average of "C" (2.0) or better on all college work attempted before transfer. (No minimum required depending on the CSU.)

2. If ineligible for admission to the state college or university at the time of high school graduation, a student is required to earn a minimum grade average of "C" (2.0) on 60 semester (90 quarter) CSU transferable units. Saddleback College indicates courses numbered 1 to 199 as CSU transferable in the catalog. Completion of 60 semester (90 quarter) or more units is required for junior-level standing.

3. A maximum of 70 semester (105 quarter) units earned in a community college may be transferred to a CSU campus. Subject credit for transferable units in excess of 70 units may also be granted to satisfy unmet graduation requirements.

4. Students transferring with certification of general education requirements are assured that they have met the 39 of 48 unit minimum requirements for the Bachelor's Degree. Students transferring without certification of general education courses must complete the required General Education courses as outlined in the catalog of the particular CSU campus. The pattern of courses which meet the CSU General Education requirements is printed on the reverse side of this document. Students must also complete at least 9 units of upper-division coursework at the campus granting the degree in order to complete general education requirements.

5. Some majors, such as business administration, computer science and engineering, may be impacted at some campuses (i.e., more applications are received than can be accommodated during the filing period). In such cases, campuses may require additional specific courses as required of "native" students. Check with a counselor and CSU Mentor for details.

NOTE: Prior to transfer, students must complete at least 30 transferable semester units (45 quarter units) of G.E. courses with a grade of "C" or better to be admitted to a CSU campus.

CSU application for admission to impacted major programs (selective majors) MUST be filed during the initial filing period.

Application Initial Filing Period:
- FALL = September 1-30
- WINTER = December 1-31
- SPRING = March 1-31
- SUMMER = June 1-30
