Saddleback College Child Development Center
Now Enrolling For Toddler and Preschool Programs

Mission Viejo, CA – Saddleback College’s Child Development Center is now enrolling kids from age 18 months to 6 years in its toddler and preschool programs. The Child Development Center is located on the Saddleback College campus and is open to children of students and community members. Enrollment information including fees can be found at the center’s website at www.saddleback.edu/cdc or by calling (949) 582-4582.

The Center’s toddler program provides one-on-one and small group interactions in a safe environment with a multitude of opportunities to learn through exploration and play. The small group sizes compliment the Center’s relationship-based program, in which the children develop close bonds with their caregivers providing a sense of security and self-esteem. The toddler program is offered for 2 ½ to 5 year-olds and has been held at the Child Development Center for more than three decades.

Saddleback College’s Child Development Center offers a truly unique setting for young children. A newly renovated and eco-friendly natural playscape offers tricycle trails, water play areas, musical instruments, climbing boulders, tunnels, play equipment, garden spaces, a stage, and other materials that encourage children to explore and play. The large inside space is divided into age-appropriate classrooms, and an on-site kitchen allows the staff and children to prepare at least two snacks each day, which include home-made and nutritious options such as fruit smoothies. To foster compassion and appreciation of all living things, the Child Development Center has many animals on its grounds, including a goat, rabbits, guinea pigs, and a variety of fish.

The teachers at the Saddleback College Child Development Center are all educated in early child development and are fully licensed in CPR and first aid. Many of the teachers have worked in the center for more than 15 years, providing a loving and stable environment with very little teacher turnover.
