

SADDLEBACK COLLEGE
BUSINESS SCIENCE DIVISION
COURSE SYLLABUS
CIM 1 - COMPUTER INFORMATION SYSTEMS

Instructor: Professor Joyce Quade

Email: jquade@saddleback.edu

Office: BGS 217

Semester: Spring 2018

Ticket: 80125

Time/Day: **2/12 – 5/13 Online**

COURSE DESCRIPTION:

Examination of computer information systems and their role in business including computer hardware and software, communications and networking concepts, programming techniques, e-commerce, ethics and security, database management systems, Internet usage, and system and application software. Students apply these concepts and methods through hands-on projects to develop computer-based solutions to business problems.

STUDENT LEARNING OUTCOMES:

Students completing this course satisfactorily will be able to:

1. Define terms that are unique to the field of computers and information systems.
2. Describe the functions and uses of the hardware and software comprising a computer system.
3. Utilize program features to create, edit, format, print, save and retrieve personal and business documents.

LEARNING OBJECTIVES:

1. Describe existing and emerging technologies and their impact on organizations and society.
2. Demonstrate an understanding of the development and use of information systems in business.
3. Demonstrate the ability to solve common business problems using appropriate Information Technology applications and systems, including spreadsheet and database software, and Internet technologies.
4. Demonstrate the ability to apply Internet security concepts when using Internet technologies, including email, World Wide Web, chat, instant messaging, podcasts, video, internet search, uploading and downloading, blogs, social networking, and e-commerce.

5. Define terms that are unique to the field of computers and information systems.
6. Describe the functions and uses of the hardware and software comprising a computer system.
7. Describe computer ethics, crime, and security.
8. Demonstrate the ability to locate, evaluate, synthesize, use, and communicate information in its various formats.
9. Compile a portfolio of computer-based, problem-solving, business related computer projects.

STUDENT RESOURCES:

REQUIRED Custom Textbook Bundle:

- *Technology in Action, Evans, Martin, Poatsy, 2016, Pearson Education*
- *GO! With Microsoft Office 2016, Gaskin, Vargas, Graviett, Geoghan*
- *MyITLab Access Card*

ISBN: 9781323579145

Printed textbook bundle available at the Saddleback Bookstore (approx. \$130). Etext and access code can be purchased directly from publisher through MyITLab after the course is opened in Blackboard.

Note: If you choose to purchase the required course materials from any other source, please be aware of the risk of purchasing the incorrect textbook and/or access code for lab materials. Neither the publisher nor your instructor will be able to issue replacement materials.

Each student must have their own MyITLab account. MyITLab offers a free 14-day temporary account, but you must obtain your own MyITLab license prior to the end of the trial period.

You will need access to a computer with a reliable Internet connection, Microsoft Office 2016 (Excel 2016 and Access 2016), and Windows operating system. Mac computers are not recommended. Grader projects must be completed on a Windows-based PC.

1 GB or larger flash drive to store your completed grader project files. Grader project files should be saved until end of course.

Computers and Office 2016 are available for student use in BGS 234 and LRC 212.

BGS 234 IMC Computer Lab Hours:

Please phone 582-4773 for current hours.

LRC 212 (Library) Tutoring Center Hours

Please phone 582-4605 for current hours.

Professor Argila will be in the Tutoring Center from 8 a.m. to 2 p.m. on Fridays to assist CIM 1 students.

CLASS WEBSITE:

Access Blackboard through the Saddleback College website:

<http://www.saddleback.edu> and click on “Blackboard” on top right of page.

Log on with same username and password as MySite email.

If you can't log on, contact the Blackboard Help Desk at 949-582-4363 or email scstudenthelp@saddleback.edu.

For Blackboard technical assistance after hours, phone 866-940-8991 toll free.

Blackboard Help Desk links available on home page of Blackboard.

