The Priority Registration Nomination List Has Gone to Admissions & Records!

Are you on it?

Check your registration date NOW.

It should be Tuesday, April 7 probably in the late afternoon or evening.

If your registration date is later than that, and you think you qualify for priority registration, contact the Honors Program Office immediately. There are limits on when we can make corrections.

Priority registration is available to Certificate-Track Honors Program students in good standing who also meet State of California Education Code criteria for registration priority.

Honors Program Good Standing:

- 3.25 GPA in UC-transferable courses
- Good progress toward Honors Program completion
- and the other usual suspects, but difficulties with these two are what usually cause Honors Probation.

State of California requirements:

- Must be in good academic standing for the past two consecutive enrolled terms,
• With under 100 degree-applicable units completed,
• Fully matriculated including an academic plan (MAP),
• With qualifying ed goal:
  a. obtain associate degree and transfer
  b. transfer w/o associate degree
  c. obtain associate degree w/o transfer
  d. obtain voc degree w/o transfer
  e. discover career interests/plans
  f. prepare for new career
  g. advance in current job
  h. improve basic skills
  i. undecided
  j. move from non-credit to credit coursework

Note: Some Honors Program students will have registration appointments before this, but that means they fall into another category, (i.e., DSPS, Military, EOPS, and a few others) with a higher priority.

Freshman Alert!
You must declare a major by the time you complete 15 units or by your third semester, whichever comes first.
Your registration status -- including Honors priority registration -- will be lost if this isn't done.

What time your appointment occurs on April 7th depends upon the number of units you have completed. More units = earlier.

New Honors Agreement Signed March 13th!
