Saddleback College Holds Criminal Justice/Substance Abuse Career Fair

Mission Viejo, CA – Saddleback College will hold its 20th Annual Red Ribbon Criminal Justice/Substance Abuse Career Fair on Wednesday, October 27th from 11:00 a.m. to 1:30 p.m. in the campus quad. Approximately 50 agencies representing law enforcement, corrections, substance abuse treatment and prevention, and mental health will provide information and resources as well as career opportunities for students. The event is co-sponsored by the Saddleback College Health Sciences and Human Services Department and the Associated Student Government.

Dr. Tod A. Burnett, President of Saddleback College, stated, “The Red Ribbon Celebration demonstrates Saddleback College’s commitment to drug prevention on our campus and in the south Orange County community. Thank you to our health sciences and human services department and Associated Student Government for hosting this outstanding event for our students.”

Donna Rane-Szostak, Ed.D., RN, CNE, Dean of the Division of Health Sciences and Human Services, stated, “The Saddleback College human services department staff and the Associated Student Government work hard to ensure that the Red Ribbon event is beneficial to those students who are looking to the agencies for career advice as well as those students who will attend for substance abuse recovery resources. It is an important event and one that we are all very proud to organize.”

Department Chair of Human Services, Kim Branch-Stewart, stated, “This event helps students find resources and information about career opportunities in the field of human services. Additionally, it supports a drug-free environment and focuses on the expansion and support of drug and alcohol treatment interventions and other community-based supportive services.”

The first statewide red ribbon campaign began in 1968 when Drug Enforcement Agency Agent Enrique Camareno was killed by drug traffickers. A red ribbon became the symbol of the ongoing emphasis on drug prevention and the programs that embrace the idea.