STUDENT LEARNING AND TECHNICAL SUPPORT:

POLICIES AND PROCEDURES:

1. Log into Blackboard several times per week to read Announcements and updates. Check MySite (Saddleback College email) daily. Please do not forward your campus email to a personal email account. Use your Saddleback College email address when communicating with your professor. Include the course name and ticket number in the subject line of the email. Emails that do not follow this format and email etiquette will be rejected.
2. Regular online attendance is expected. Students must be engaged in learning during the entire course. Students who miss assignments and who do not log into Blackboard on a weekly basis may be dropped for non-participation.
3. **You must complete and submit assignments/exams by the scheduled due date listed in the syllabus.** Assignments can be submitted prior to the due date, but **will not be available in MyITLab after the due date. No extensions on due dates.**

IMPORTANT DATES:

No Penalty Drop Date:	February 27
Pass/No Pass:	March 8
Spring Break:	March 17 - 25
Drop with a "W":	April 13
Class Ends:	May 13

CLASSES ARE NOT IN SESSION:

February 16 – 19
March 18 – 25

WITHDRAWAL:

It is the student's responsibility to withdraw from the class by the appropriate dates.

EVALUATION:

LATE ASSIGNMENTS WILL NOT BE ACCEPTED. Please adhere to DUE DATES assigned to all classwork. **Assignments in MyITLab will not be accepted after due date.**

Discussion Boards

Introduction Discussion Board - Students must post a message in the Discussion Board in Blackboard within the first week of class to prevent from being dropped from course. (5 points)

Raise Your Hand Discussion Board – Discussion Board is available in Blackboard for students to post questions/comments related to that week’s lab topic, readings or assignments.

Quizzes

Technology in Action textbook: Chapter 1 – 13 end-of-chapter quizzes will be completed in MyITLab online. Quizzes have multiple attempts and can be retaken and resubmitted.

Information Competency Paper (25 points)

CIM 1 fulfills the Saddleback College requirement for information competency. The paper you will submit for this will require you to define, research, evaluate and make recommendations on an issue as it relates to computer technology. Please submit a one page, double-spaced original paper on one of the following topics: ethics, cloud computing, or mobile devices. Due date for paper to be submitted to Blackboard is 11:59 p.m. on May 13 **(last day of class)**.

Information competency papers submitted to Blackboard must be original works and written in your own words. If you use any information from another source, credit must be given to the author.

Lab:

(3) Excel and (3) Access Assignments in MyITLab. You will access MyITLab through a link in Blackboard. Click on “Tools—MyITlab” in Blackboard menu to go to MyITLab. Two simulation trainings (Project A & B) and a grader project will be completed in MyITLab for each chapter. (100 points possible for each grader project). Grader projects can be submitted a total of three times.

Grader Projects: Completed in MyITLab at end of each Excel and Access chapter. Each student must download the starter file and complete the project with Excel 2016 or Access 2016. Assignments in MyITLab have multiple attempts prior to the due date and the highest grade will be recorded in the Gradebook. The completed file that is submitted must match the starter file or the submission will be flagged as a Potential Integrity Violation. All parties involved in this violation will receive a zero for the project.

Final Grade

A = 90%, B = 80%, C = 70%, D = 60% of total points for MyITlab assignments, Discussion Board Introduction, and Information Competency paper.

Pass/No Pass – Students enrolled in this course for Pass/No Pass must receive 70% or more of the total possible points to receive credit.

Accommodations for Students with Disabilities: This course meets the requirements set forth in the accessibility checklist and universal design grid provided by Special Services. The Web pages, video presentations, textbooks and class materials used in this course are accessible to students with disabilities. If you have a documented disability and require accommodations, please contact the Special Services office located in SSC 113 for additional information. All information will remain confidential.

Phone: 949-582-4885

Academic Dishonesty:

Students enrolled in this course are expected to maintain the highest standards of academic integrity and honesty. All assignments submitted should be exclusive and original work of each student. Your submitted assignments must be your work ONLY! Copying, plagiarism, or other forms of cheating on exams, quizzes, or homework will subject a student to failure on the assignment and sanctions stipulated by school disciplinary proceedings. Copying or submitting another student's file is considered cheating and is not acceptable. Any student who violates this rule will be given a failing grade for the assignments and all parties involved will receive a grade of zero.

Please review your Saddleback College Student Handbook

<http://www.saddleback.edu/media/pdf/handbook.pdf>

The Family Rights and Privacy Act of 1974 restricts the release of certain student information such as grades. Please do not phone for grade information.
