Talent Show to Benefit Young Son of Saddleback College Employee

Mission Viejo, CA – Saddleback College’s Office of Student Development is organizing a talent show, with all proceeds going to the family of the Director of Student Development Audra DiPadova whose four-year-old Max is battling brain cancer. The Super Max Benefit Talent Showcase will be on Wednesday, December 7th at 6:00 p.m. in the Student Lounge (SSC 212). Tickets are $5.00 and can be bought in advance in SSC 210 or at the door.

Dr. Tod A. Burnett, President of Saddleback College, stated, “I am so proud of the many students and employees who have organized this event to benefit one of our own. We have all been touched by Max’s fight and I encourage everyone in the community to come support this great kid and his family. Thank you to everyone who had a part in making this event possible.”

Joseph Hassine, President of the Associated Student Government, said, “The Super Max Benefit Talent Showcase is the college’s way of showing appreciation for the incredible impact that Audra has had on this campus, its students, and its employees. This event will bring together a group of talented students to raise funds for Max and his family.”

The talent will feature student and community performers, including dancers, singers, stand-up comedians and more. In addition to the talent show, there will be opportunity drawings, a jewelry sale, and food available for a suggested donation.

In addition to the Office of Student Development, the event is supported by the Department of Kinesiology and Physical Education, Department of Fine Arts, Associated Student Government Events Cabinet, the Improv Club, the Appreciation for Pilipino American Culture Club, and the Communication Arts Multimedia Club.

Located in Mission Viejo, Saddleback College provides quality higher education and training to the greater south Orange County community. Having served more than 500,000 students since 1968, Saddleback College offers more than 300 degree and certificate programs to help students reach their personal, career, and educational goals.
