D. Administrative Reorganization: ATEP

E. Administrative Reorganization: College

- New Administrative Position – Discussion was held on the reorganization.

The following resolution was passed unanimously.

Whereas there is no clear and compelling evidence of exceptional or emergency circumstances requiring the immediate hire of a permanent Dean of the Business Science Division and Economic and Workforce Development; and

Whereas Title §53420 requires one year of “formal training, internship, or leadership experience reasonably related to the administrator’s administrative assignment”; and

Whereas the “administrative assignment” of an academic dean is an arena requiring education and experience within a family of academic disciplines;

Therefore, be it resolved that, in the spirit of AB1725, following the language of Title 5 §53420, the South Orange County Community College District follow its standard hiring policies and procedures under Board Policy 4011 which states:

“The hiring of highly qualified administrators and managers is essential to the Mission of the South Orange County Community College District. Therefore, the Chancellor and the College Presidents, with input through this process from administration, faculty and staff, have the responsibility to select highly qualified administrators and managers.”

This Board Policy must be followed with appropriate due diligence to secure the best possible leadership of Saddleback College and the Division of Business Science and Economic and Workforce Development.
