

## INTRODUCTION

---

Welcome to the Saddleback College CATEMA Training Manual!

We appreciate all your hard work and dedication to your students. The goal of the CATEMA system is to ease the process for students to earn early college credit in their articulated high school class. Without your support and work, none of this could happen.

This training manual is designed to support you each step of the way and provide the content expert support by your side. It is designed to support you as a facilitator throughout the process with your students. The manual will include background information, CATEMA training content, handout documents, a checklist to support you and a step by step Saddleback Application and CATEMA guides for both the teacher and student.
