Can I drop a class without a W or get a refund considering the current situation?

Understandably, some students may choose to drop a class. Doing so, if past the “Drop without a W Deadline,” will result in a “W” grade and no refund of enrollment fees.

Depending on the reason for the drop, an Excused Withdrawal (EW) may be granted. Submit a [Petition for an Excused Withdrawal](#) to the Admissions Office and explain the reason for the drop.

An EW is an honorable withdrawal and does not impact your GPA and does not count against you for progress or academic probation. There may be an impact on financial aid; however, the Financial Aid Office is prepared to assist you.

Unfortunately, Saddleback College lacks the authority at this time from the state of California to drop students from classes without a W (Withdrawal) notation or to issue a refund if the refund deadline has passed. We will update this question/answer if, and once the state provides us this authority.

Will I get my money back for classes that don’t allow me to learn as easily online? If my grade suffers?
